

Densities of marker expressions for cluster : 1 (4 047 cells)

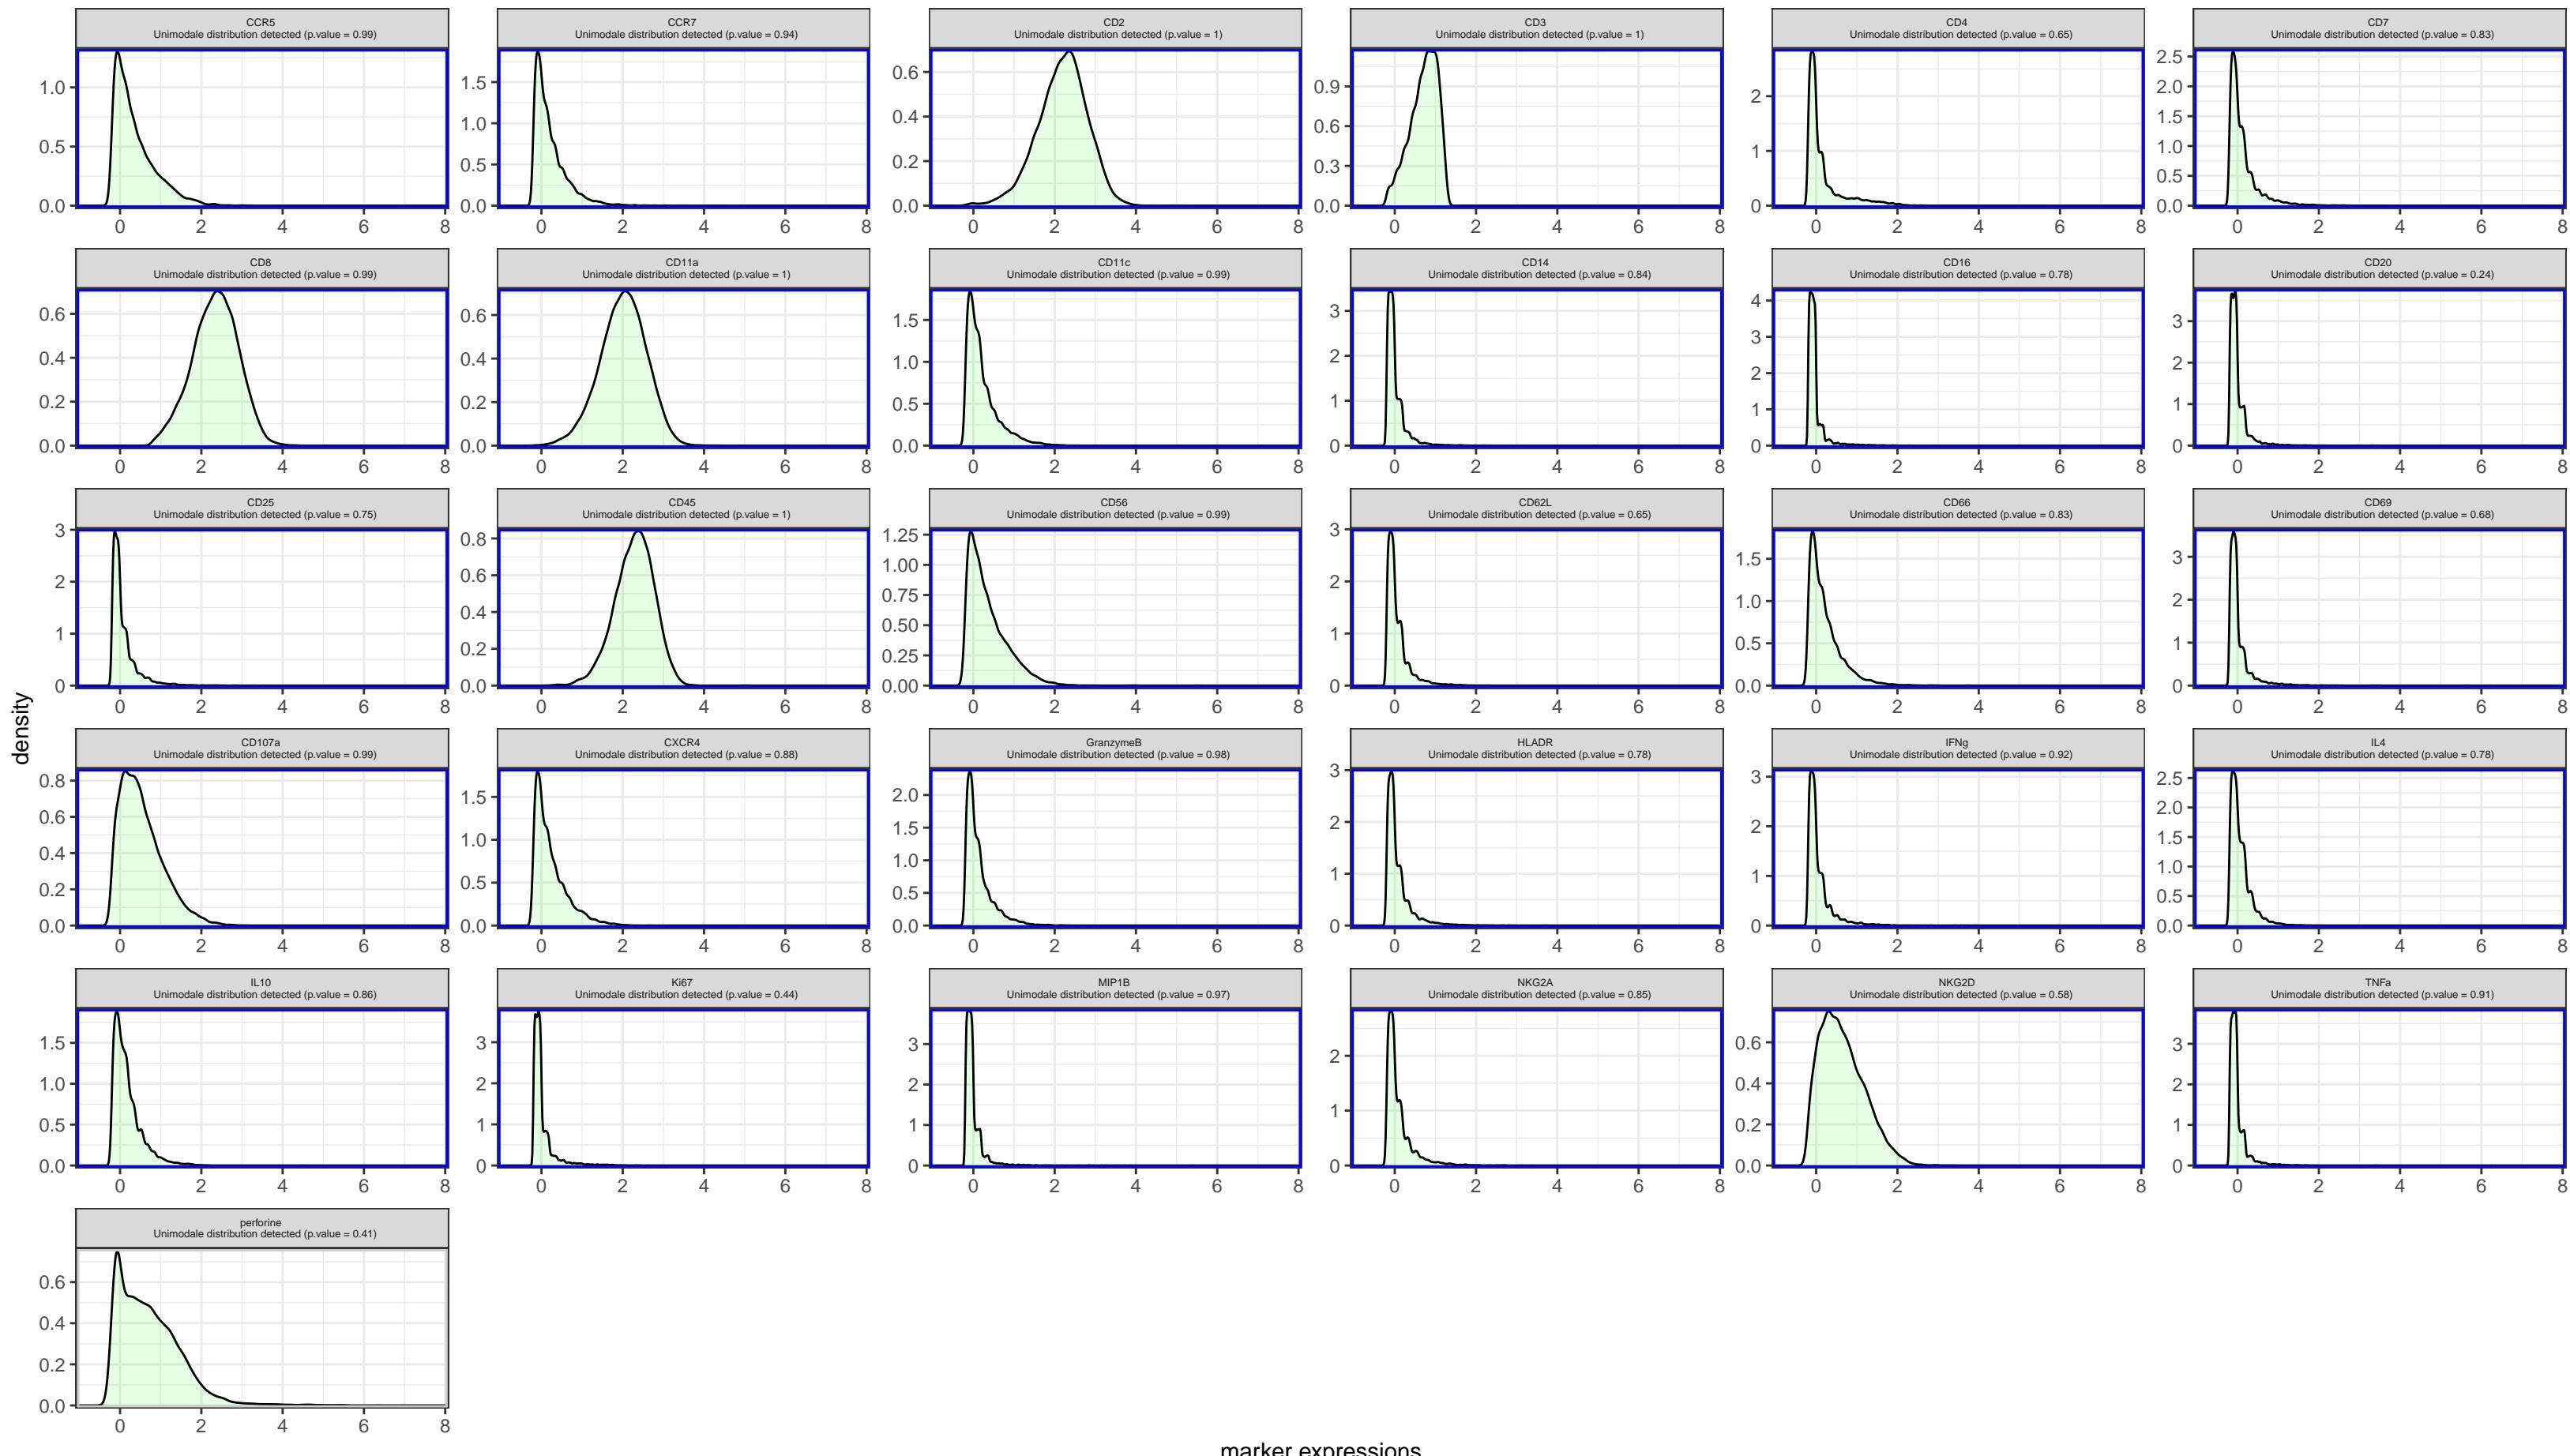

marker expressions

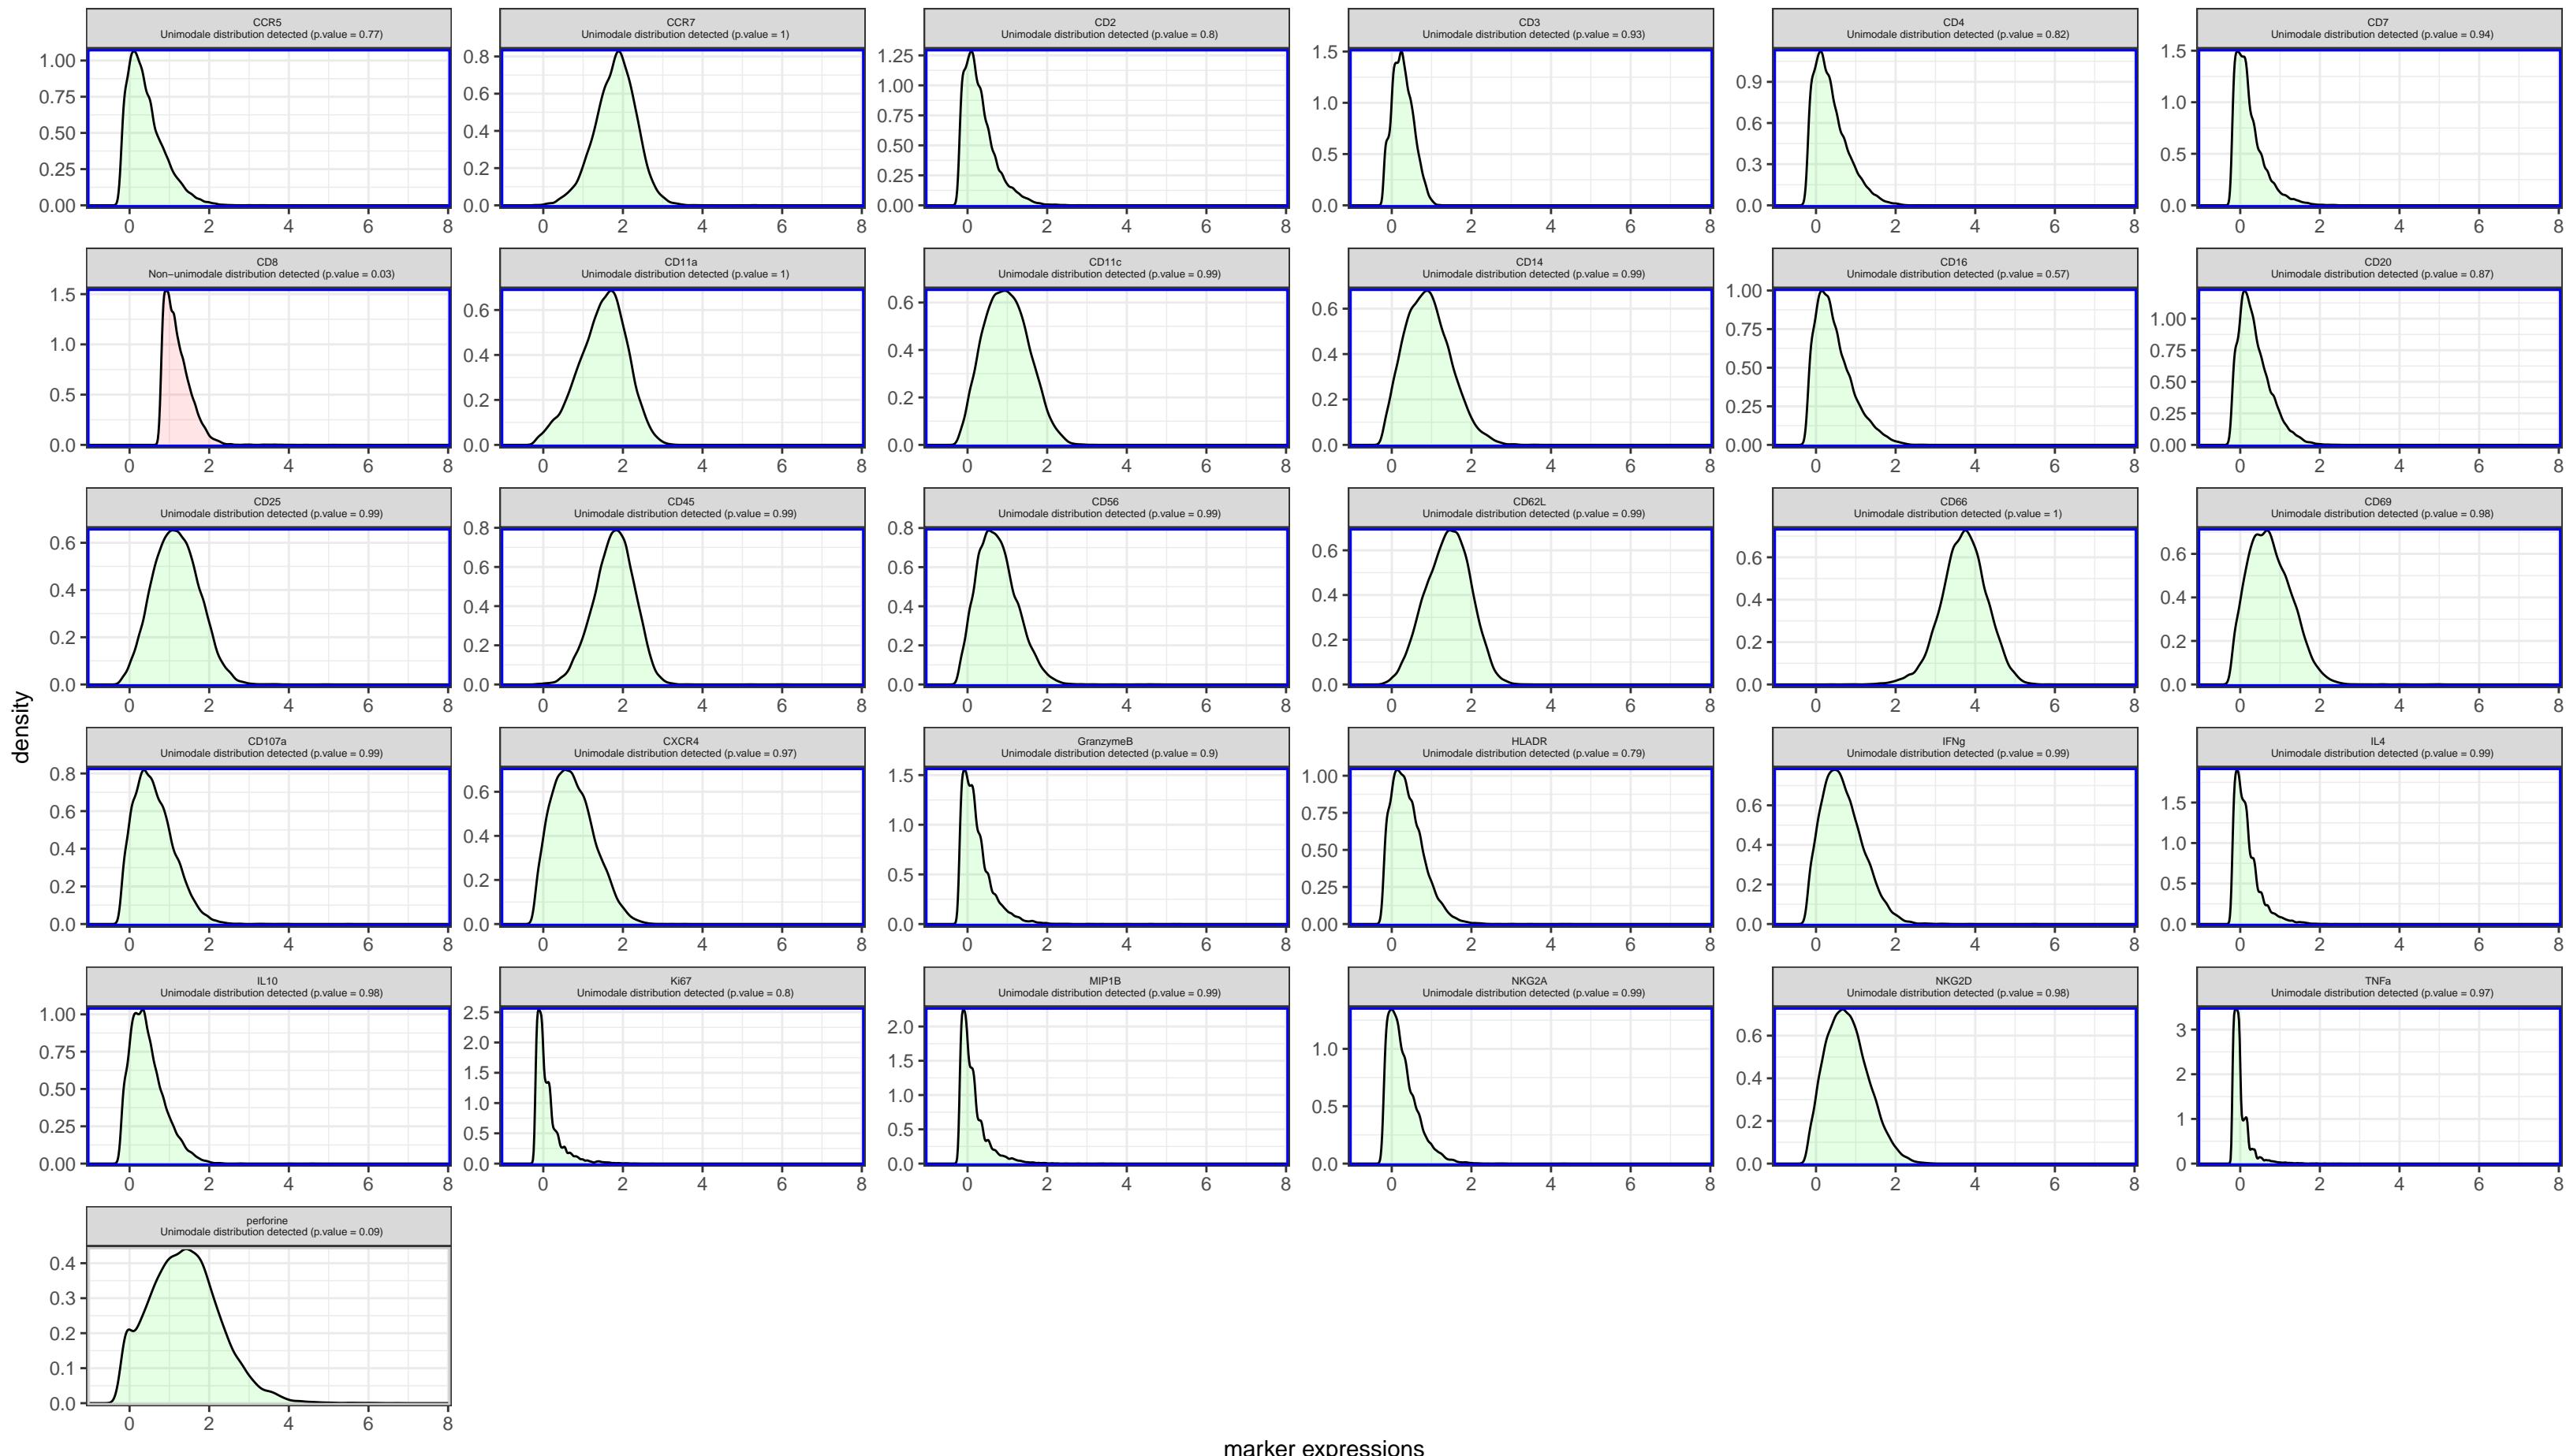

Densities of marker expressions for cluster : 2 (2 624 cells)

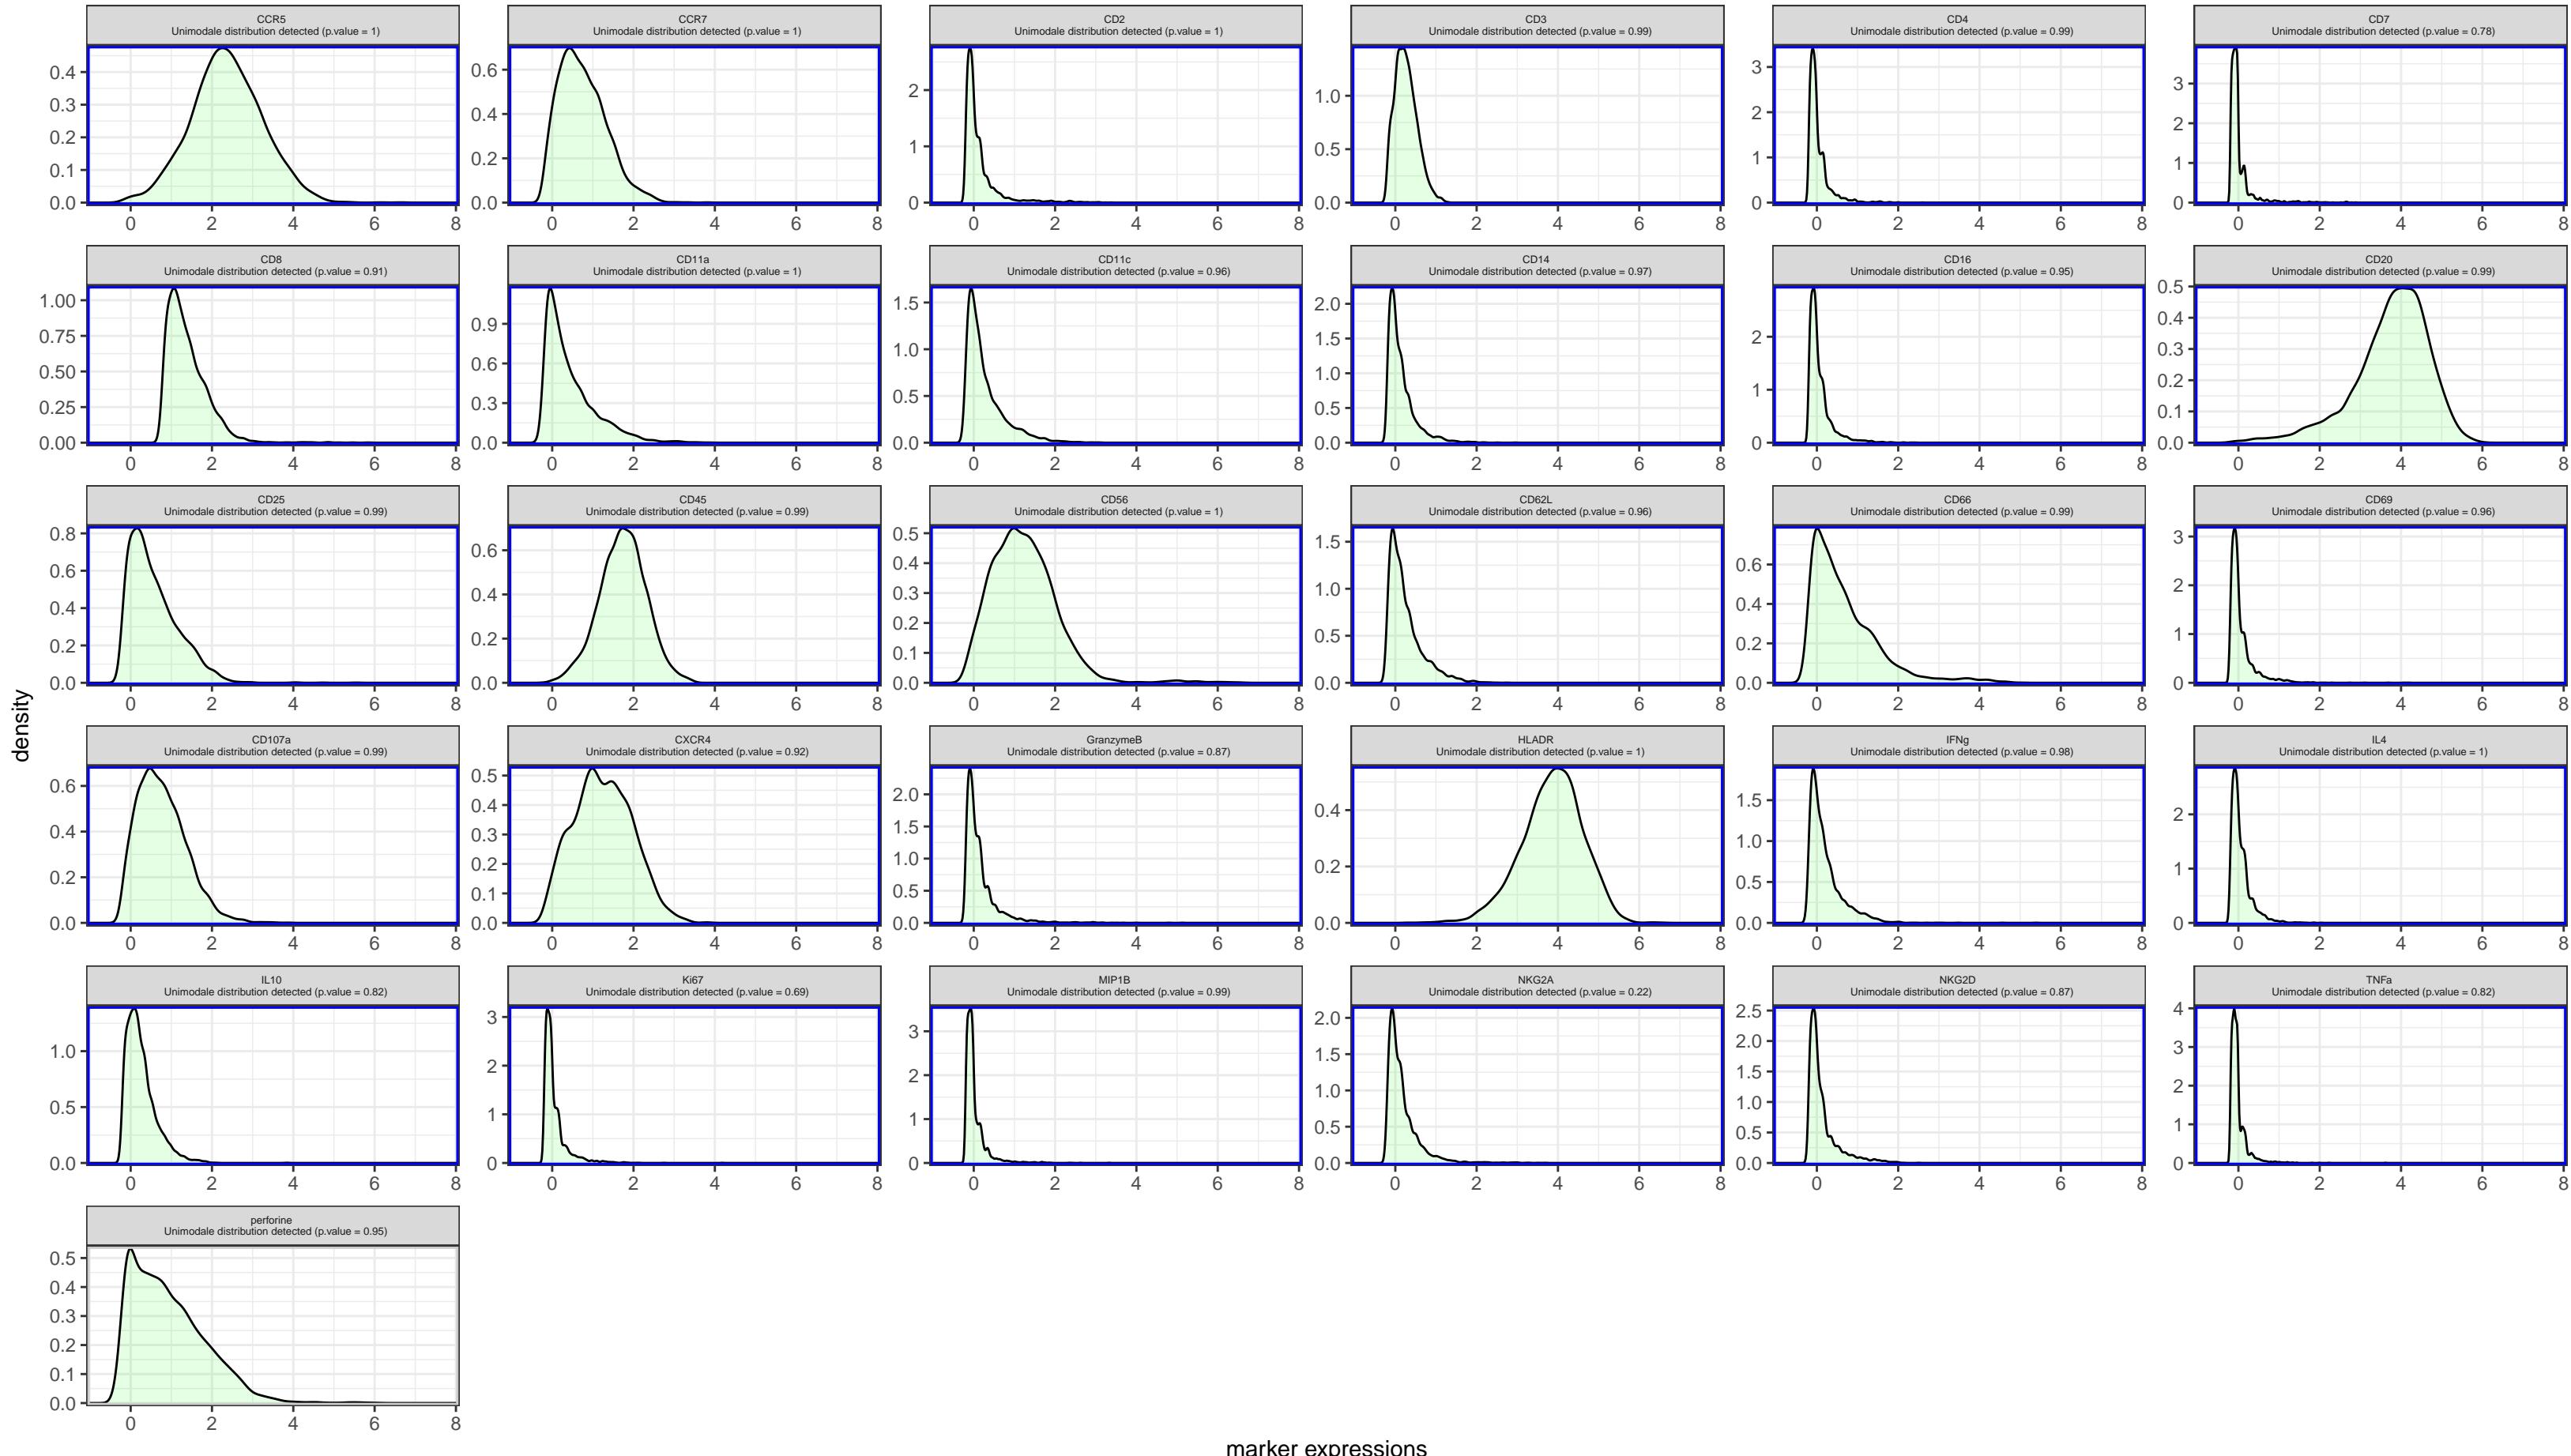

Densities of marker expressions for cluster : 3 (12 449 cells)

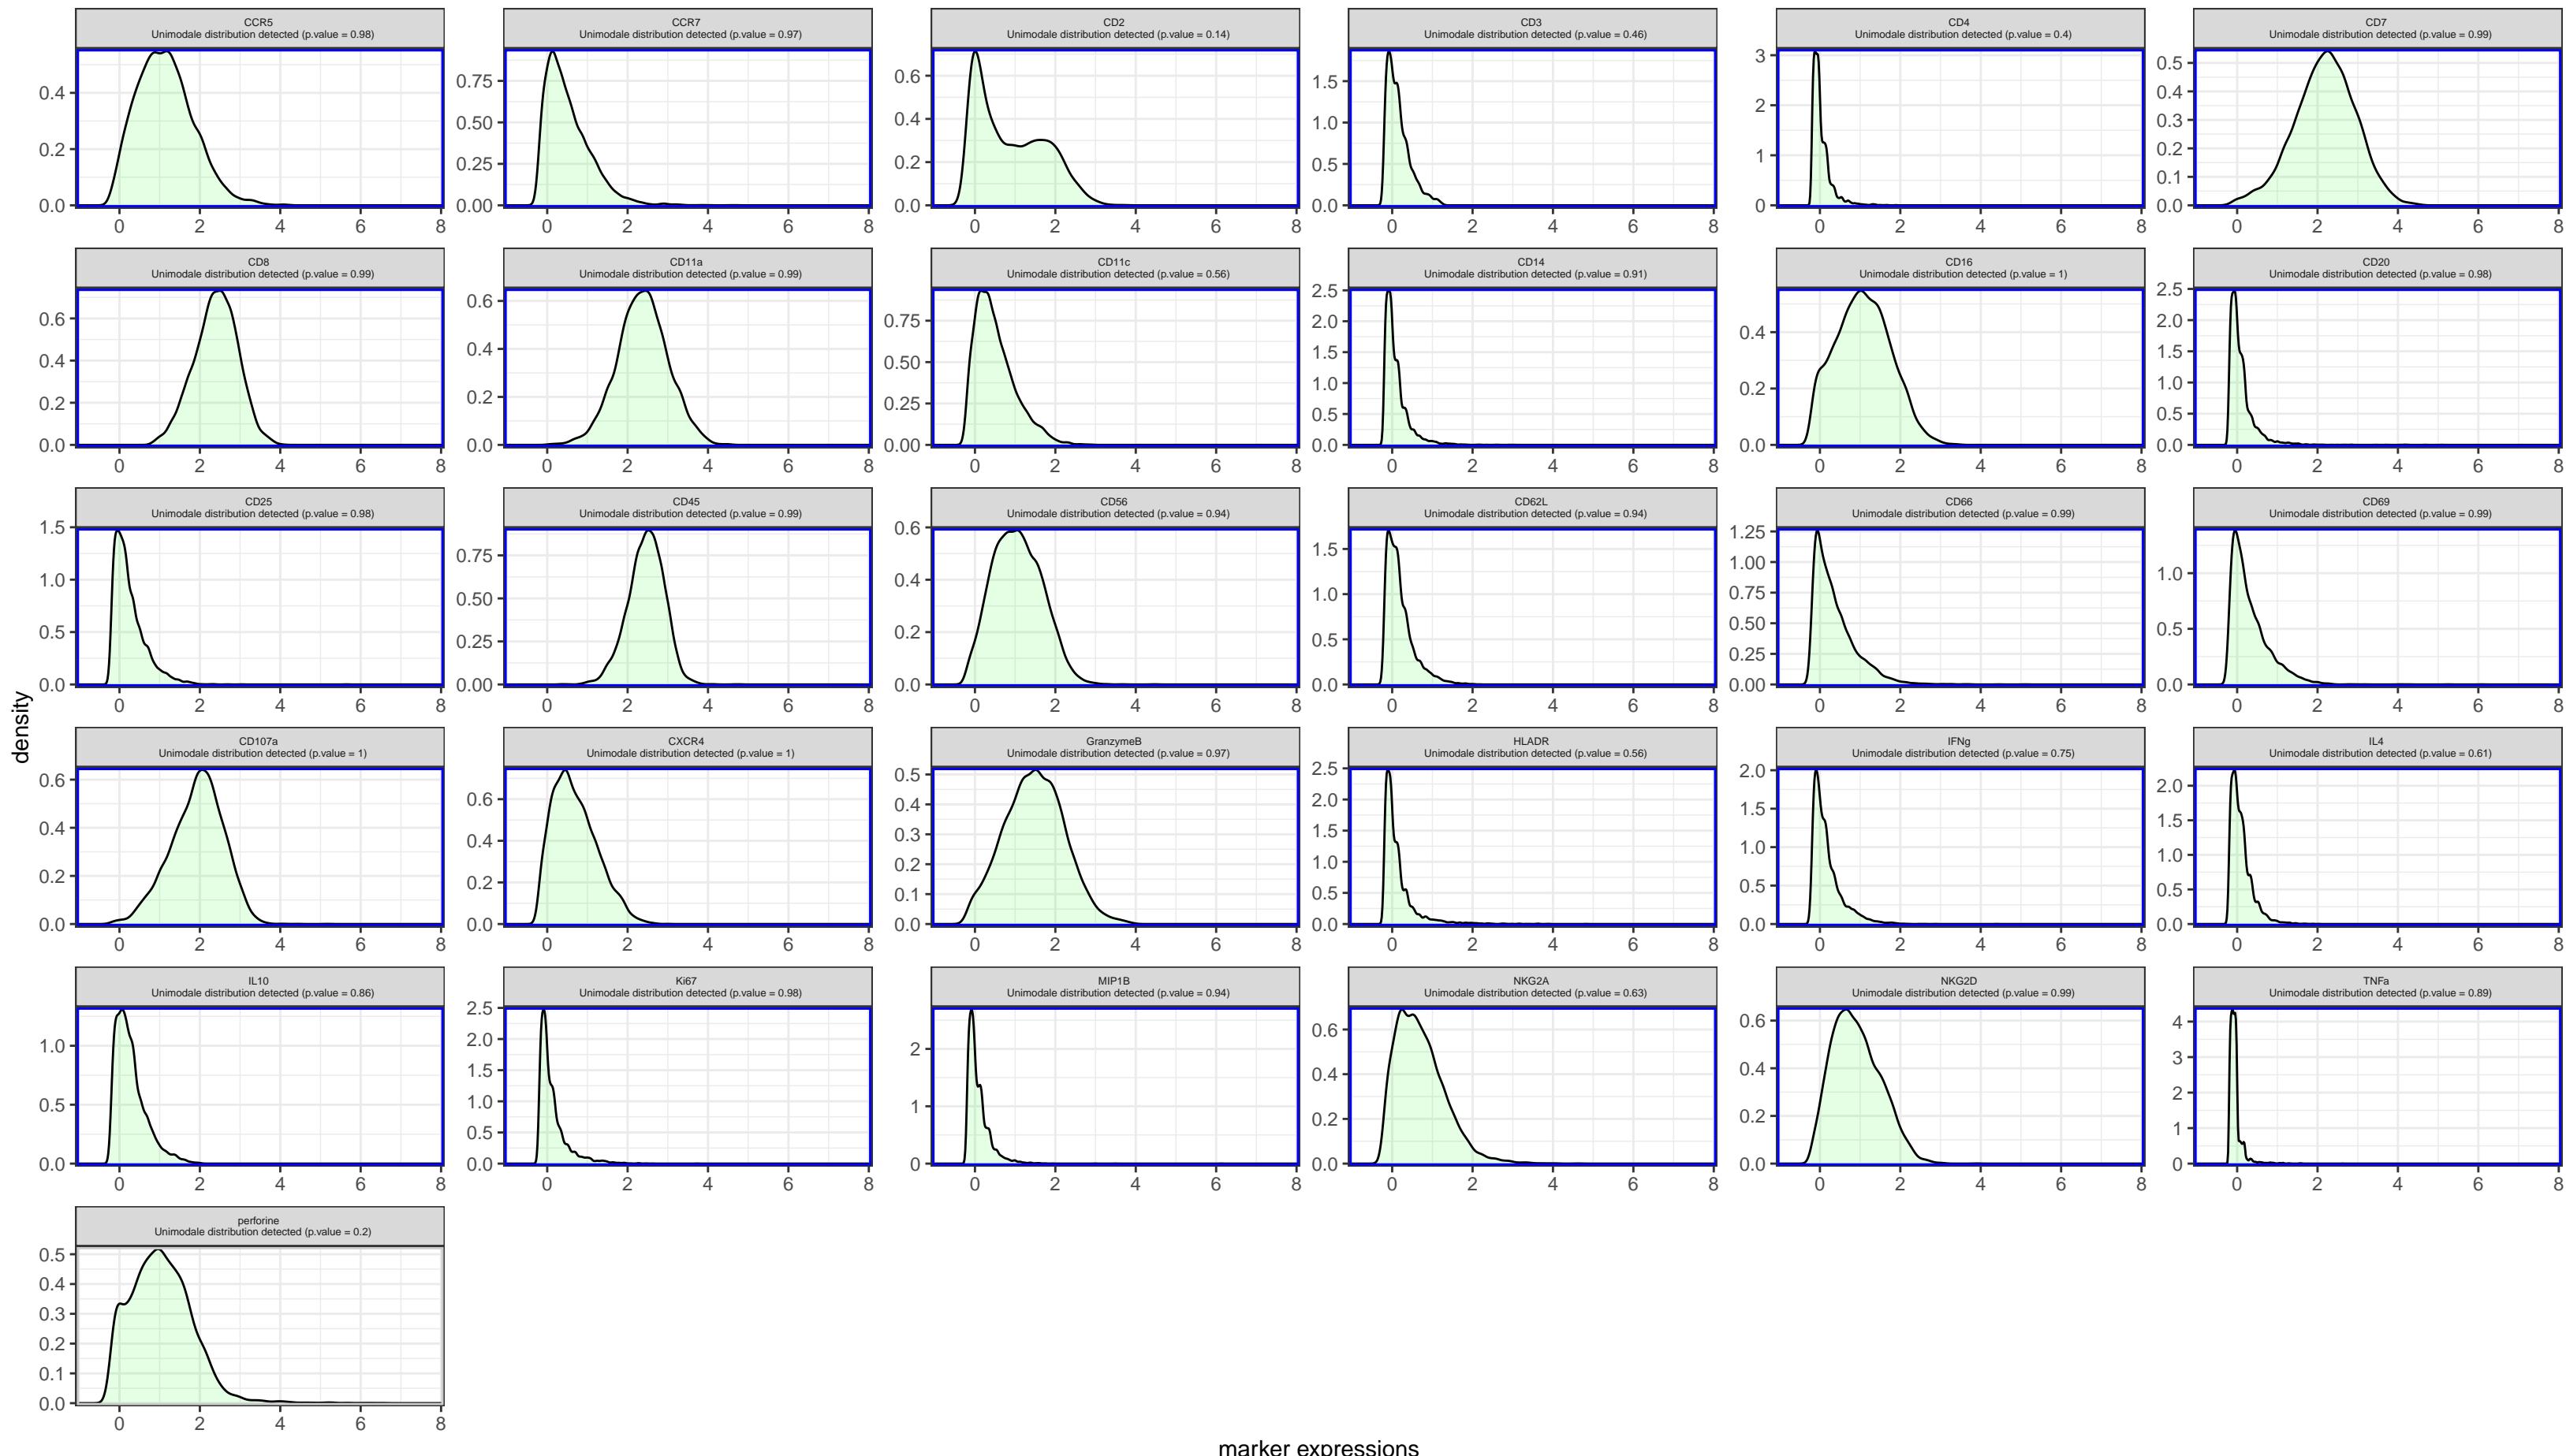

Densities of marker expressions for cluster : 4 (13 784 cells)

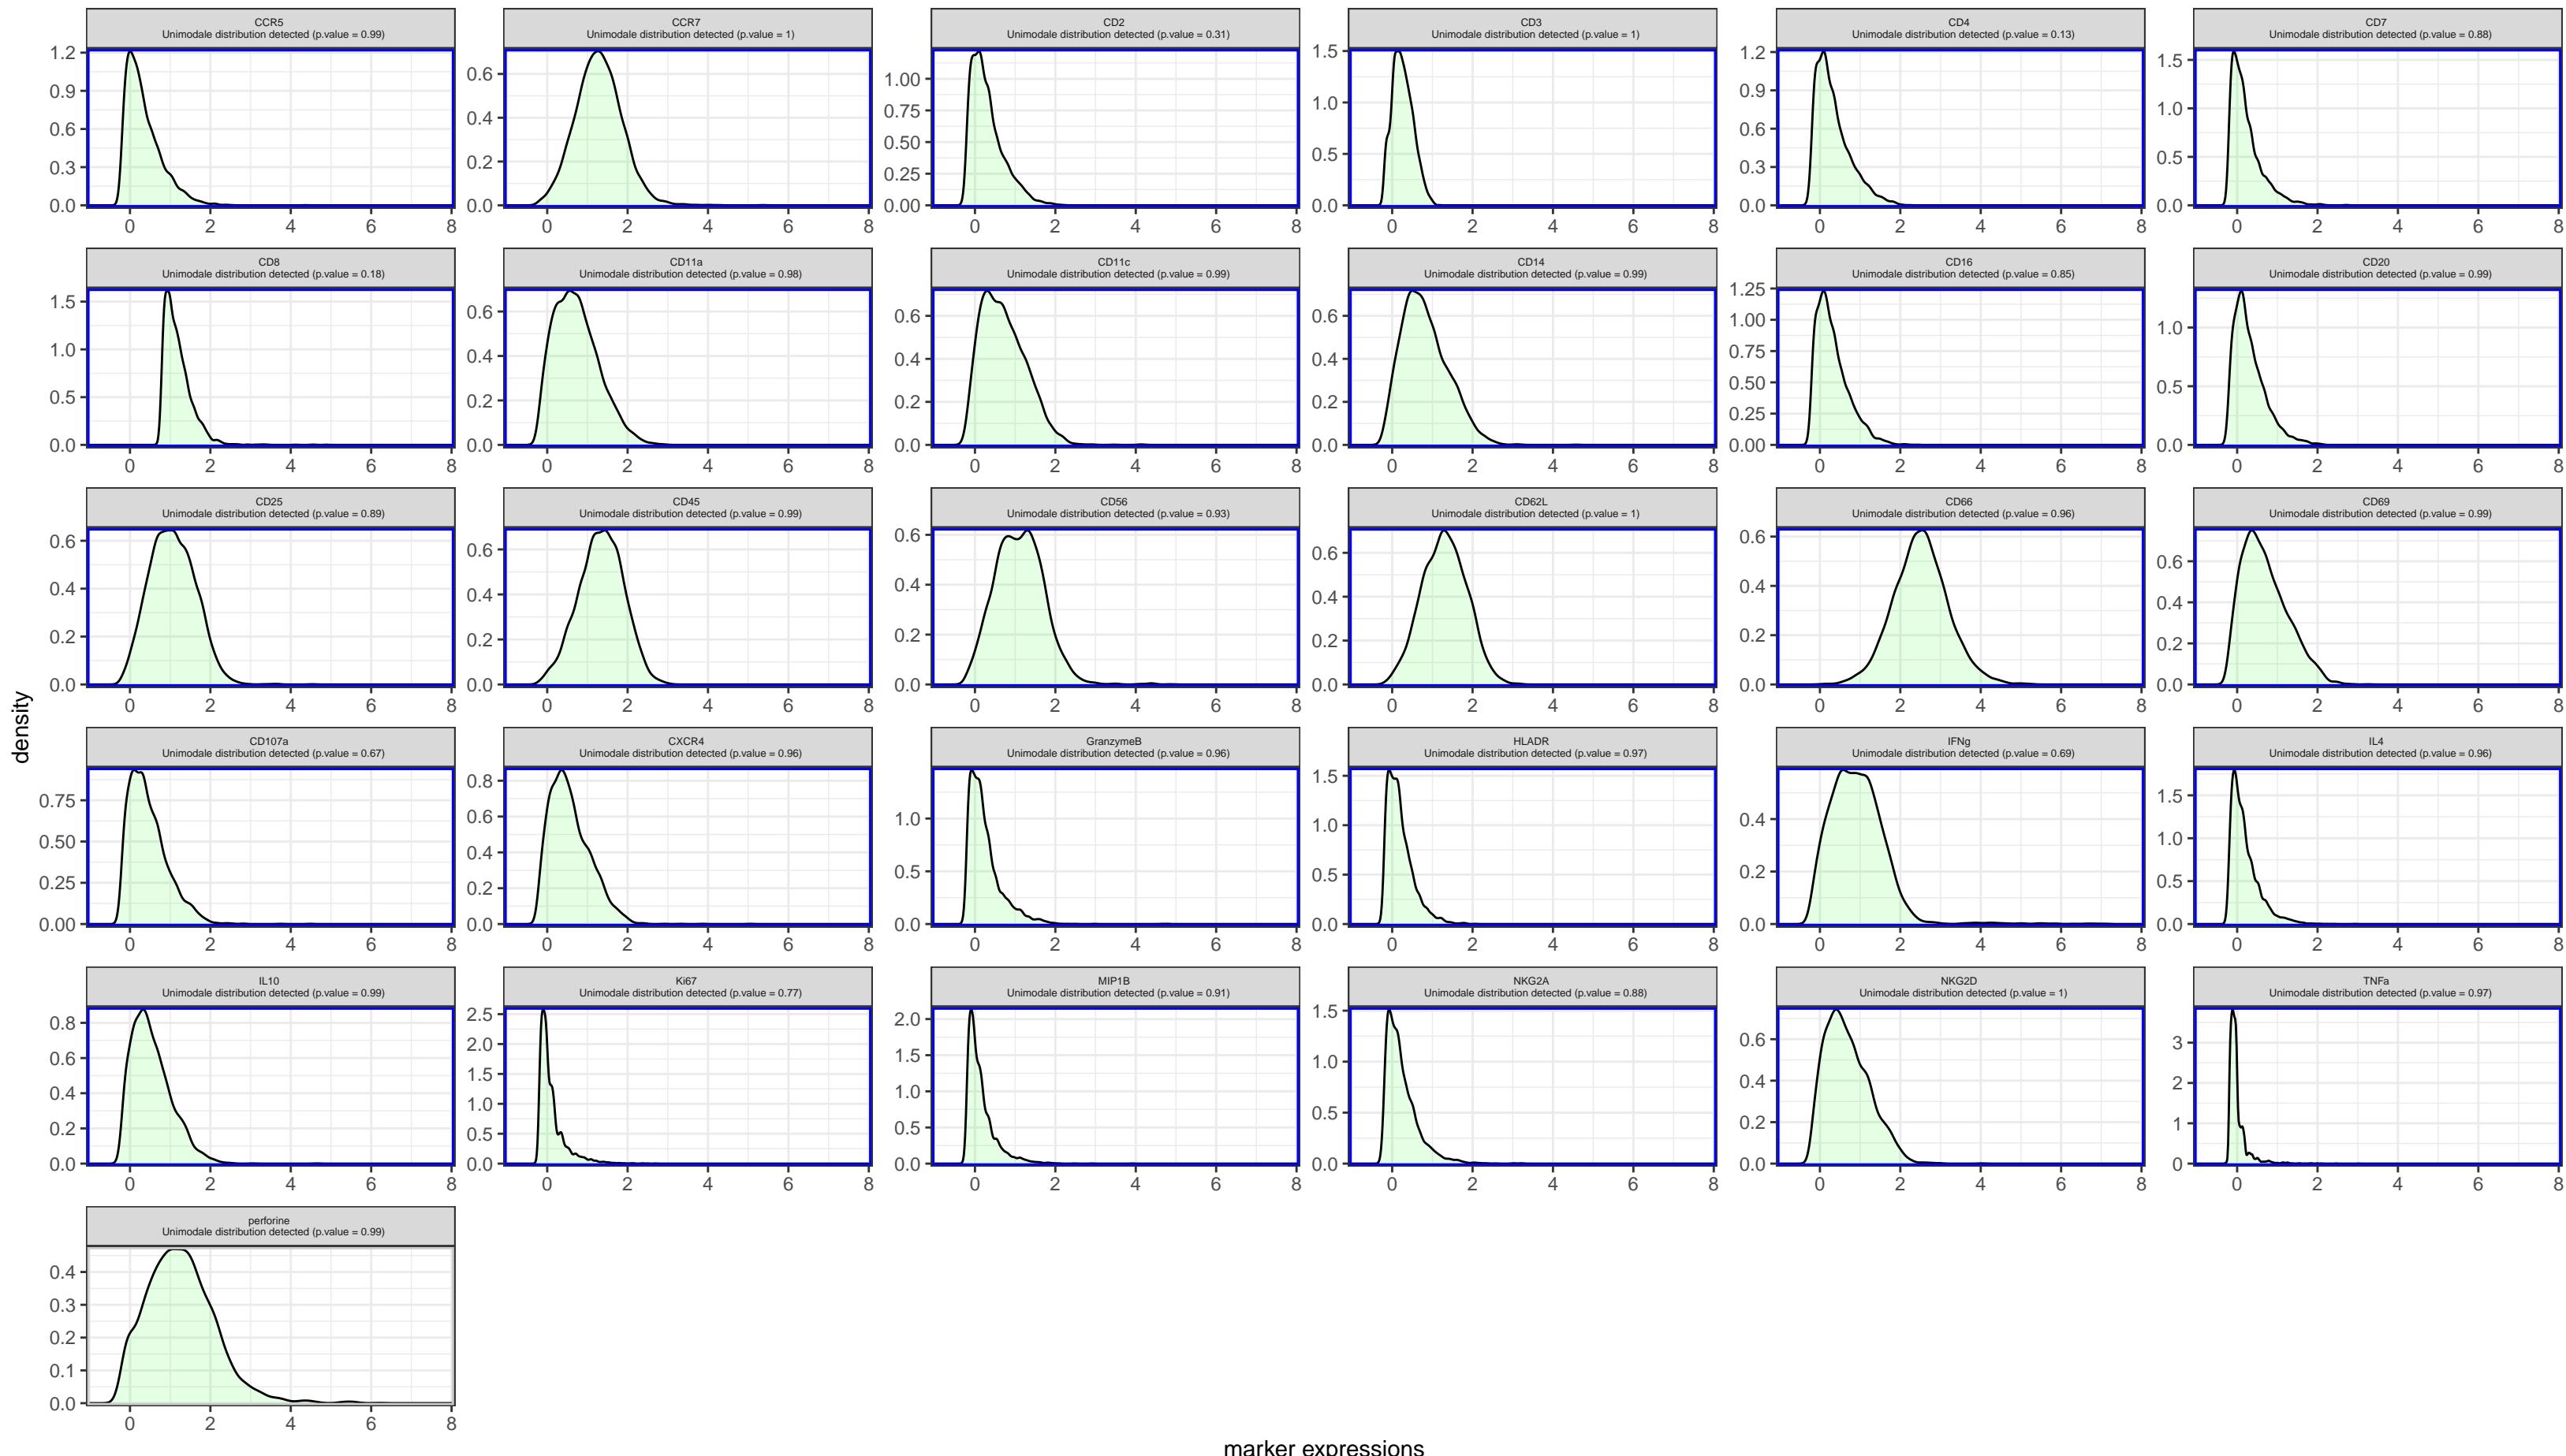

Densities of marker expressions for cluster : 5 (3 761 cells)

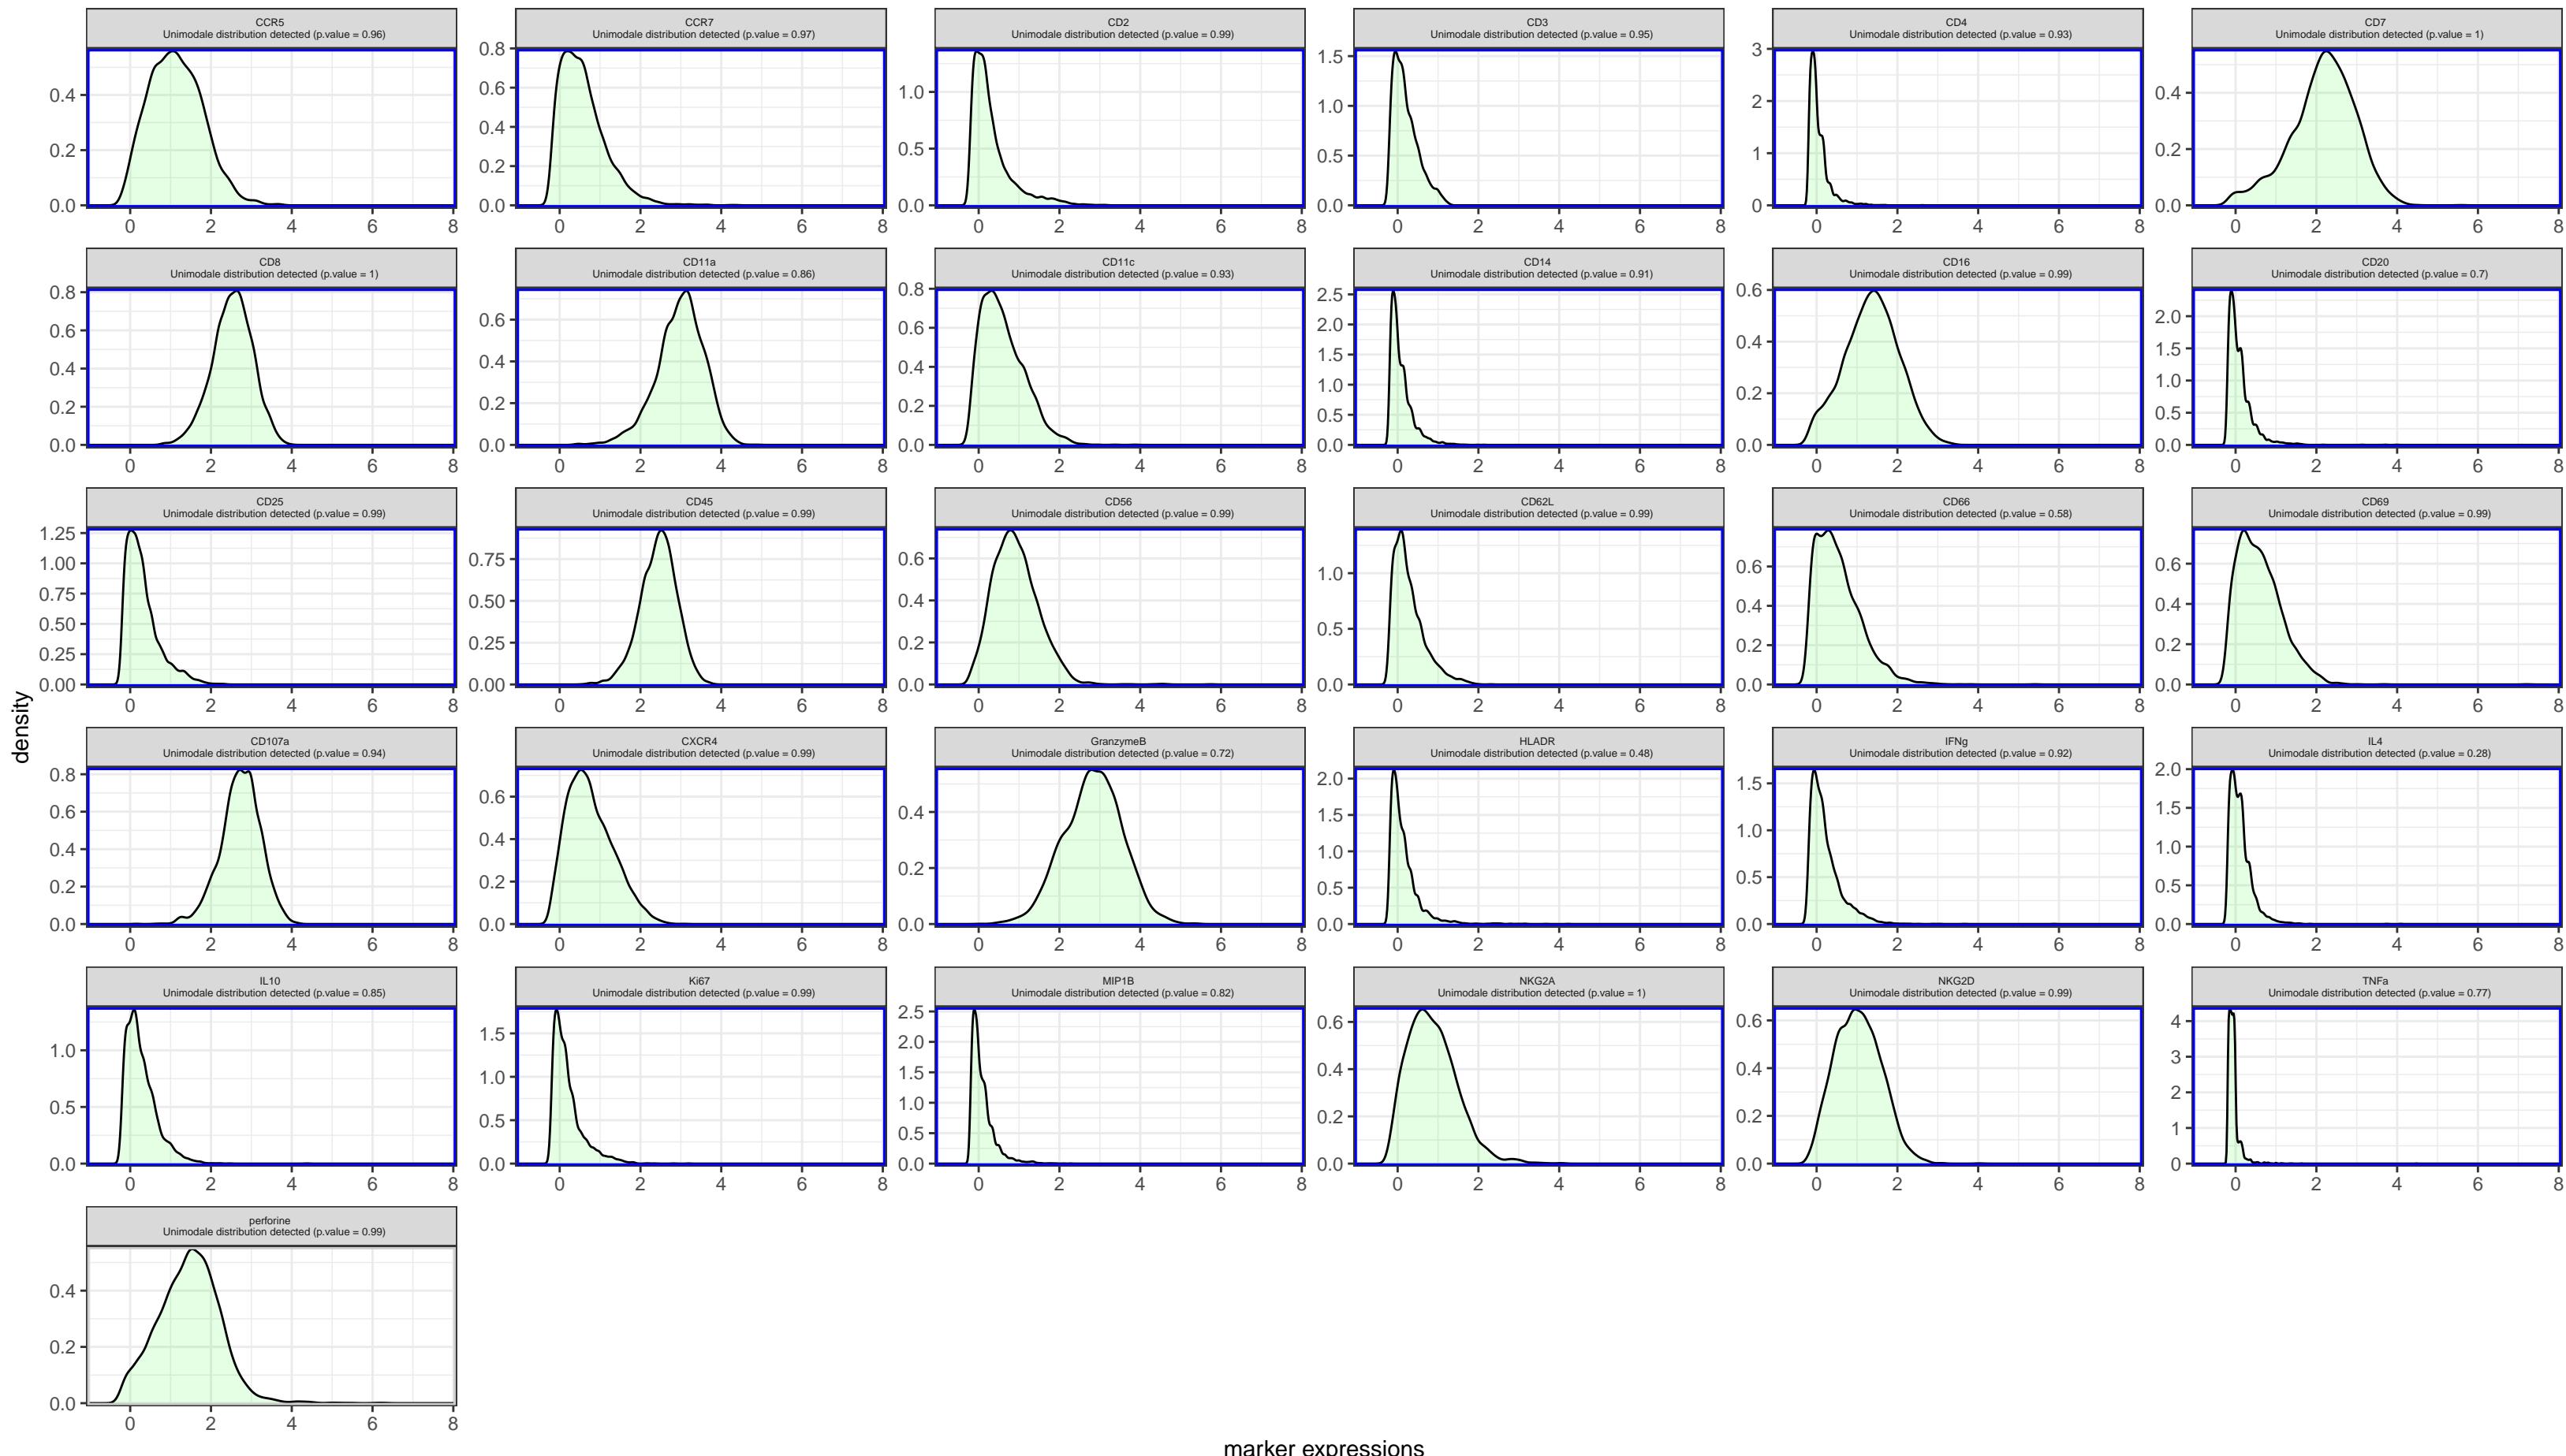

Densities of marker expressions for cluster : 6 (6 477 cells)

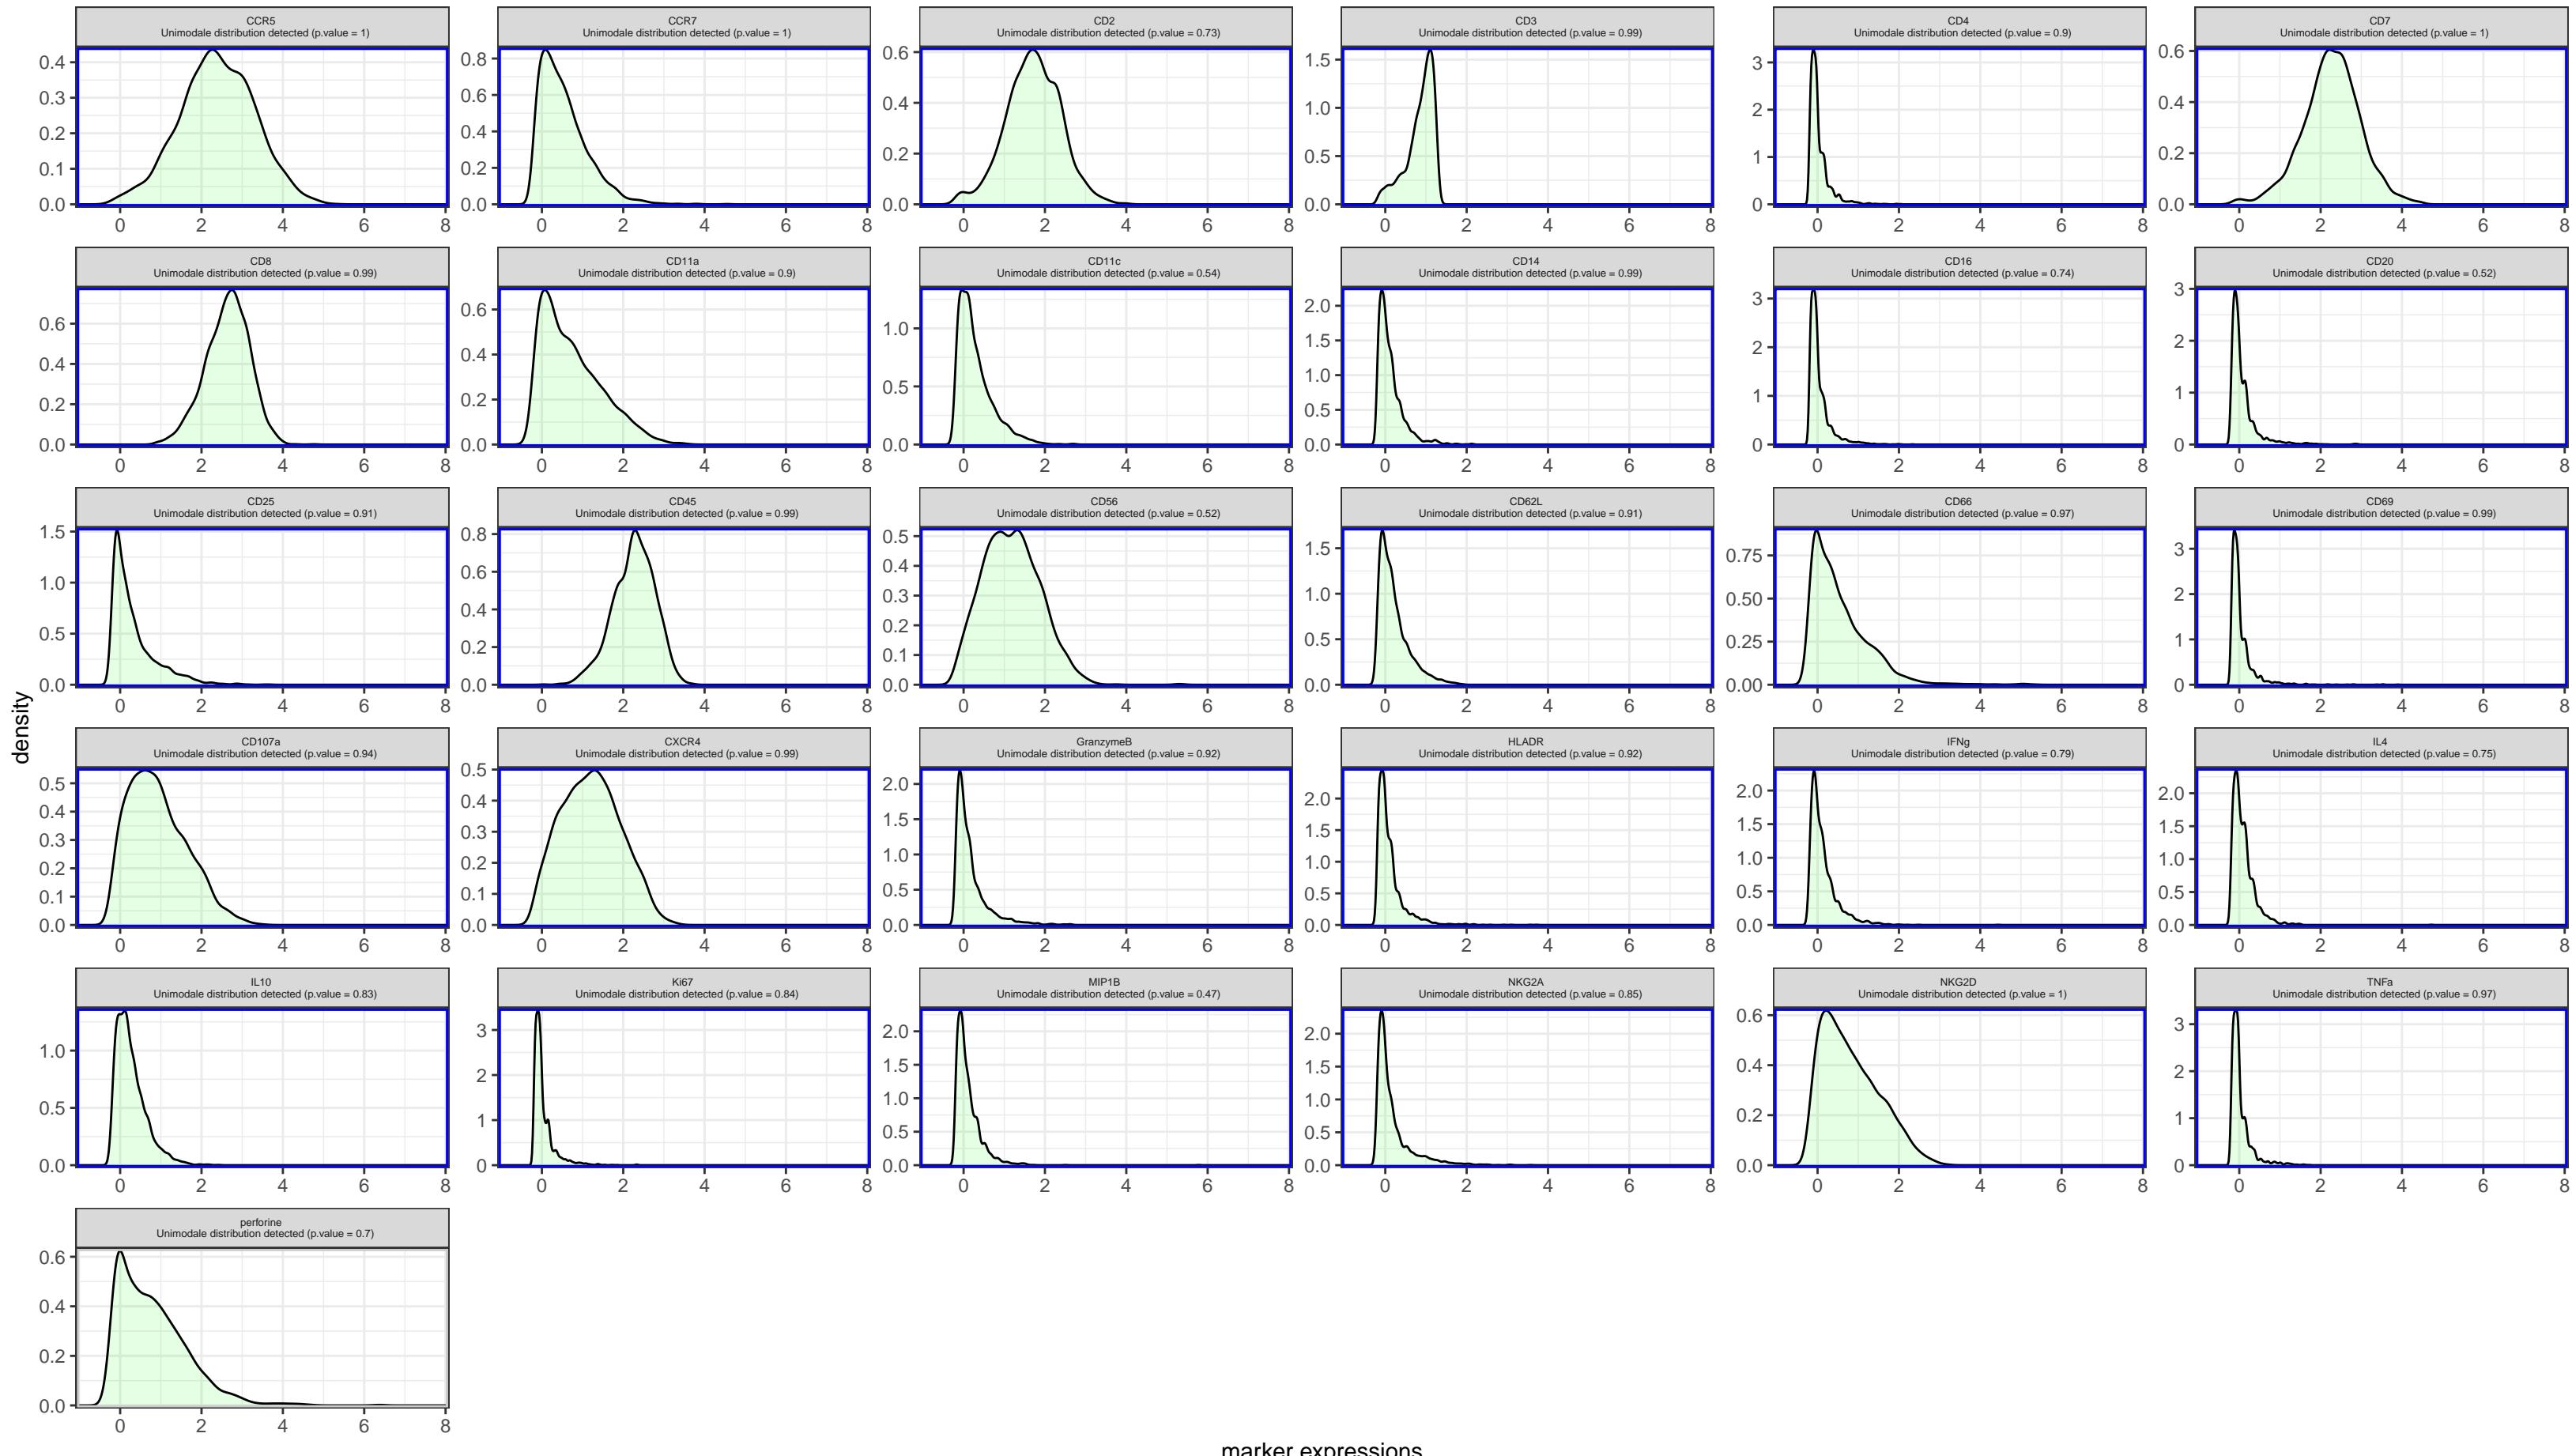

Densities of marker expressions for cluster : 7 (4 082 cells)

Densities of marker expressions for cluster : 8 (3 858 cells)

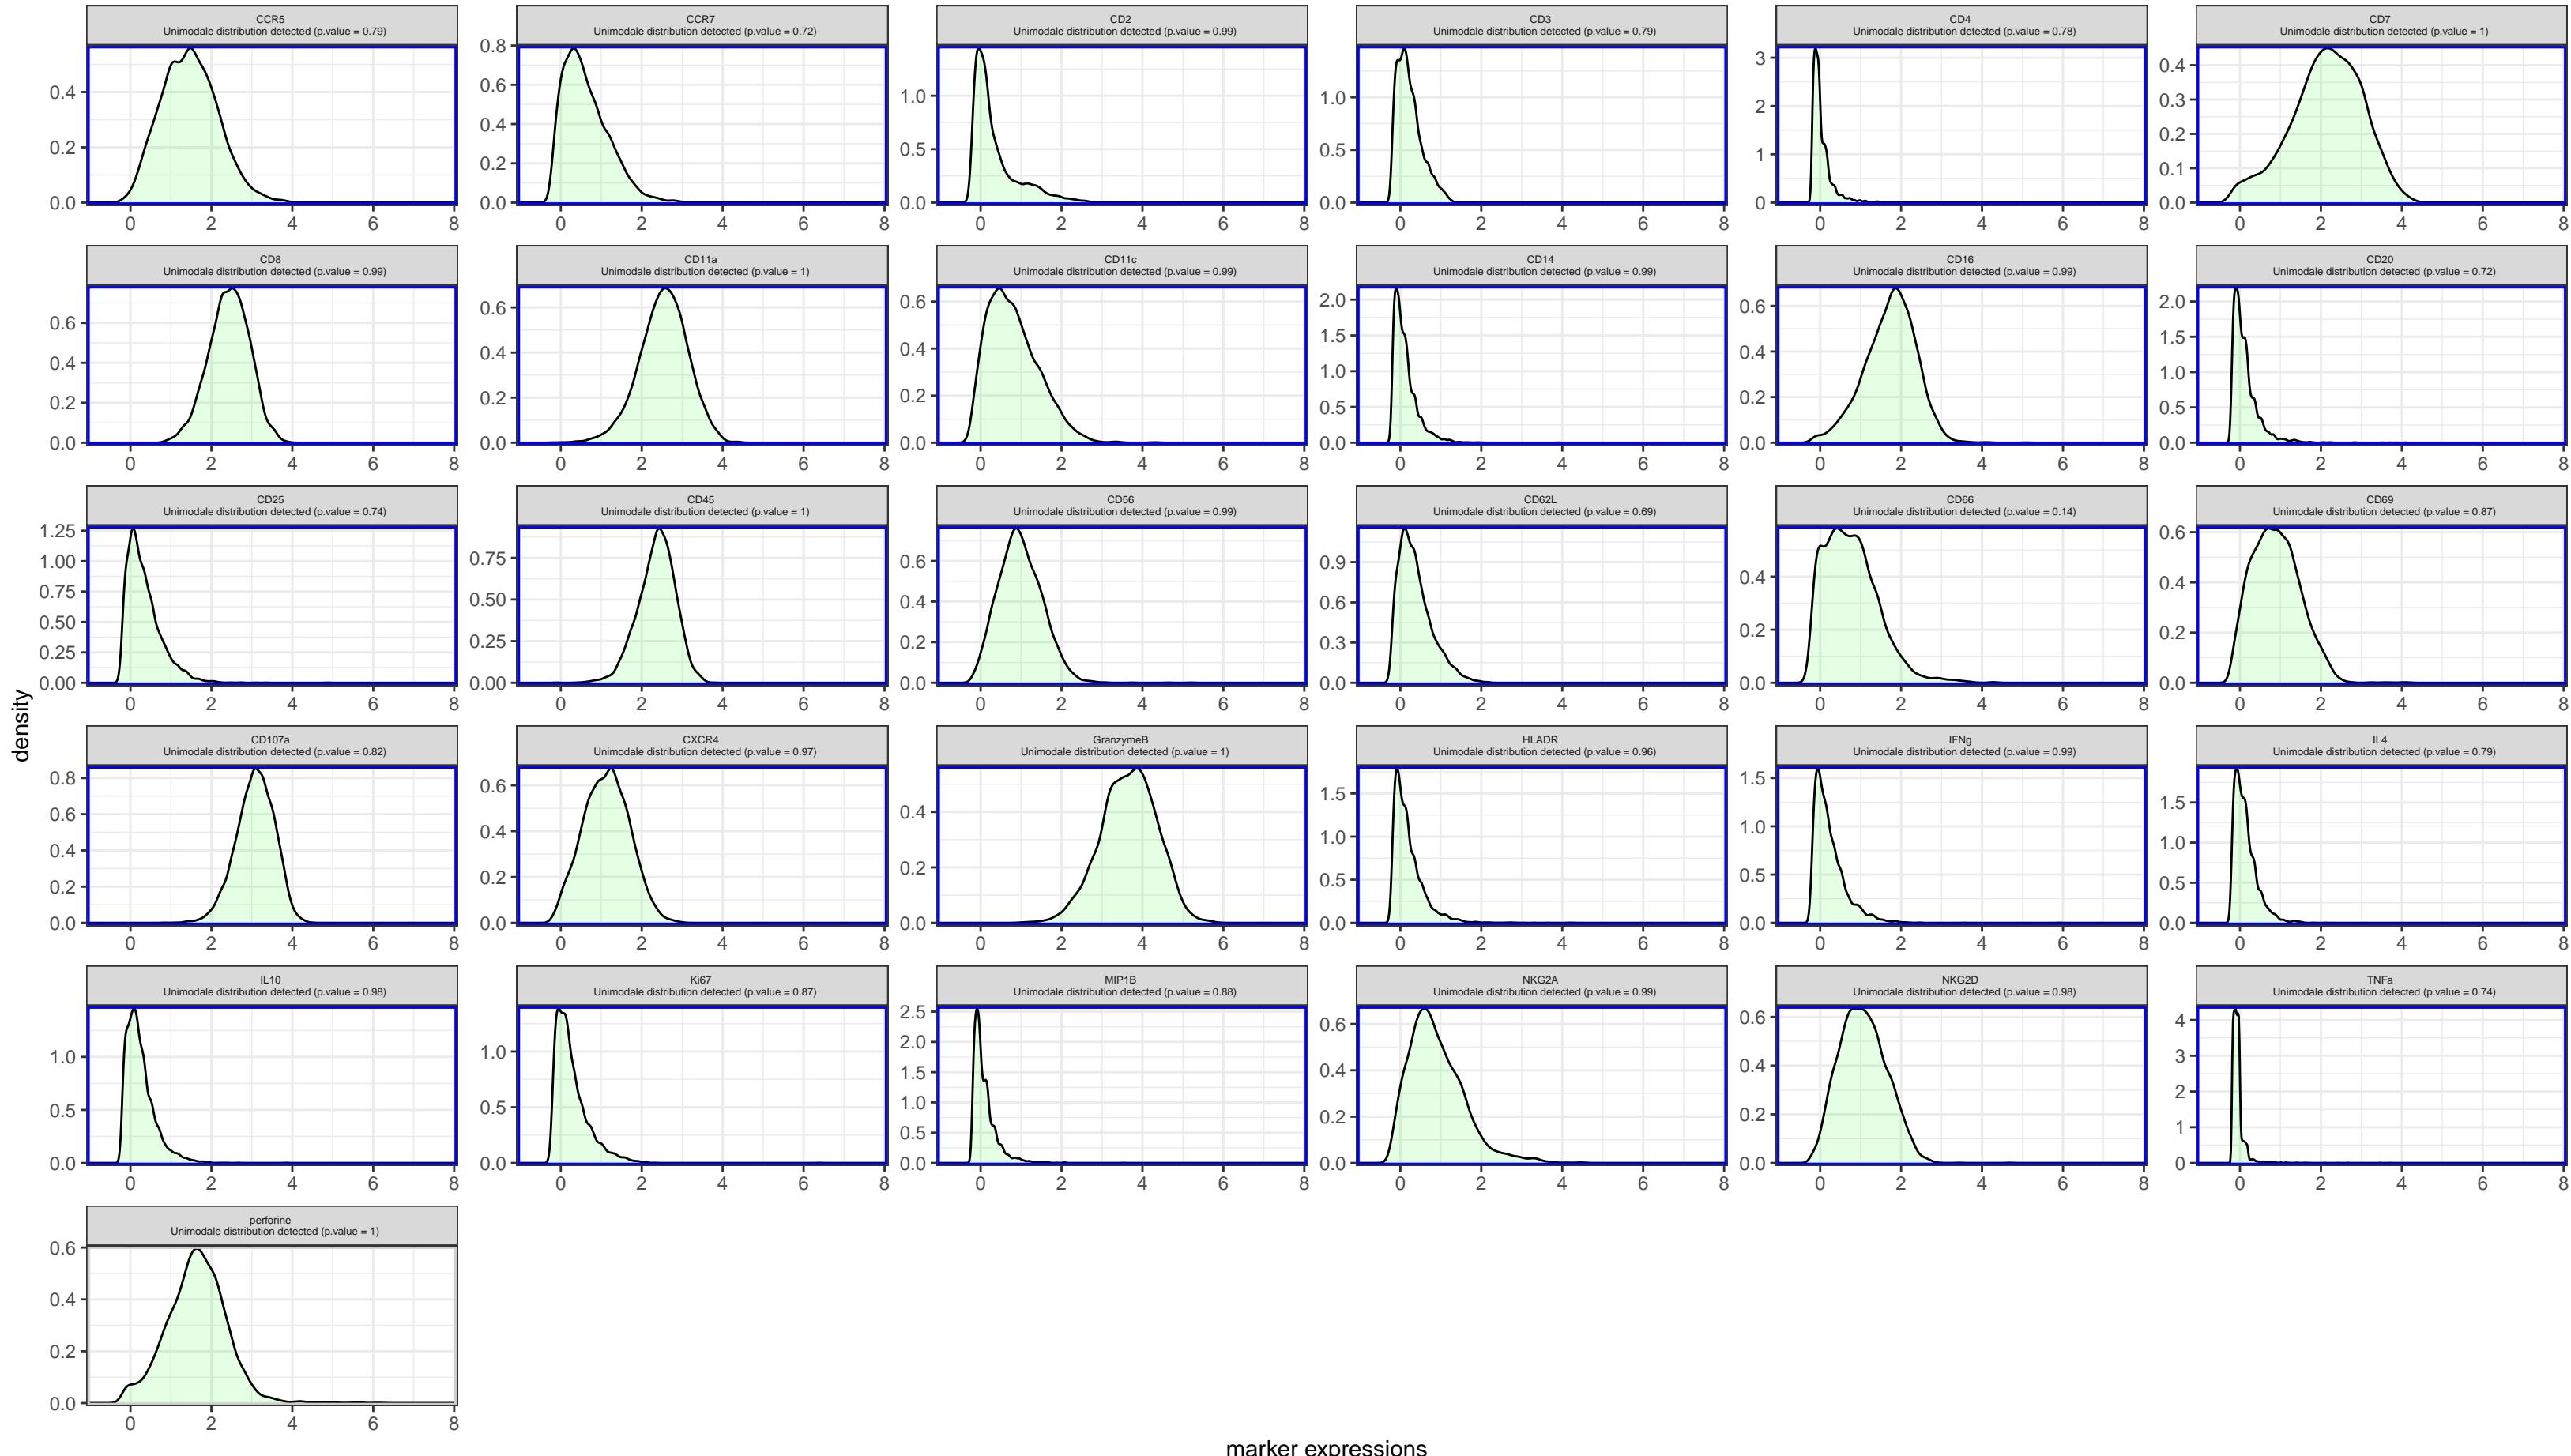

Densities of marker expressions for cluster : 9 (2 535 cells)

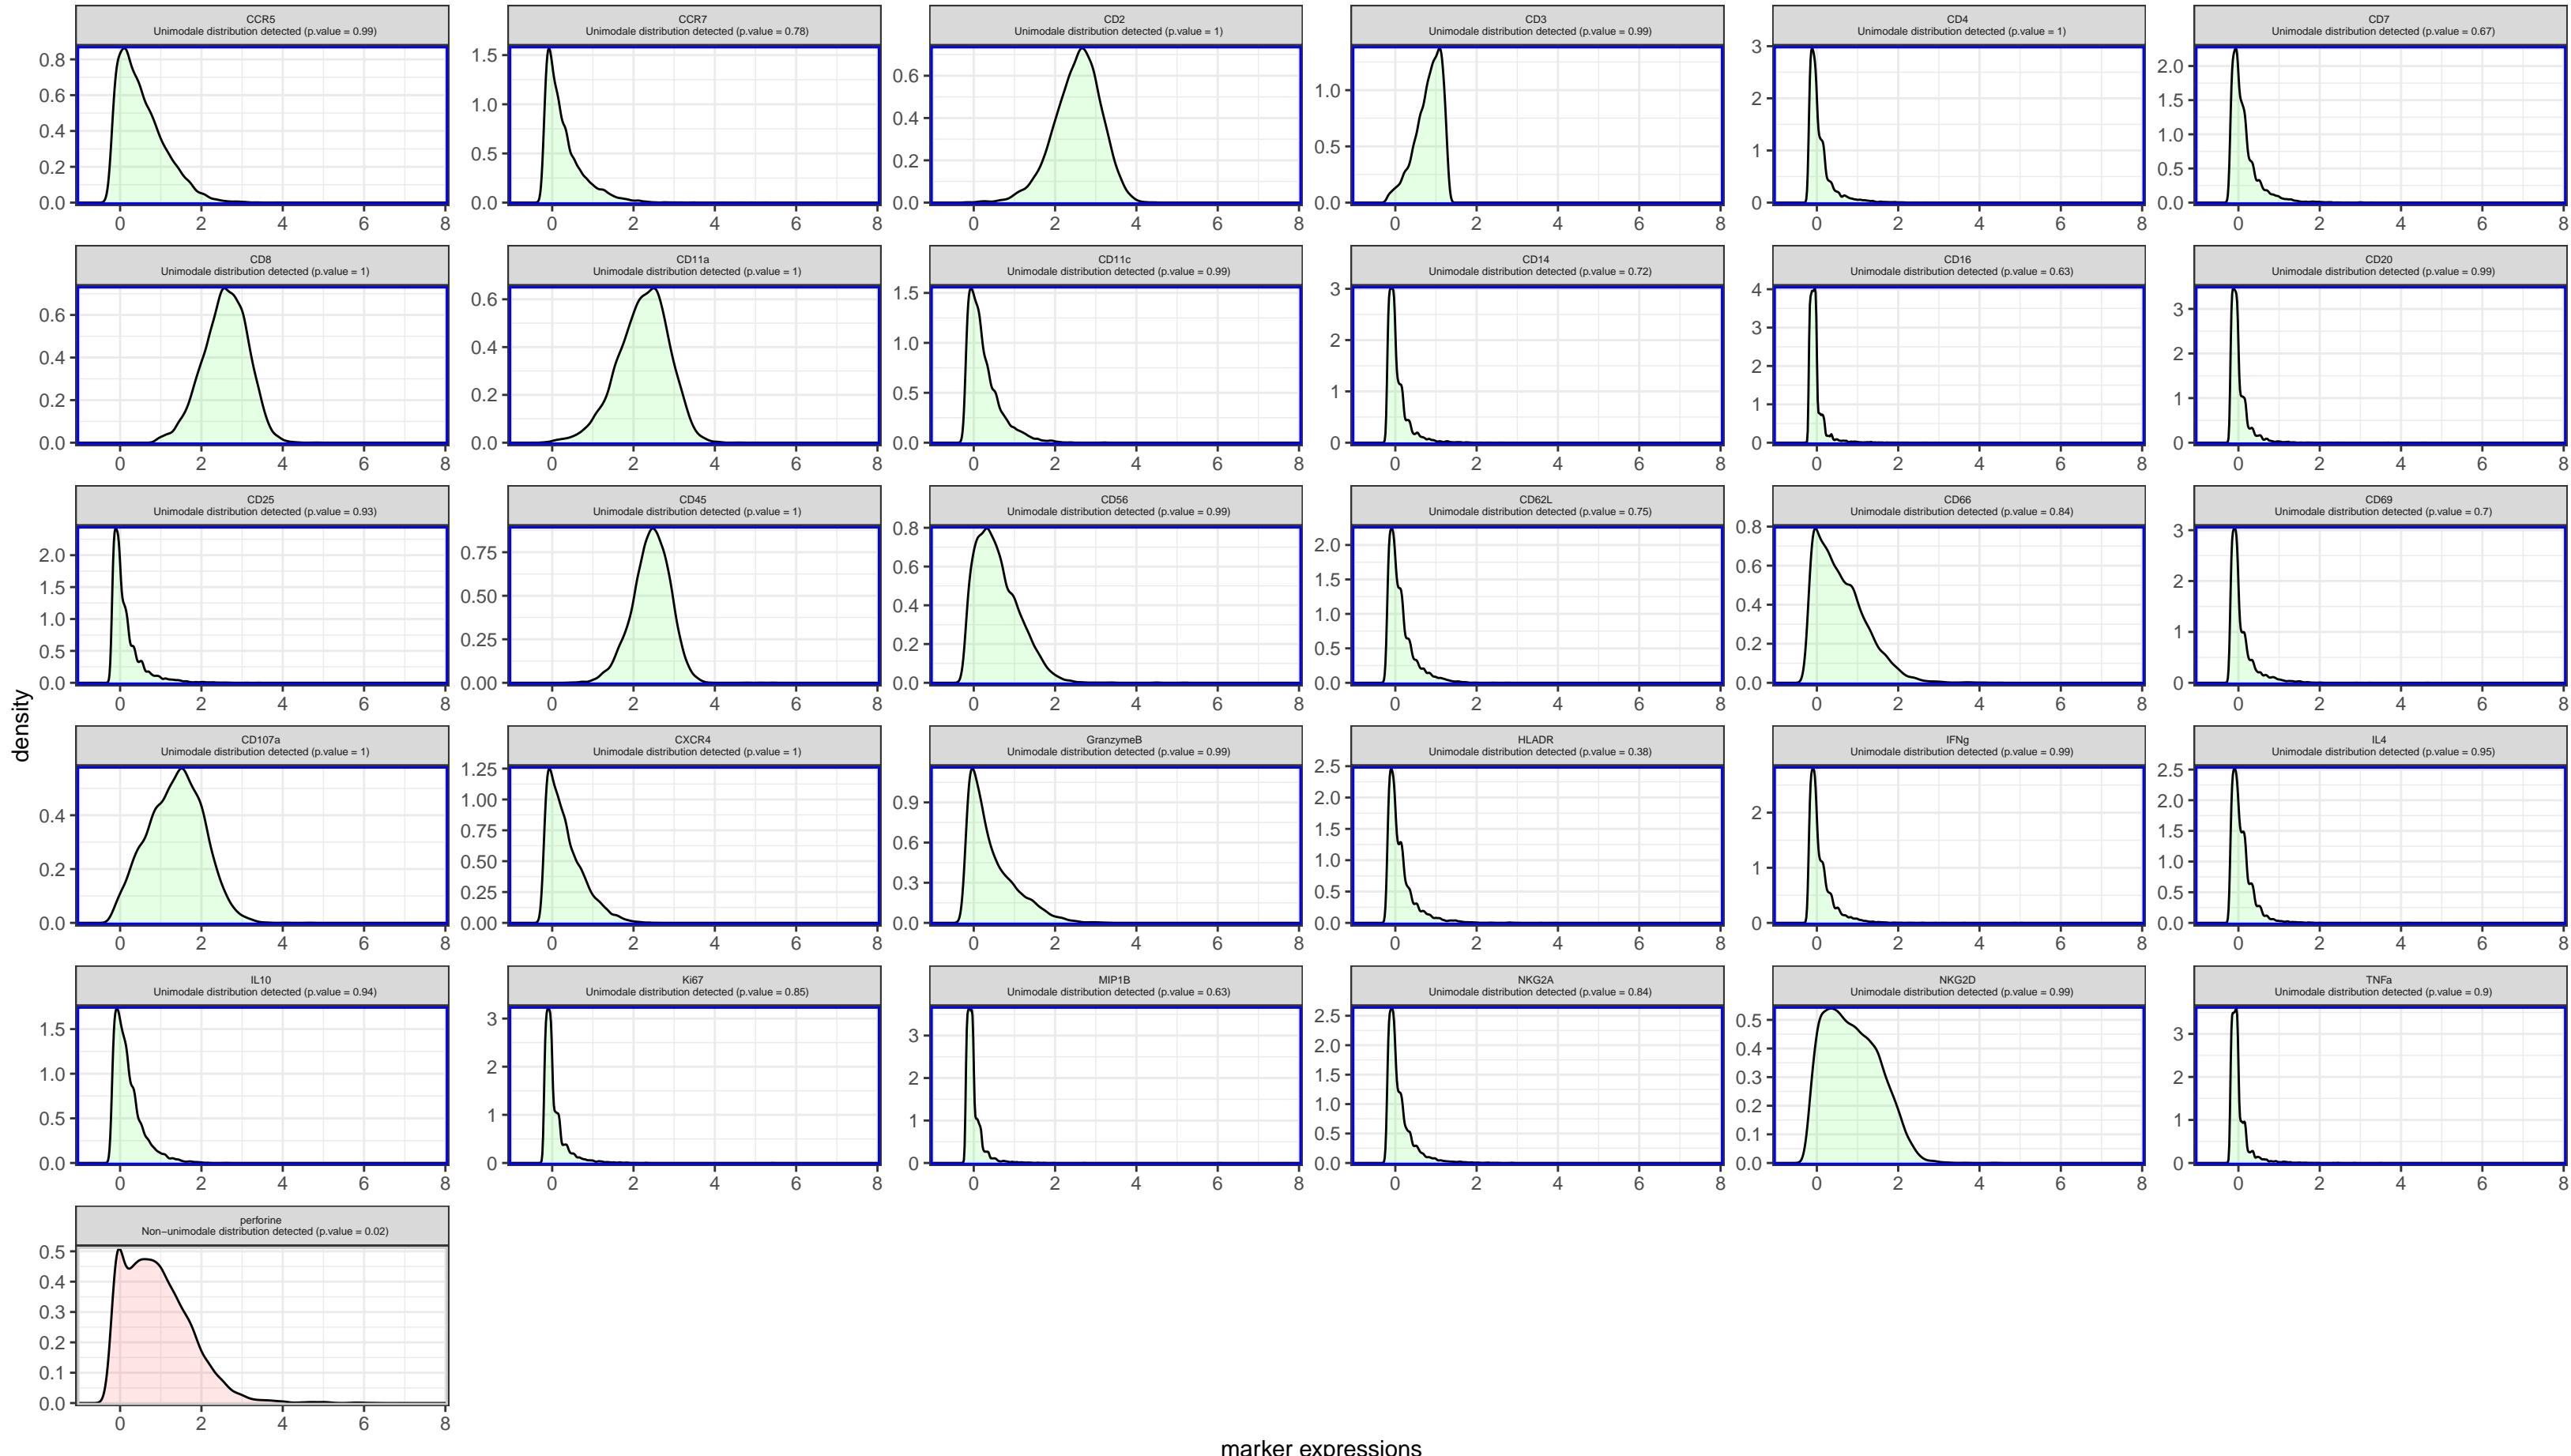

marker expressions

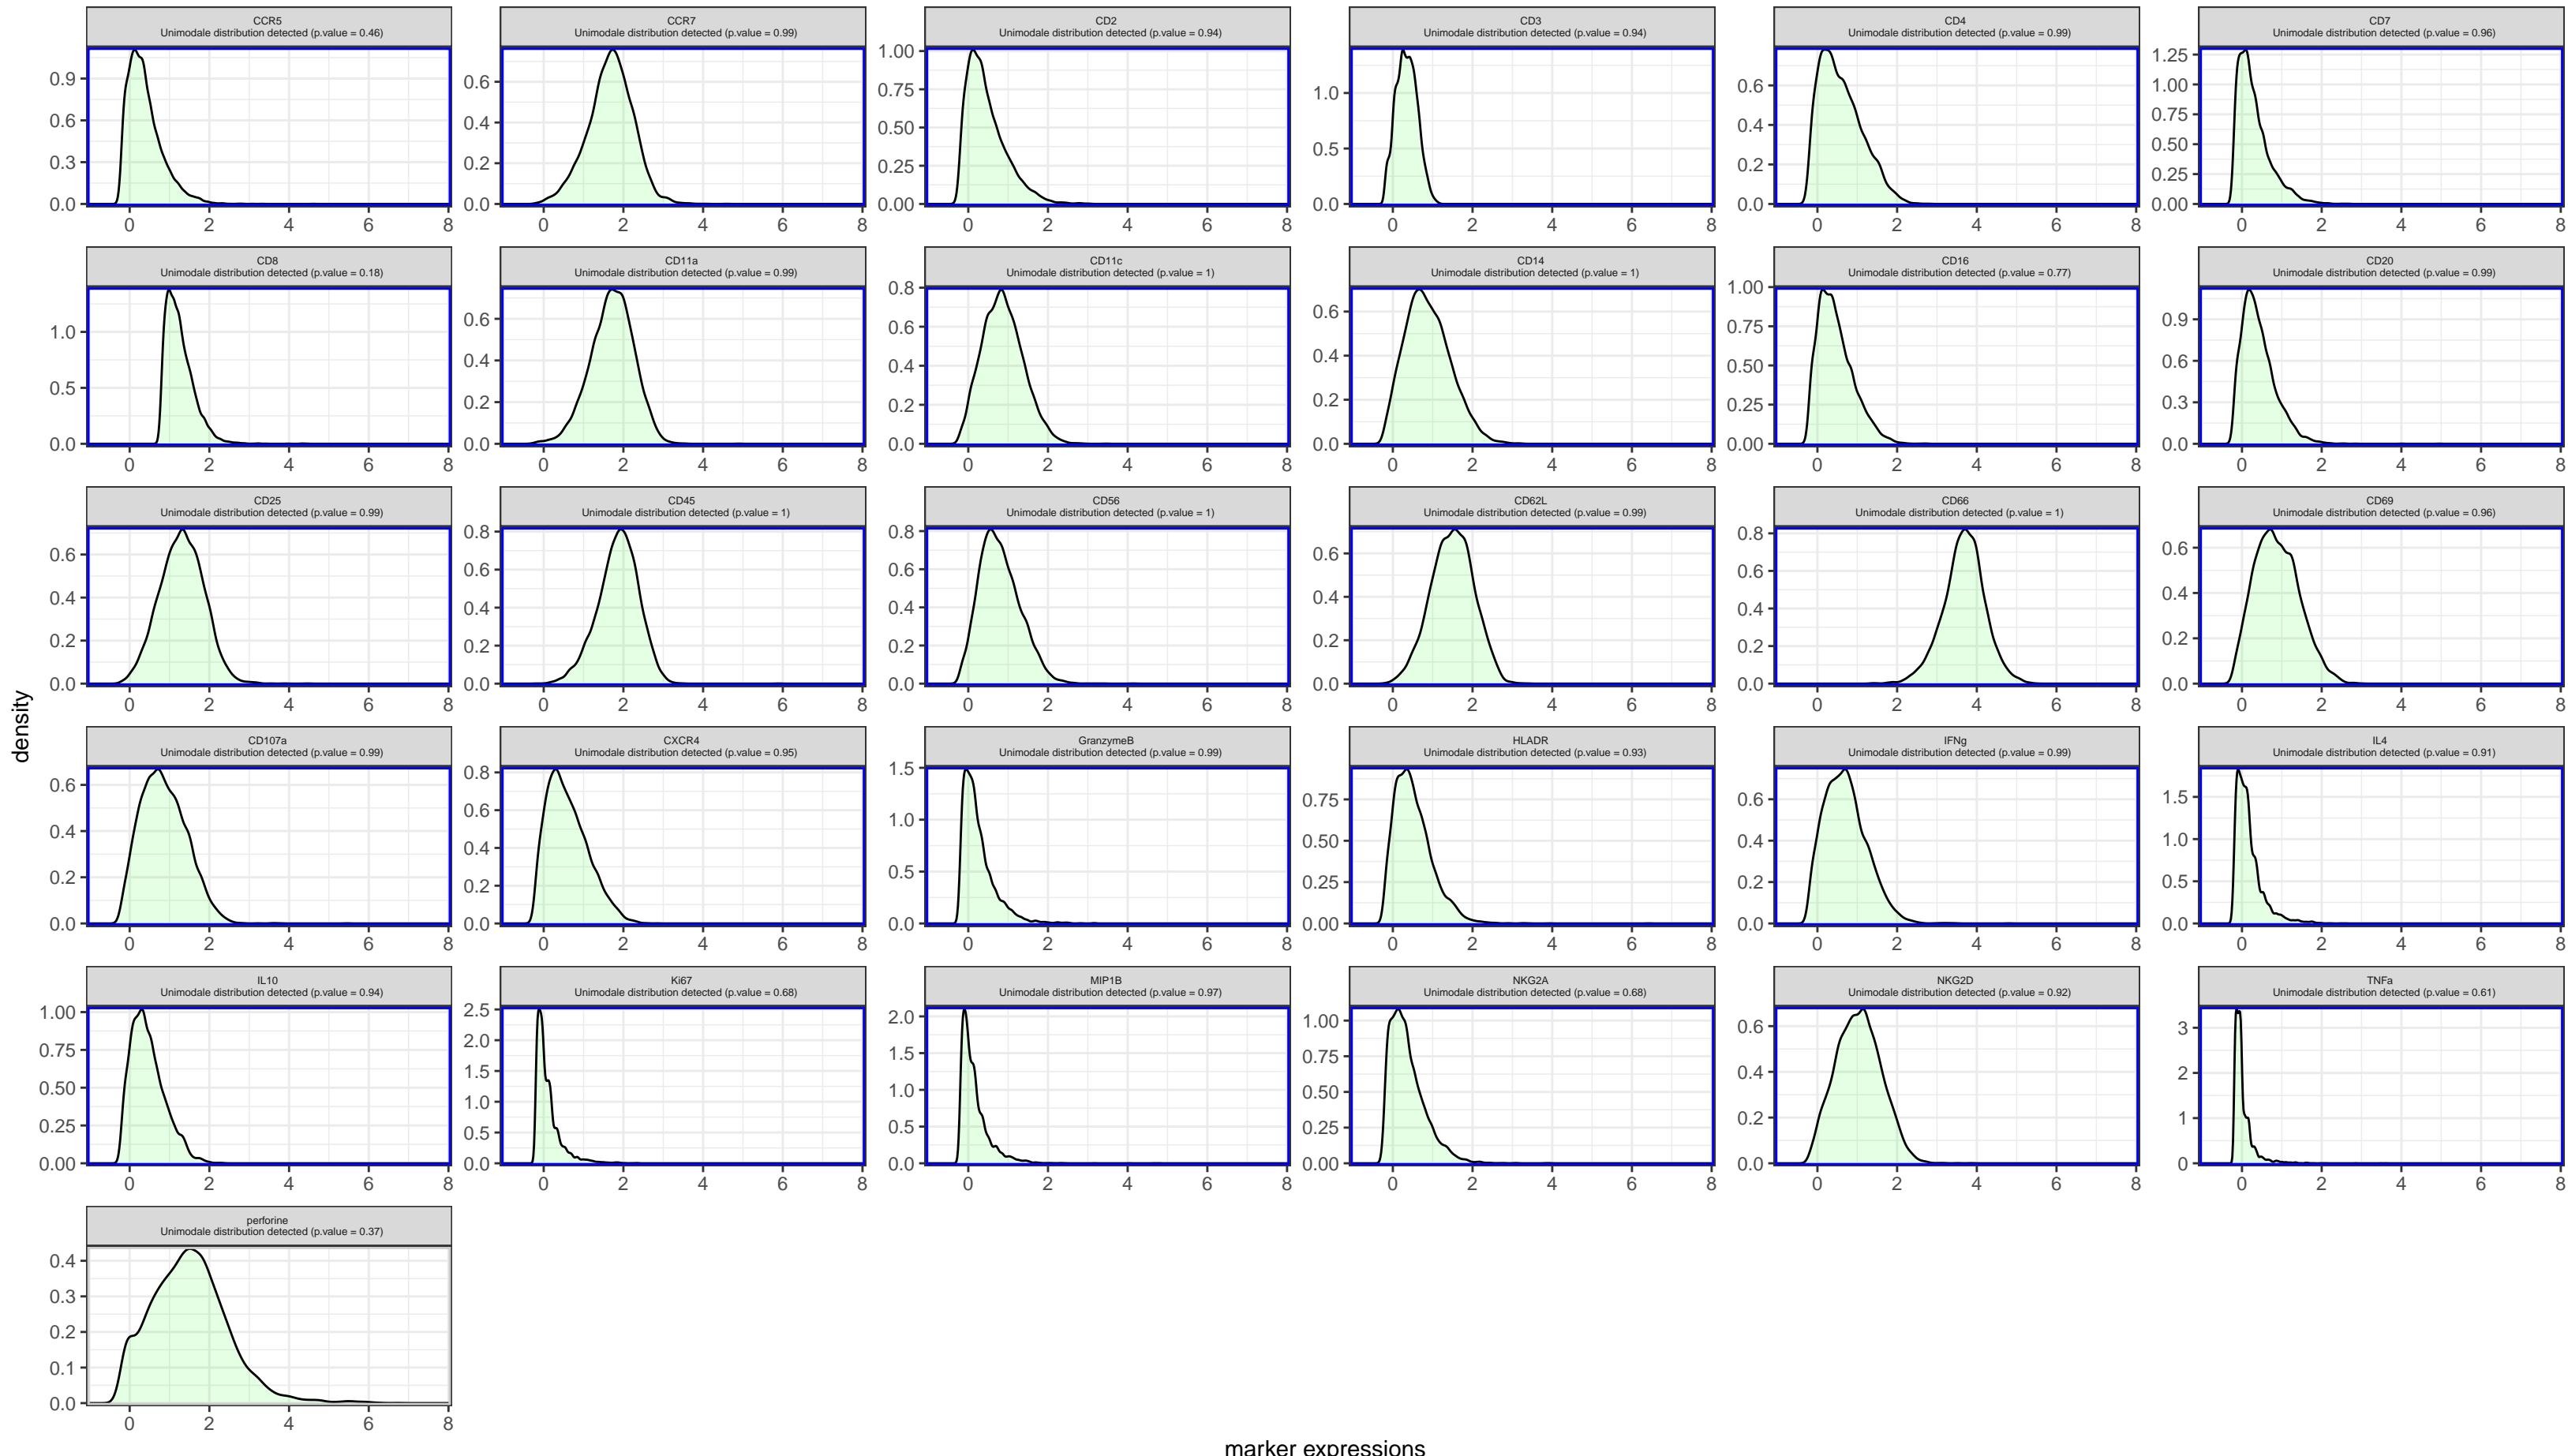

Densities of marker expressions for cluster : 10 (4 830 cells)

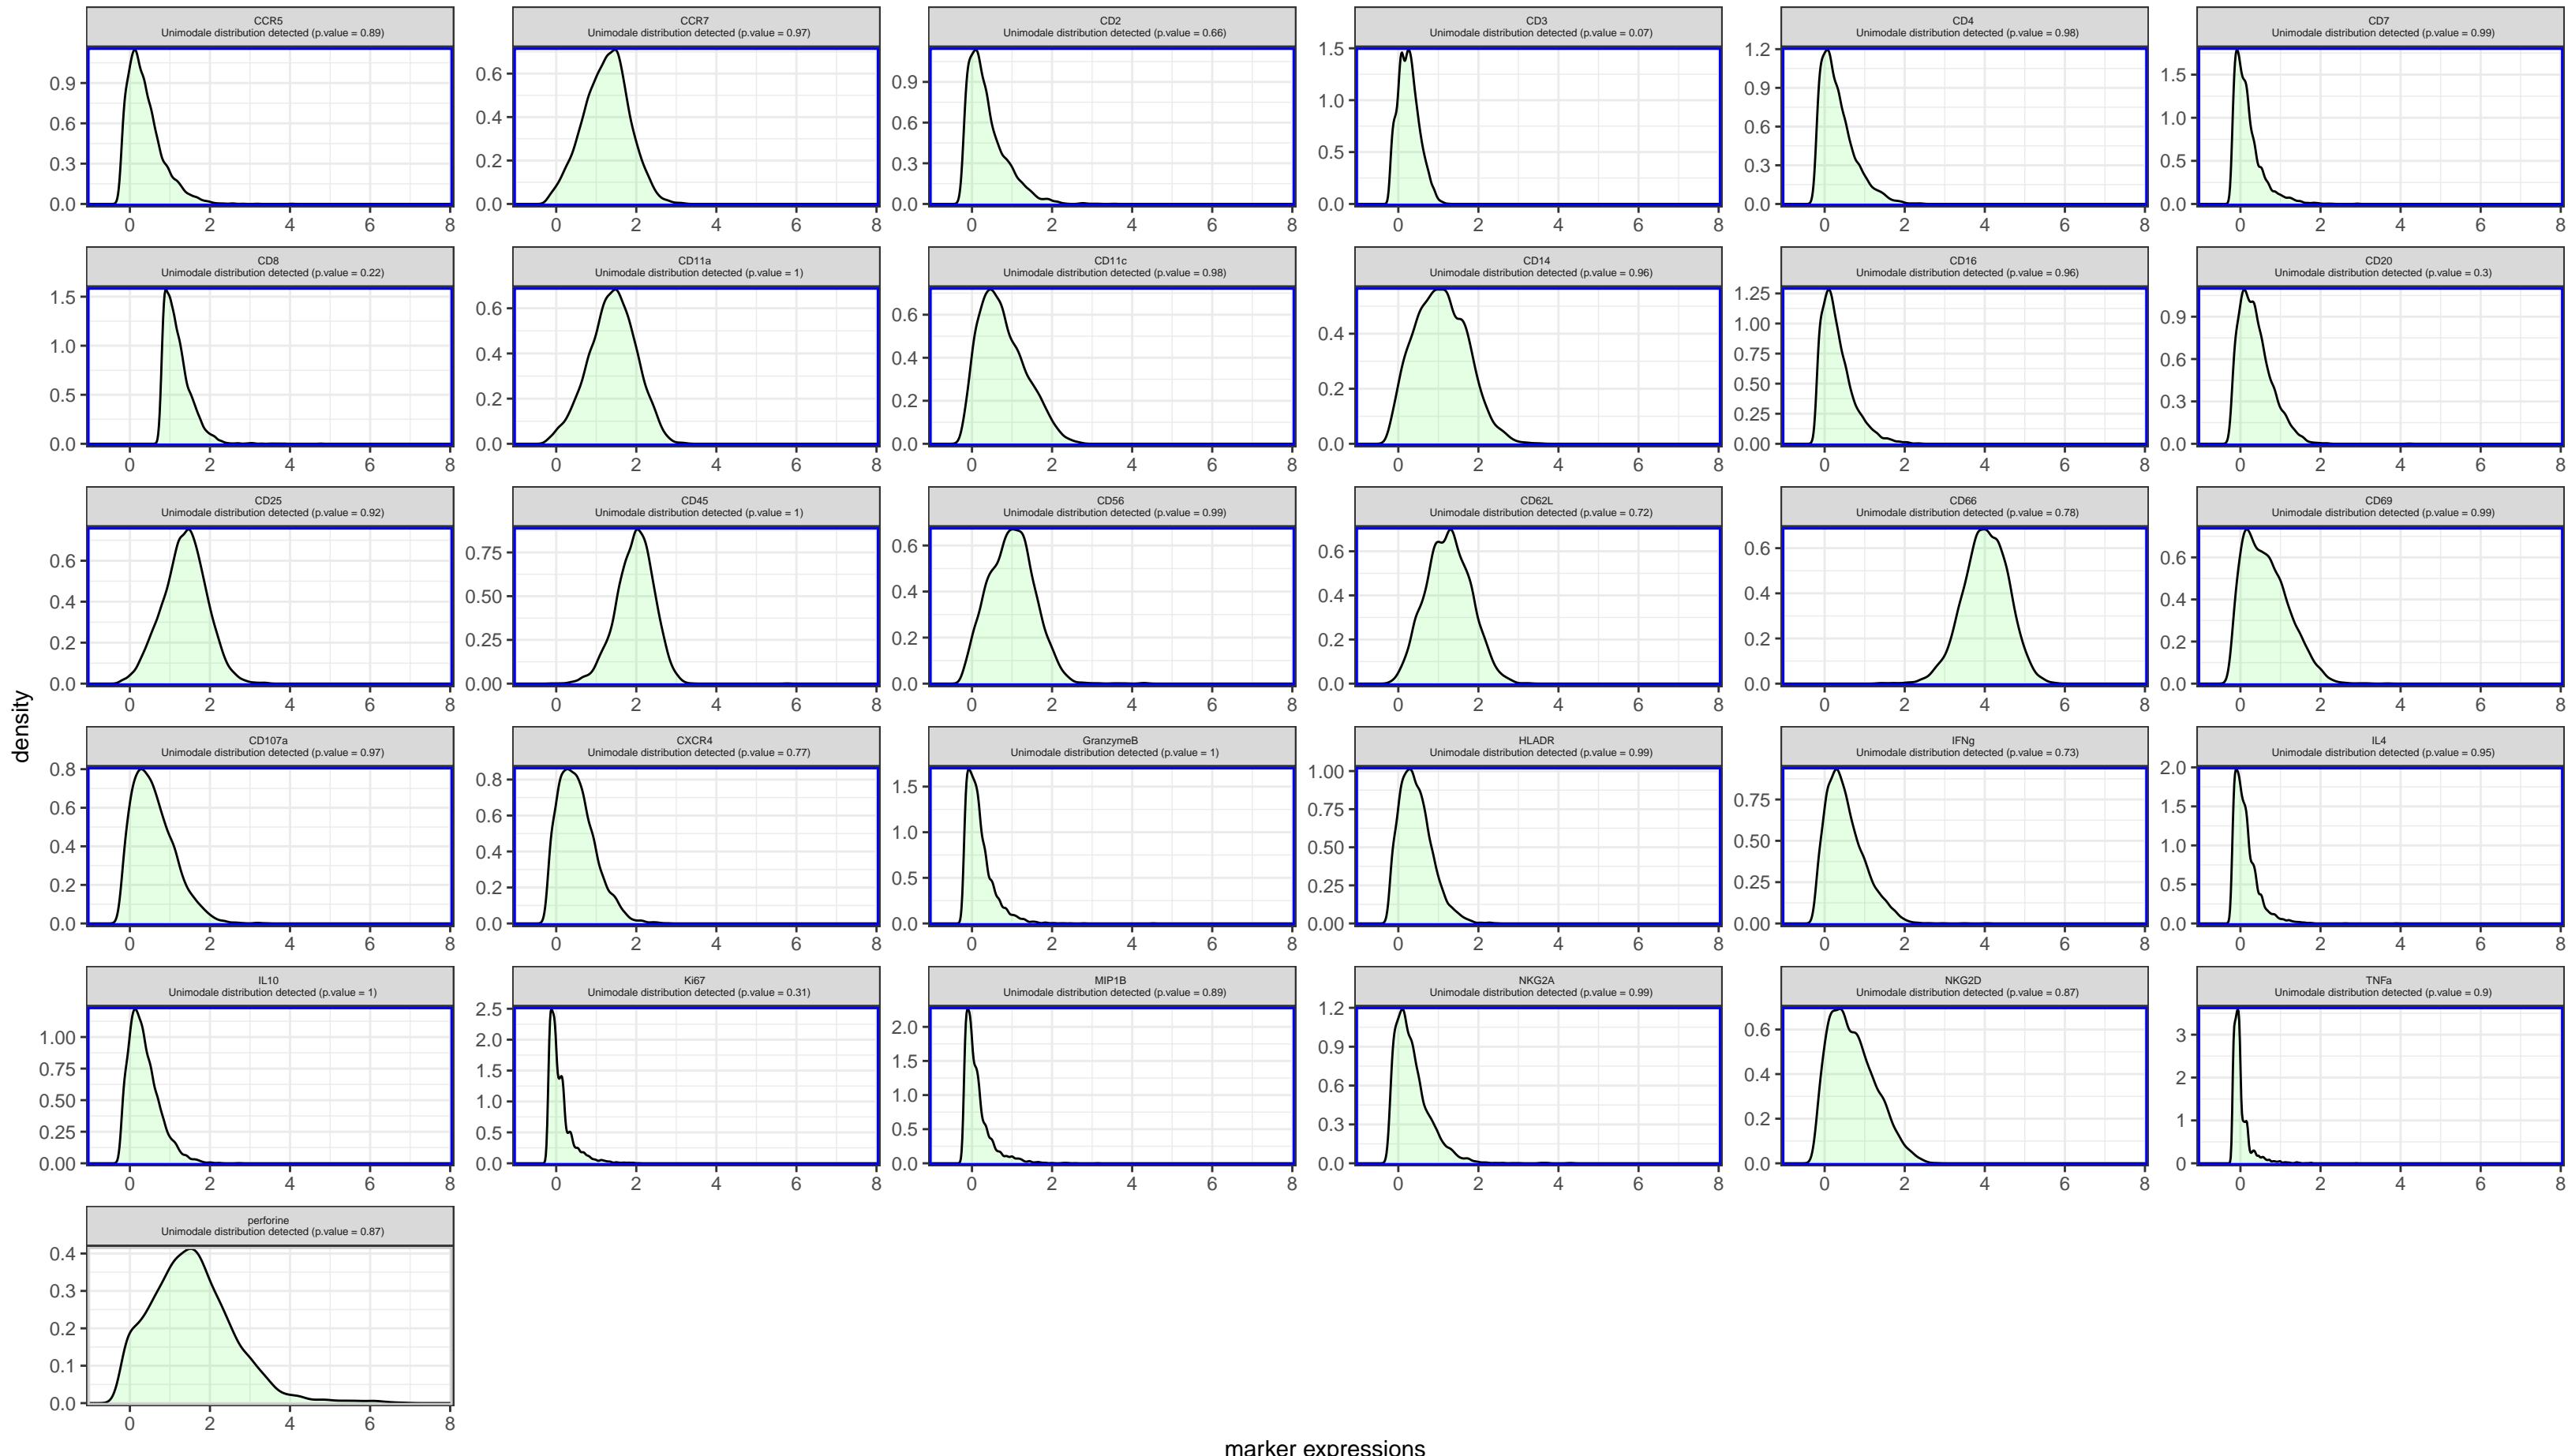

Densities of marker expressions for cluster : 11 (7 785 cells)

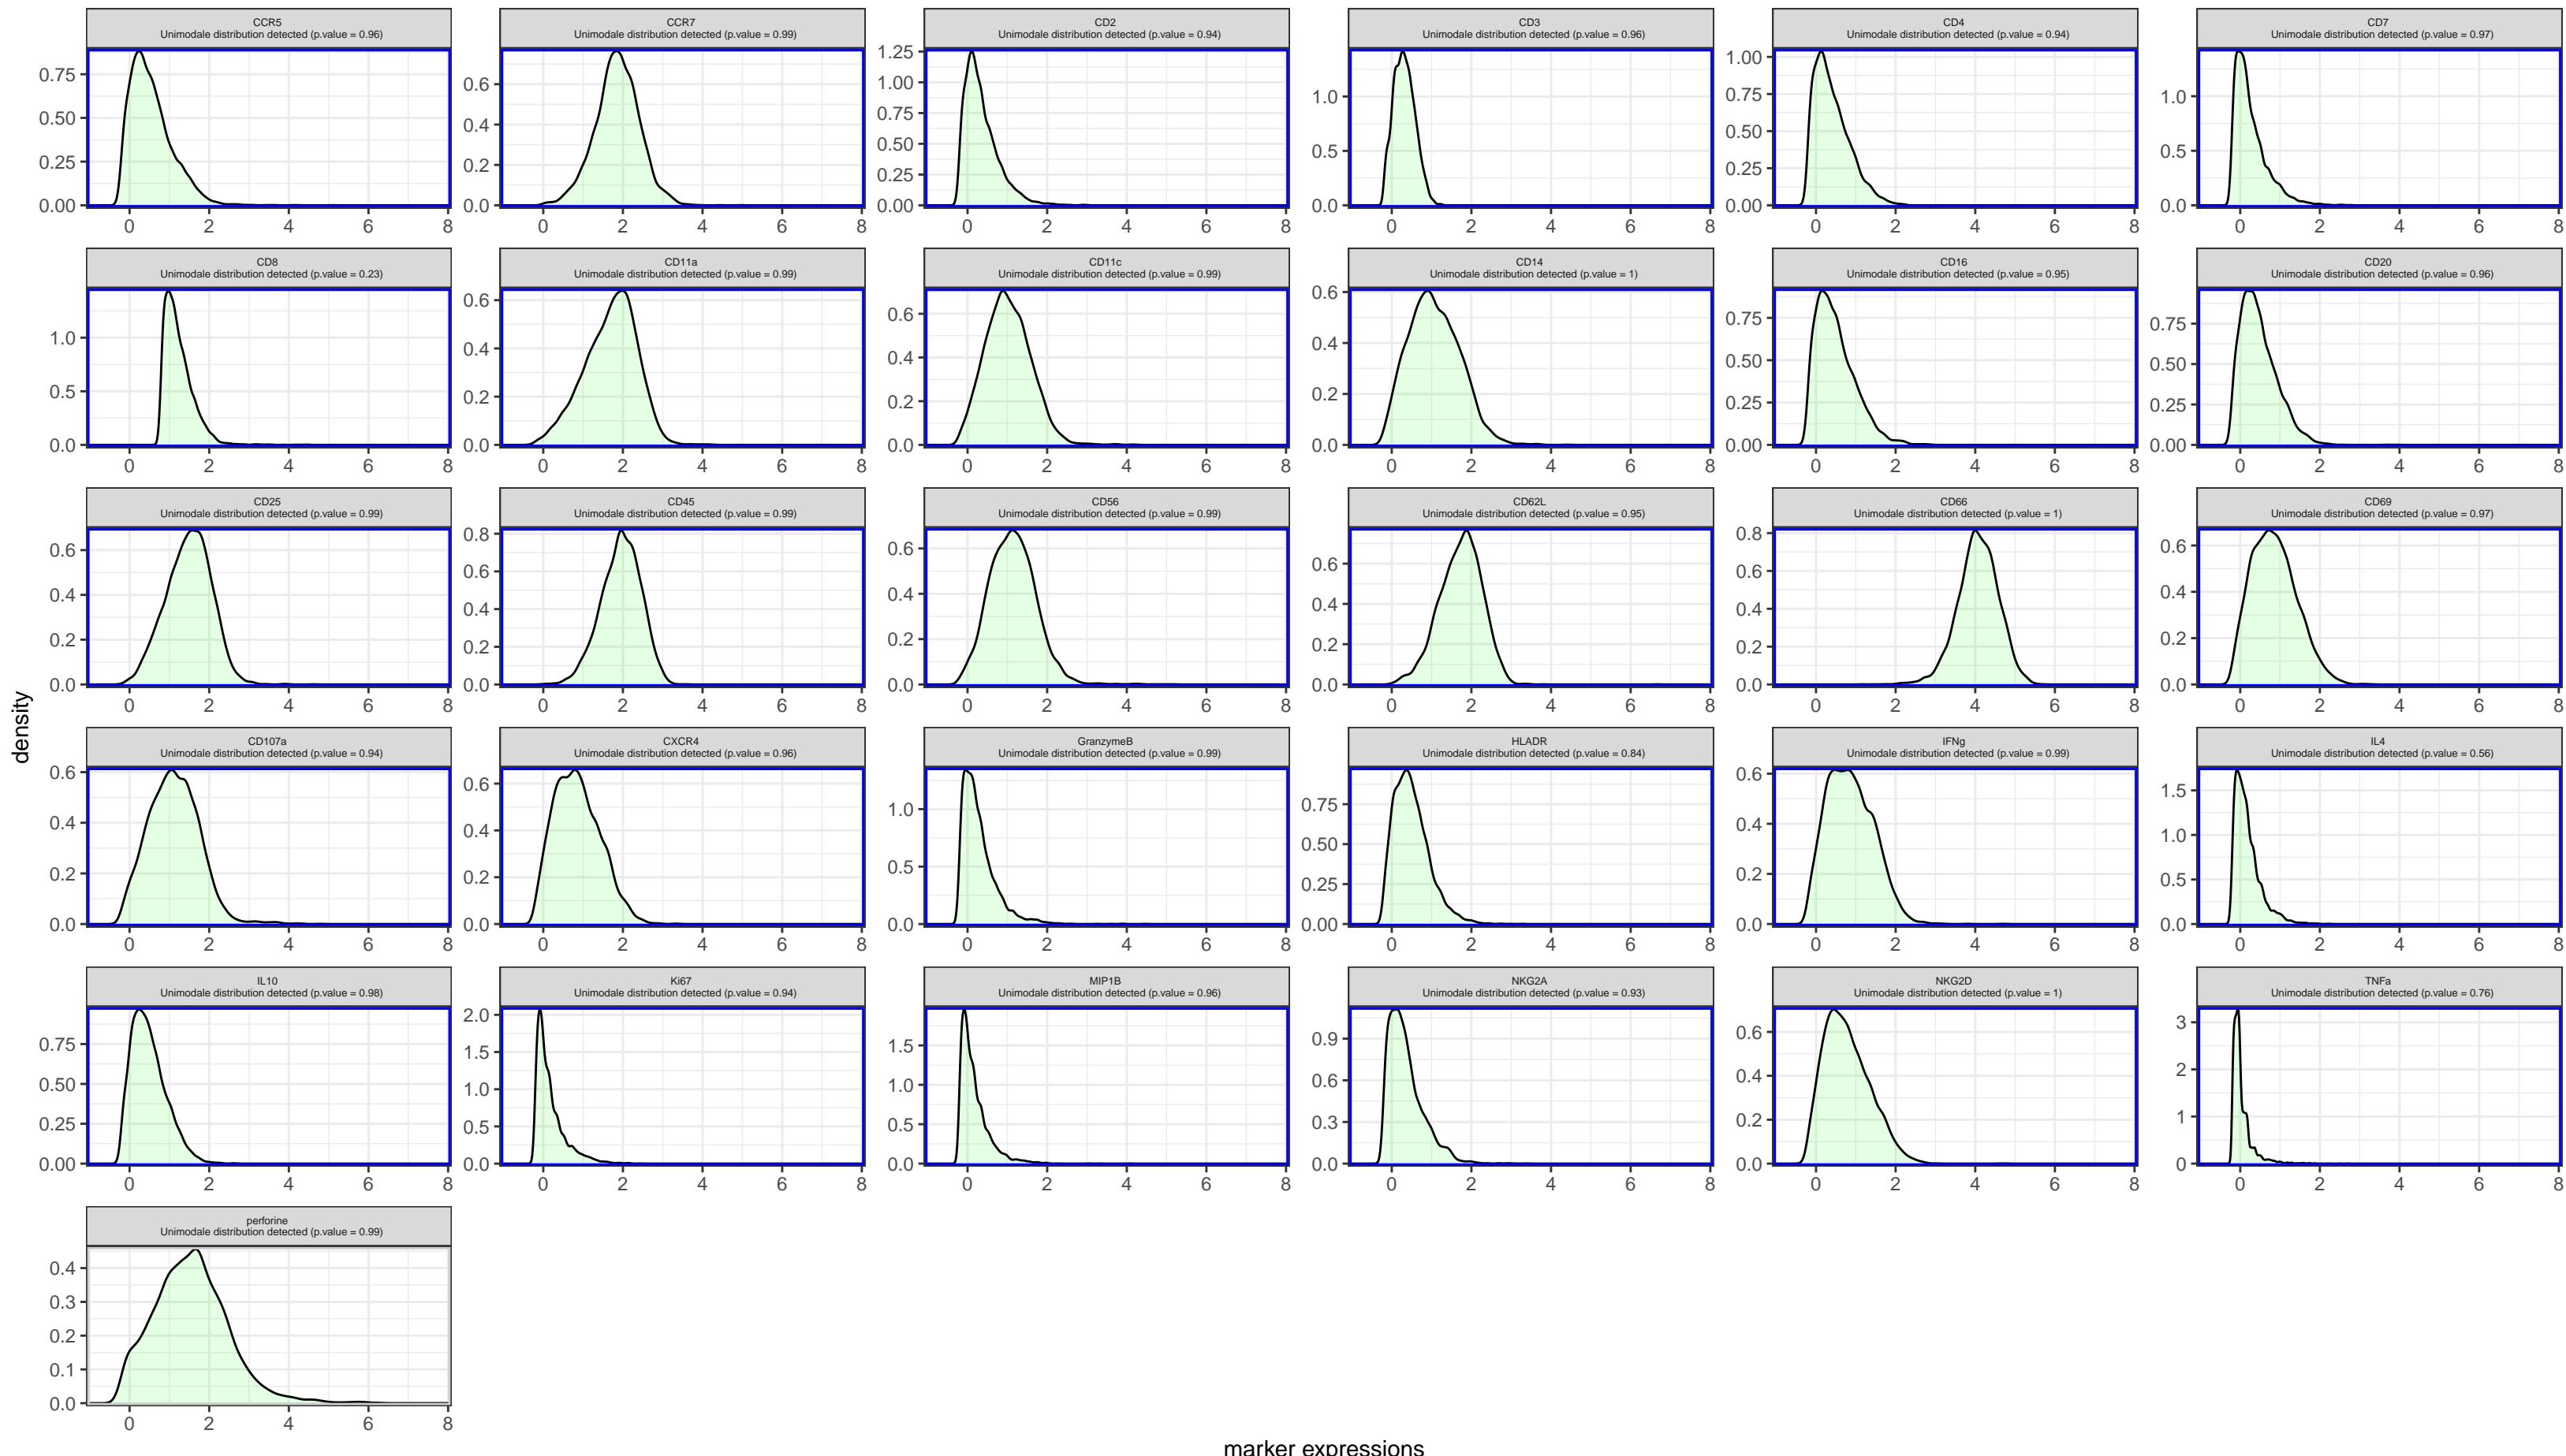

Densities of marker expressions for cluster : 12 (6 459 cells)

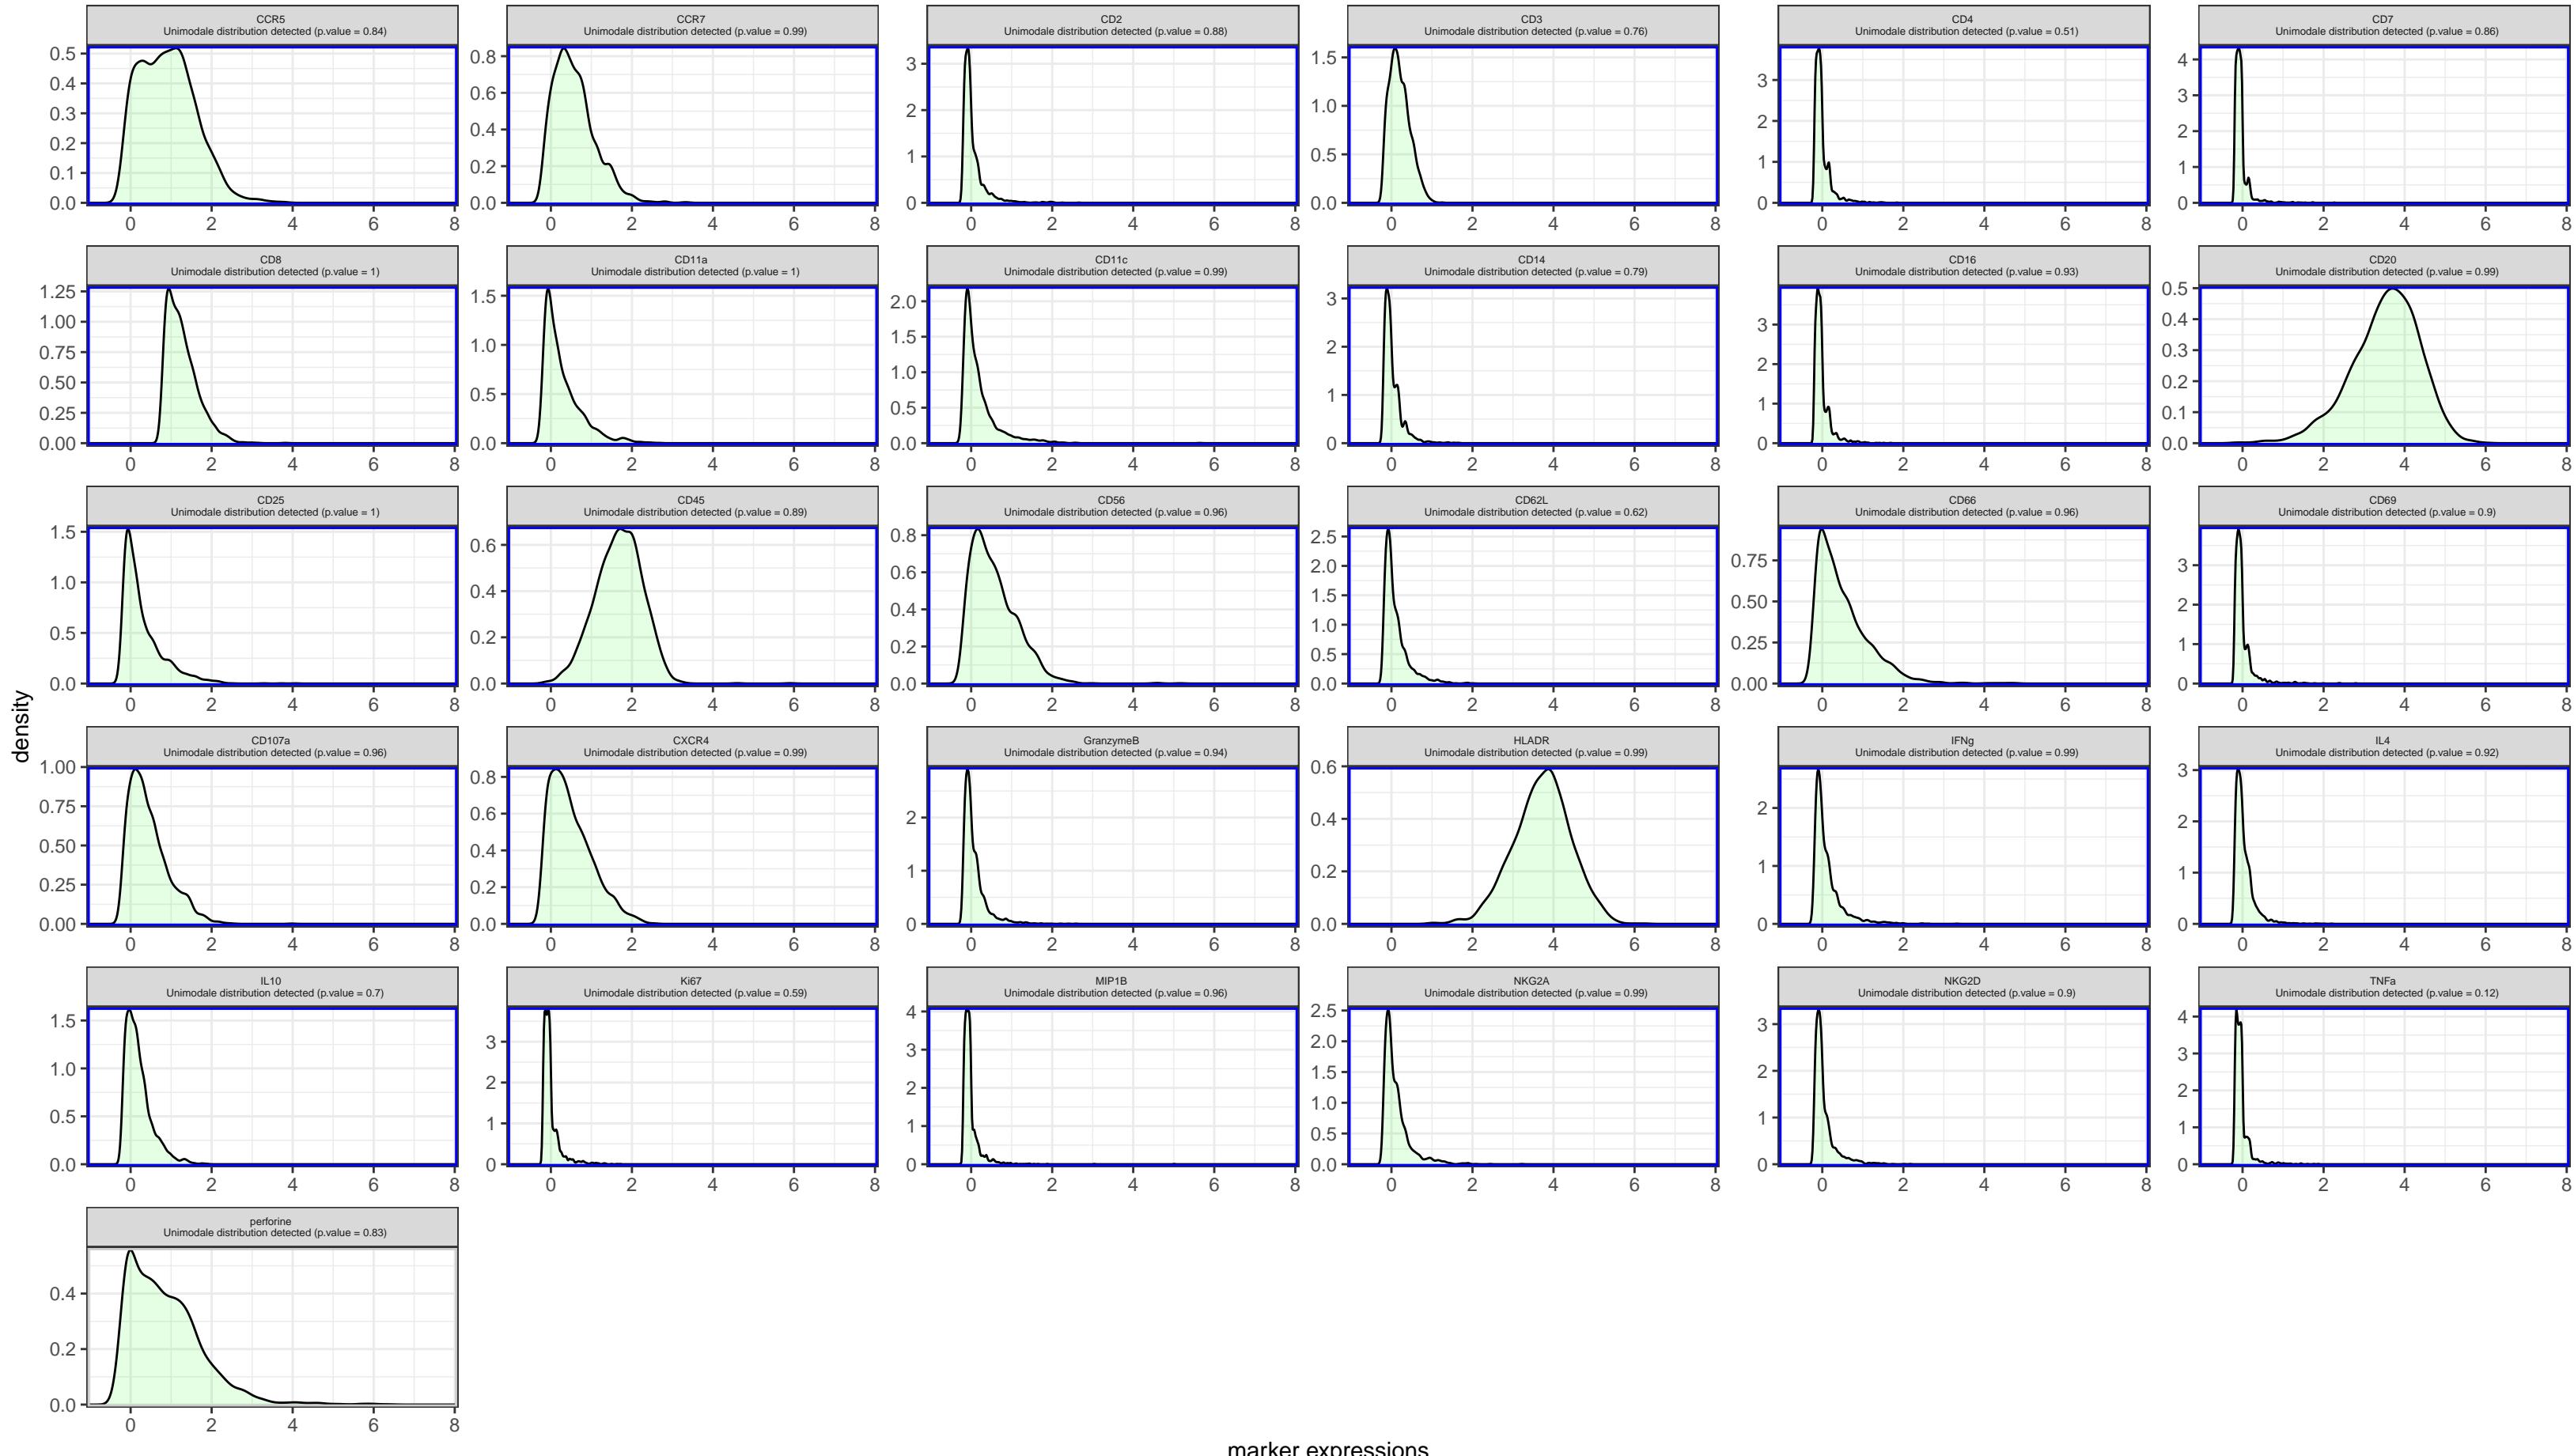

Densities of marker expressions for cluster : 13 (4 355 cells)

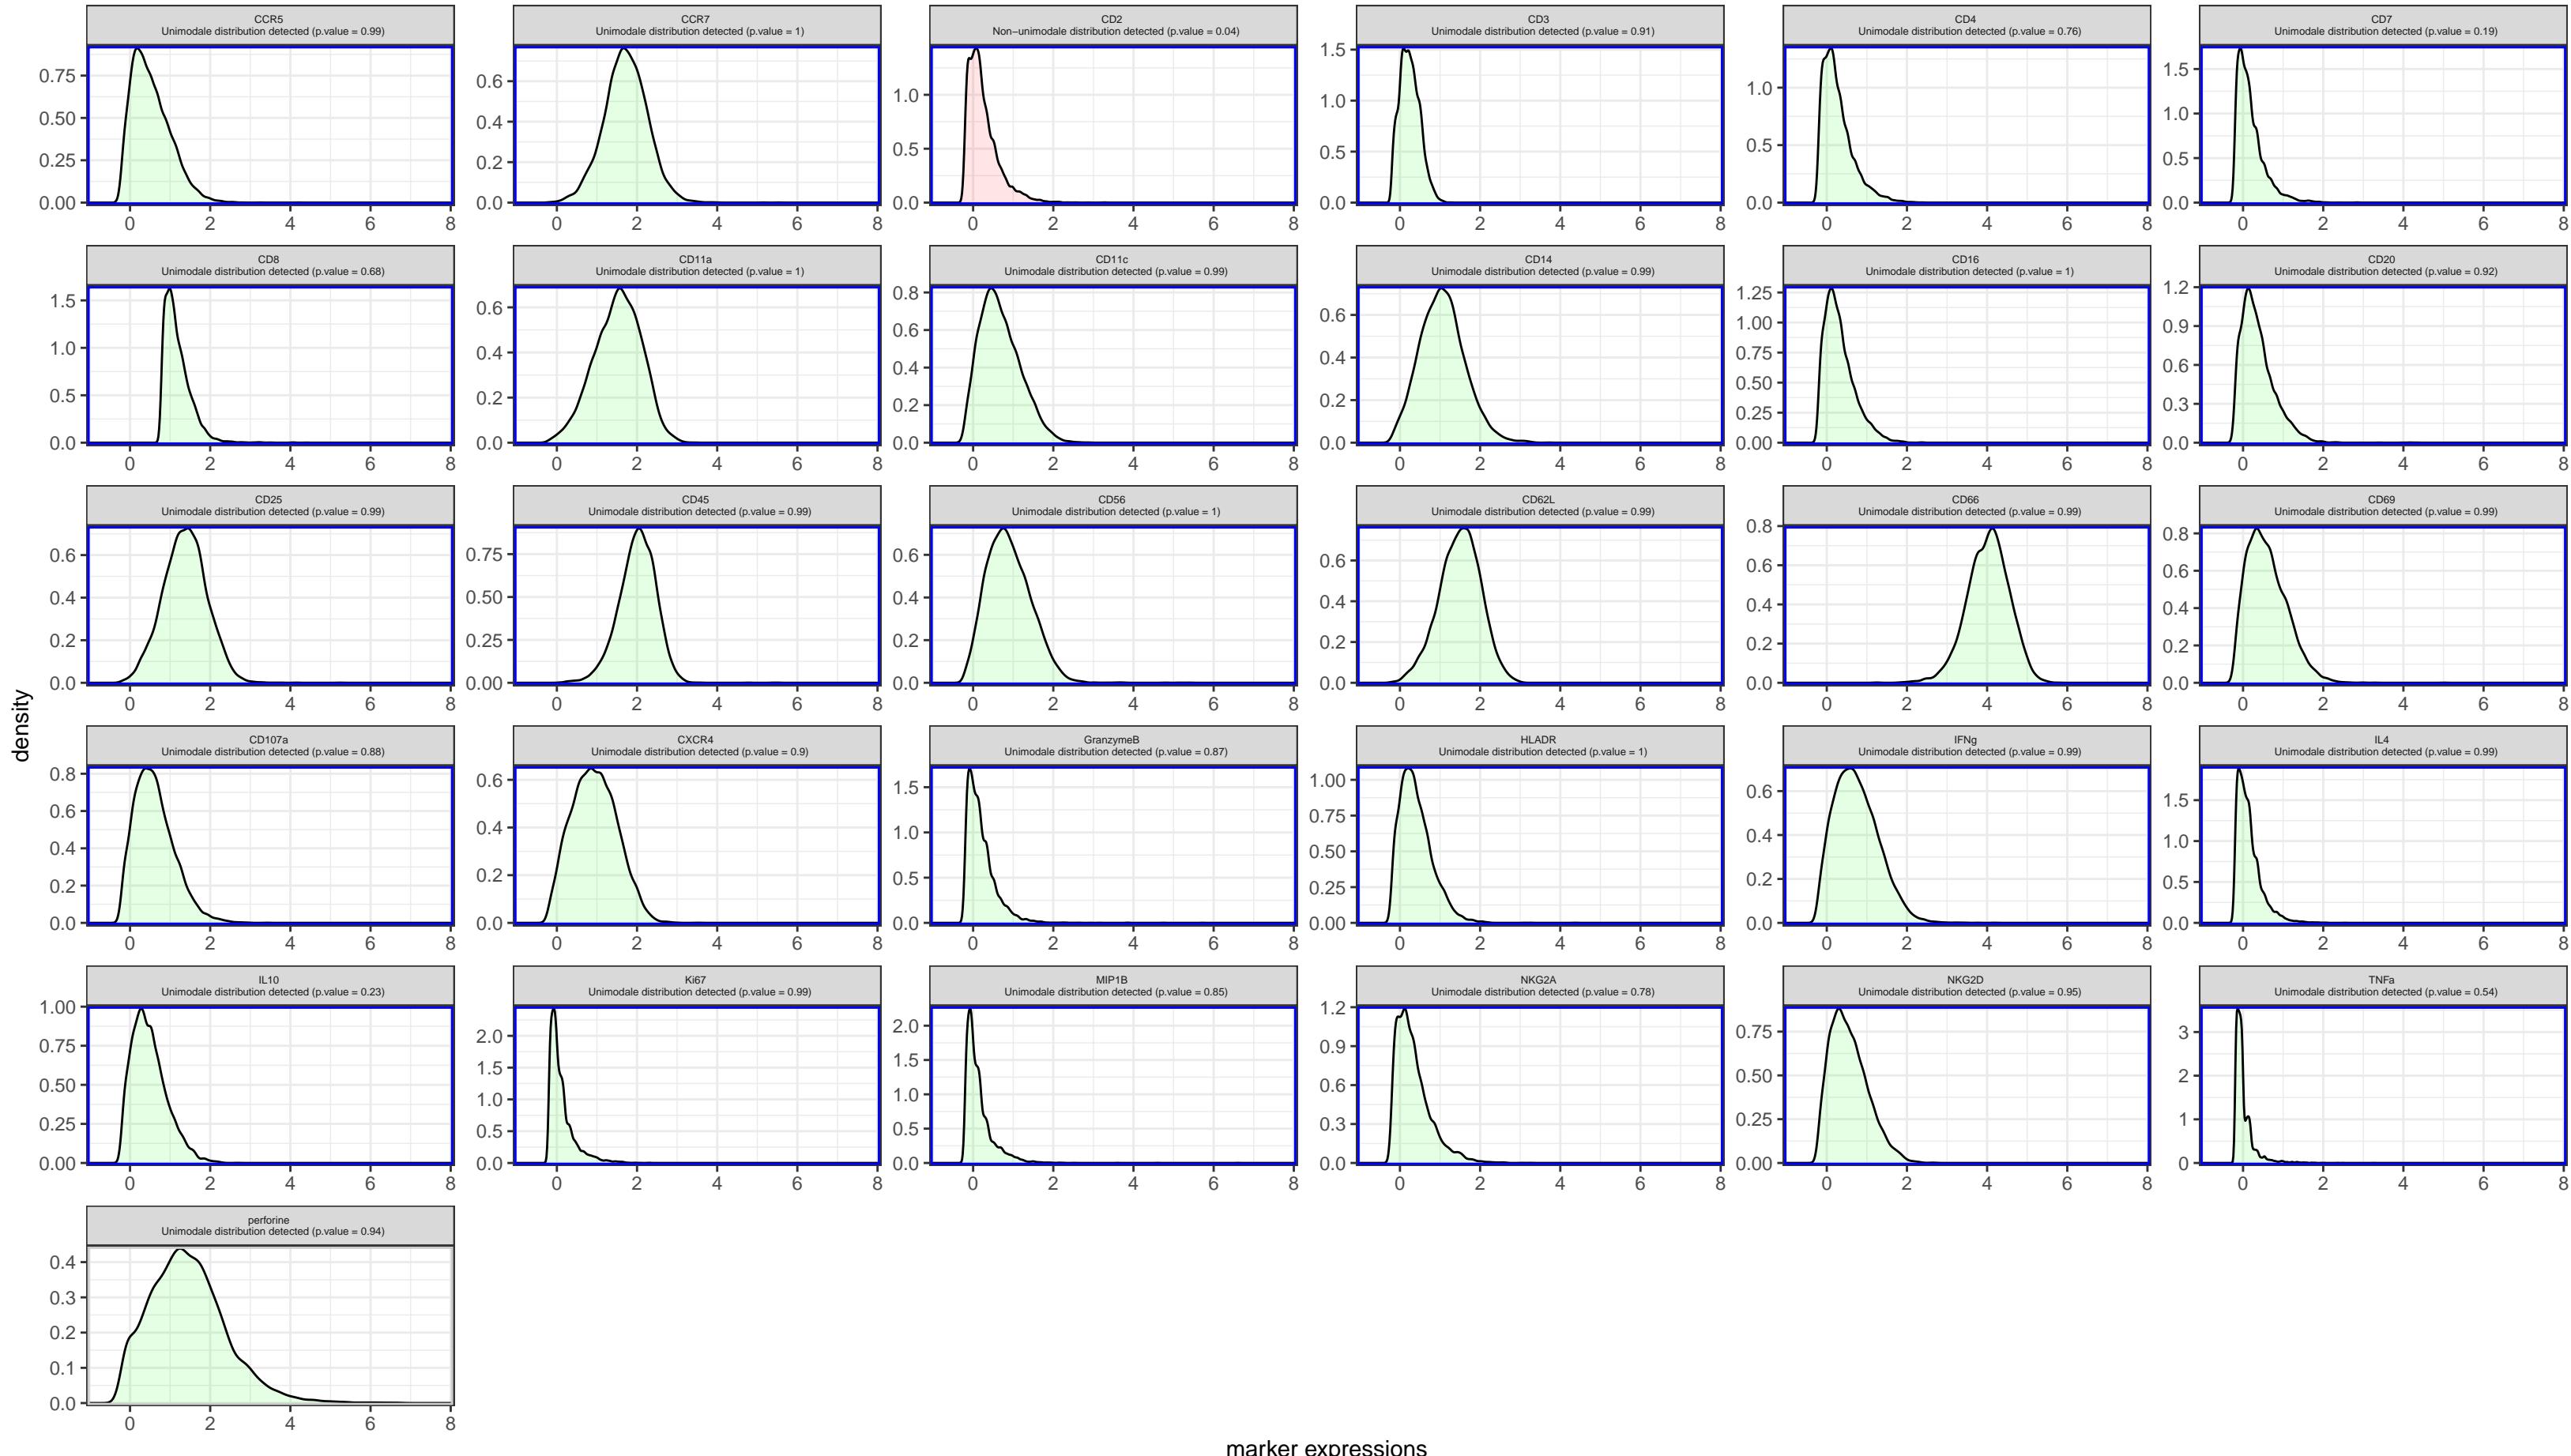

Densities of marker expressions for cluster : 14 (4 879 cells)

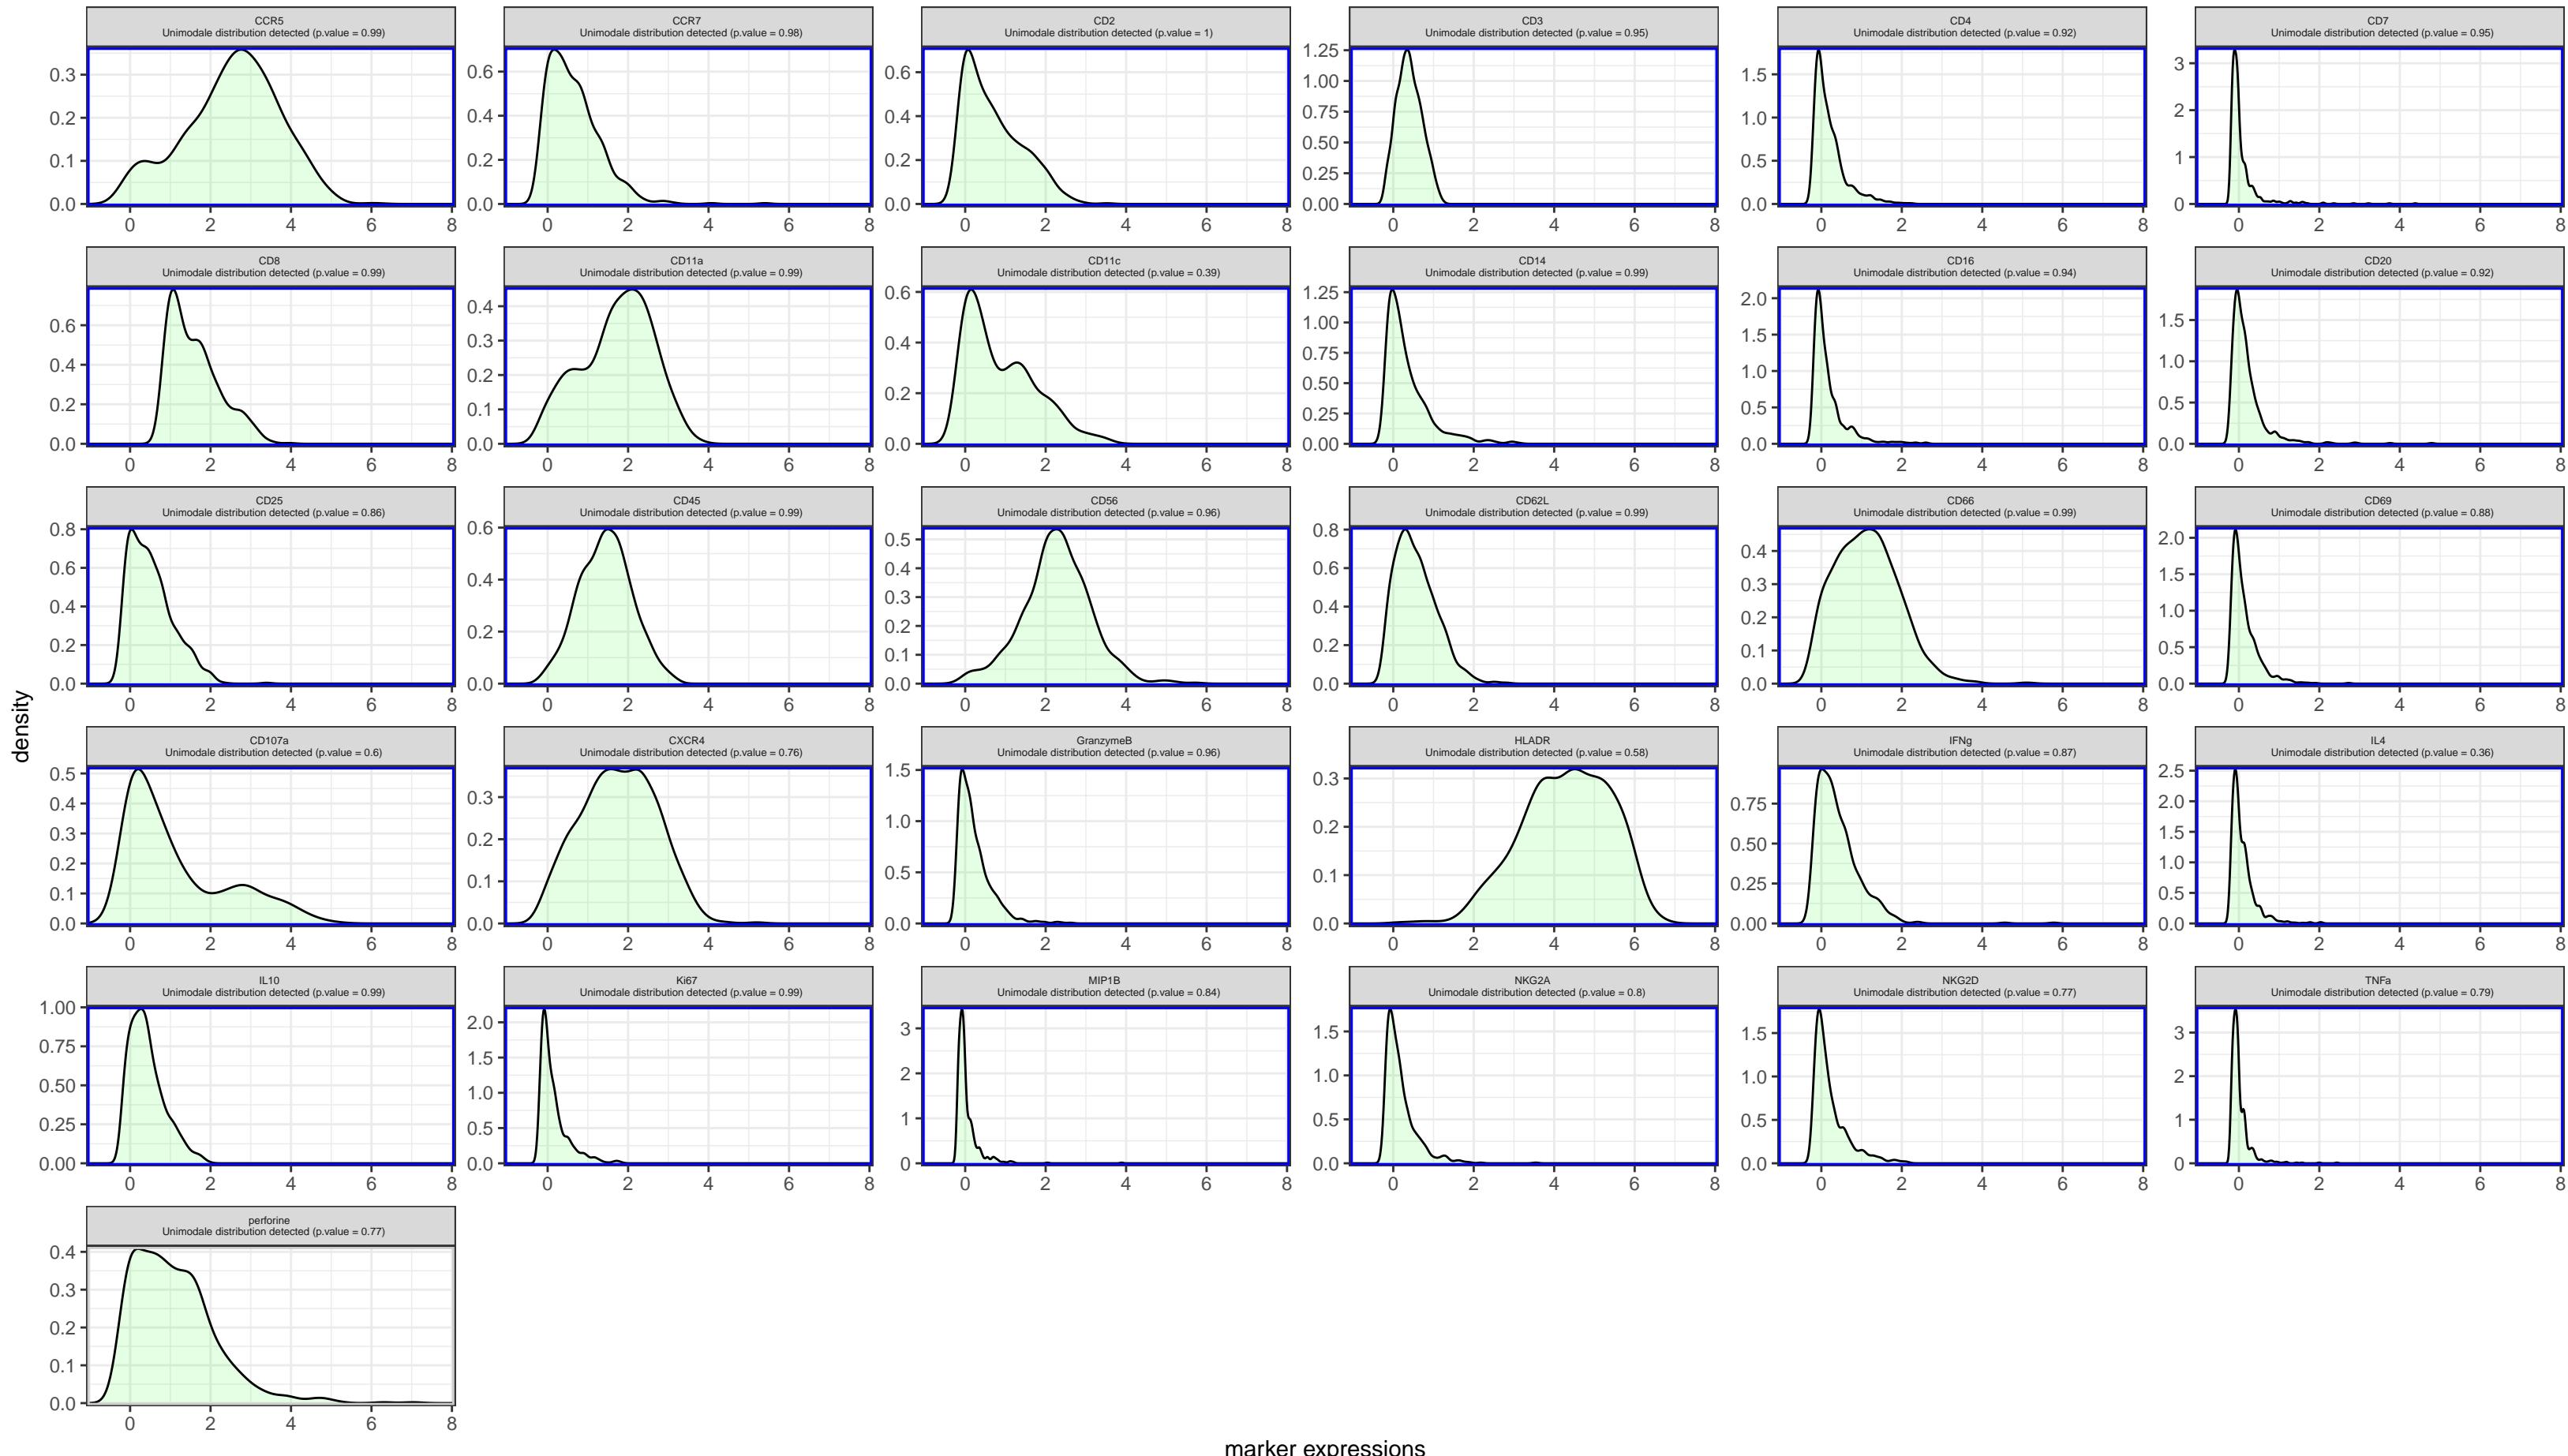

Densities of marker expressions for cluster : 15 (2 223 cells)

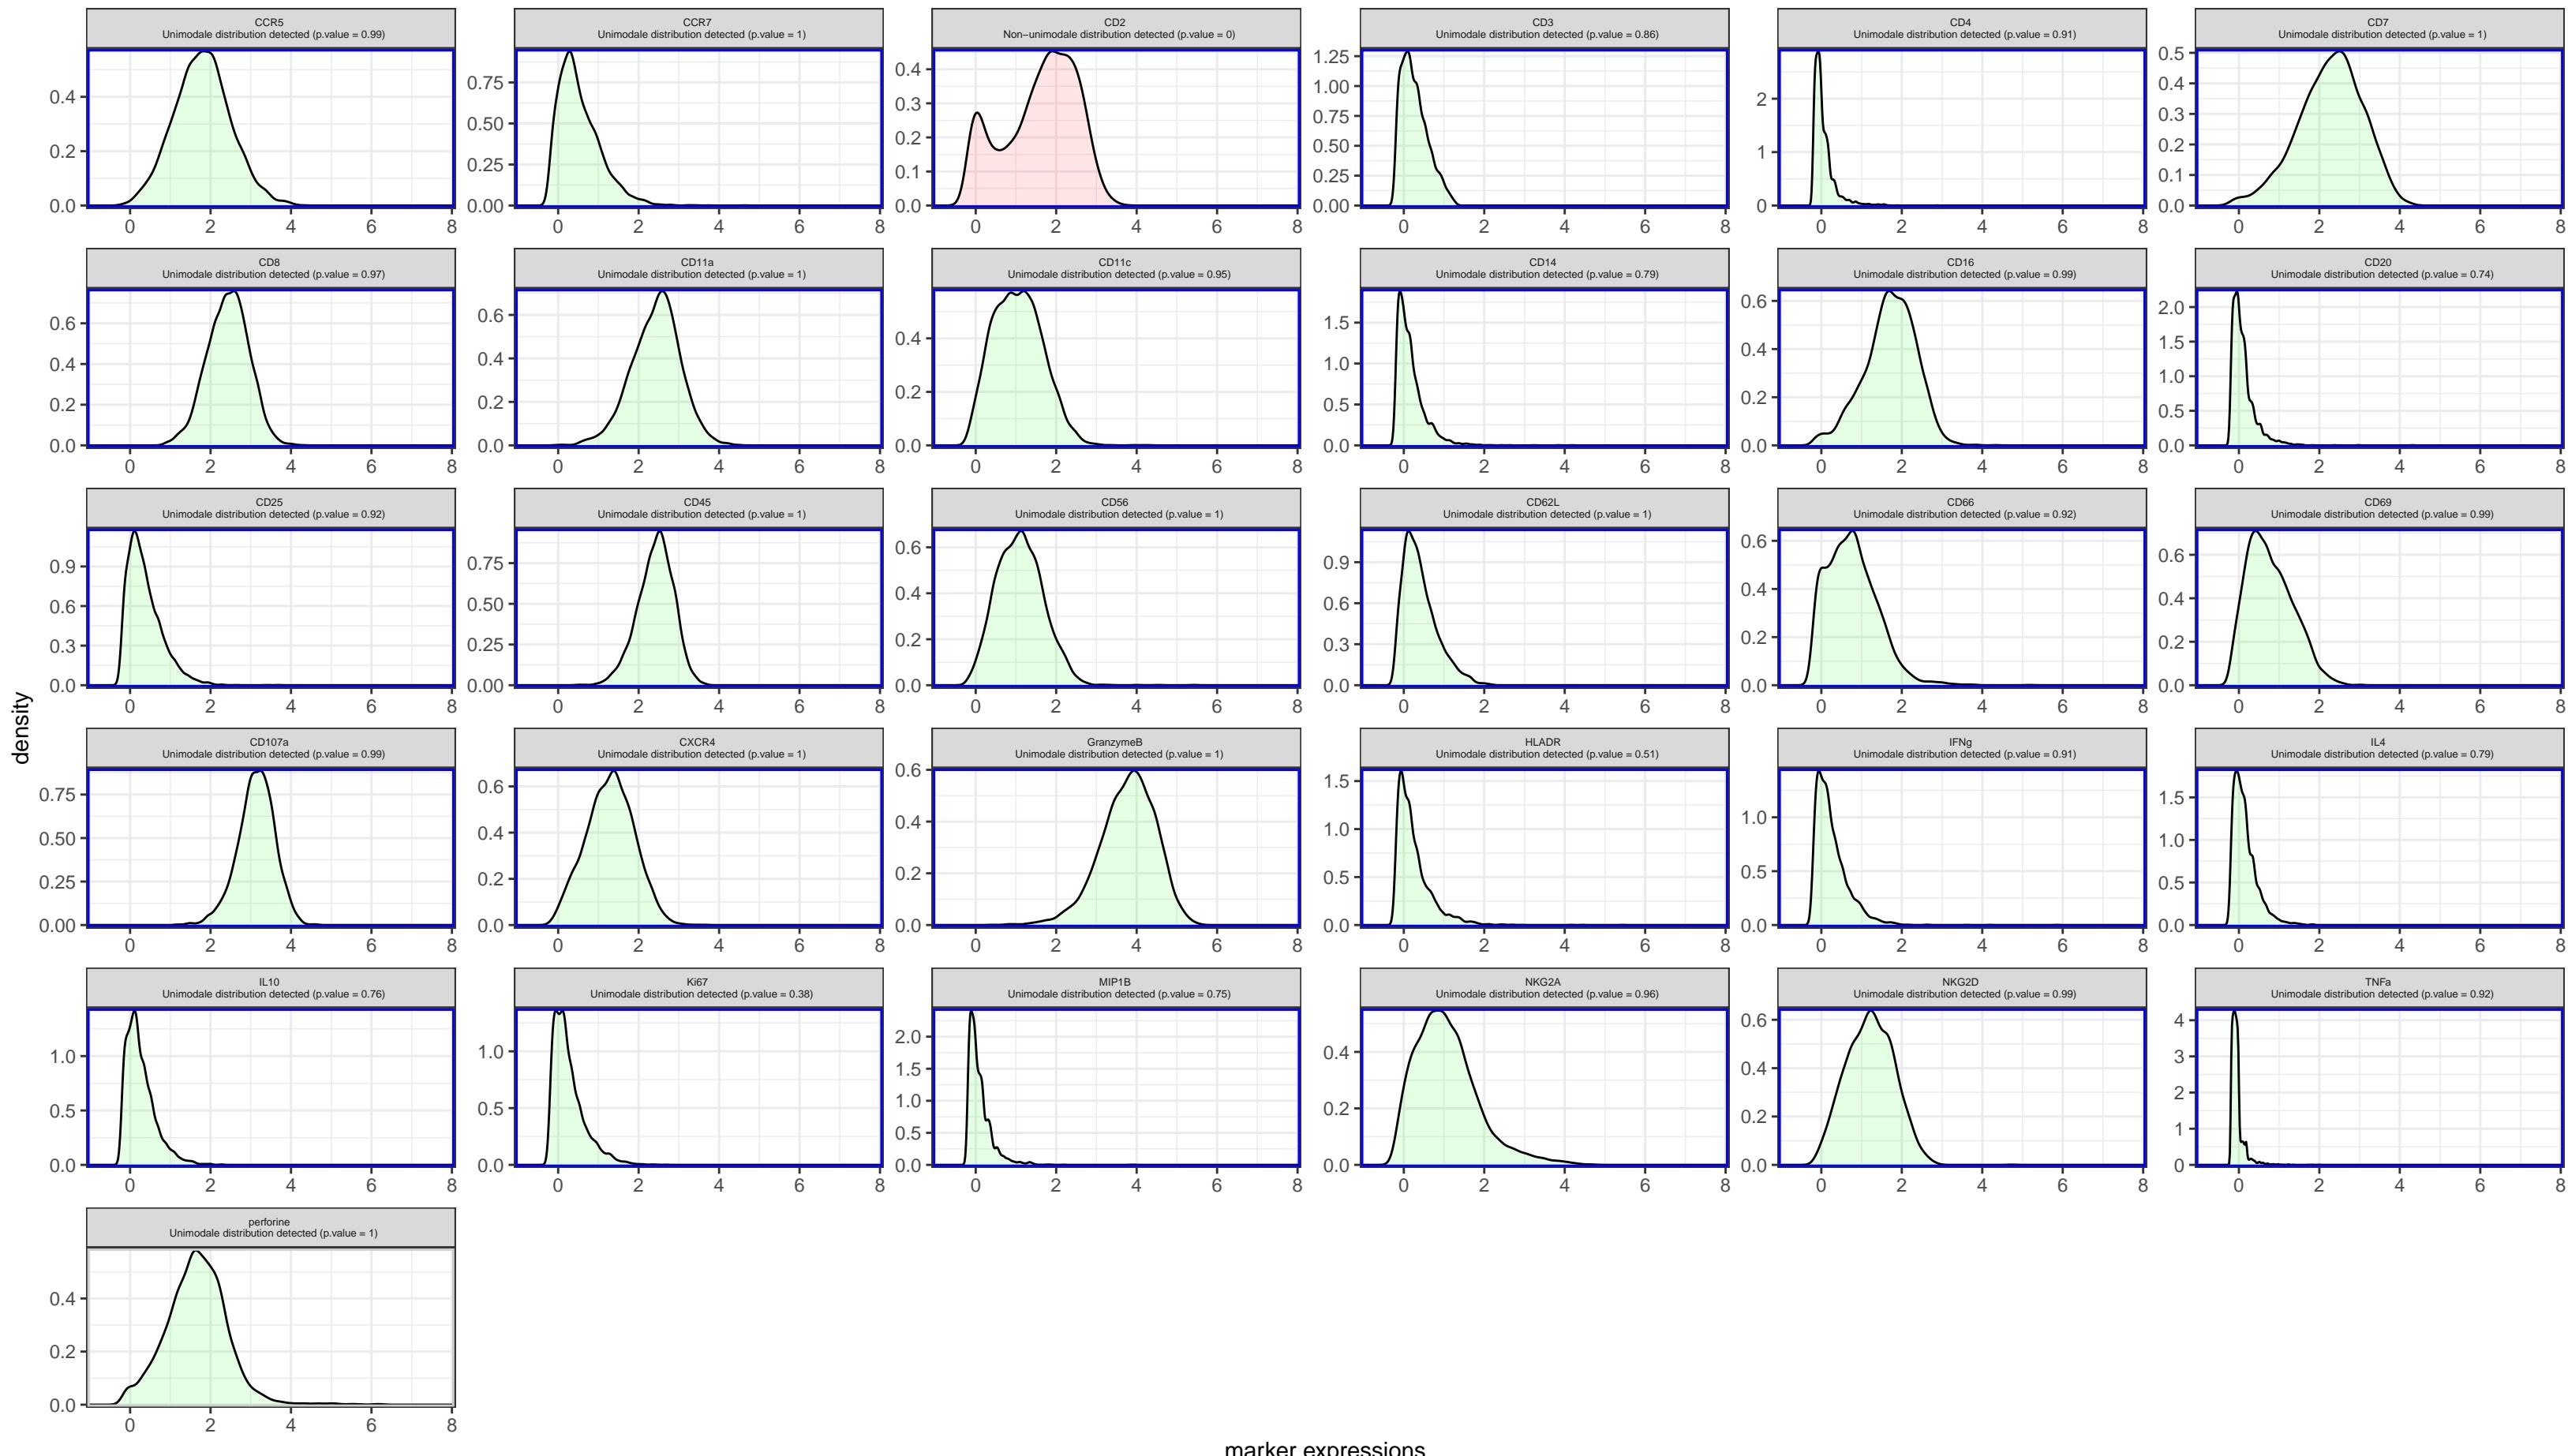

Densities of marker expressions for cluster : 16 (7 407 cells)

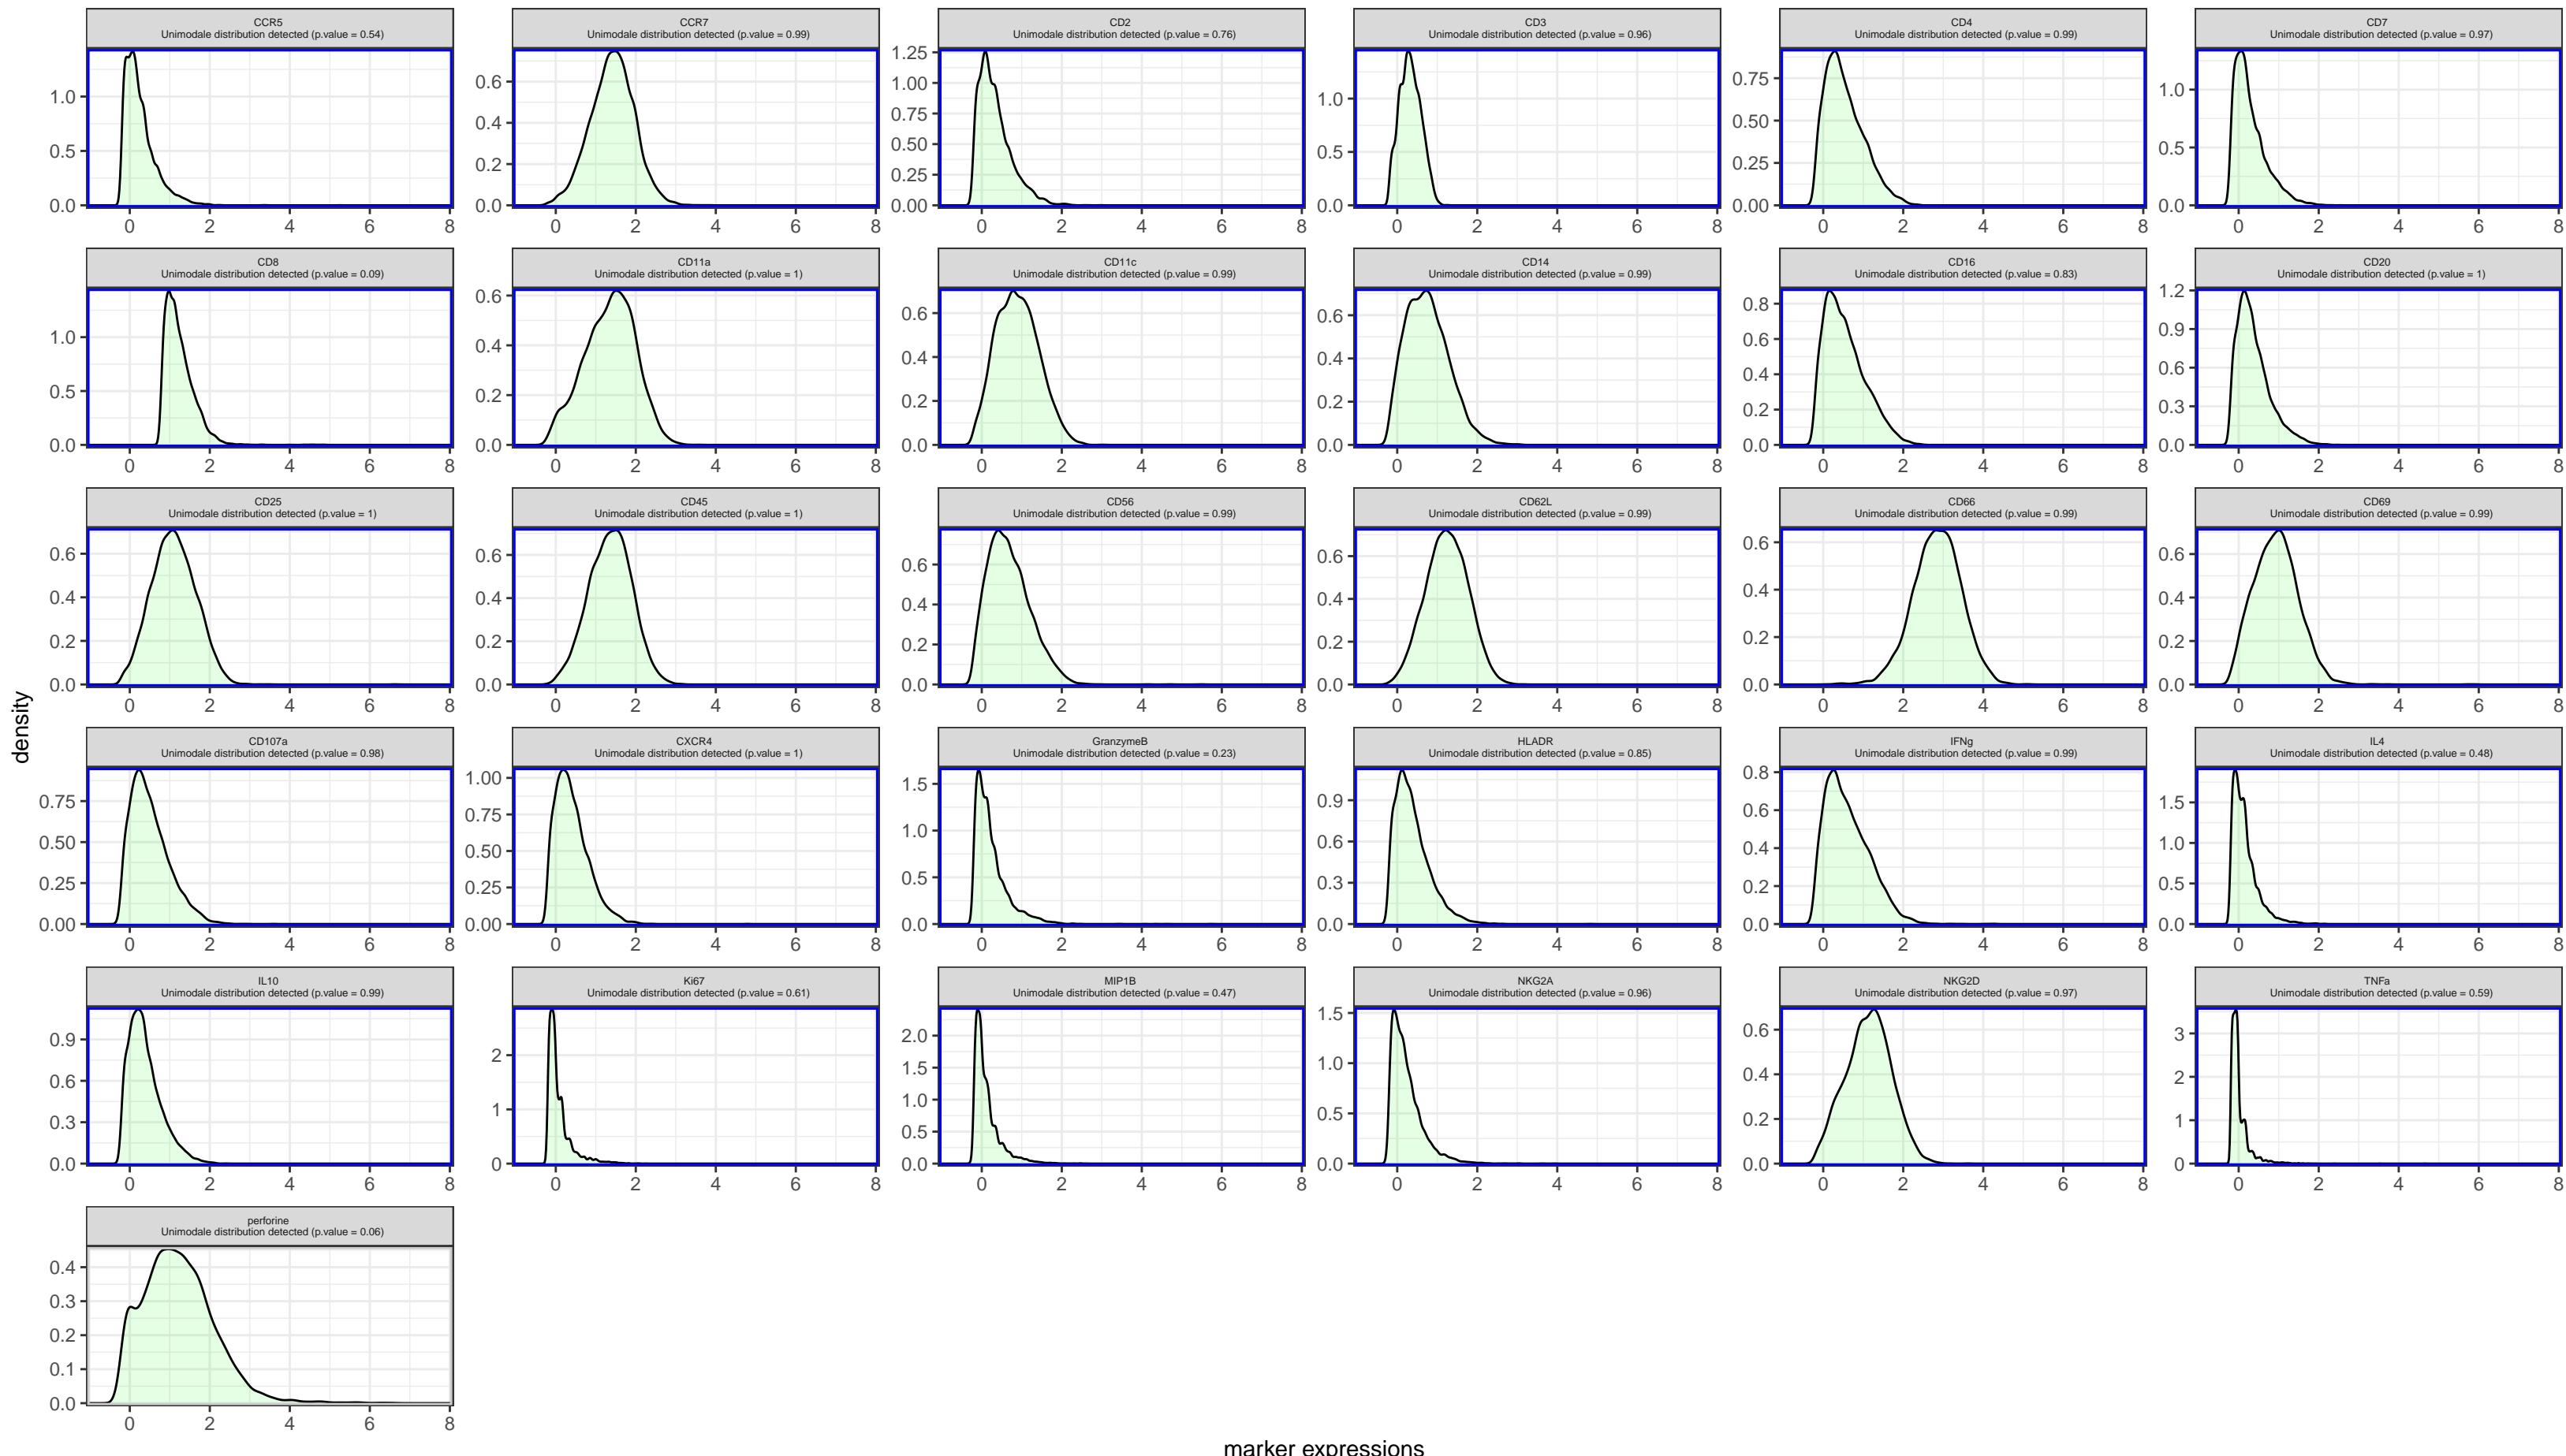

Densities of marker expressions for cluster : 17 (706 cells)

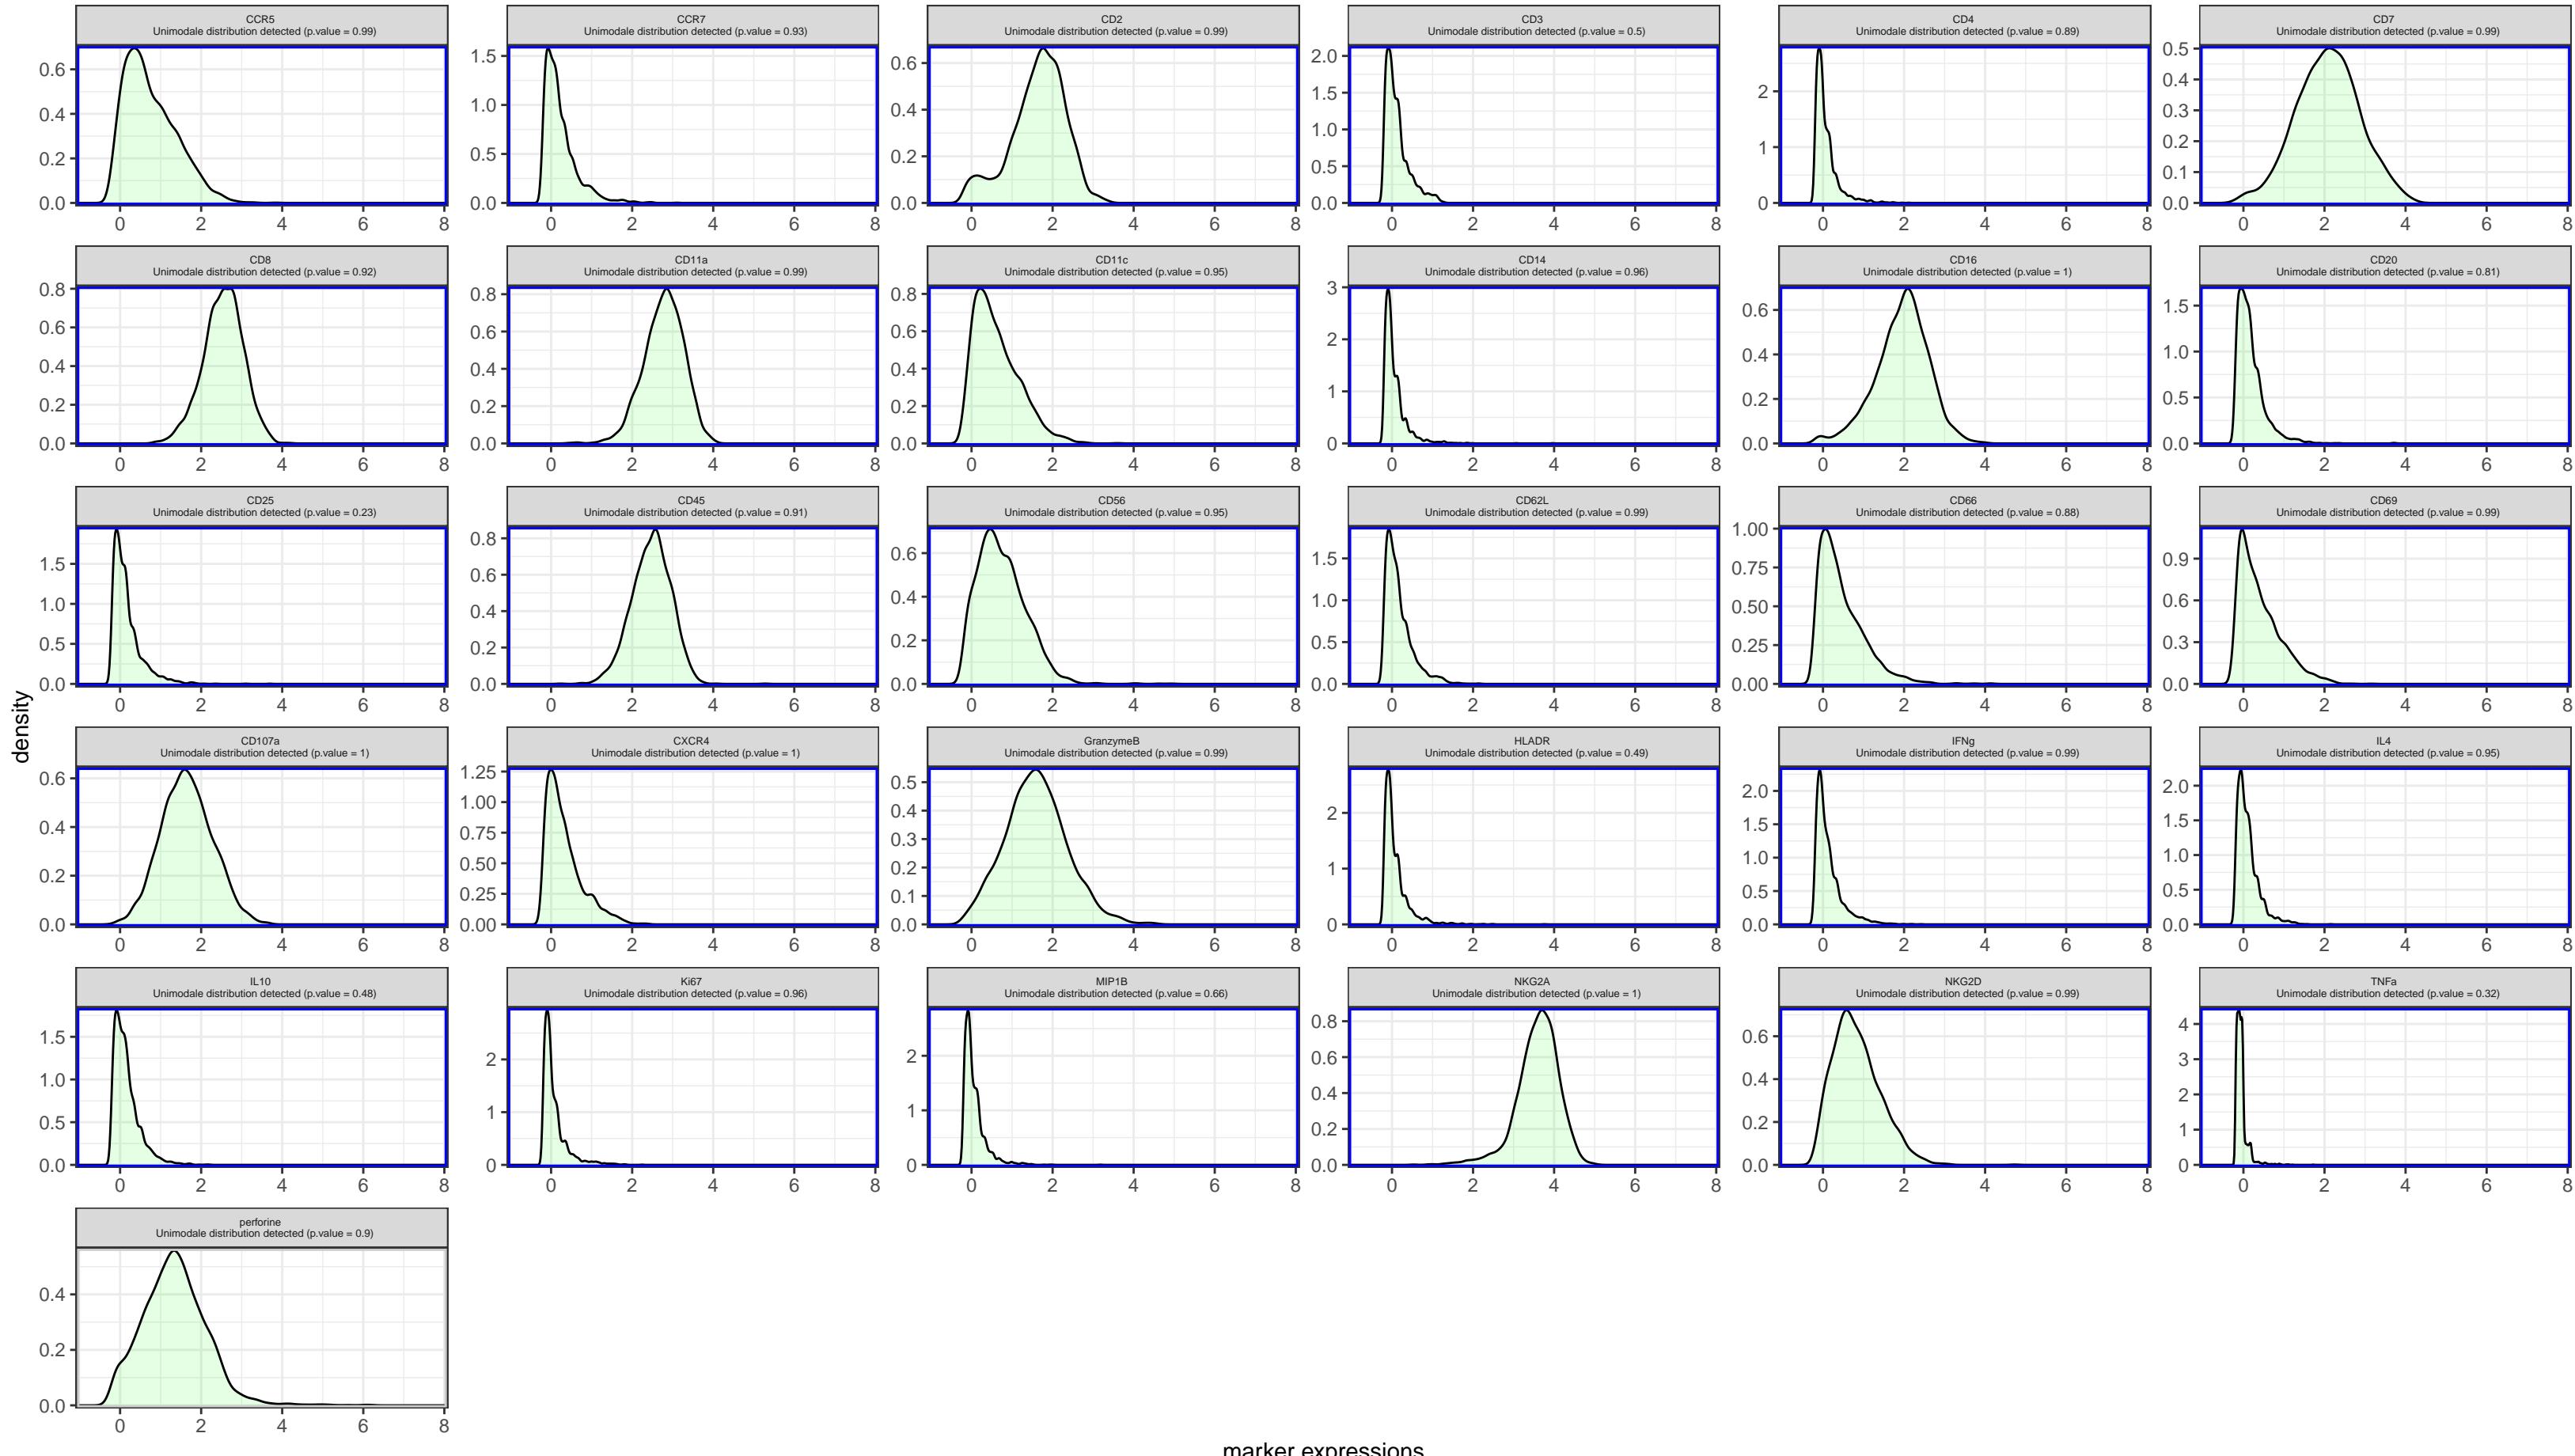

Densities of marker expressions for cluster : 18 (3 944 cells)

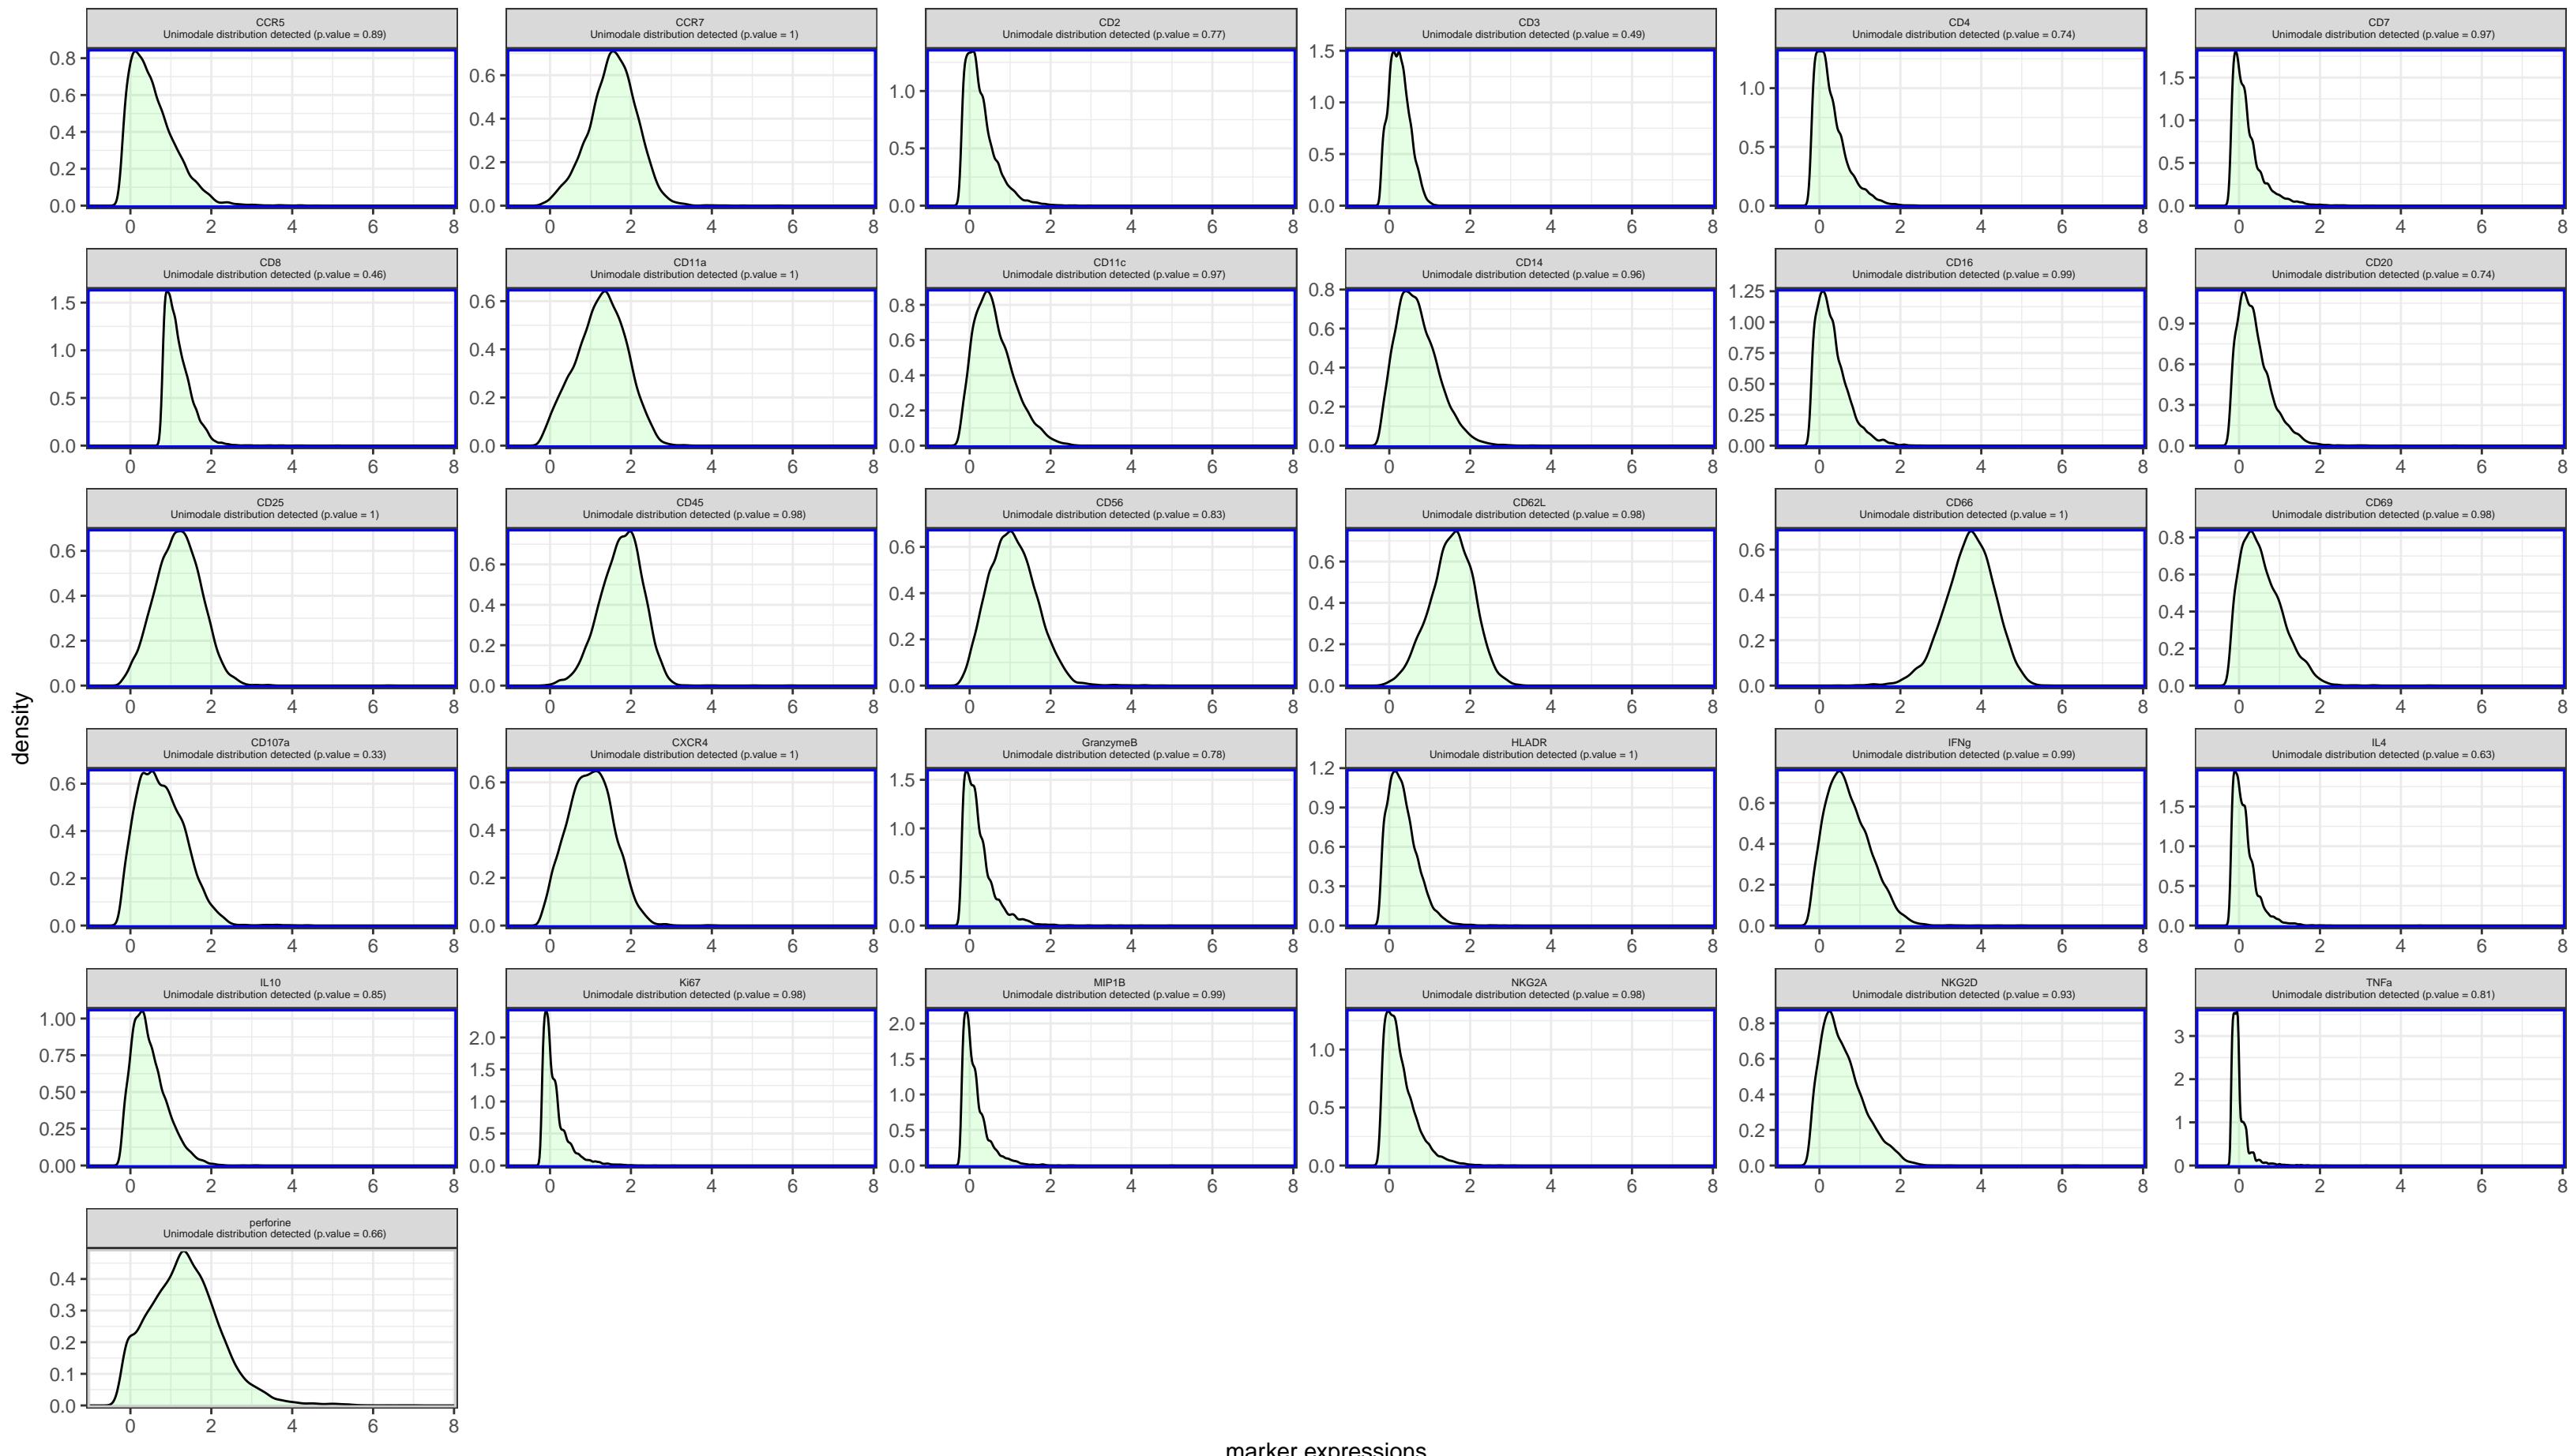

Densities of marker expressions for cluster : 19 (6 992 cells)

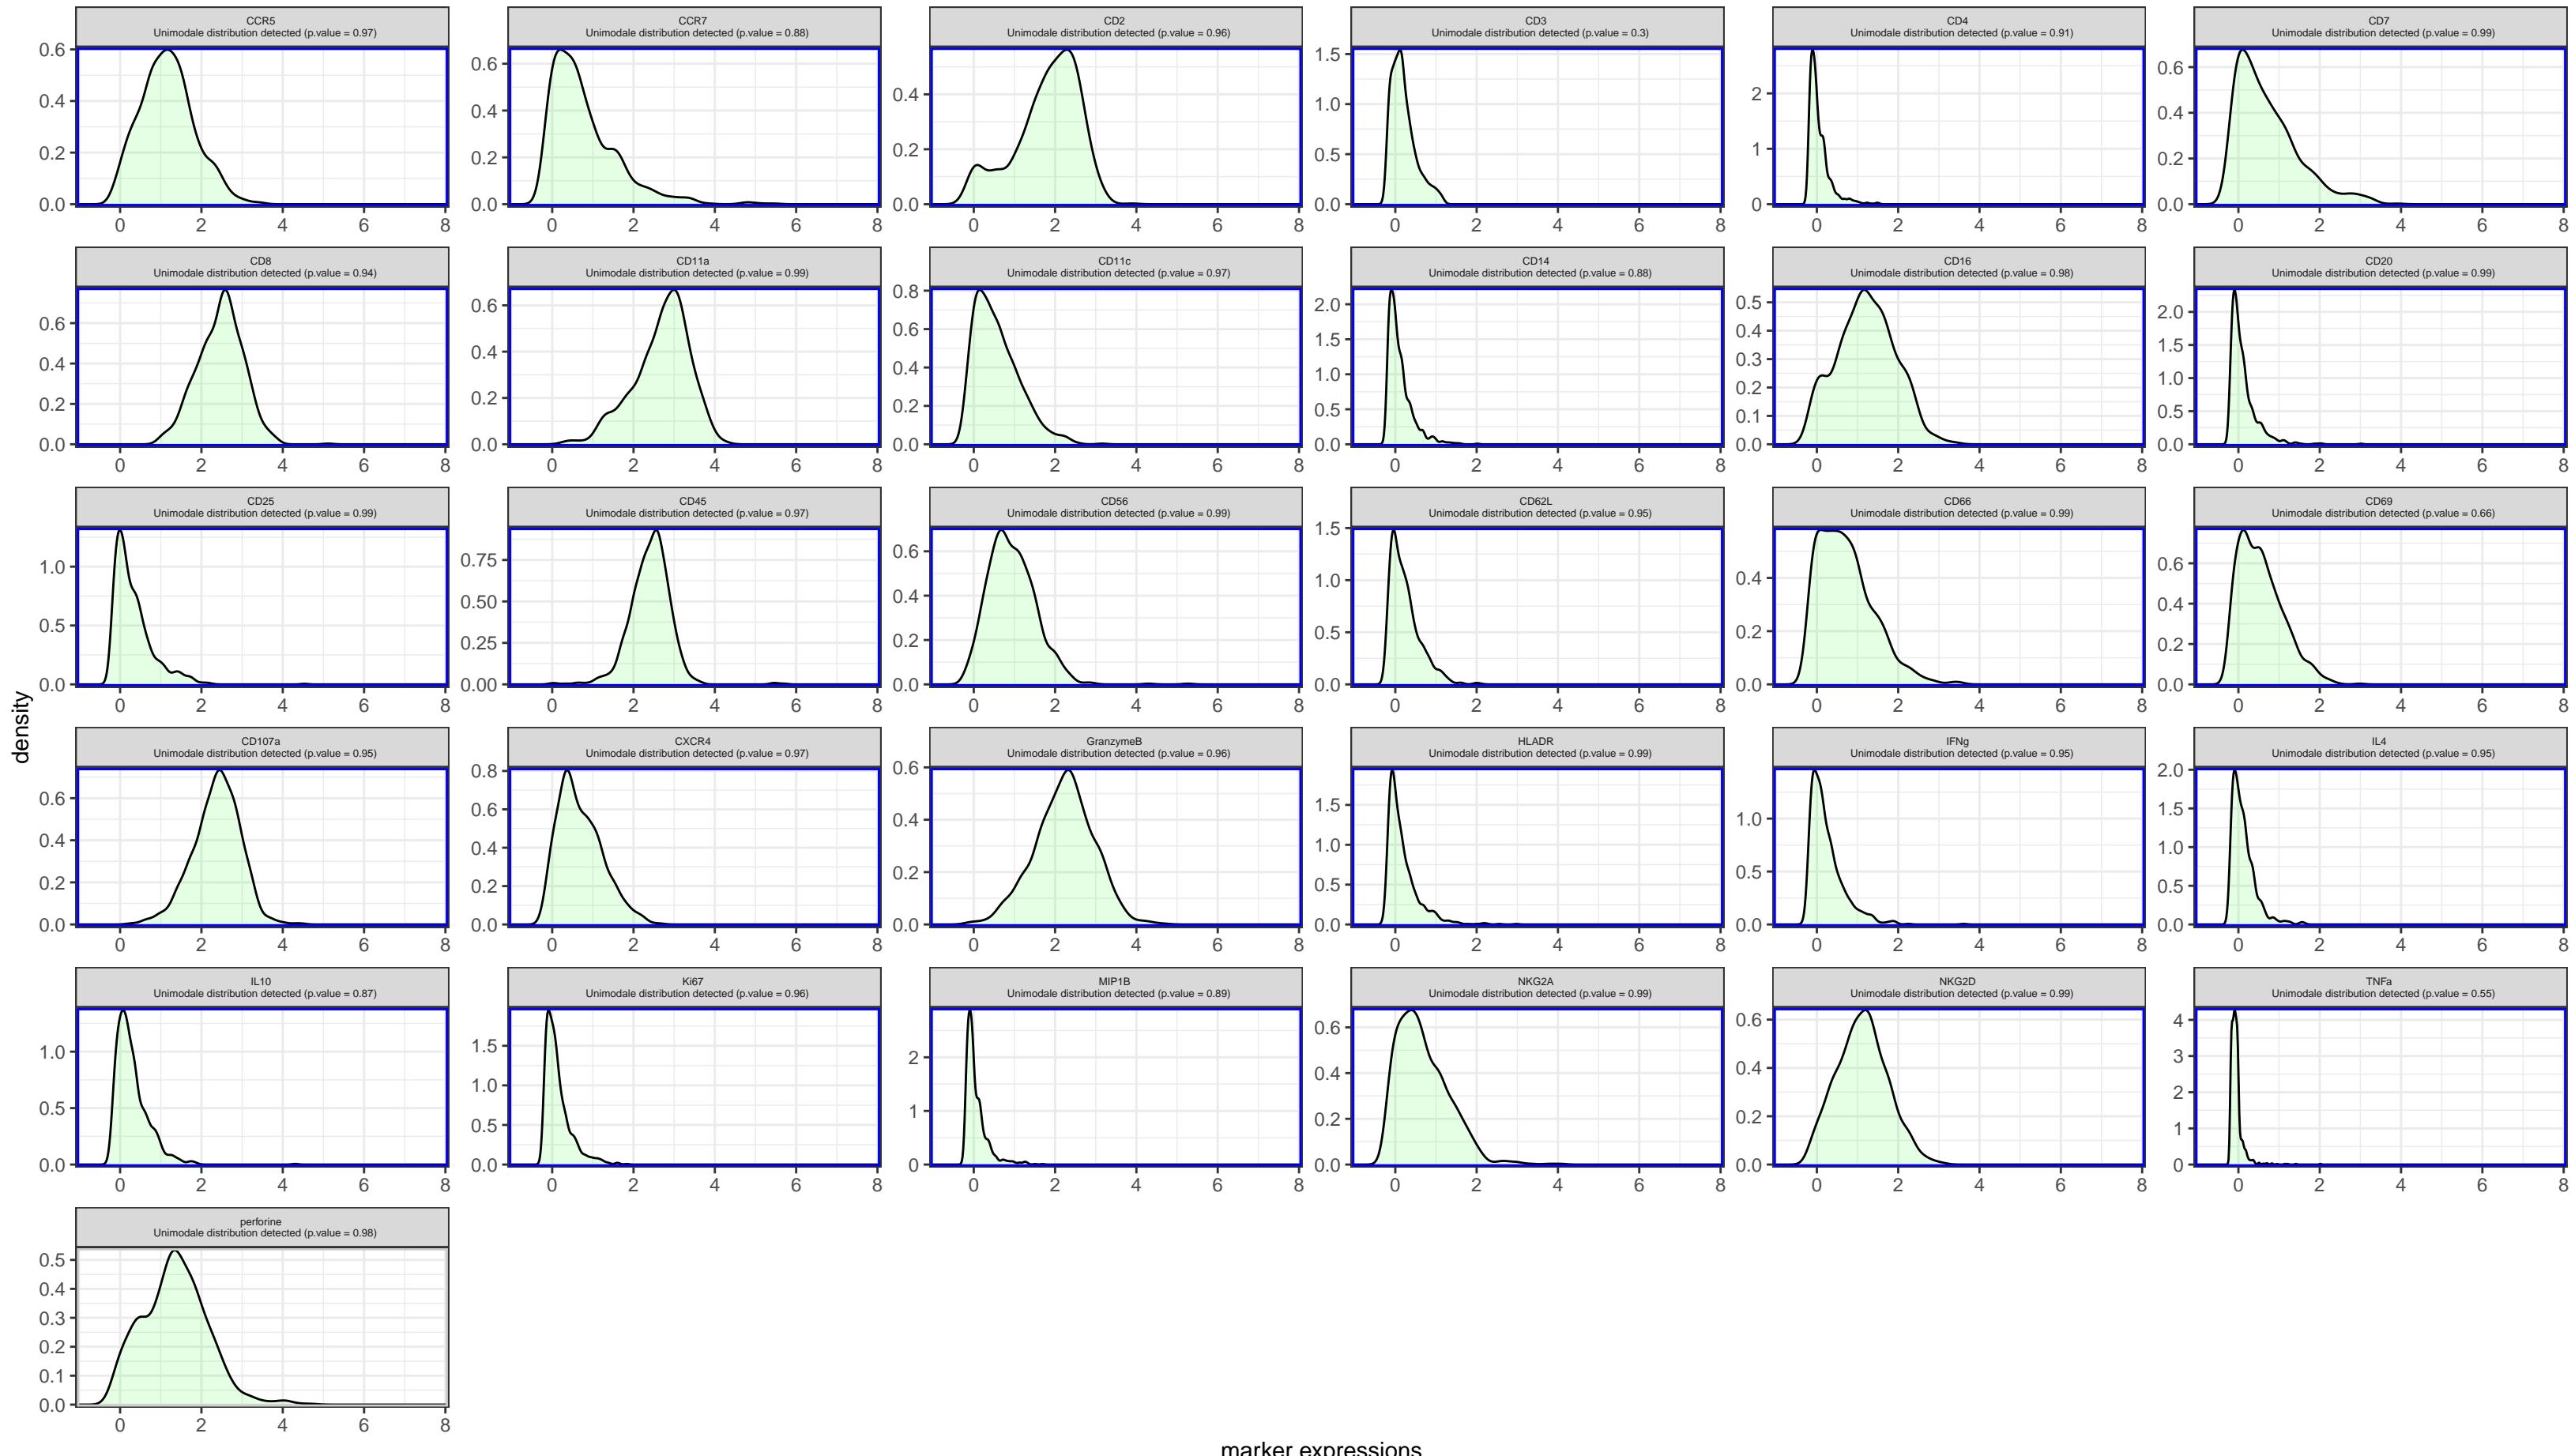

Densities of marker expressions for cluster : 20 (2 750 cells)

Densities of marker expressions for cluster : 21 (7 959 cells)

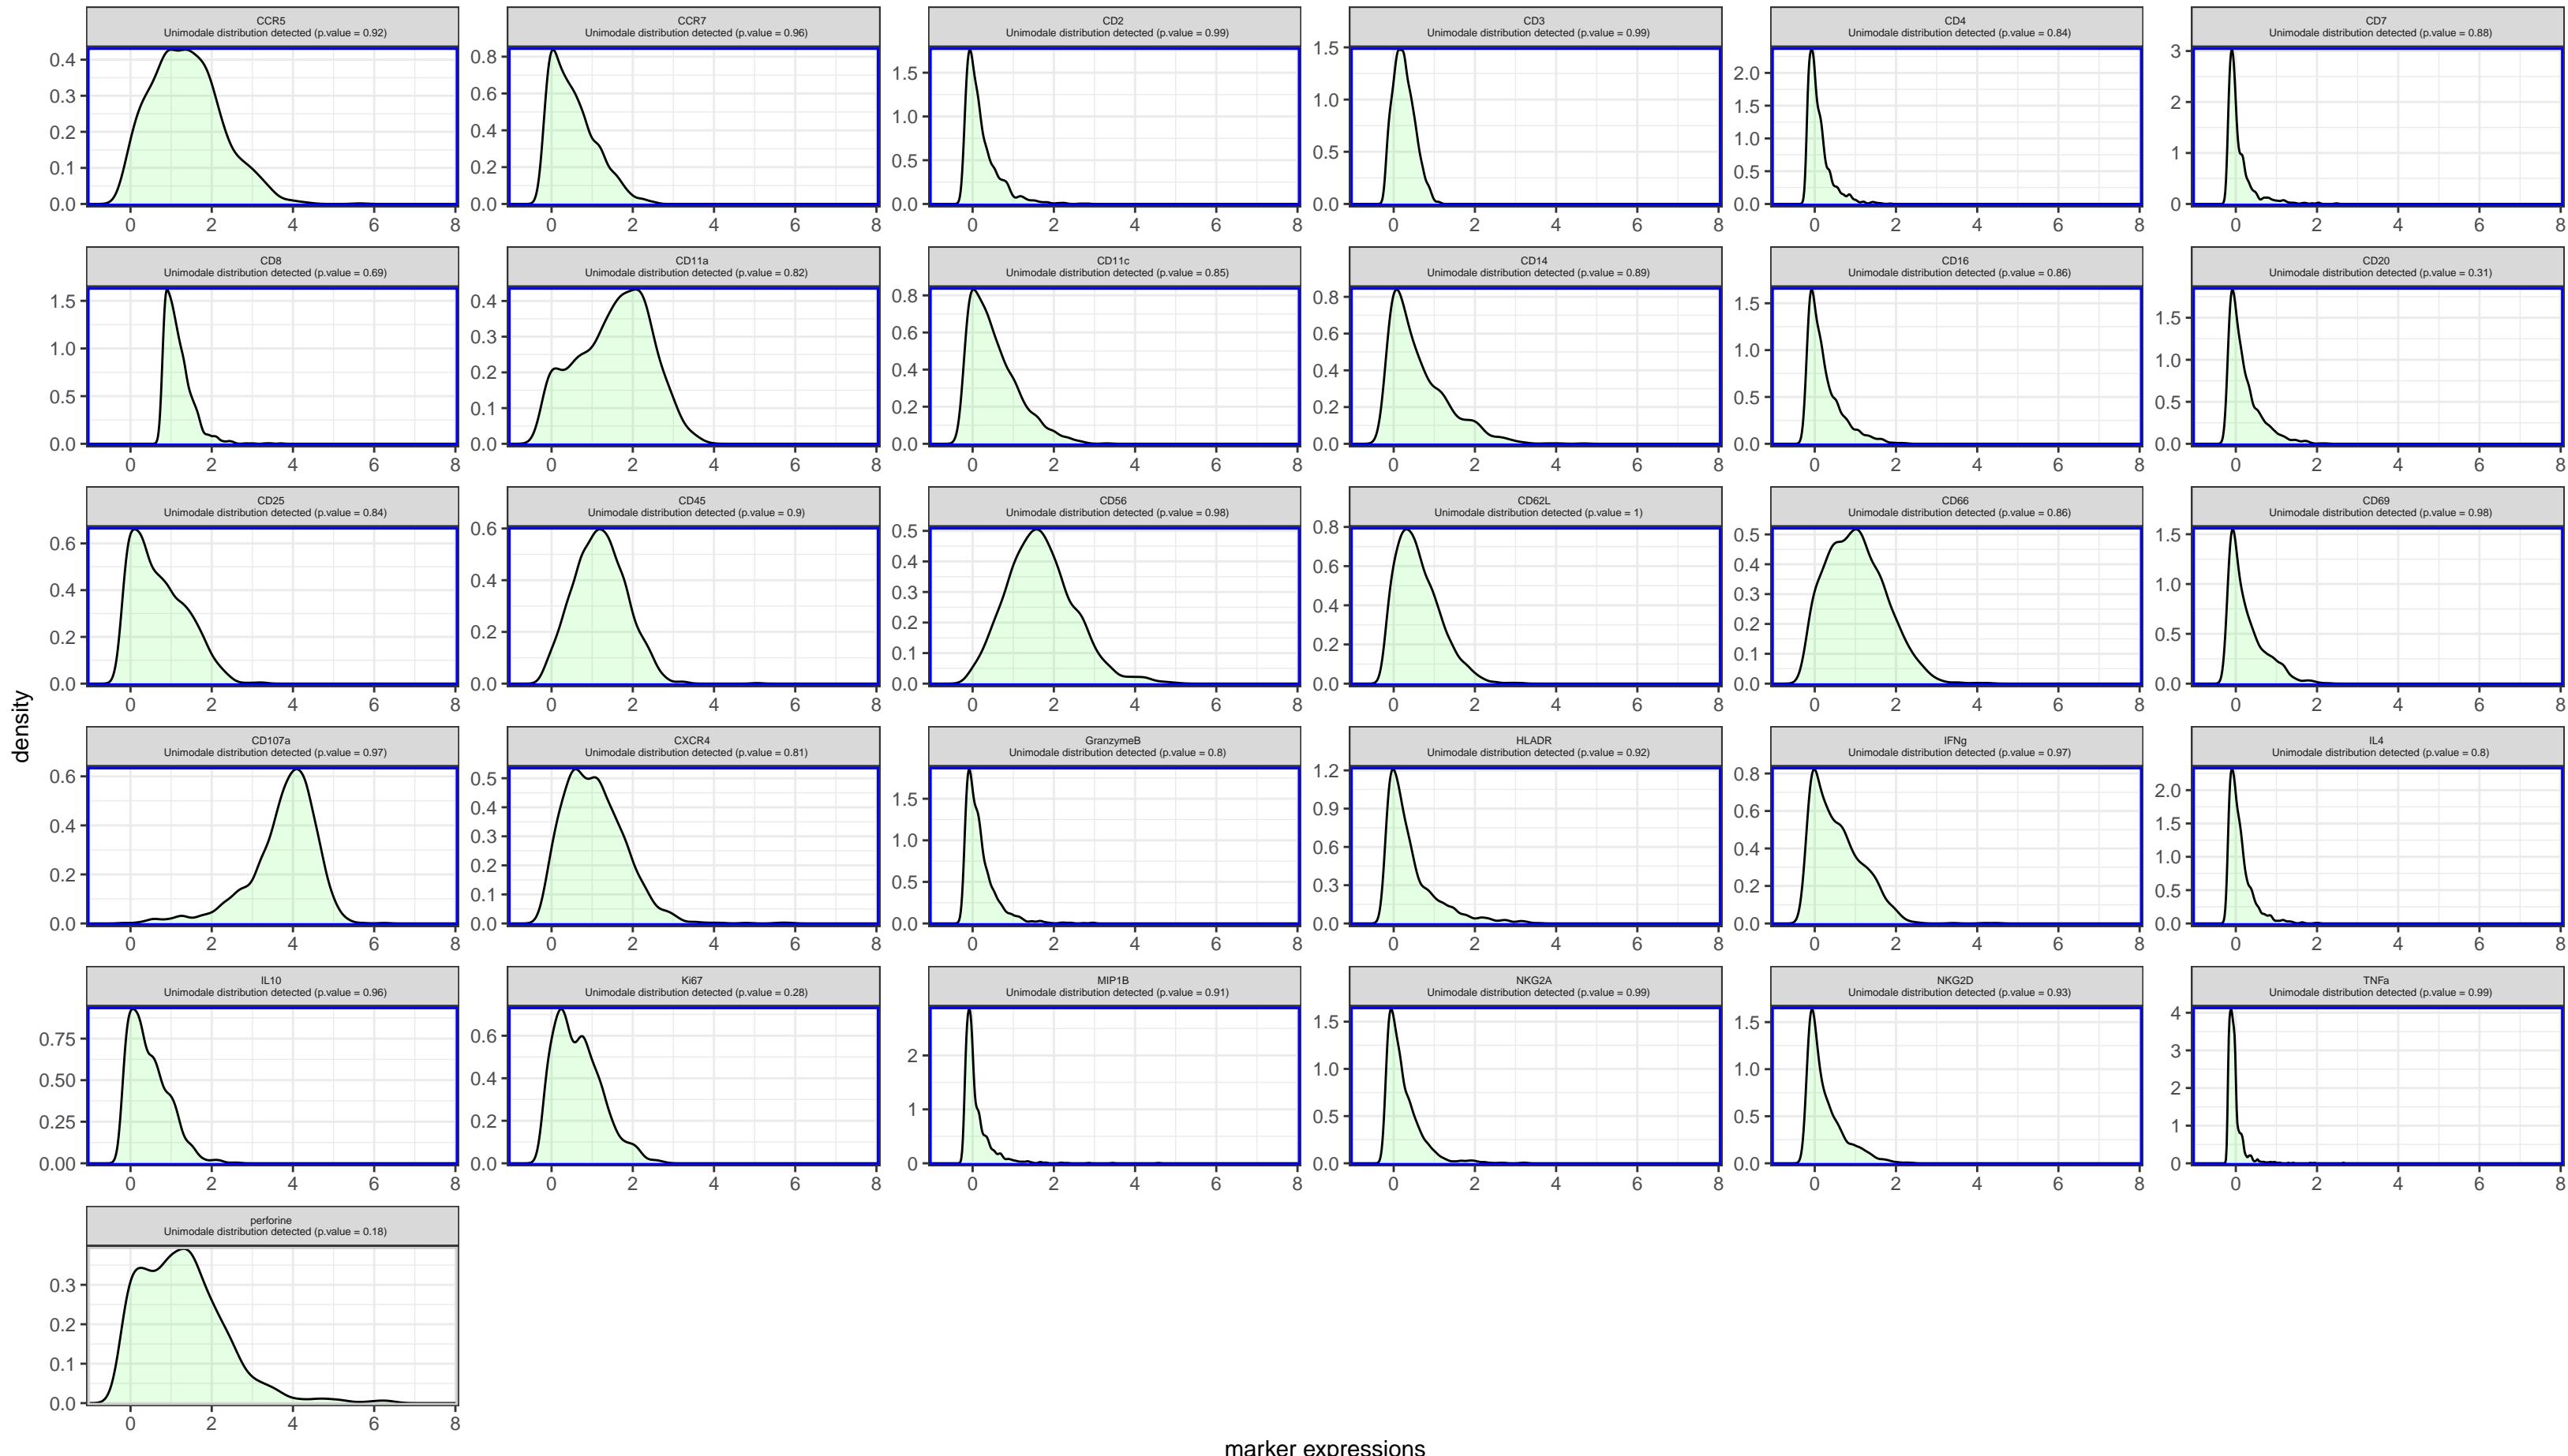

Densities of marker expressions for cluster : 22 (914 cells)

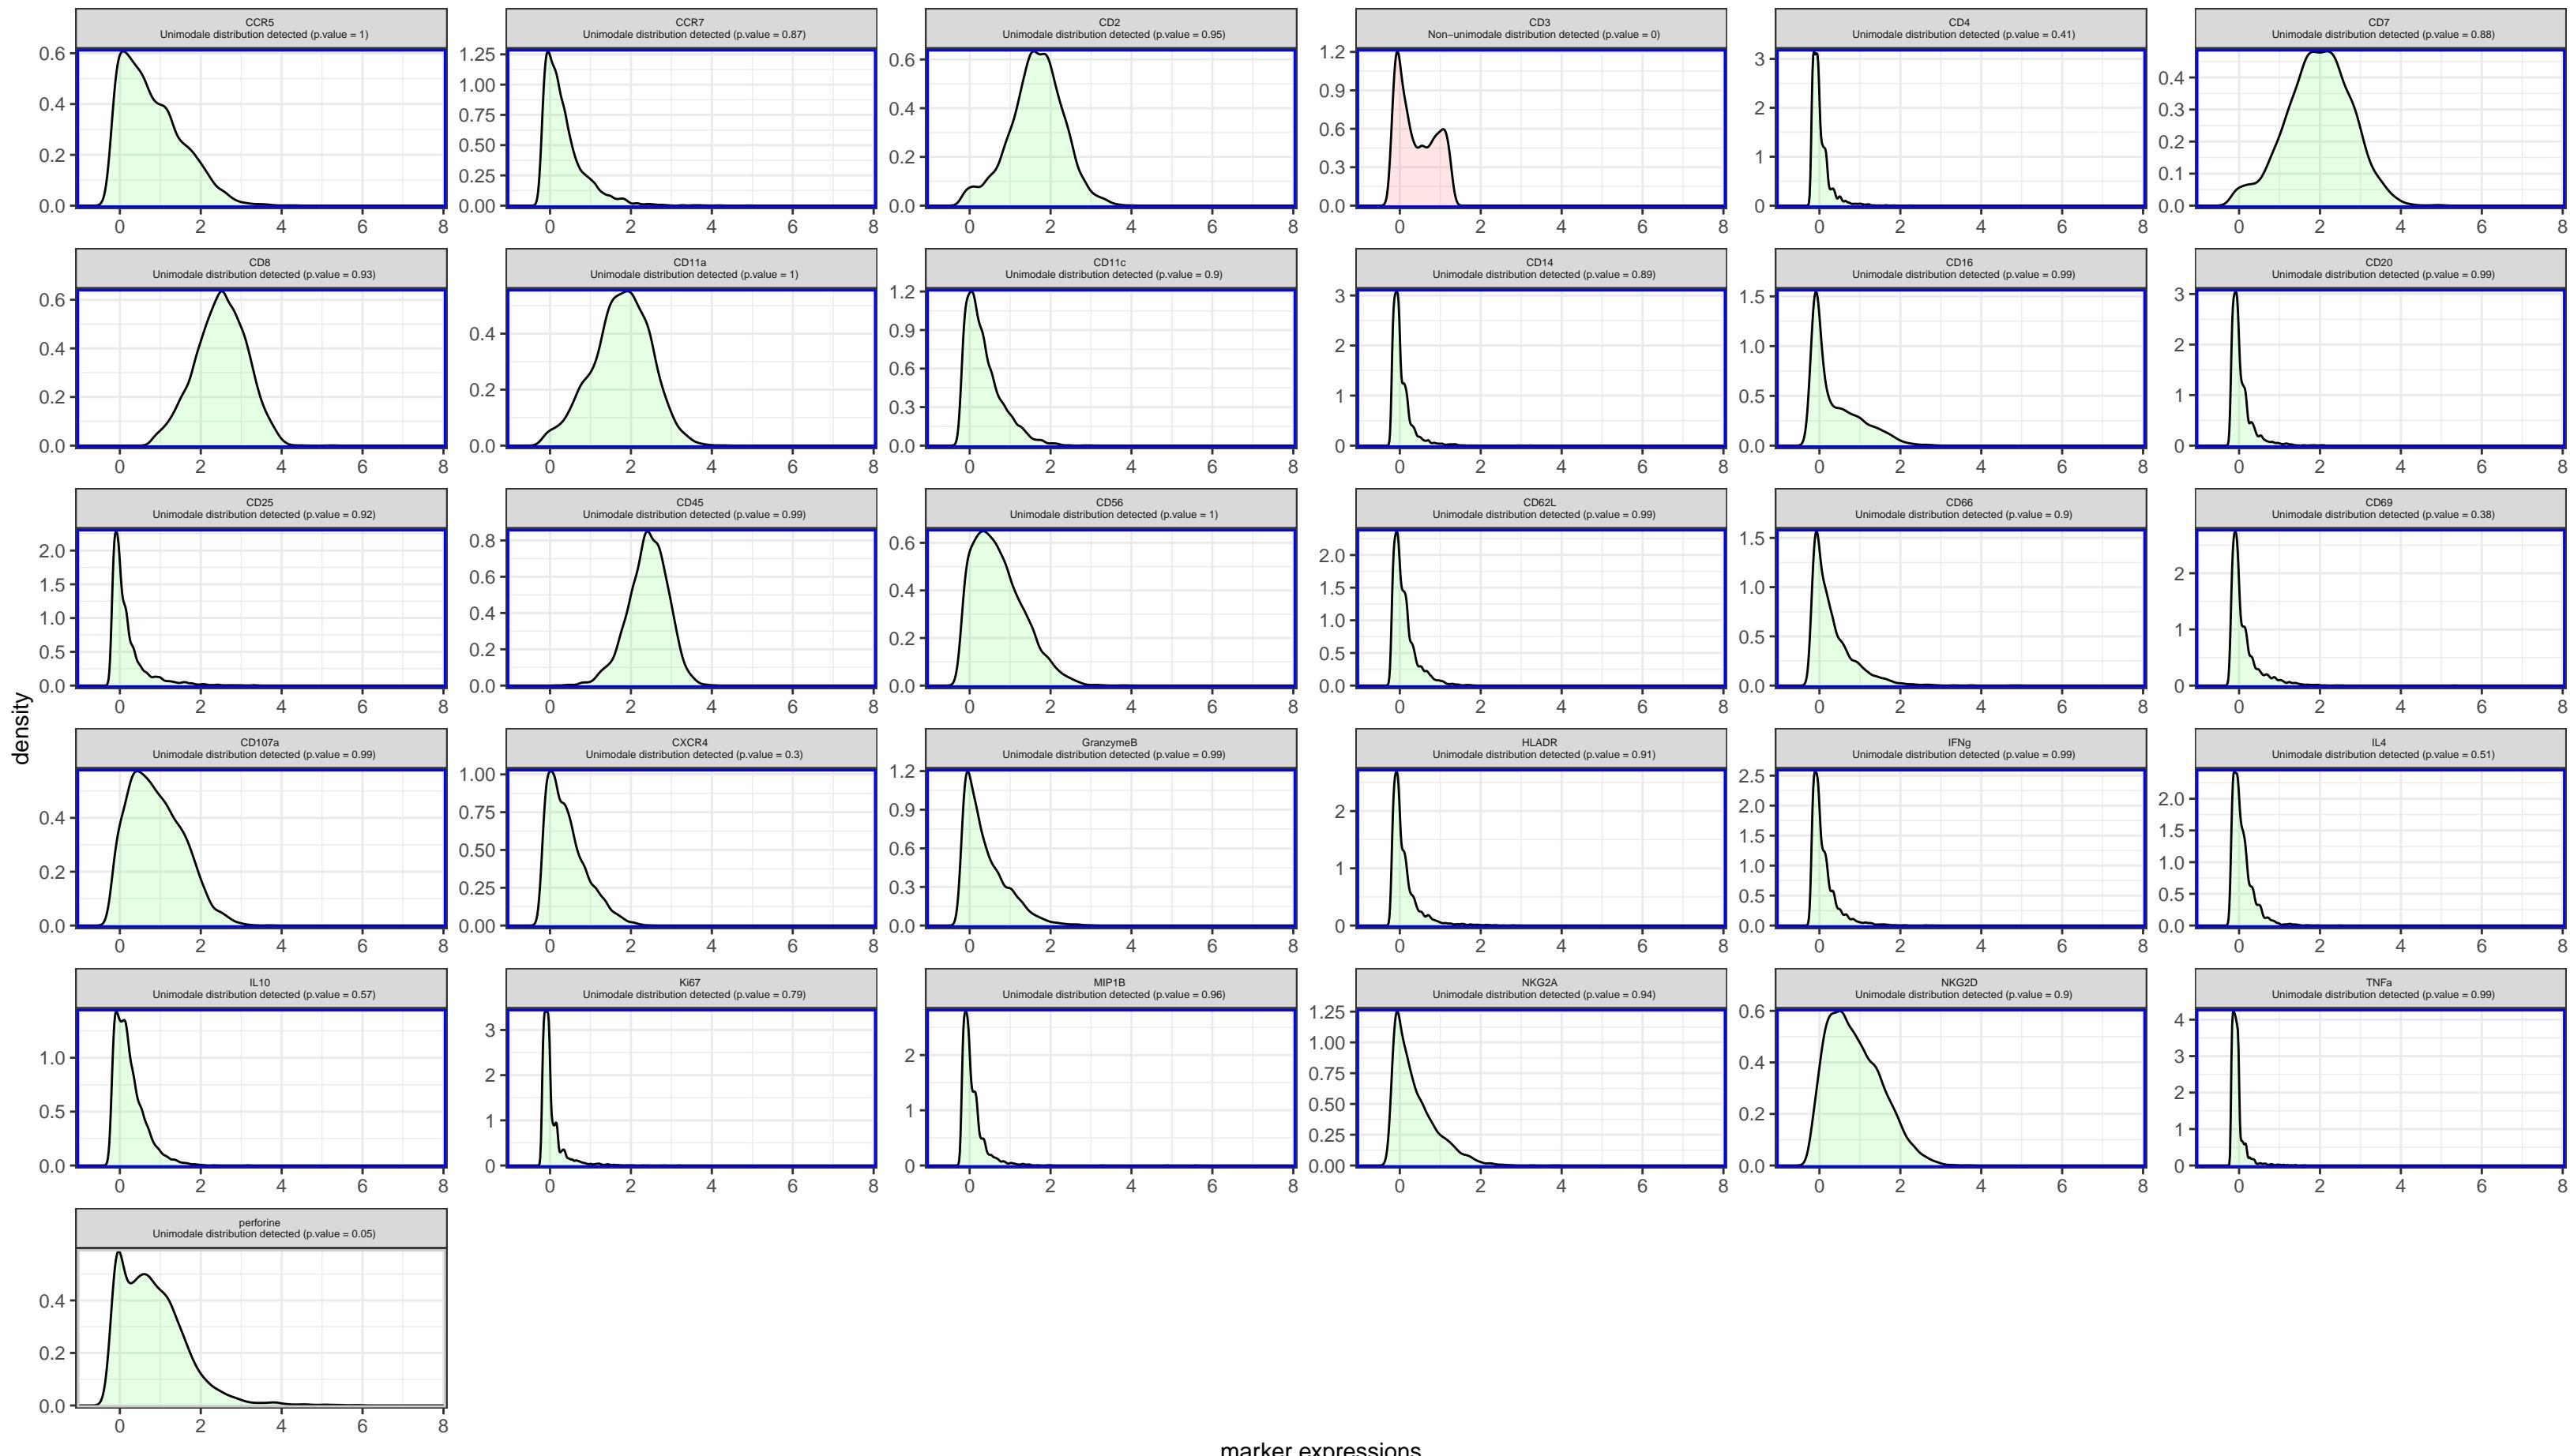

marker expressions

Densities of marker expressions for cluster : 23 (1 415 cells)

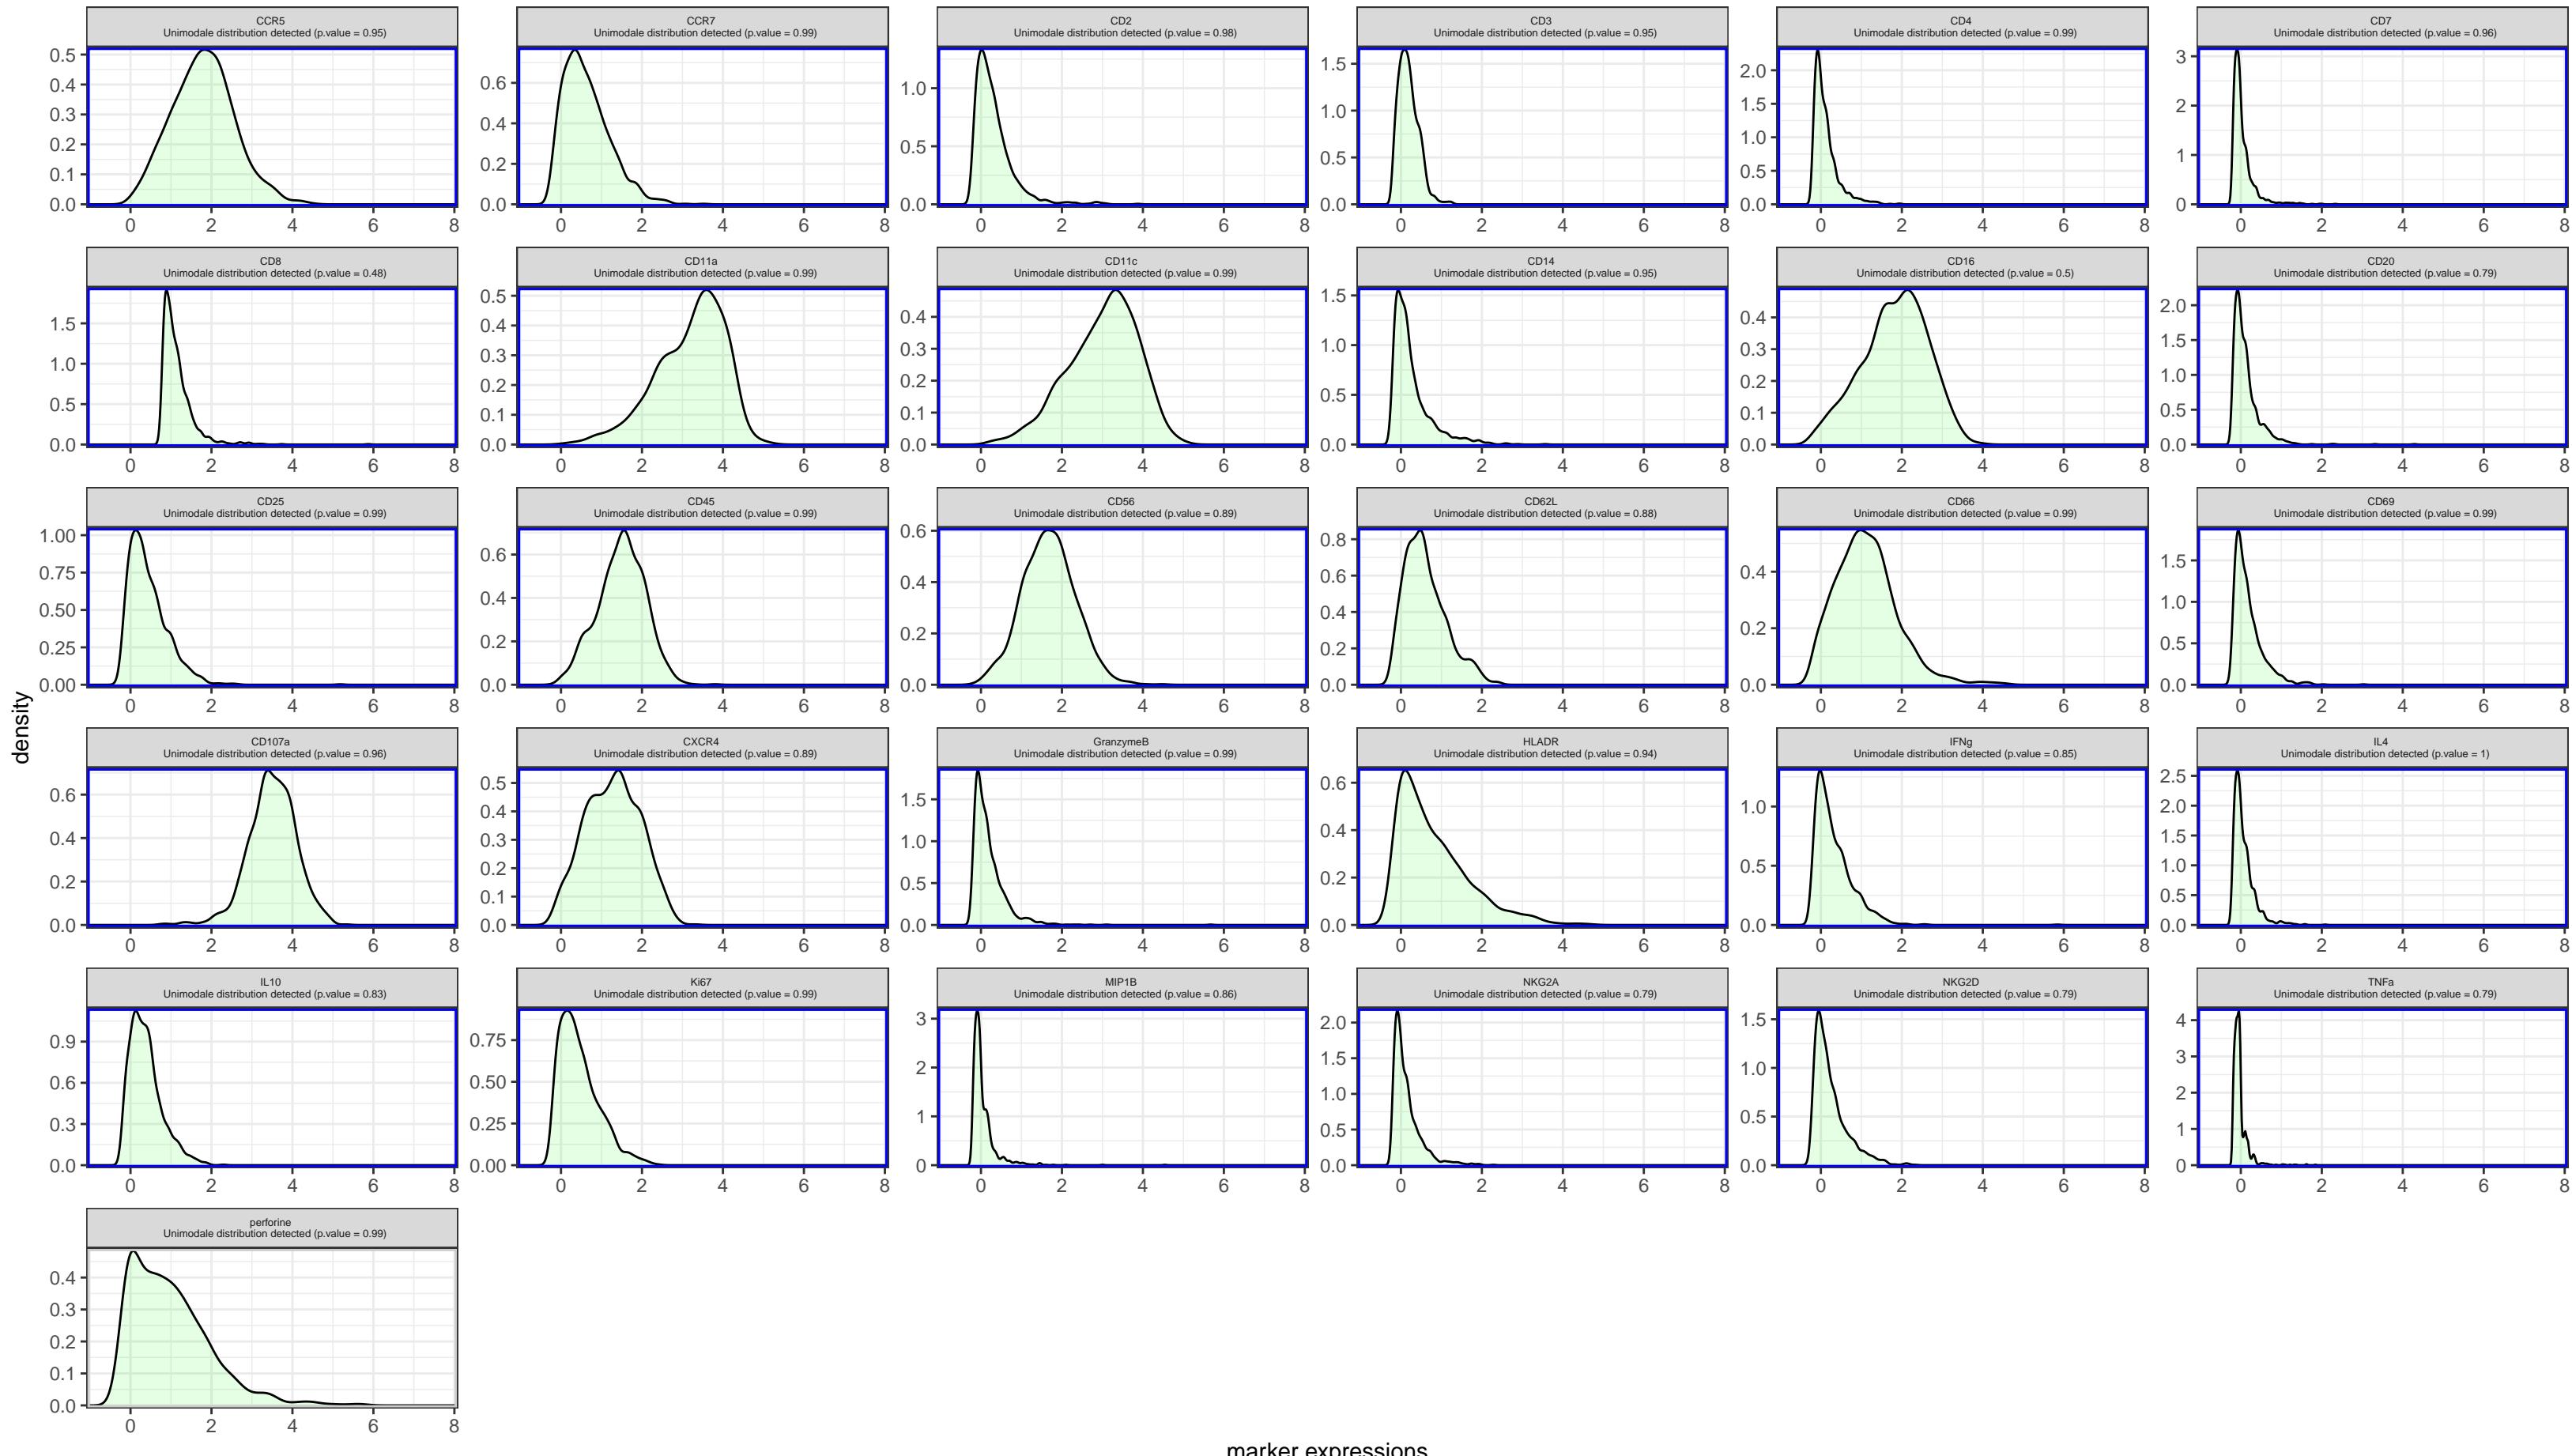

Densities of marker expressions for cluster : 24 (4 438 cells)

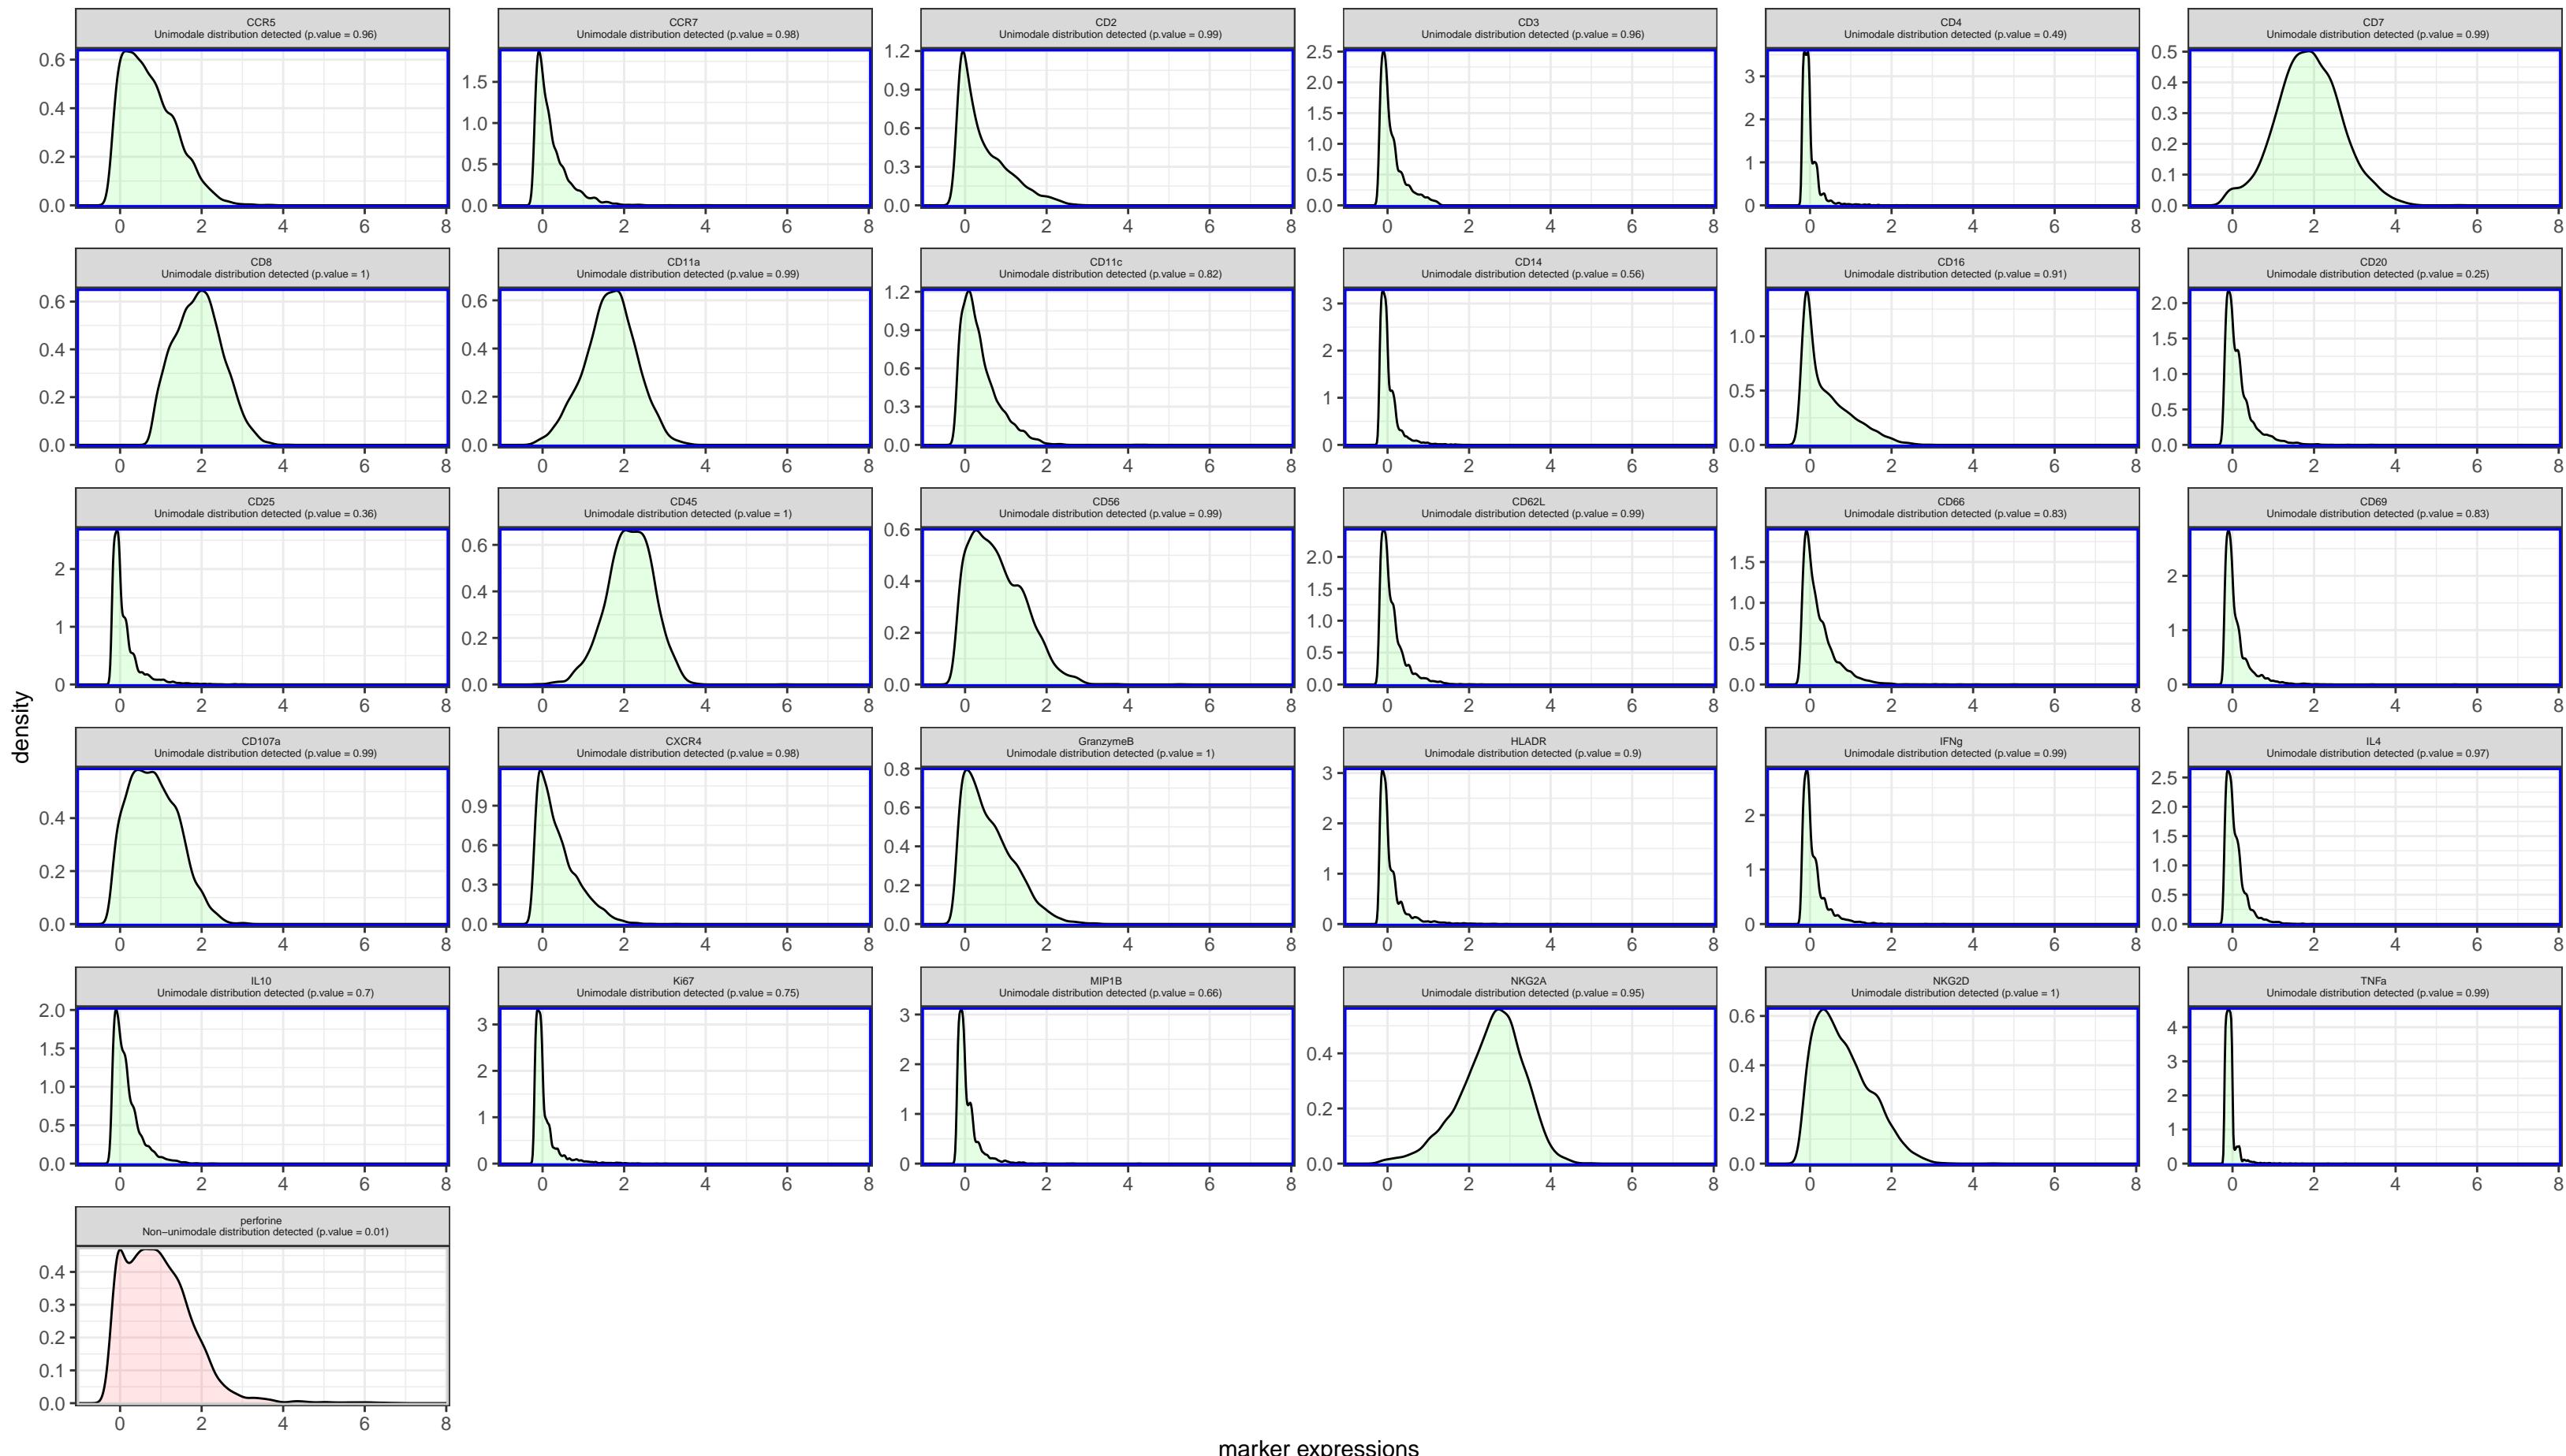

marker expressions

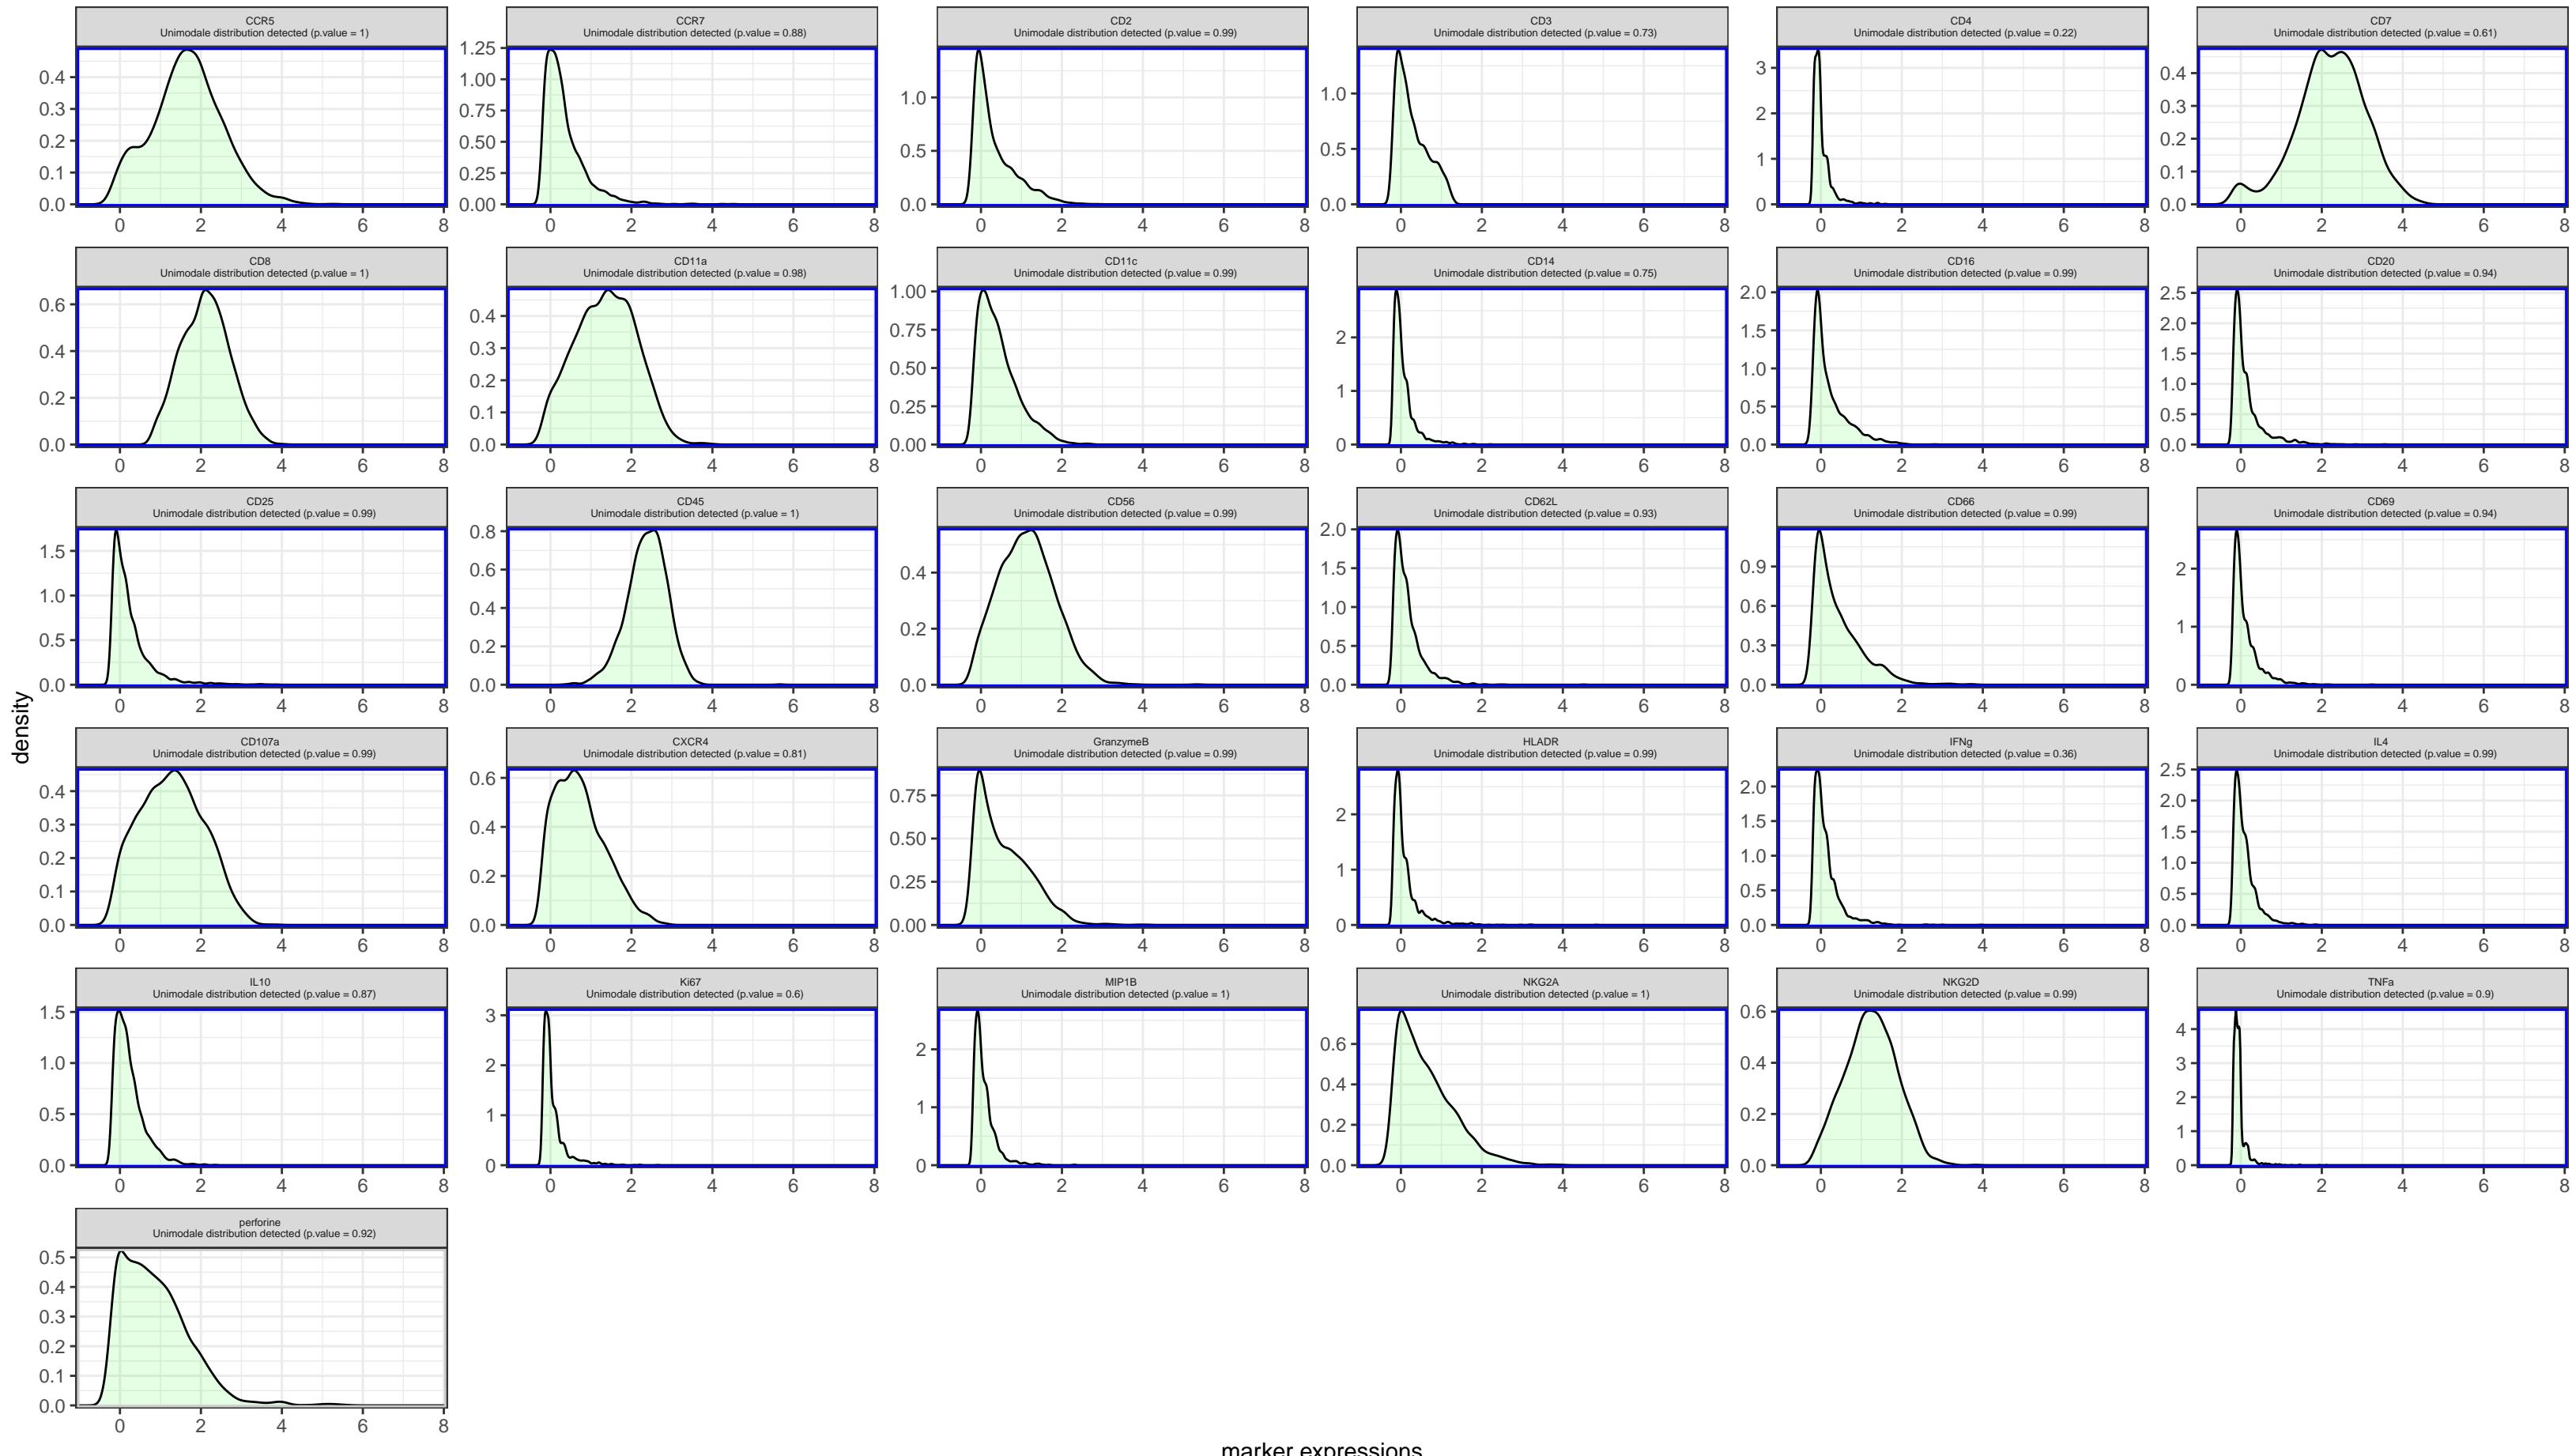

Densities of marker expressions for cluster : 25 (1 317 cells)

Densities of marker expressions for cluster : 26 (5 229 cells)

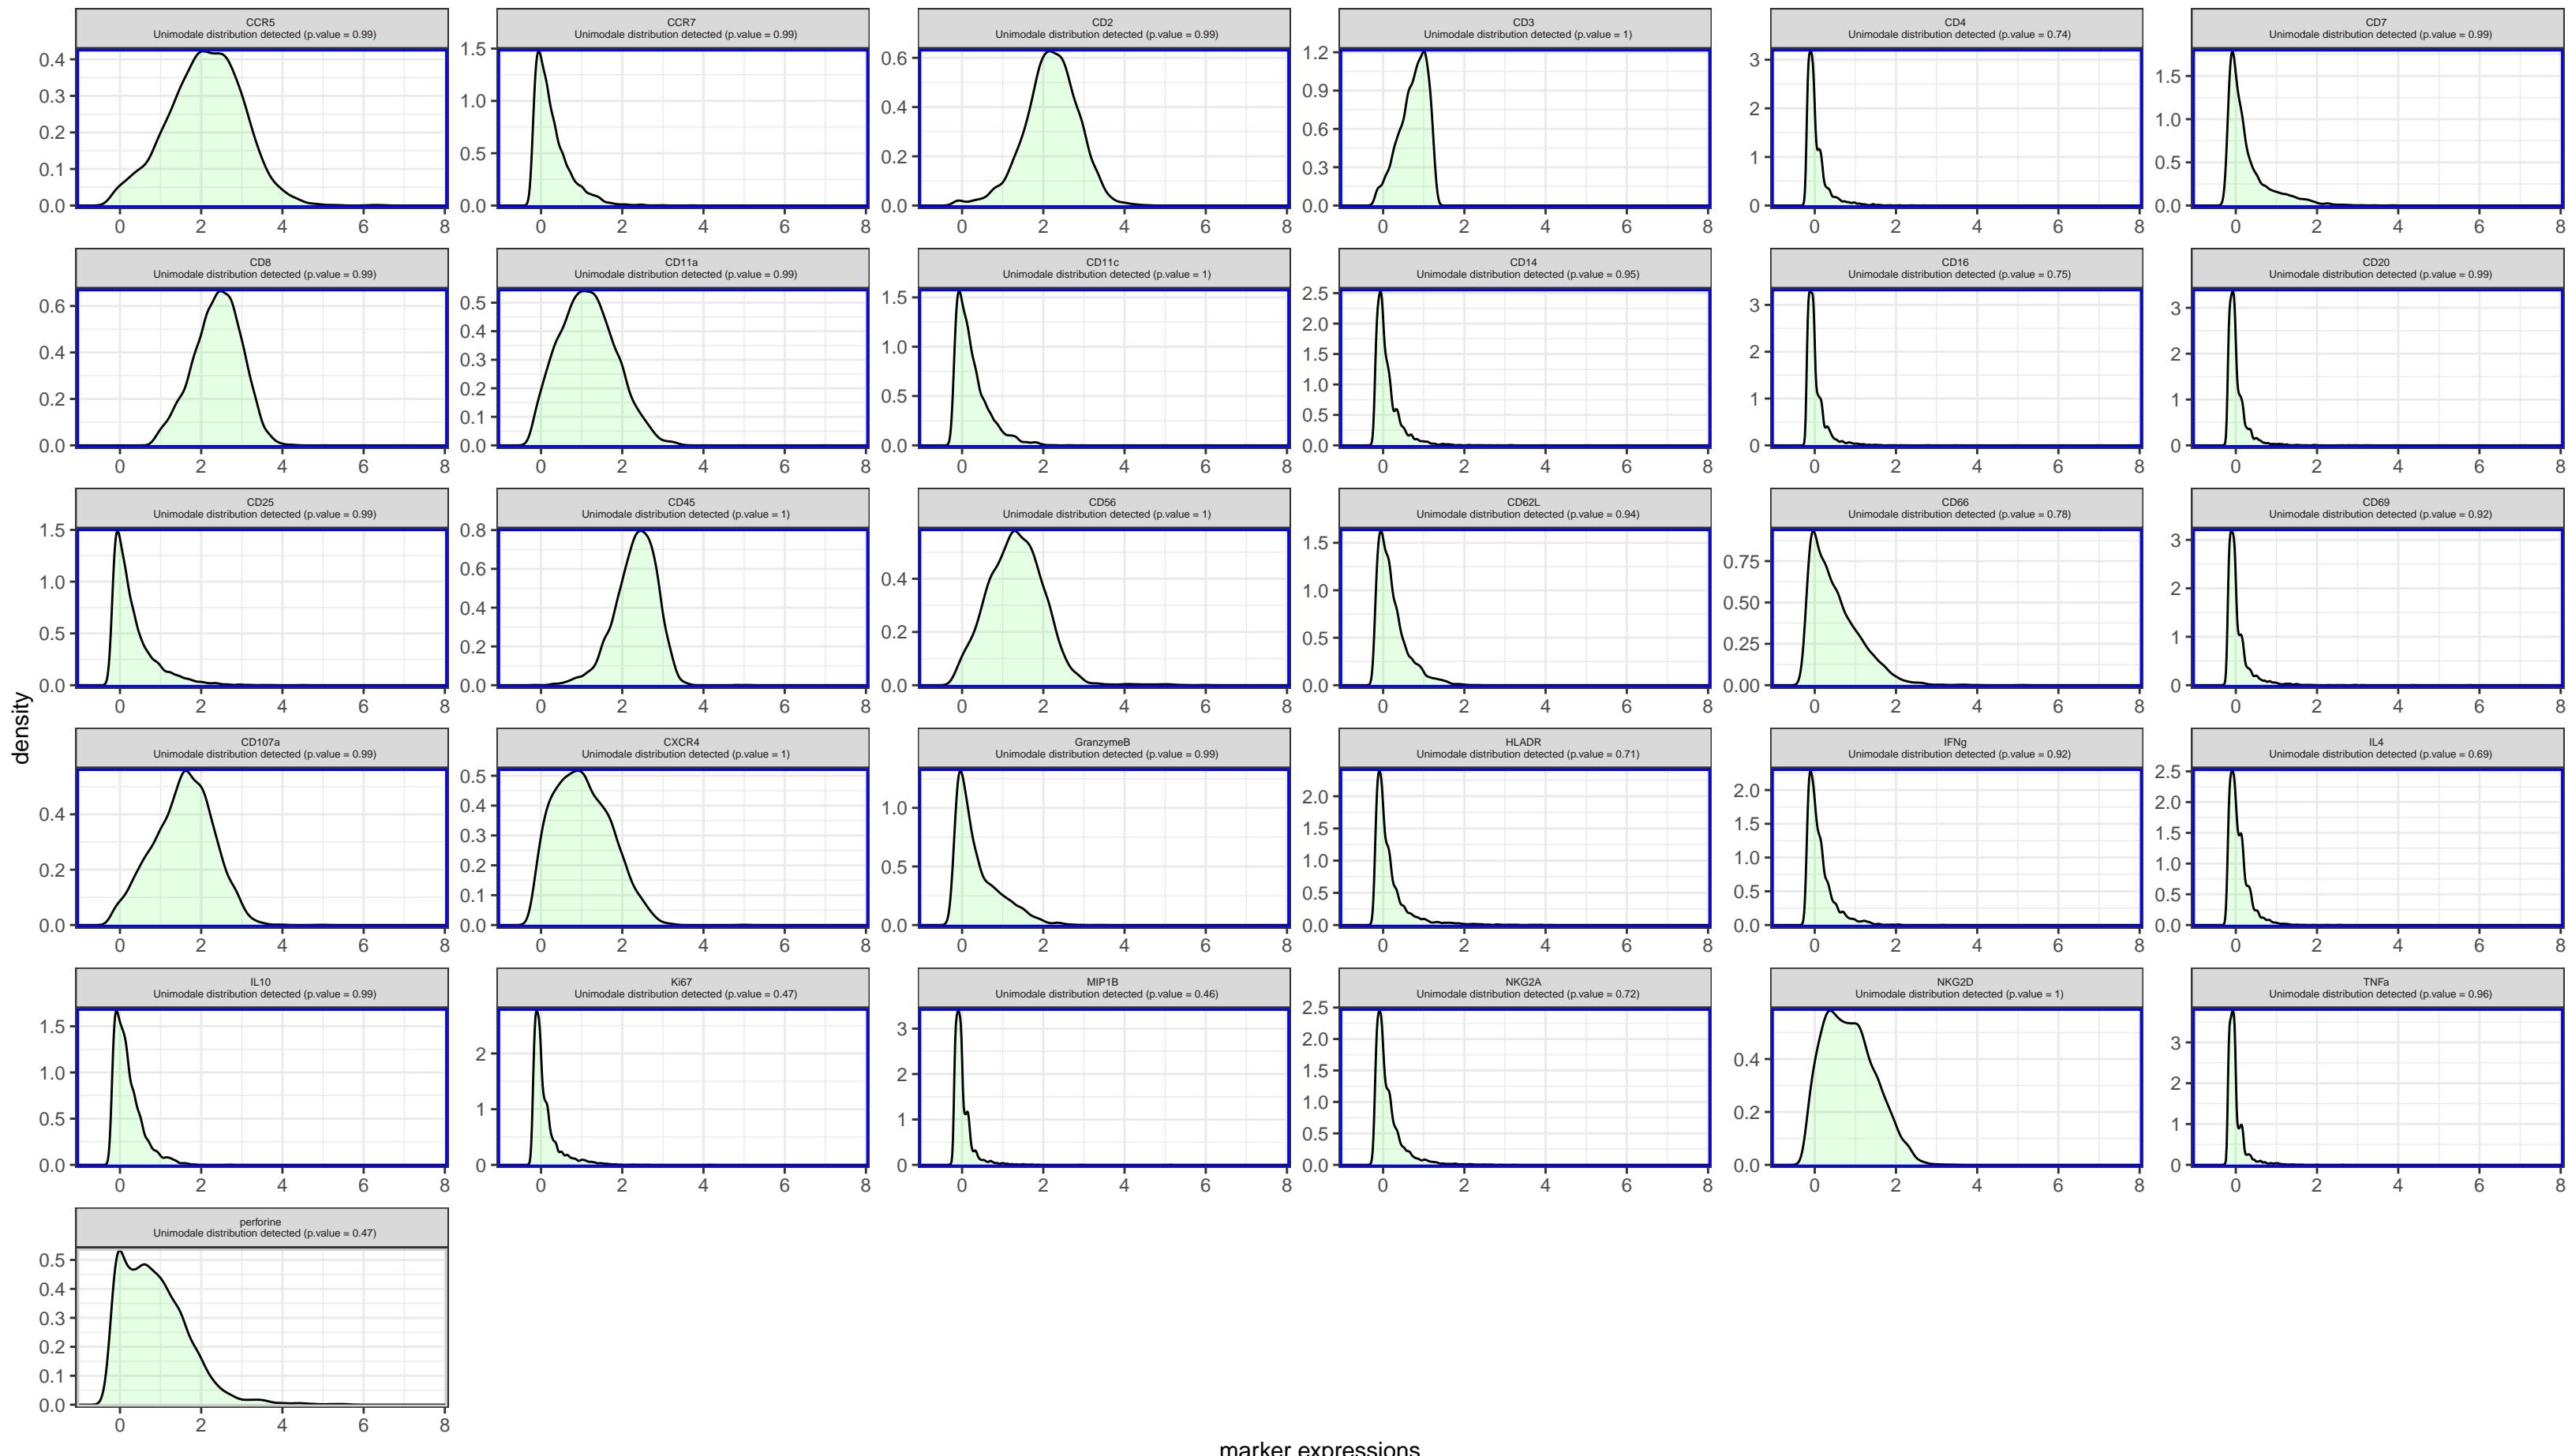

Densities of marker expressions for cluster : 27 (2 426 cells)

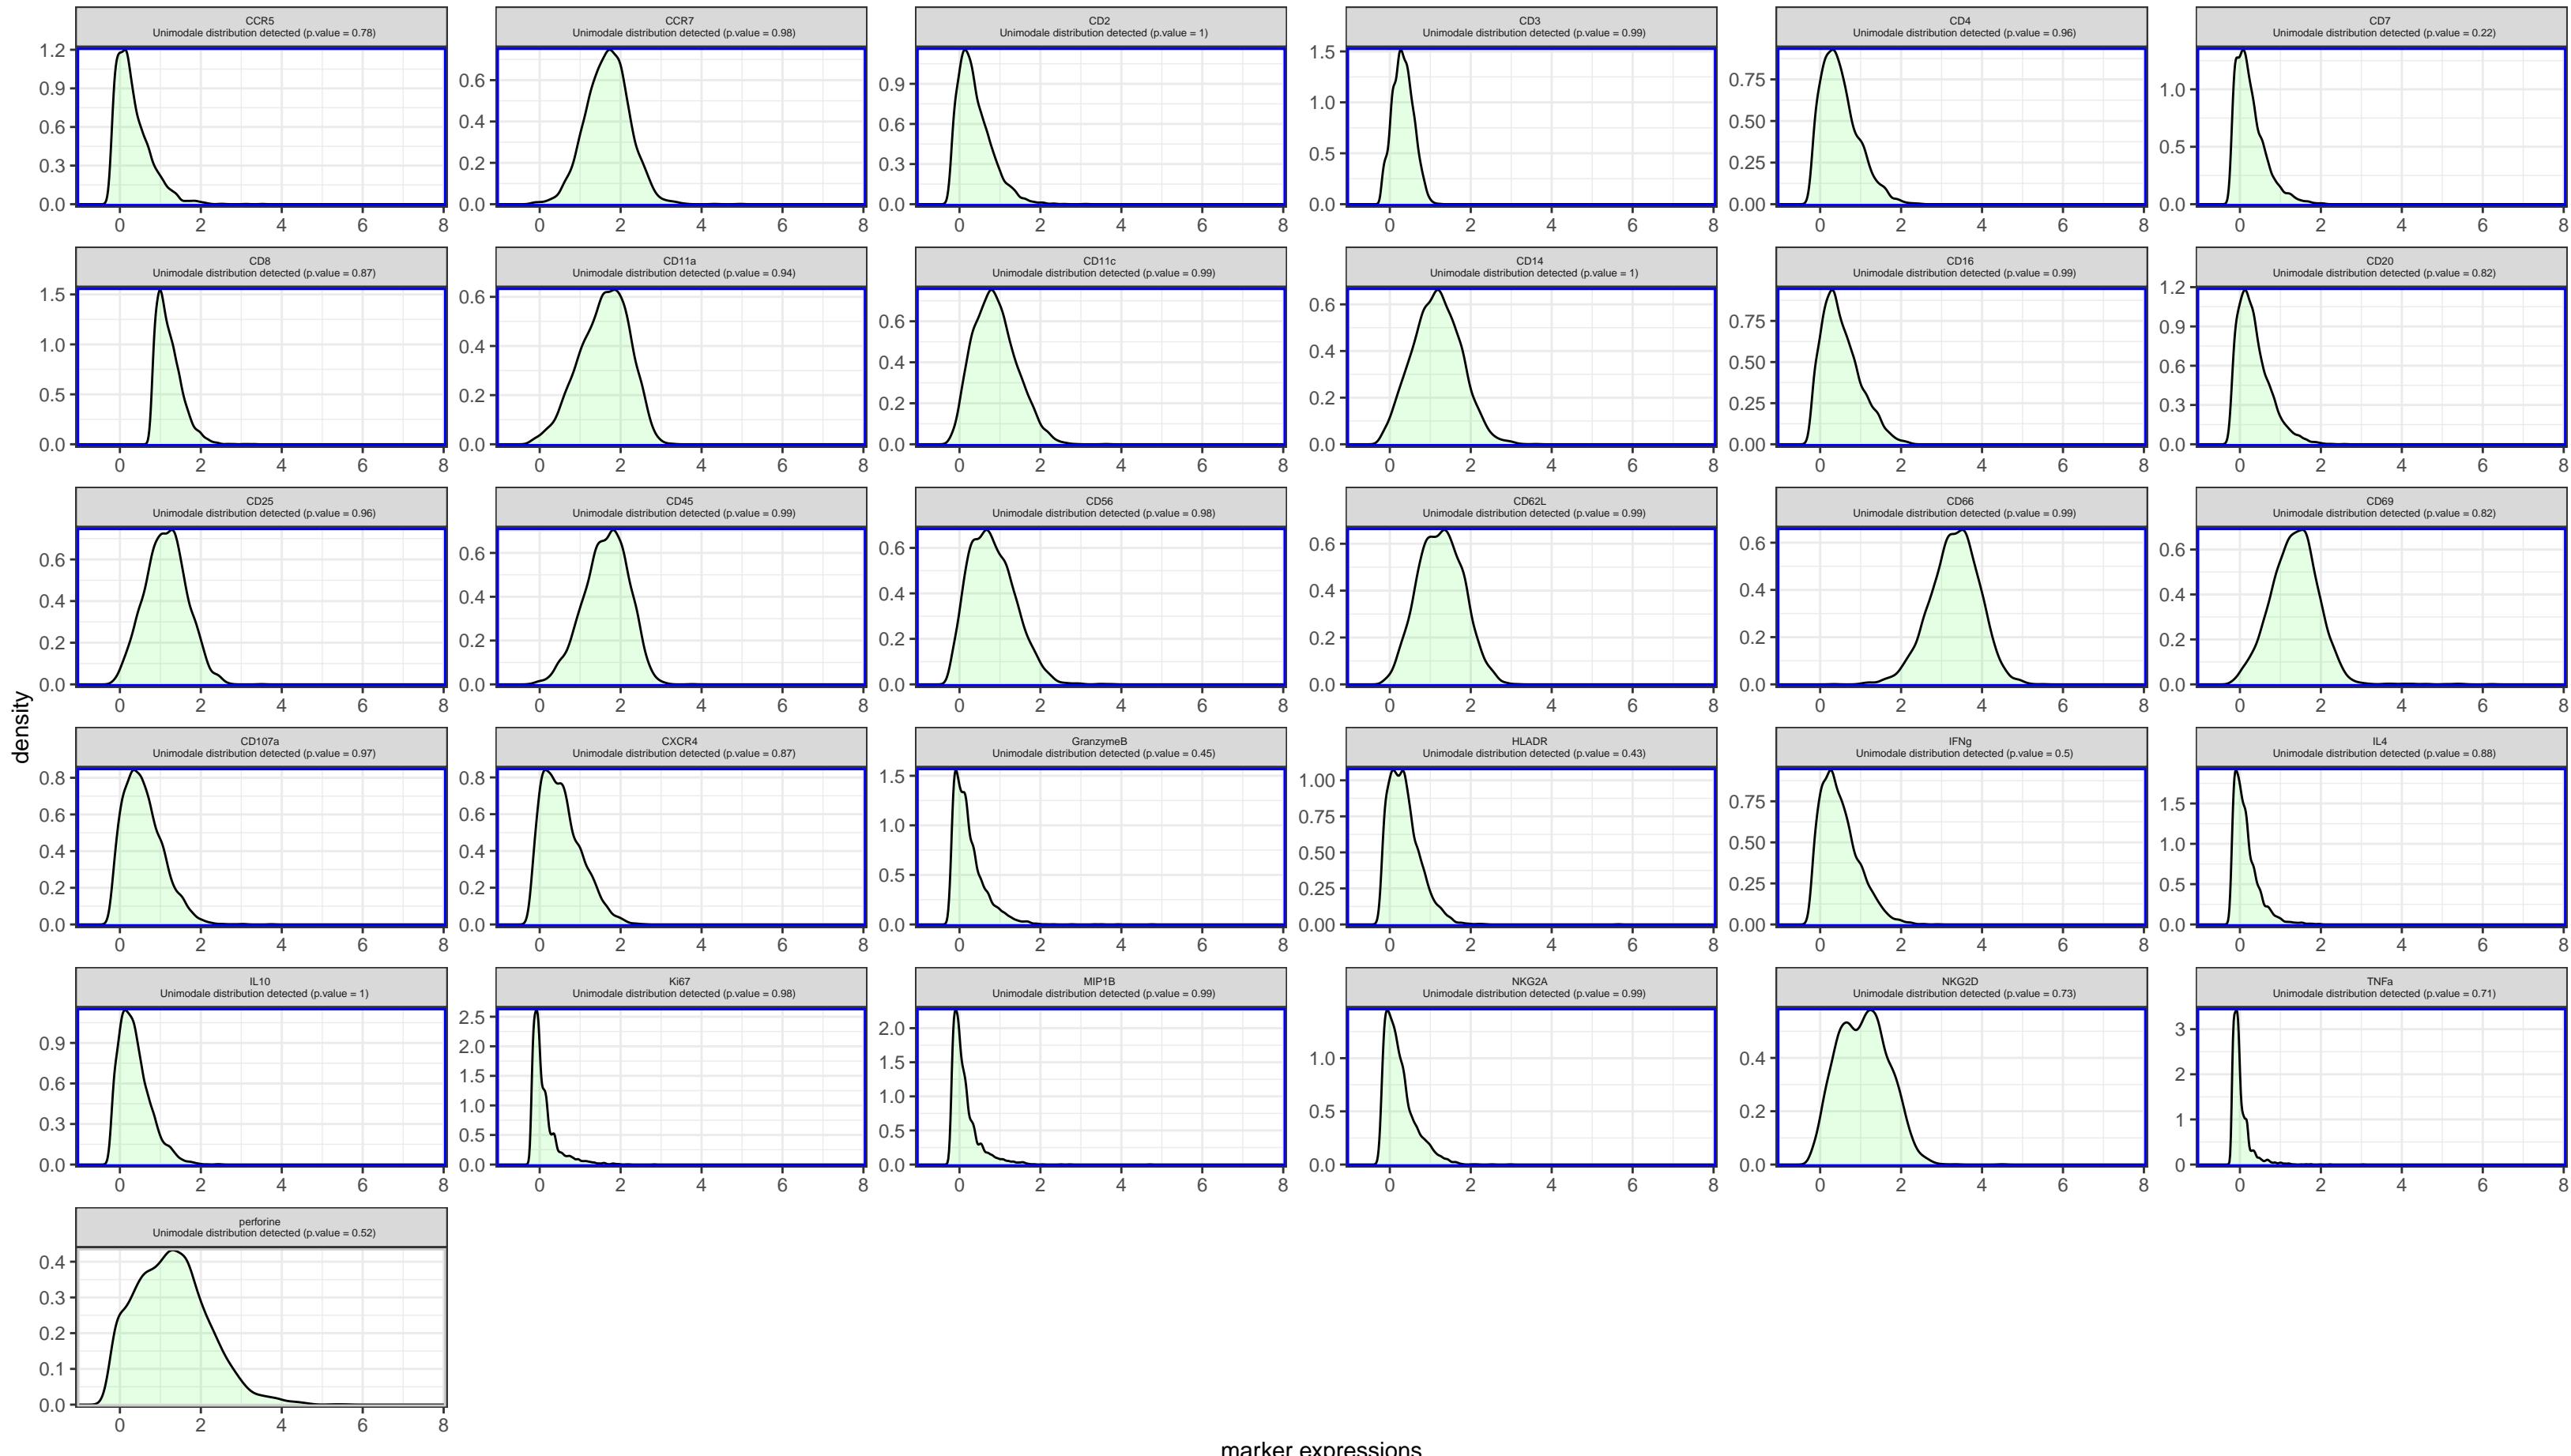

marker expressions

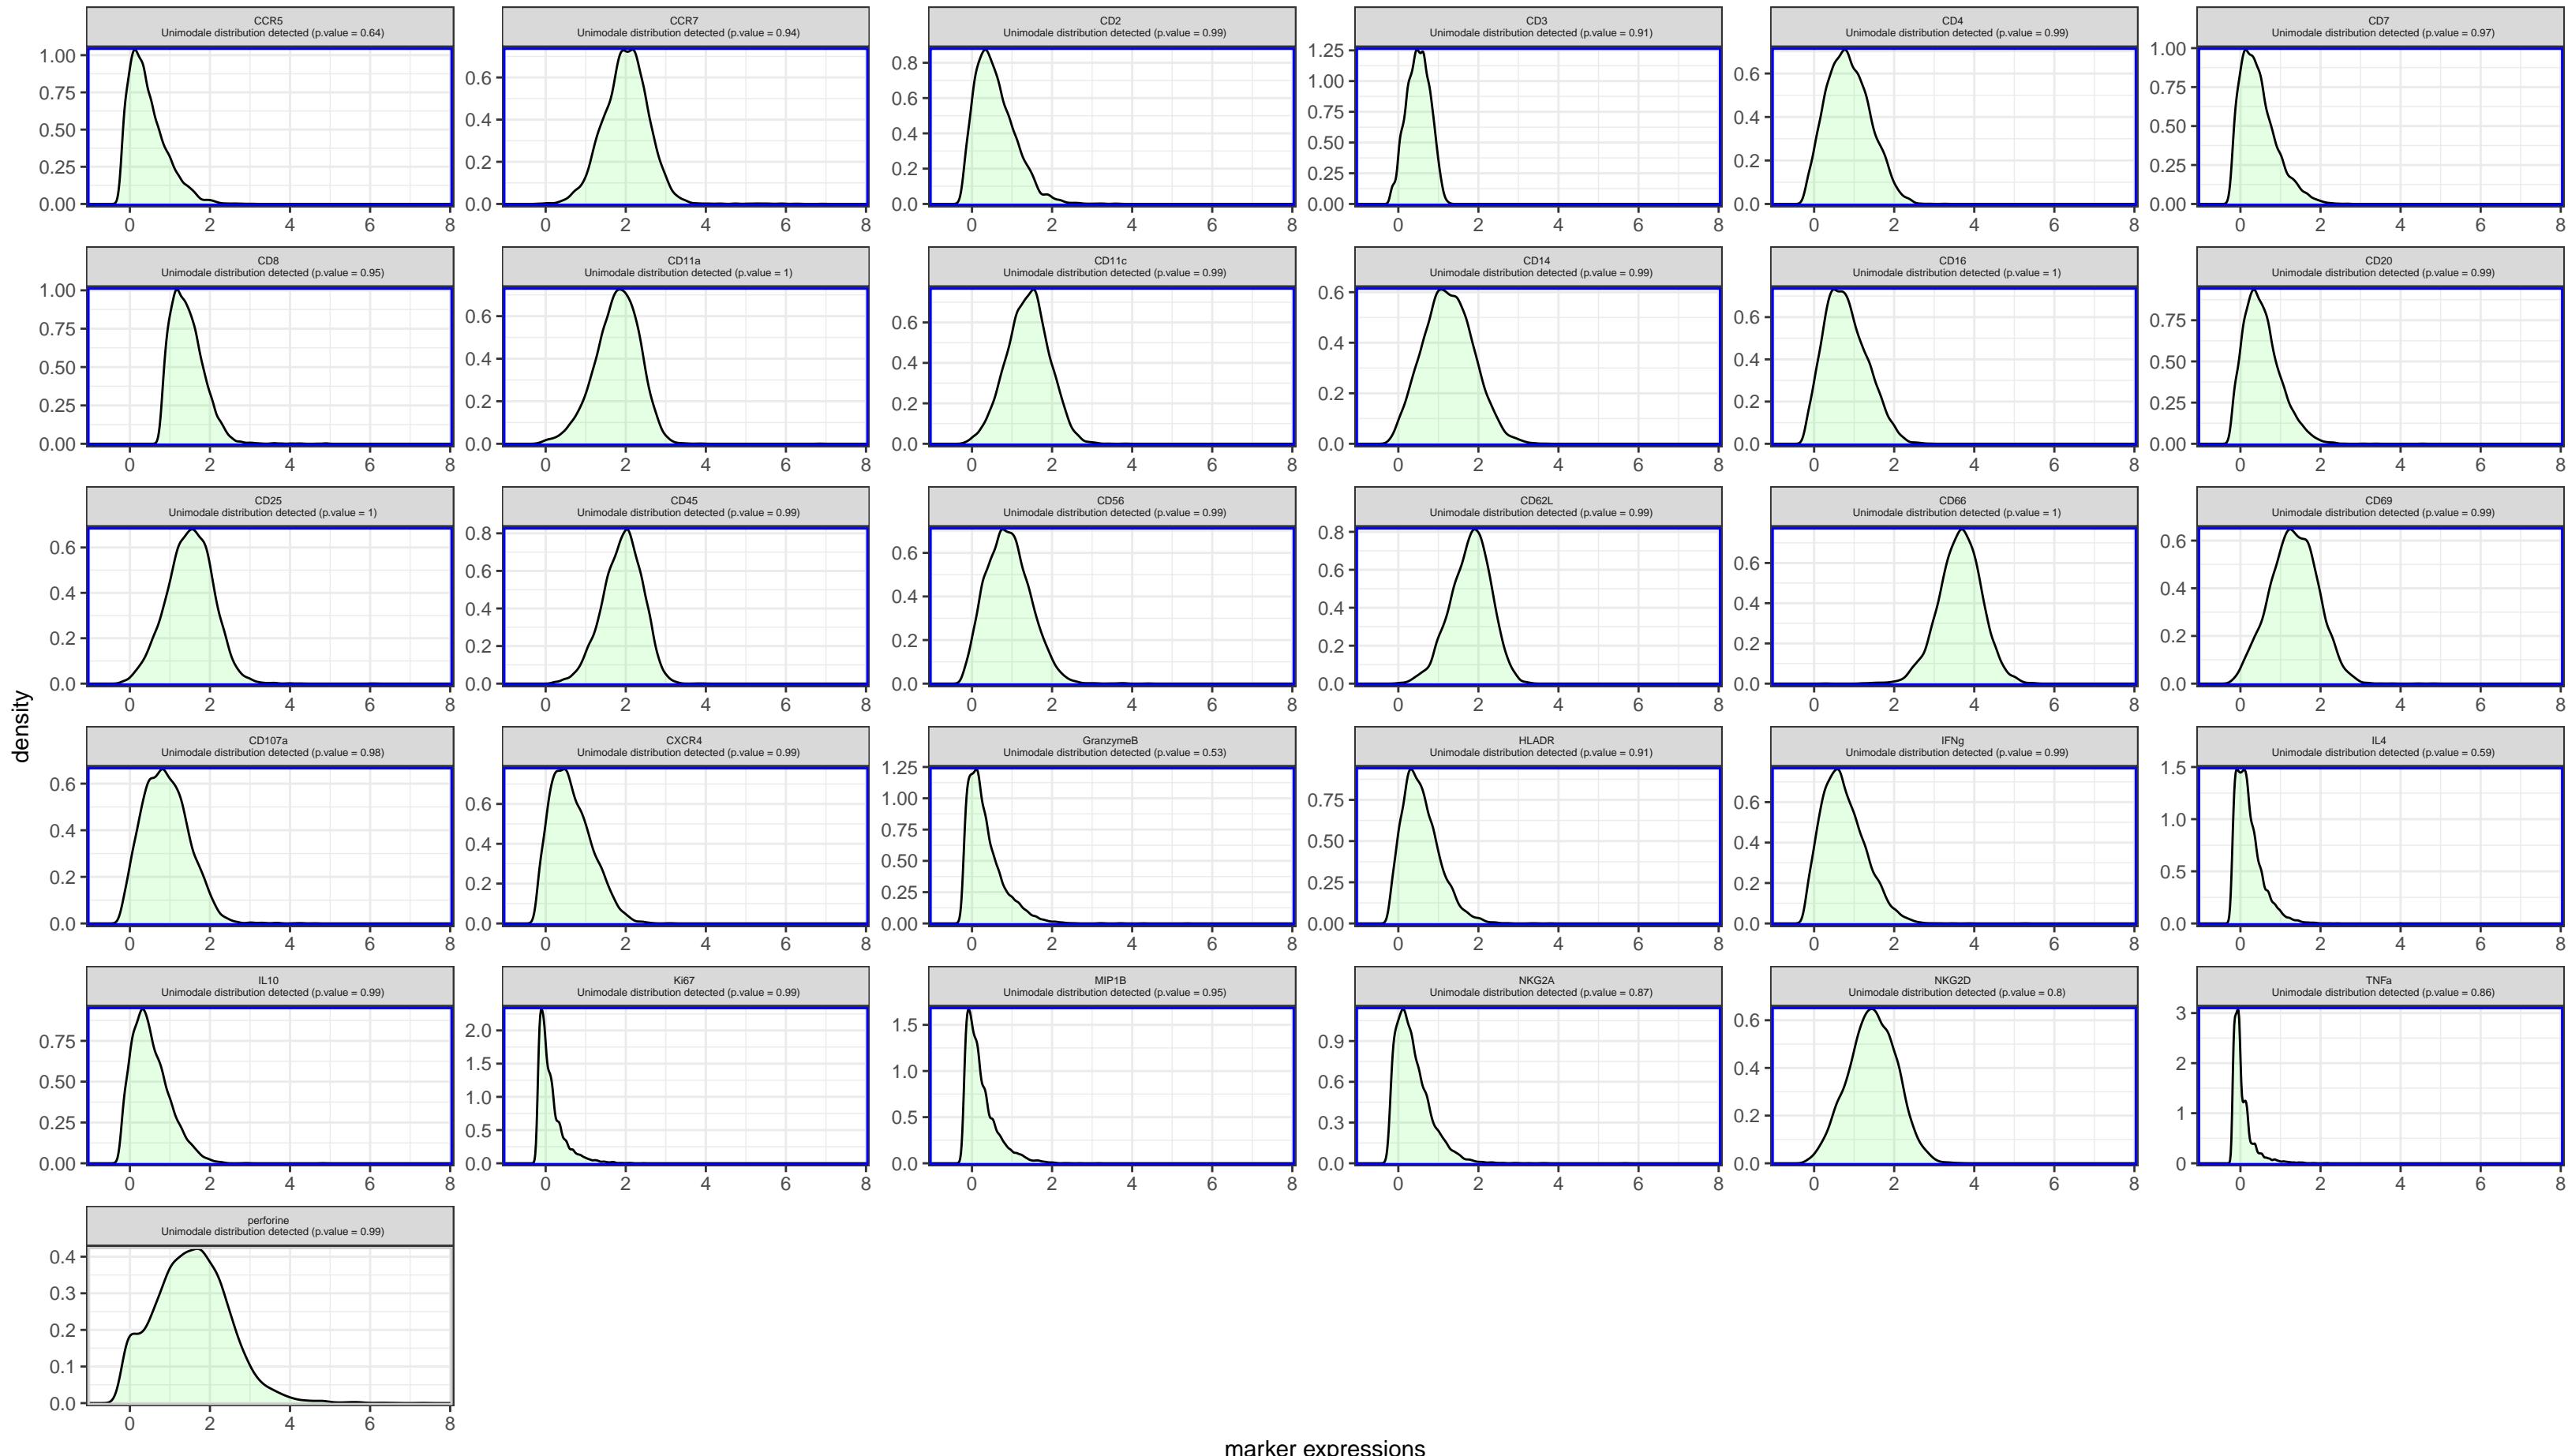

Densities of marker expressions for cluster : 28 (3 978 cells)

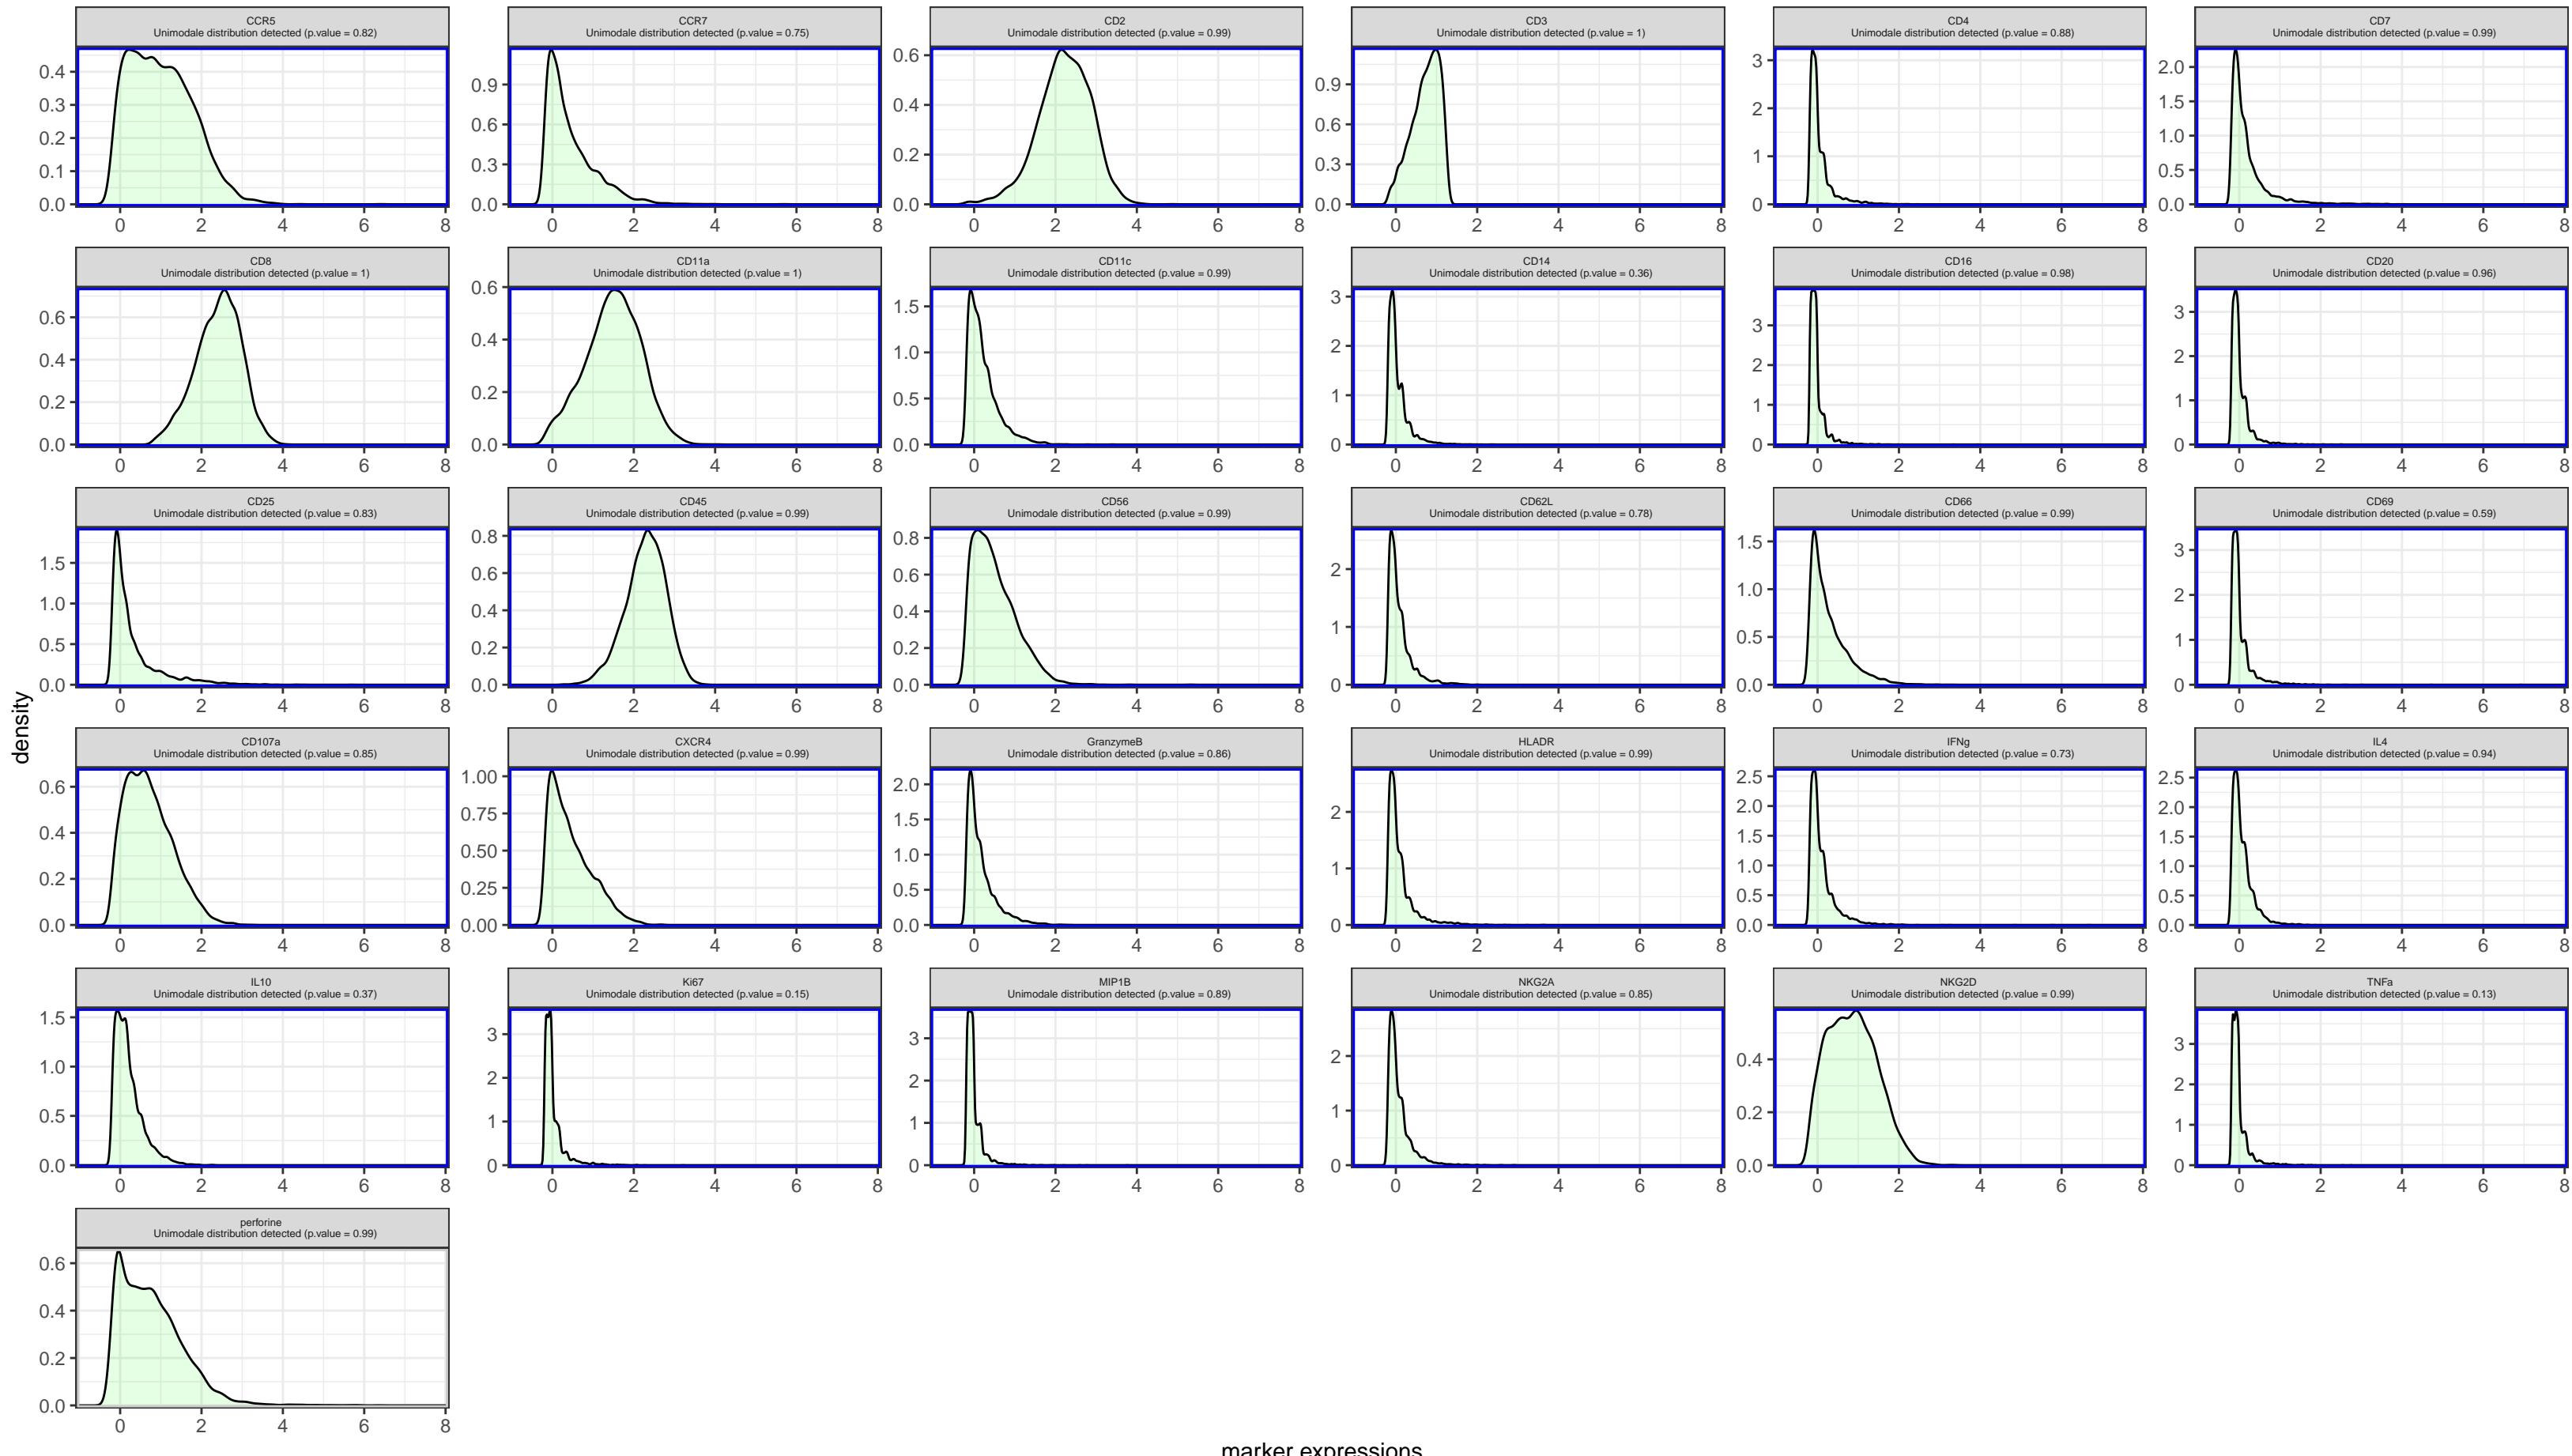

Densities of marker expressions for cluster : 29 (3 515 cells)

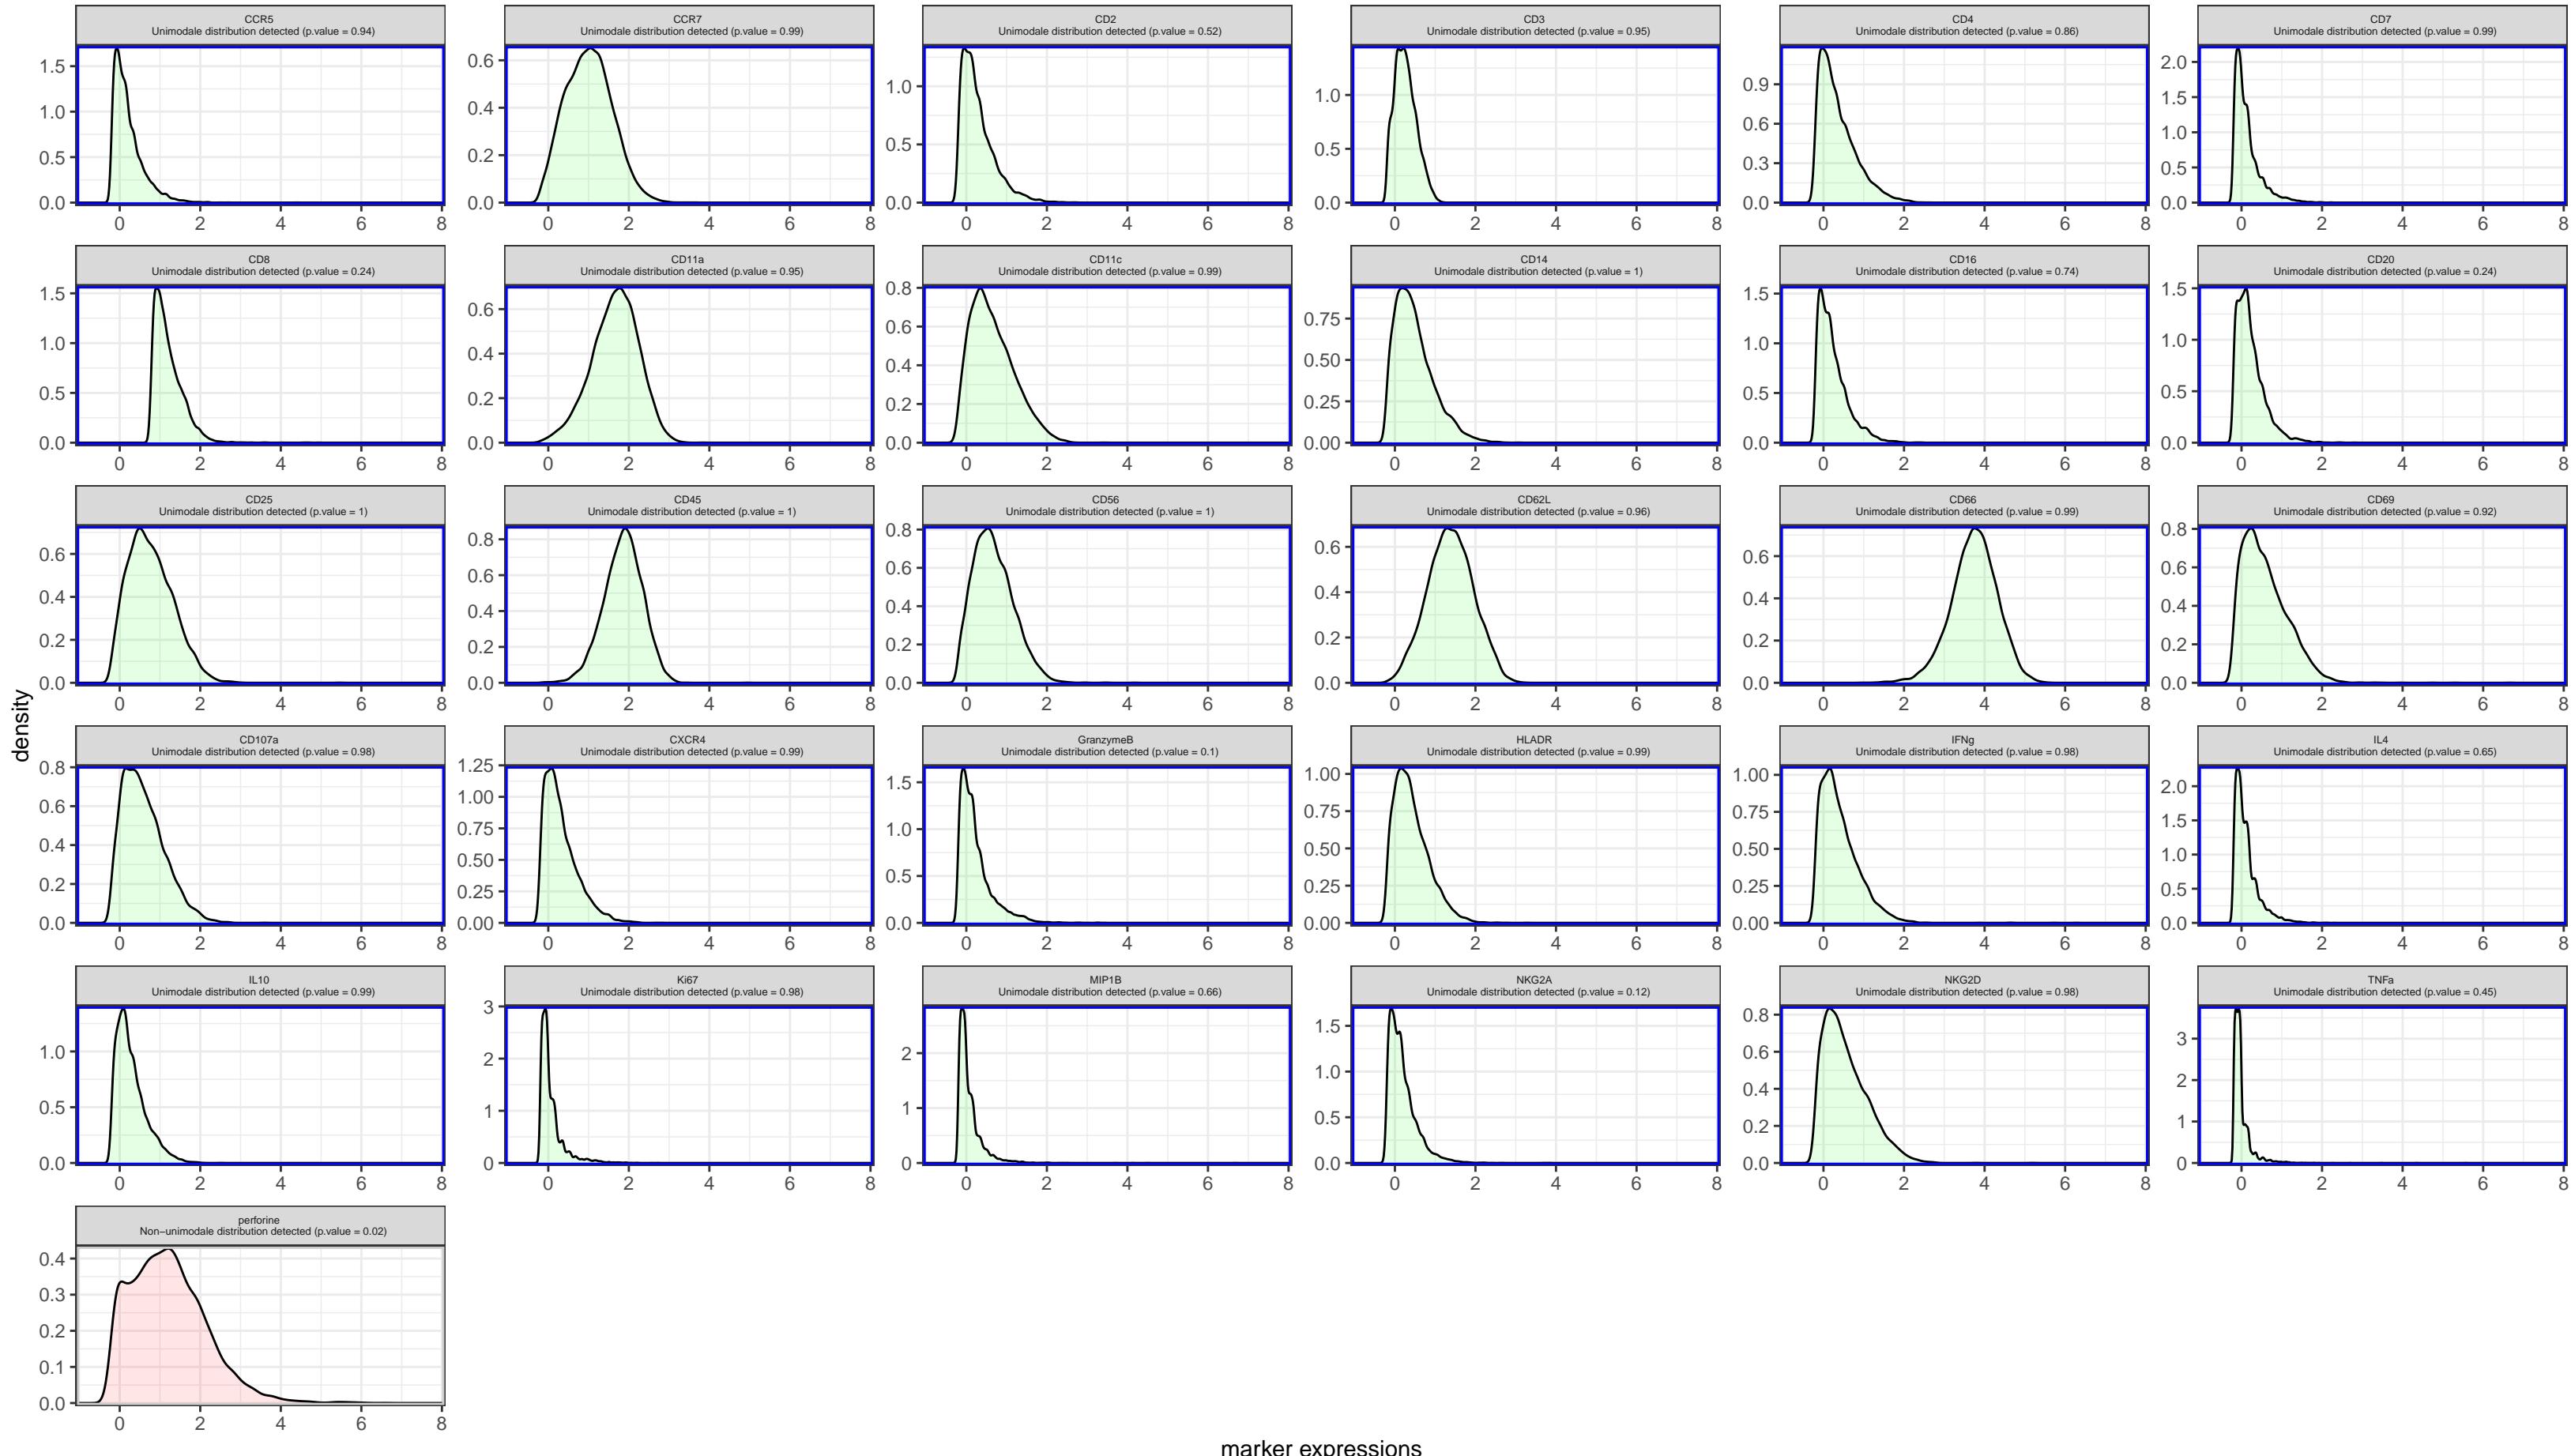

Densities of marker expressions for cluster : 30 (6 565 cells)

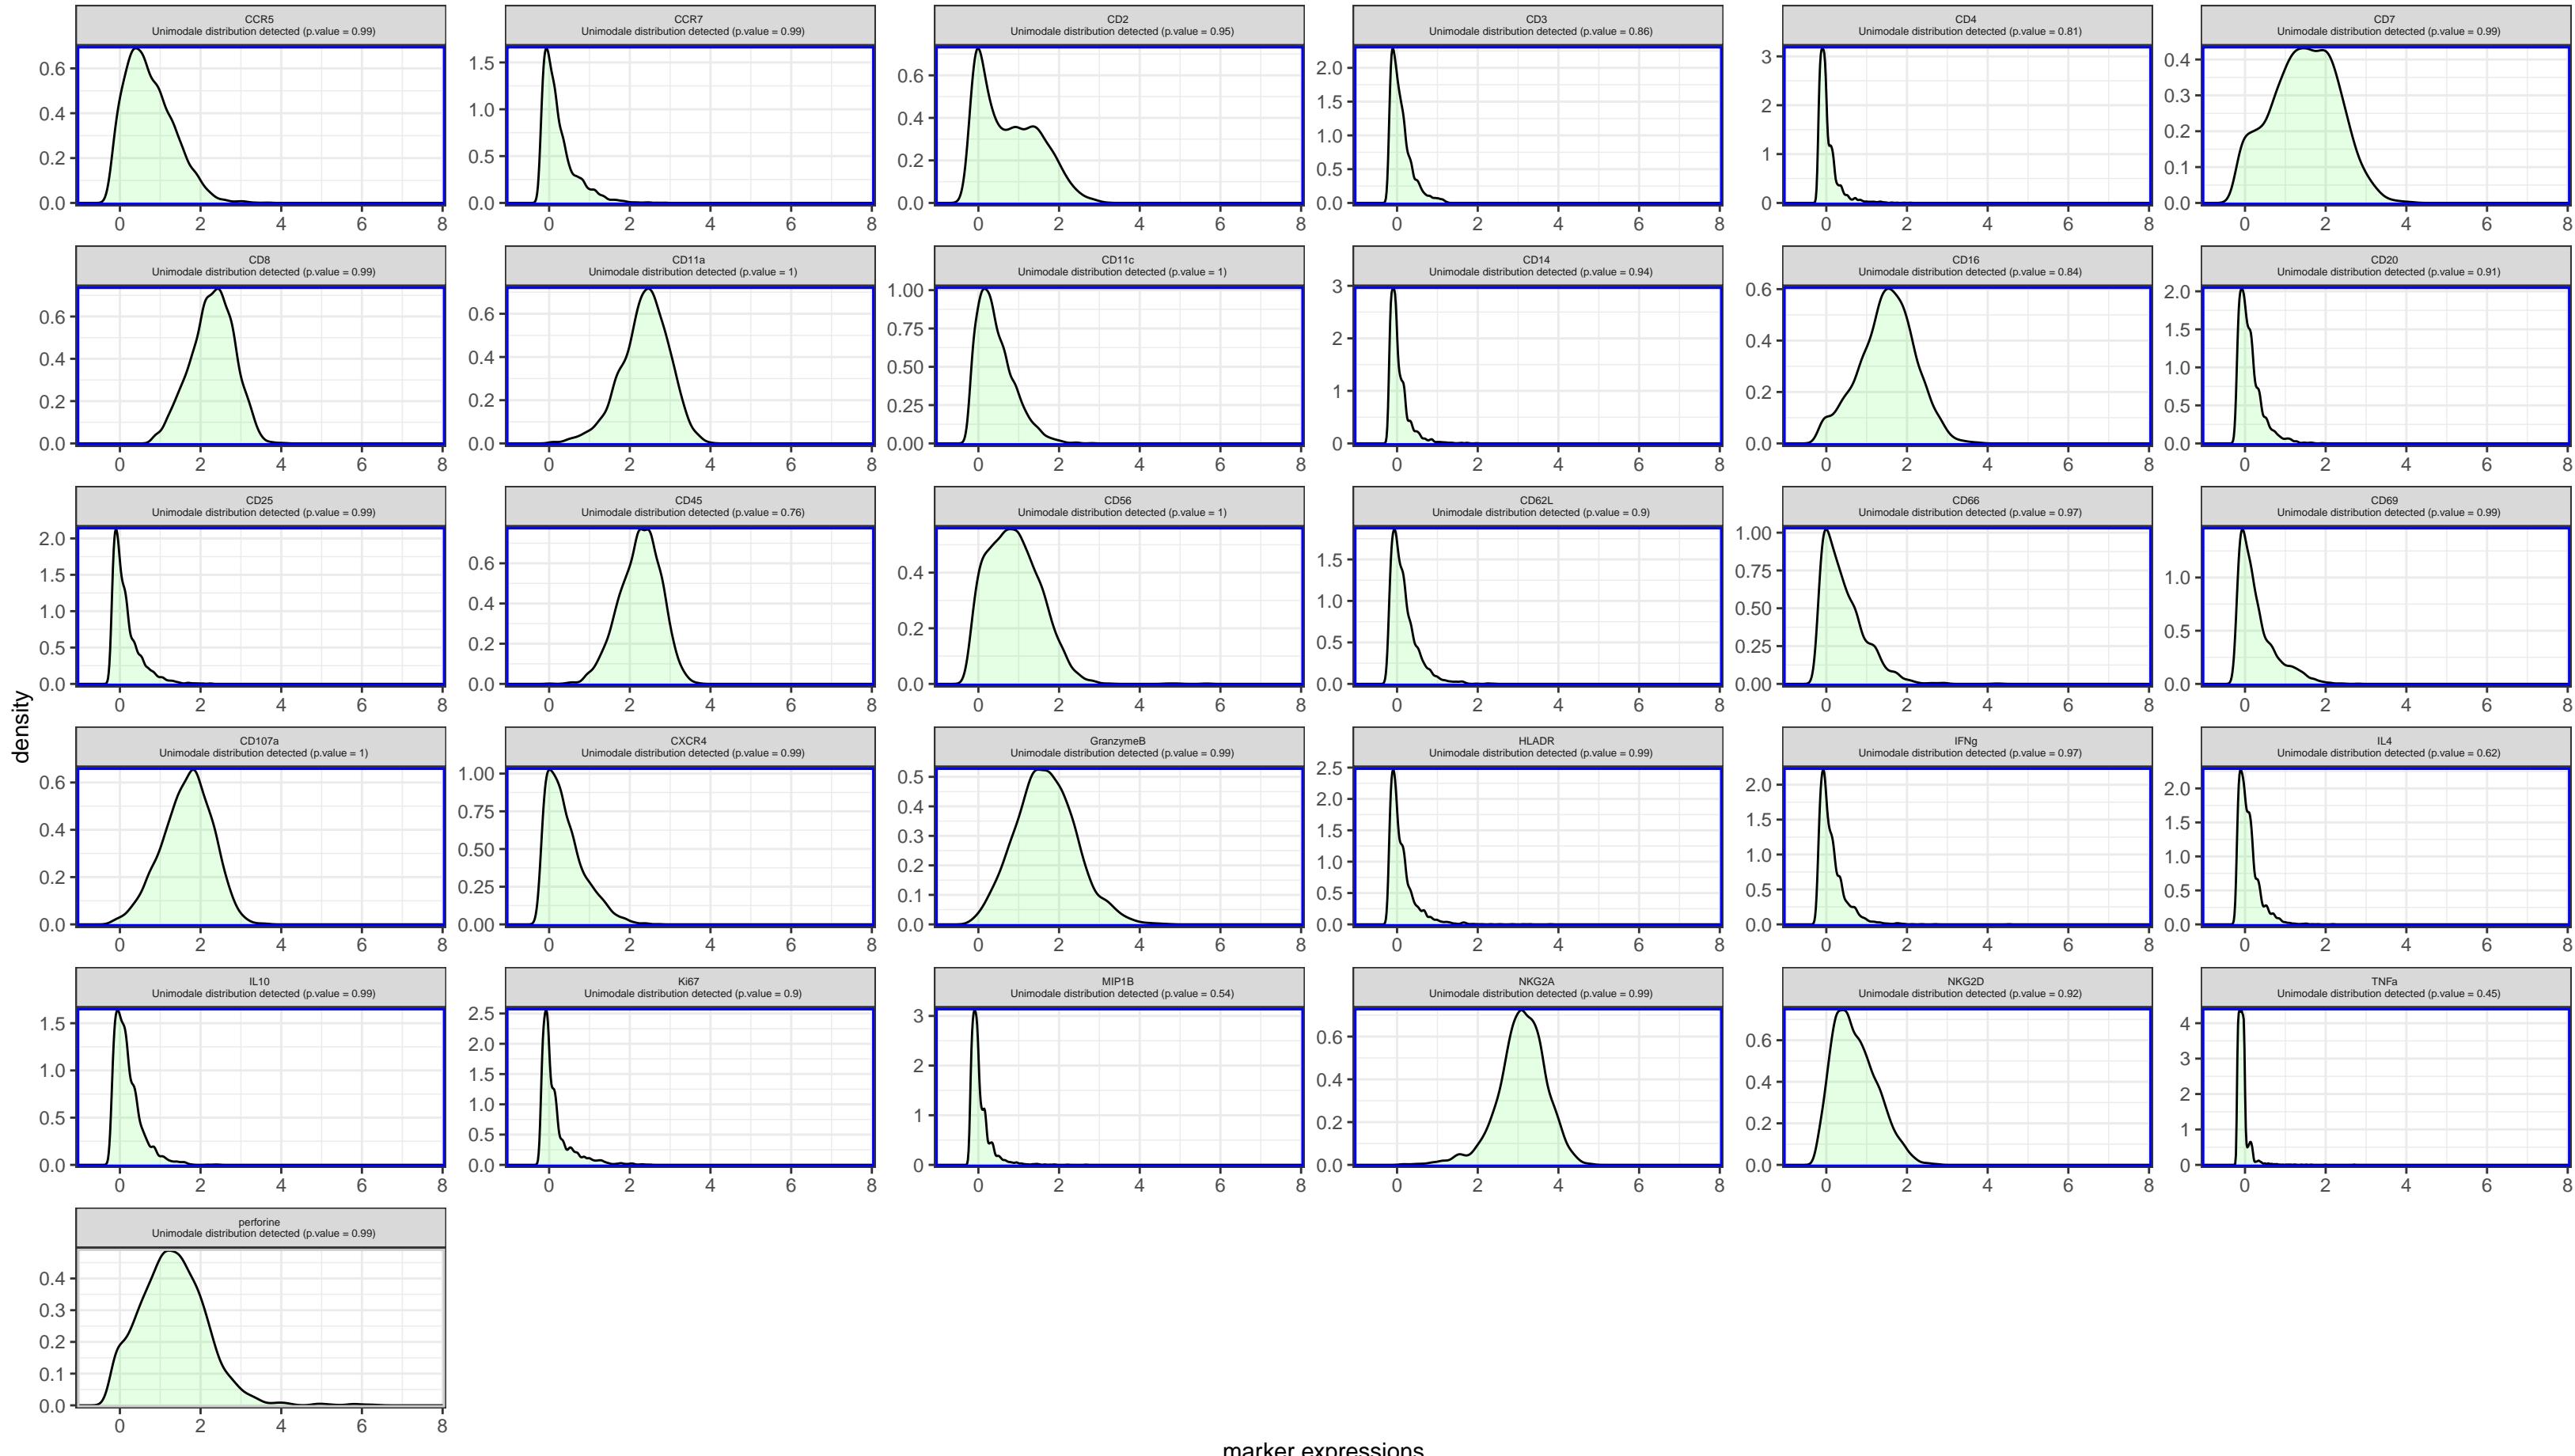

Densities of marker expressions for cluster : 31 (6 540 cells)

Densities of marker expressions for cluster : 32 (8 057 cells)

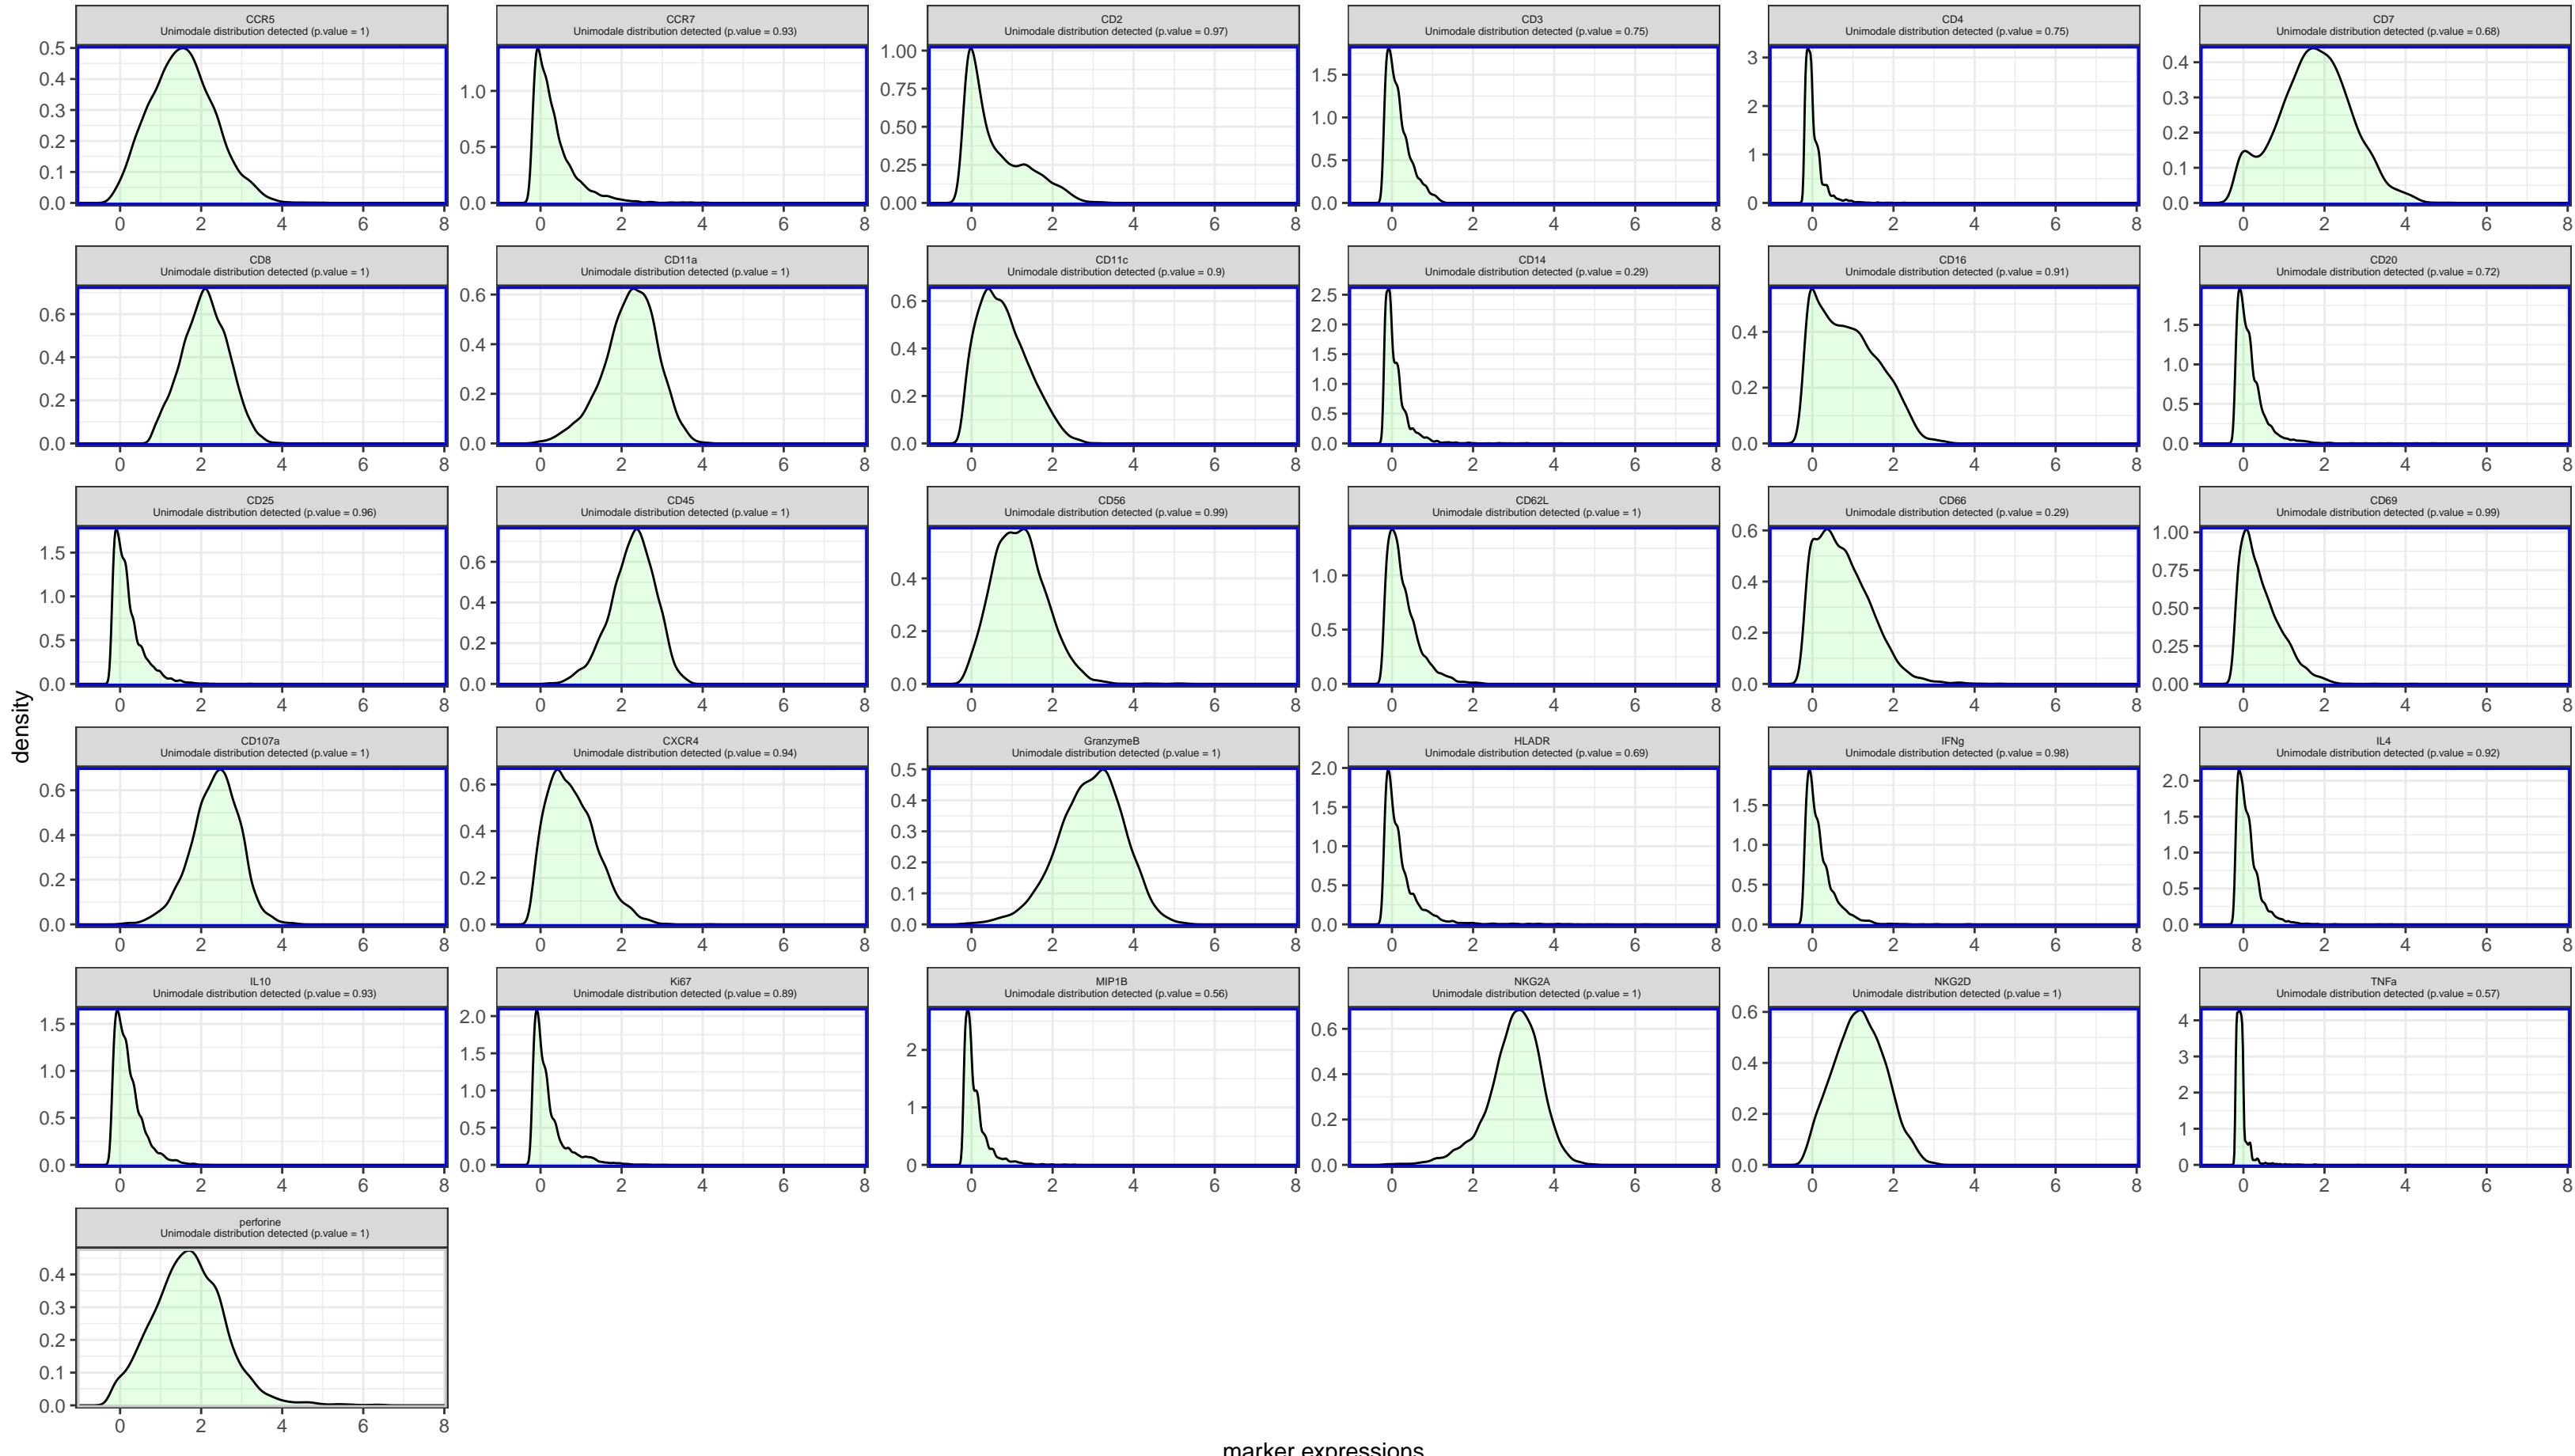

Densities of marker expressions for cluster : 33 (2 646 cells)

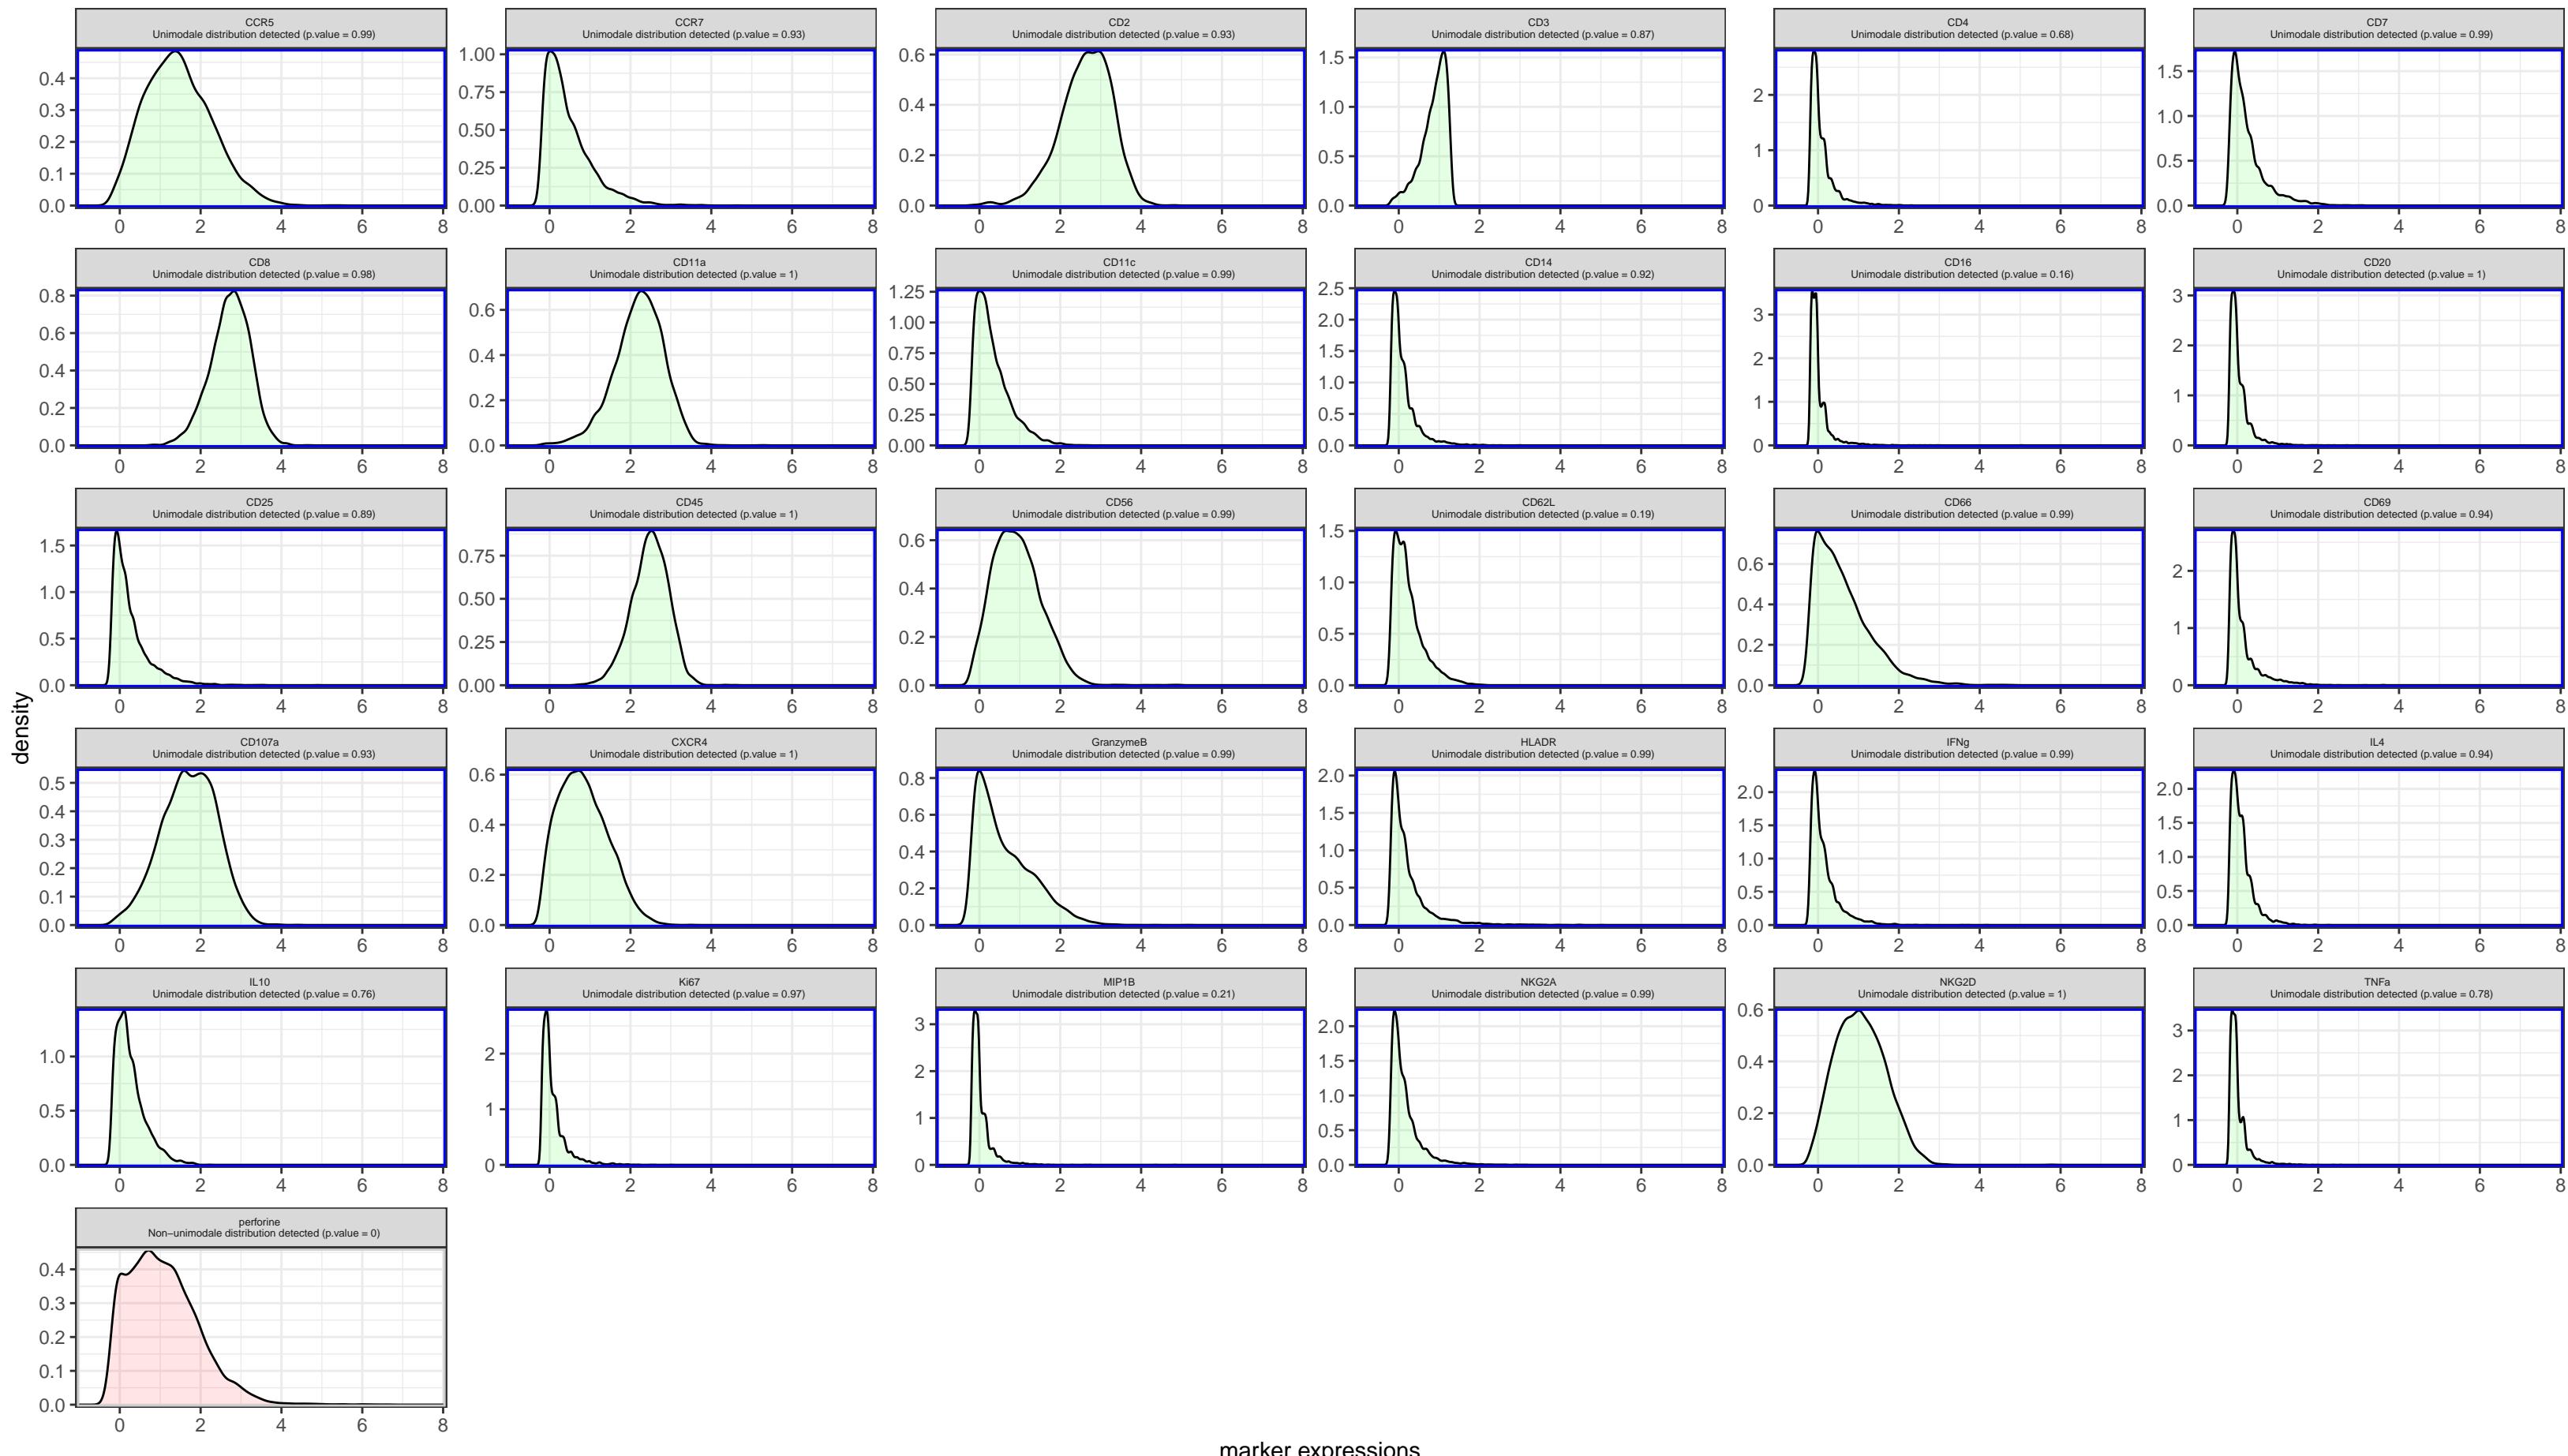

marker expressions

Densities of marker expressions for cluster : 34 (5 212 cells)

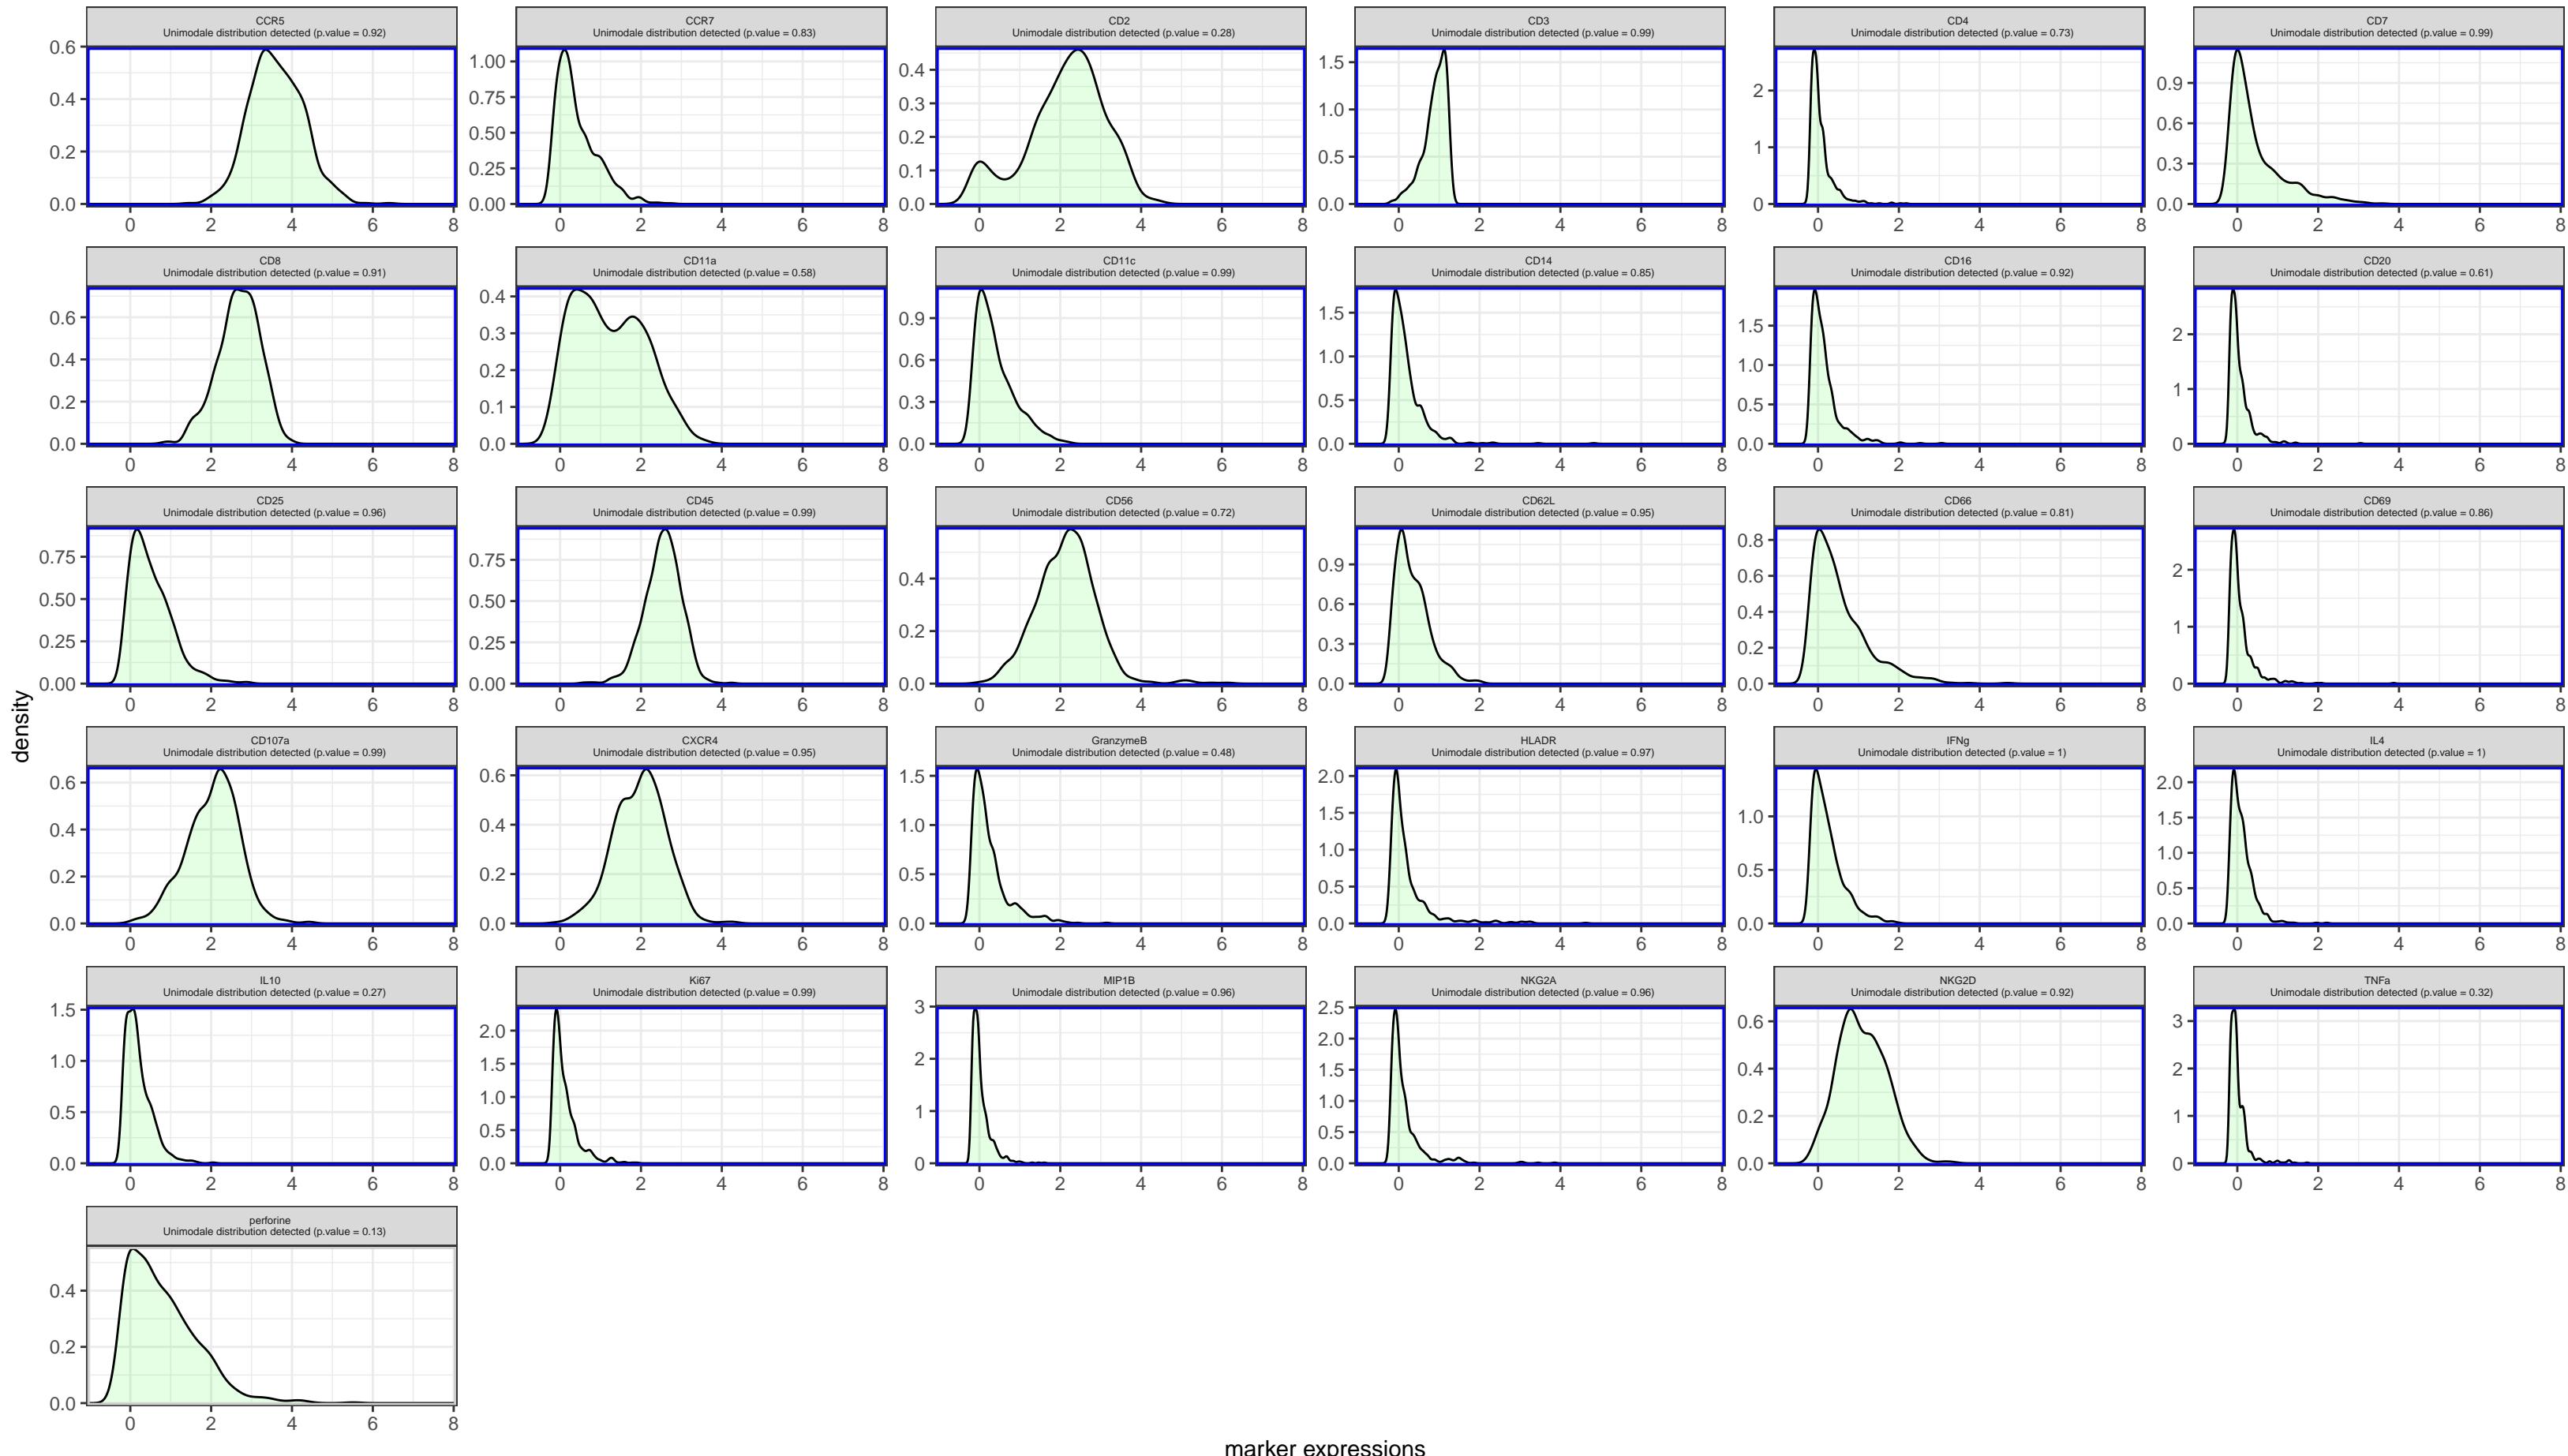

marker expressions

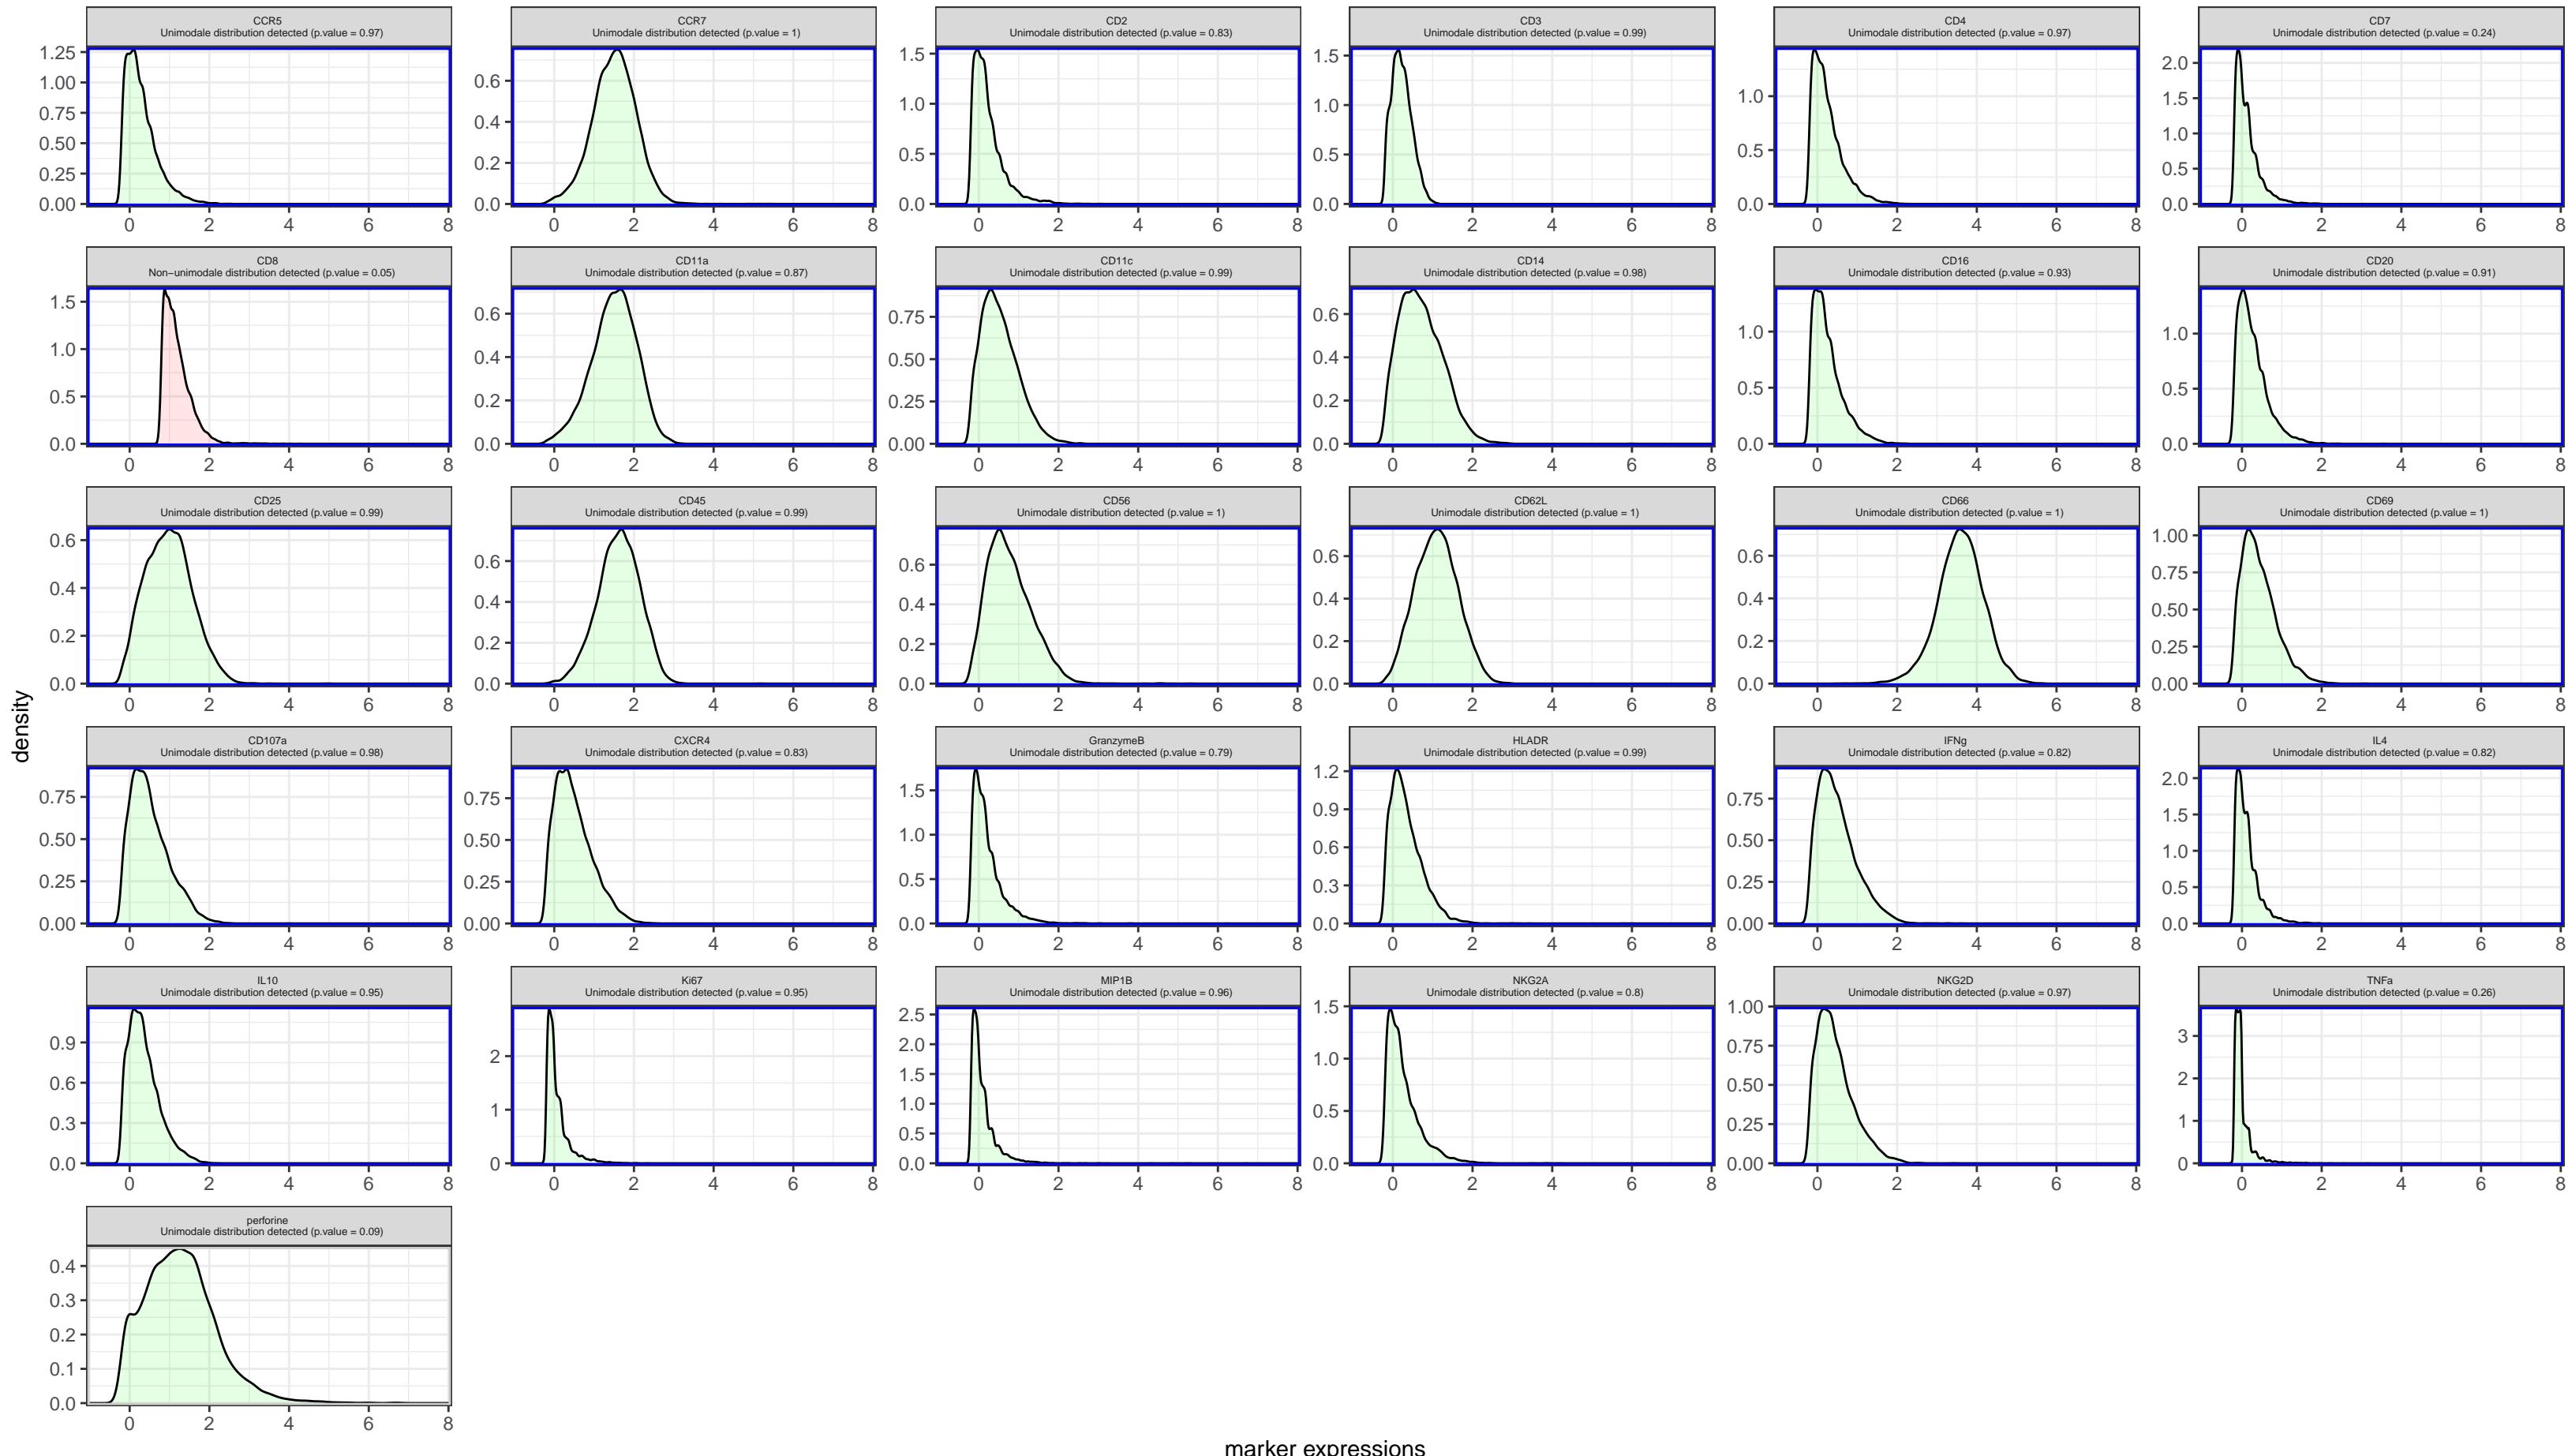

Densities of marker expressions for cluster : 35 (5 899 cells)

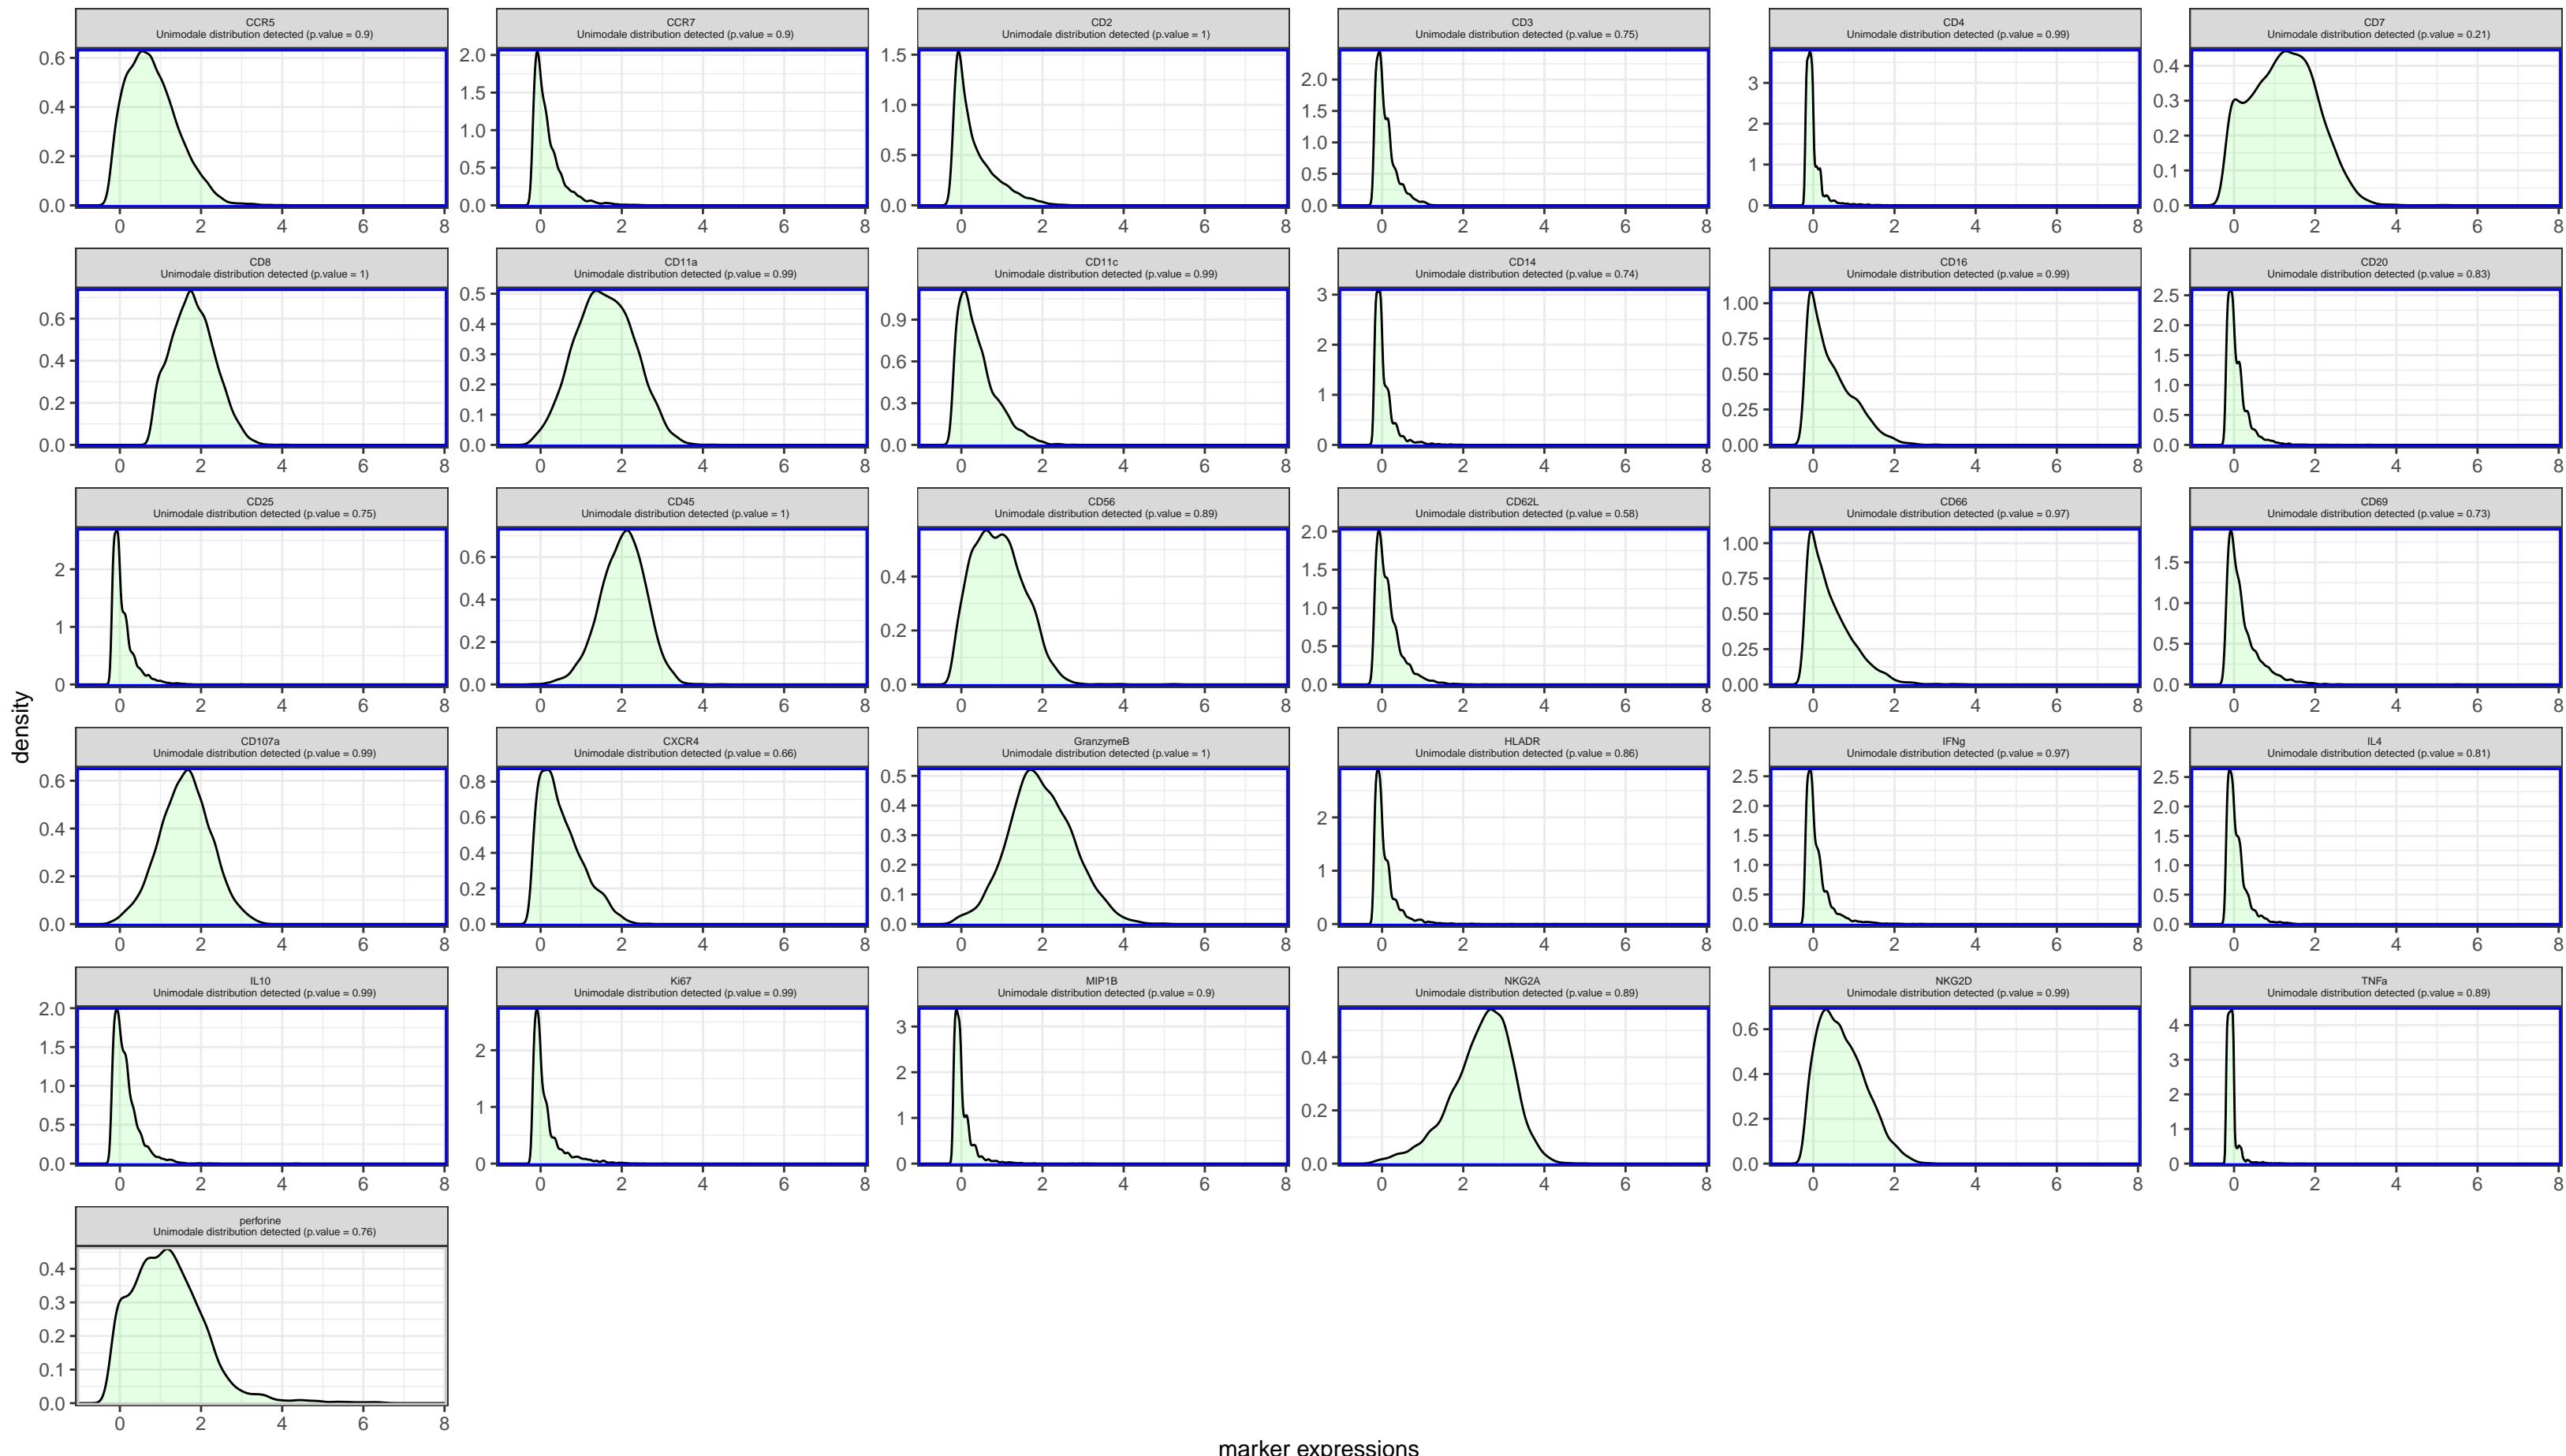

Densities of marker expressions for cluster : 36 (750 cells)

Densities of marker expressions for cluster : 37 (9 524 cells)

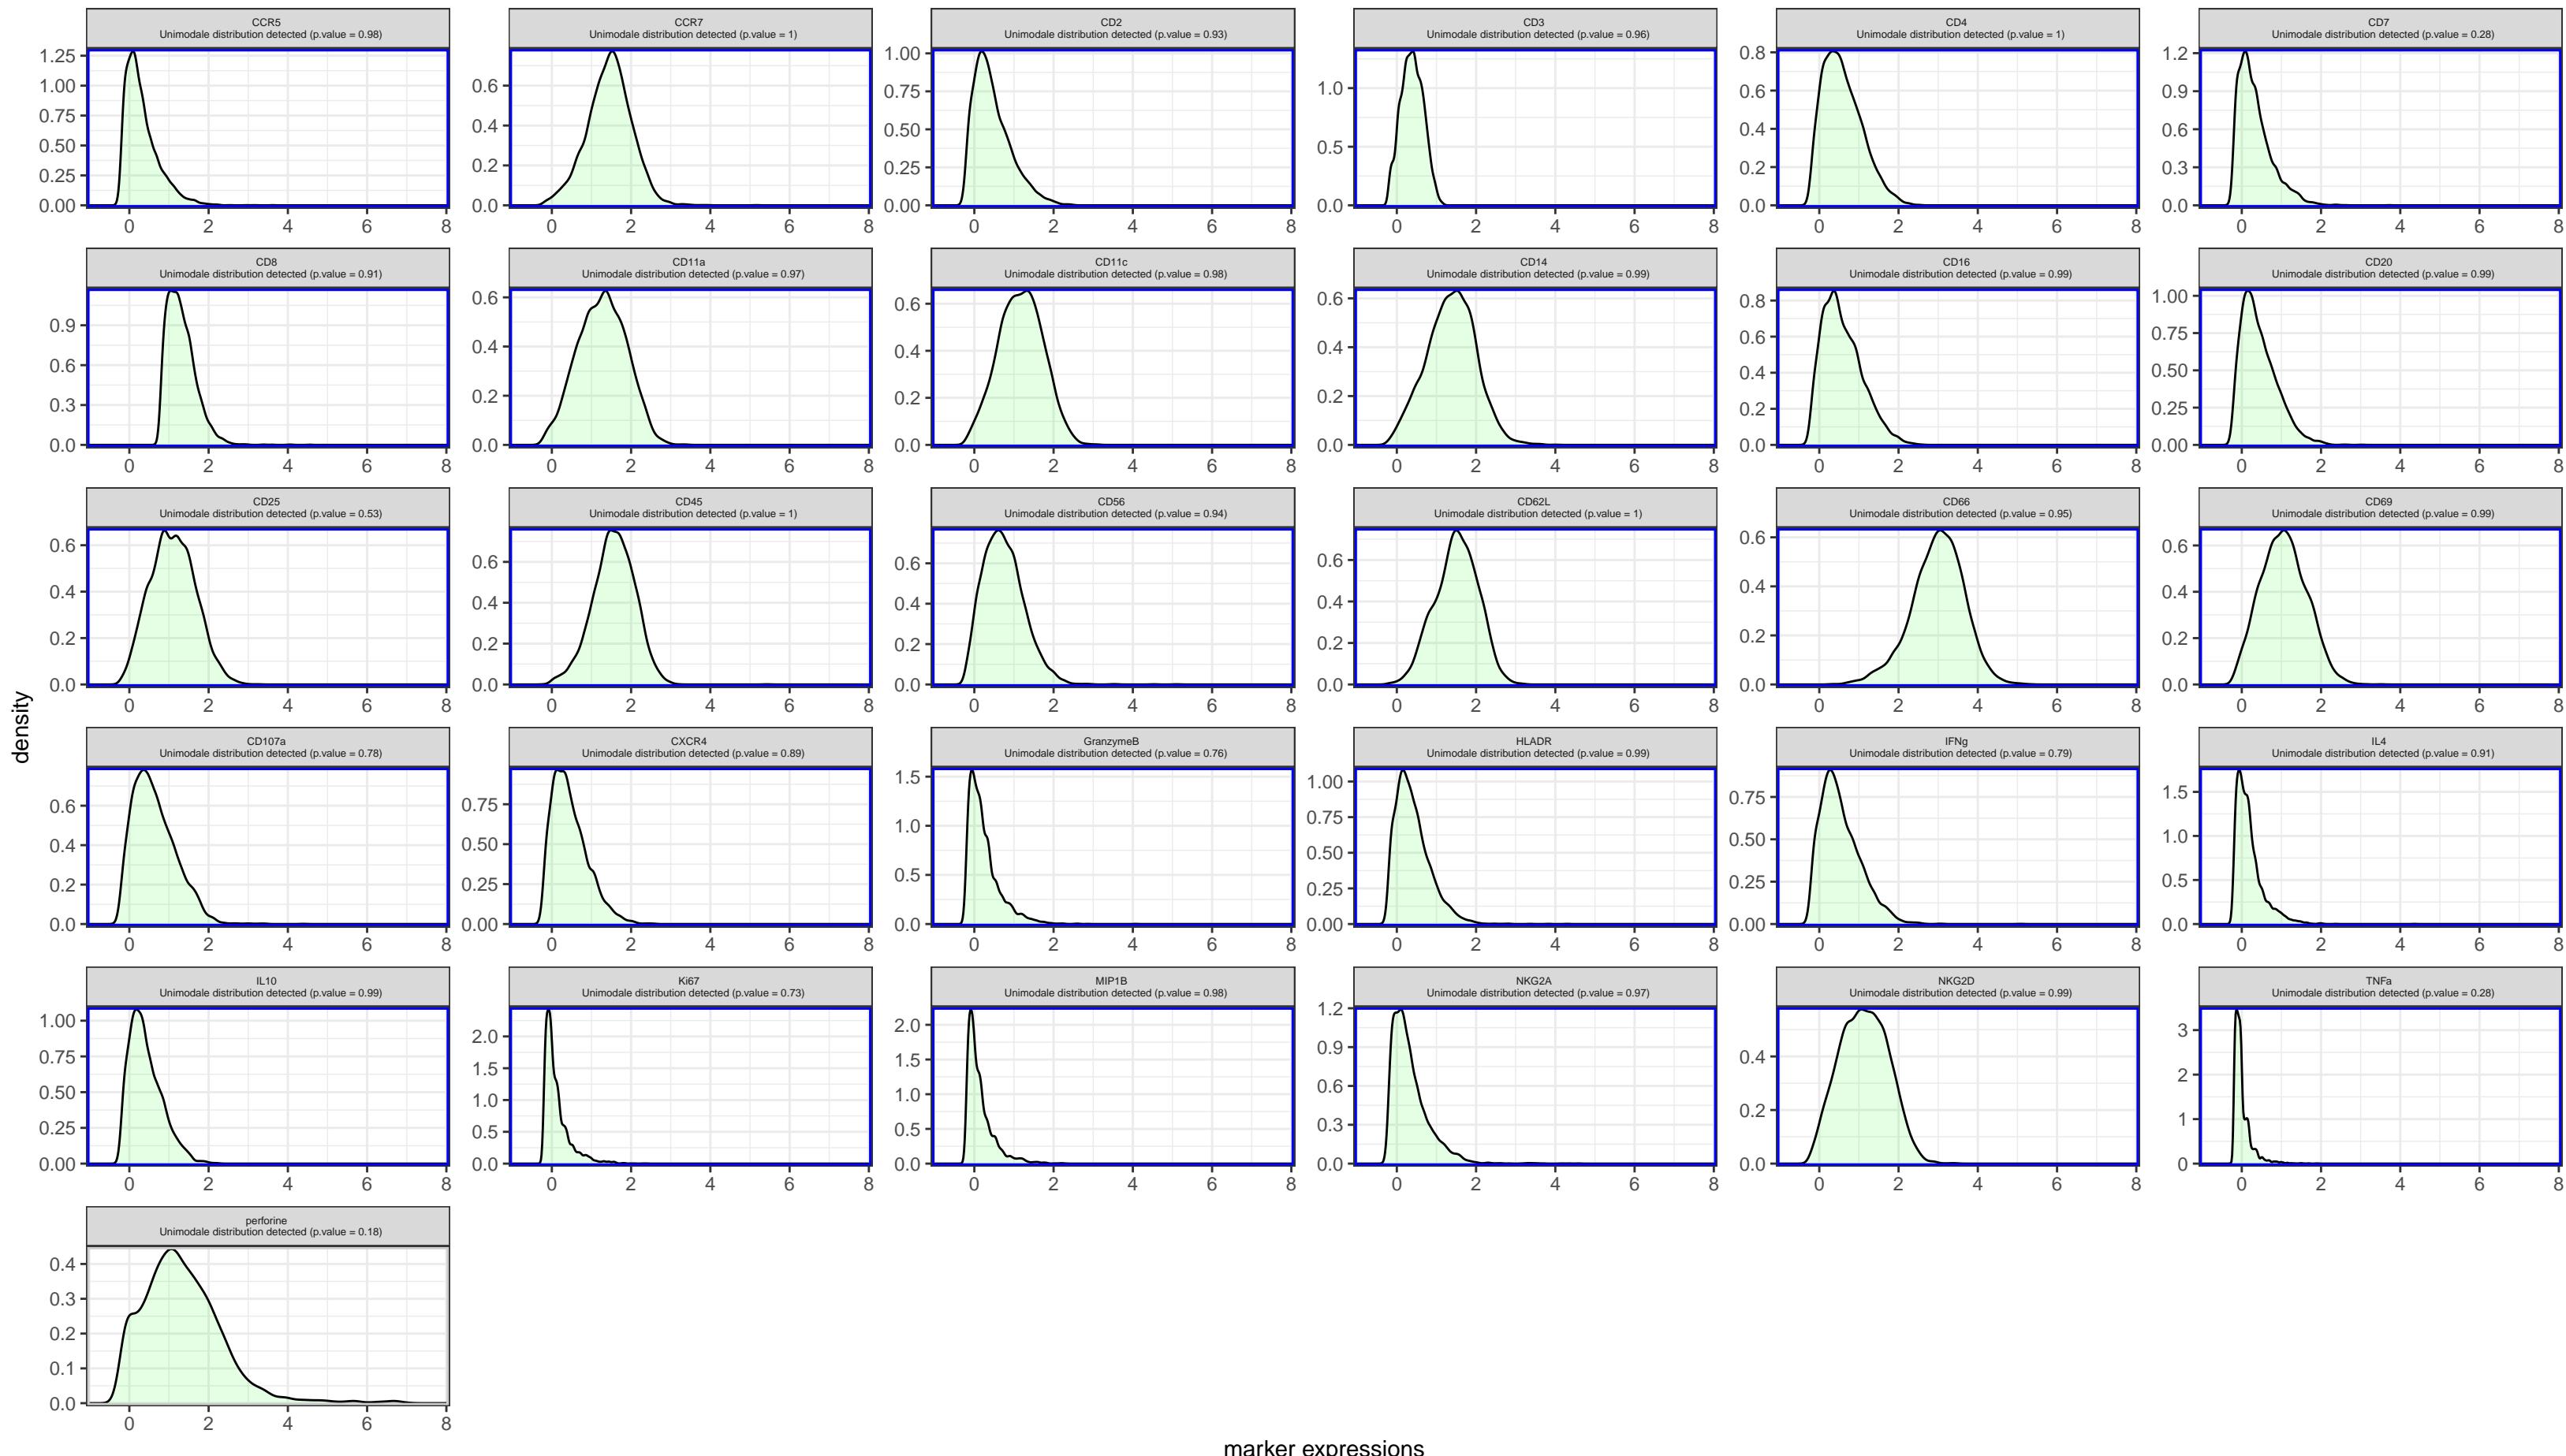

Densities of marker expressions for cluster : 38 (5 059 cells)

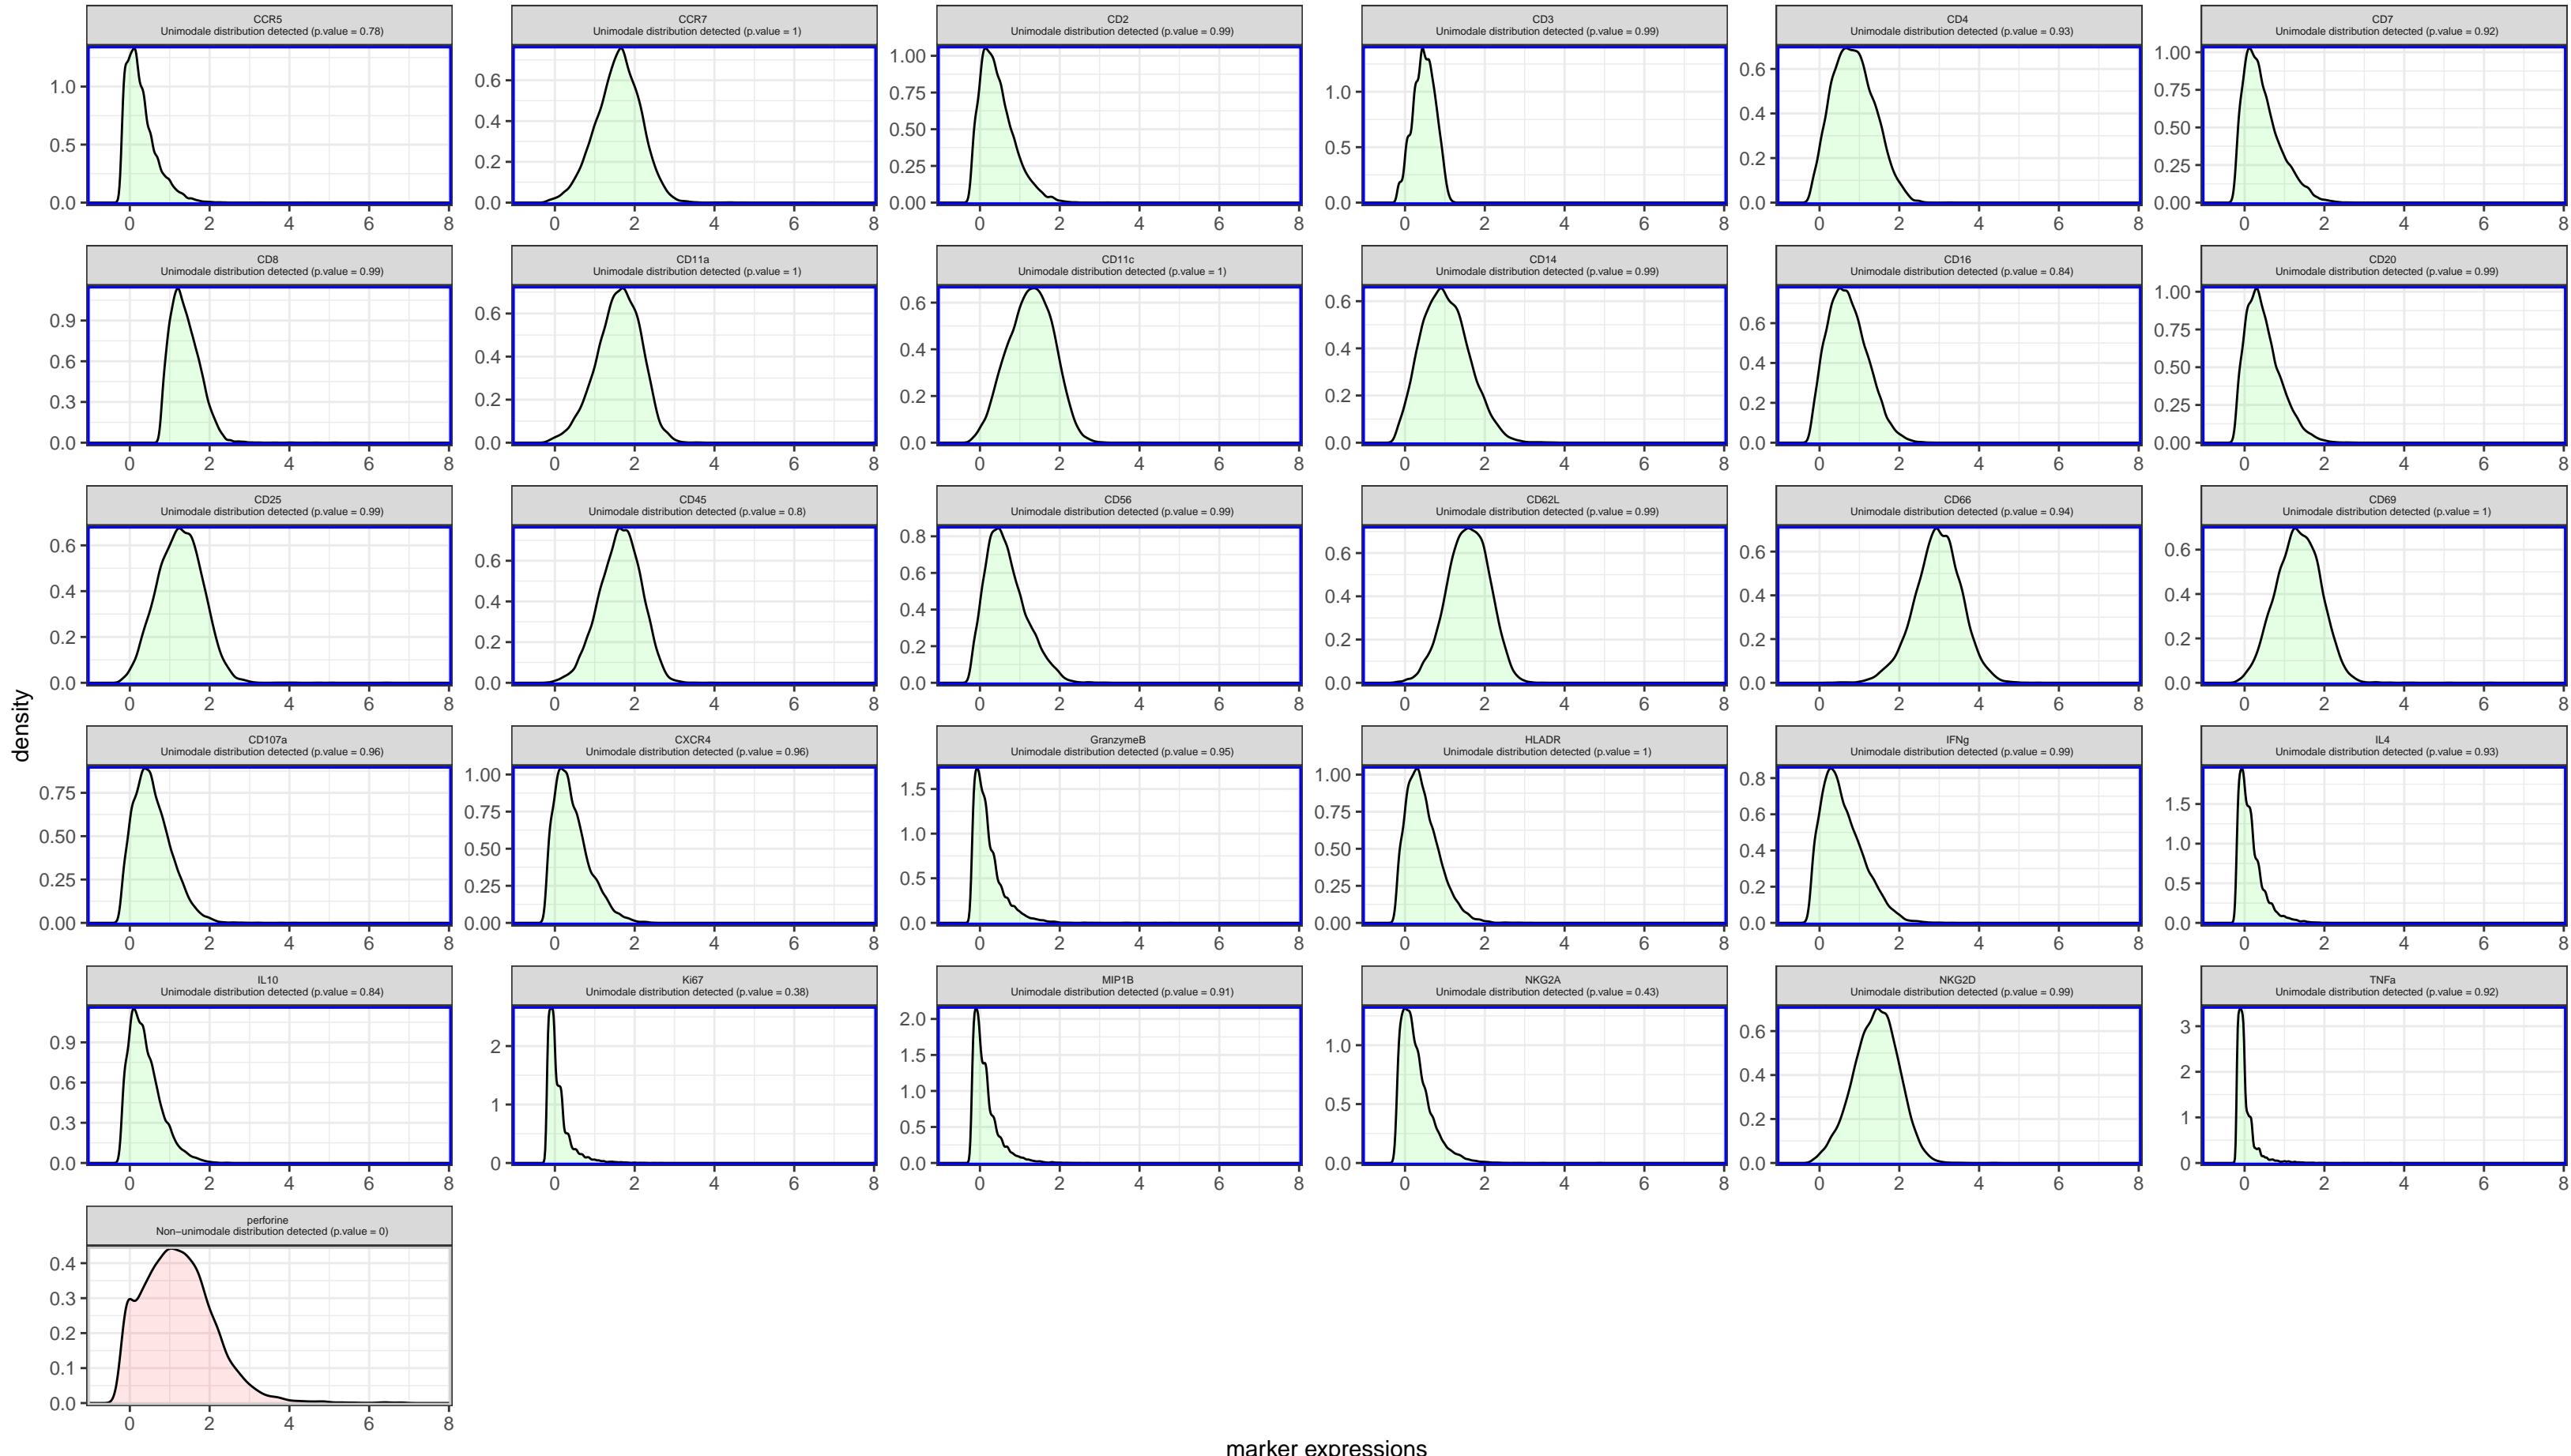

marker expressions

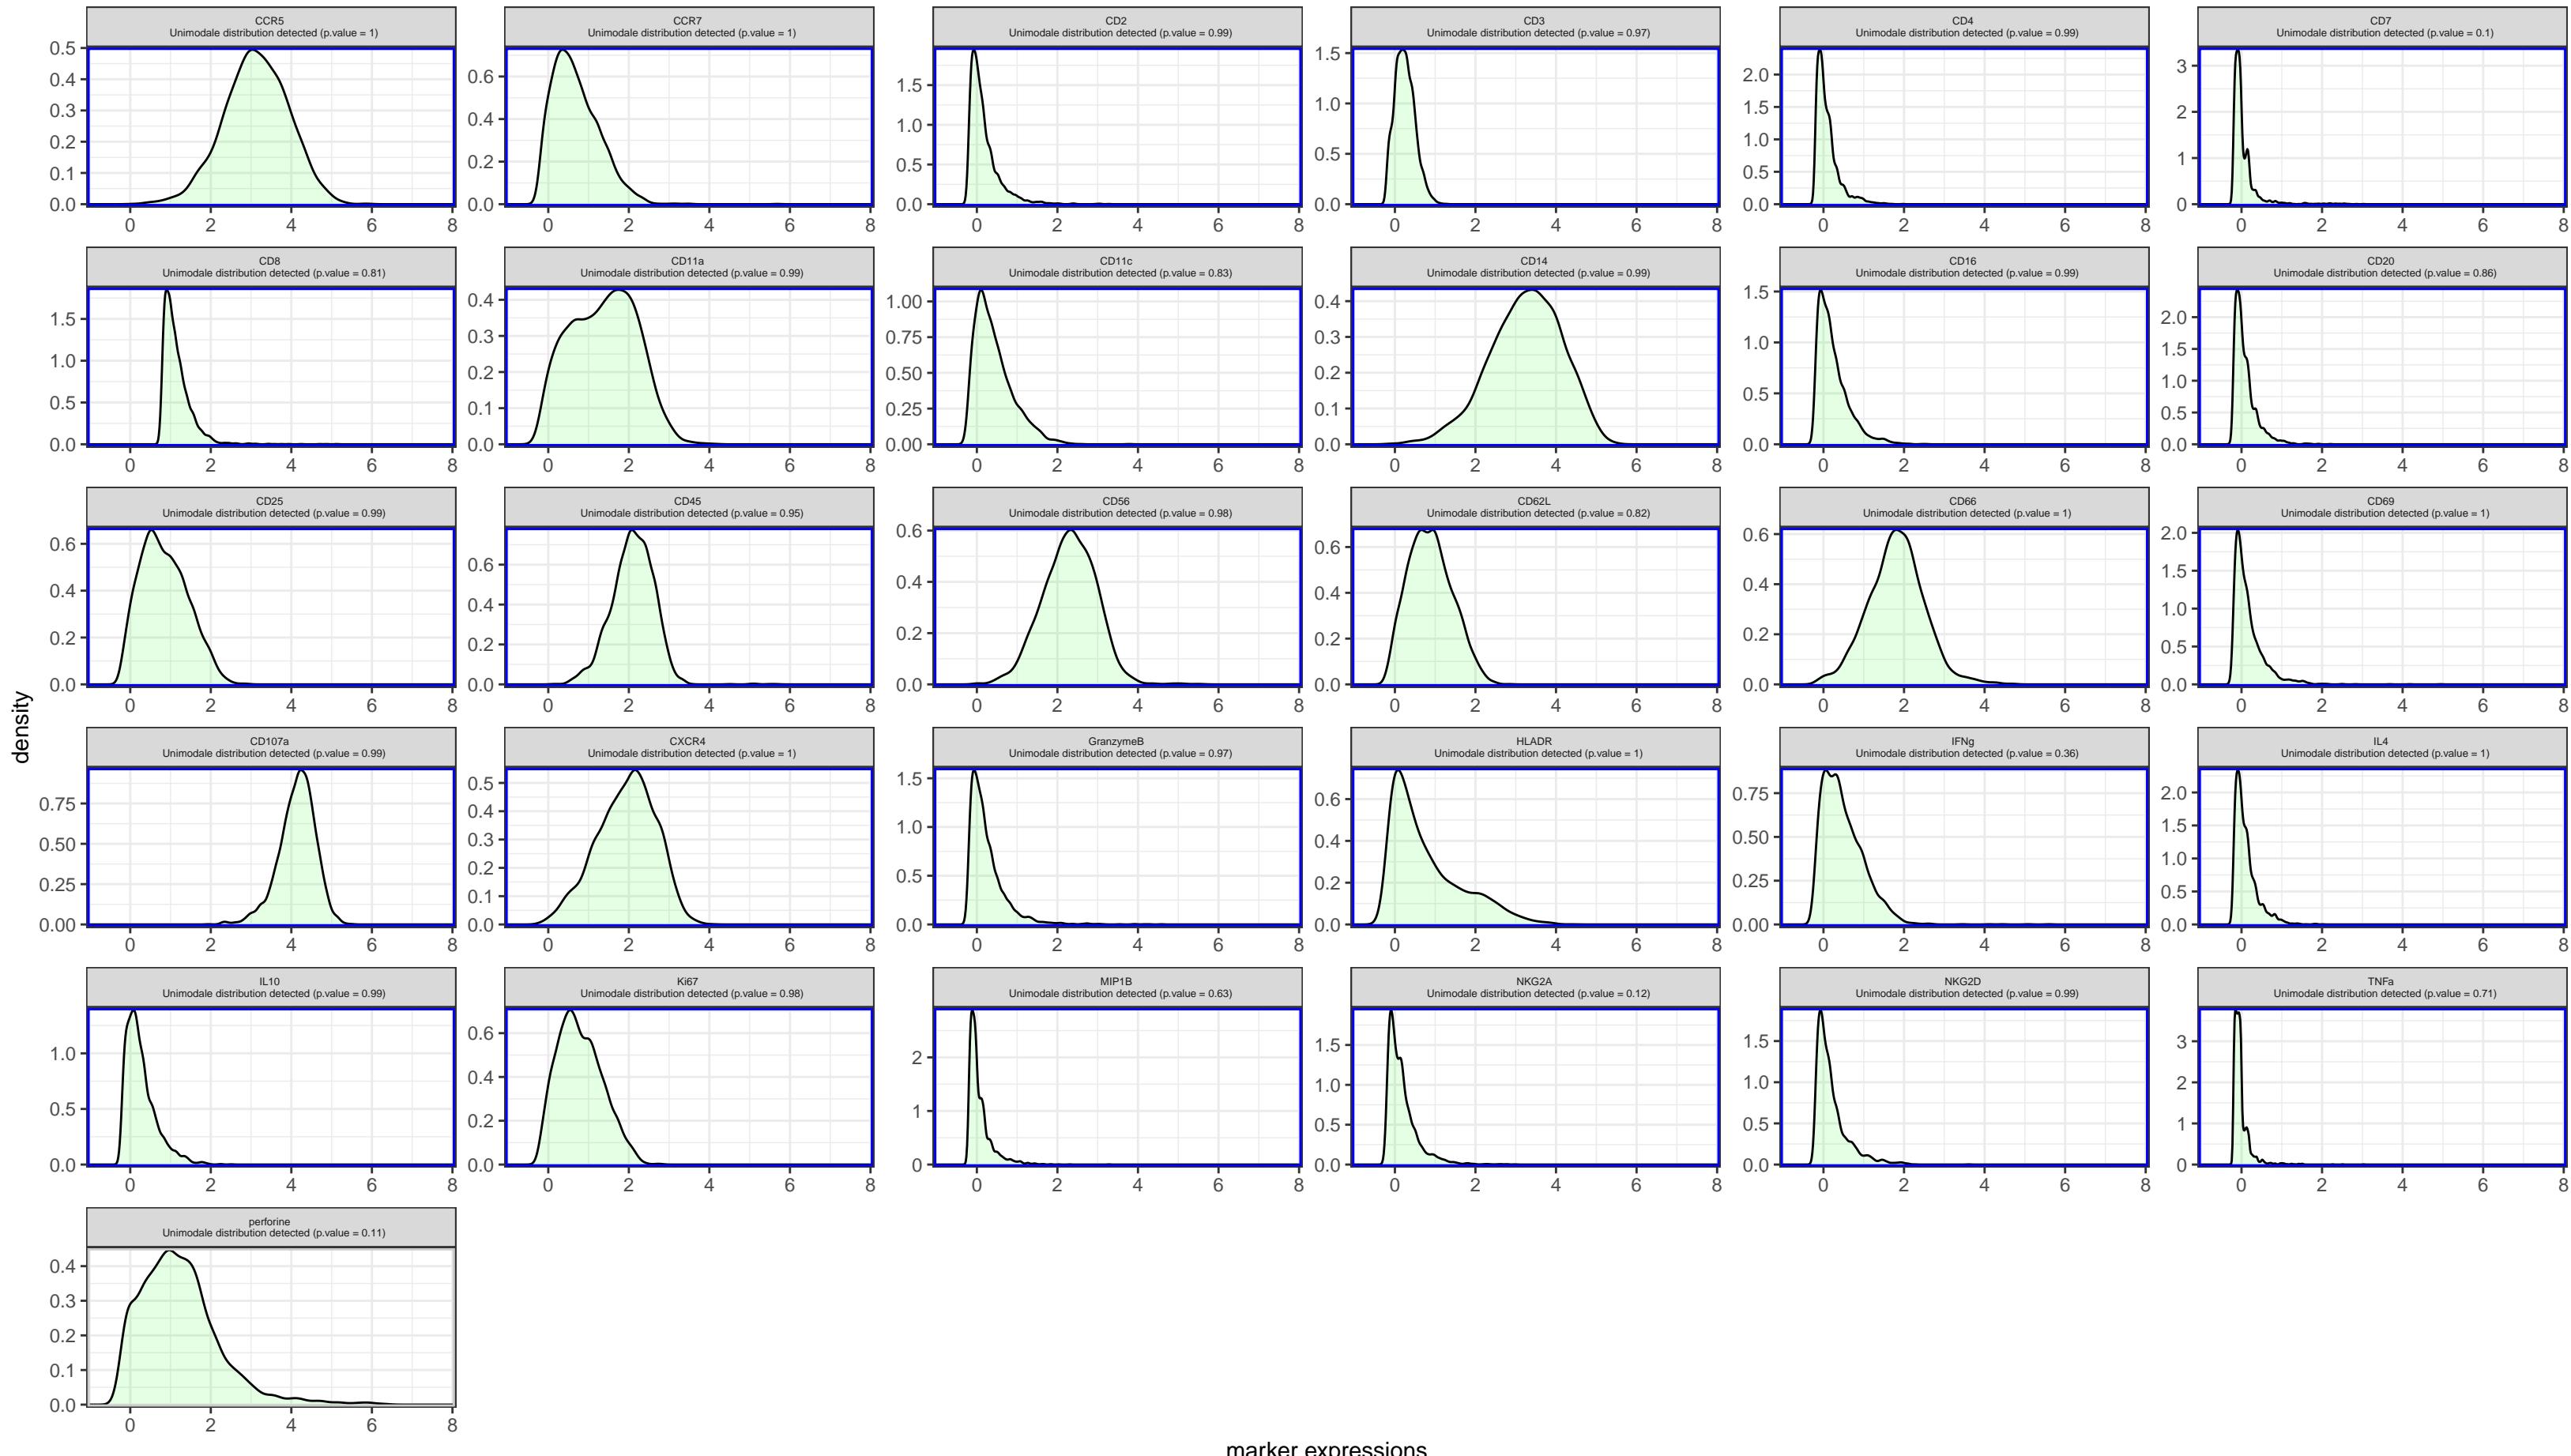

Densities of marker expressions for cluster : 39 (4 495 cells)

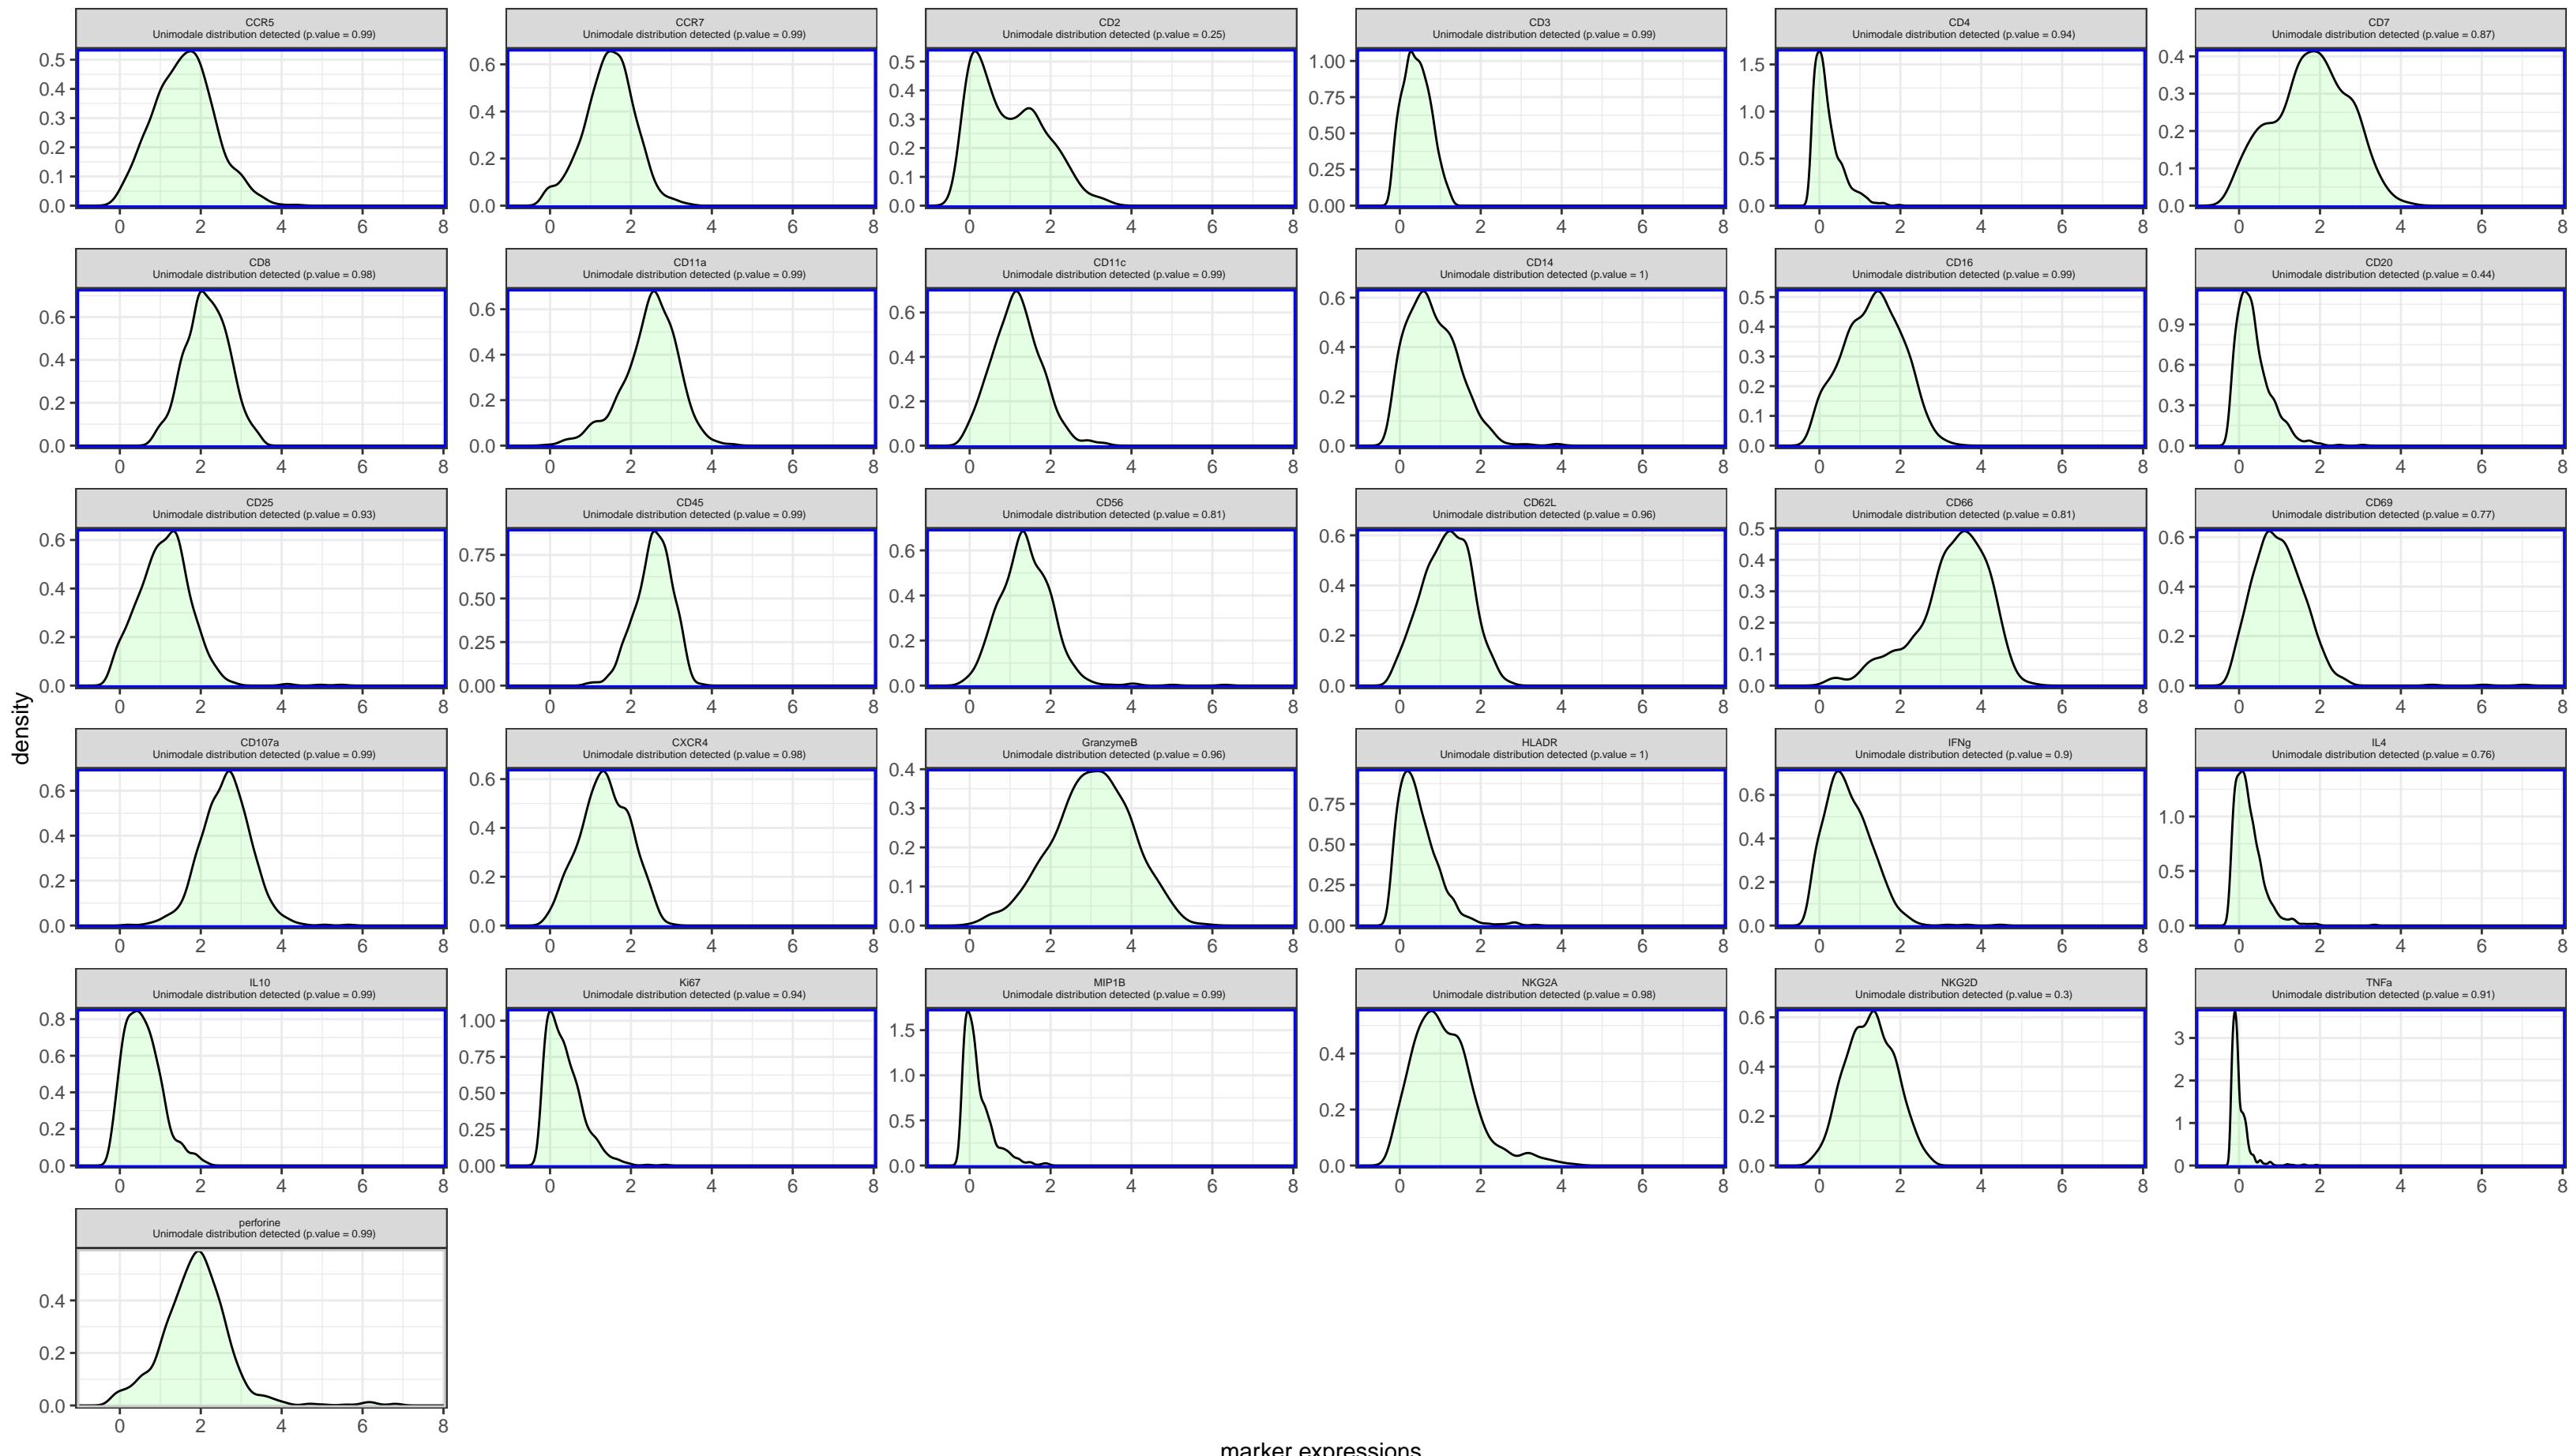

Densities of marker expressions for cluster : 40 (10 174 cells)

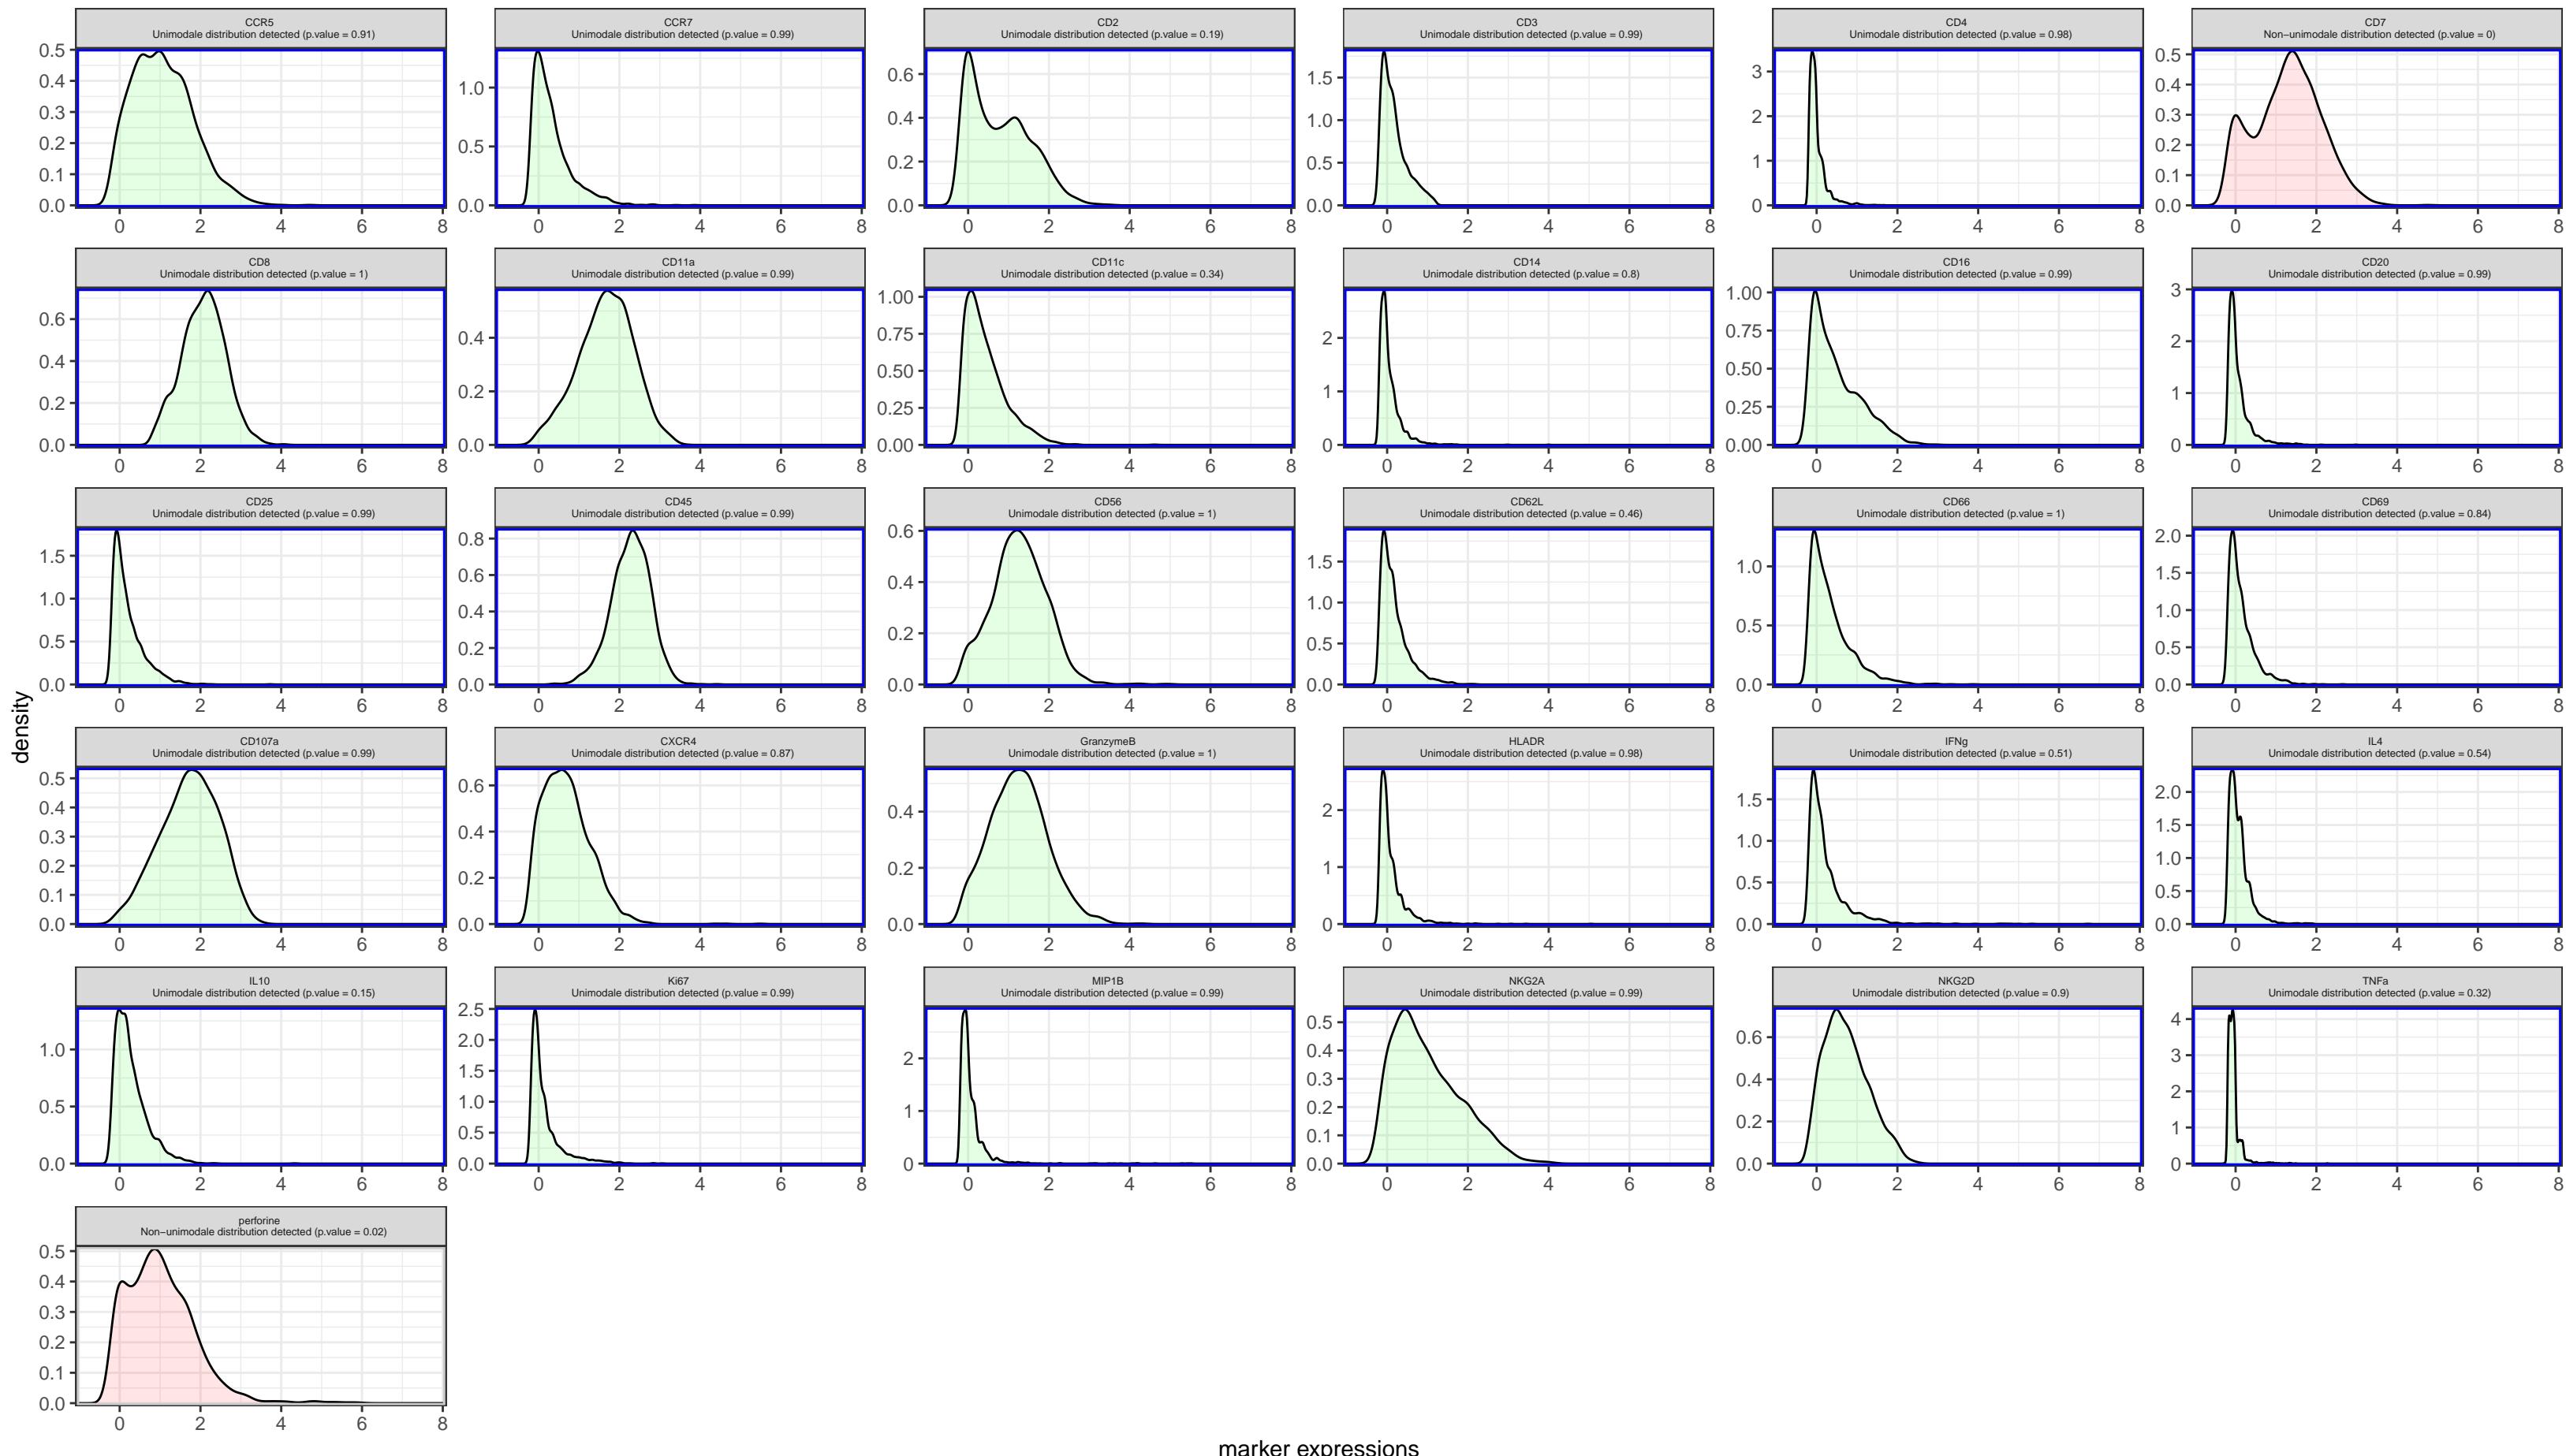

Densities of marker expressions for cluster : 41 (3 201 cells)

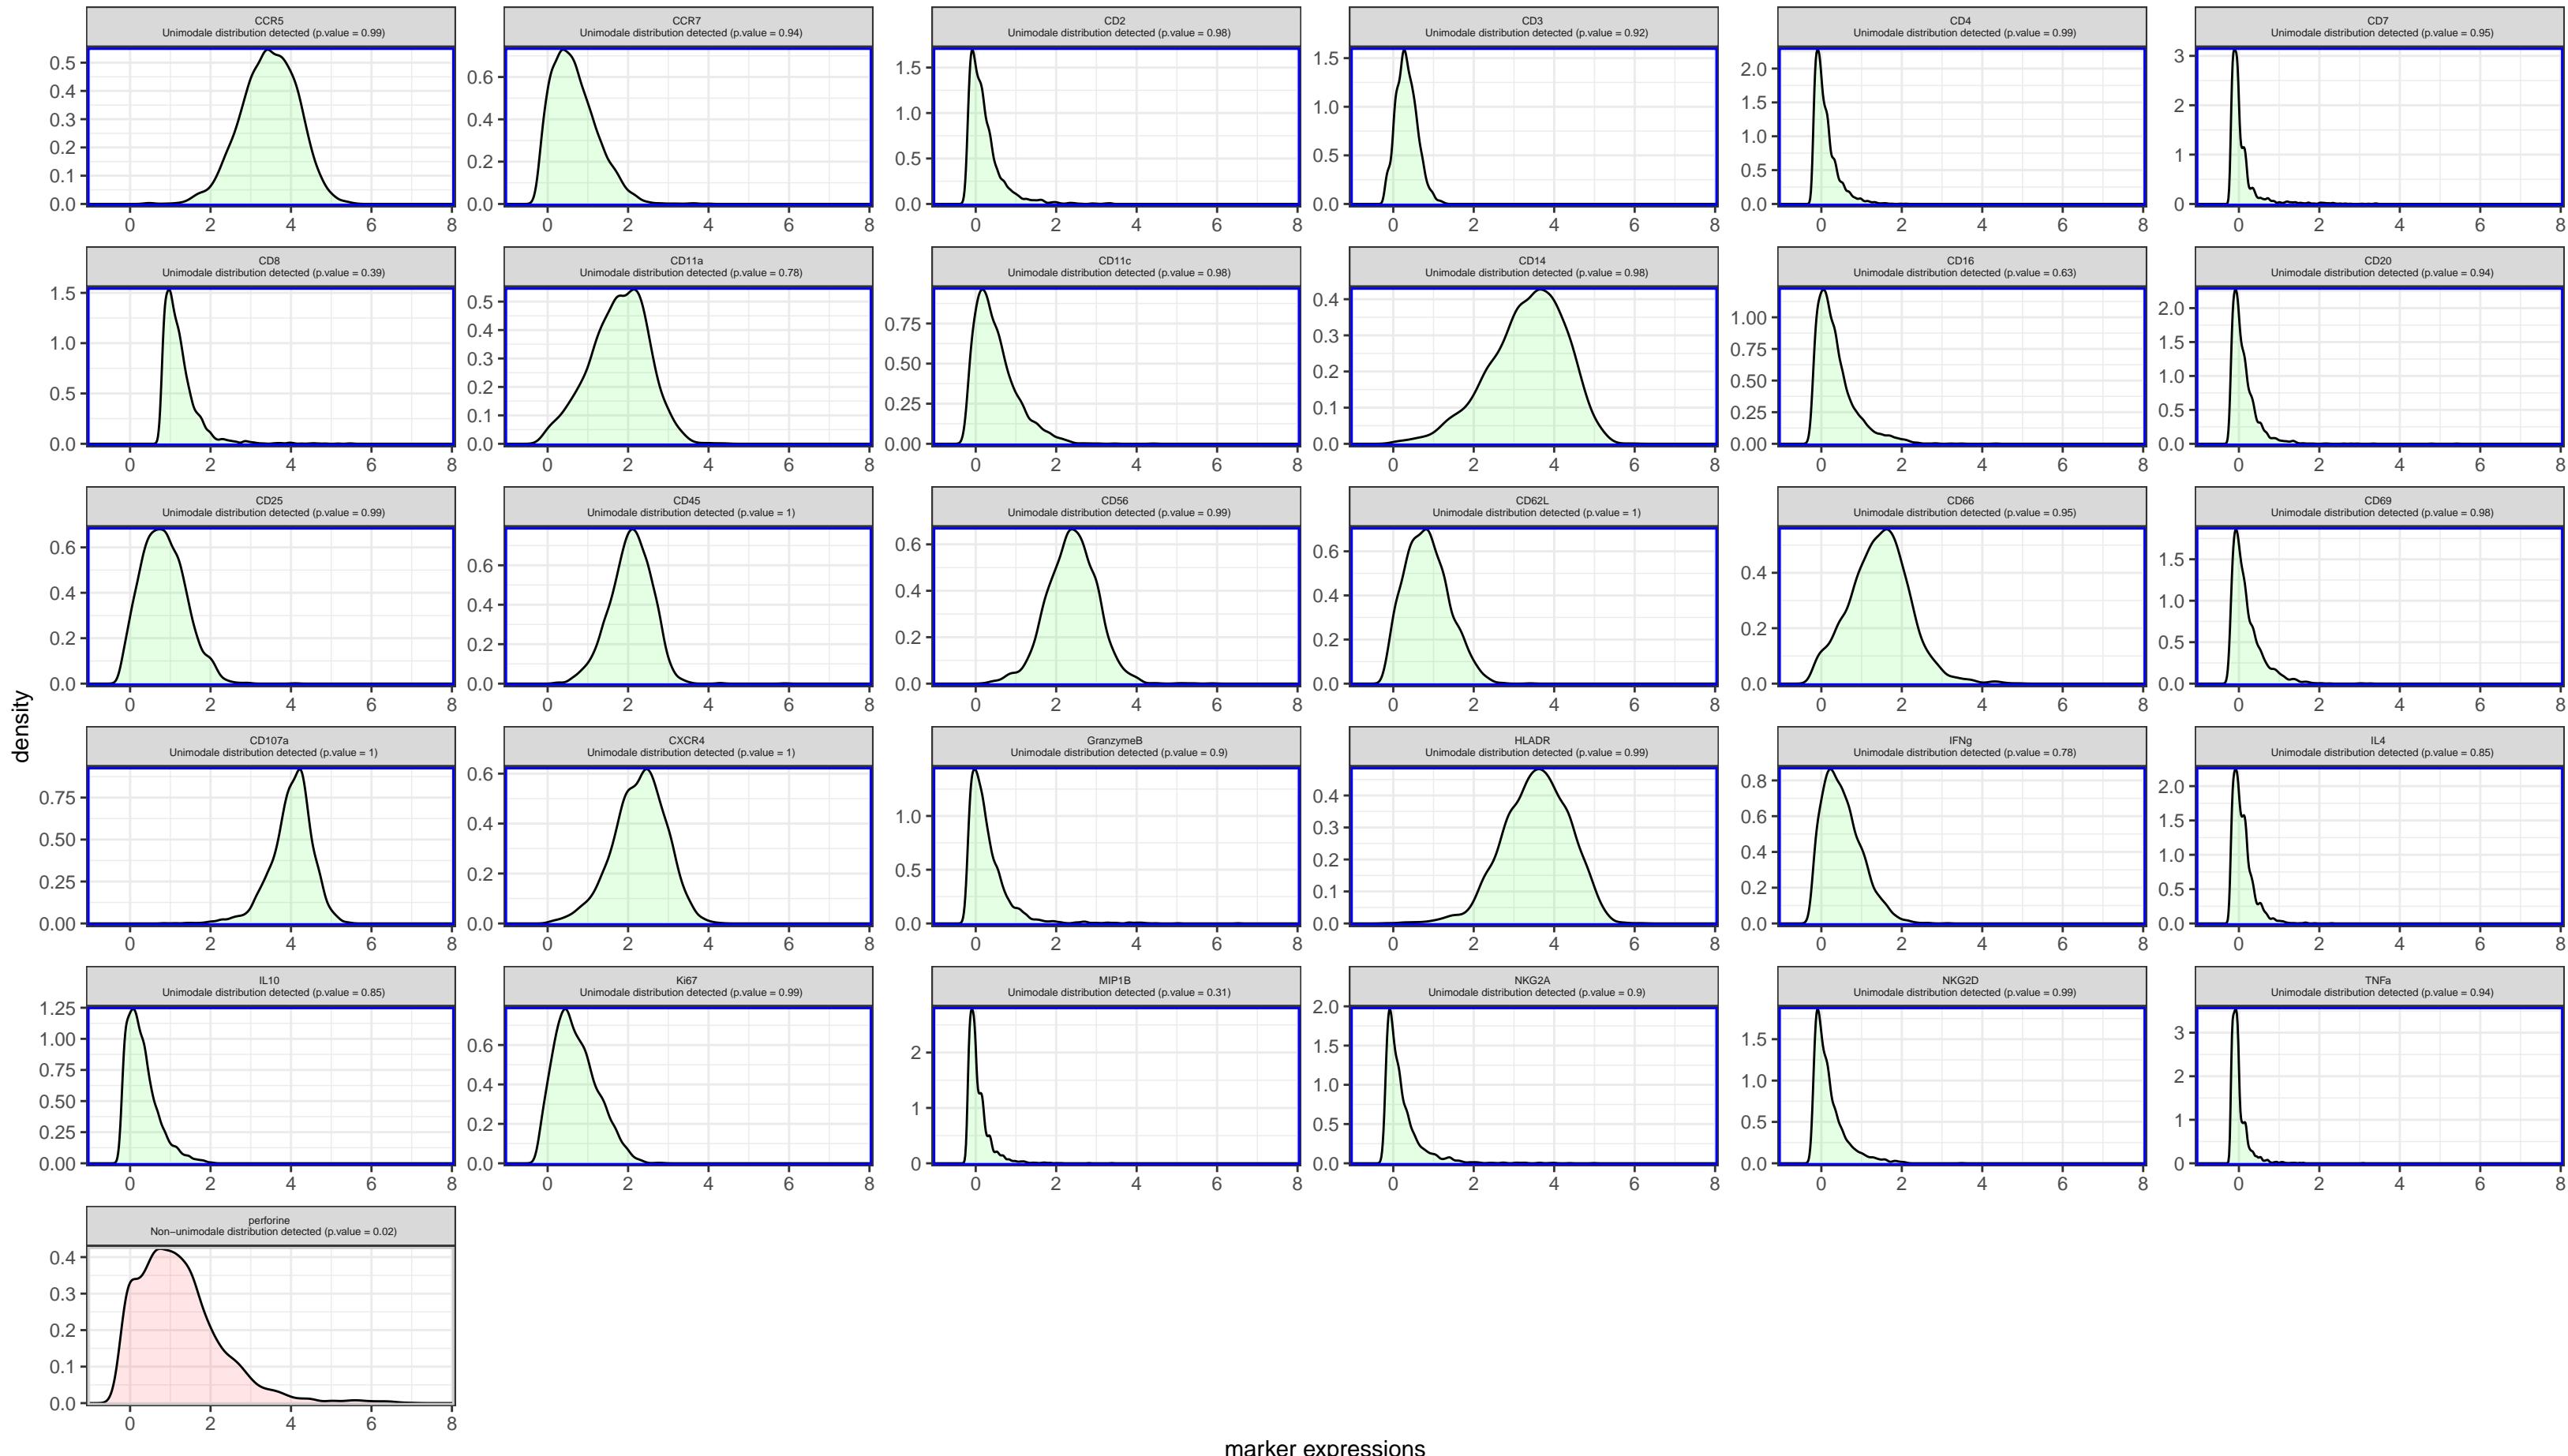

Densities of marker expressions for cluster : 42 (825 cells)

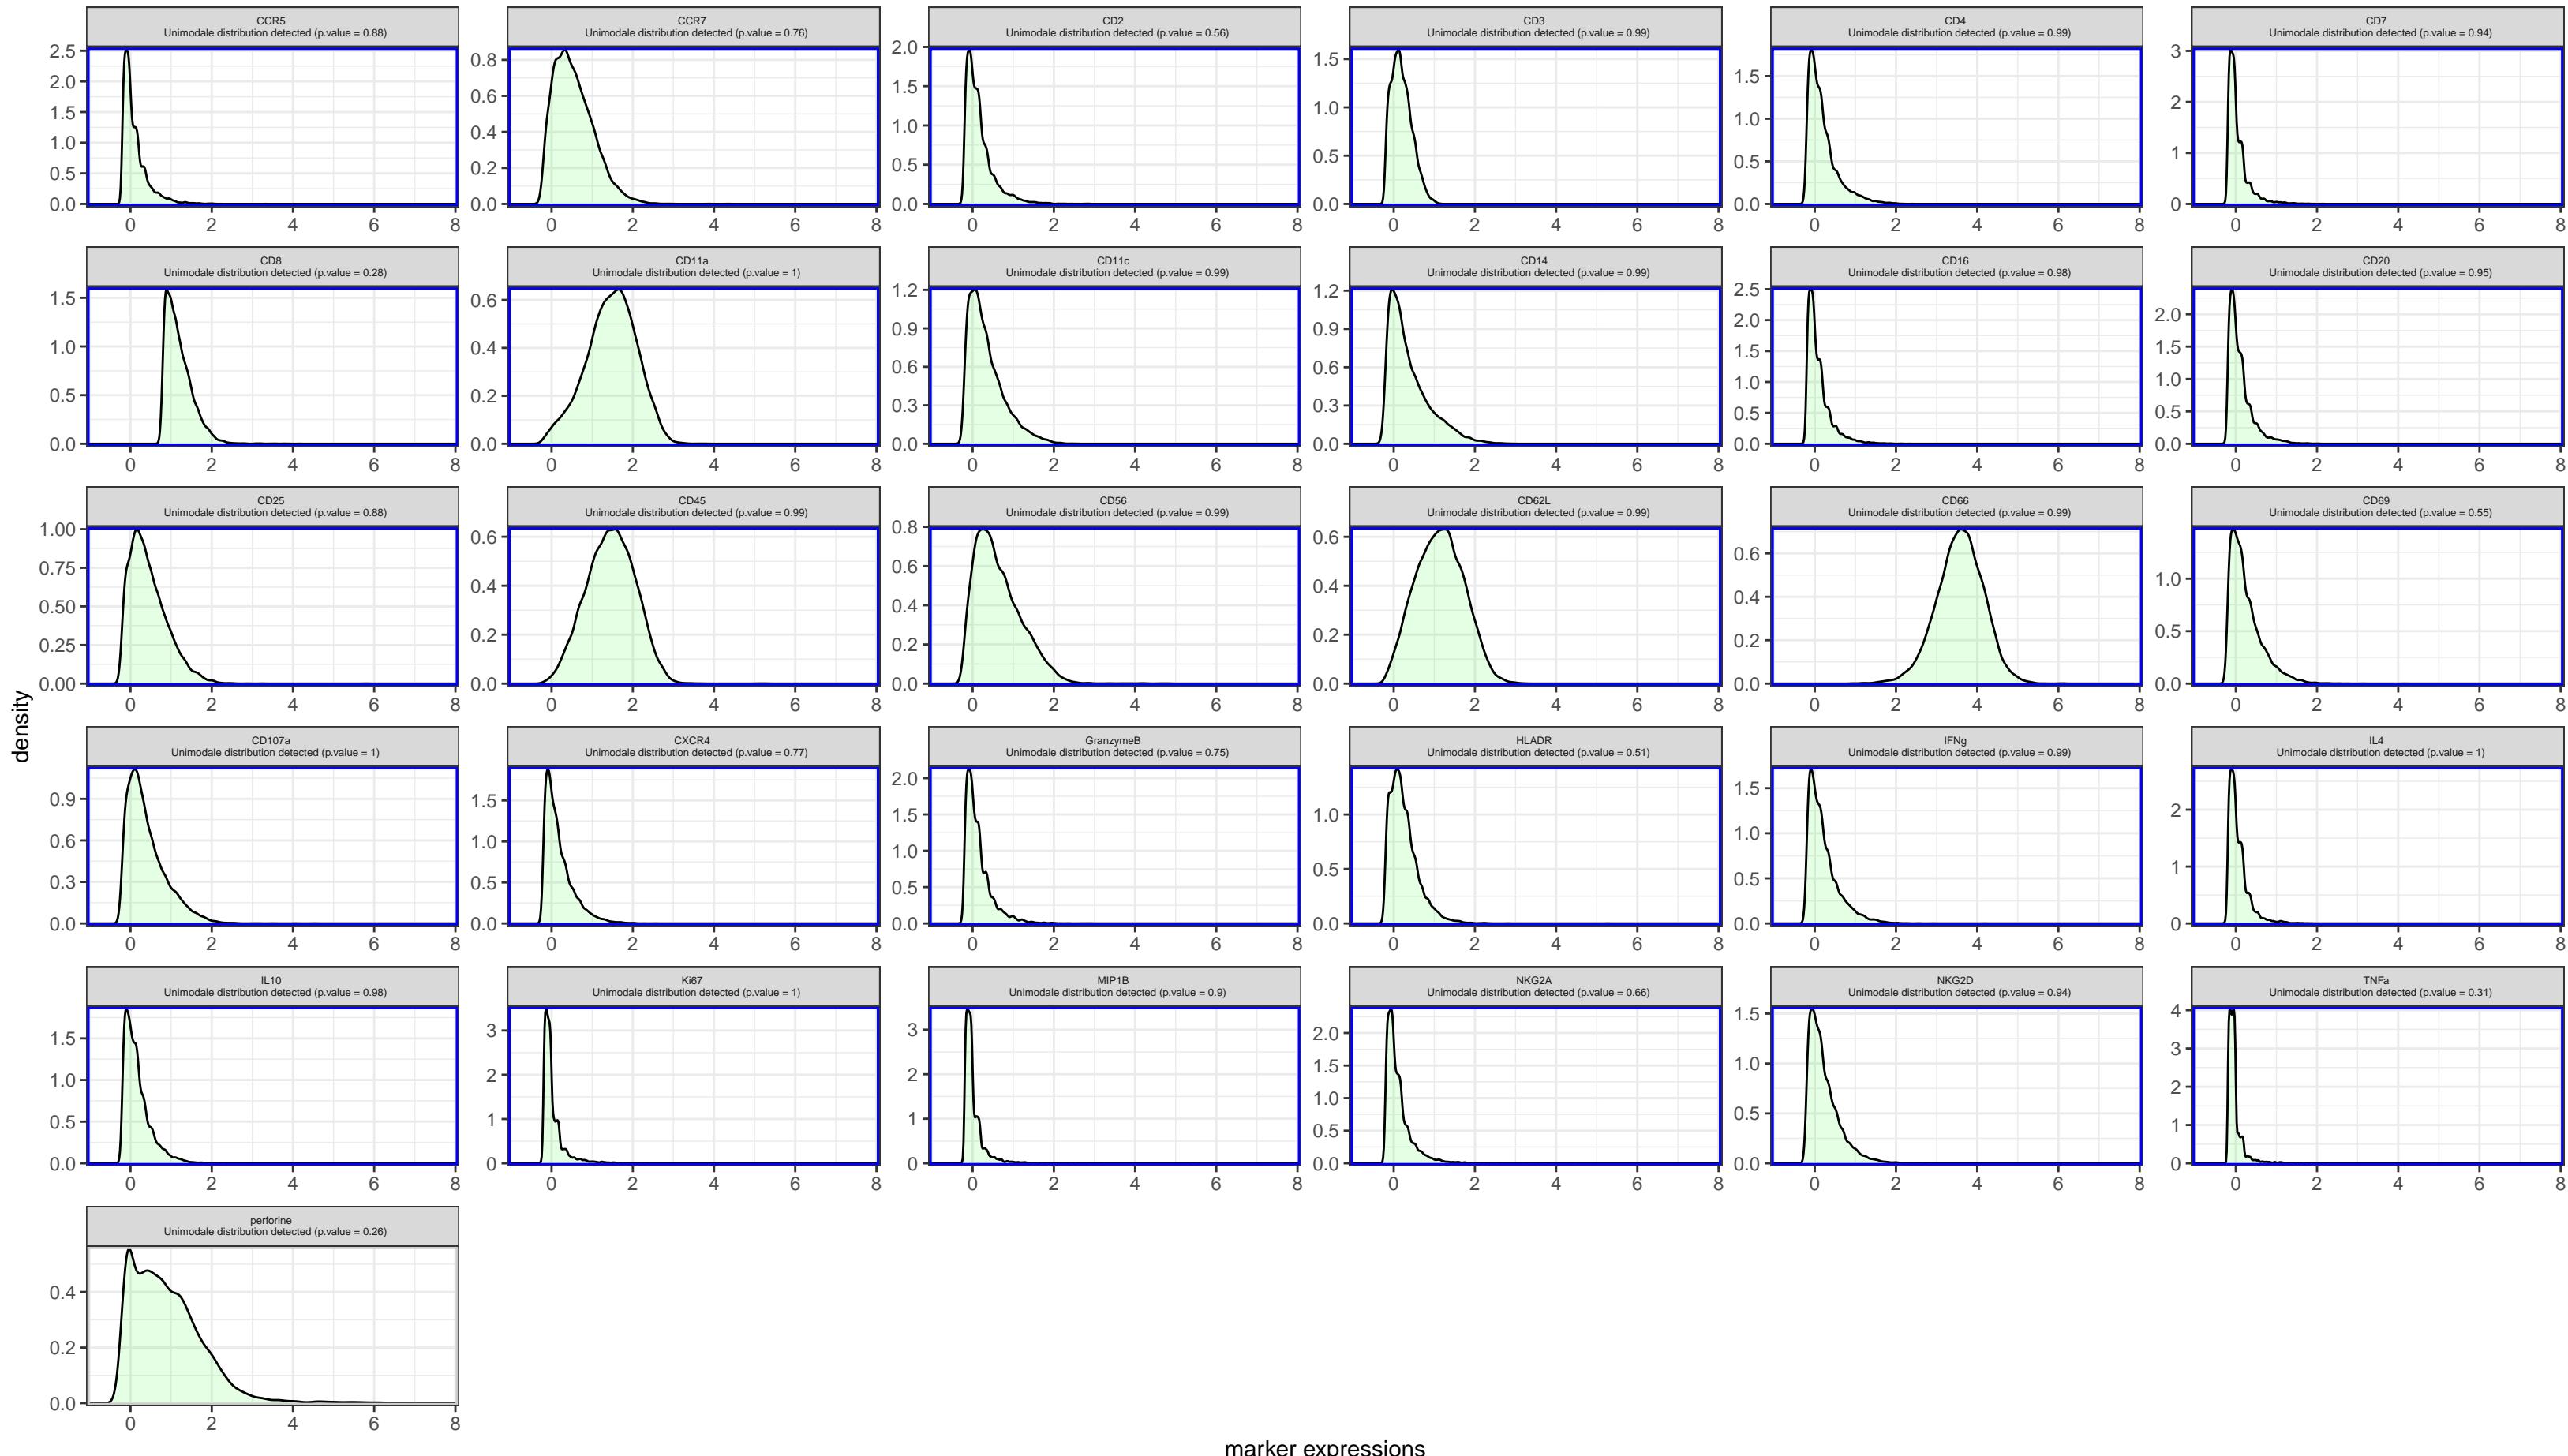

Densities of marker expressions for cluster : 43 (2 400 cells)

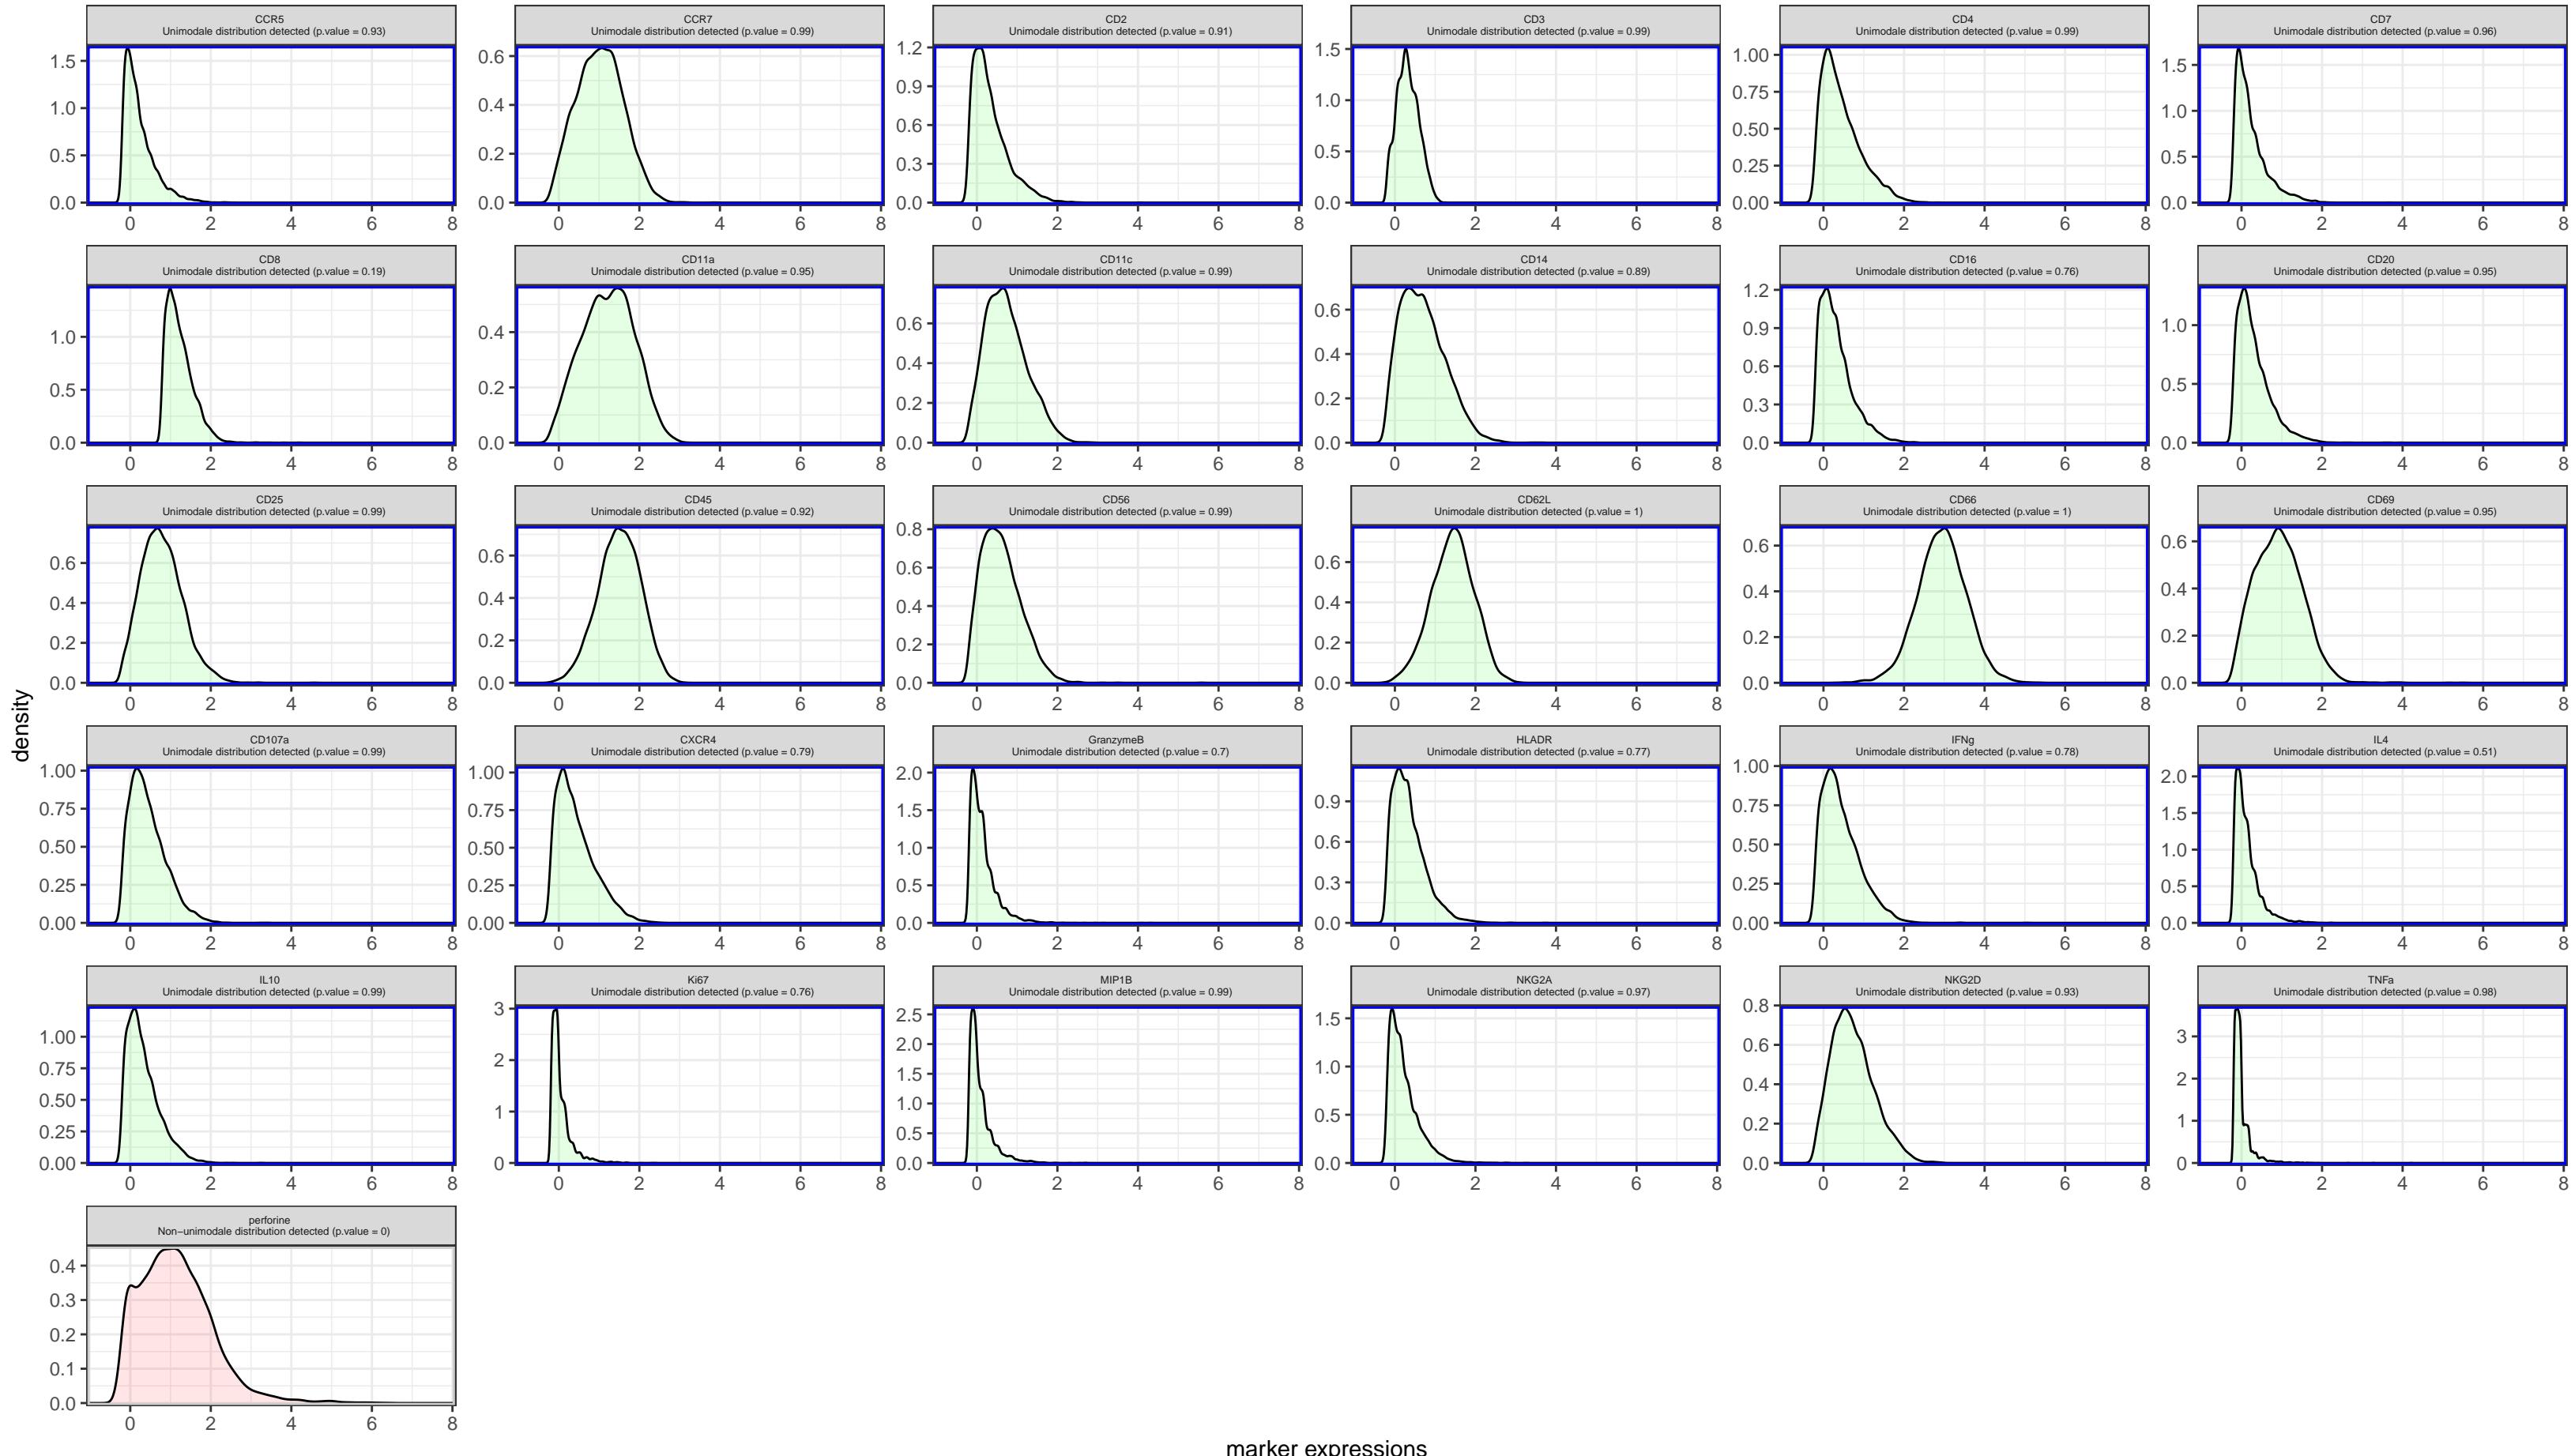

Densities of marker expressions for cluster : 44 (2 773 cells)

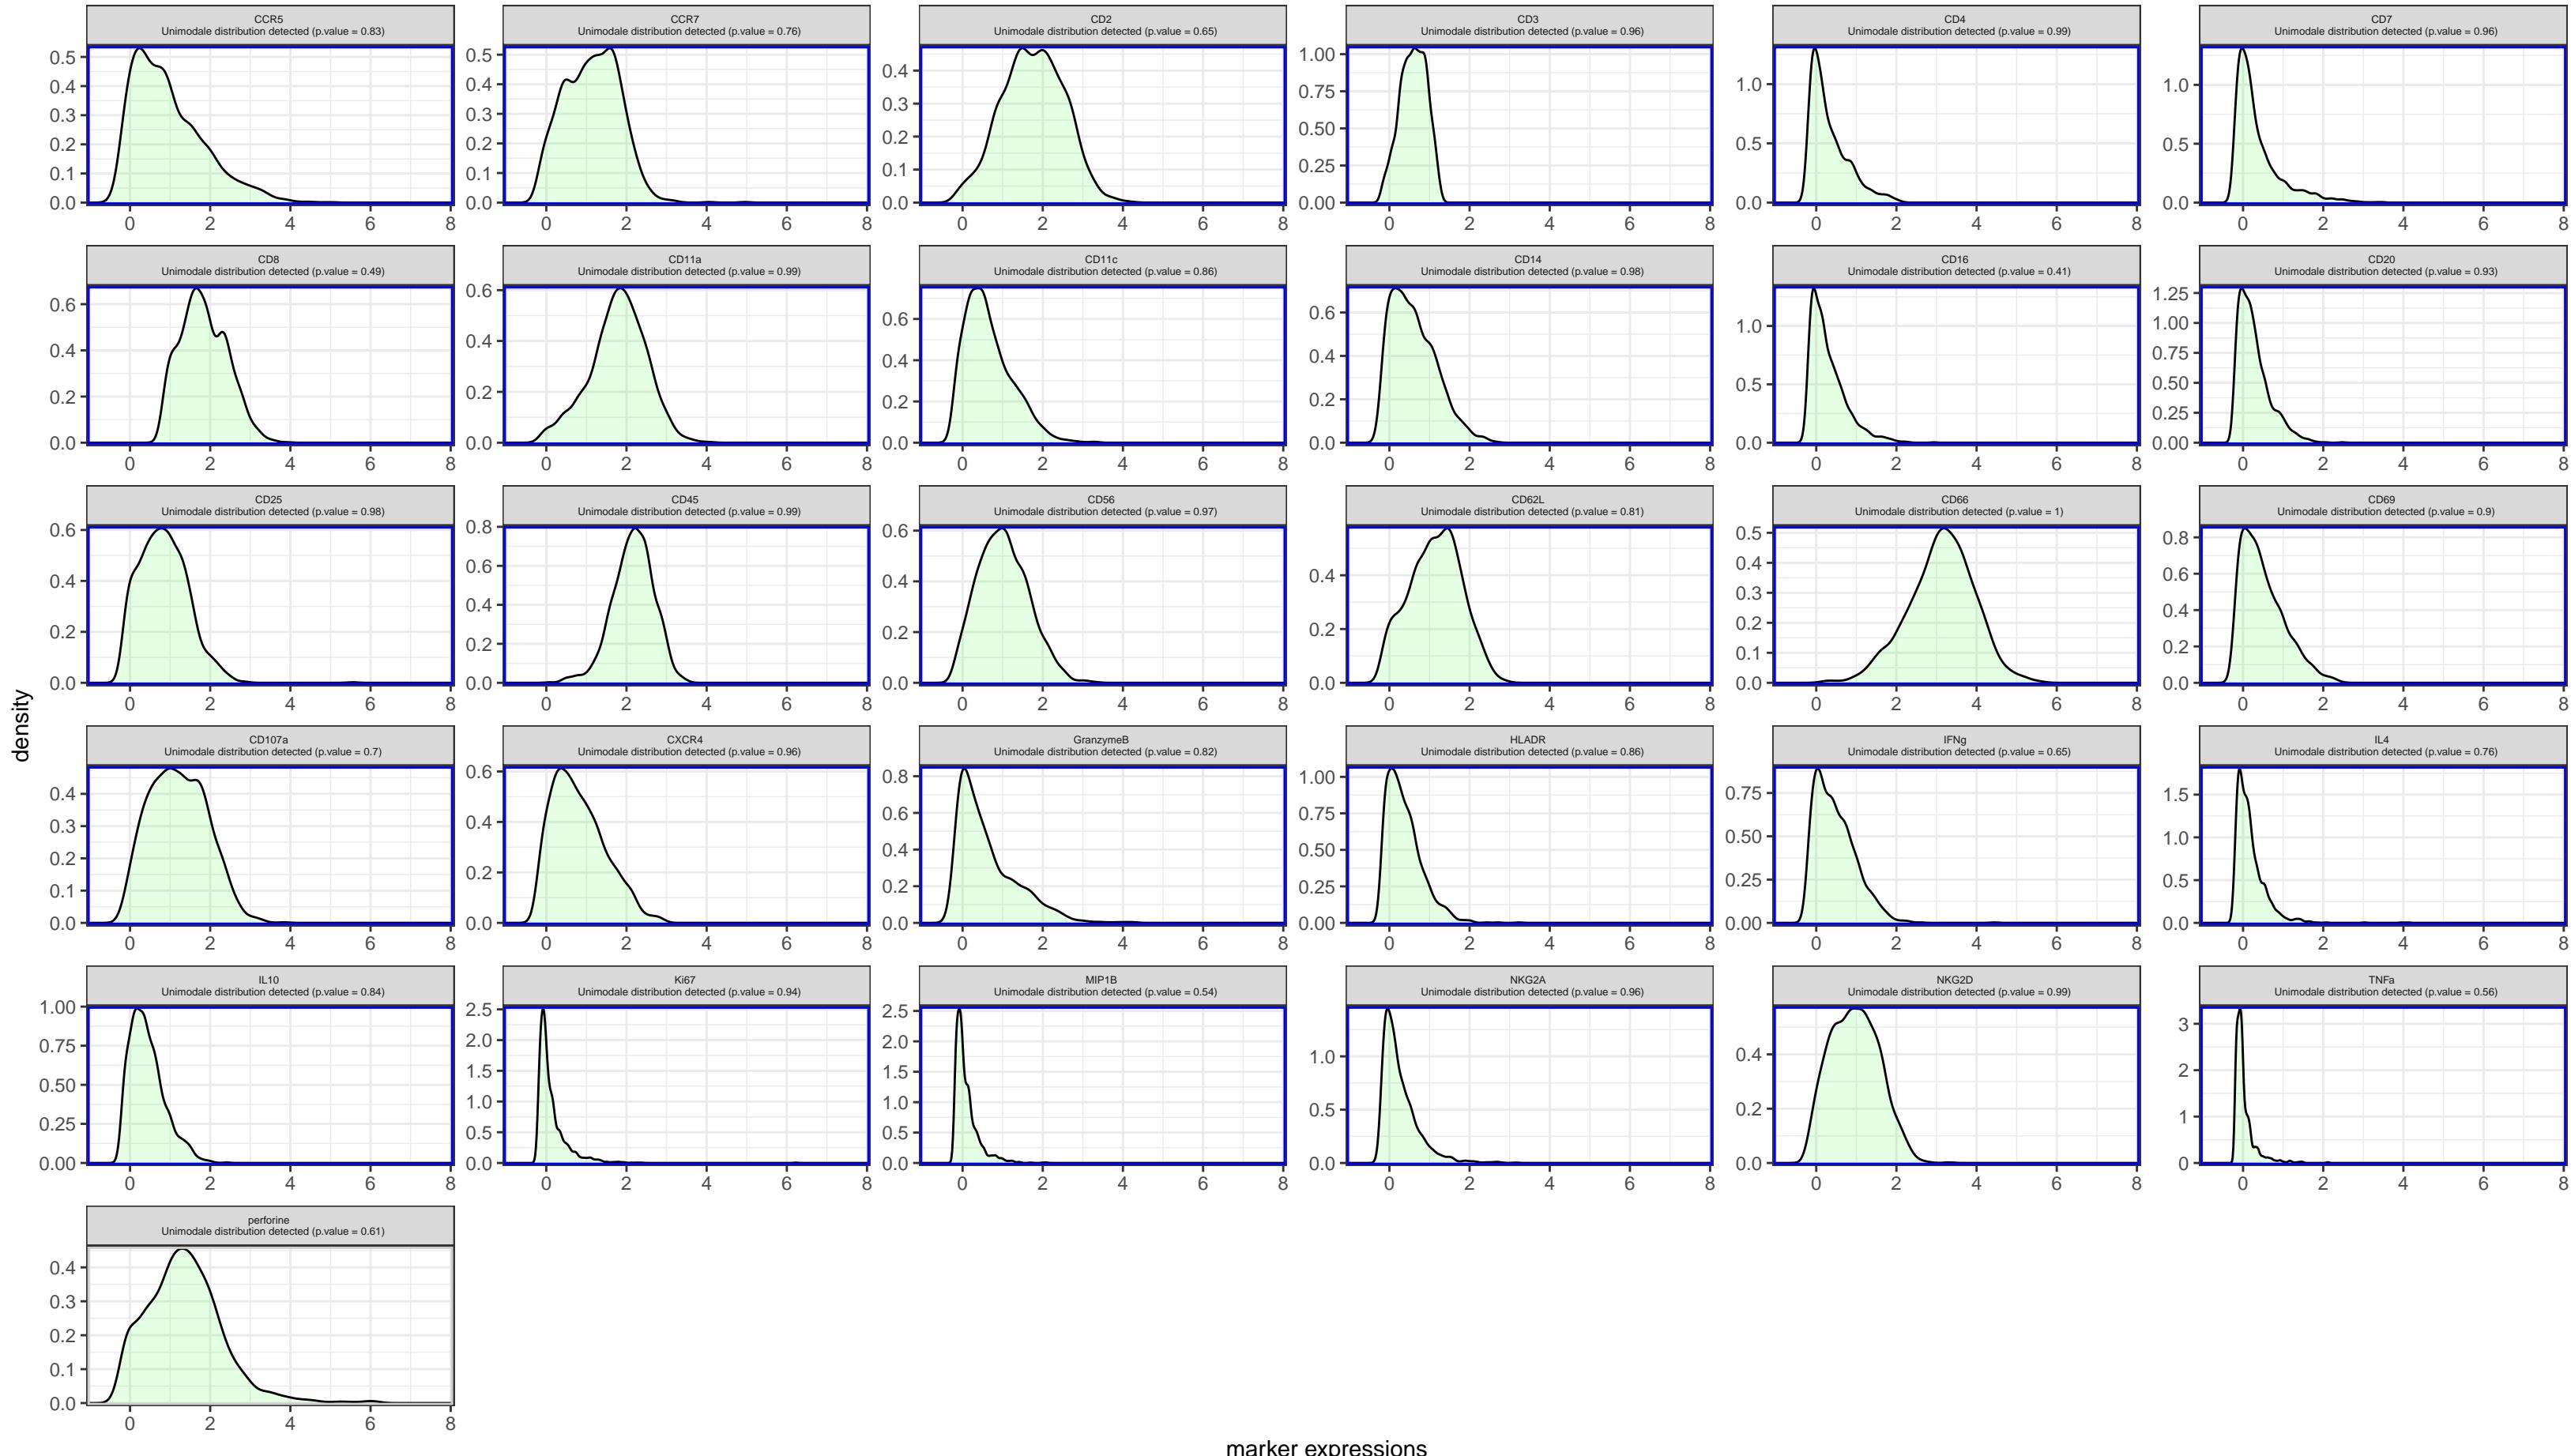

Densities of marker expressions for cluster : 45 (9 712 cells)

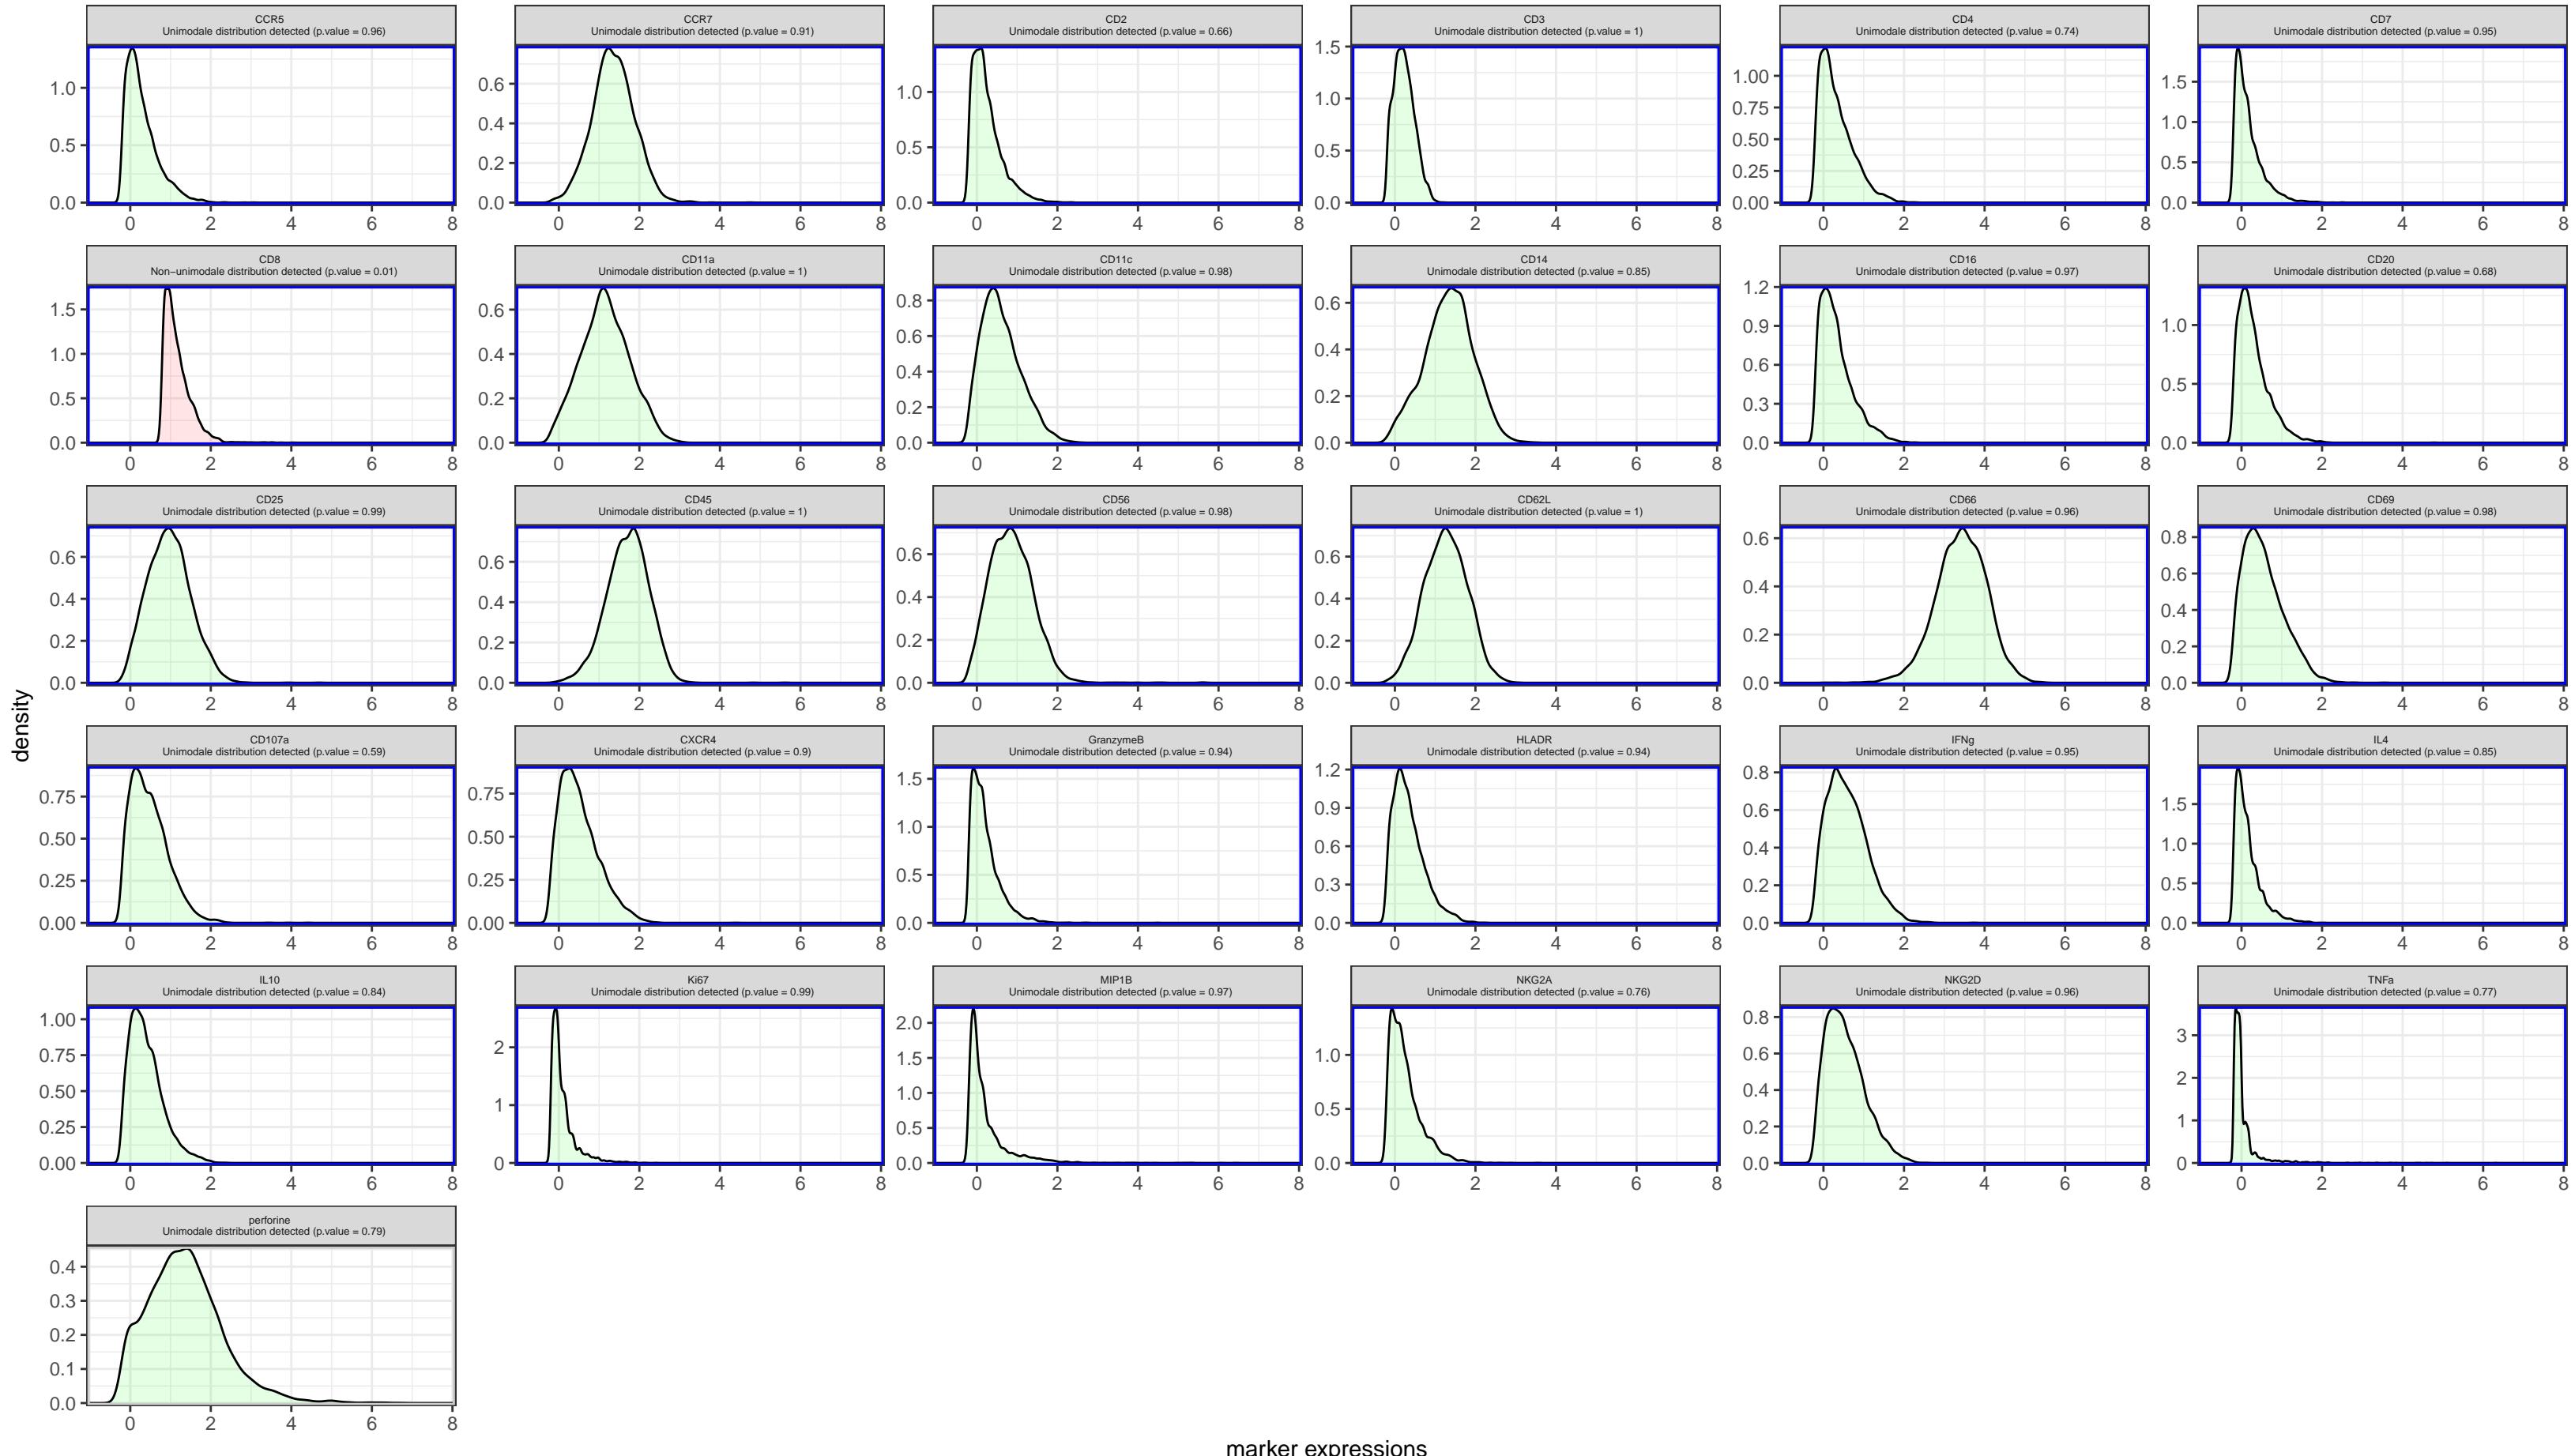

Densities of marker expressions for cluster : 46 (6 863 cells)

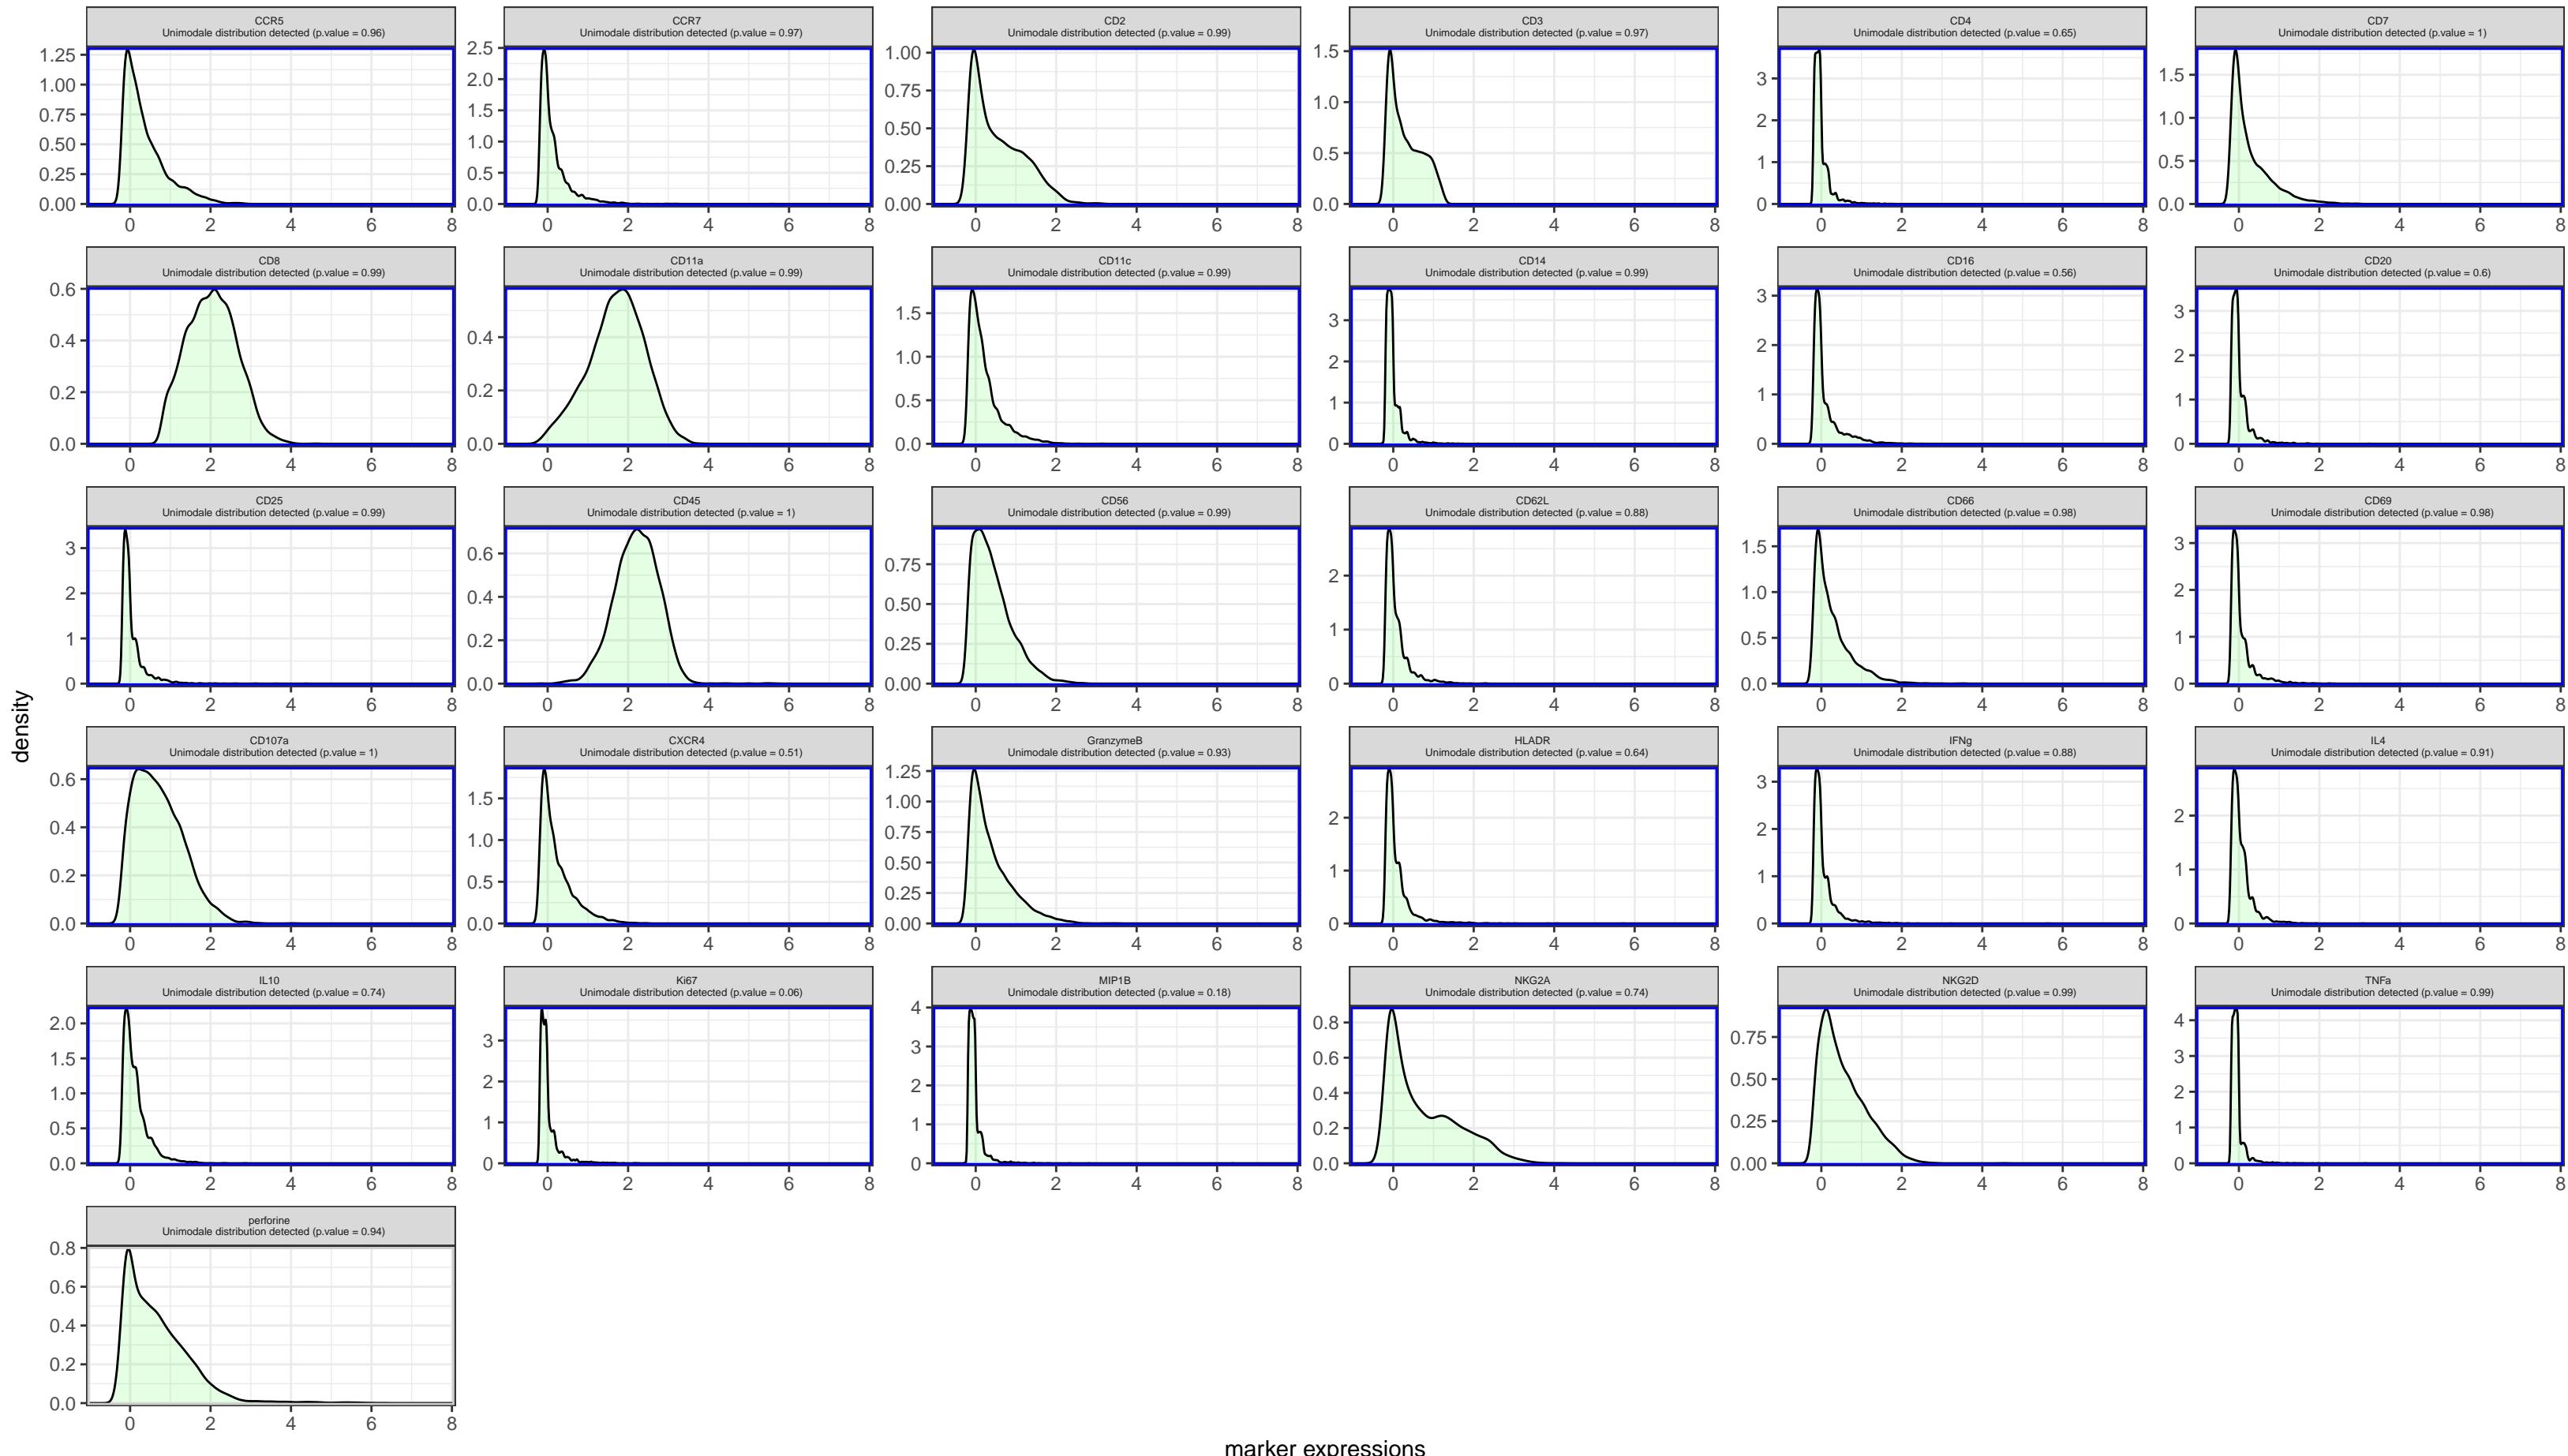

Densities of marker expressions for cluster : 47 (1 461 cells)

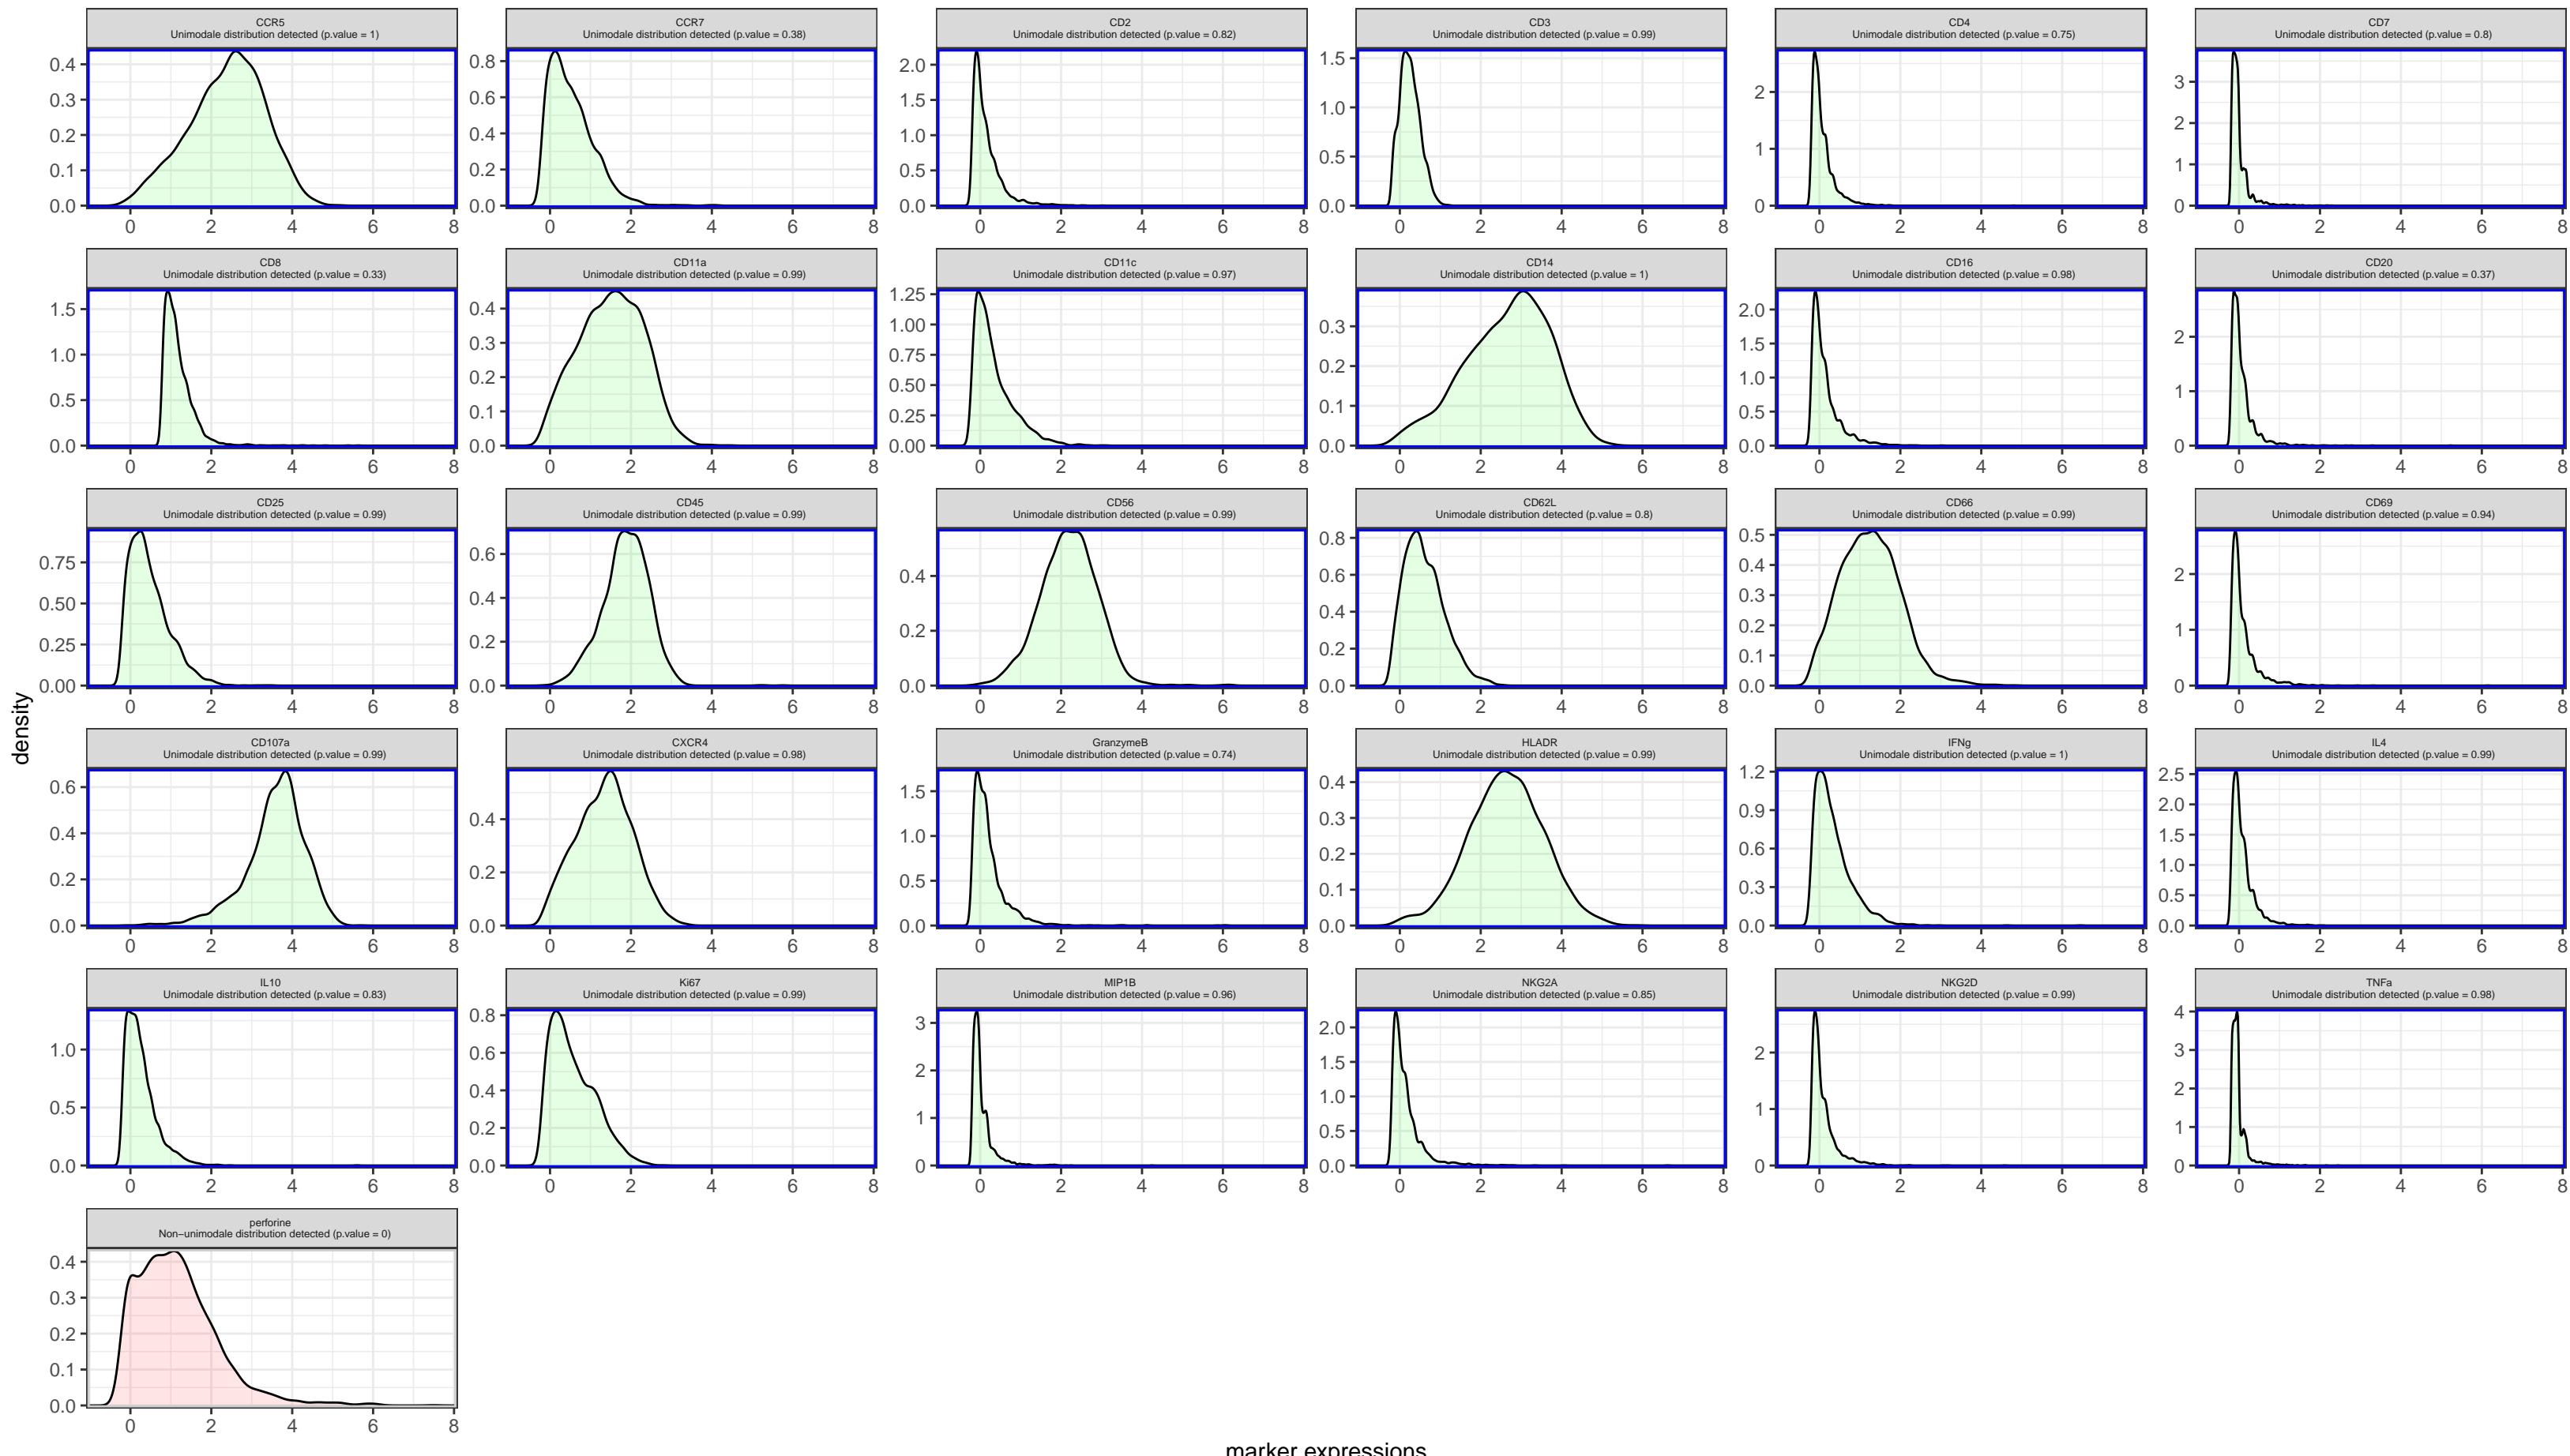

Densities of marker expressions for cluster : 48 (5 383 cells)

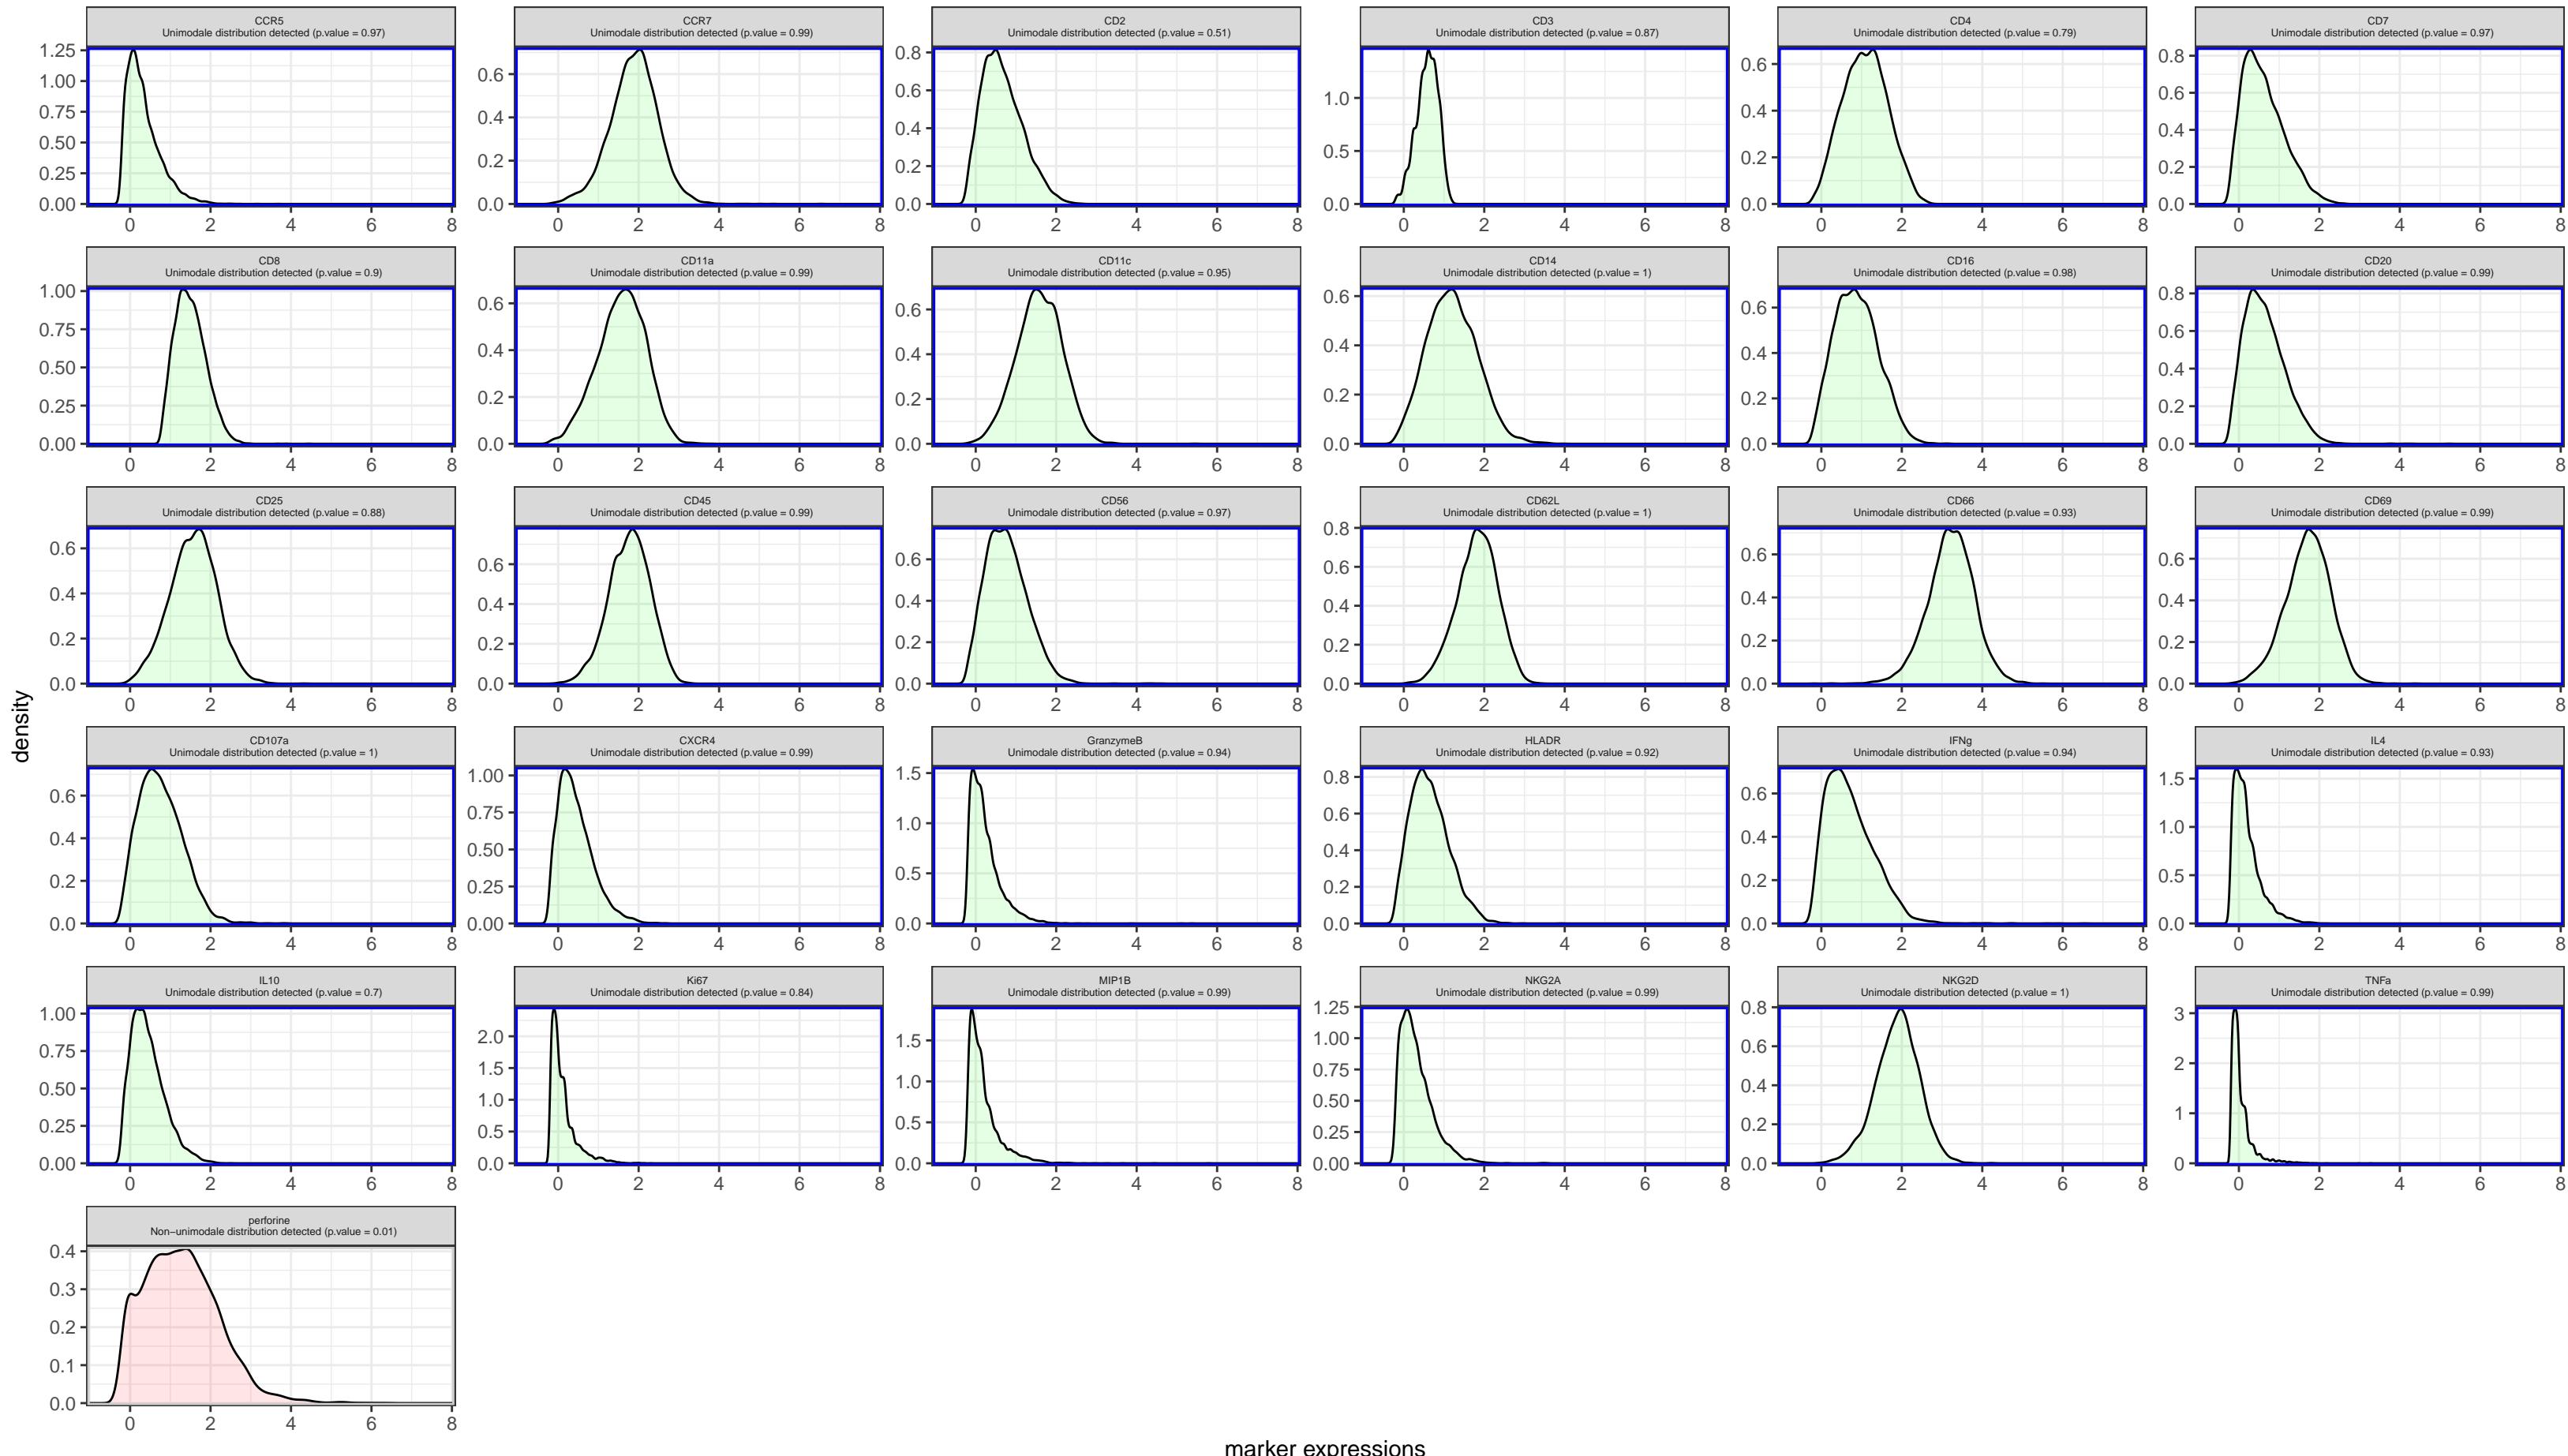

Densities of marker expressions for cluster : 49 (5 436 cells)

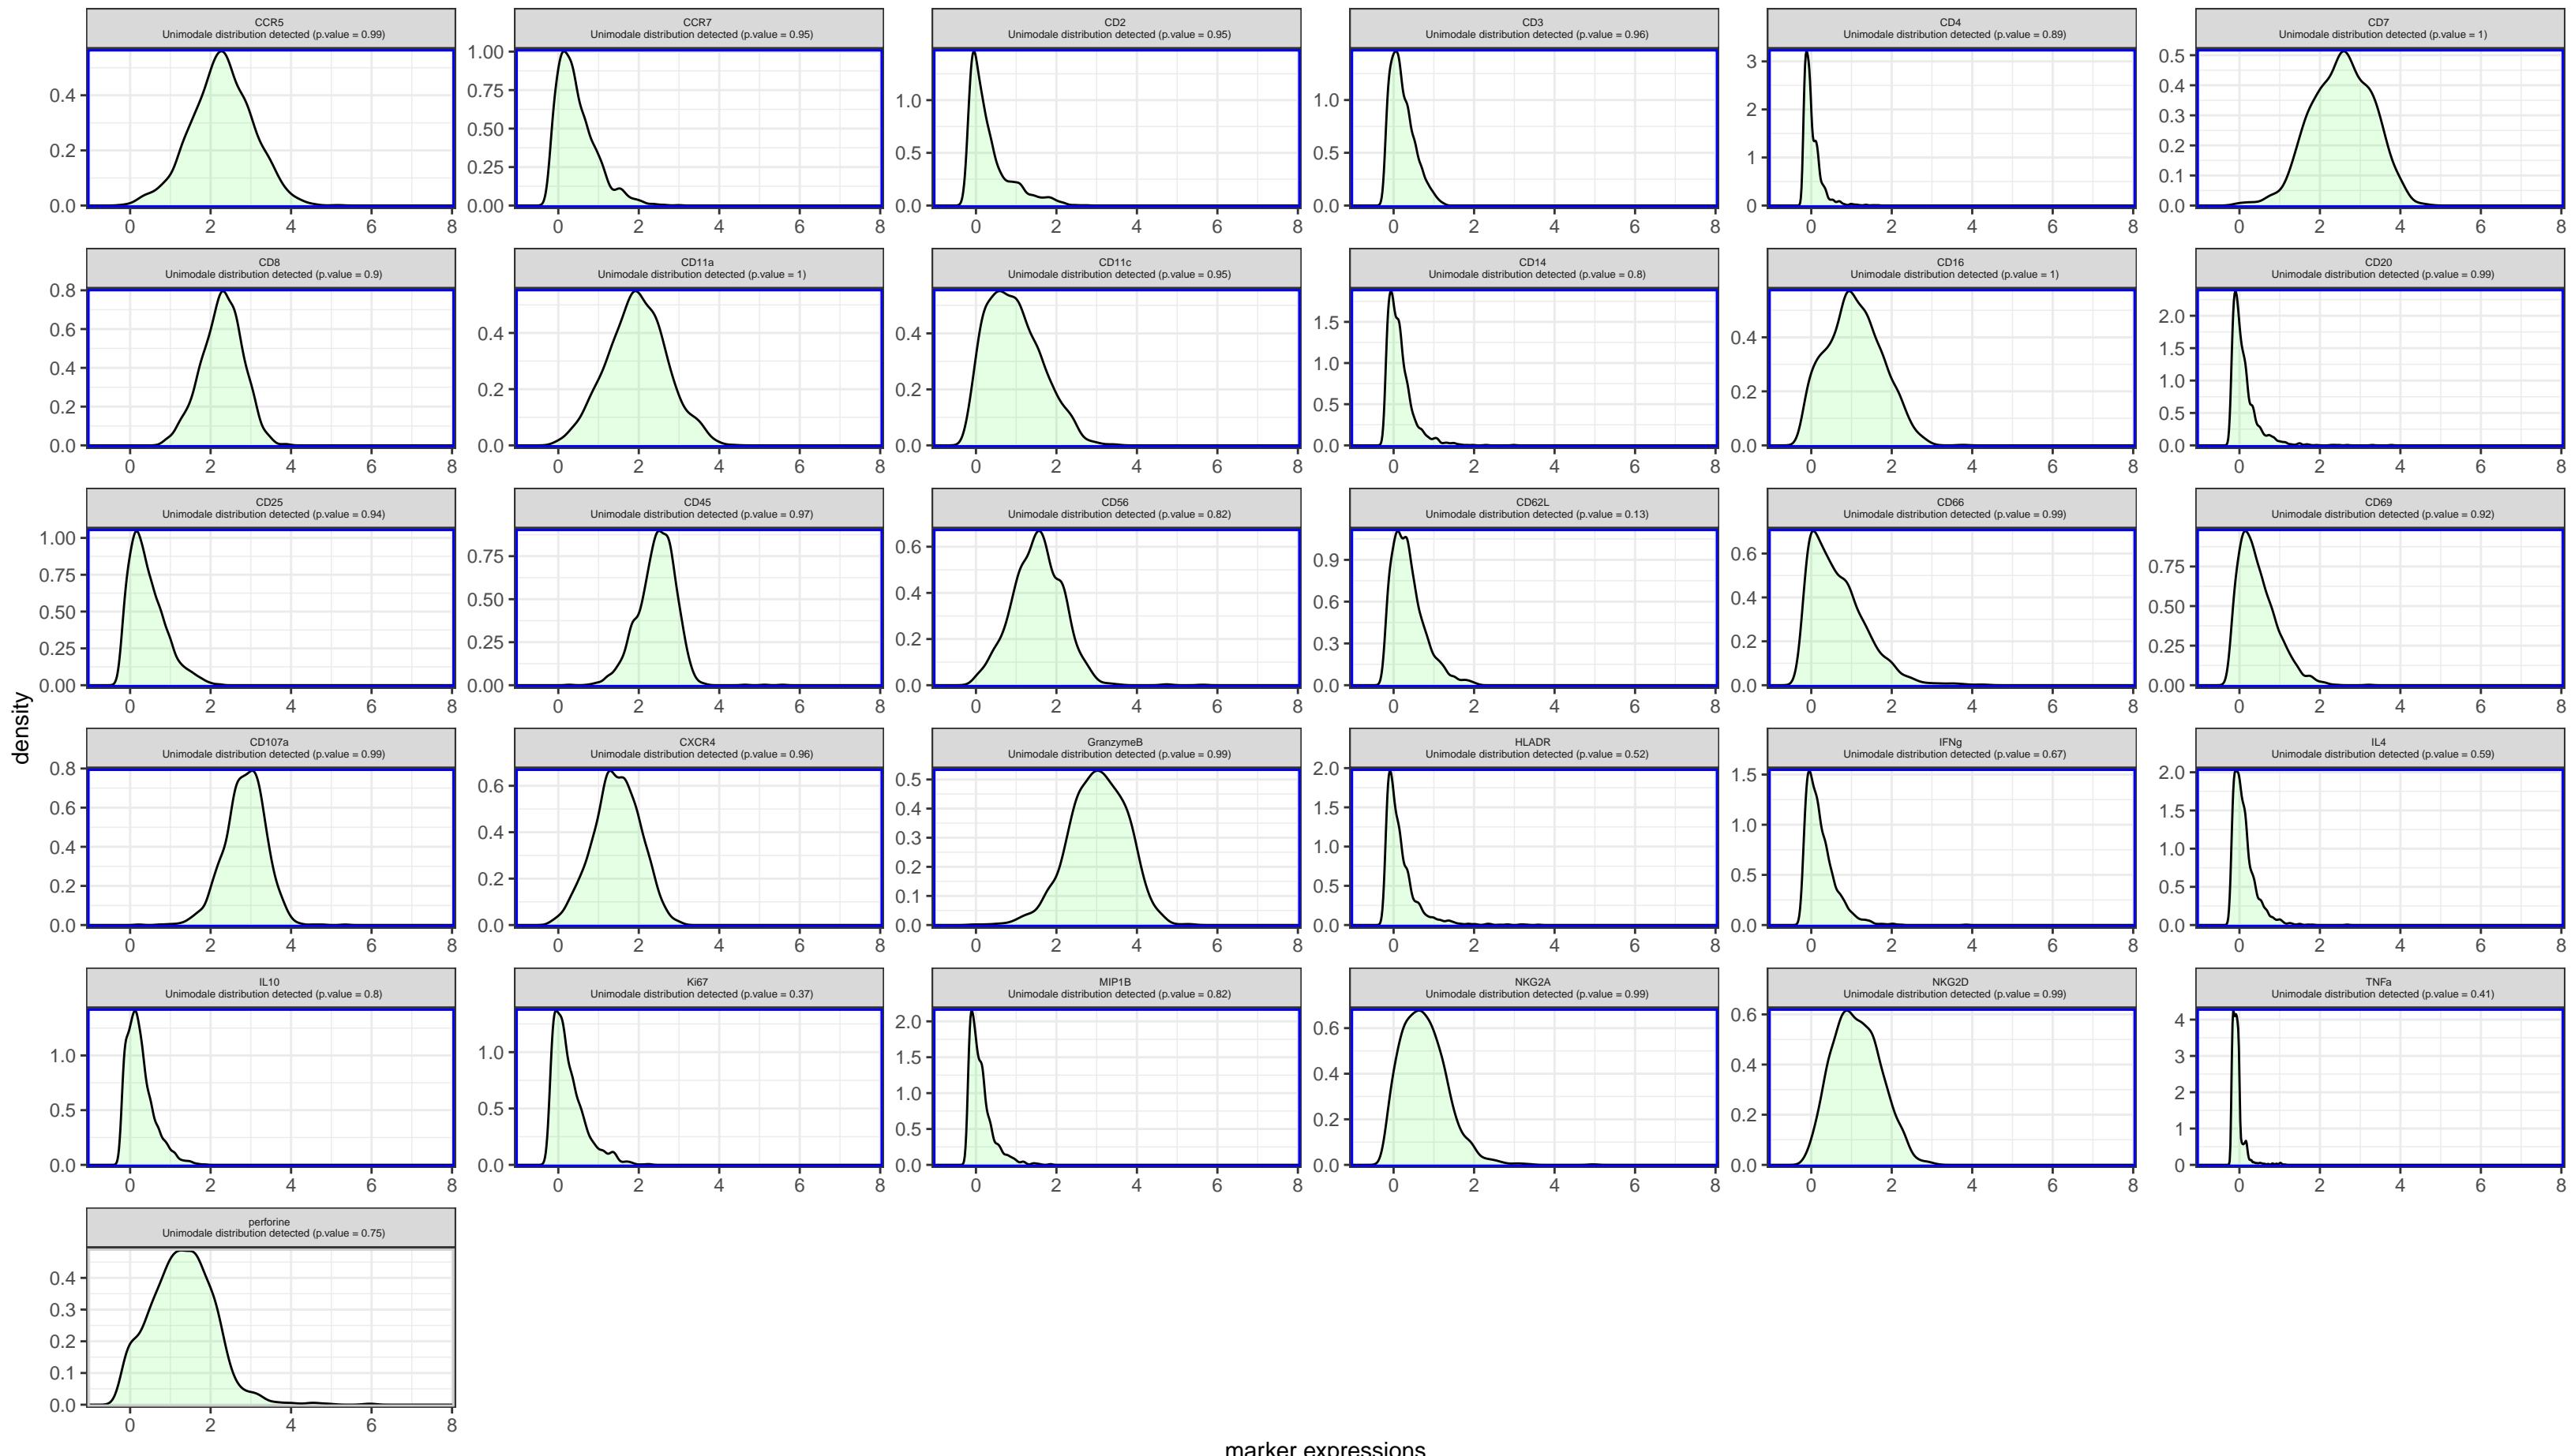

Densities of marker expressions for cluster : 50 (3 387 cells)

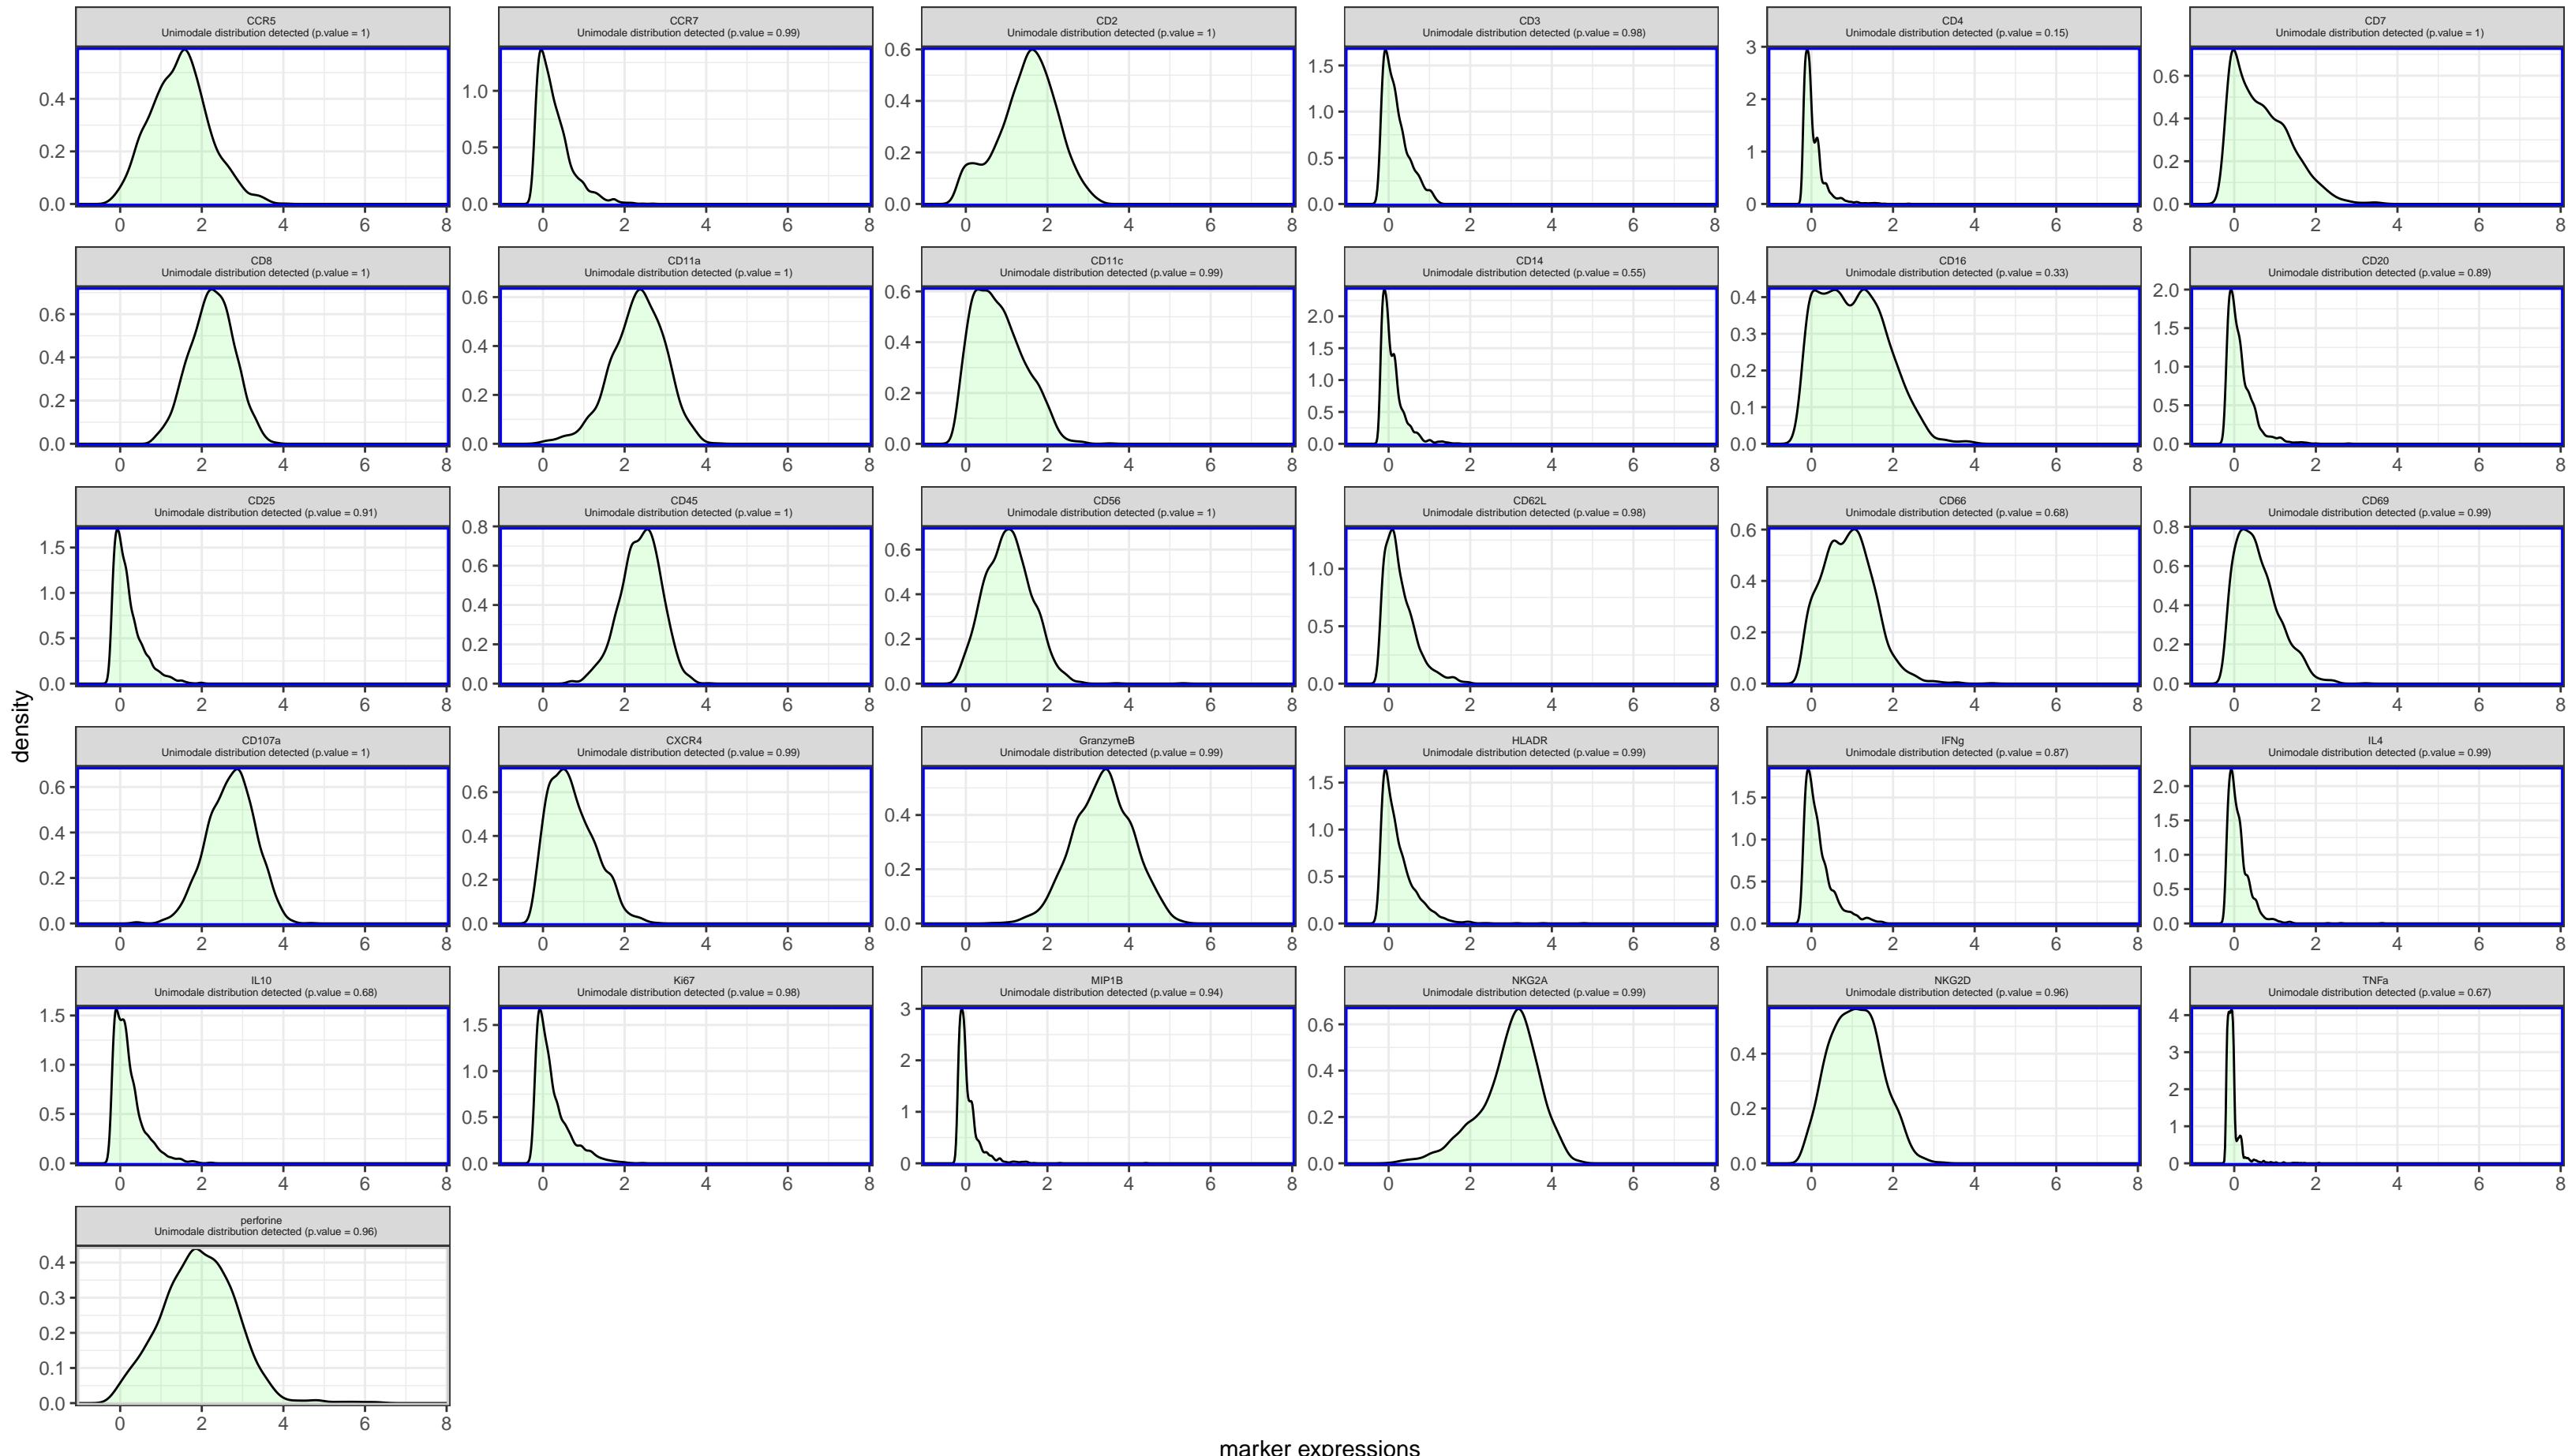

Densities of marker expressions for cluster : 51 (7 232 cells)

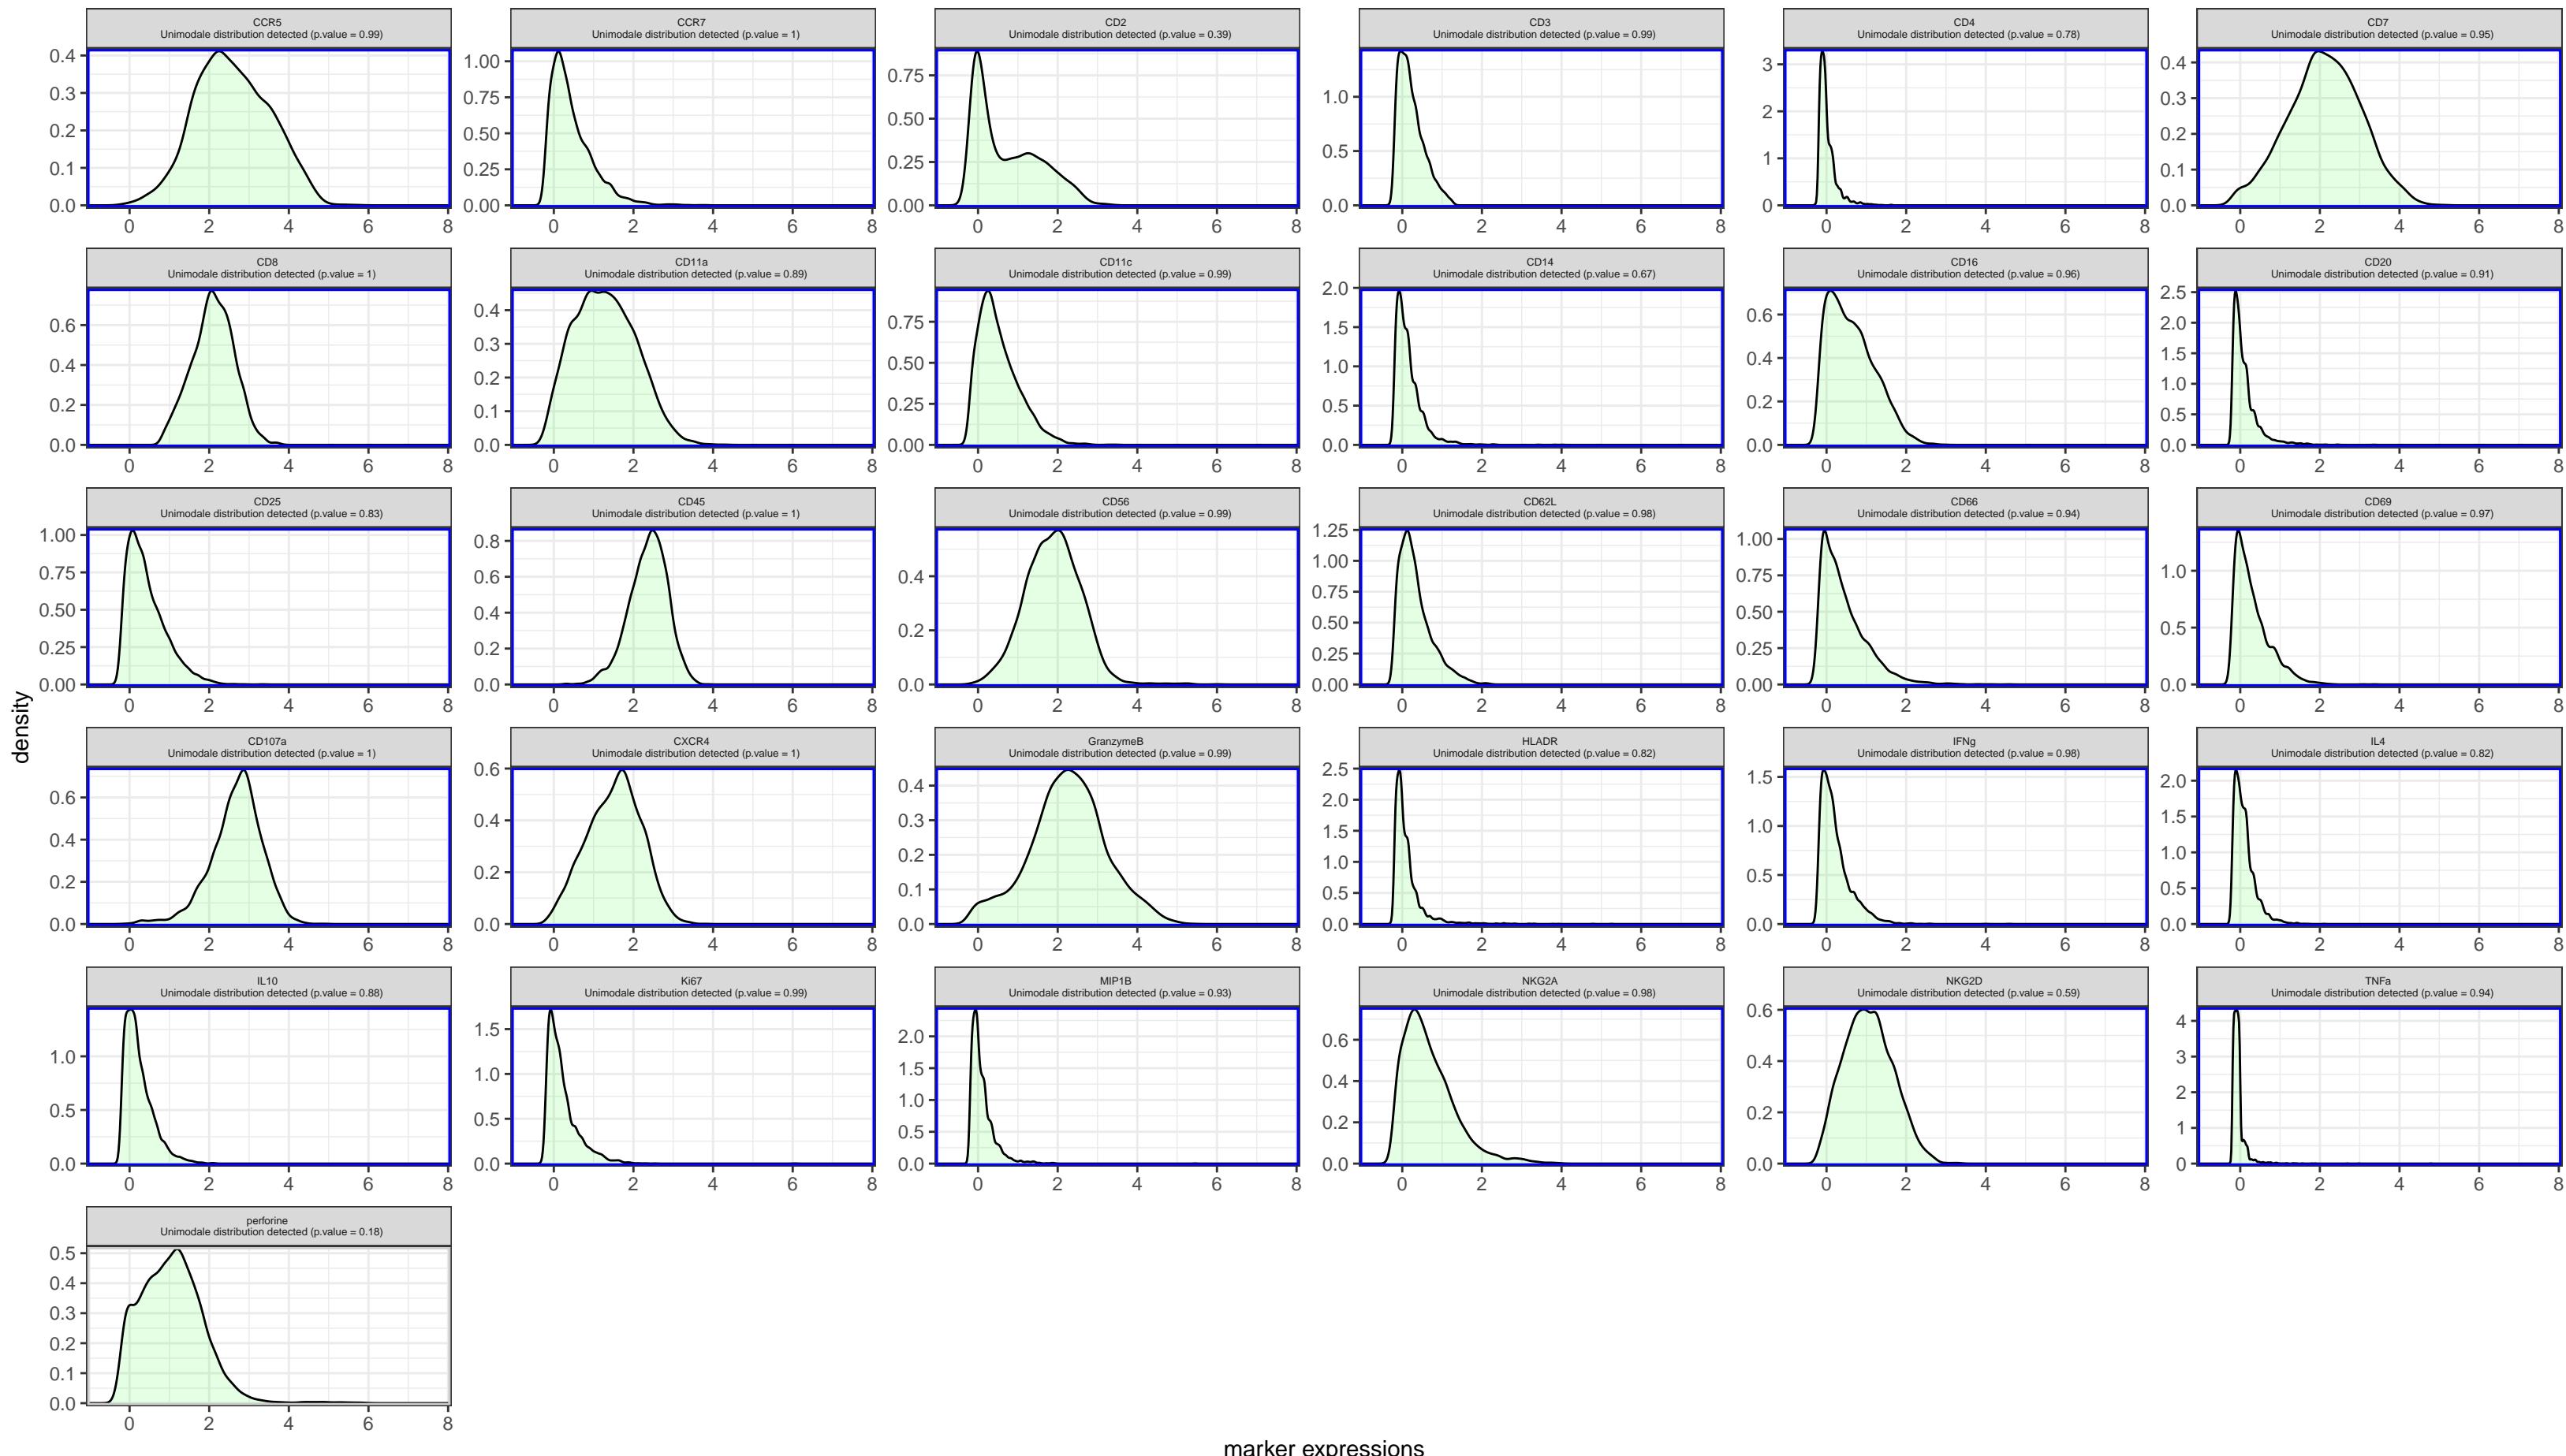

Densities of marker expressions for cluster : 52 (1 604 cells)

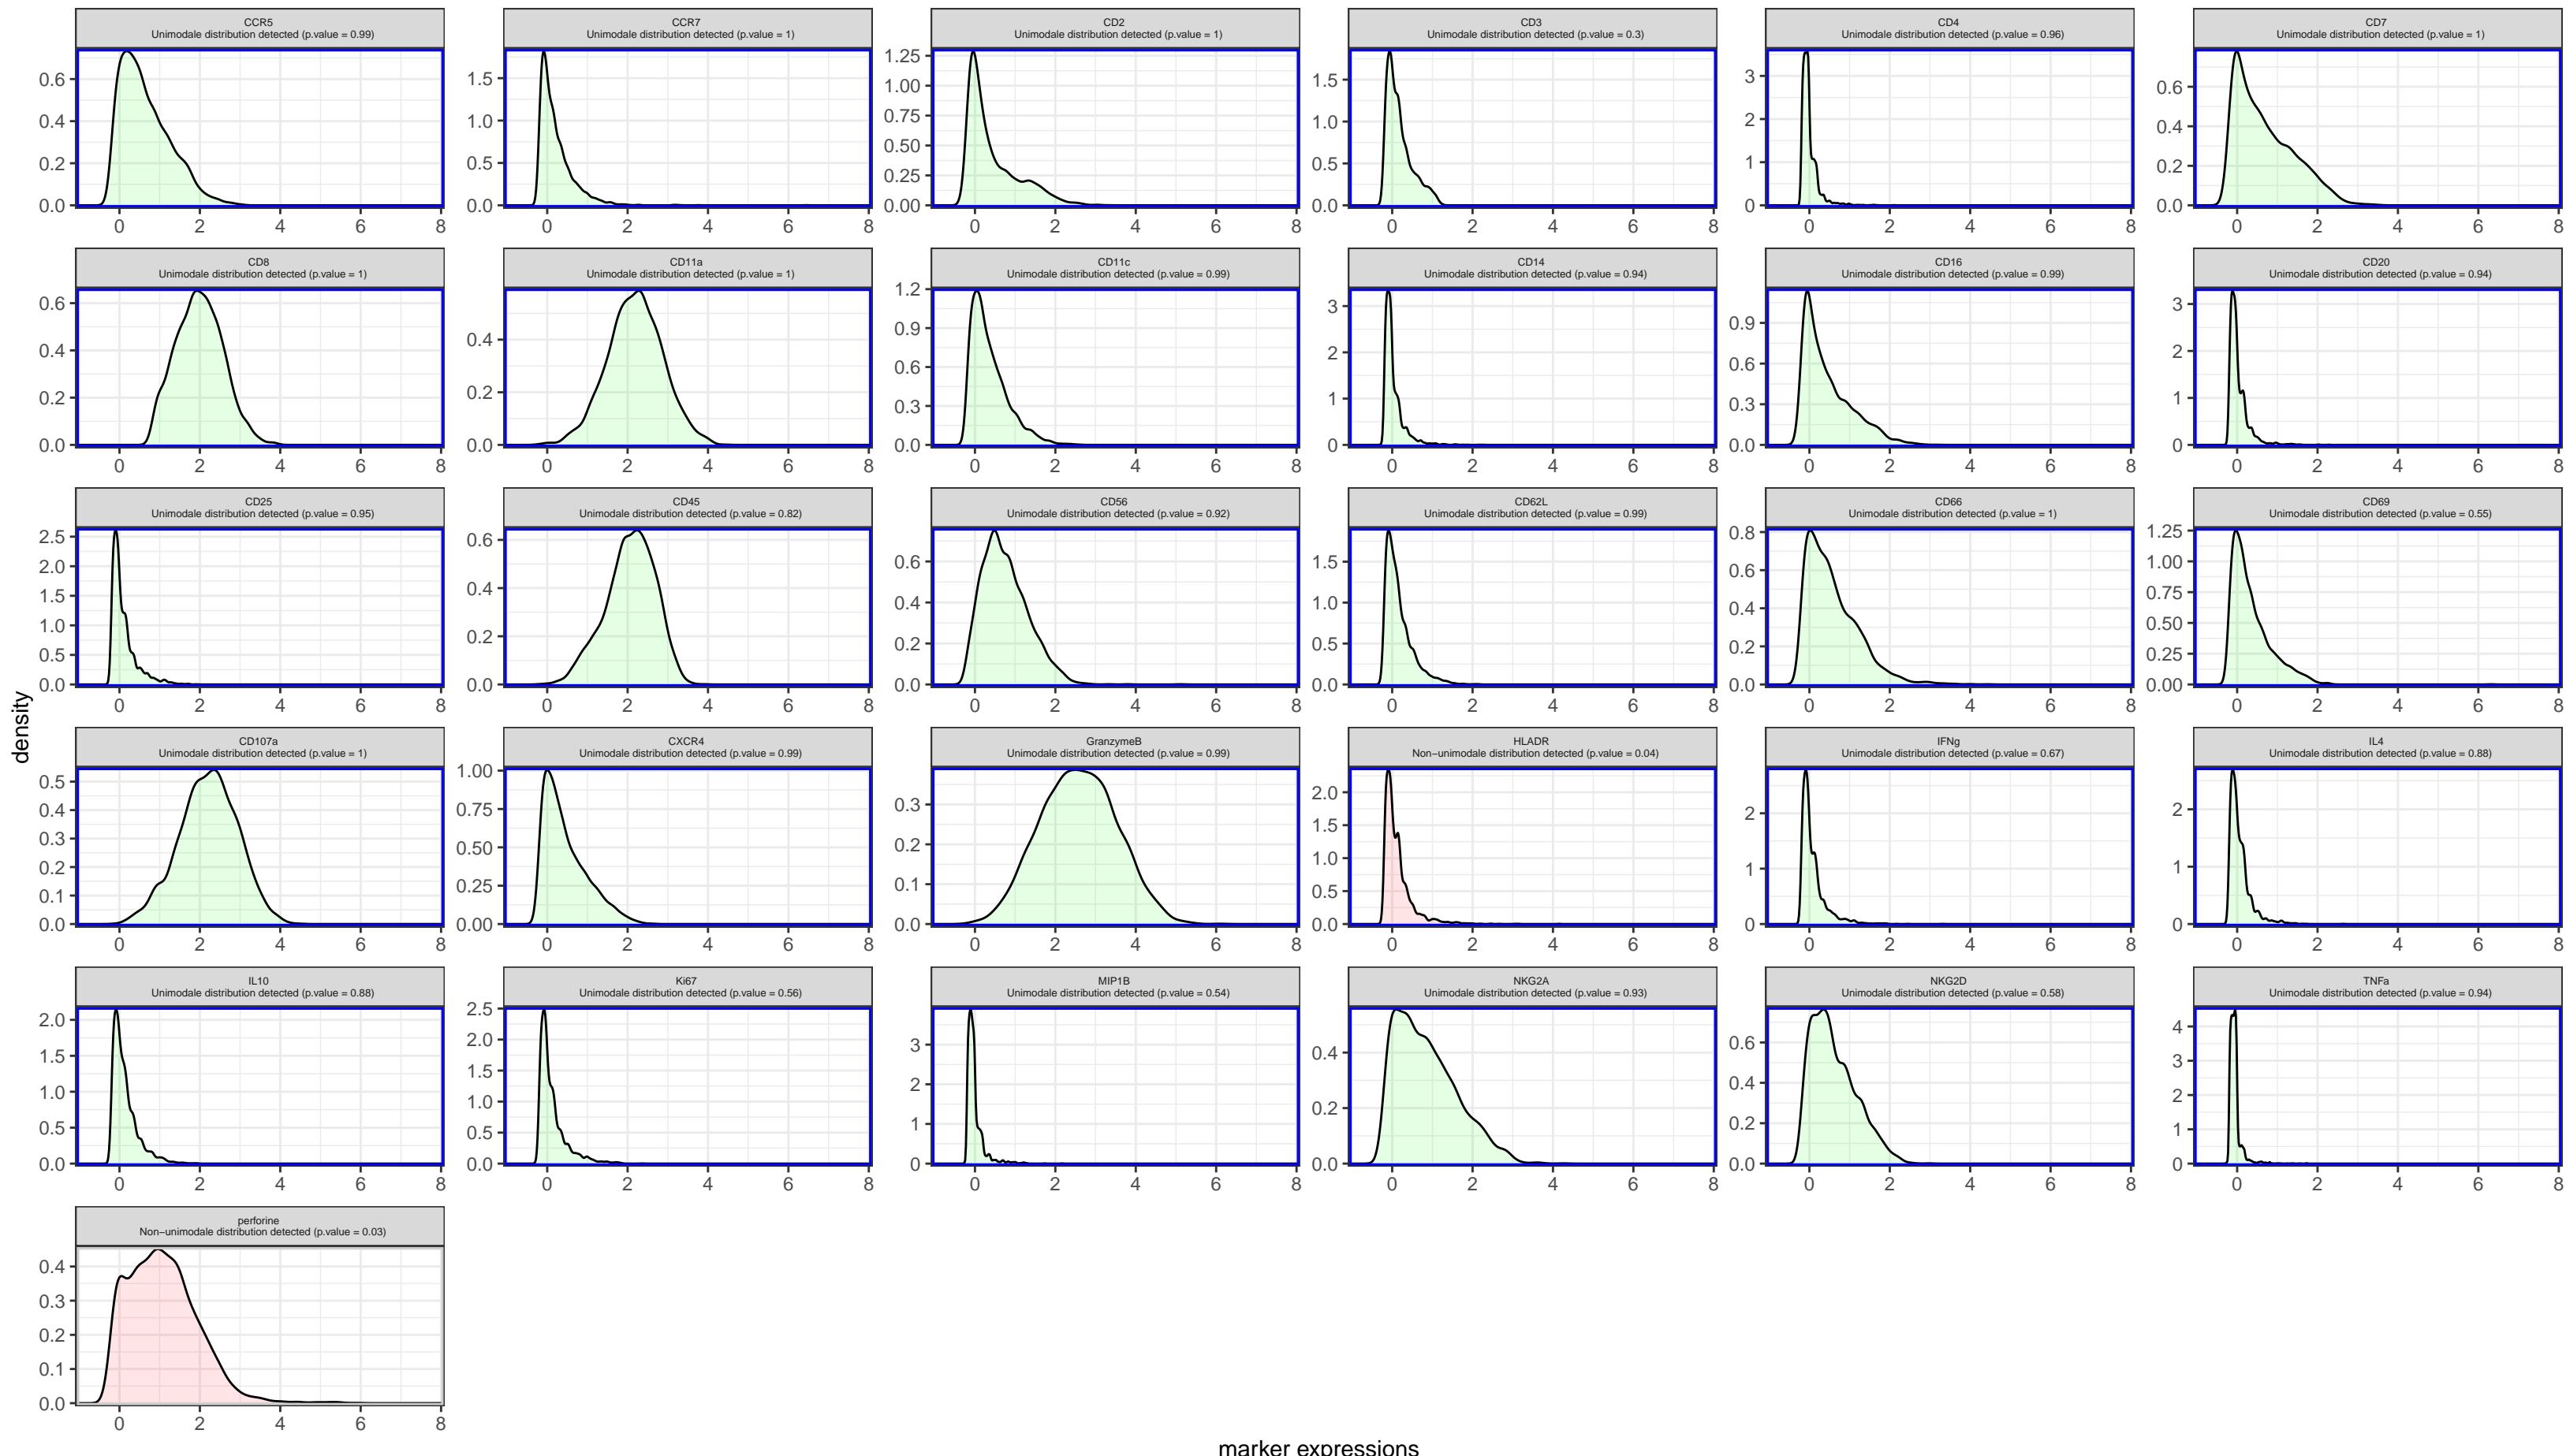

Densities of marker expressions for cluster : 53 (1 967 cells)

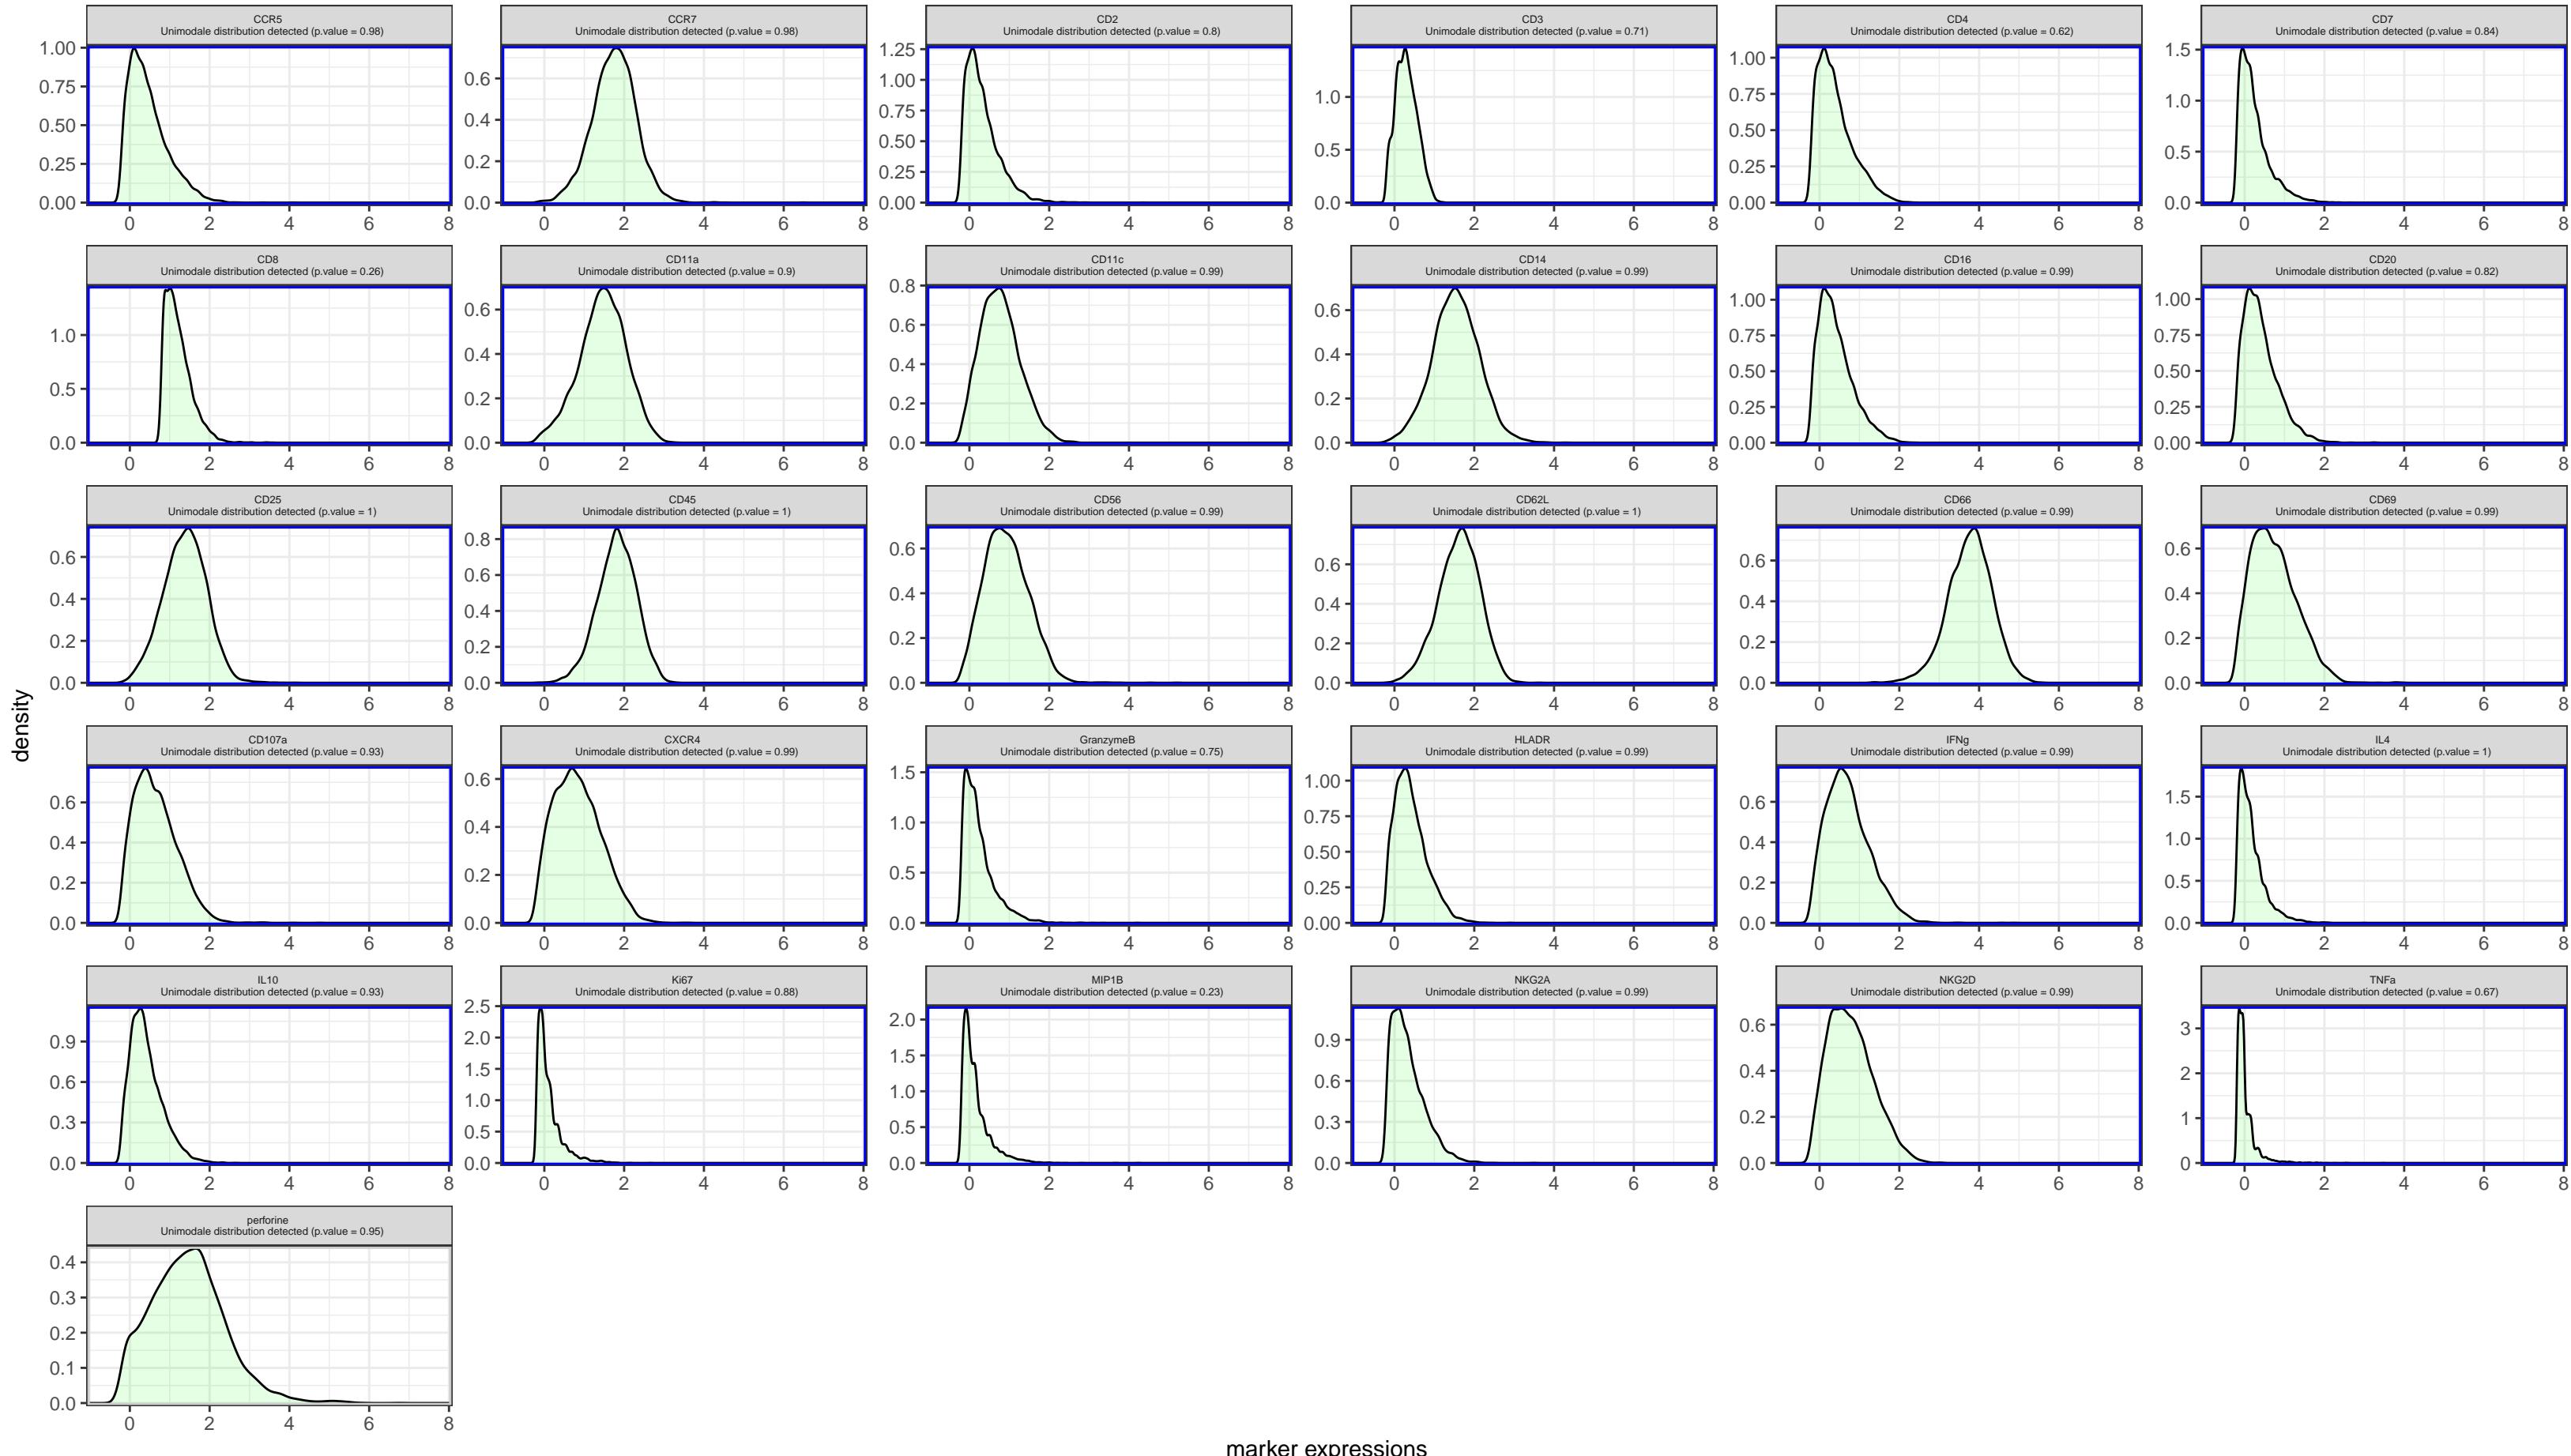

Densities of marker expressions for cluster : 54 (3 878 cells)

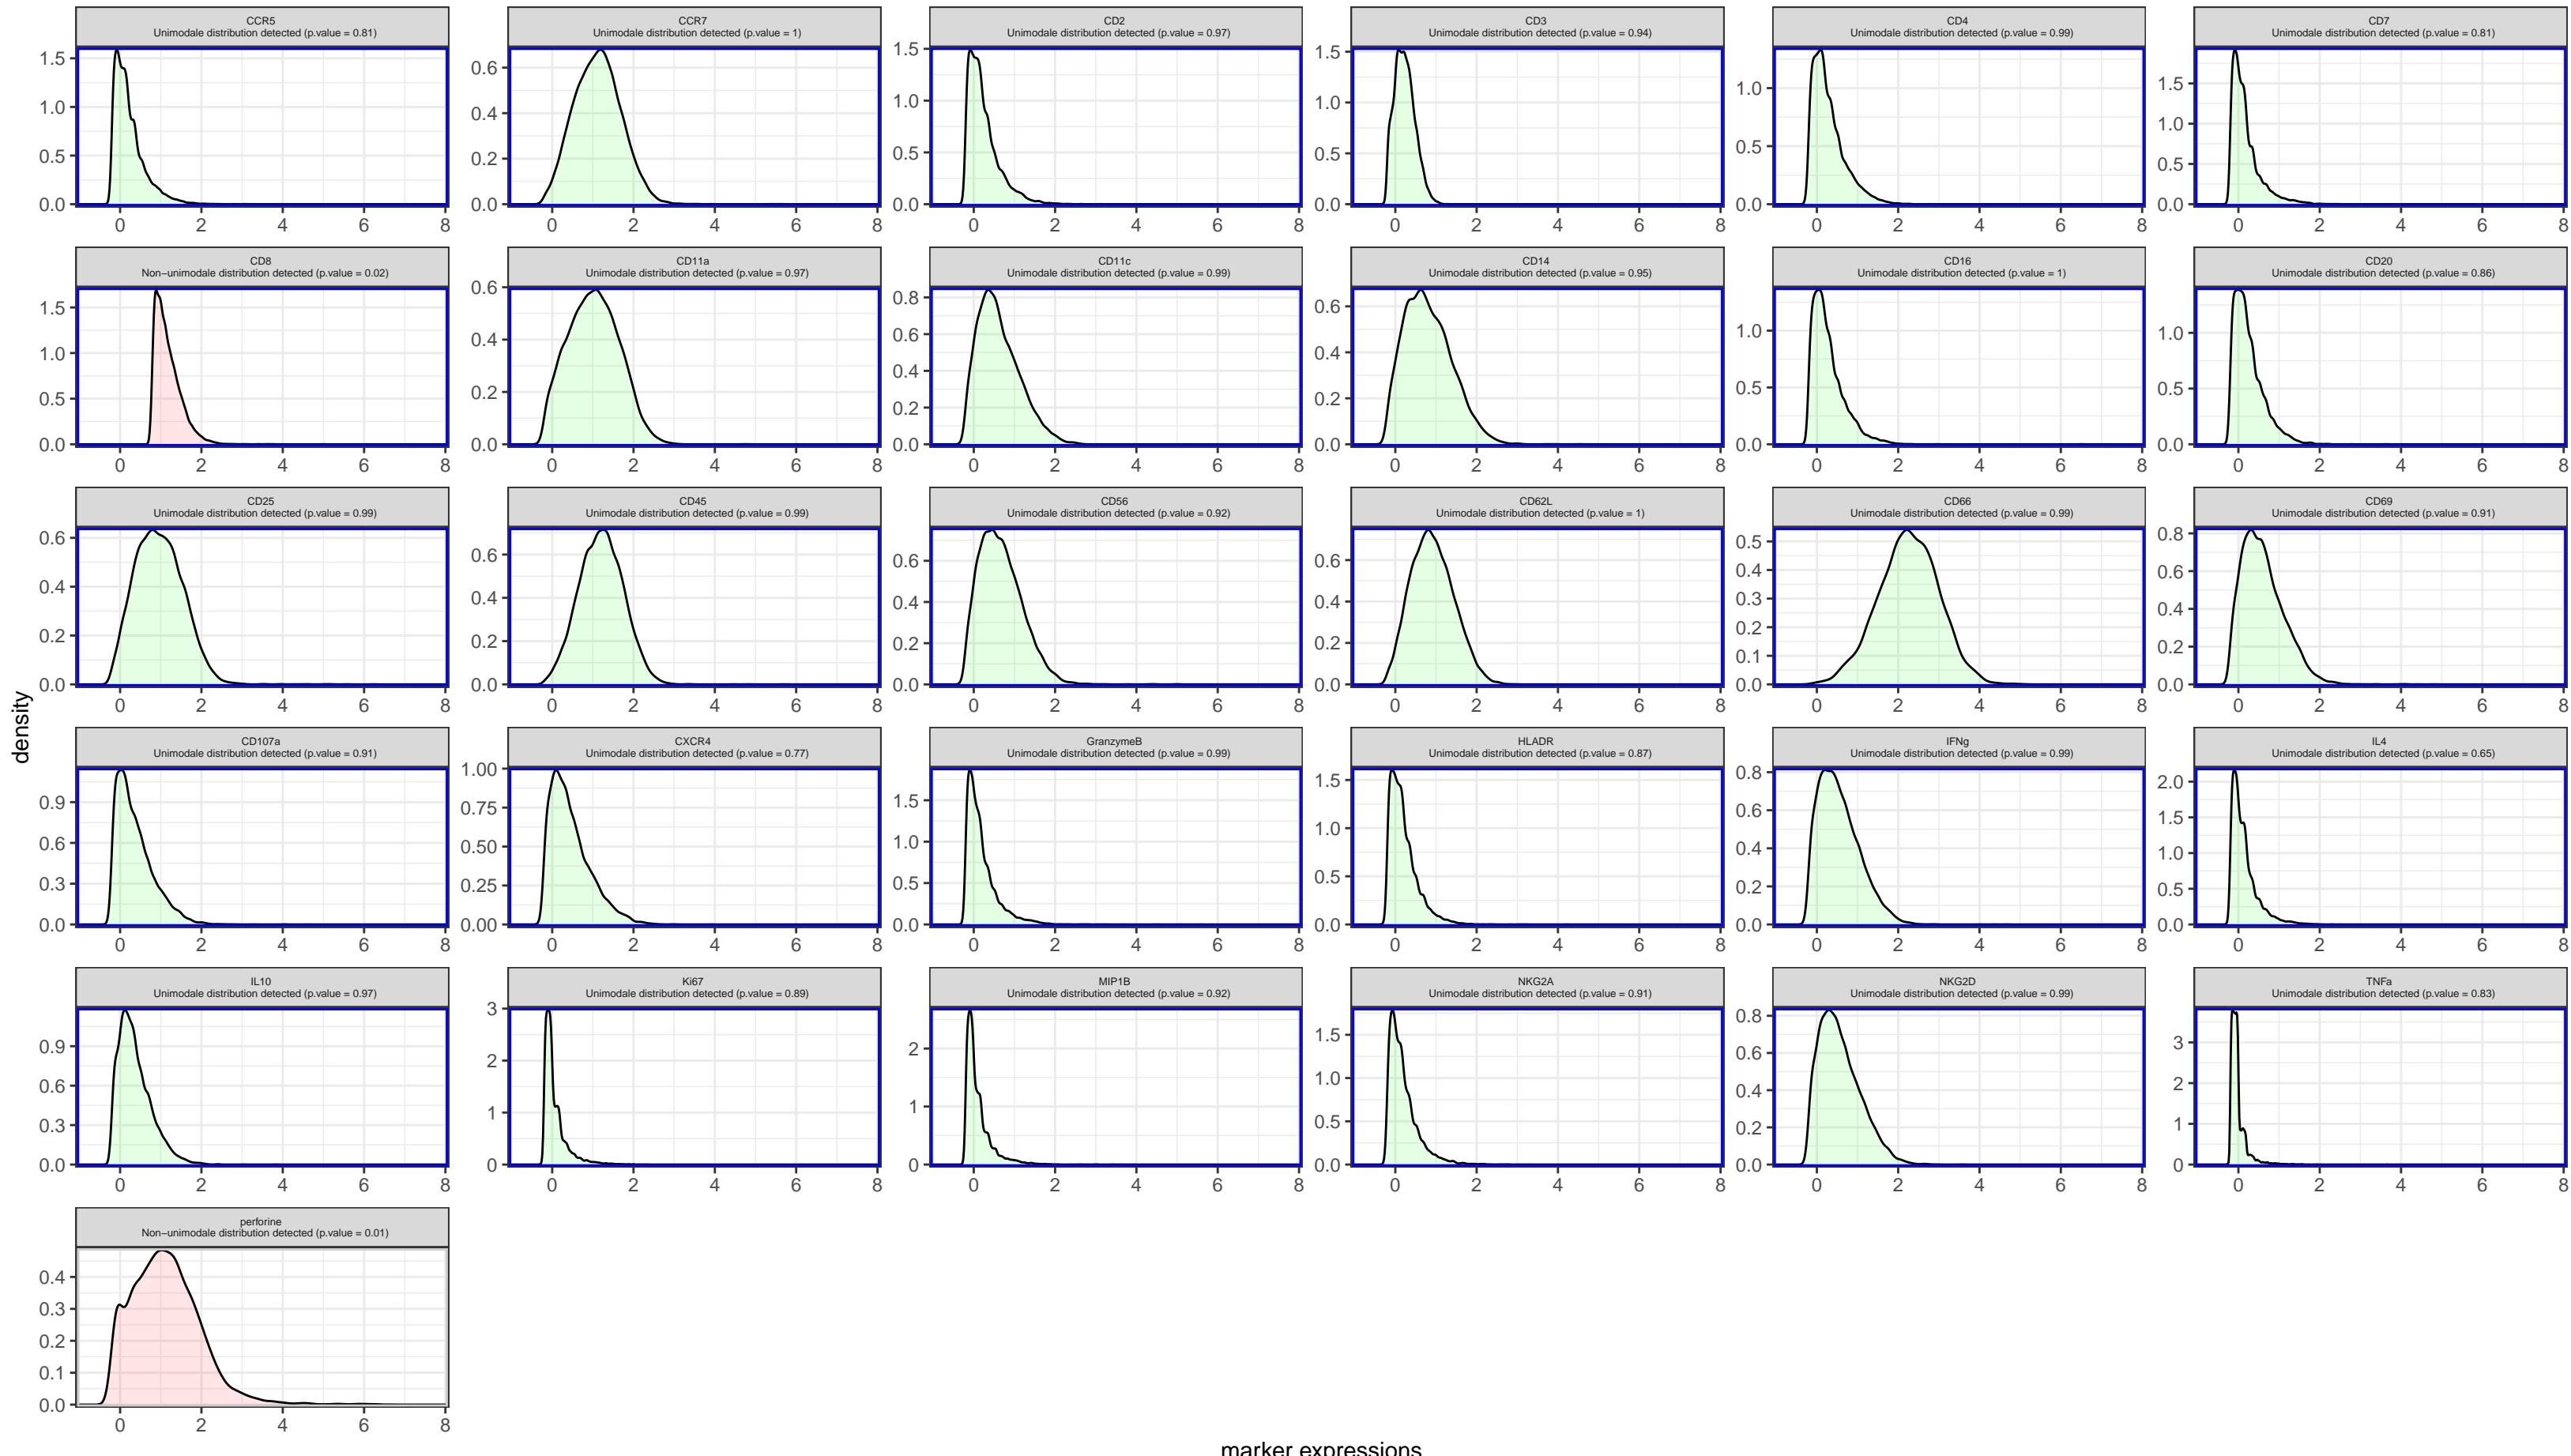

Densities of marker expressions for cluster : 55 (3 345 cells)

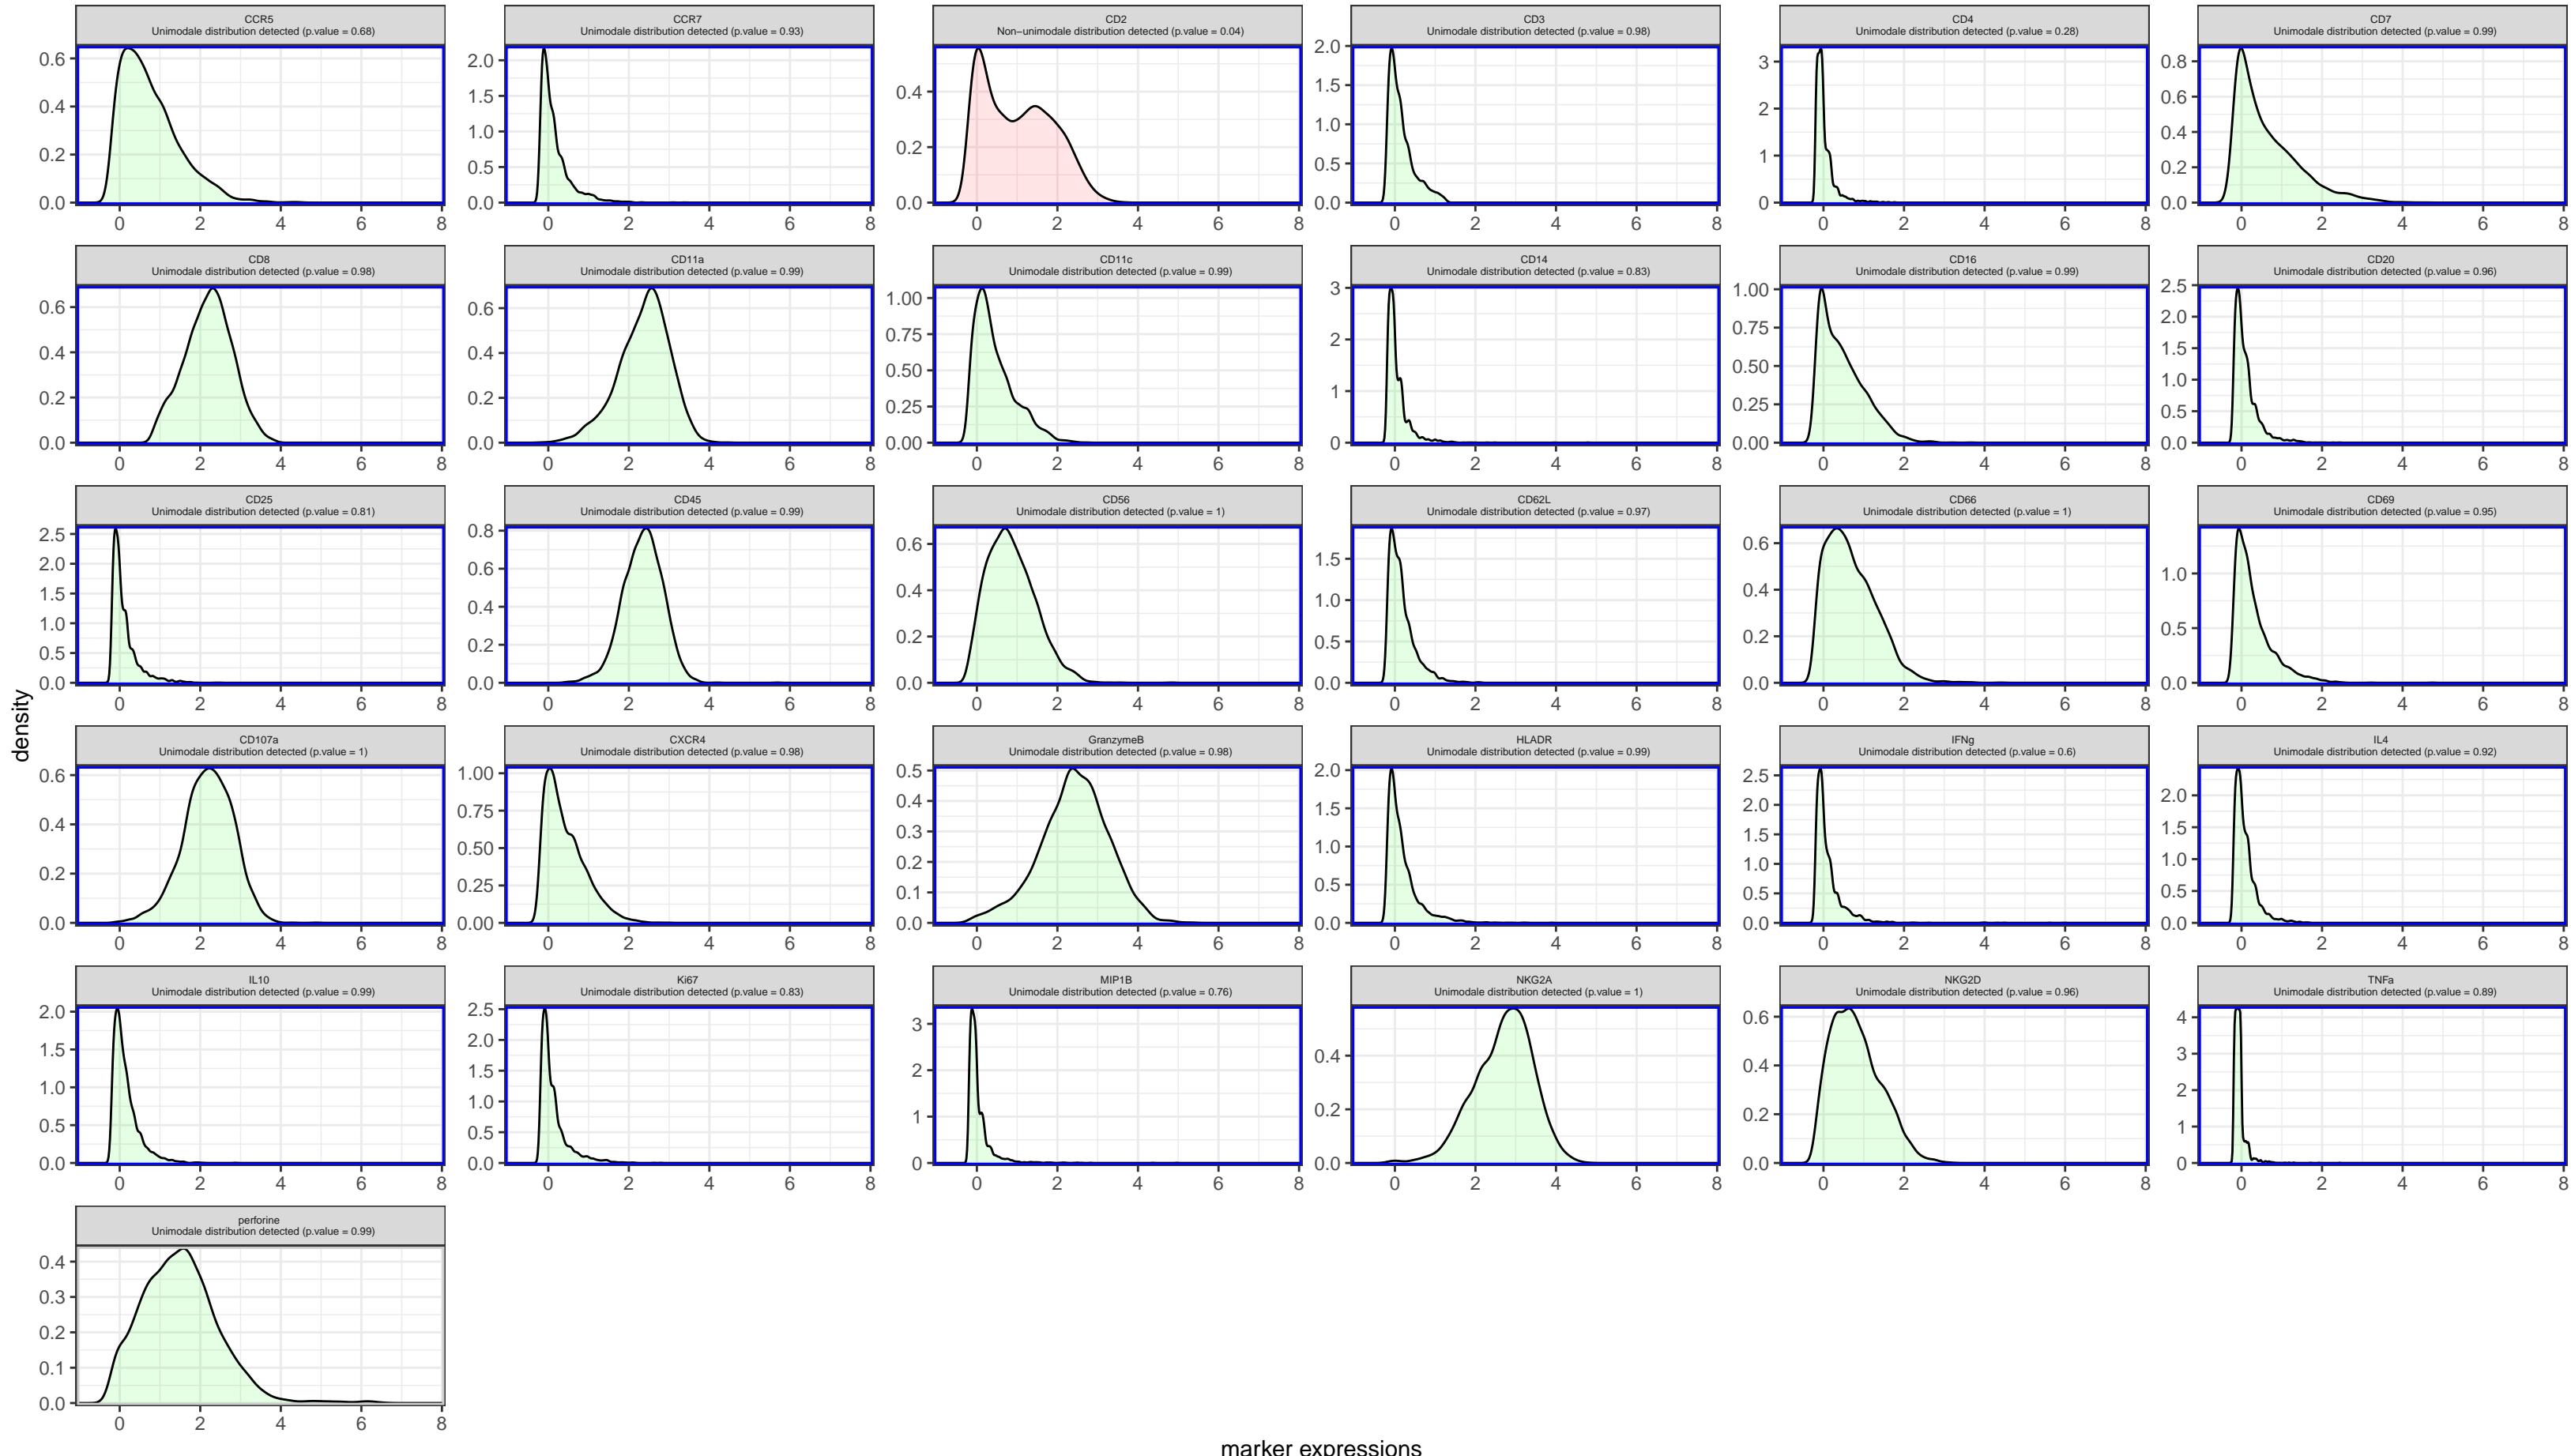

Densities of marker expressions for cluster : 56 (6 871 cells)

Densities of marker expressions for cluster : 57 (10 964 cells)

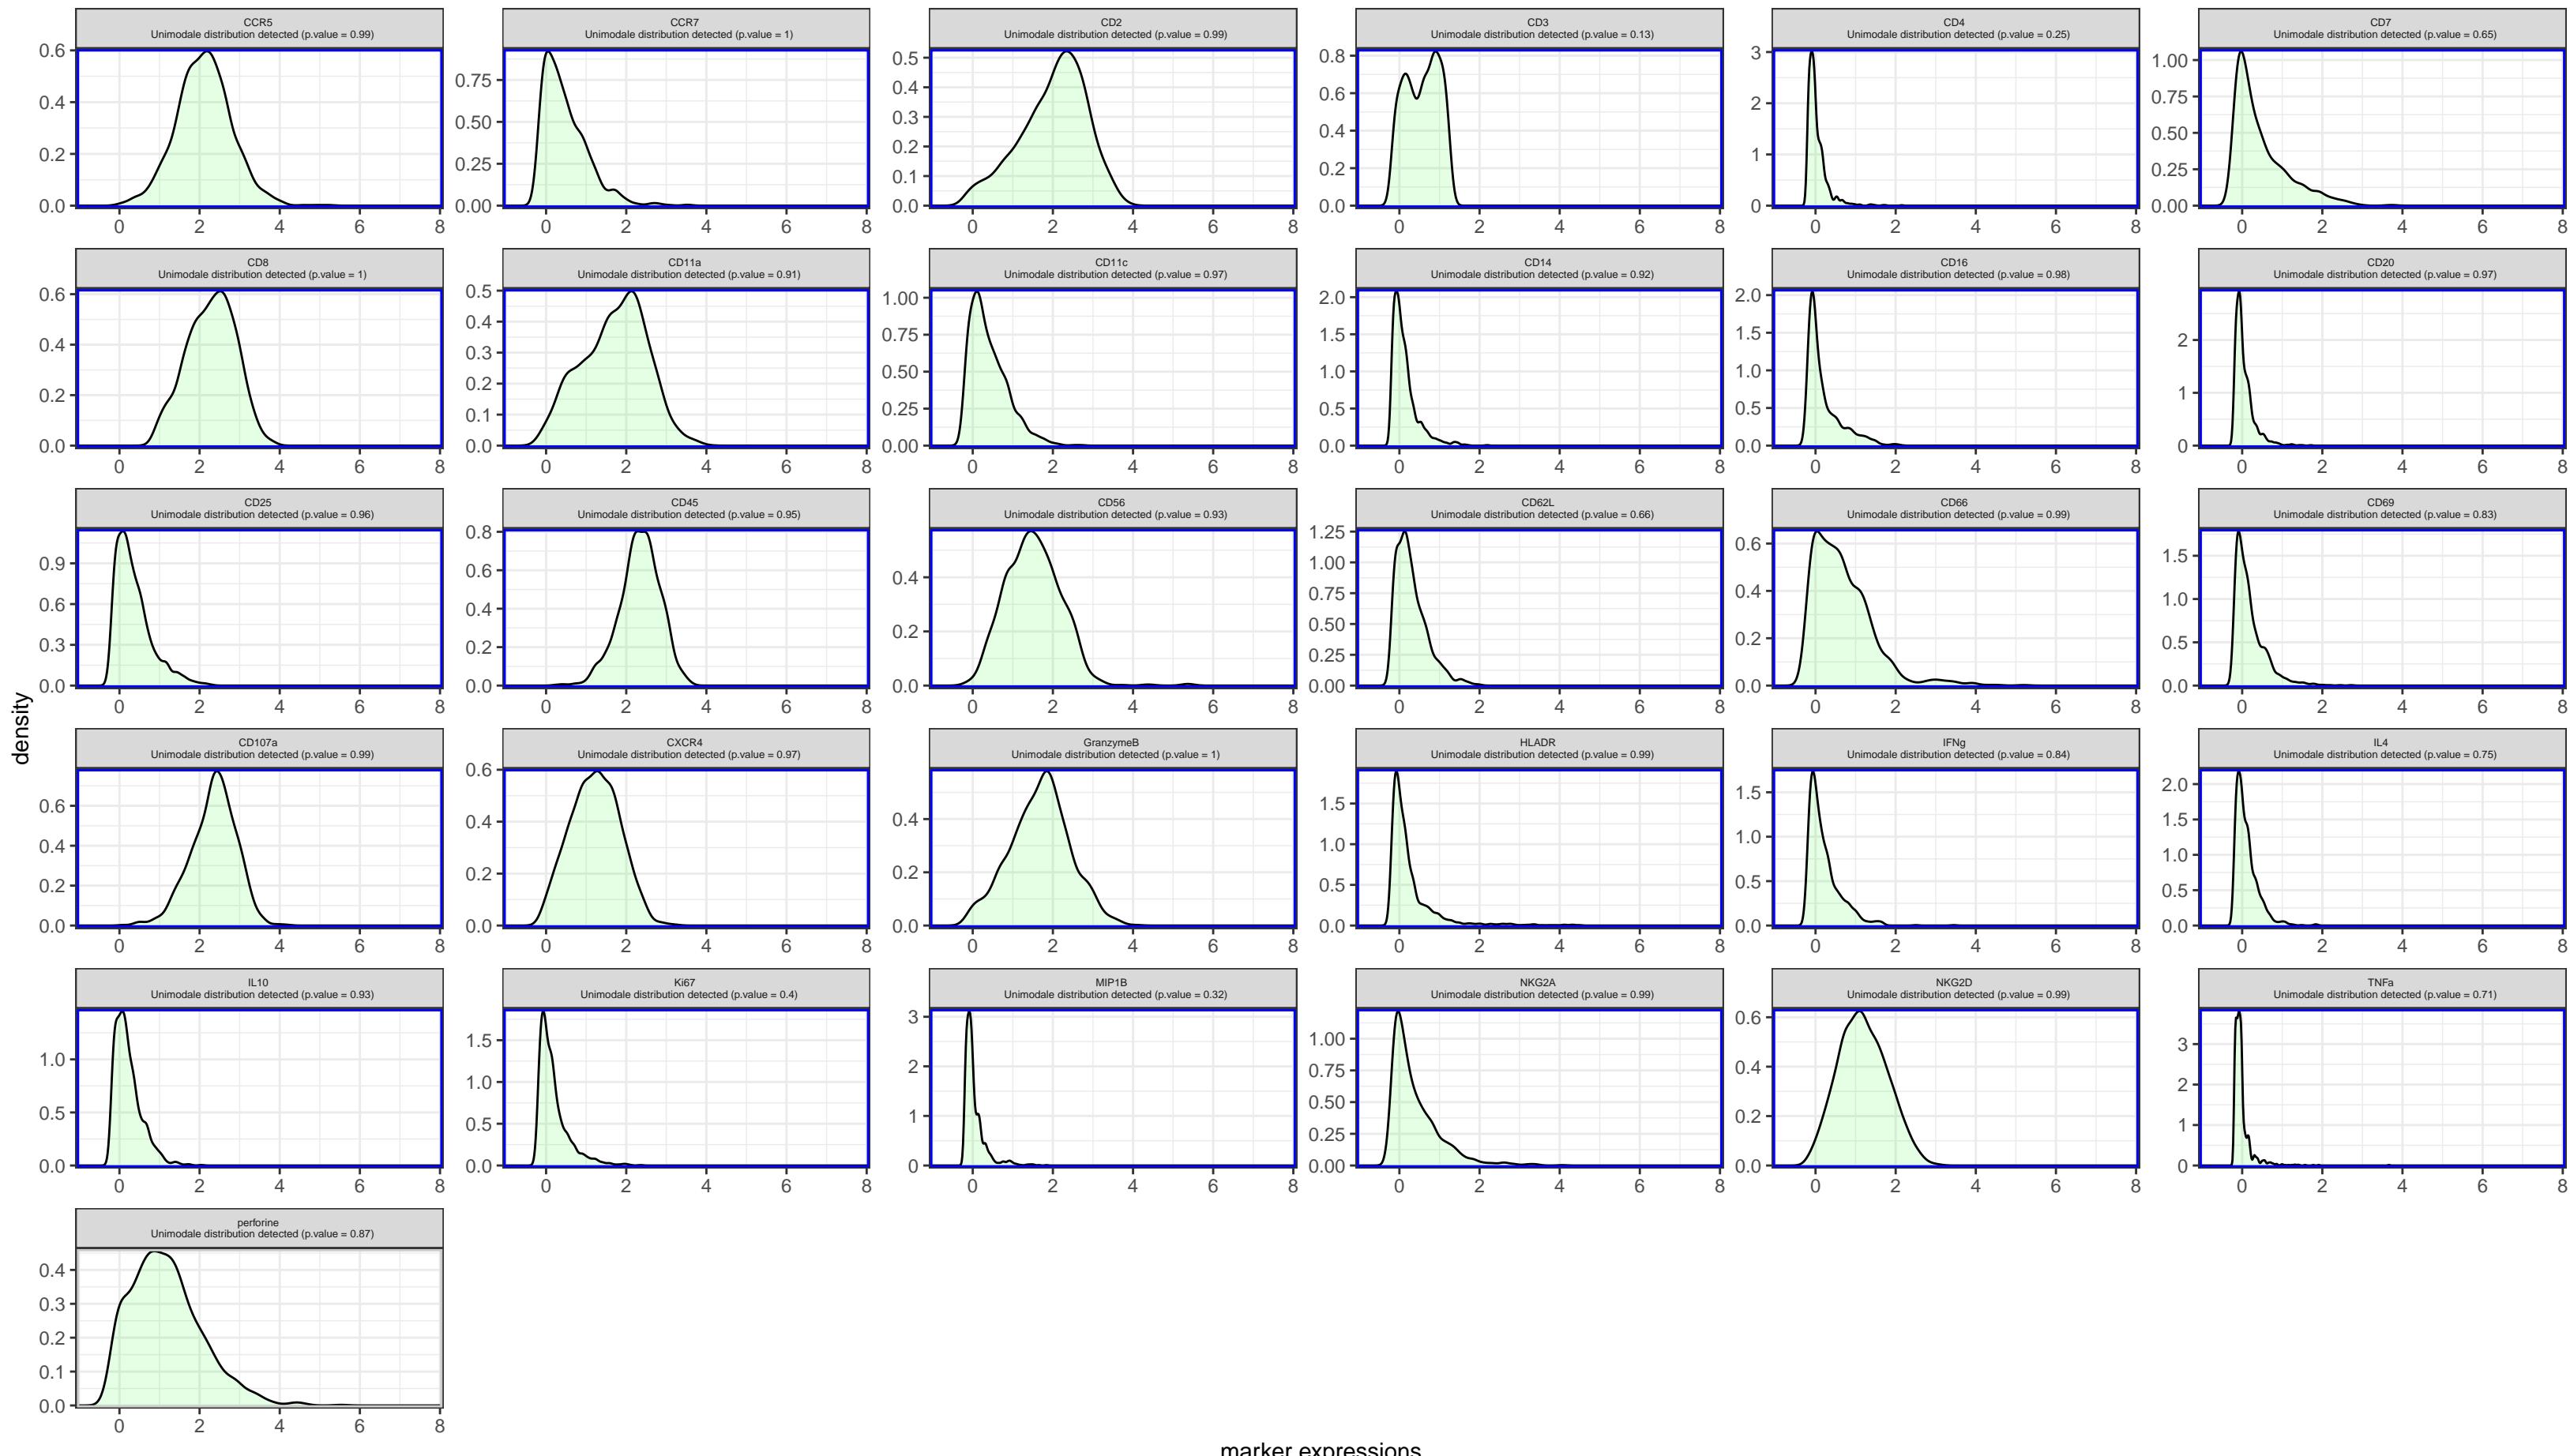

Densities of marker expressions for cluster : 58 (3 605 cells)

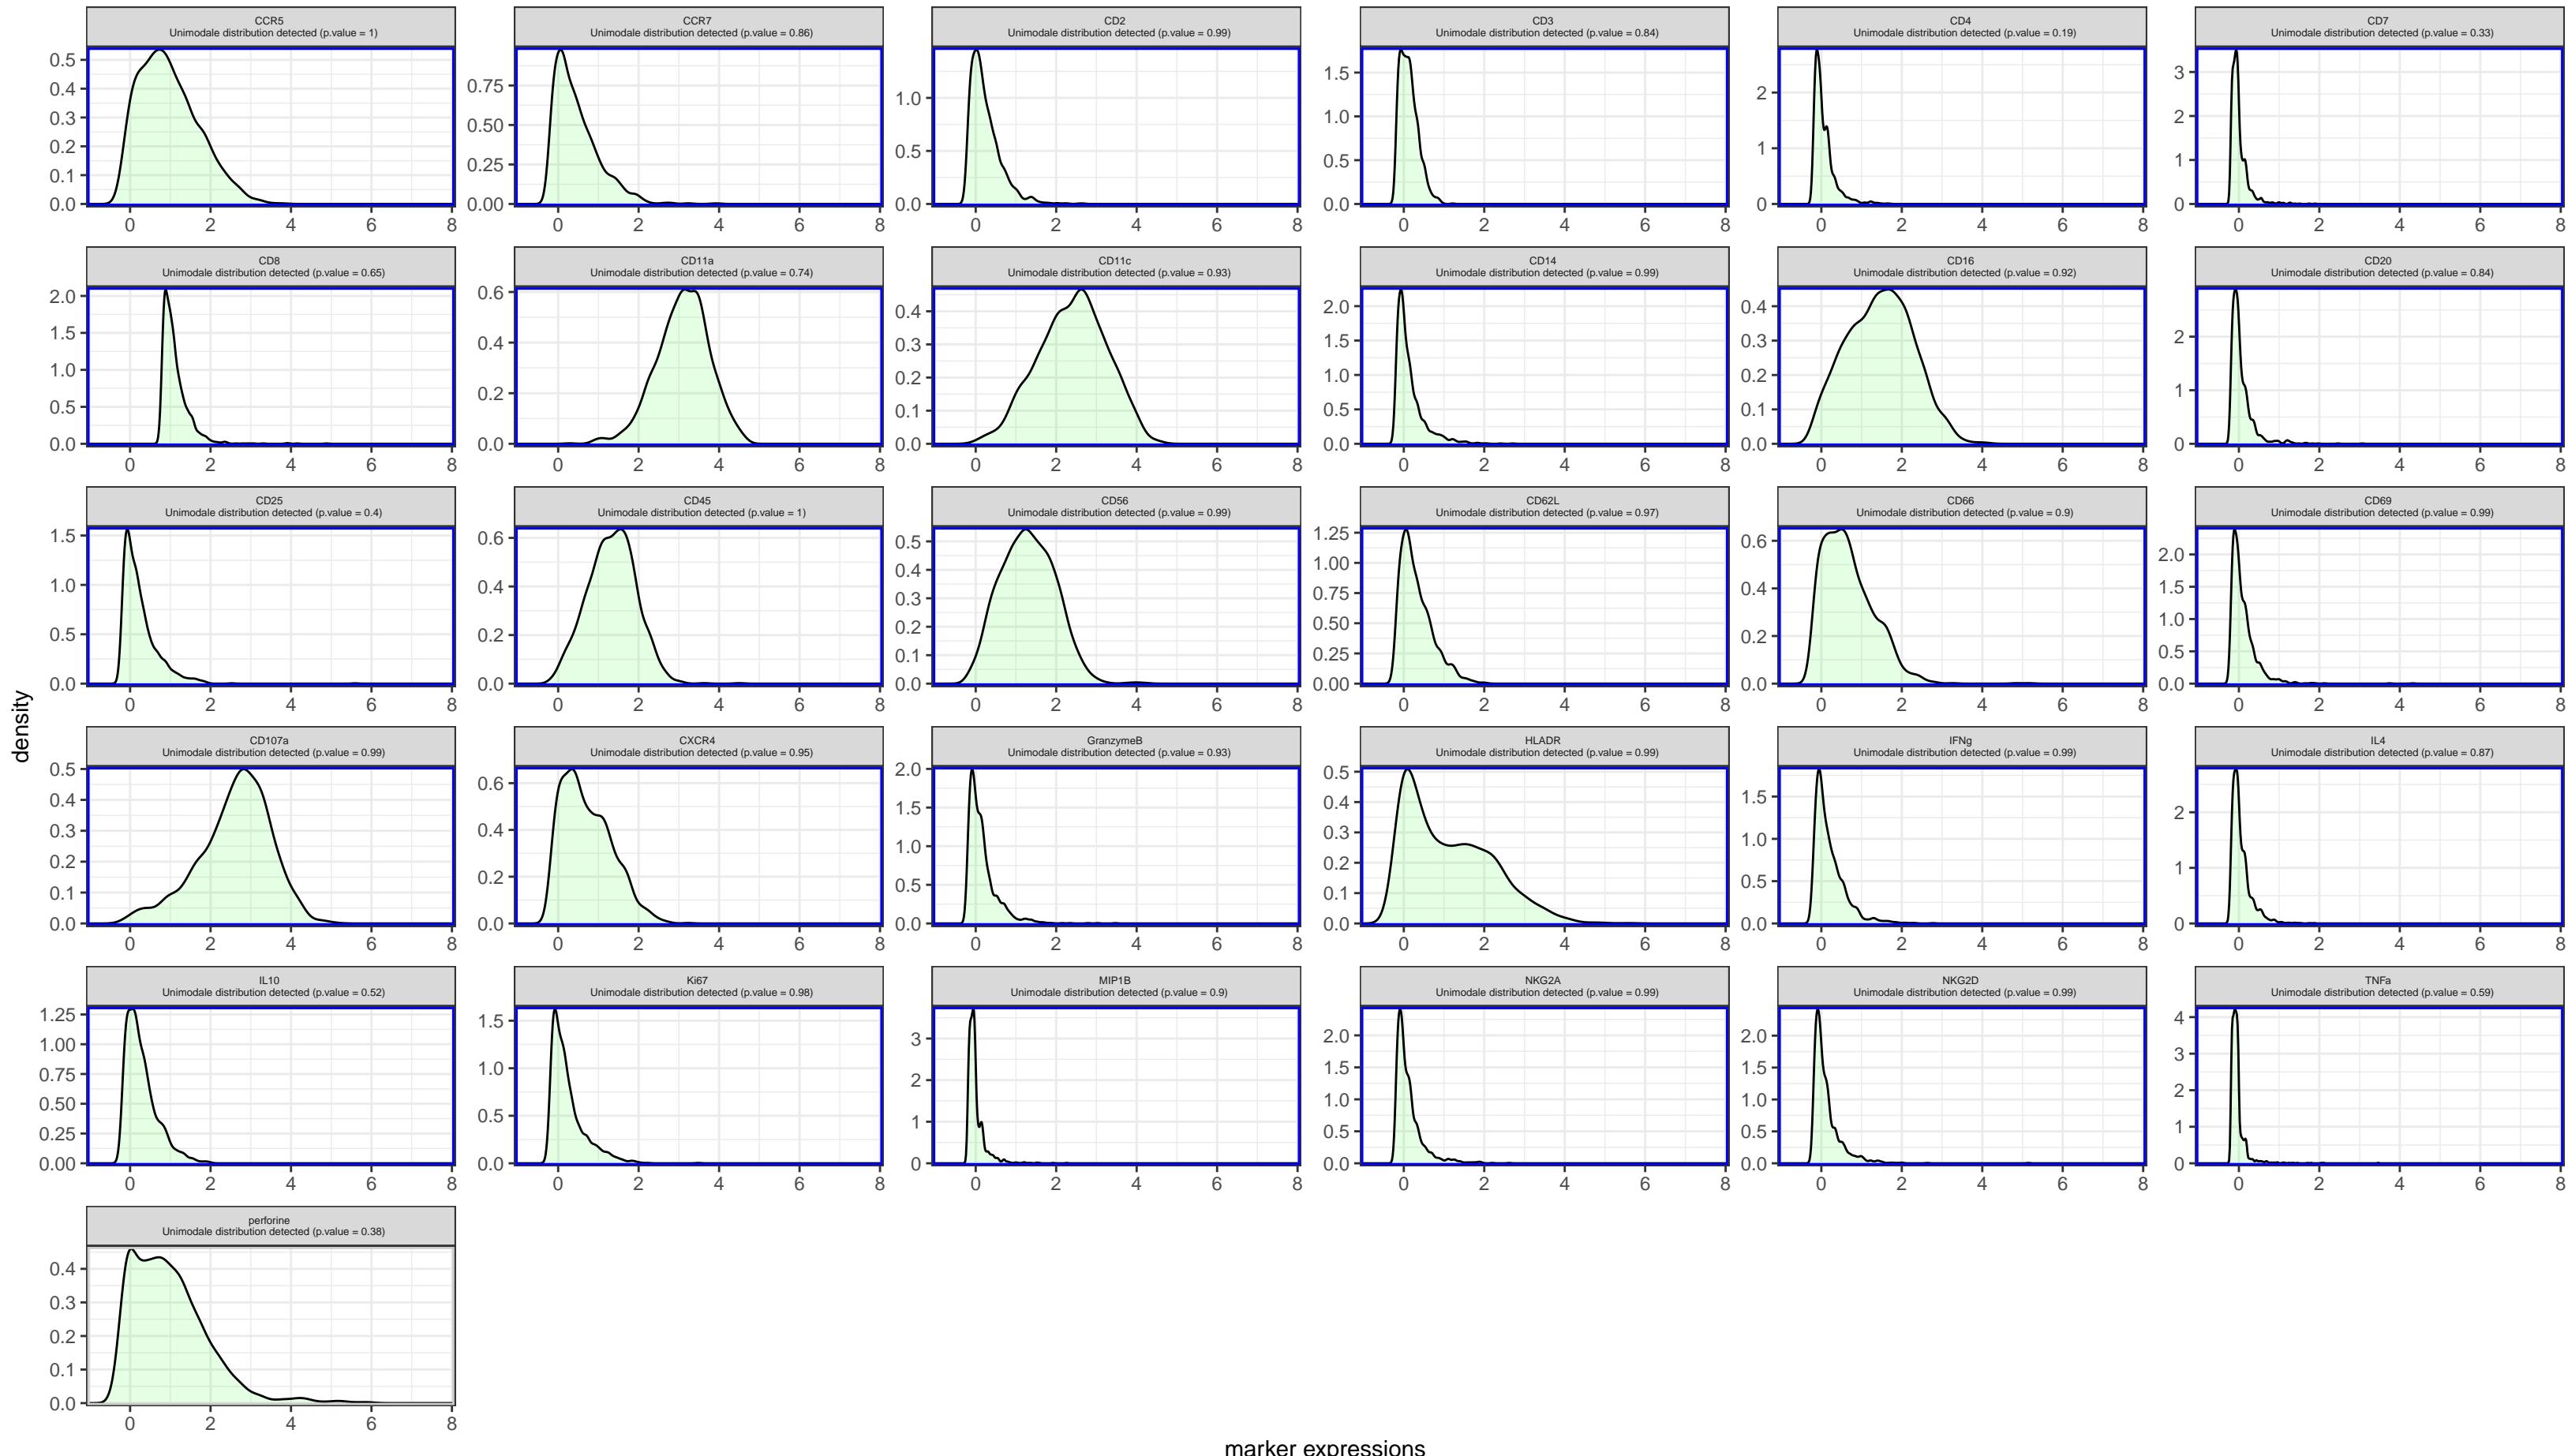

marker expressions

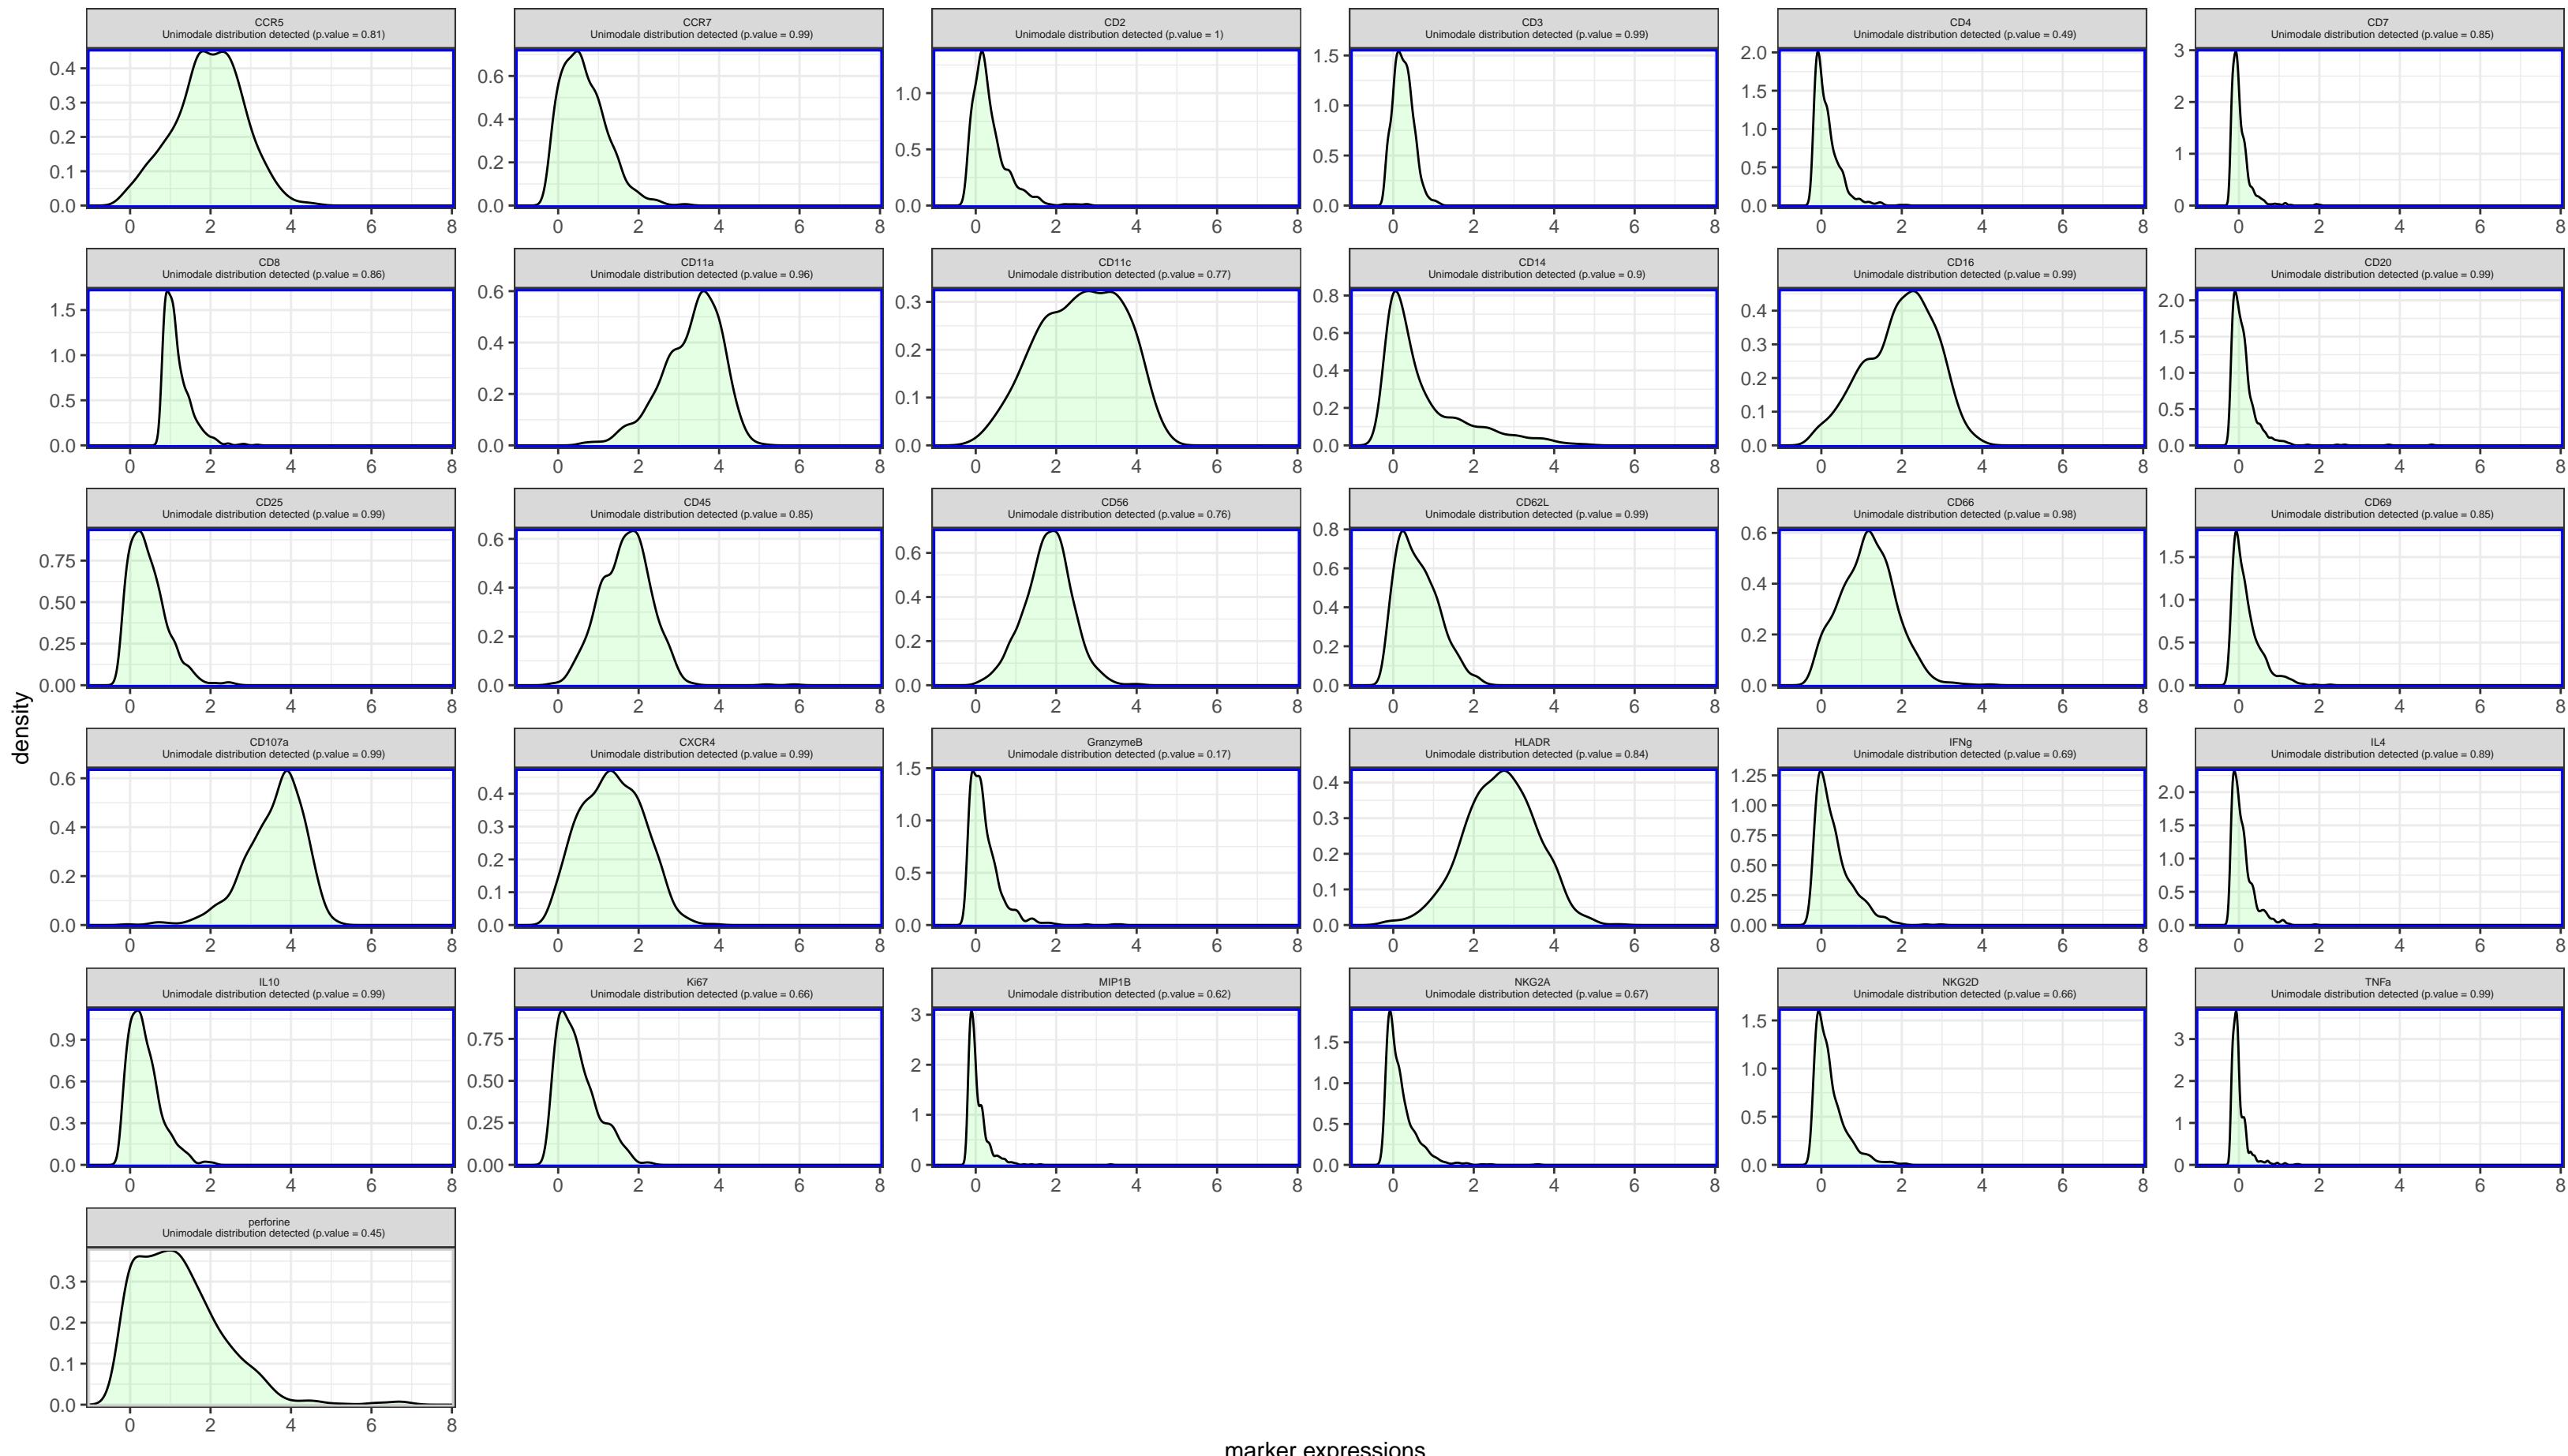

Densities of marker expressions for cluster : 59 (1 250 cells)

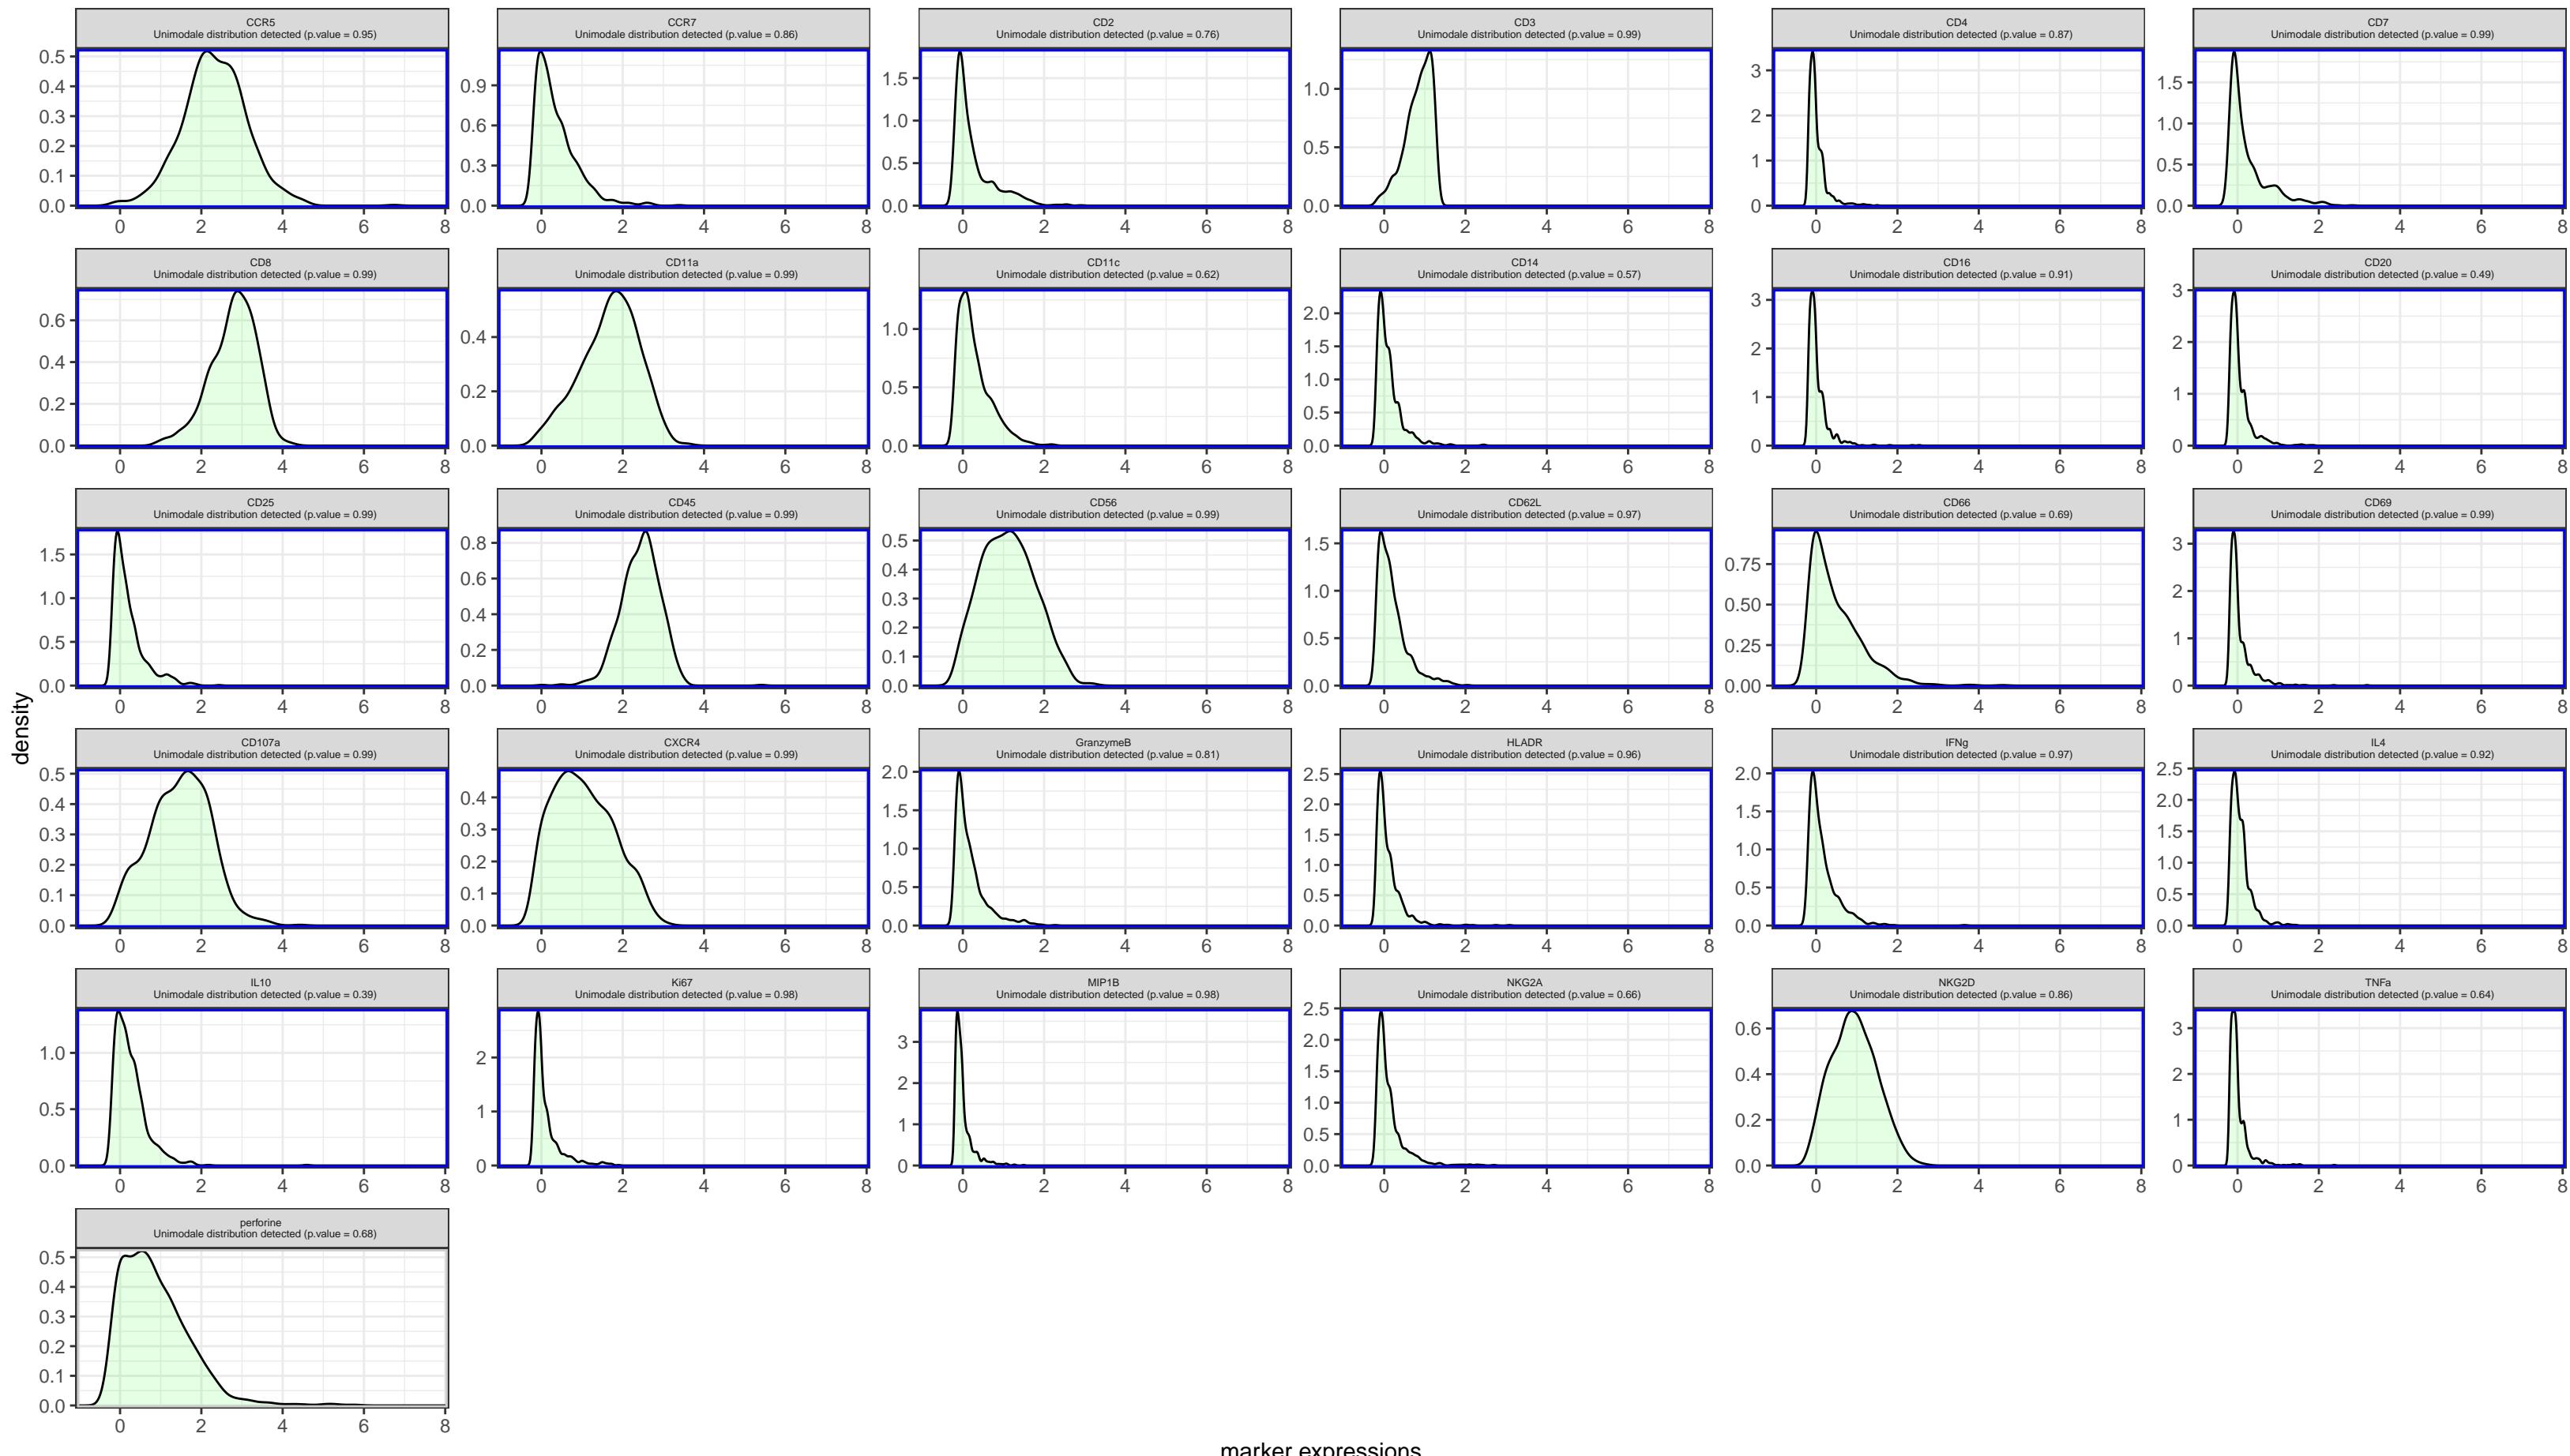

Densities of marker expressions for cluster : 60 (1 595 cells)

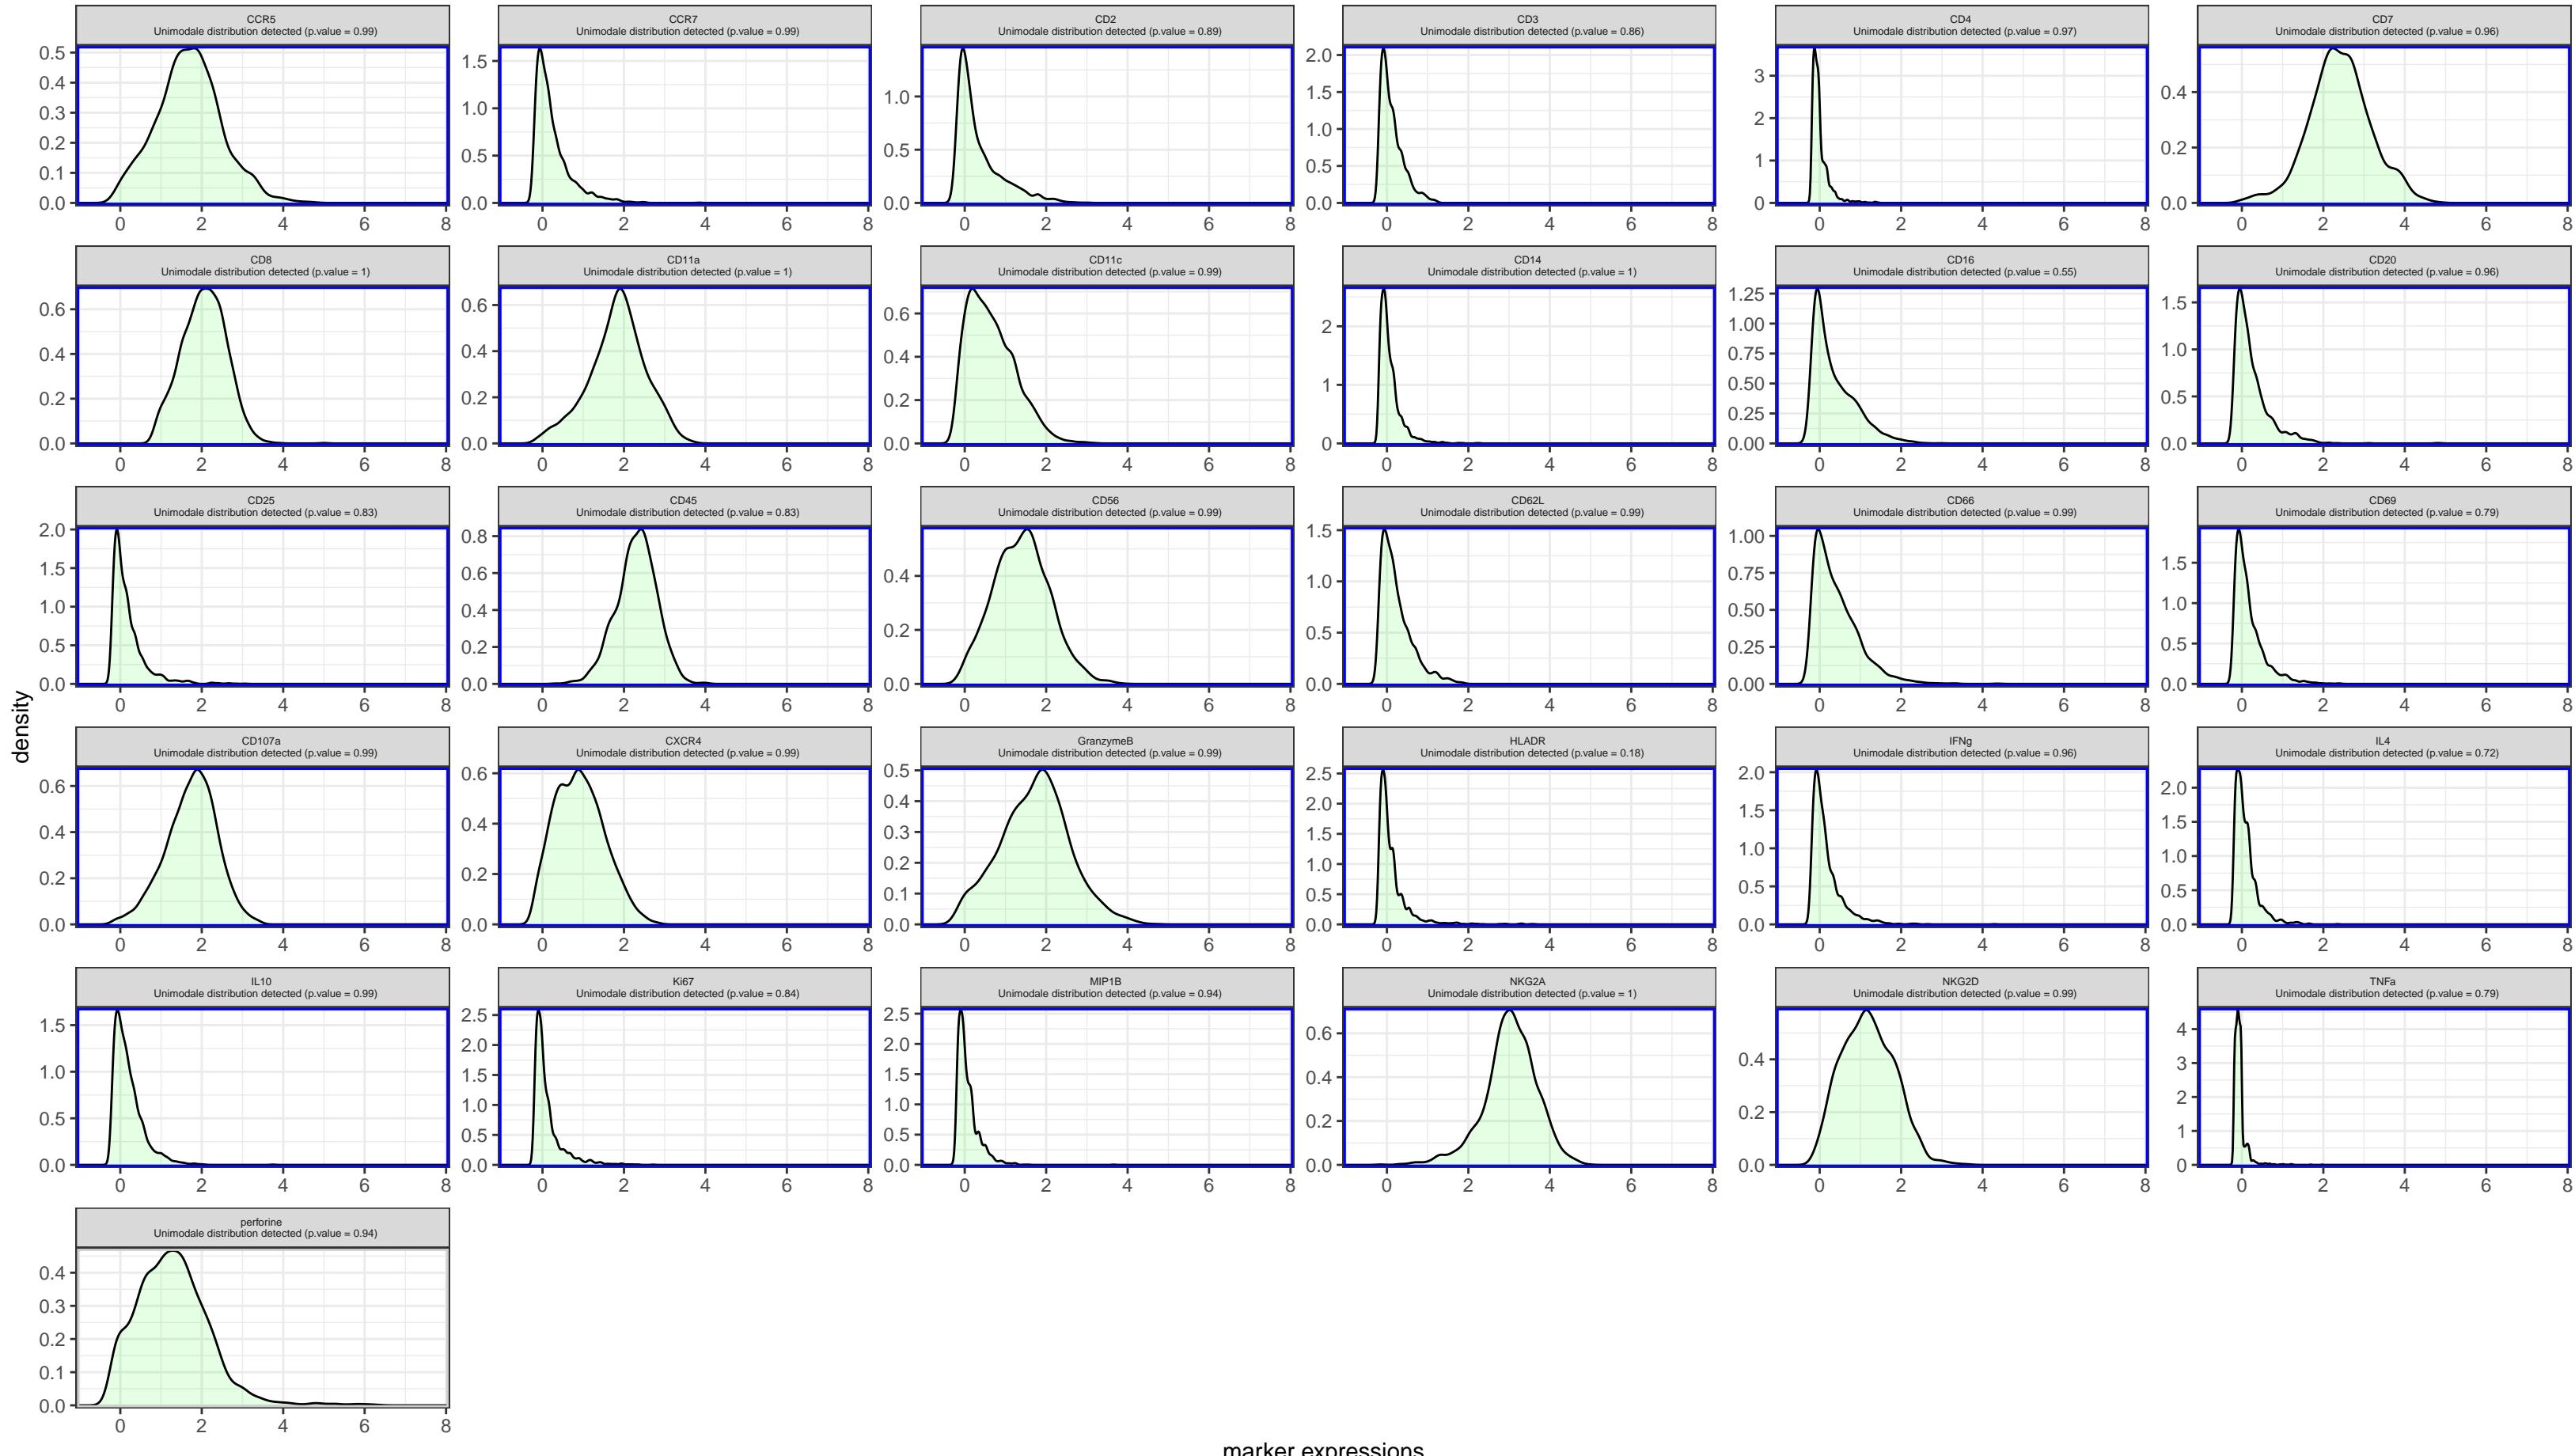

Densities of marker expressions for cluster : 61 (806 cells)

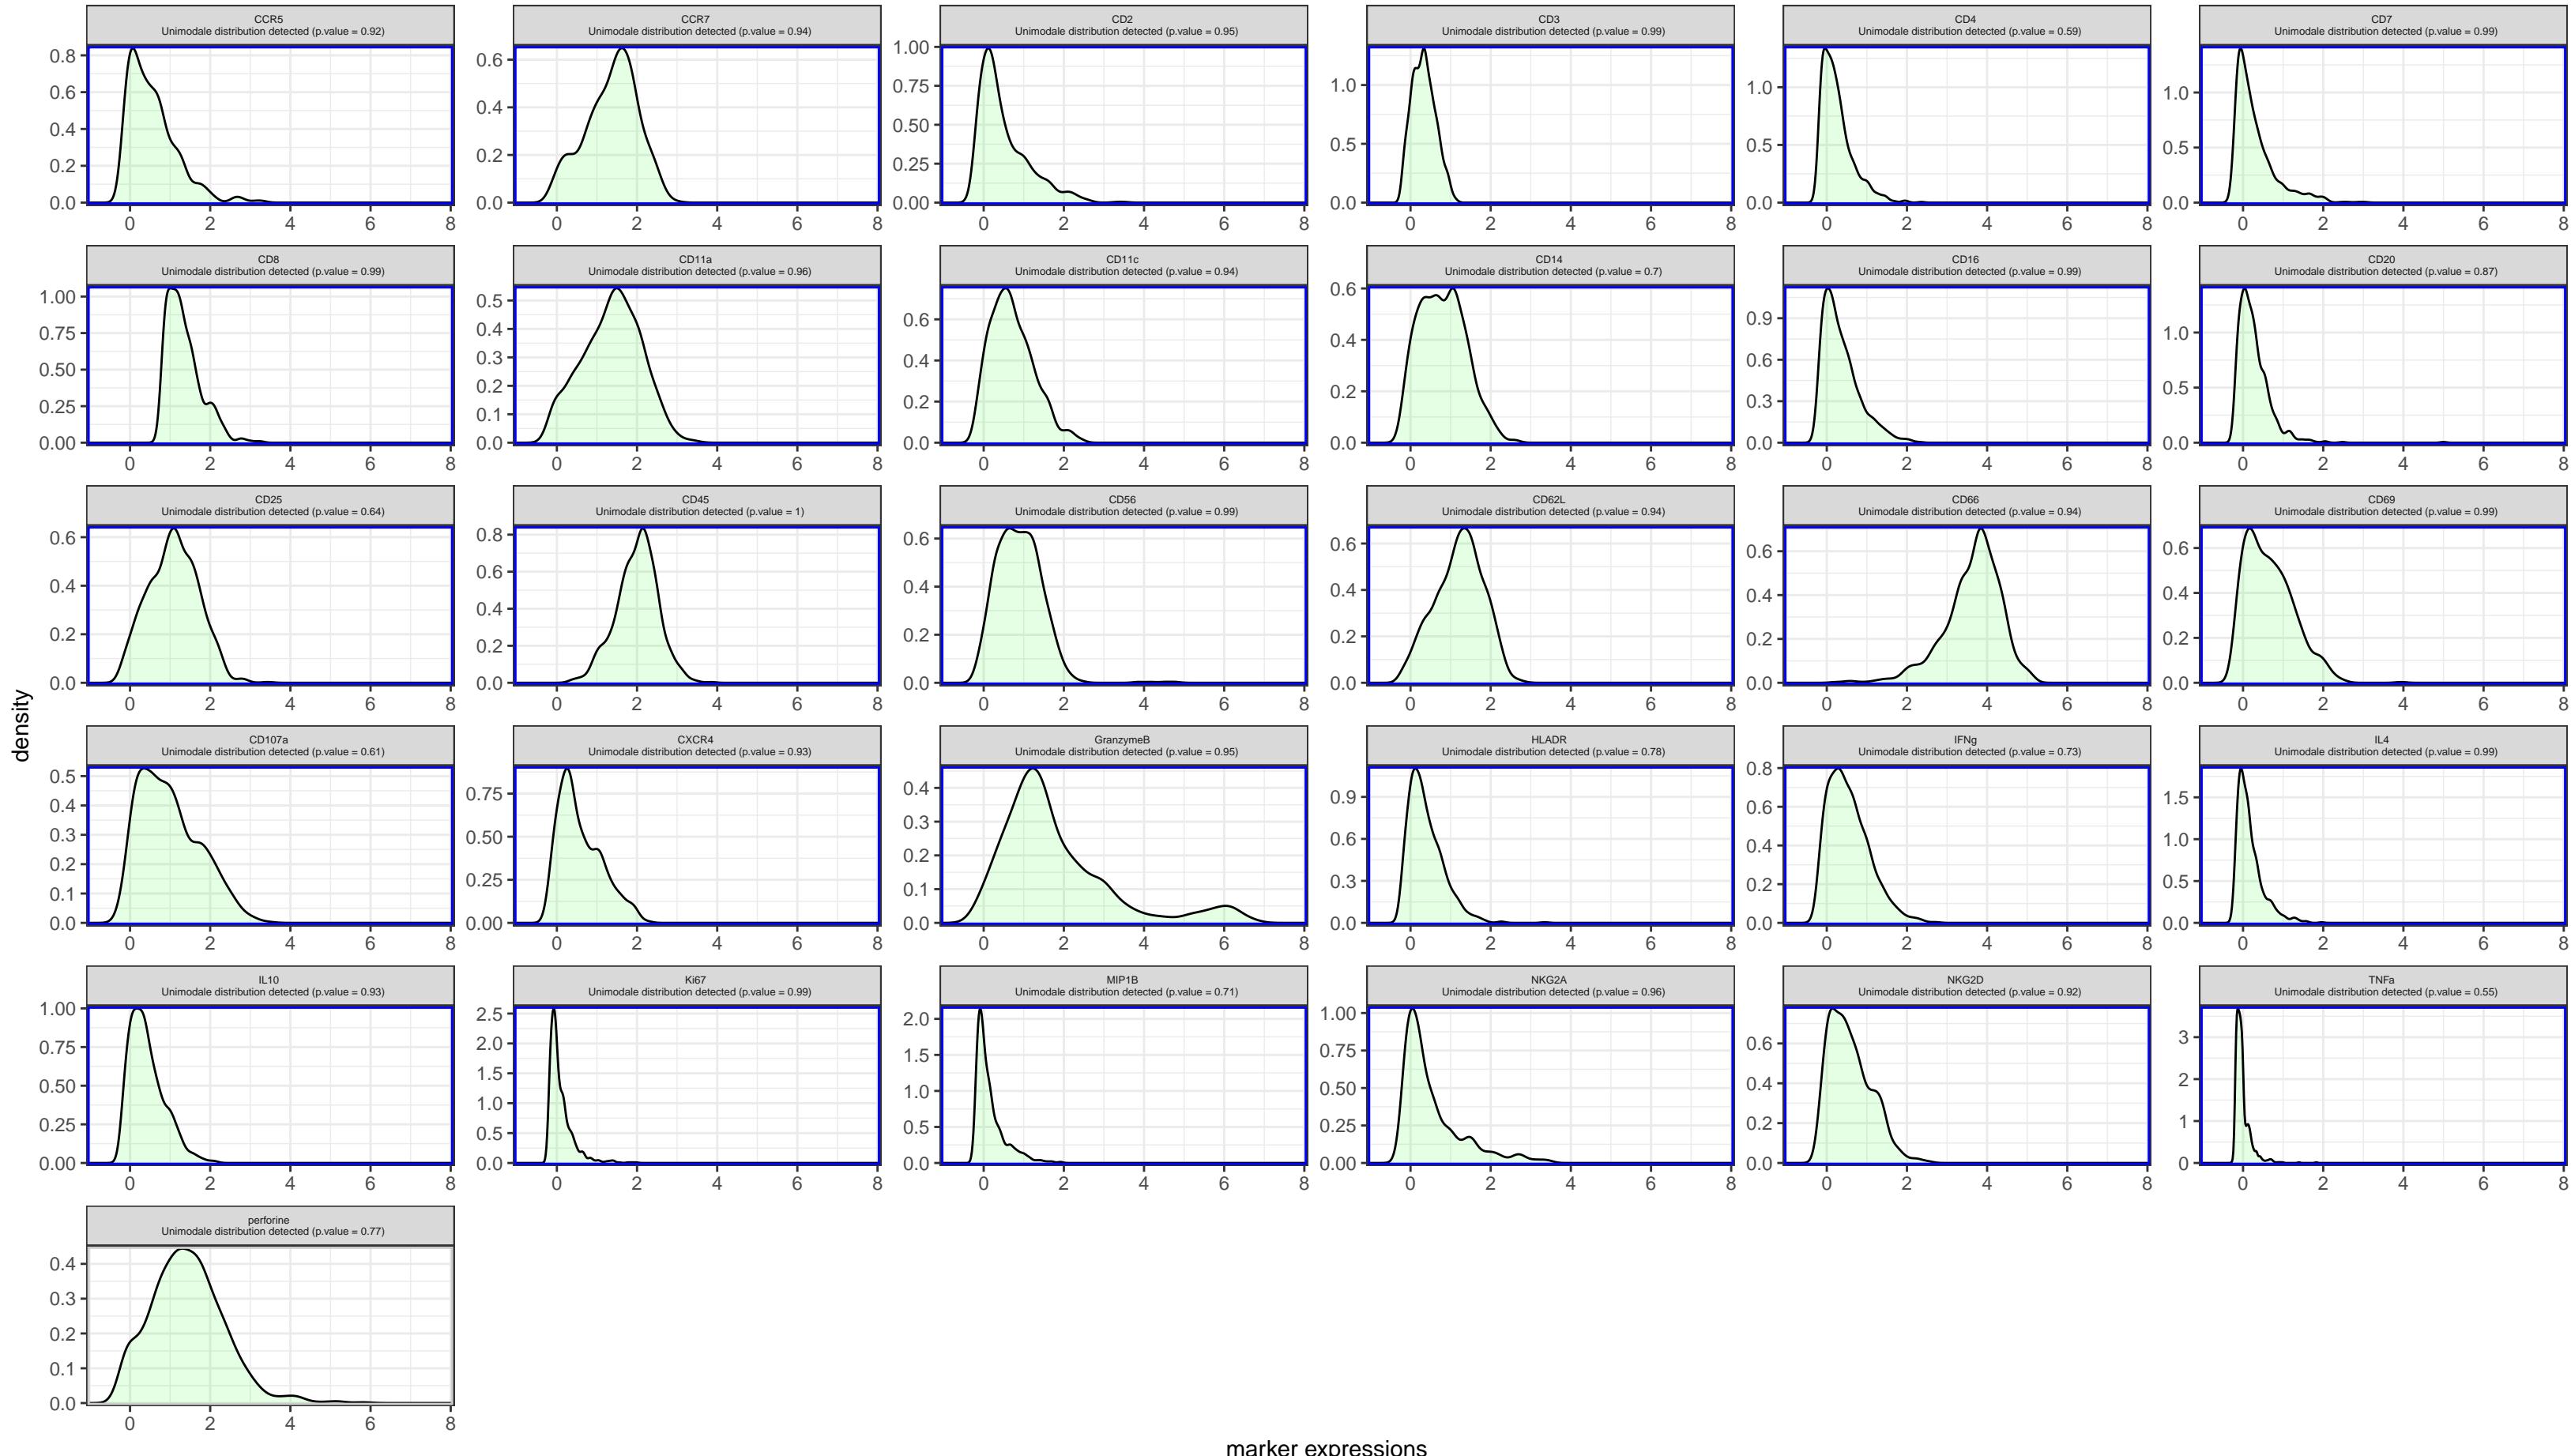

Densities of marker expressions for cluster : 62 (987 cells)

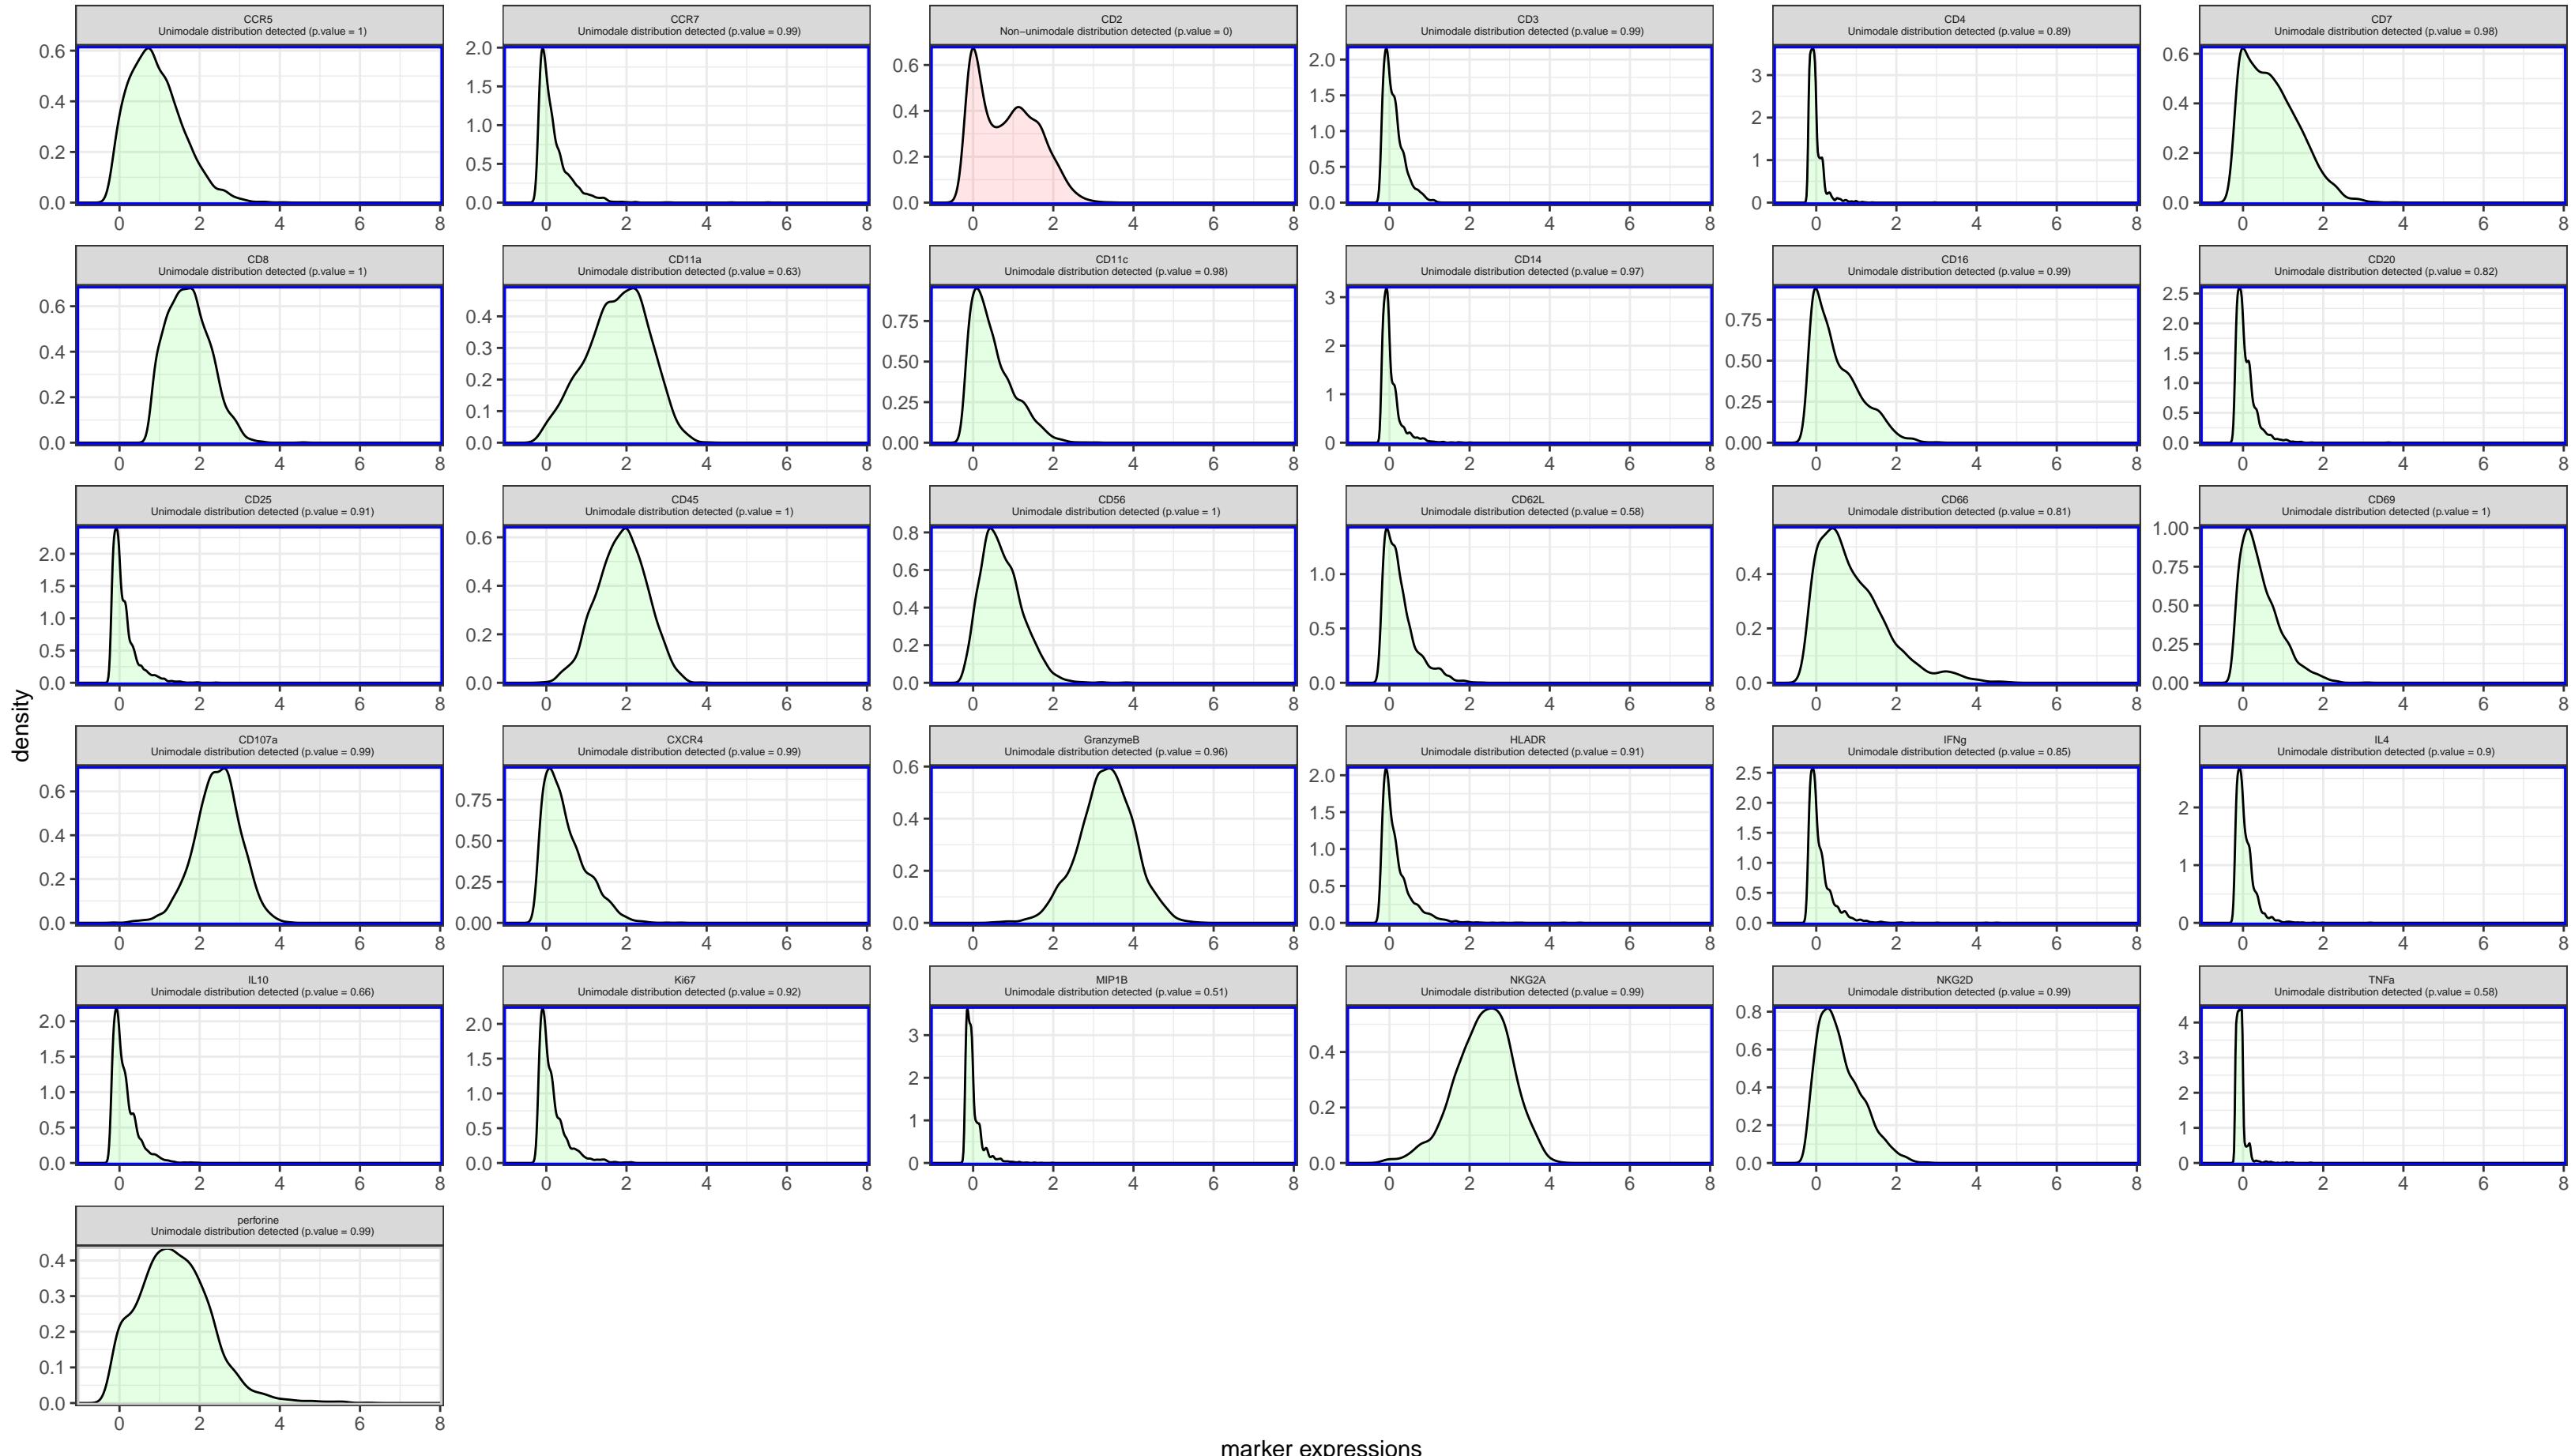

Densities of marker expressions for cluster : 63 (2 064 cells)

Densities of marker expressions for cluster : 64 (850 cells)

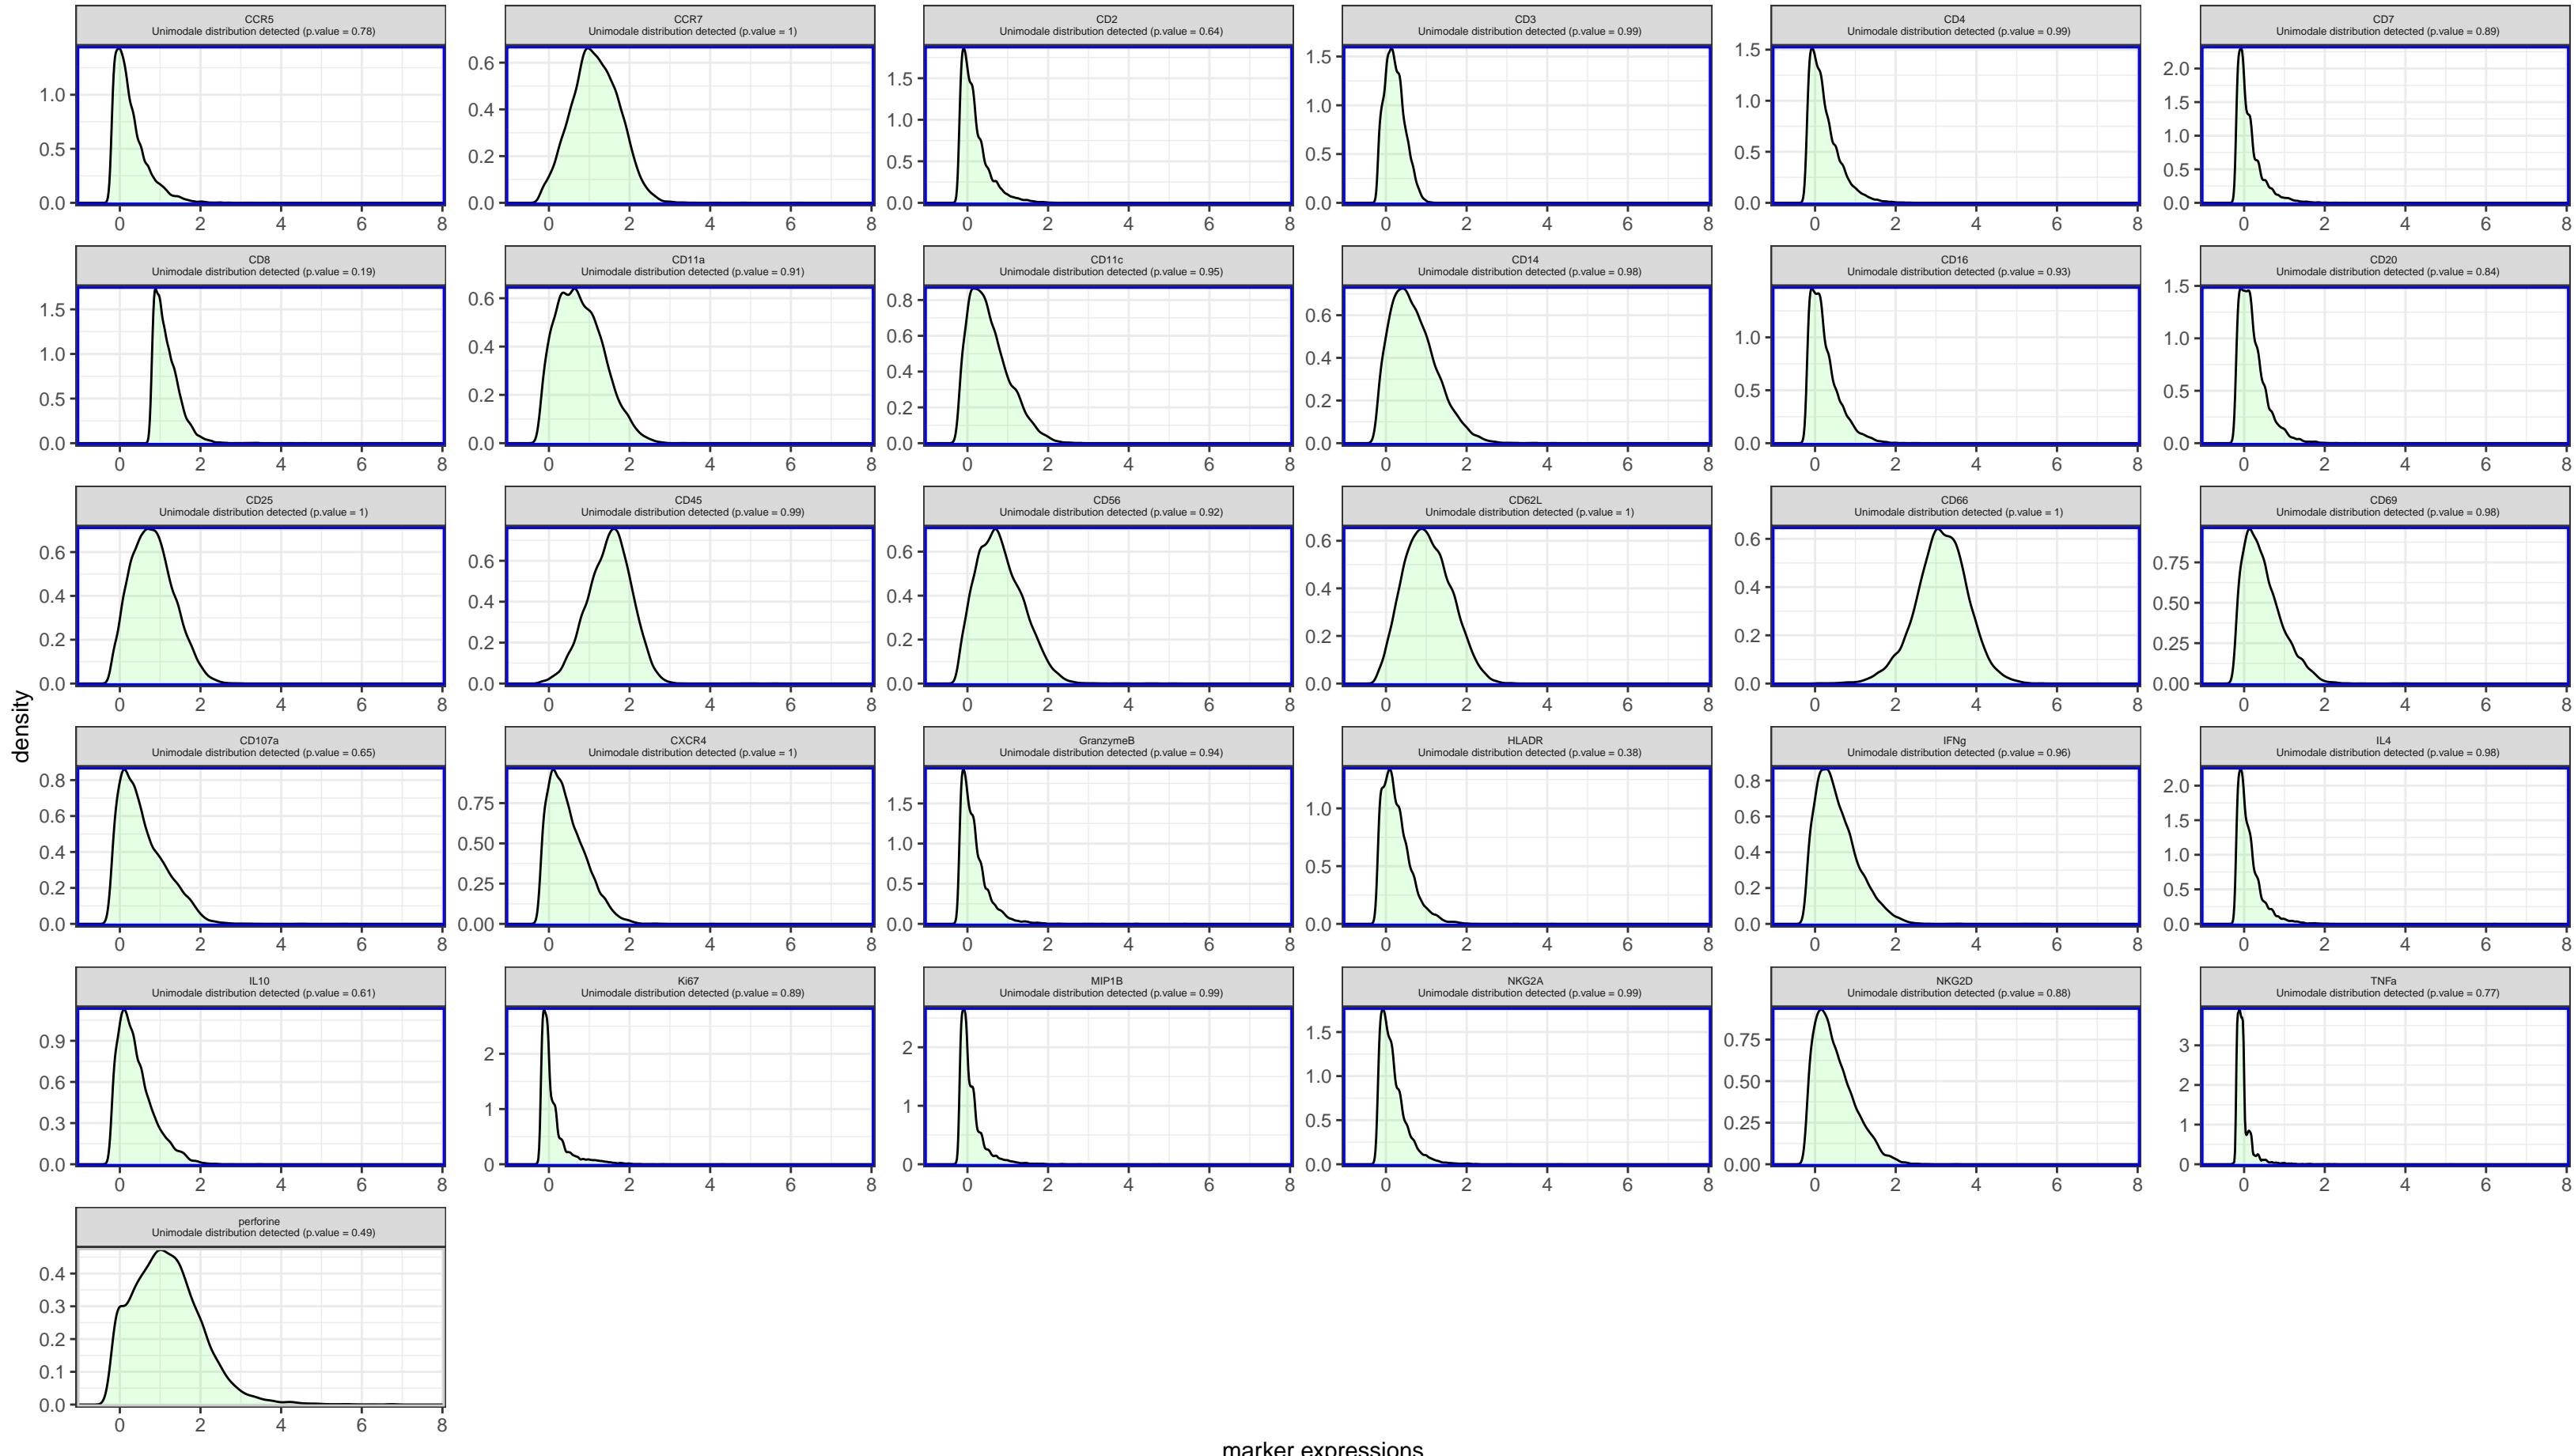

Densities of marker expressions for cluster : 65 (2 681 cells)

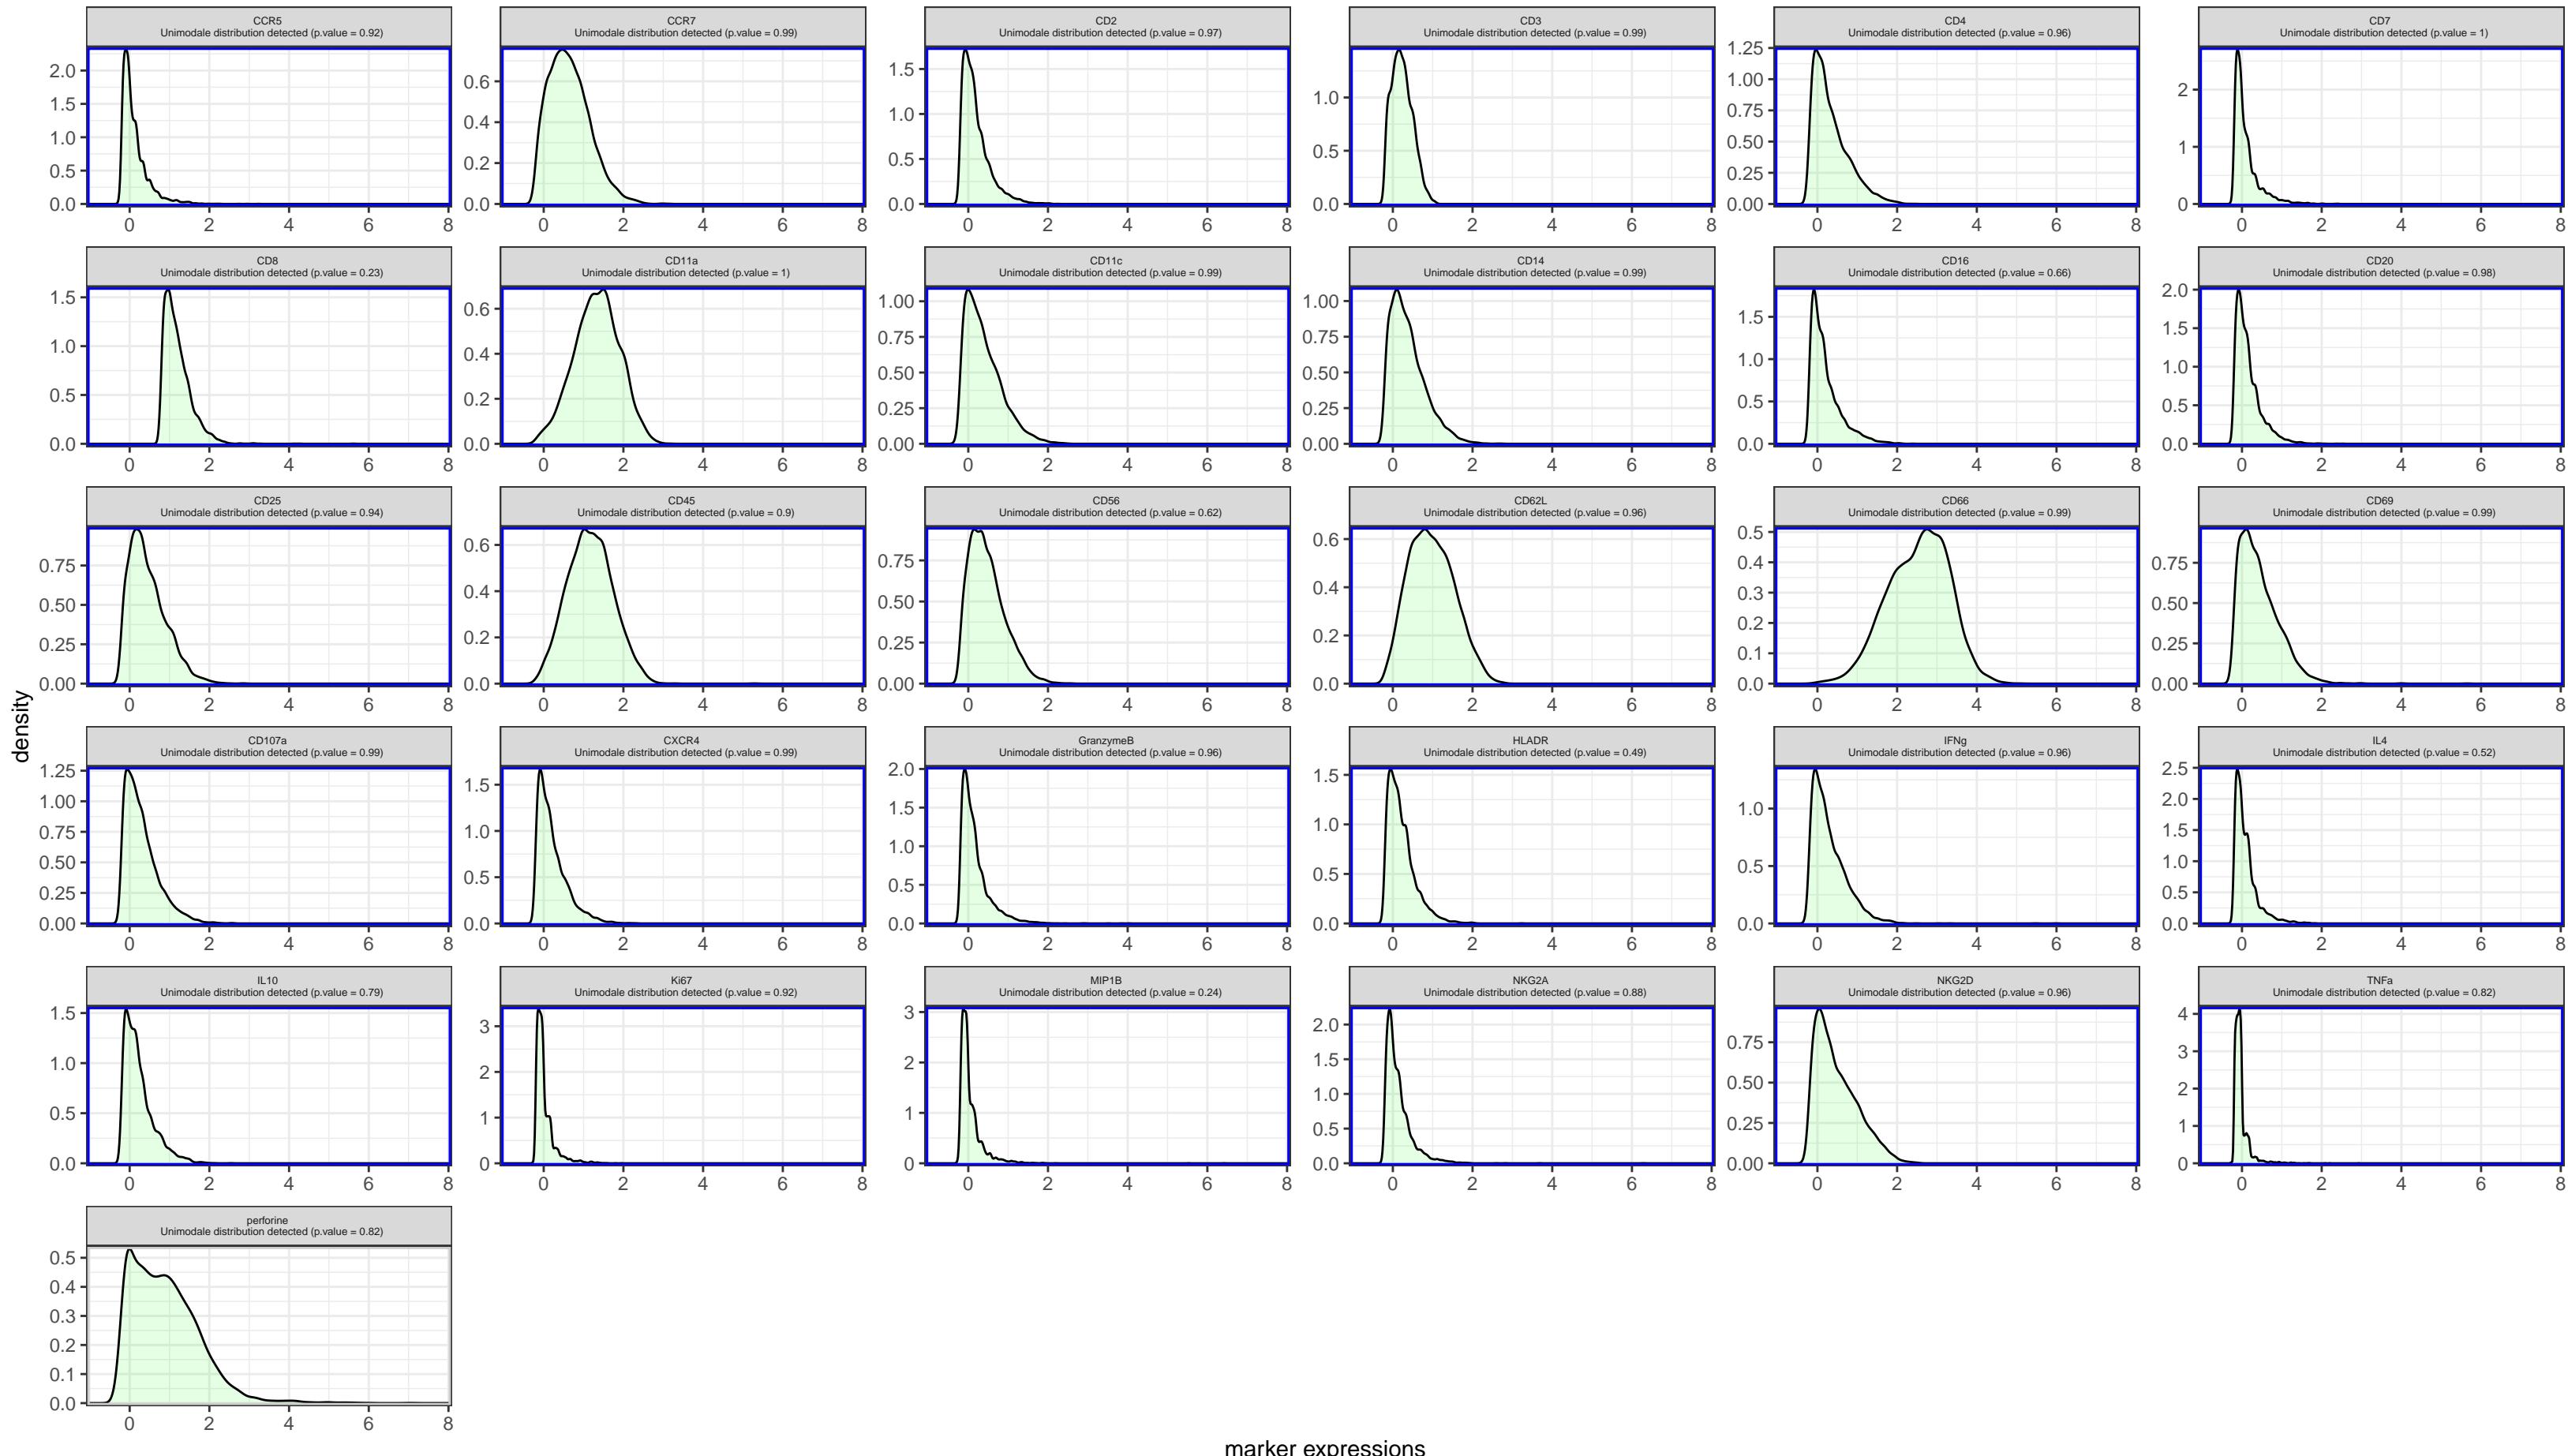

marker expressions

Densities of marker expressions for cluster : 66 (10 077 cells)

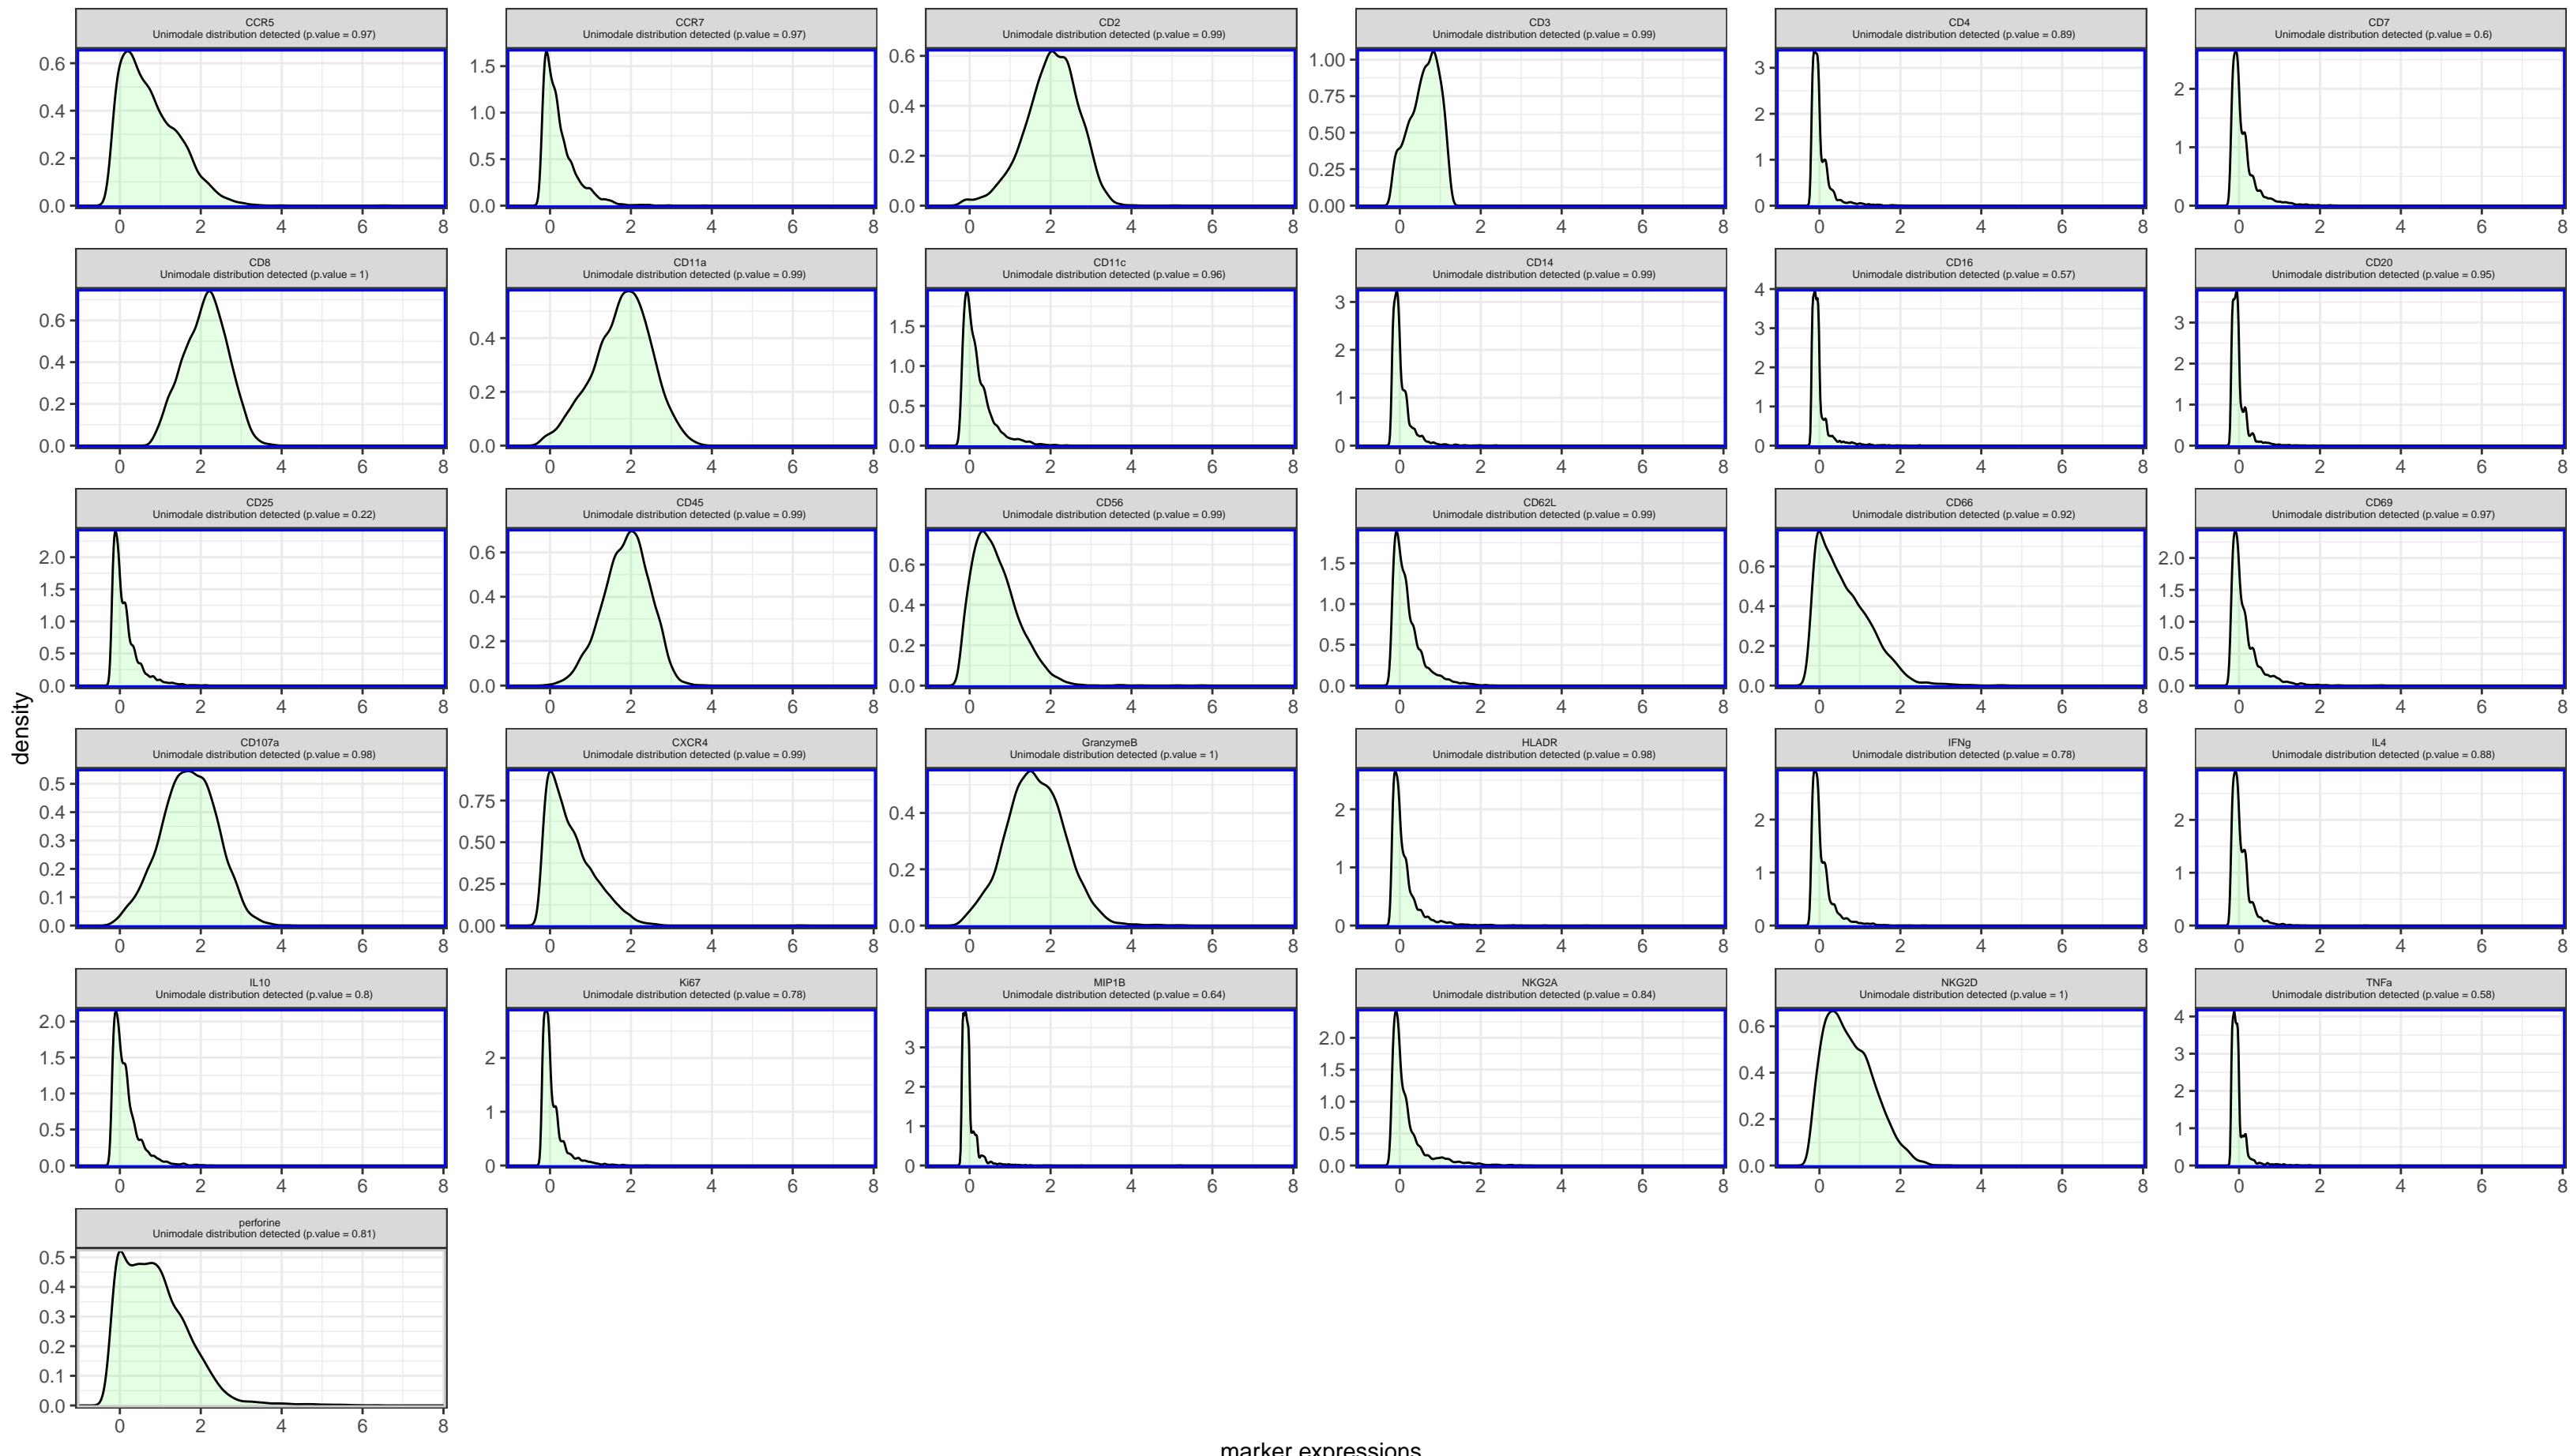

marker expressions

Densities of marker expressions for cluster : 67 (5 202 cells)

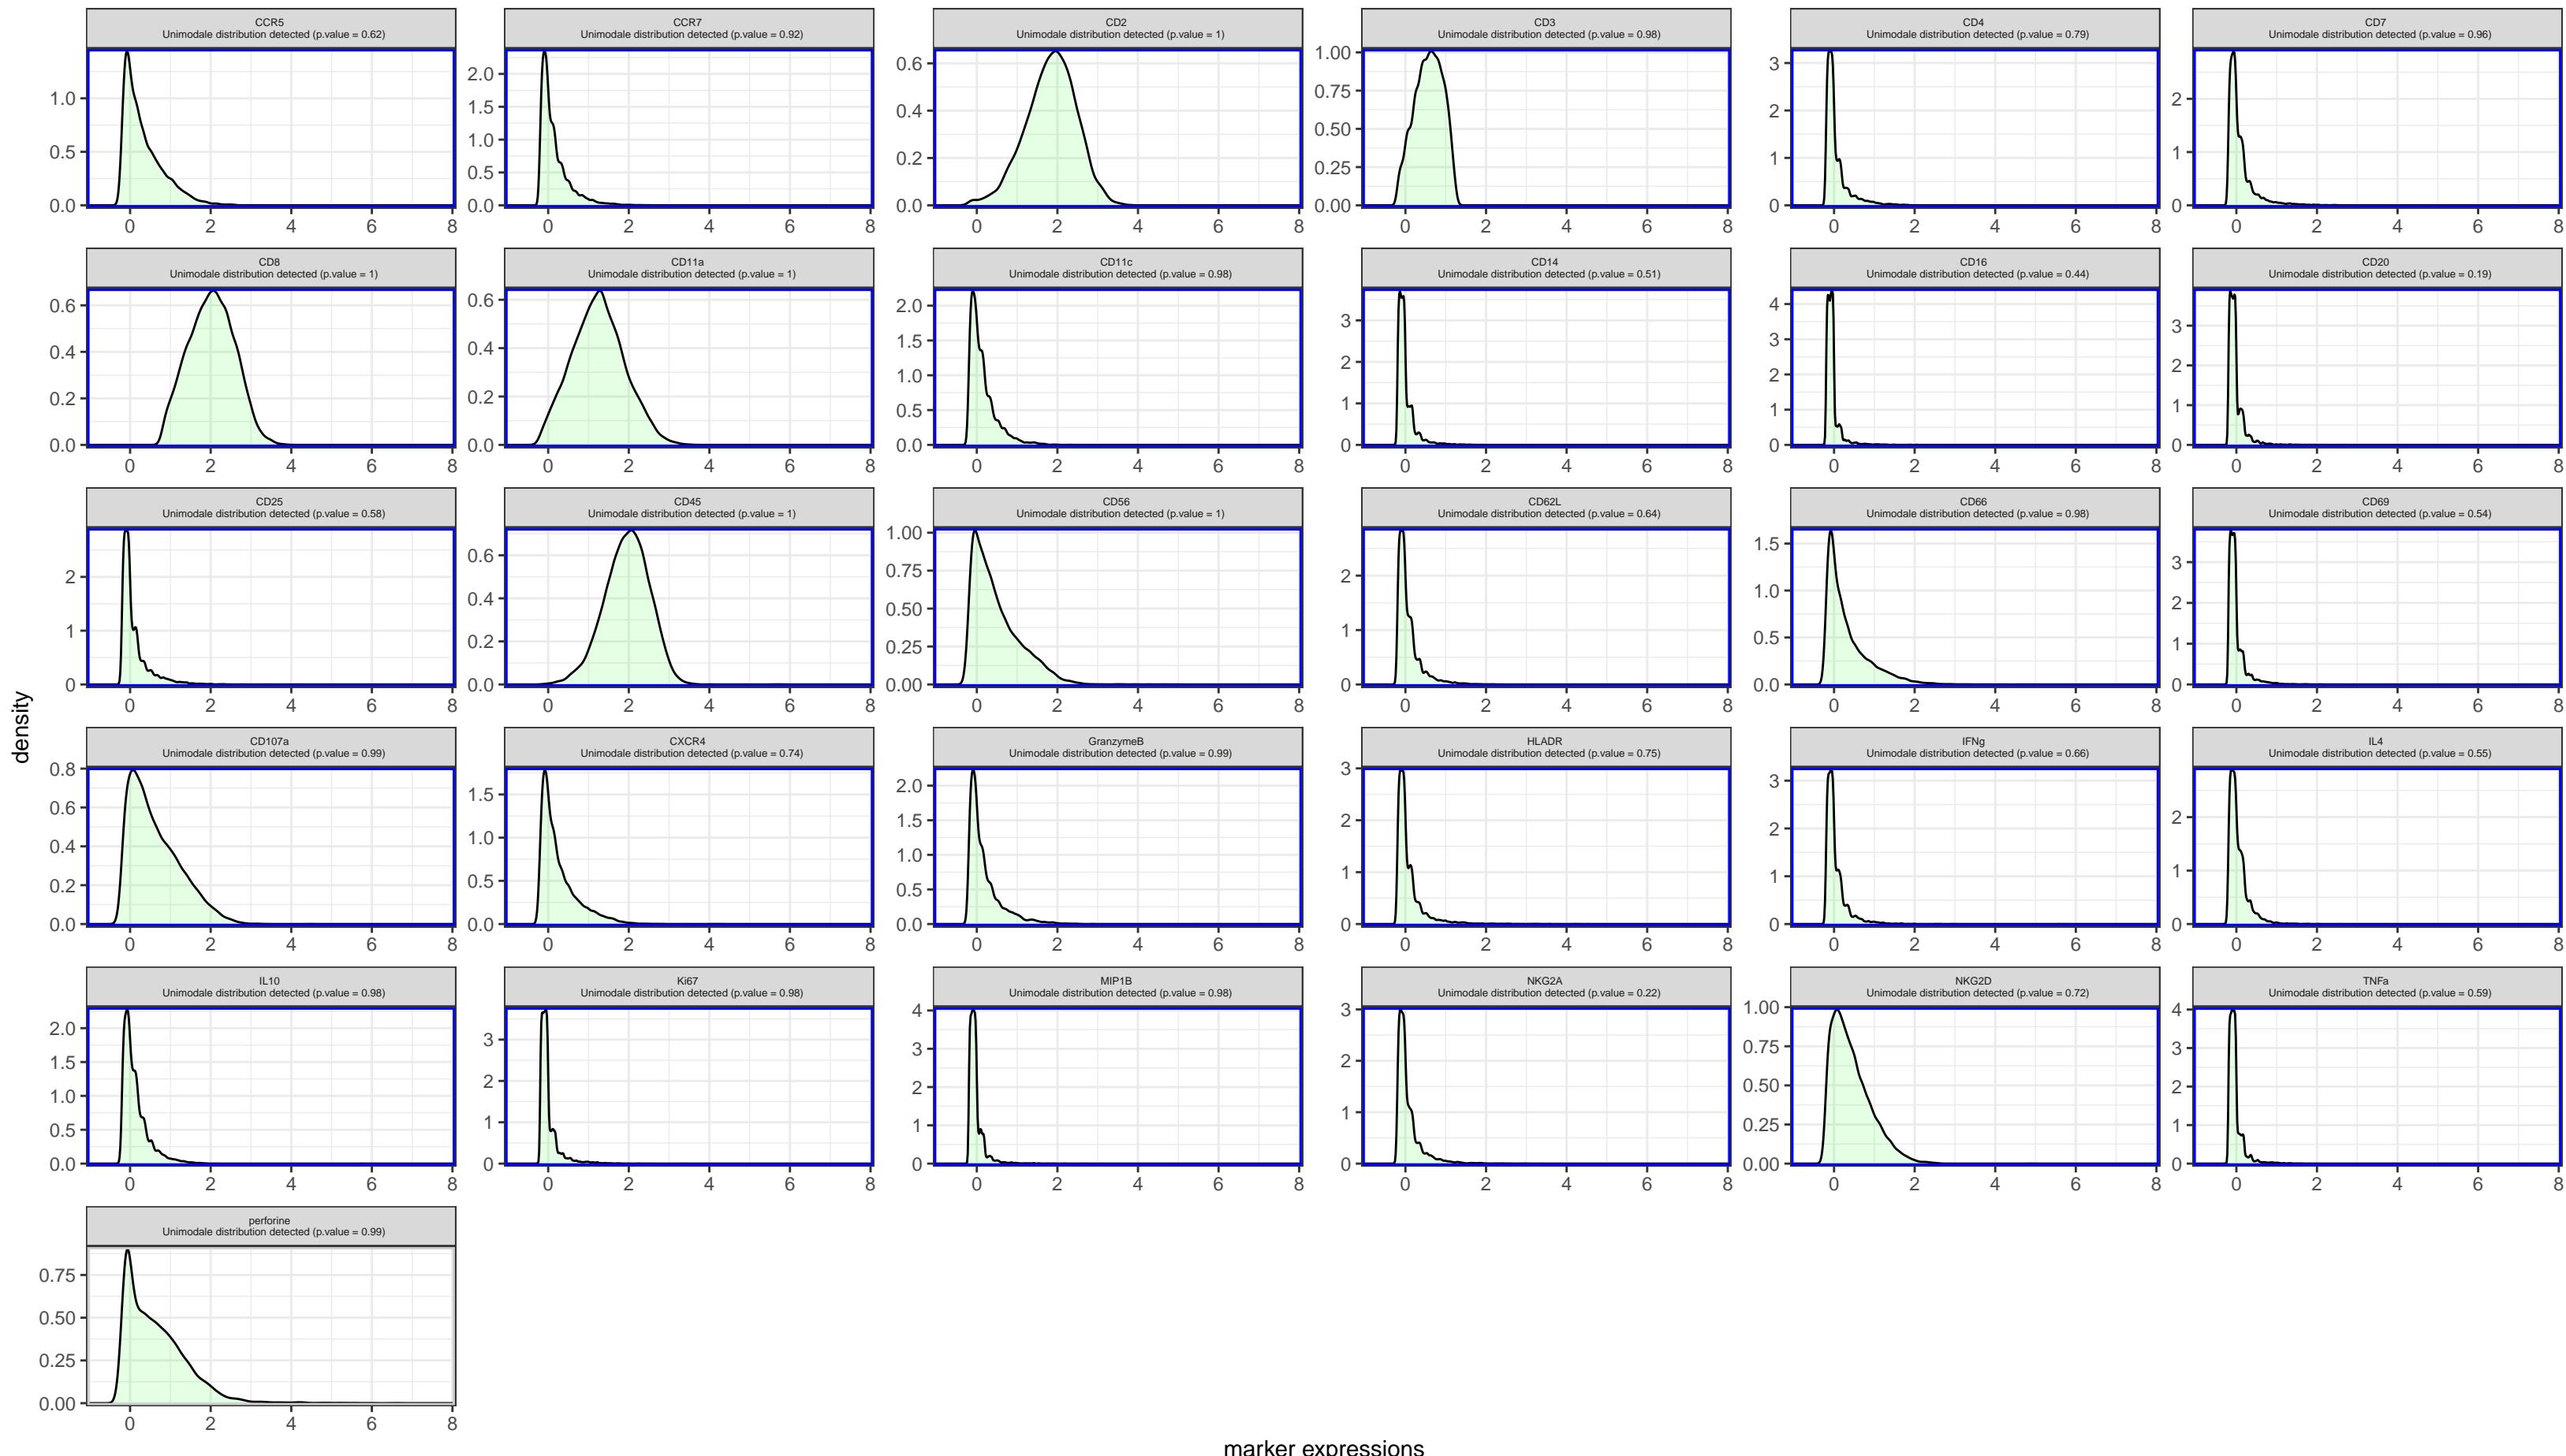

marker expressions

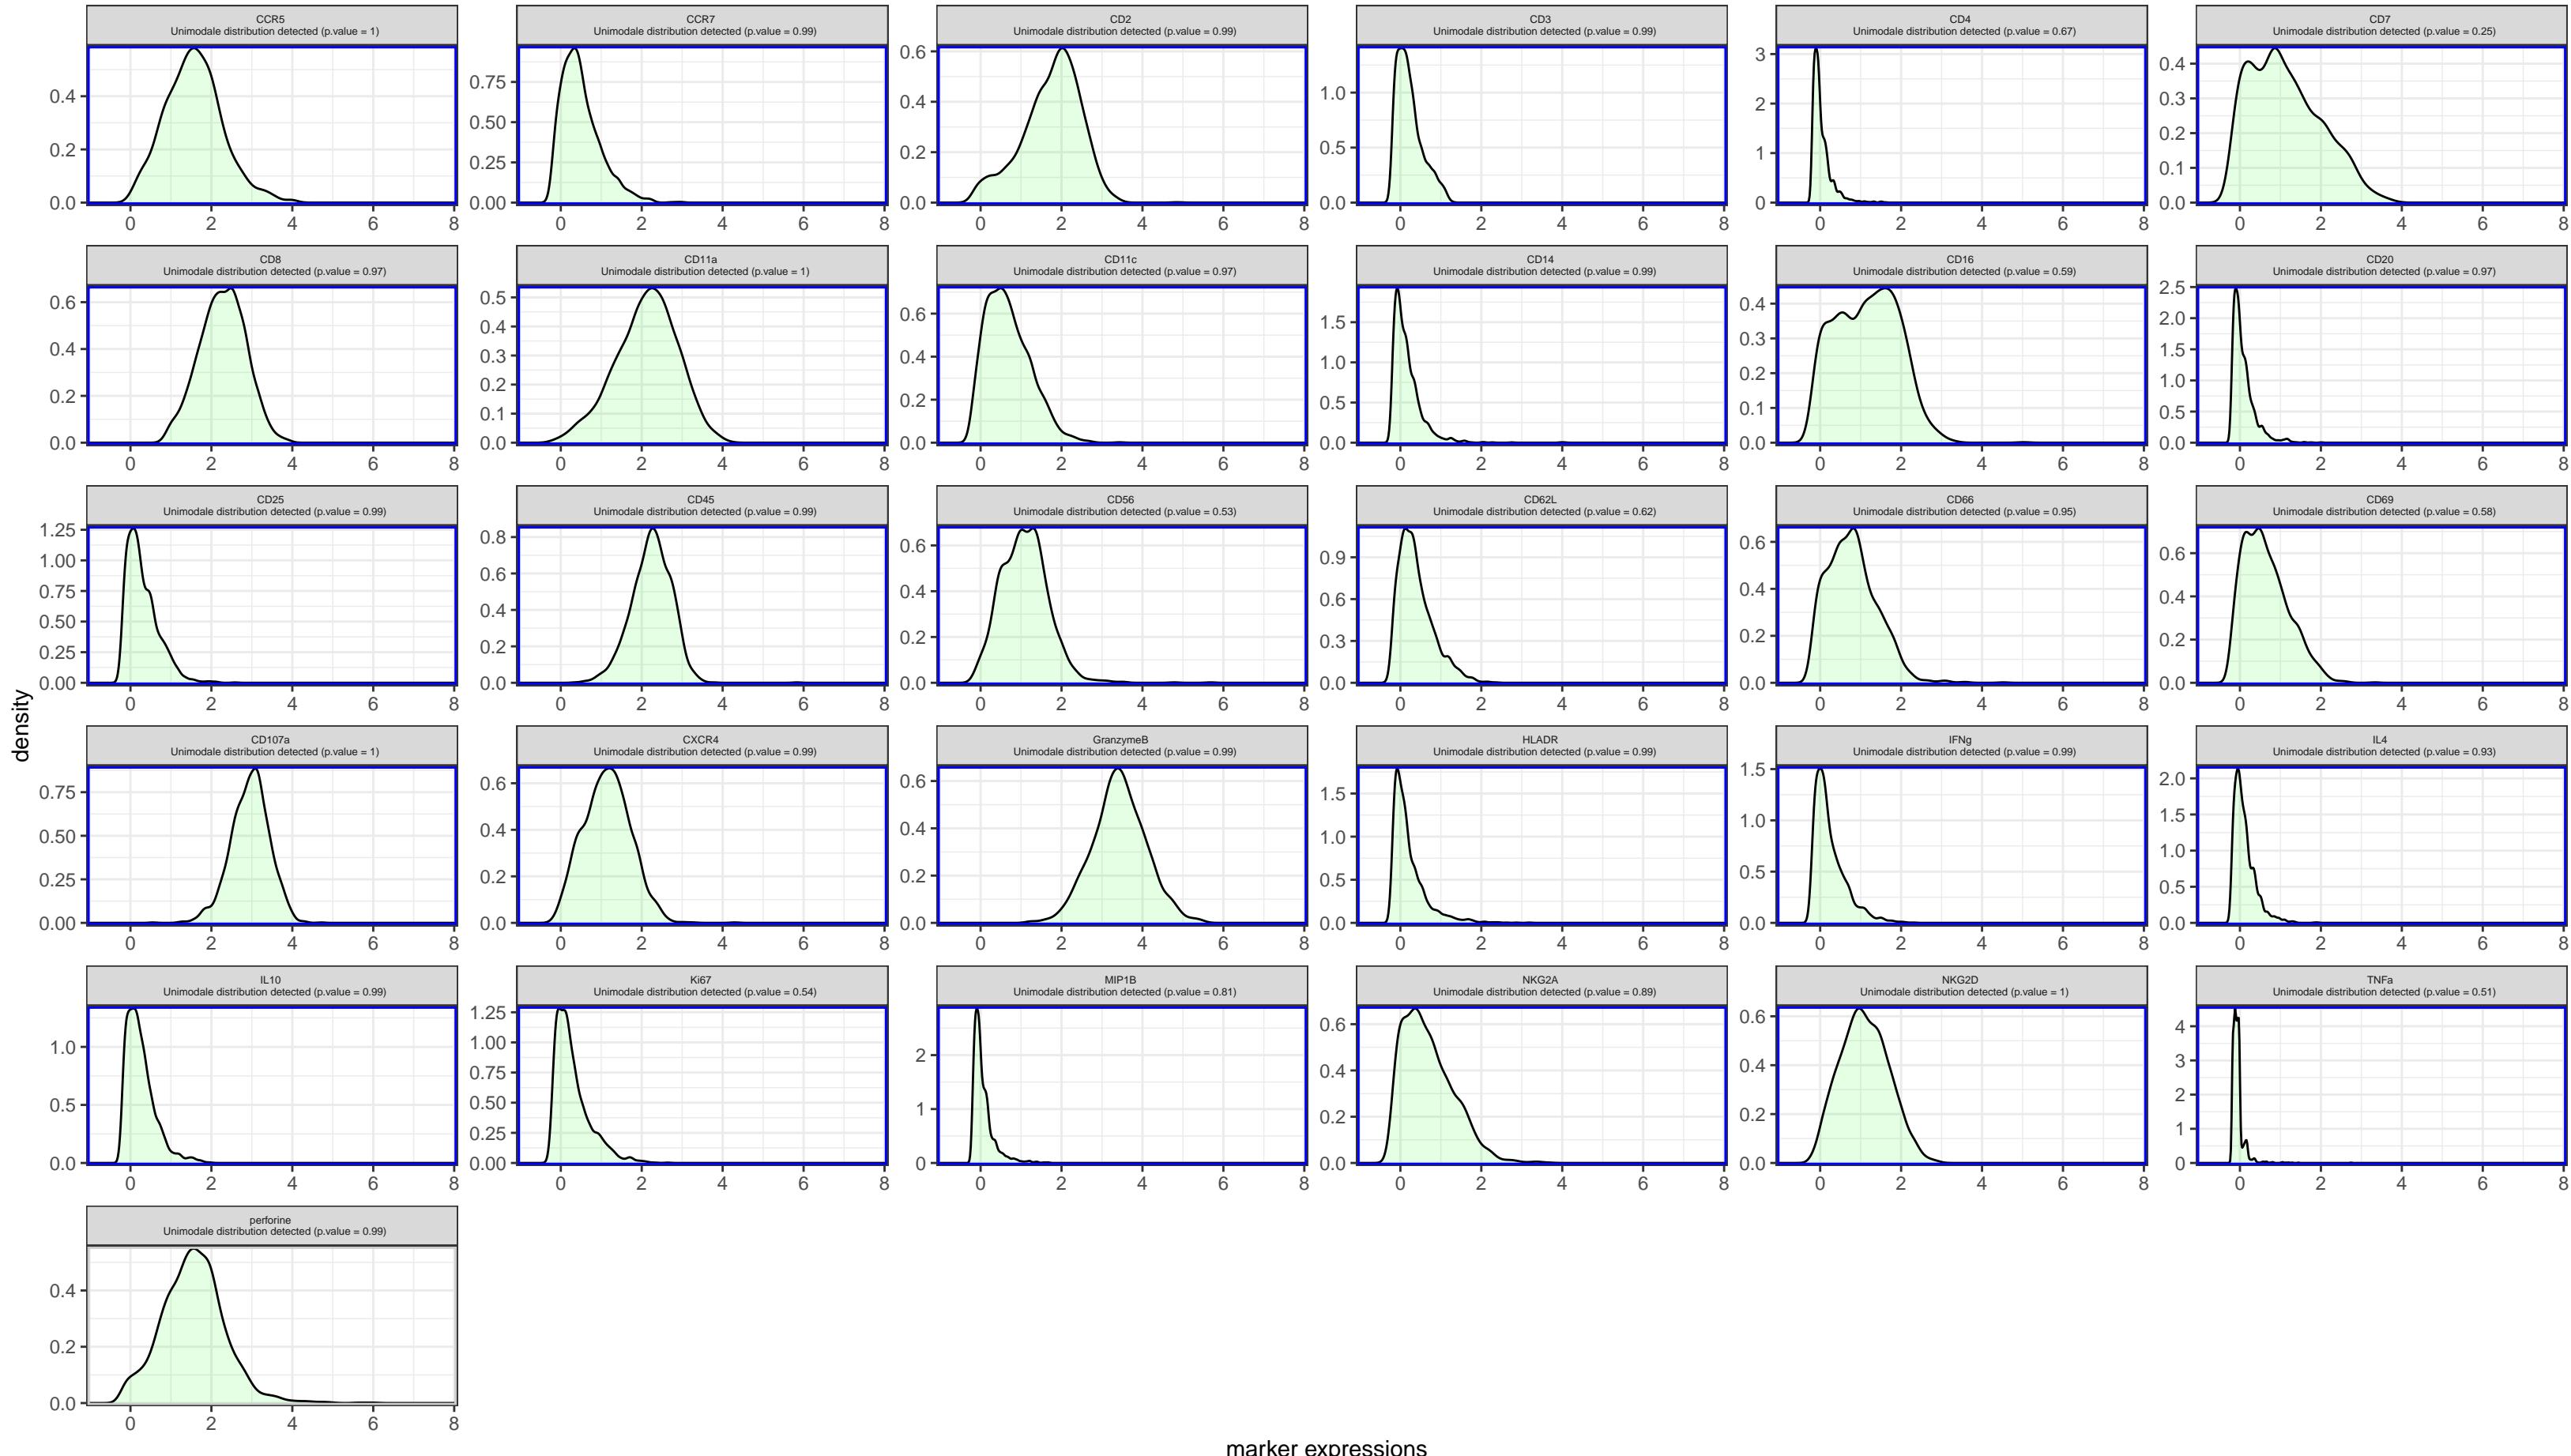

Densities of marker expressions for cluster : 68 (4 259 cells)

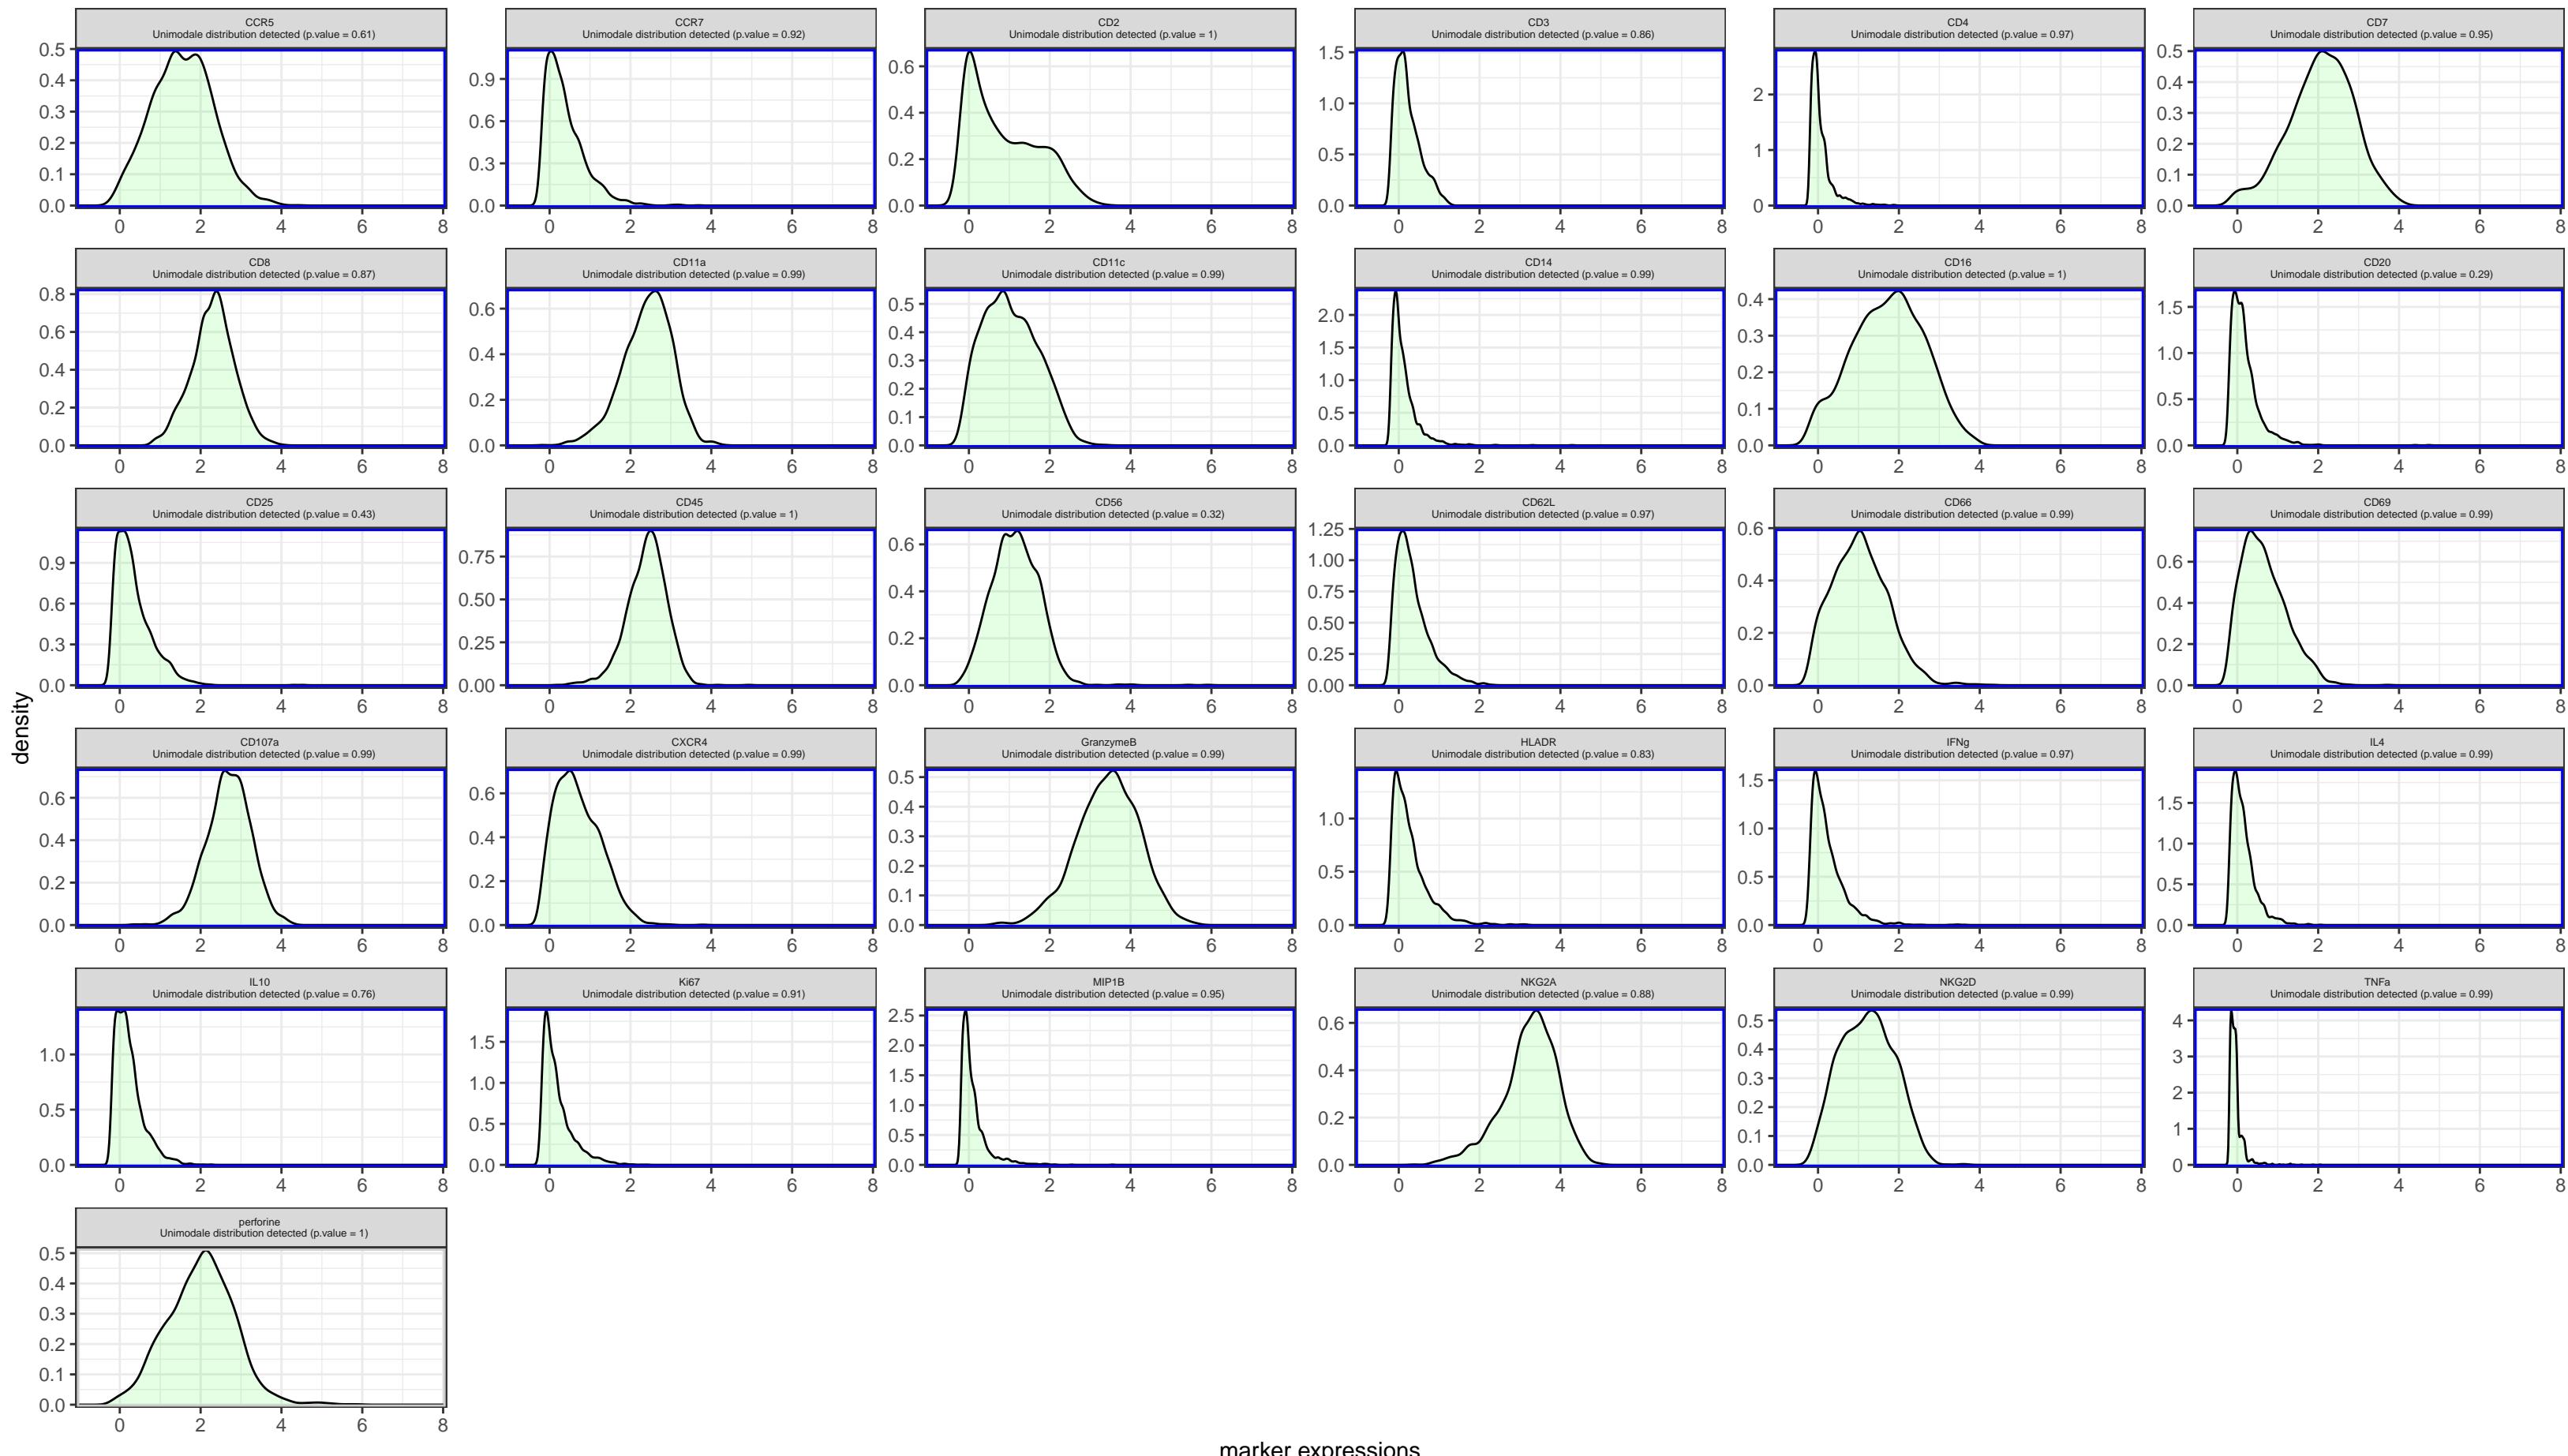

Densities of marker expressions for cluster : 69 (11 176 cells)

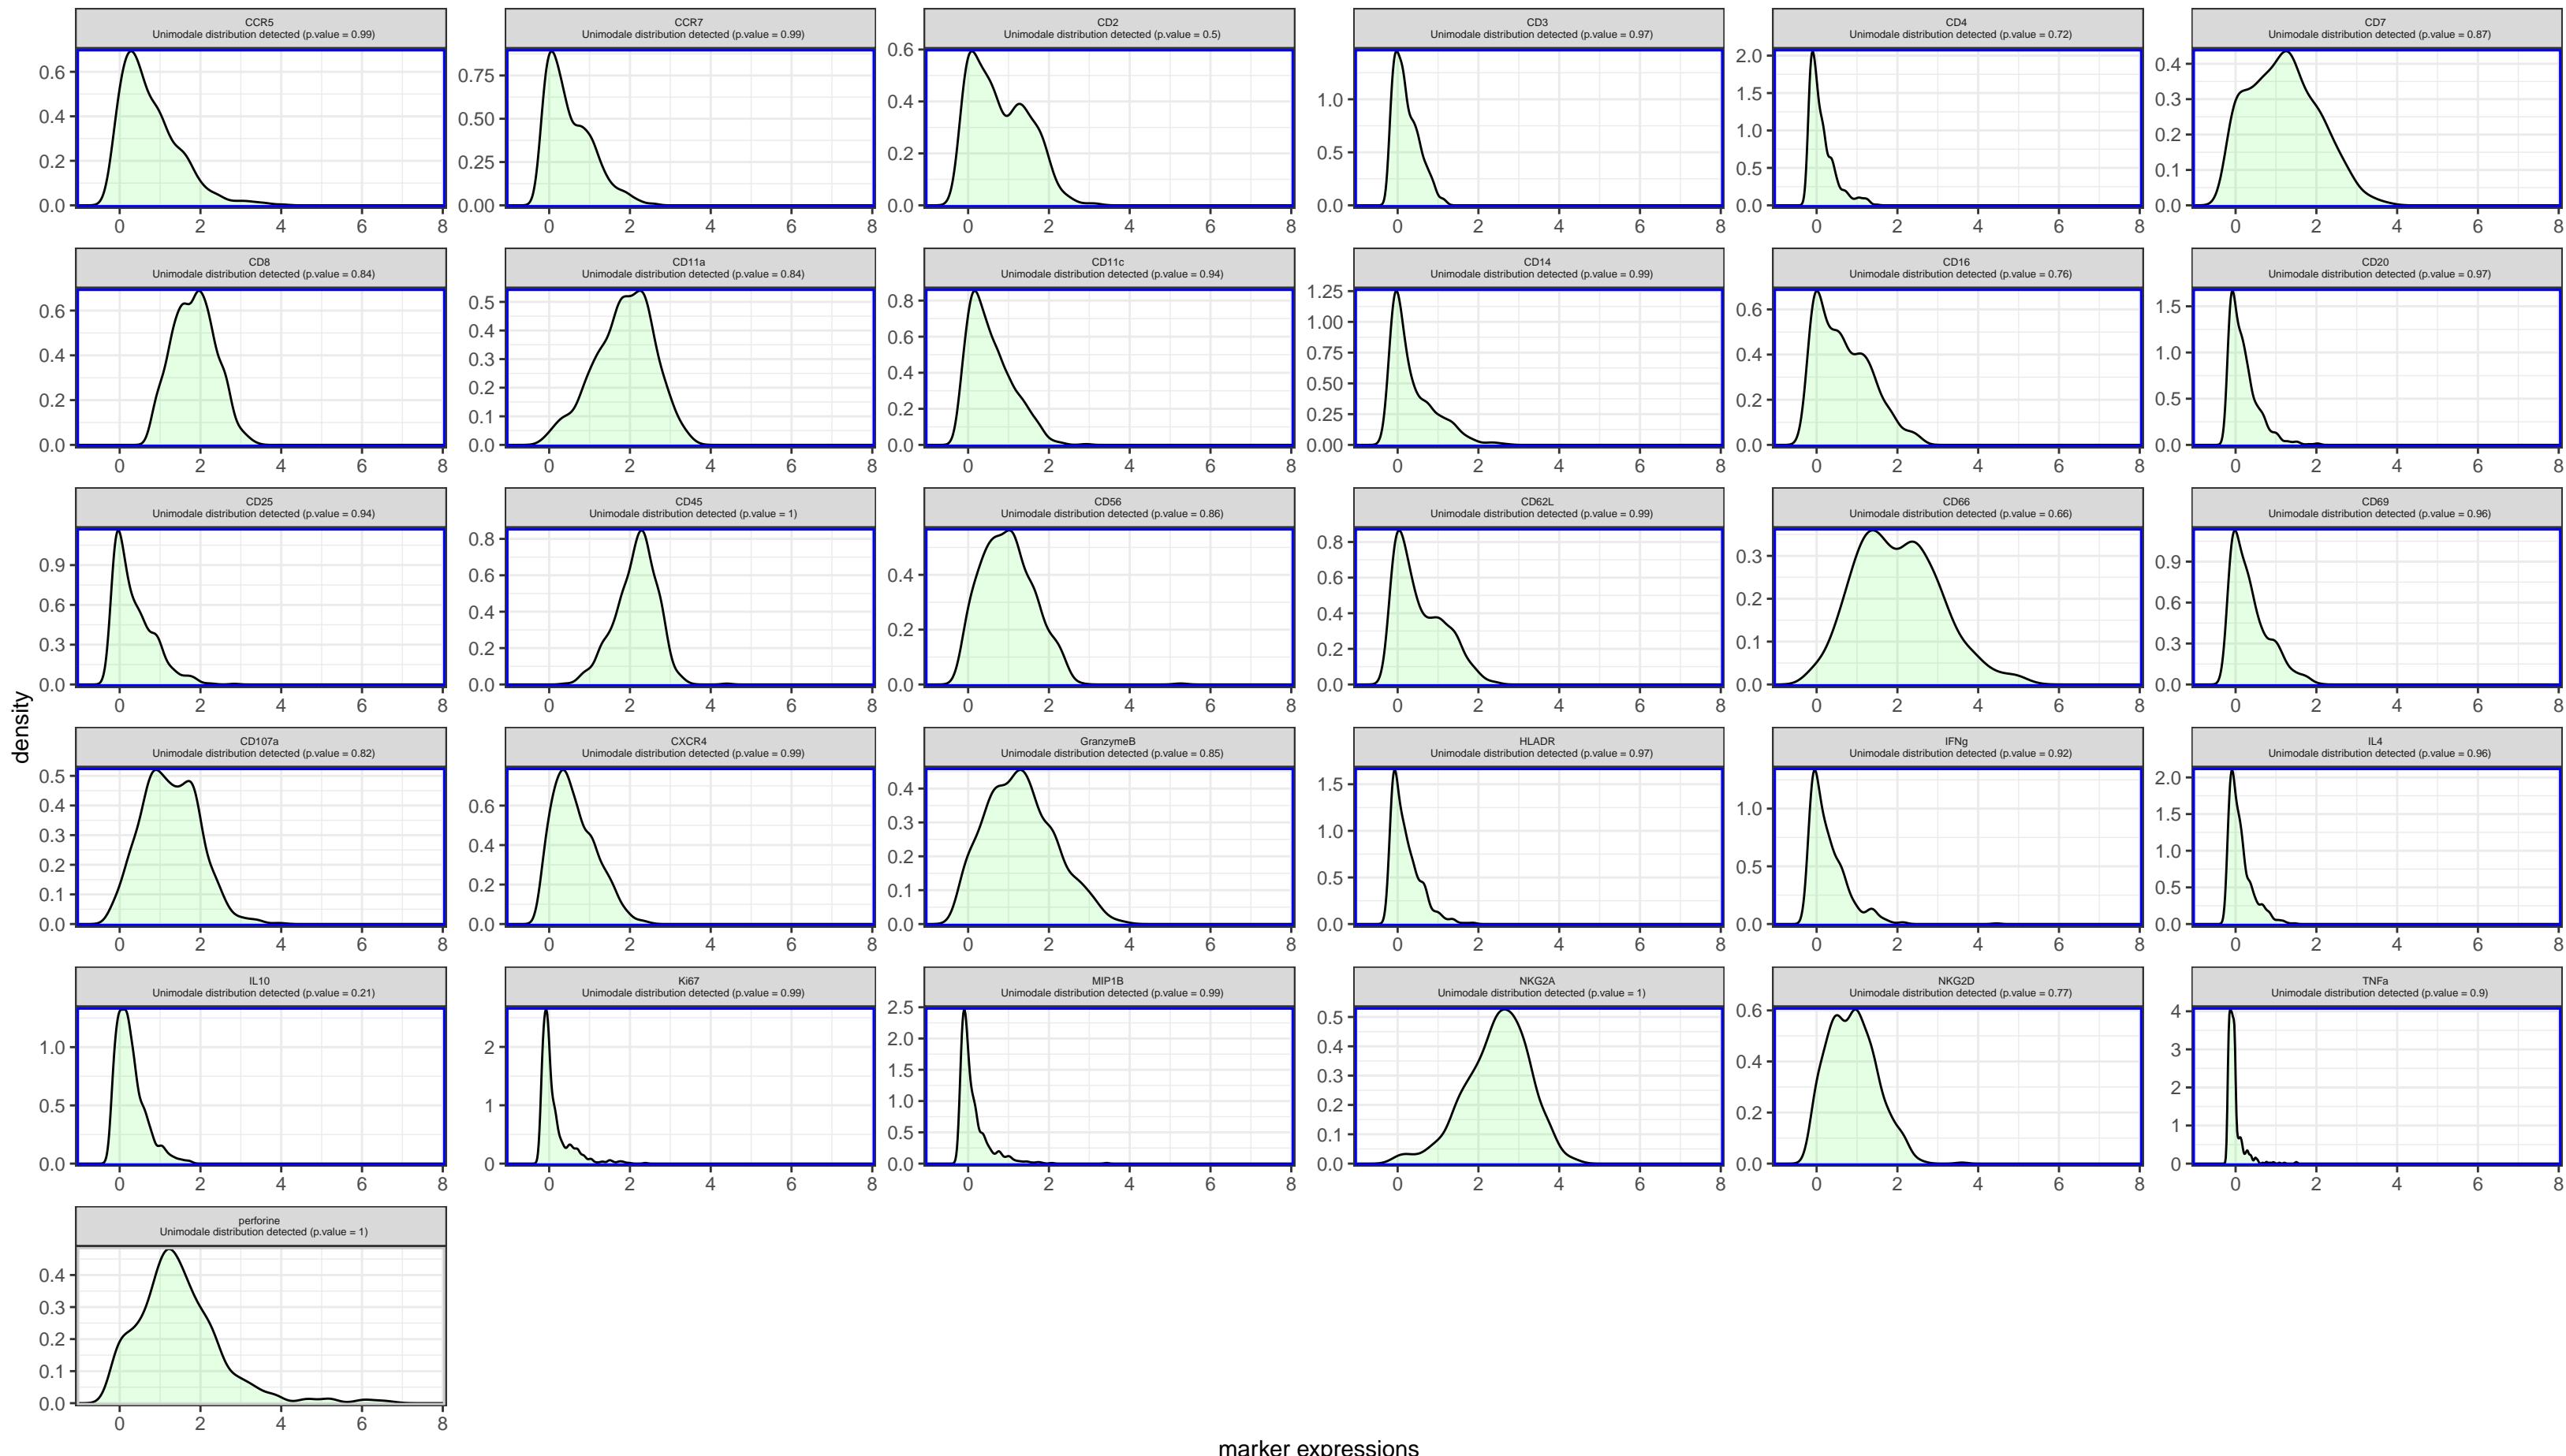

Densities of marker expressions for cluster : 70 (1 817 cells)

Densities of marker expressions for cluster : 71 (2 299 cells)

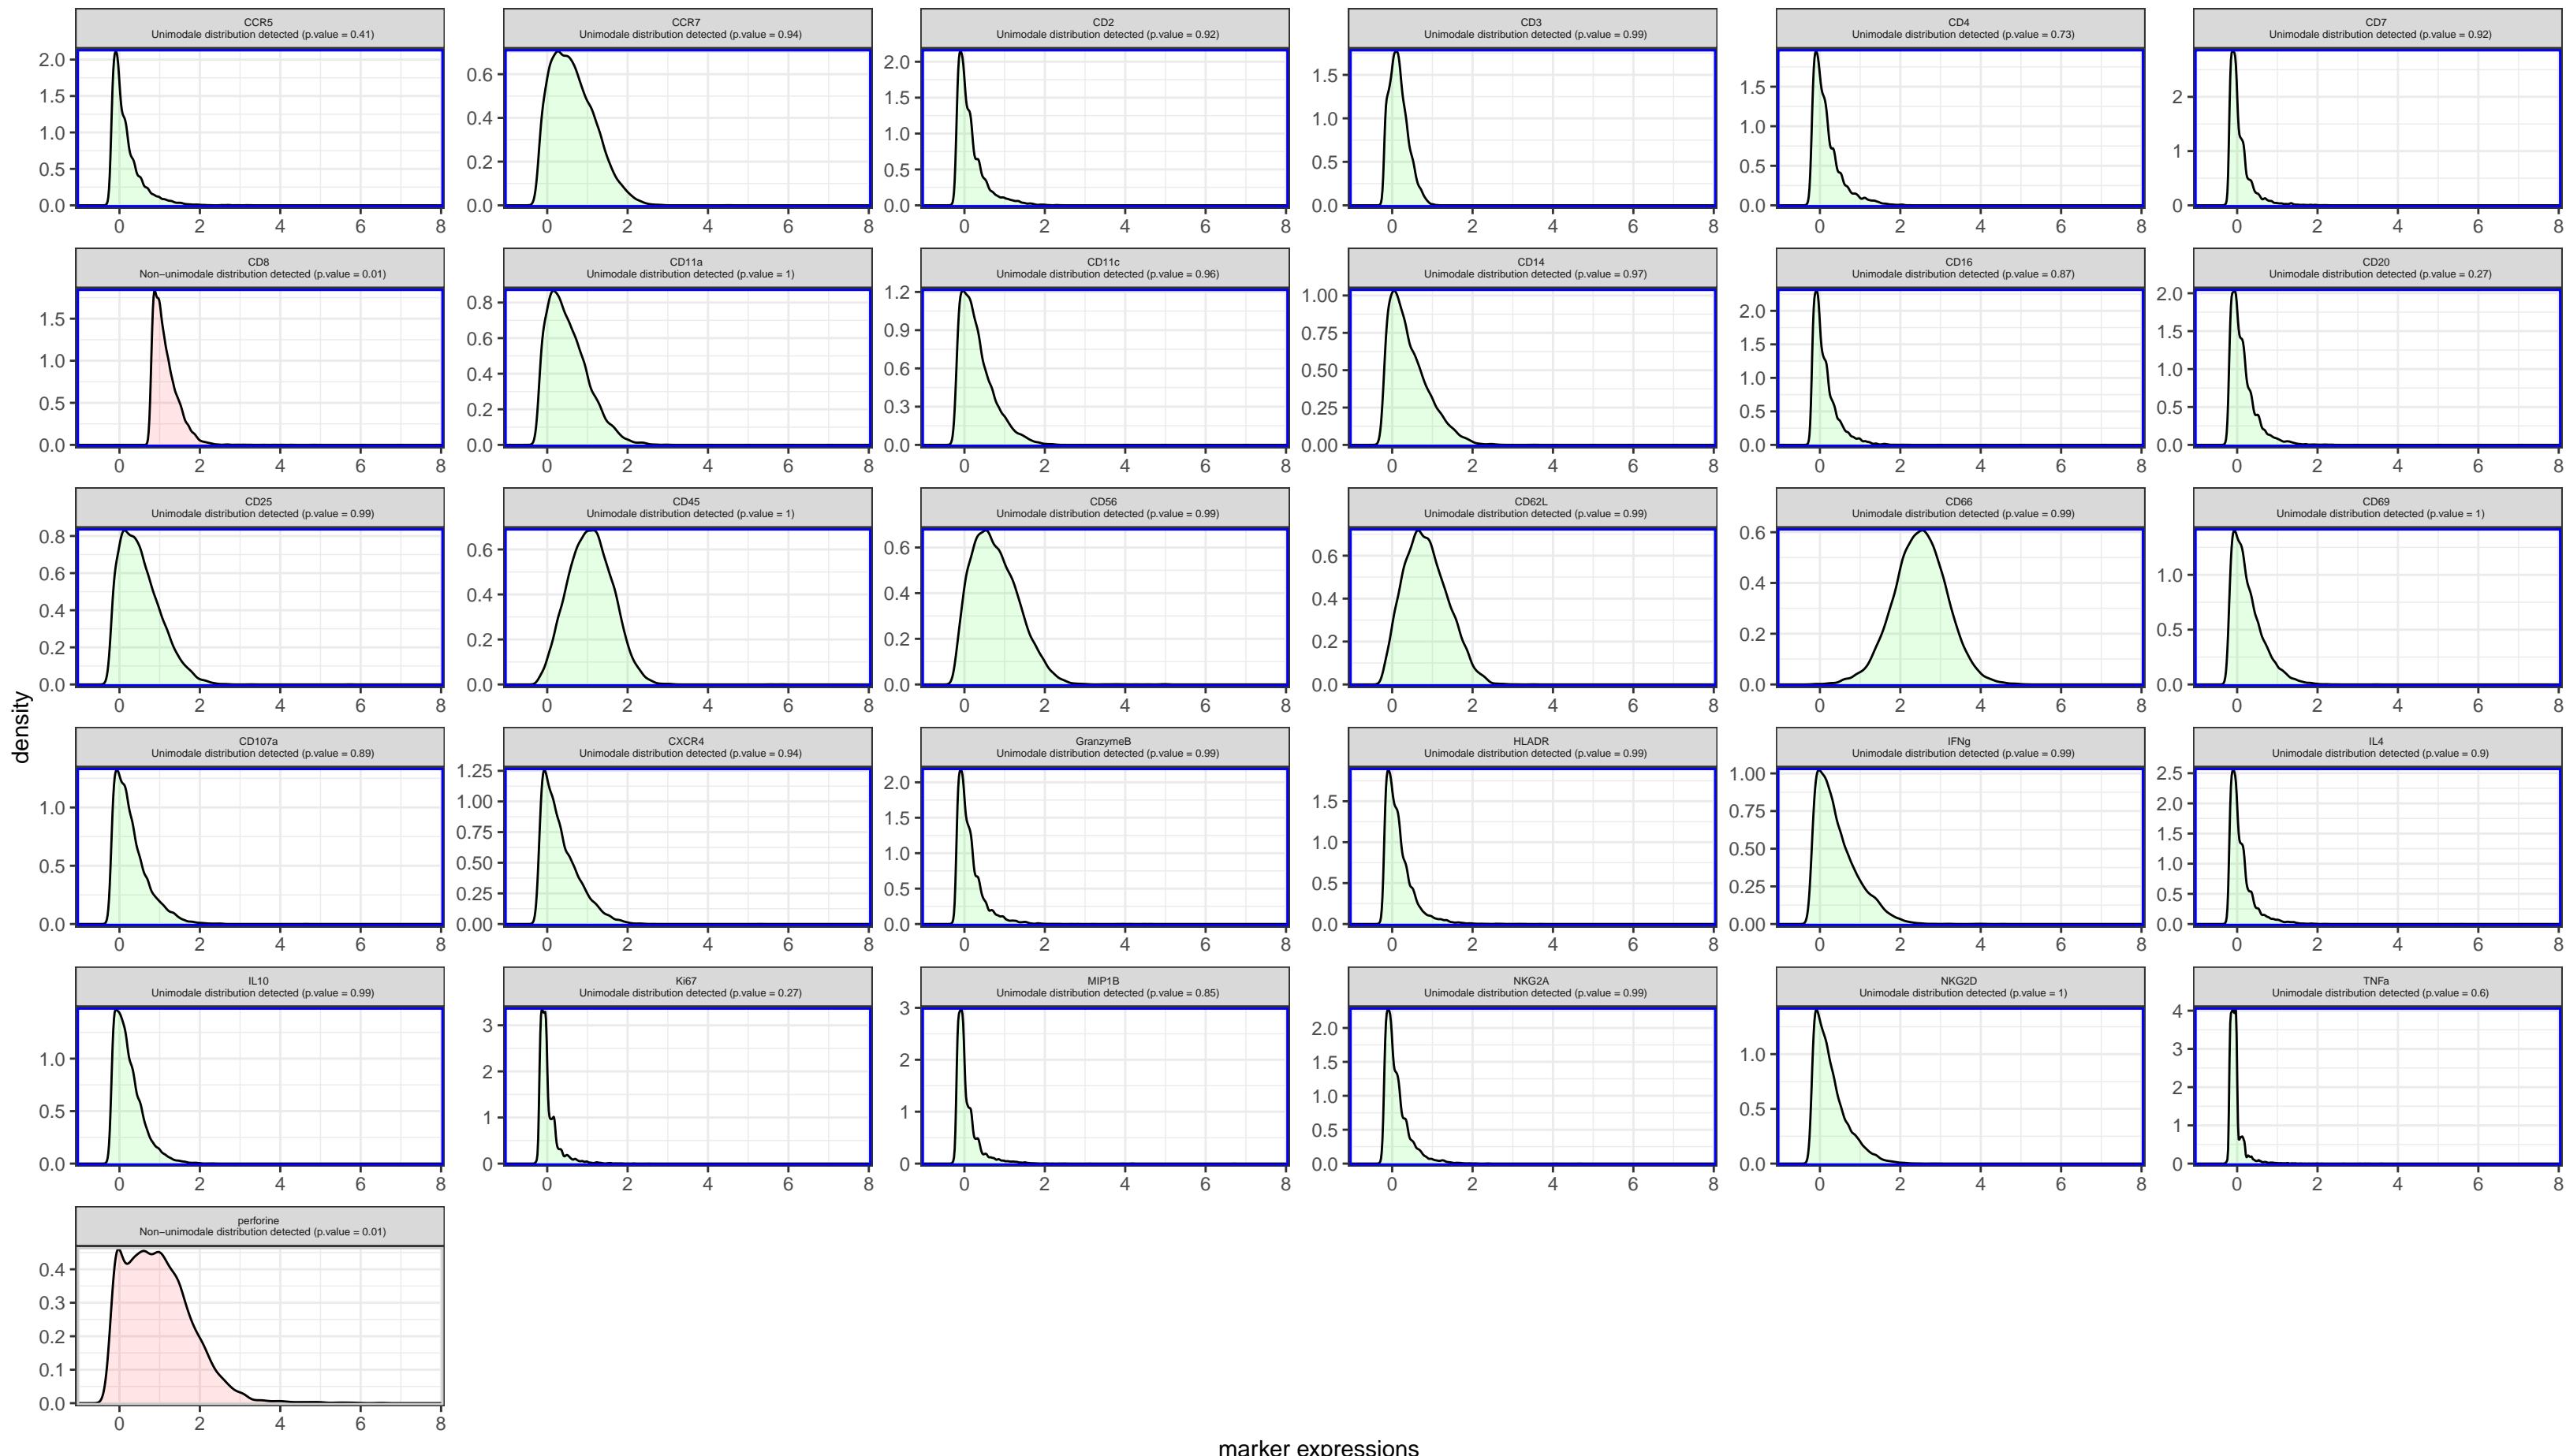

Densities of marker expressions for cluster : 72 (689 cells)

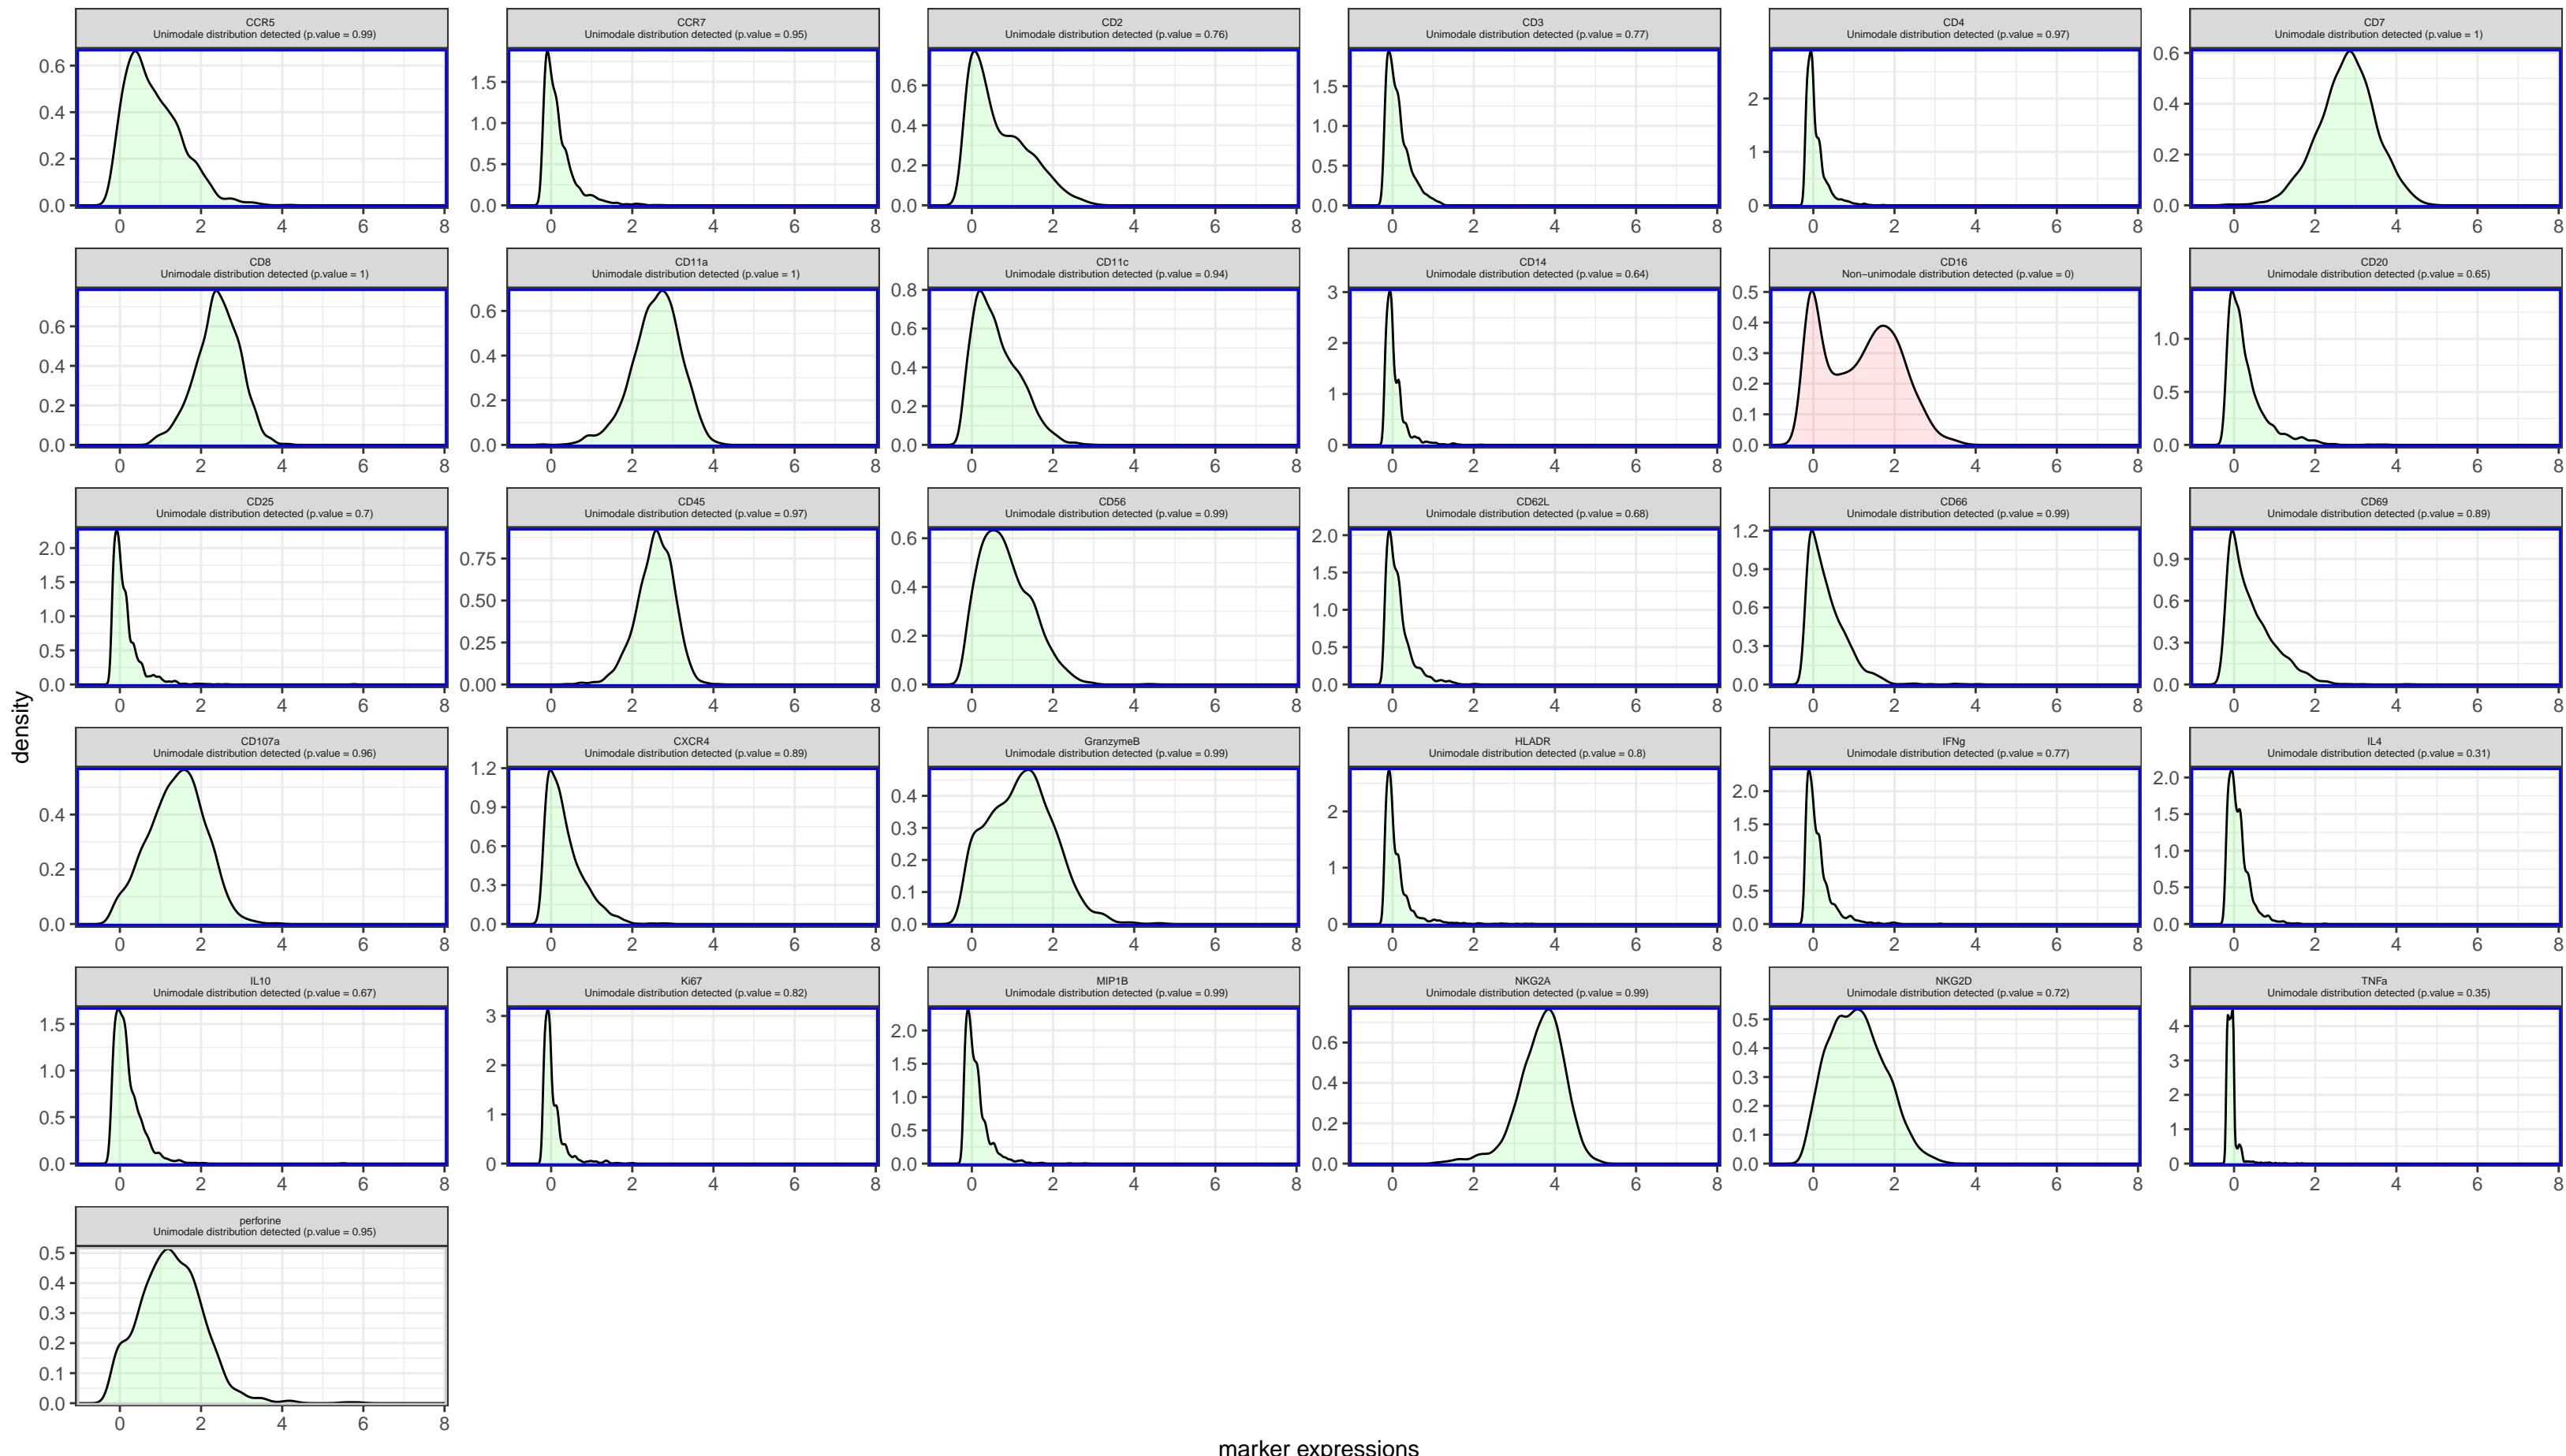

marker expressions

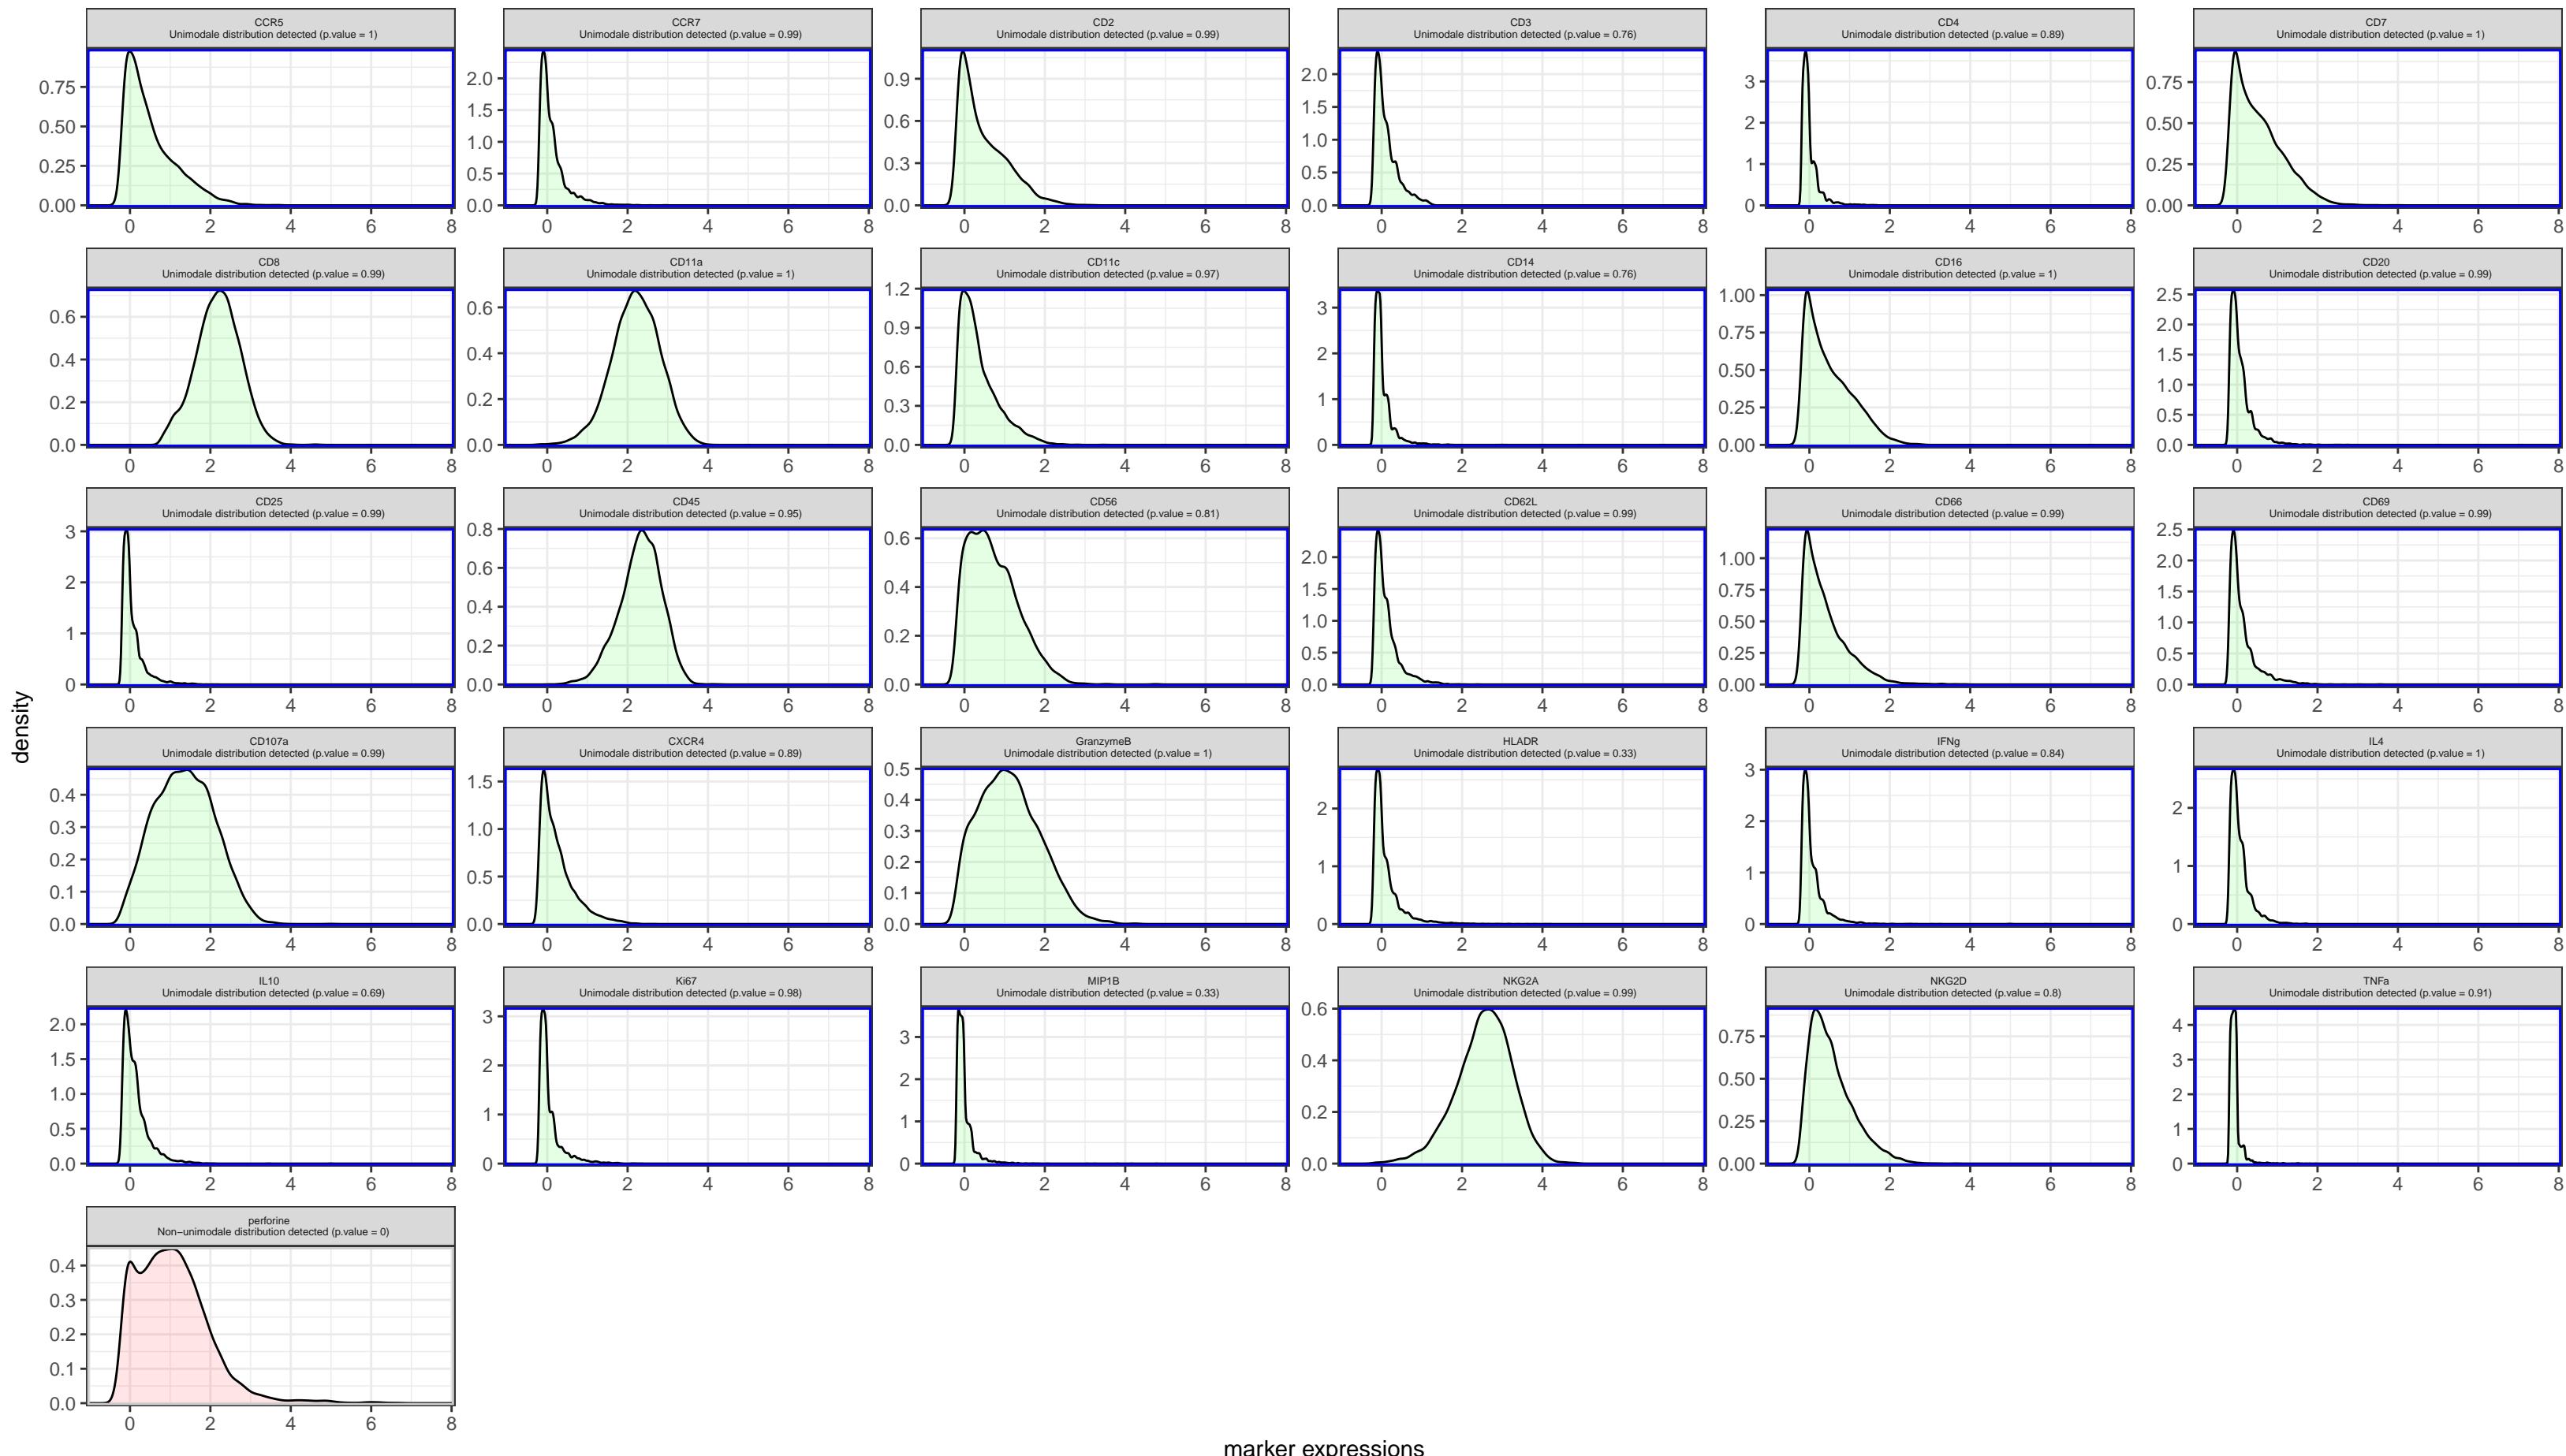

Densities of marker expressions for cluster : 73 (9 180 cells)

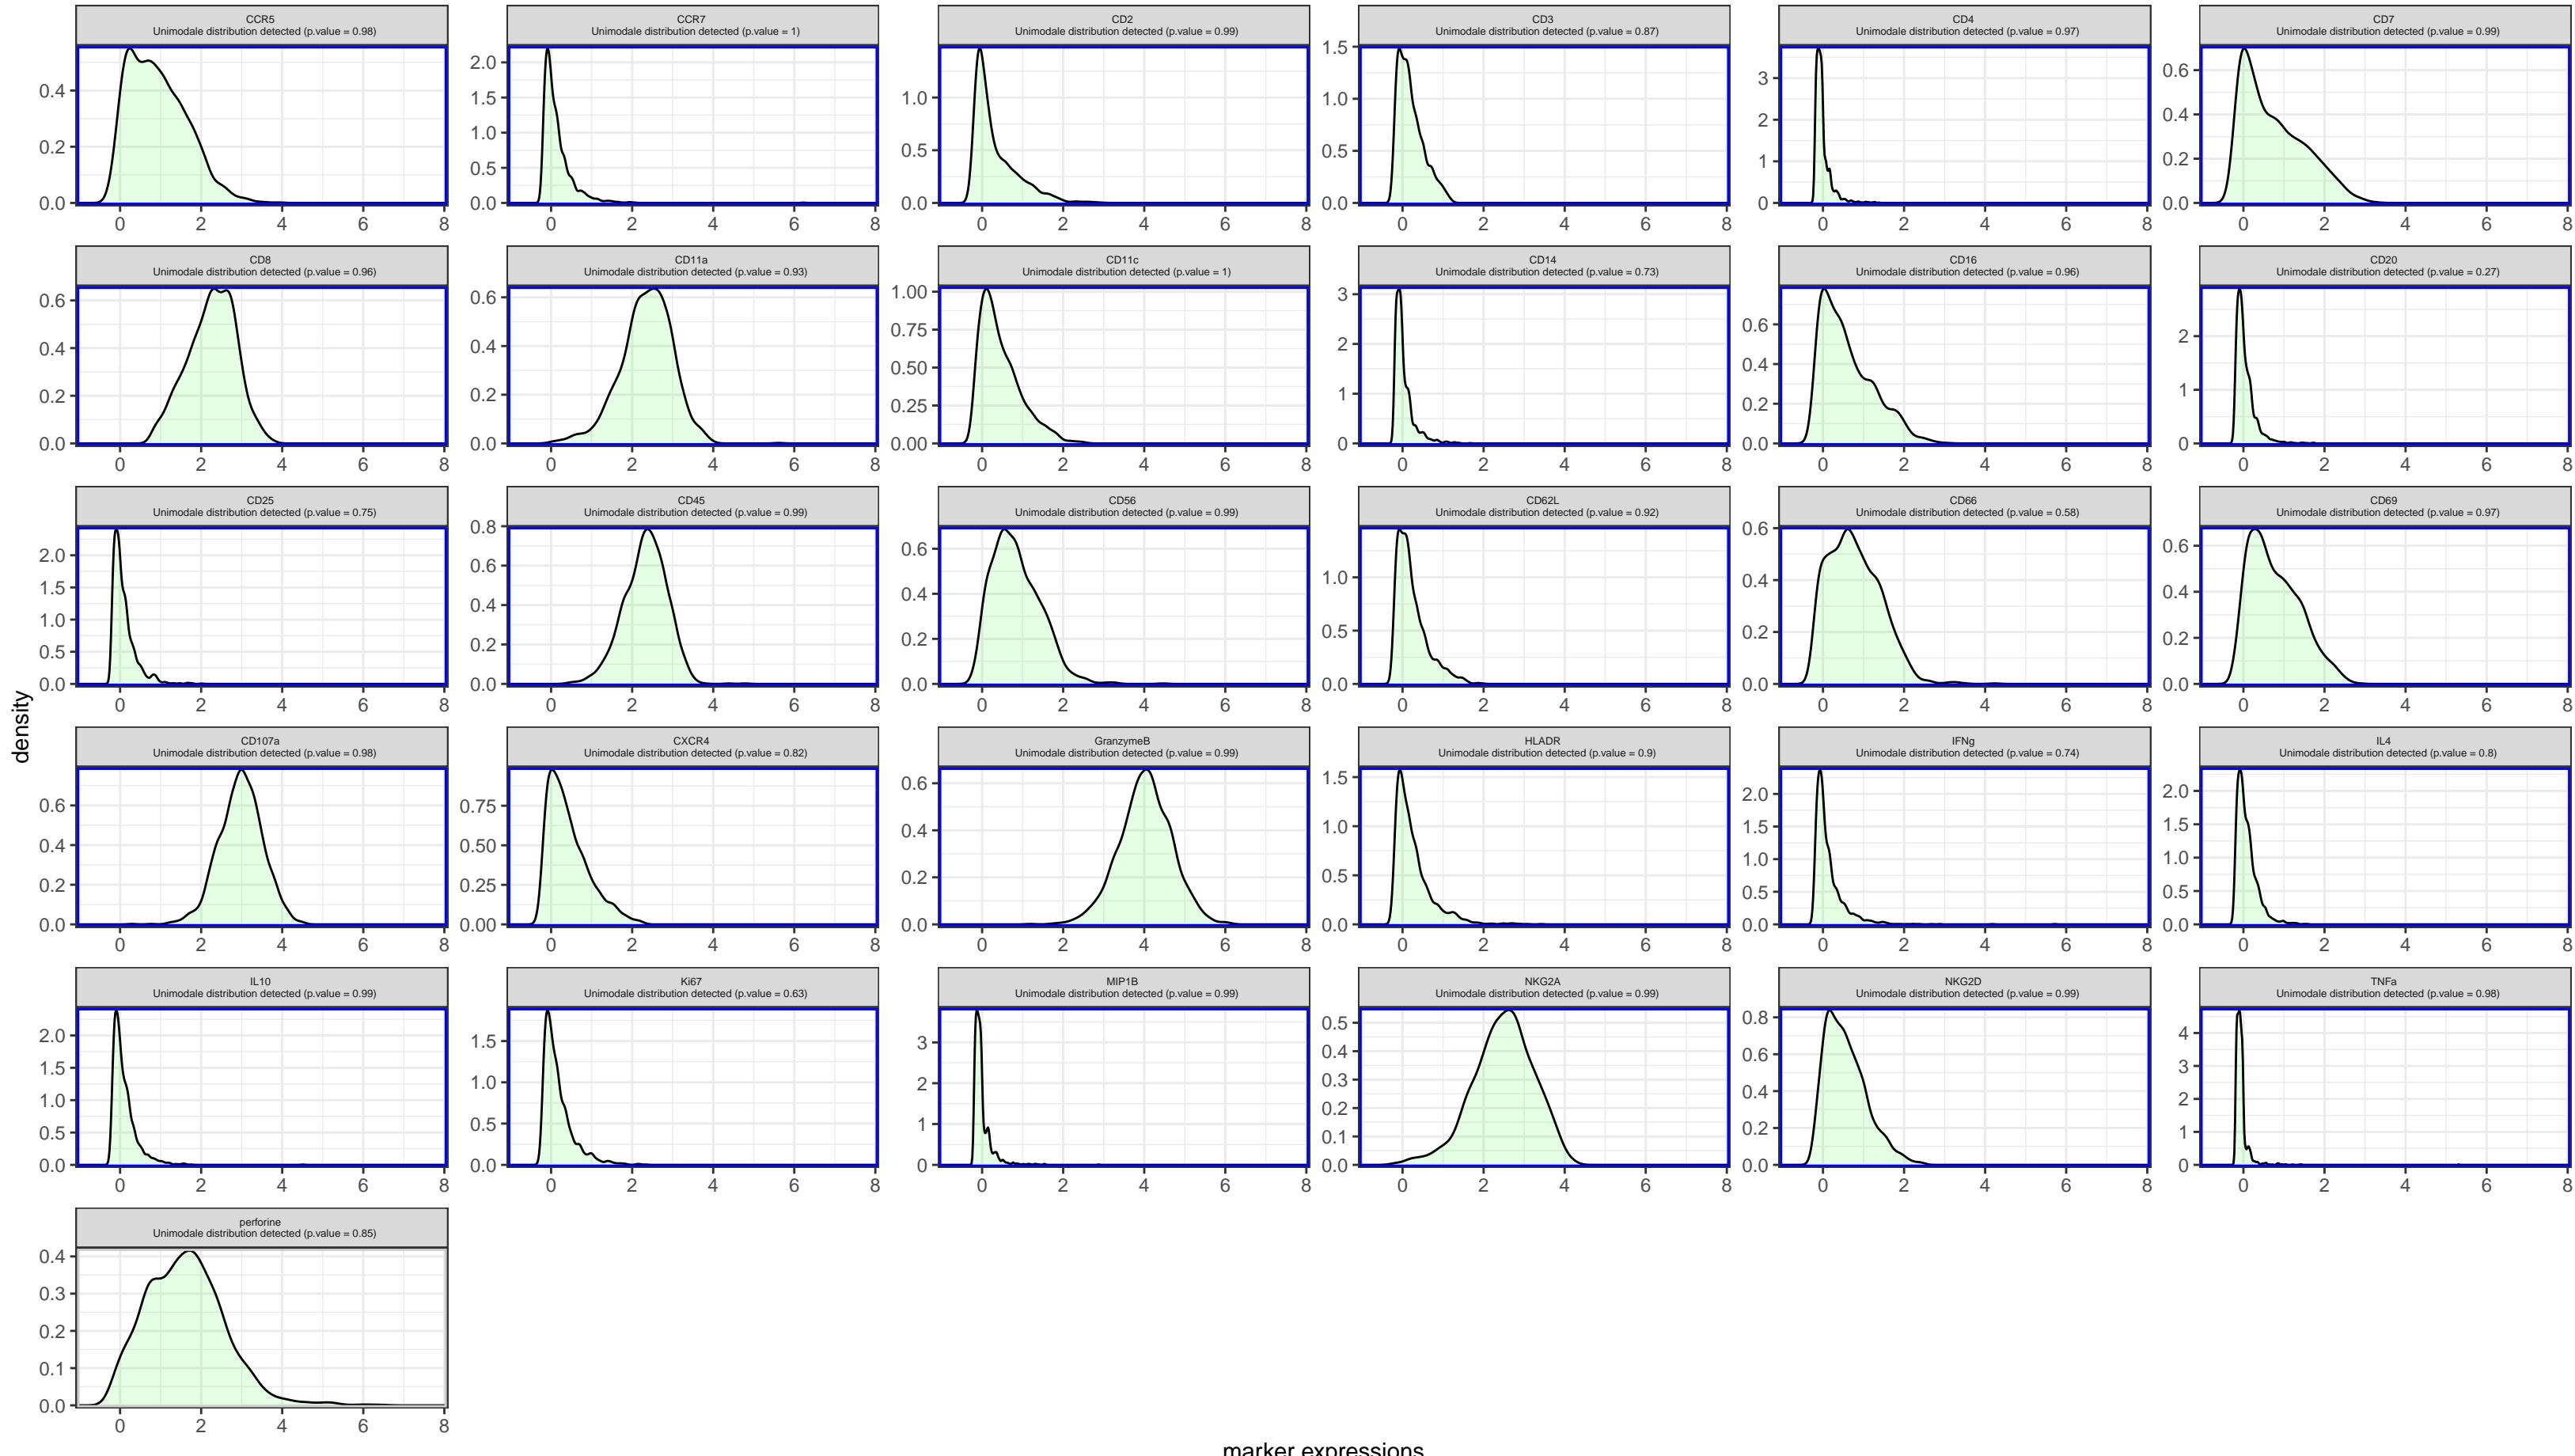

Densities of marker expressions for cluster : 74 (1 839 cells)

Densities of marker expressions for cluster : 75 (5 983 cells)

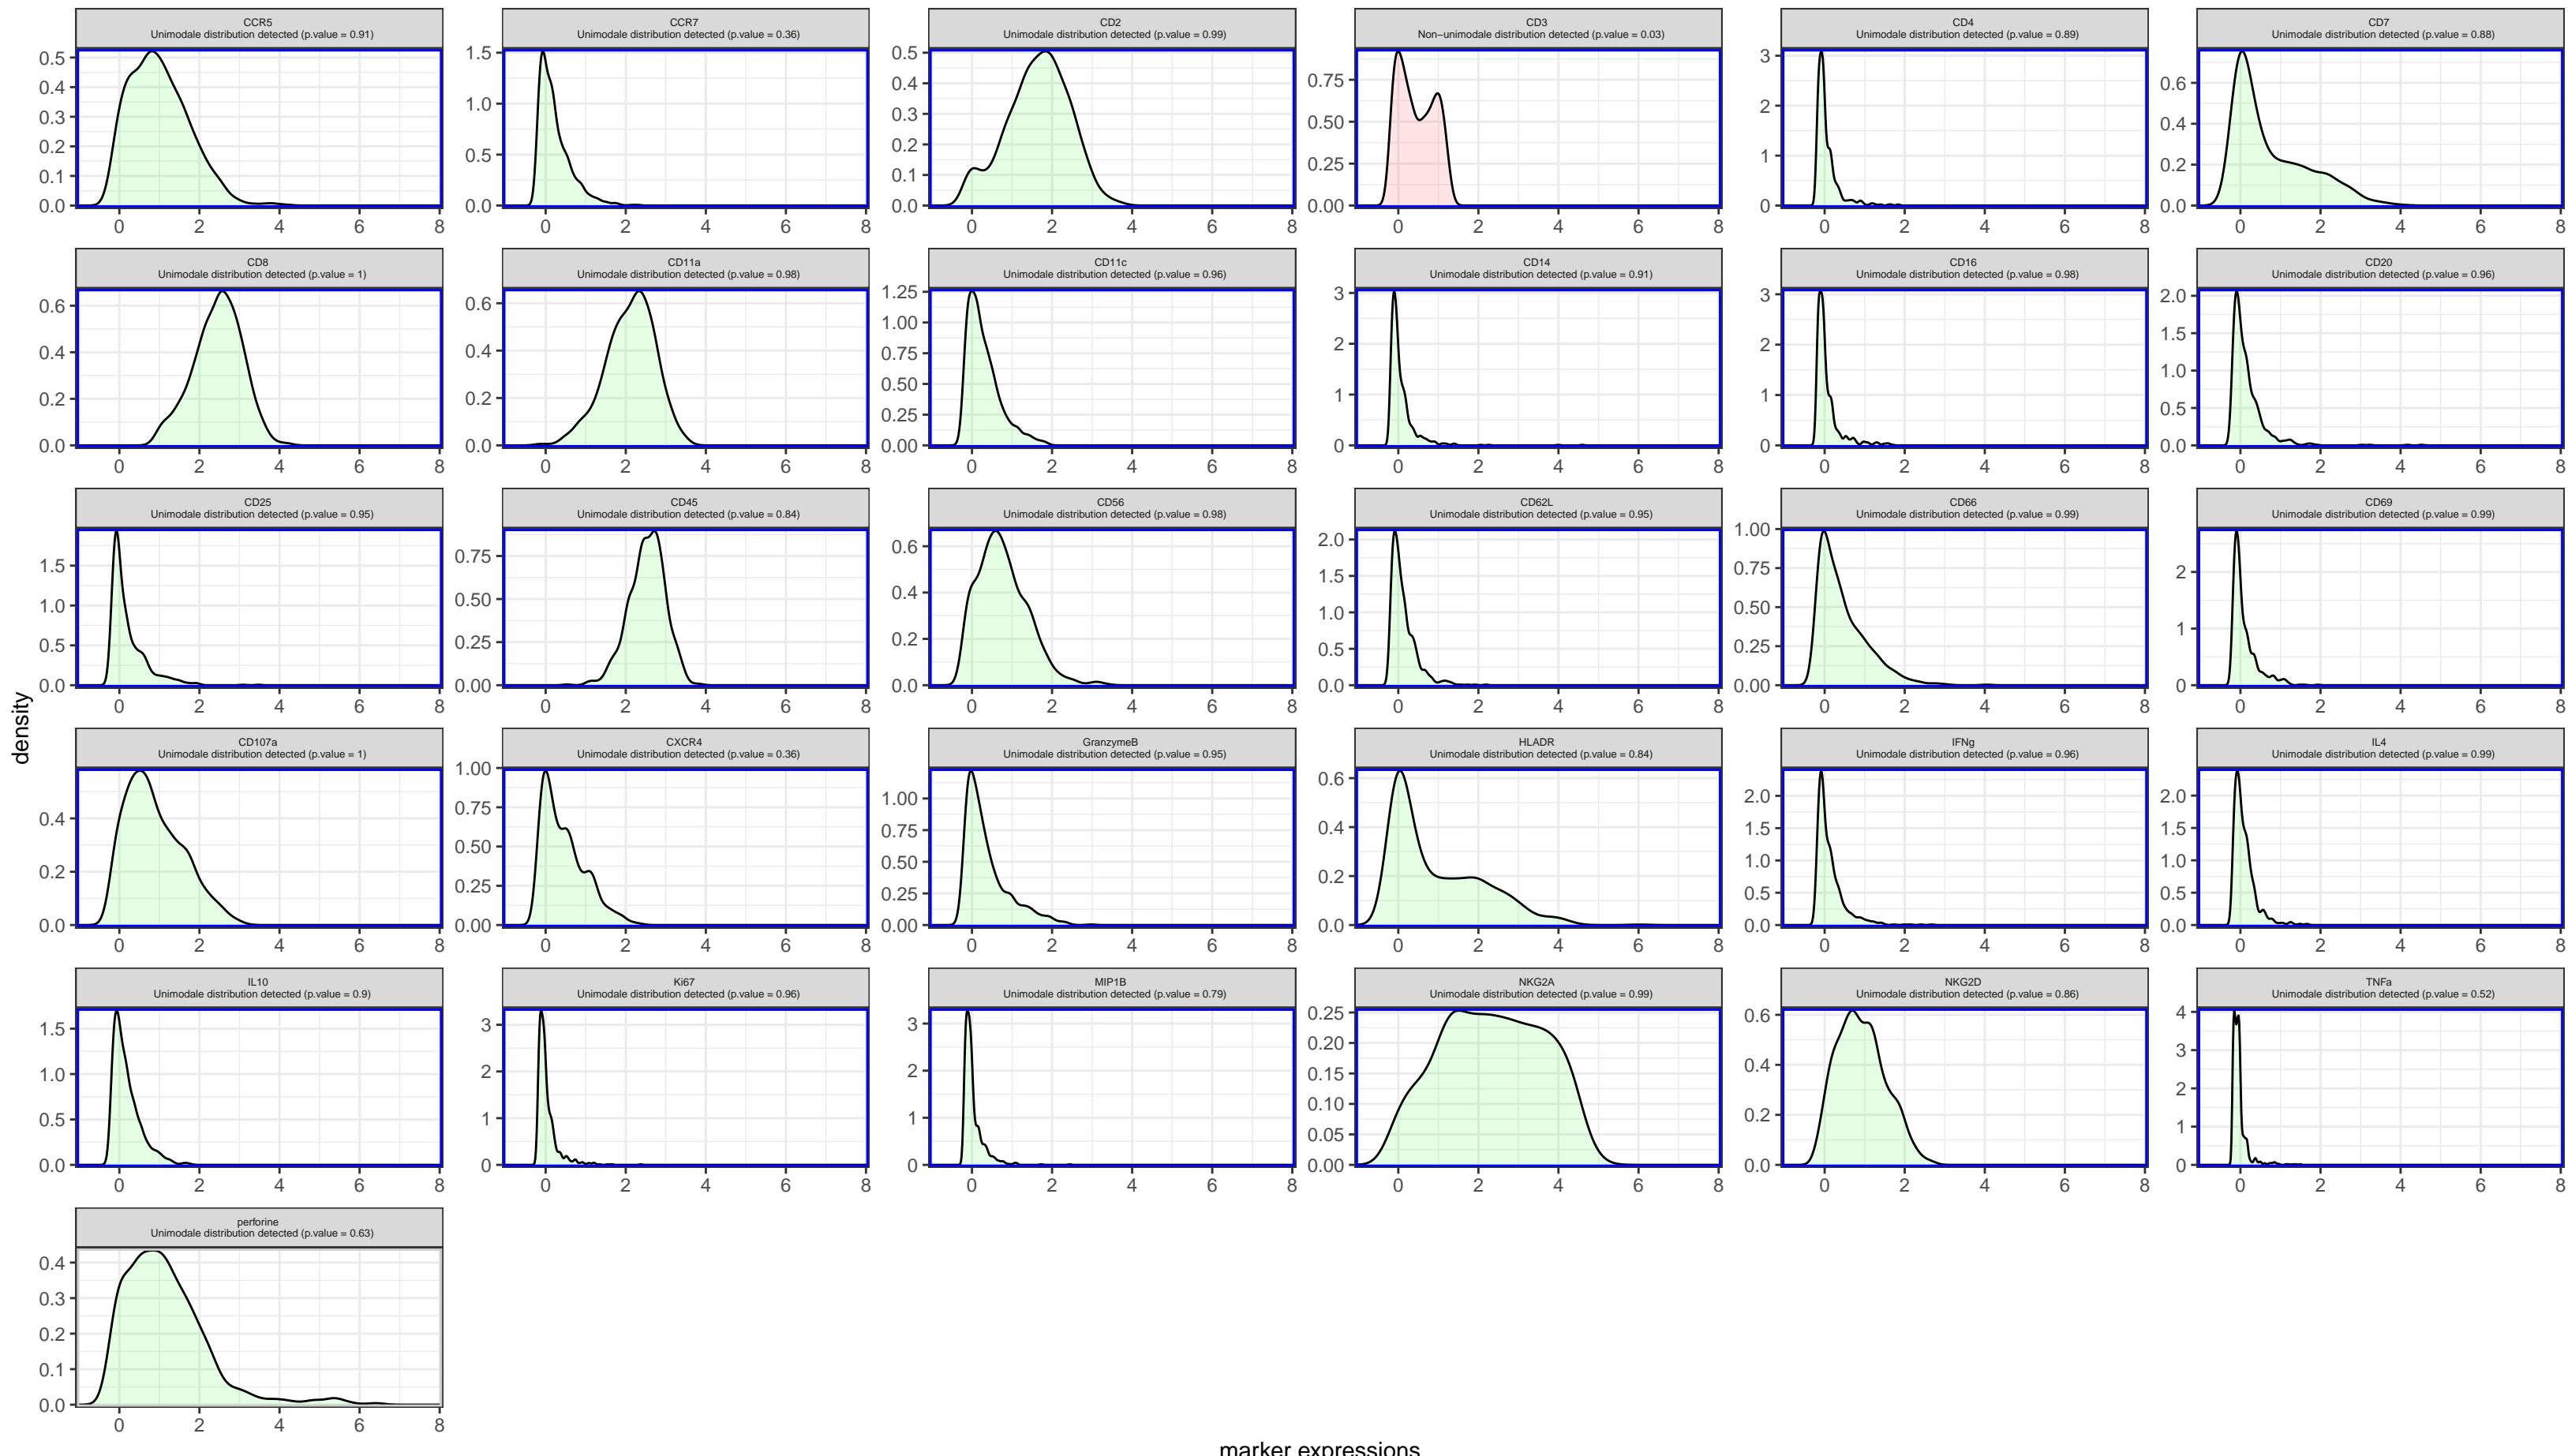

Densities of marker expressions for cluster : 76 (1 673 cells)

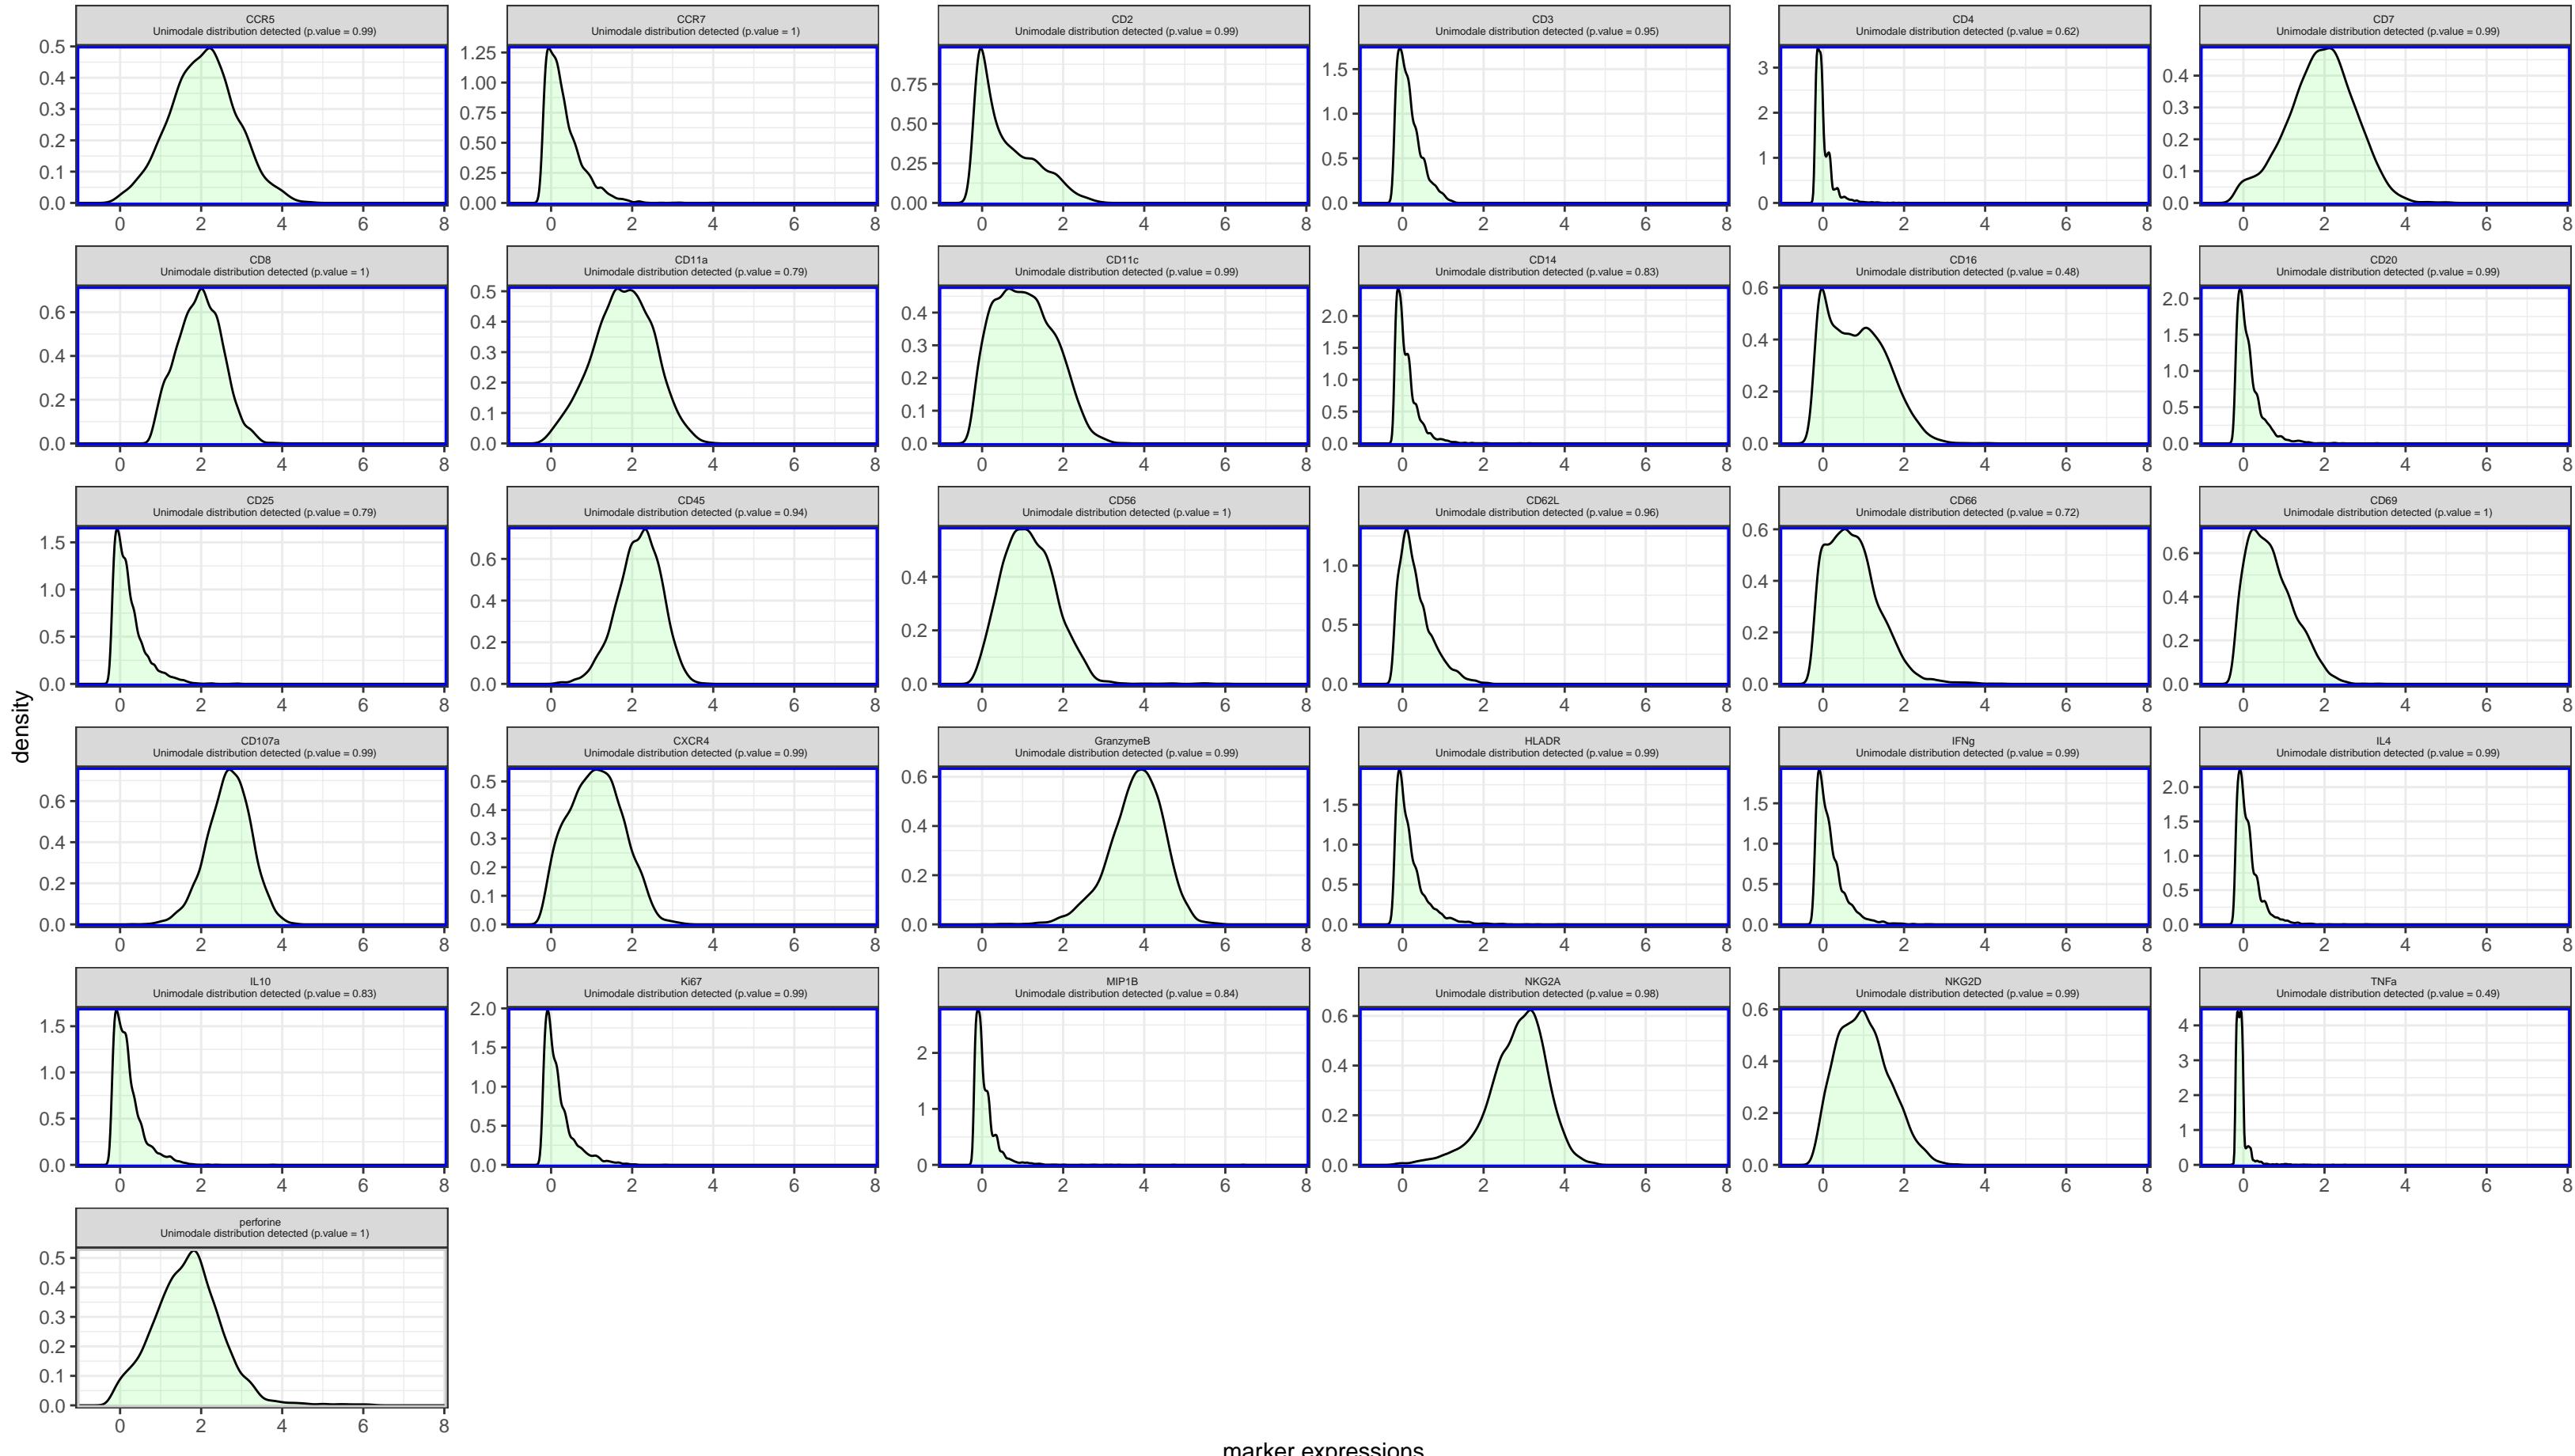

marker expressions

Densities of marker expressions for cluster : 77 (871 cells)

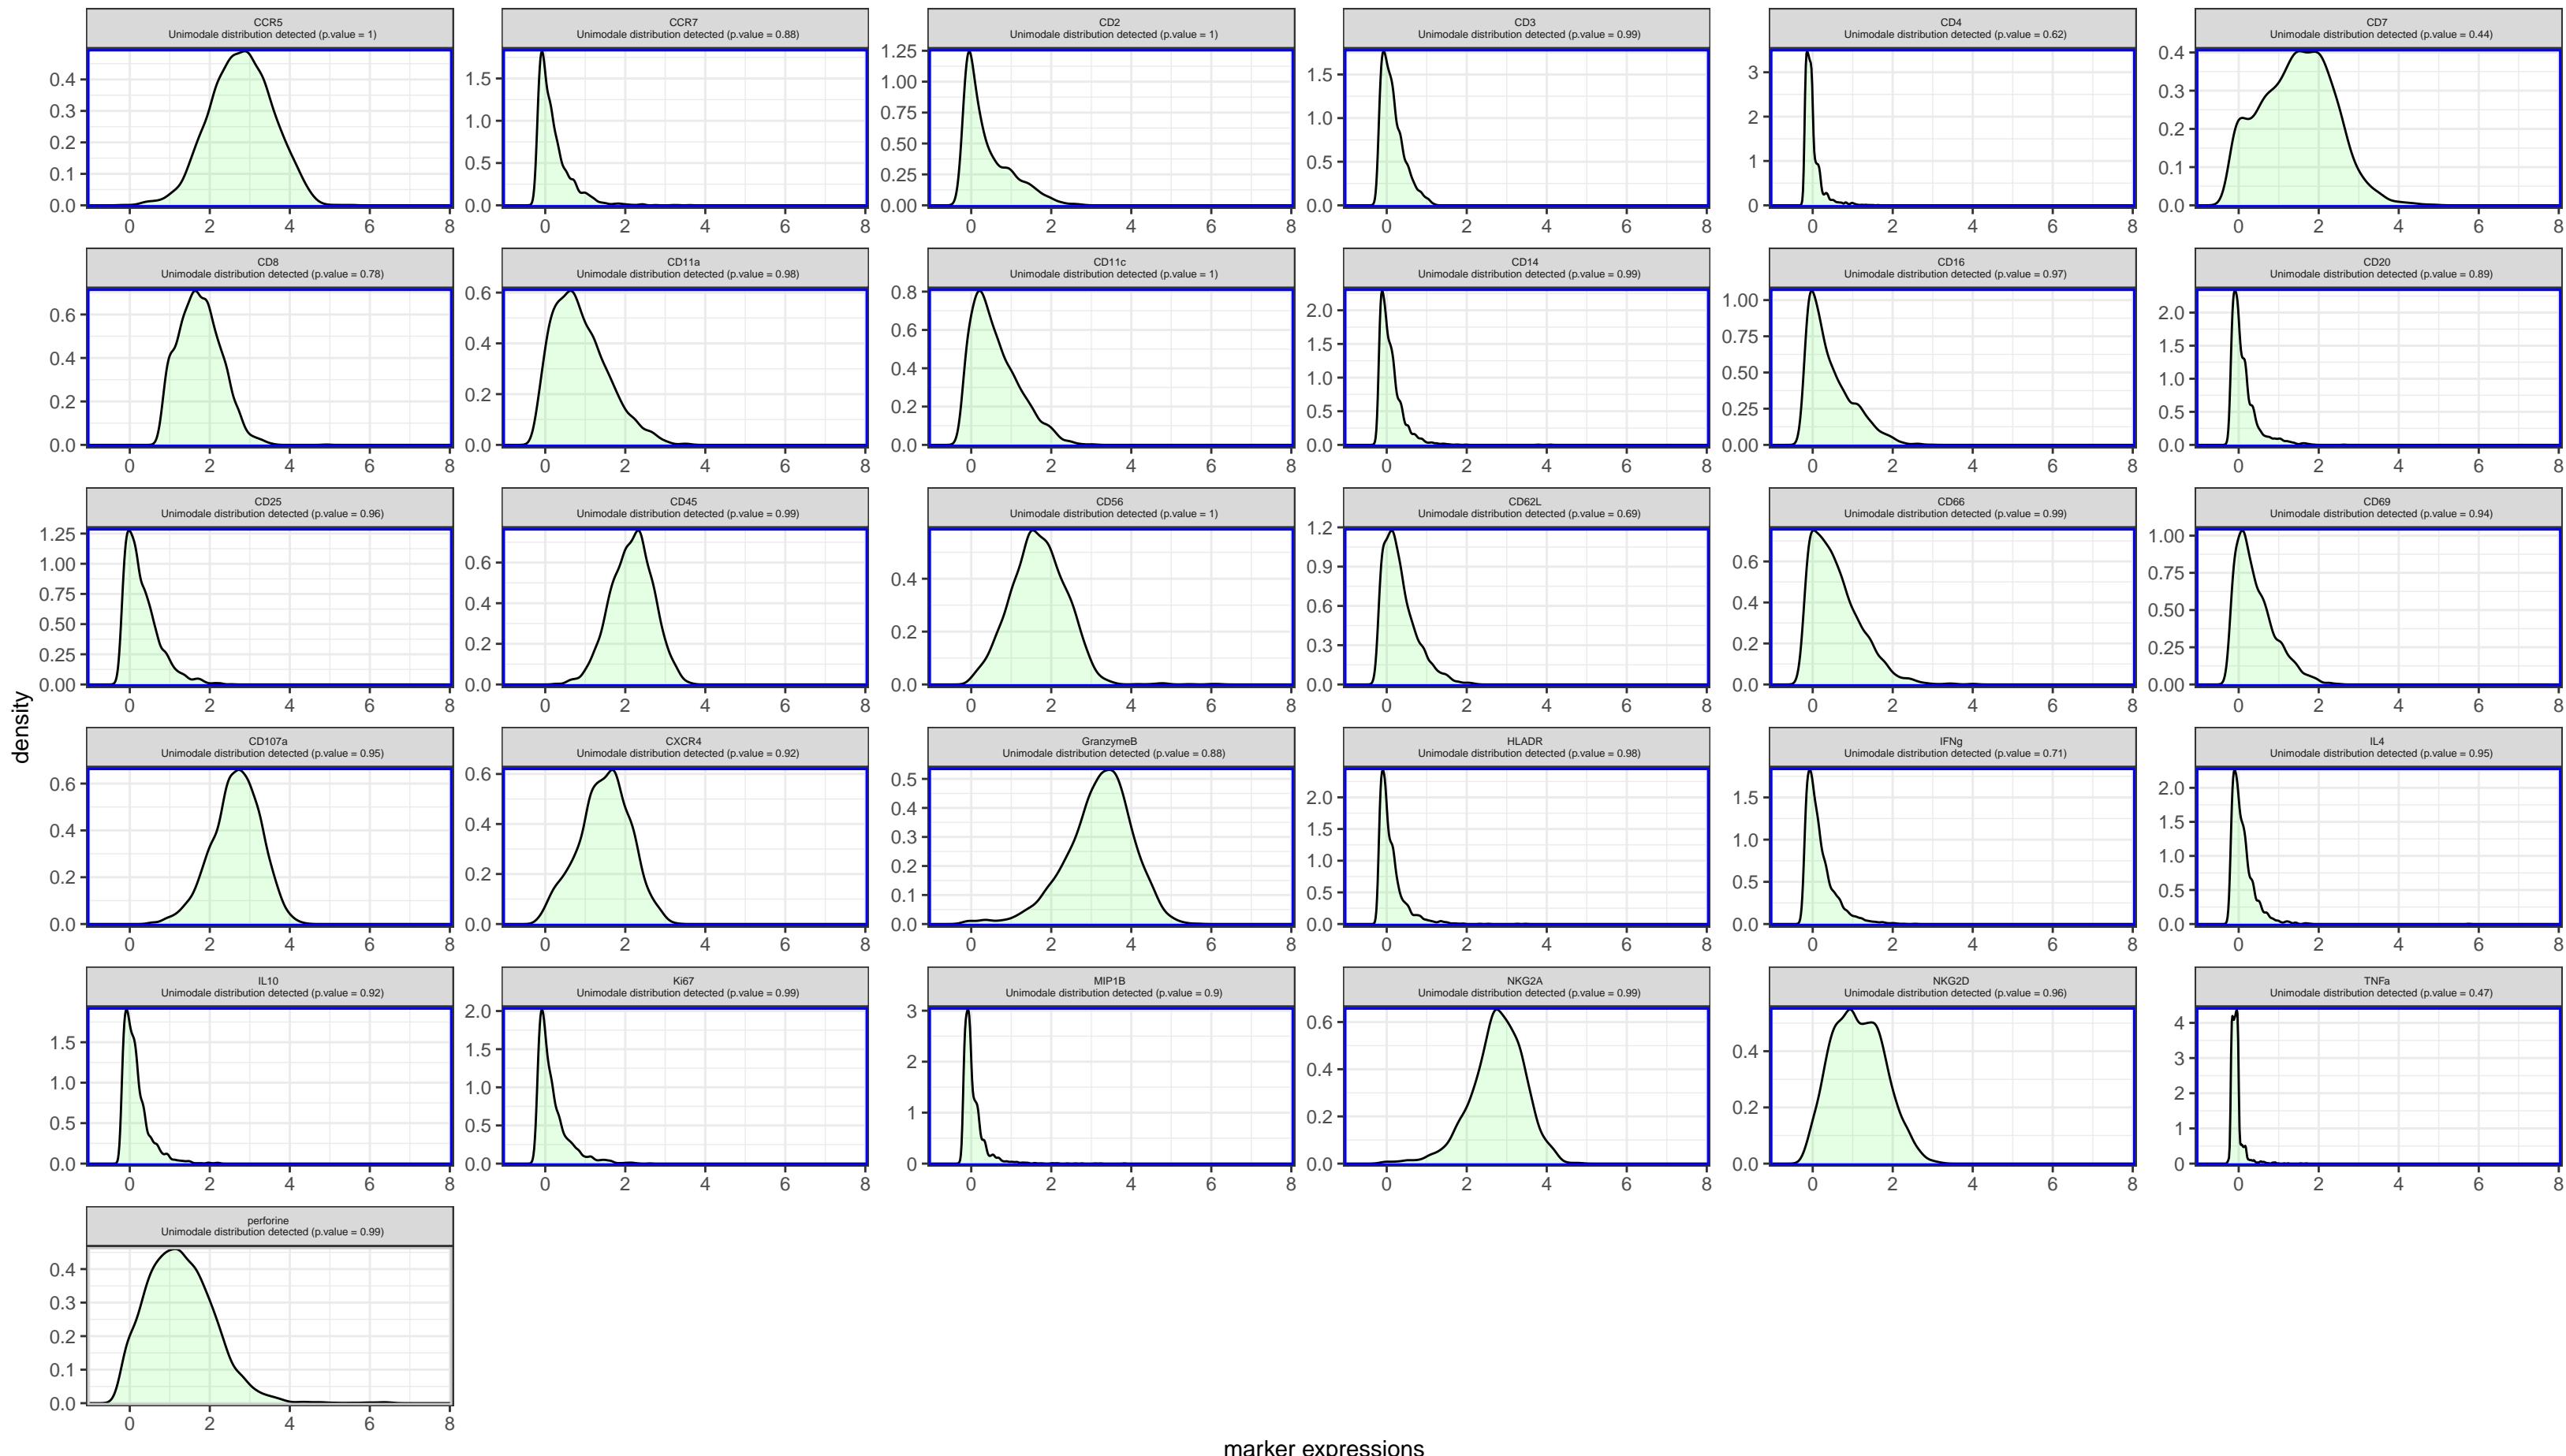

Densities of marker expressions for cluster : 78 (4 515 cells)

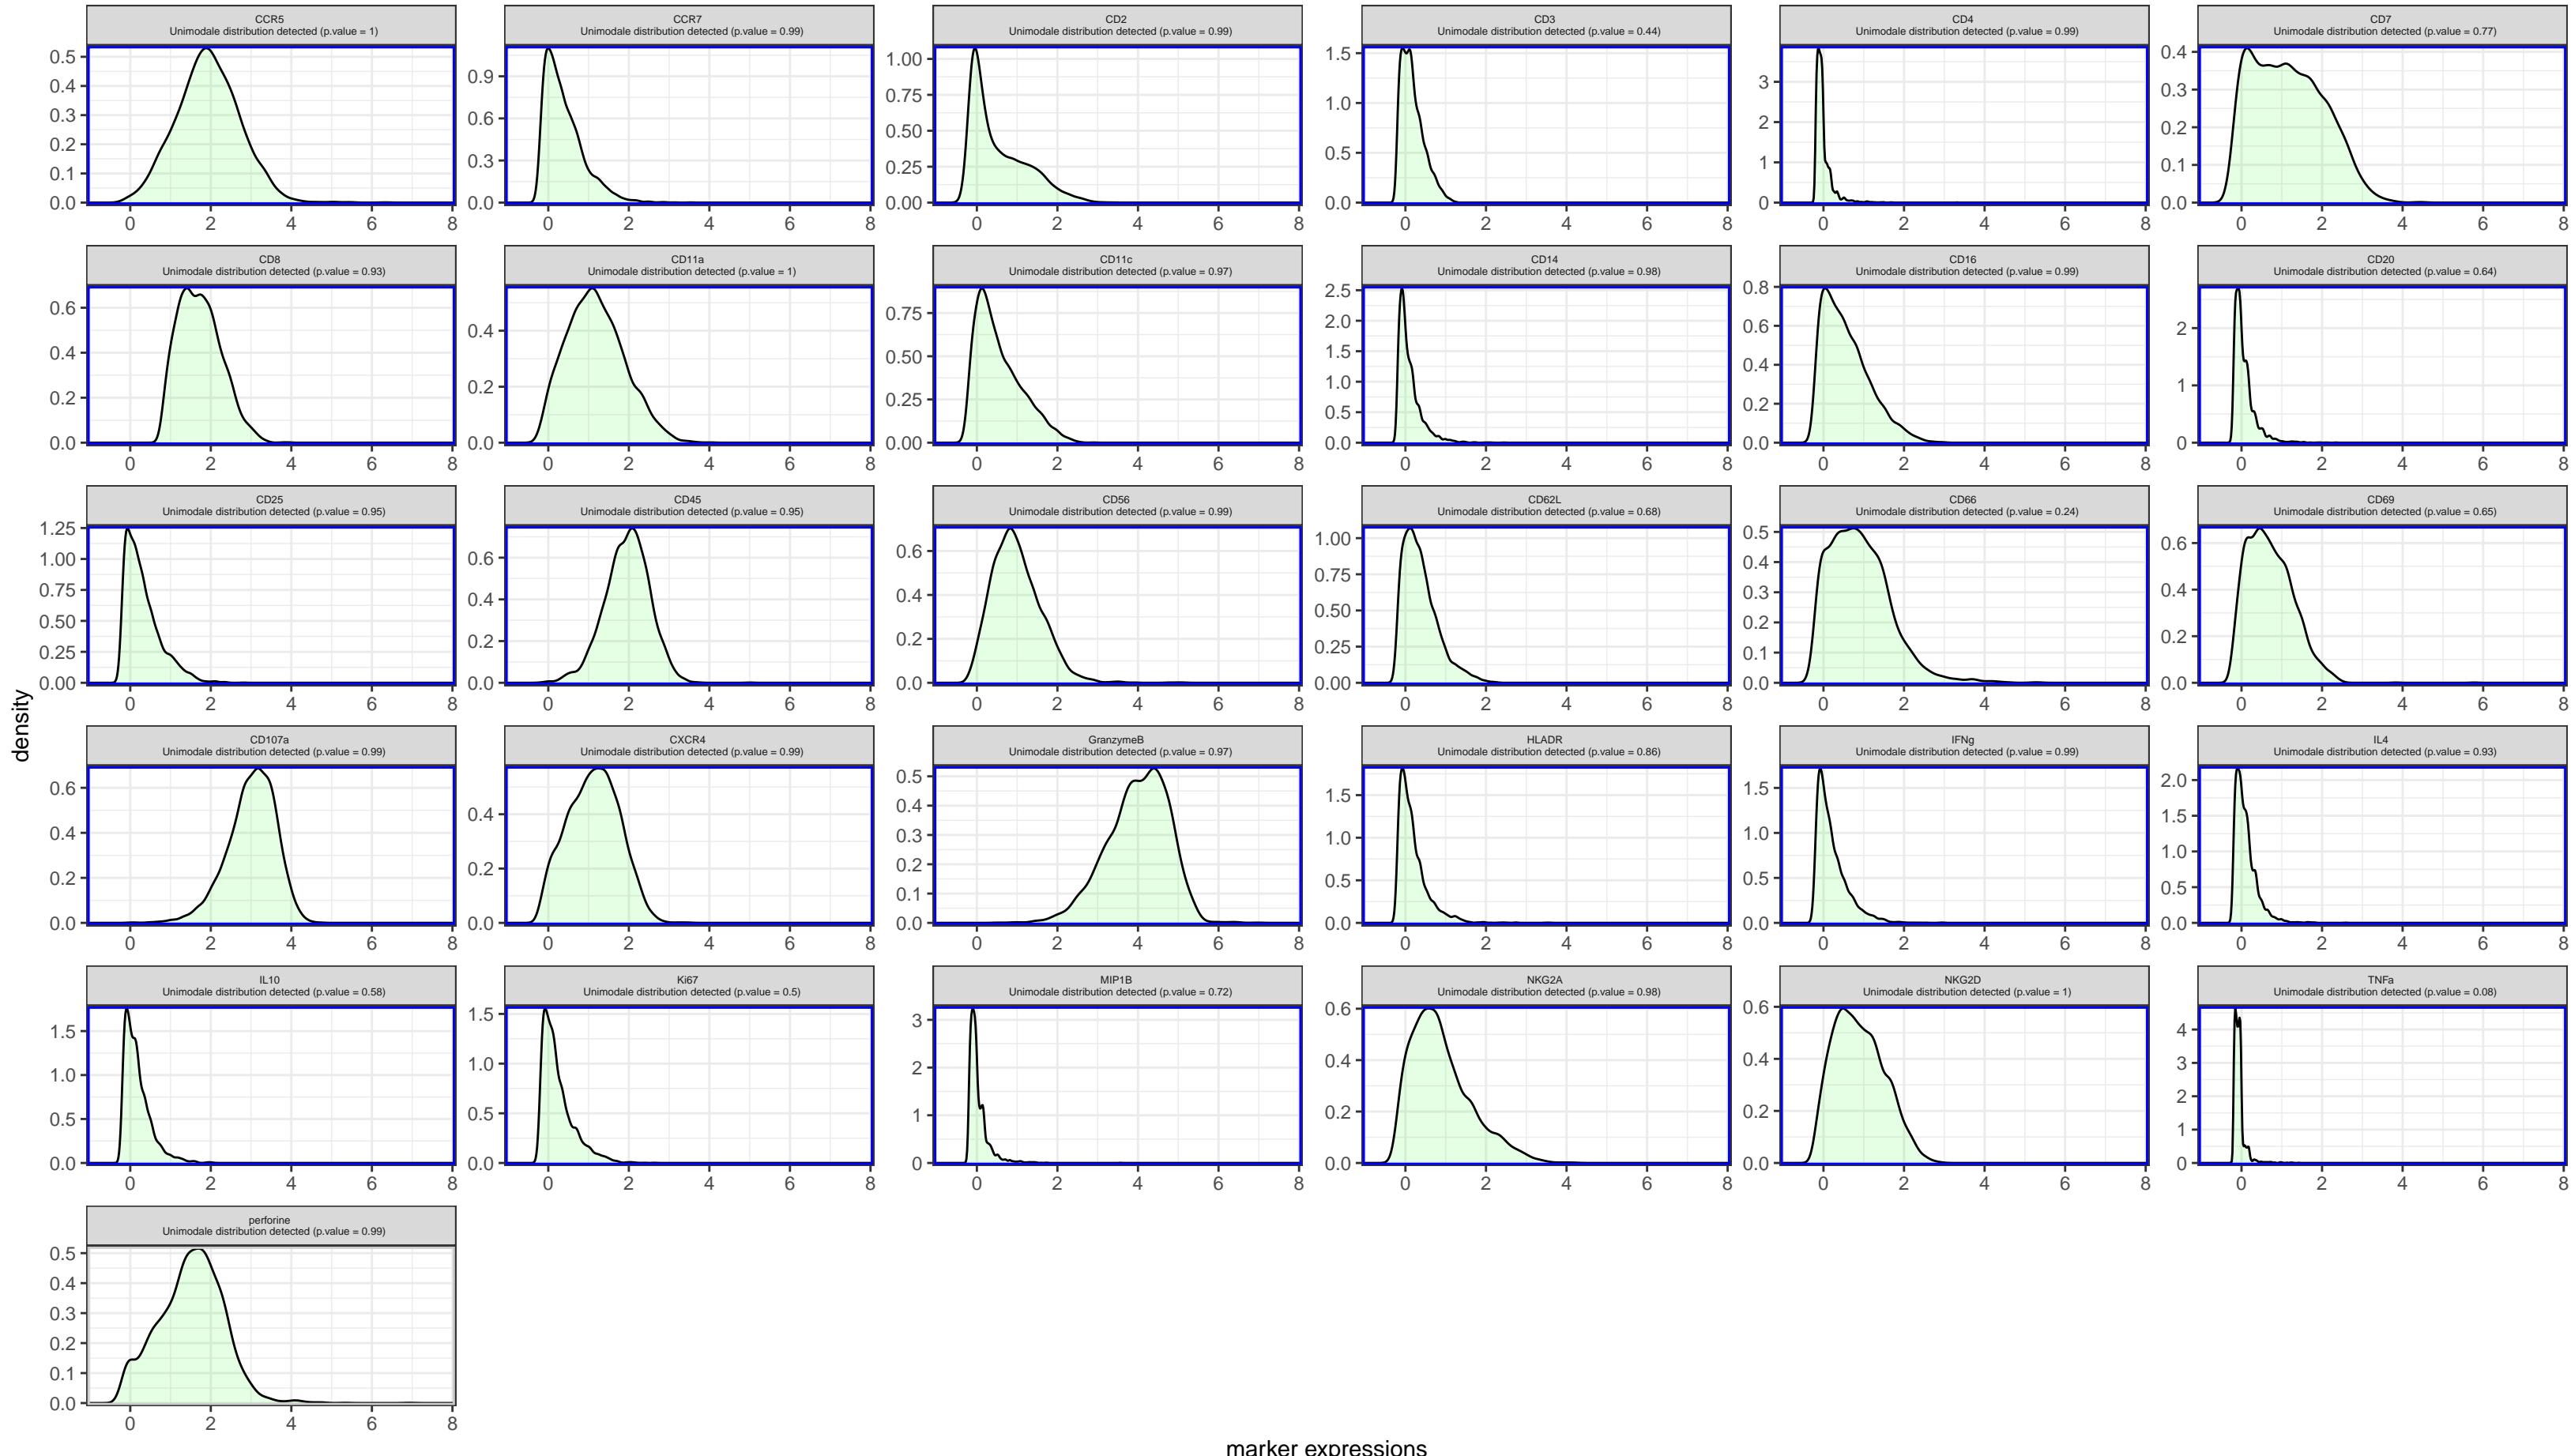

marker expressions

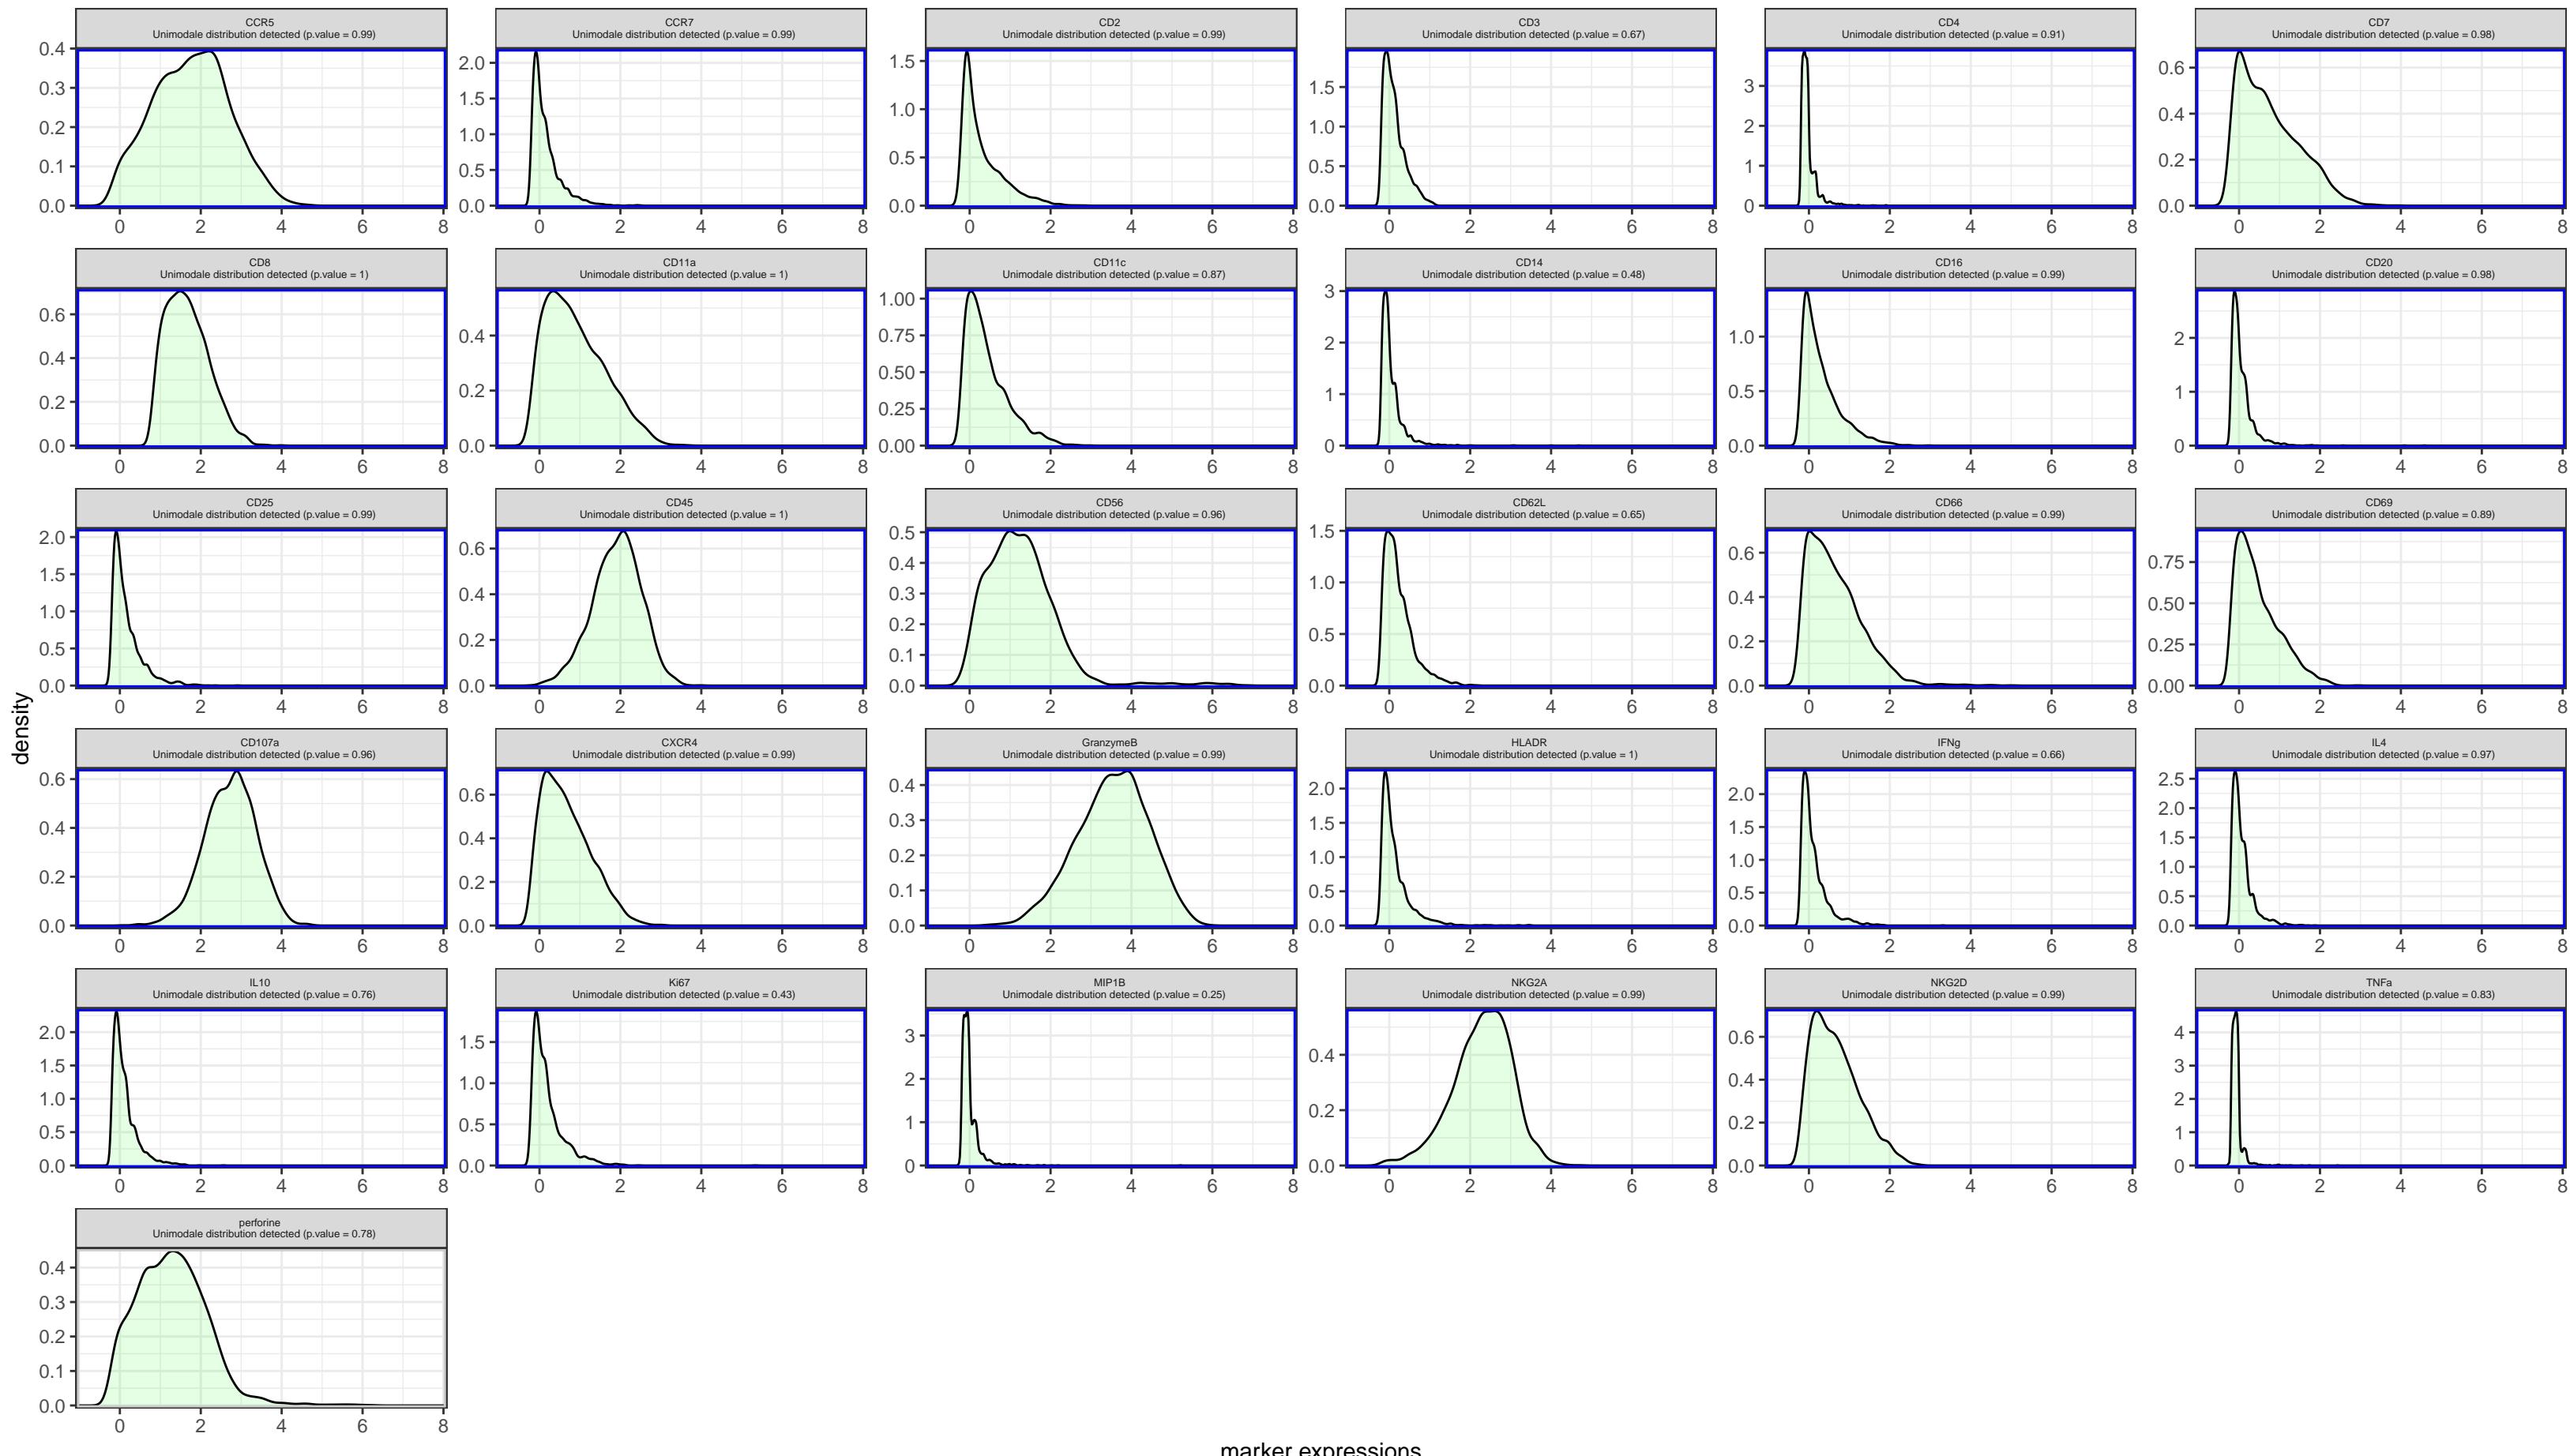

Densities of marker expressions for cluster : 79 (2 501 cells)

Densities of marker expressions for cluster : 80 (3 520 cells)

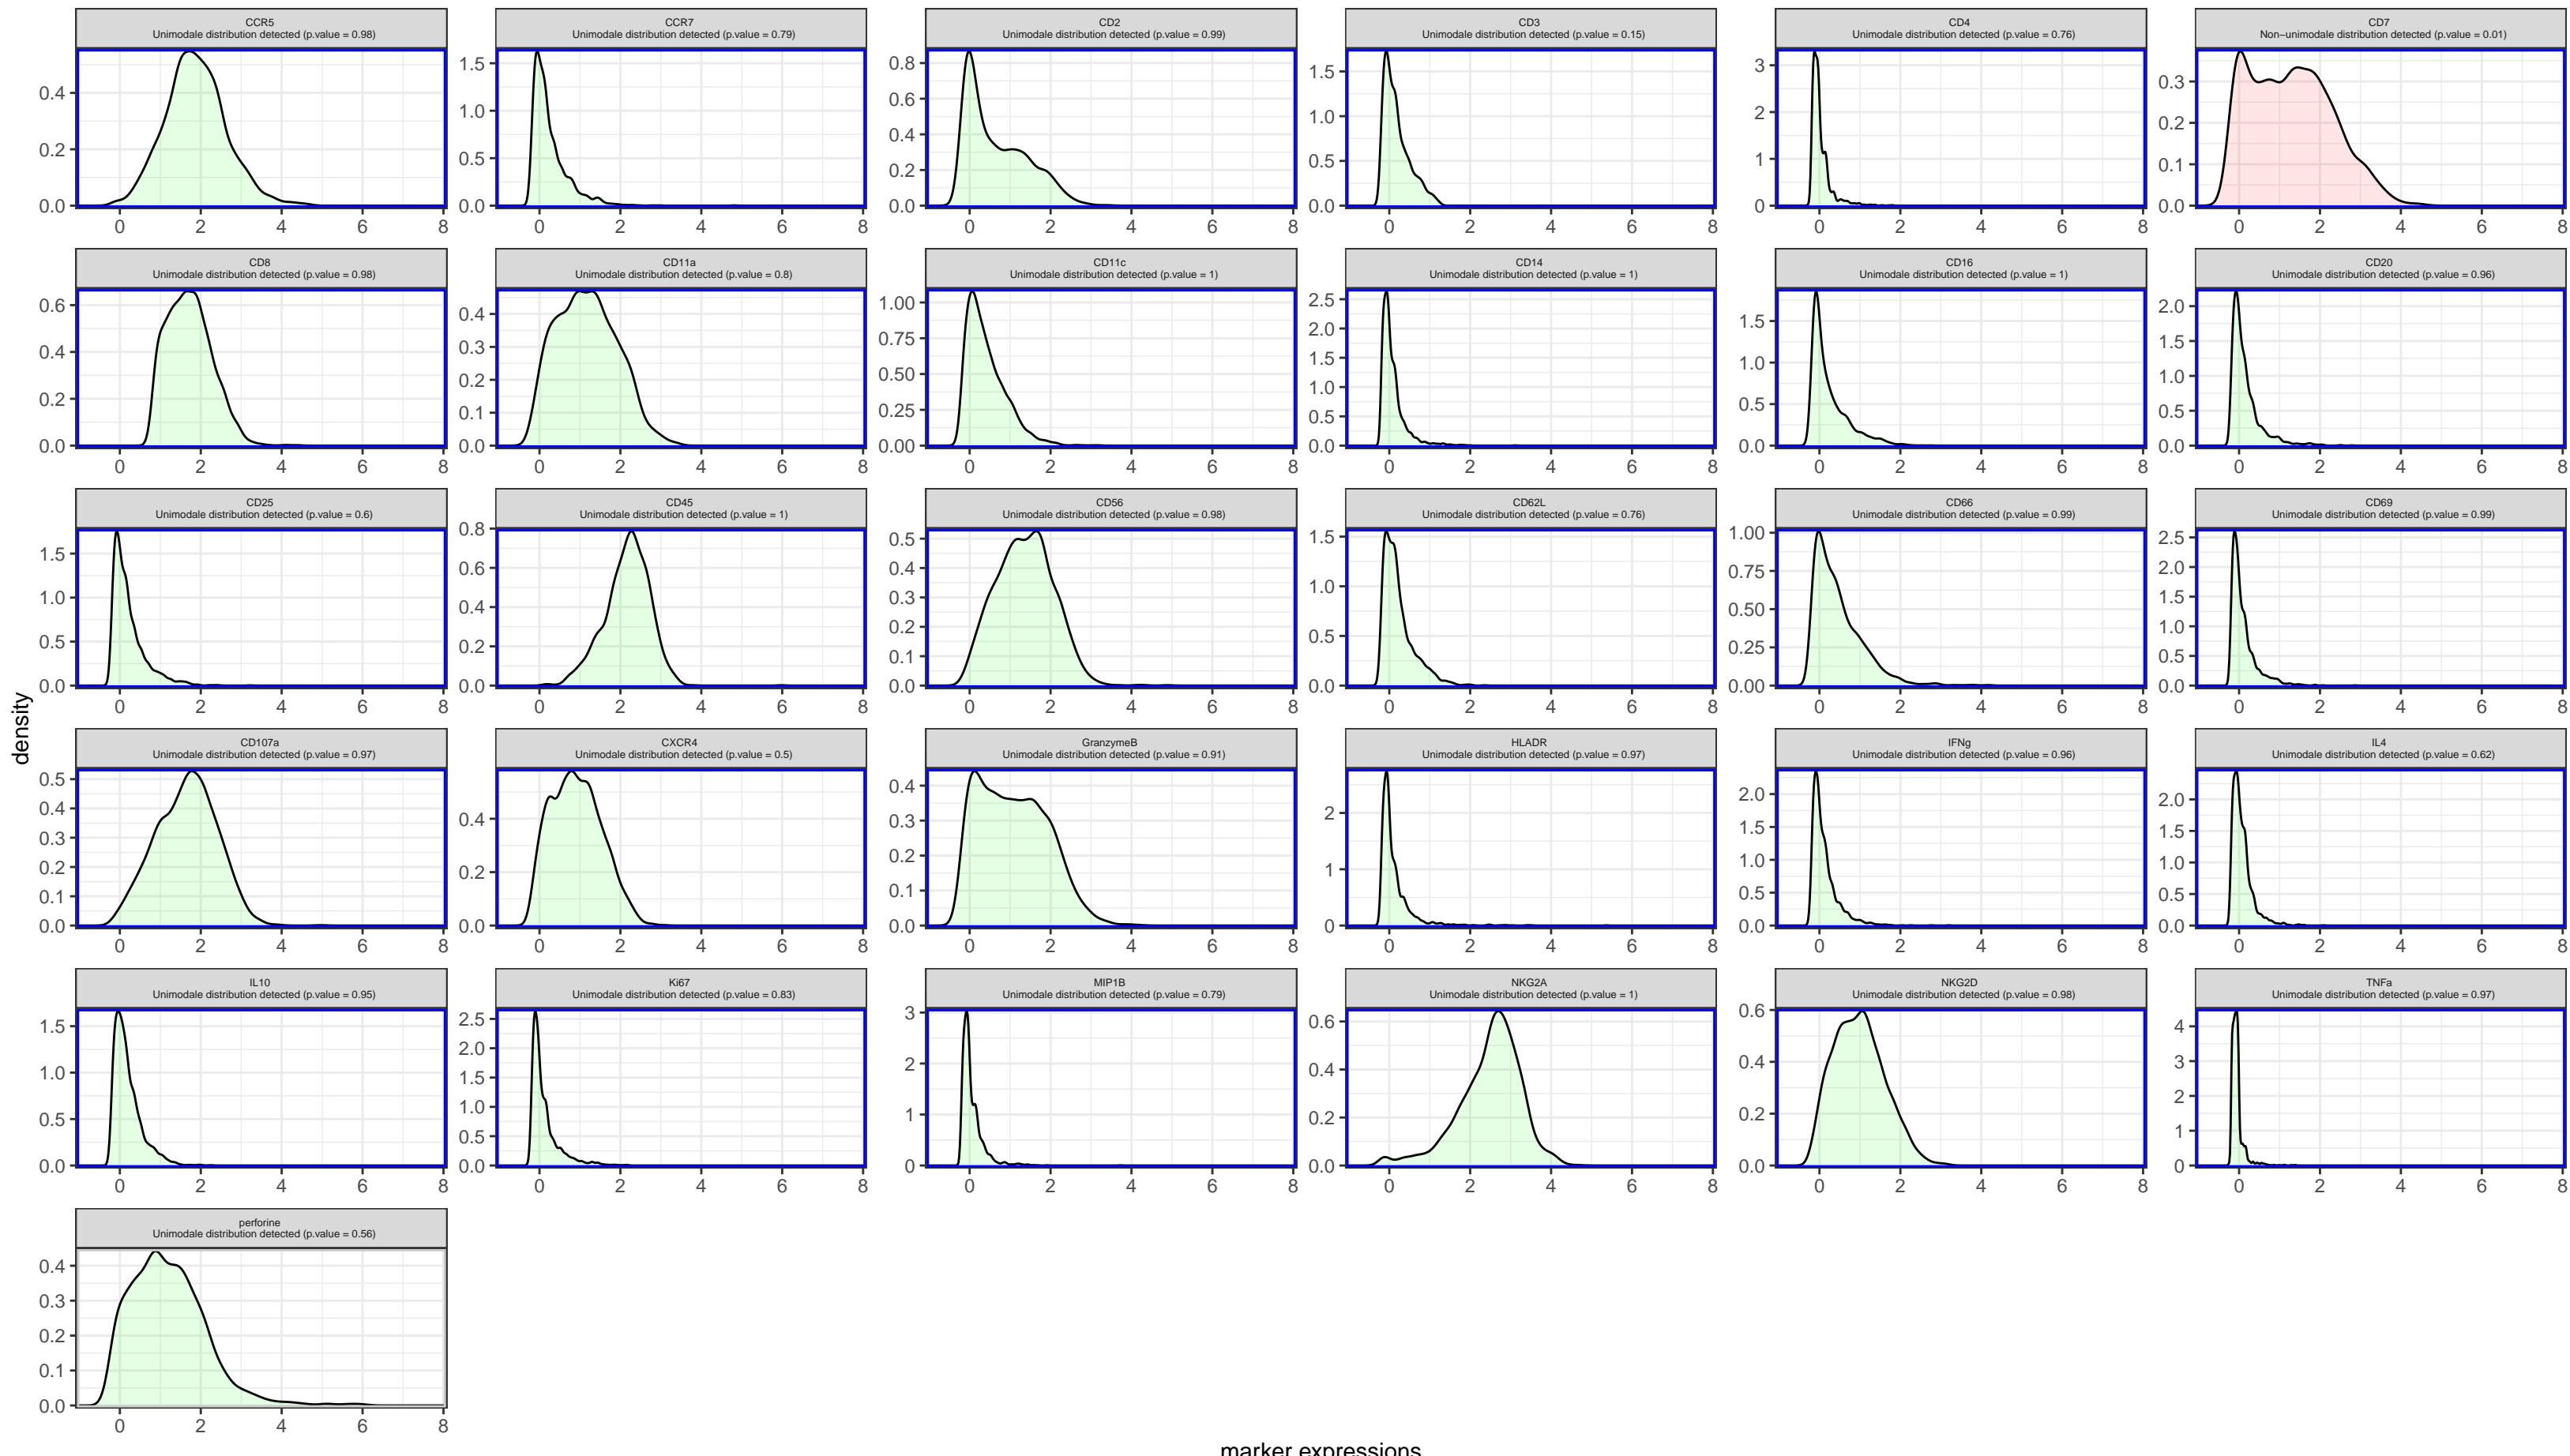

Densities of marker expressions for cluster : 81 (3 150 cells)

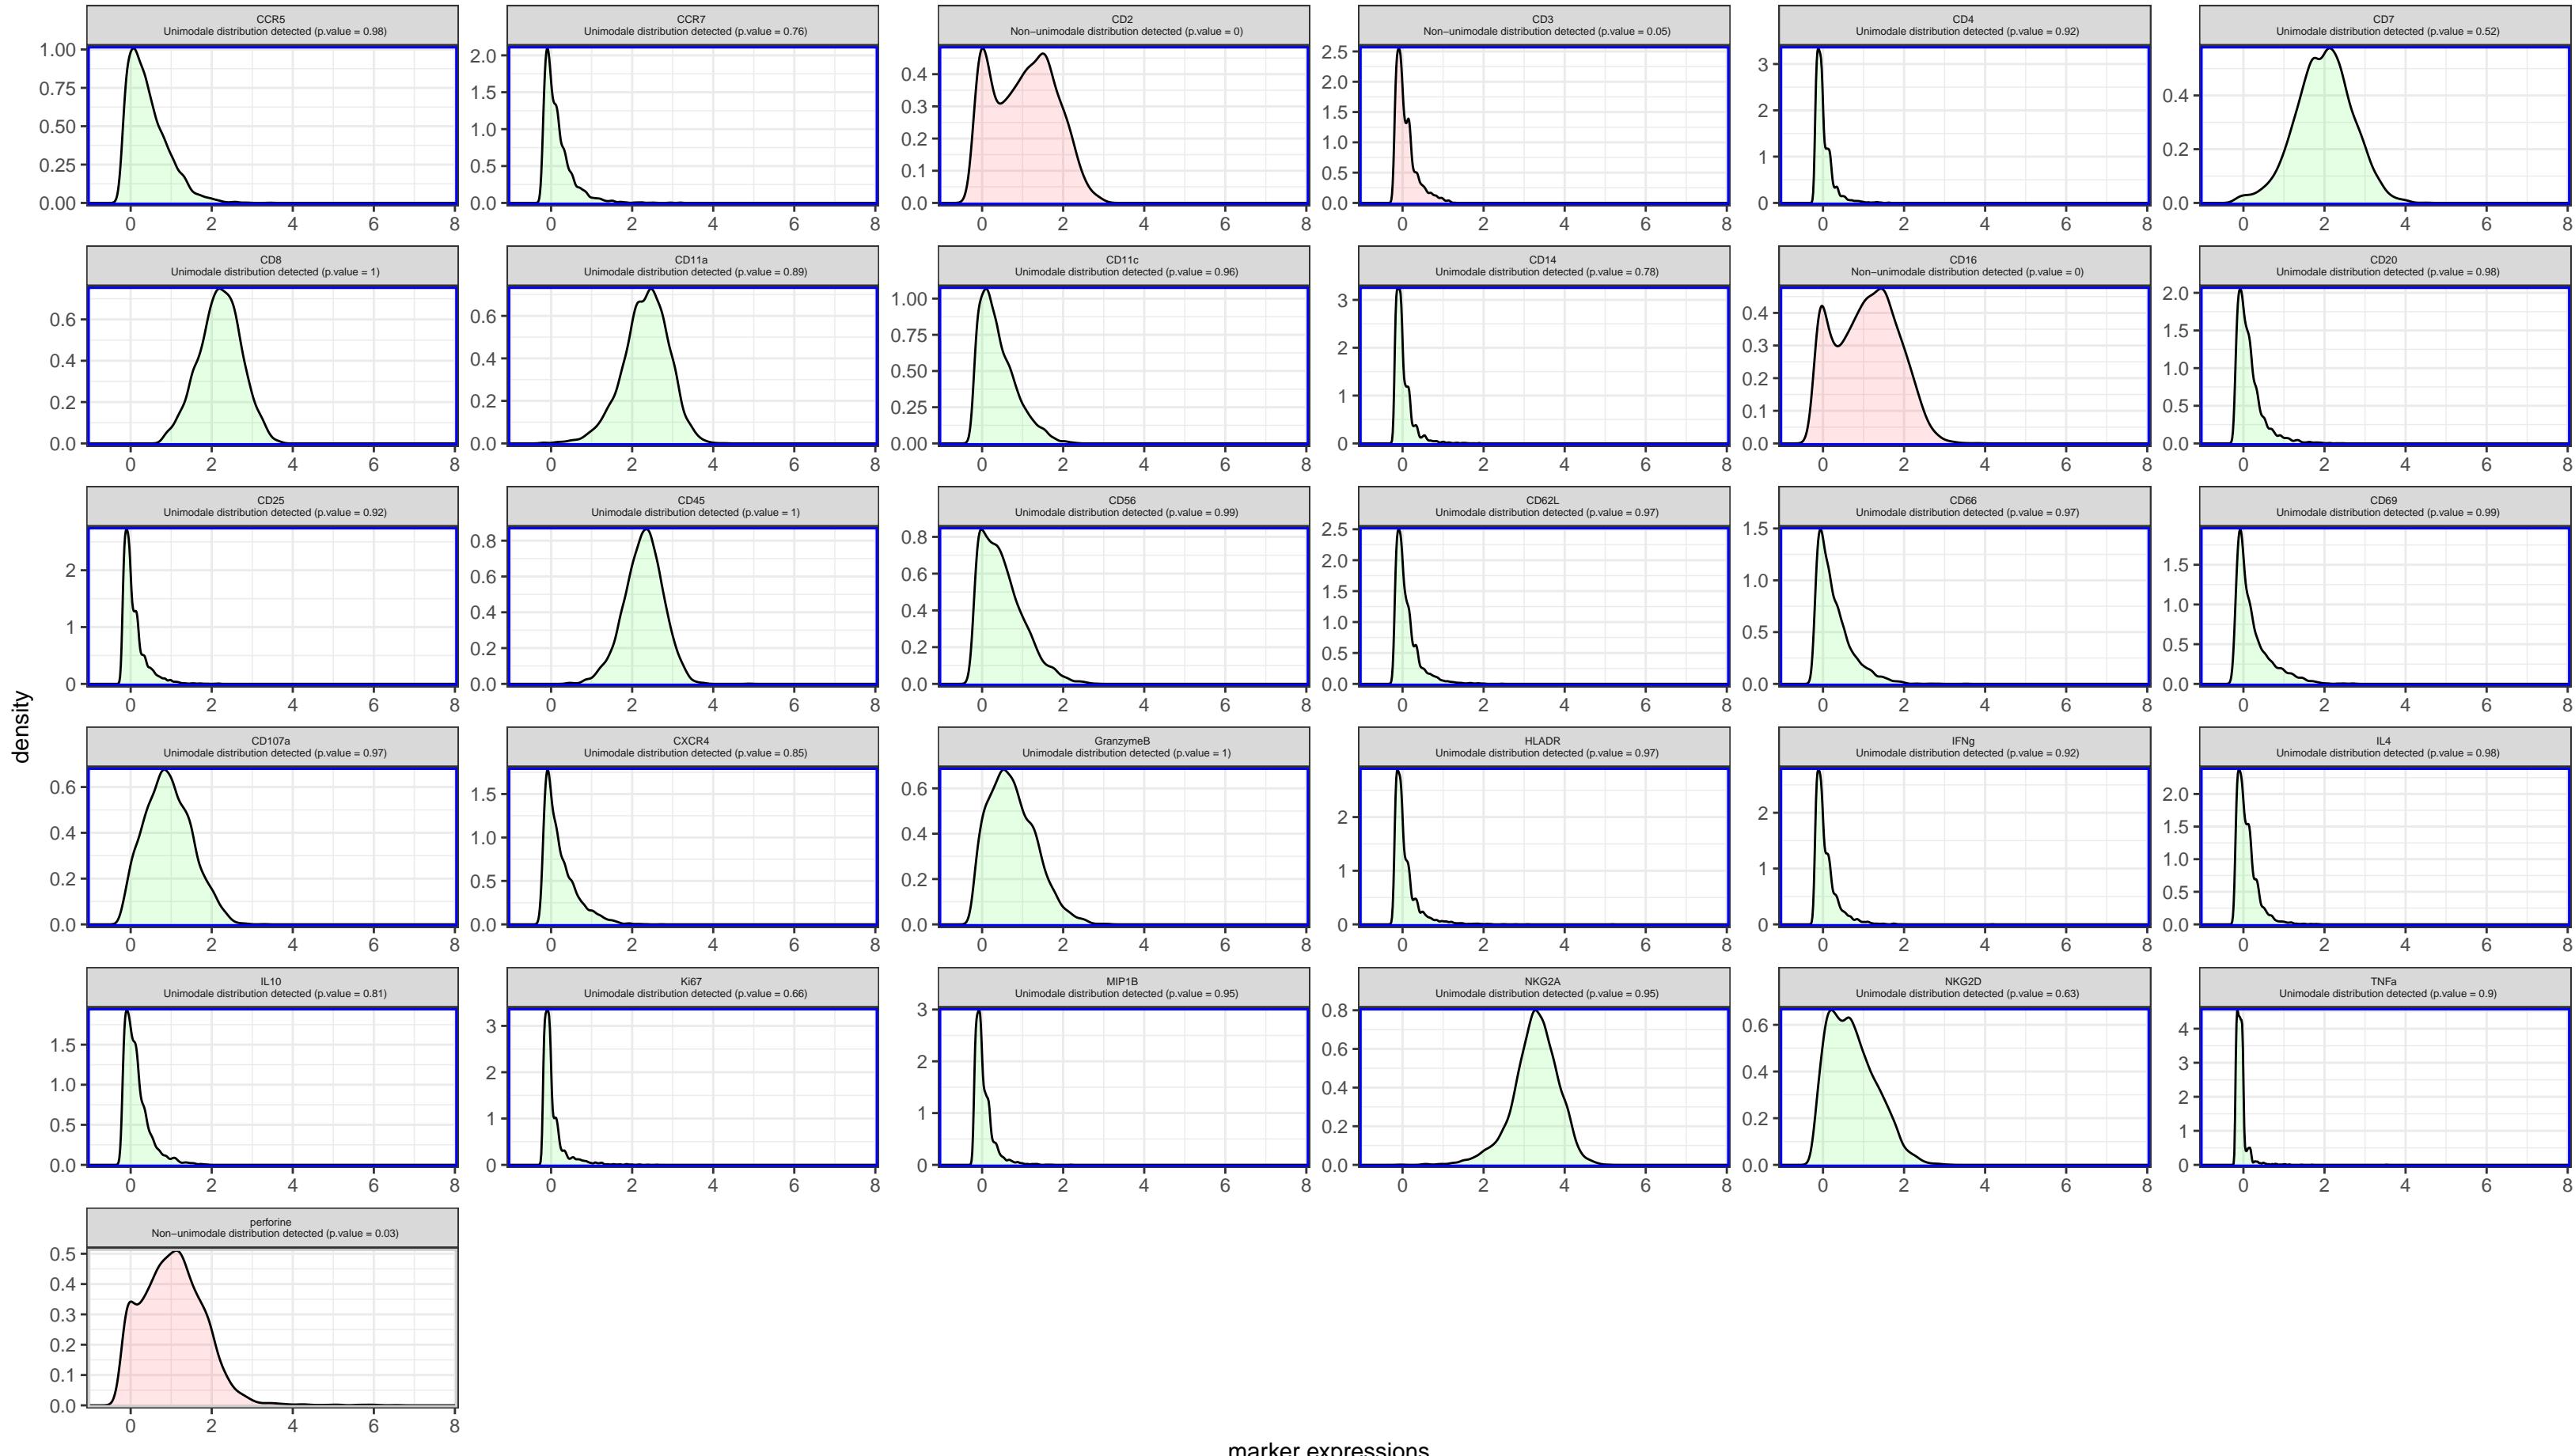

marker expressions

Densities of marker expressions for cluster : 82 (2 245 cells)

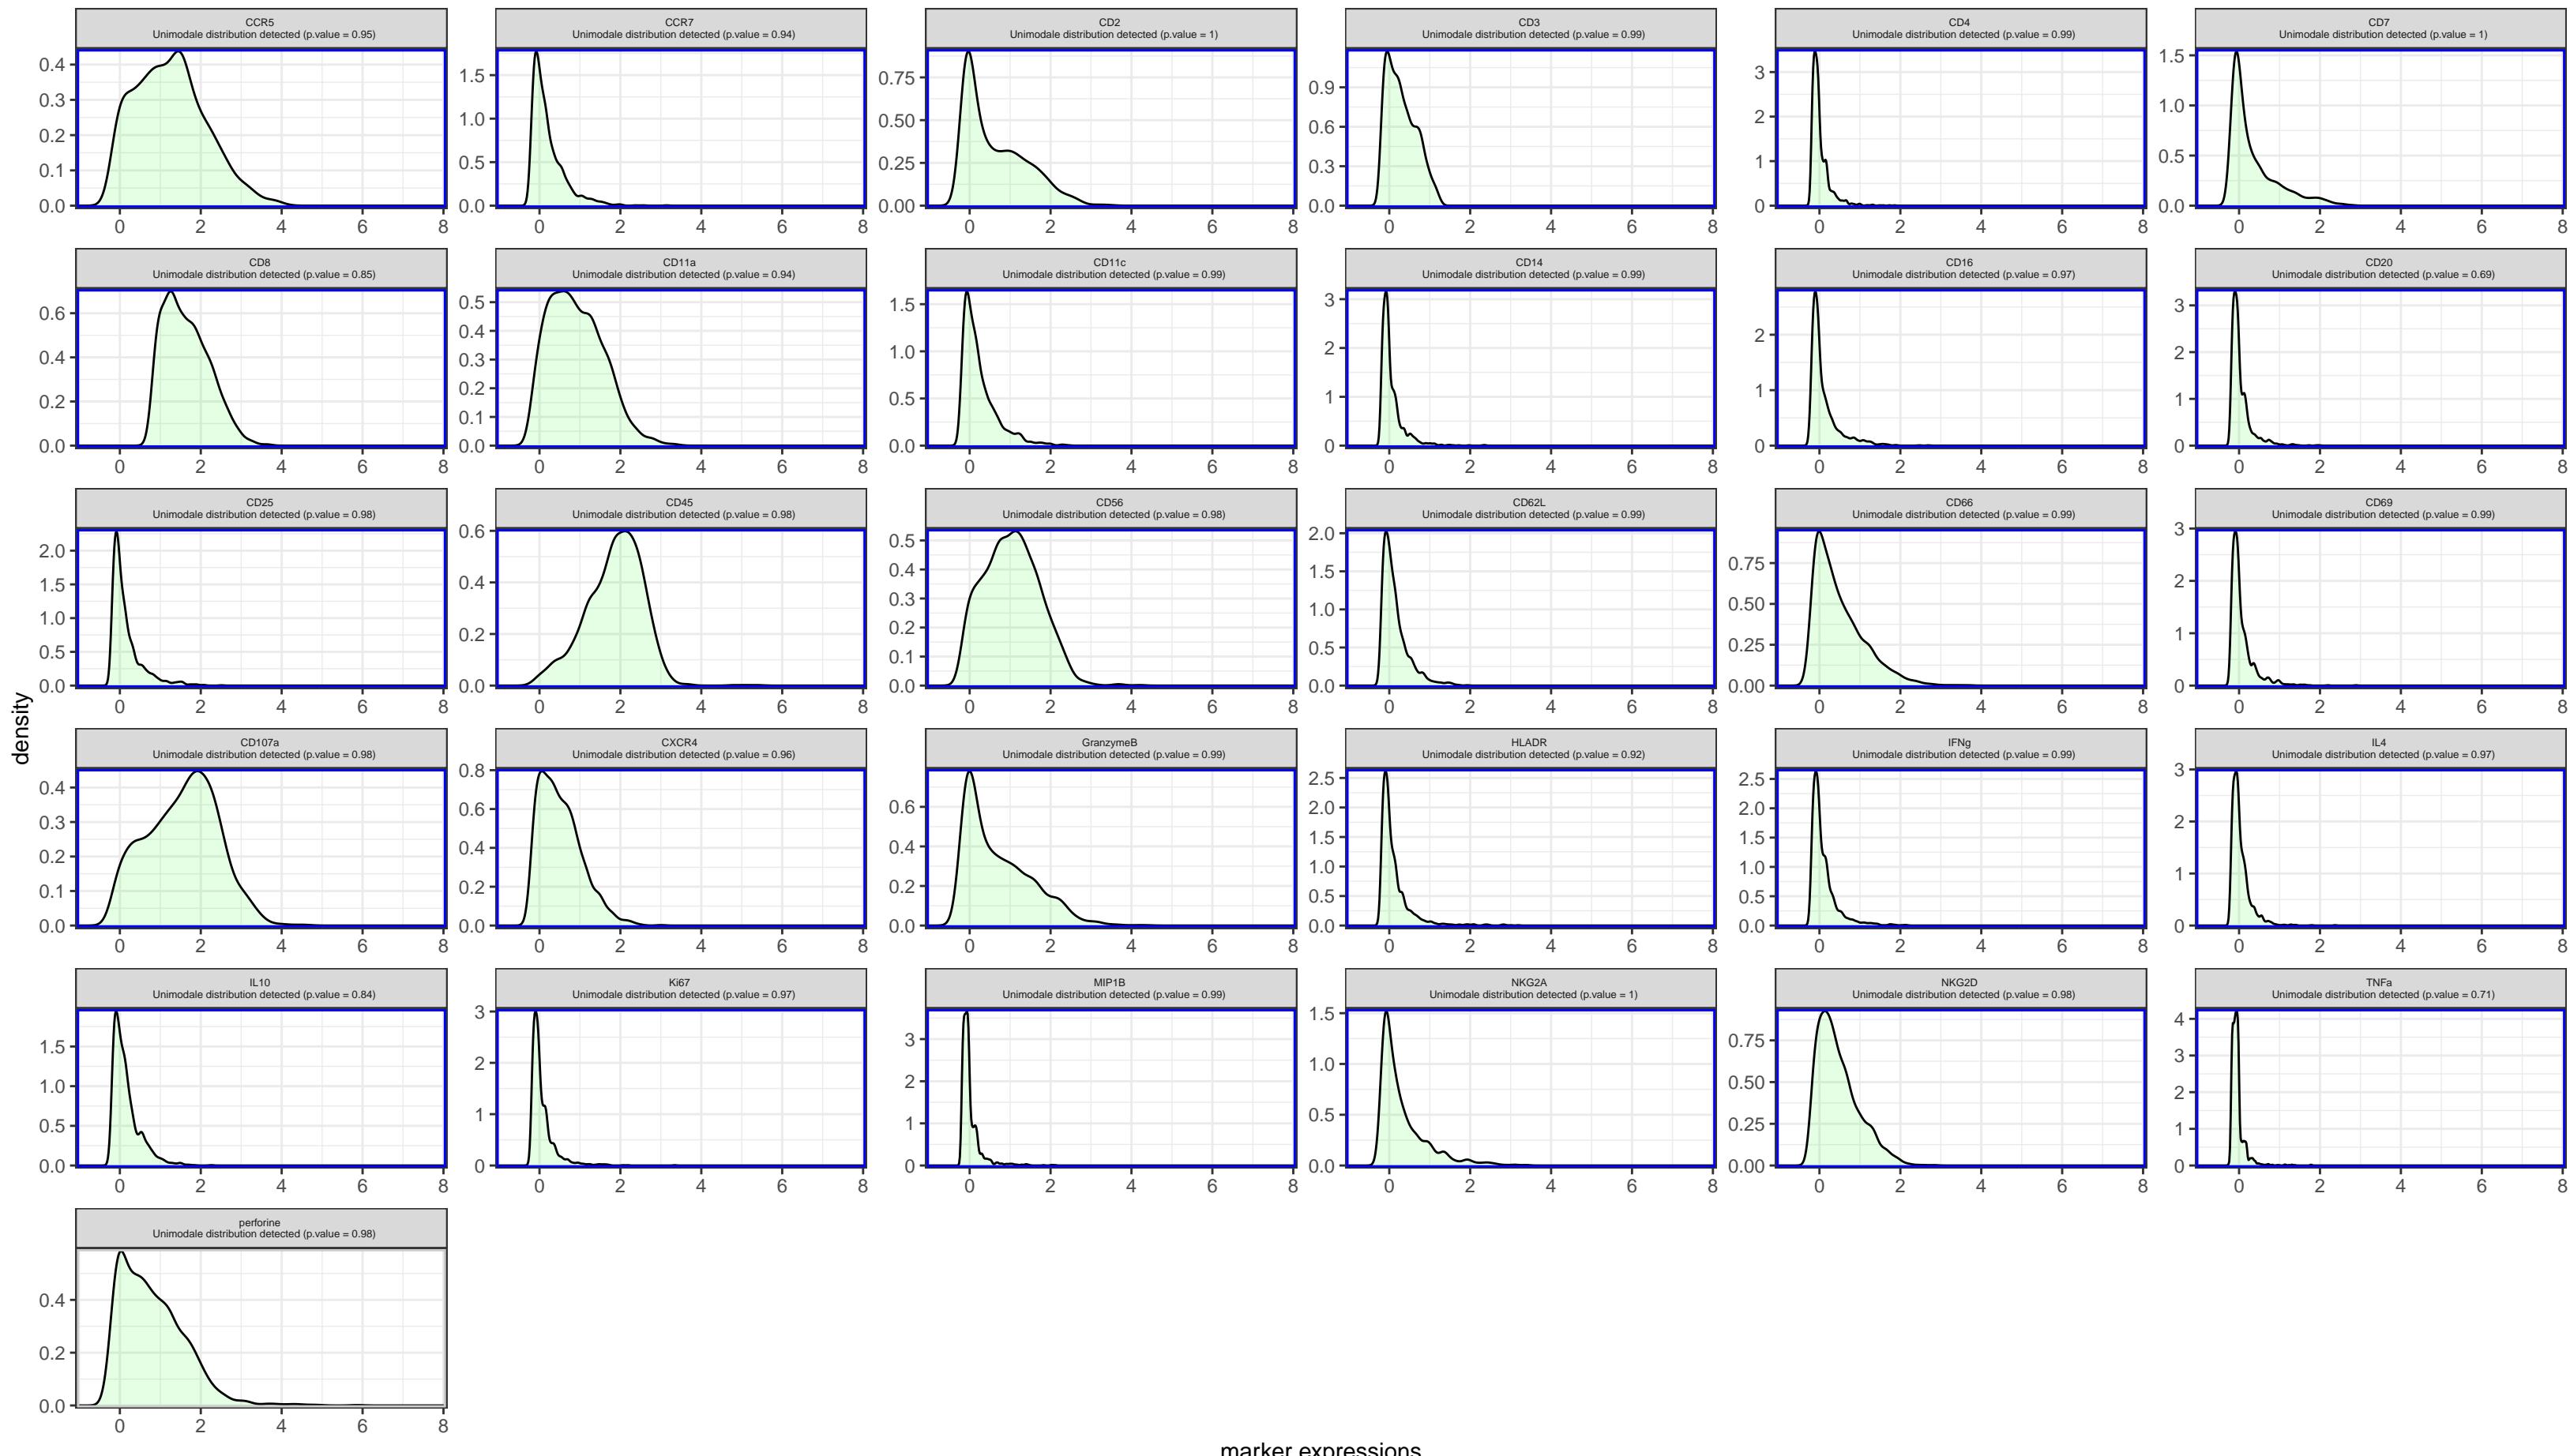

marker expressions

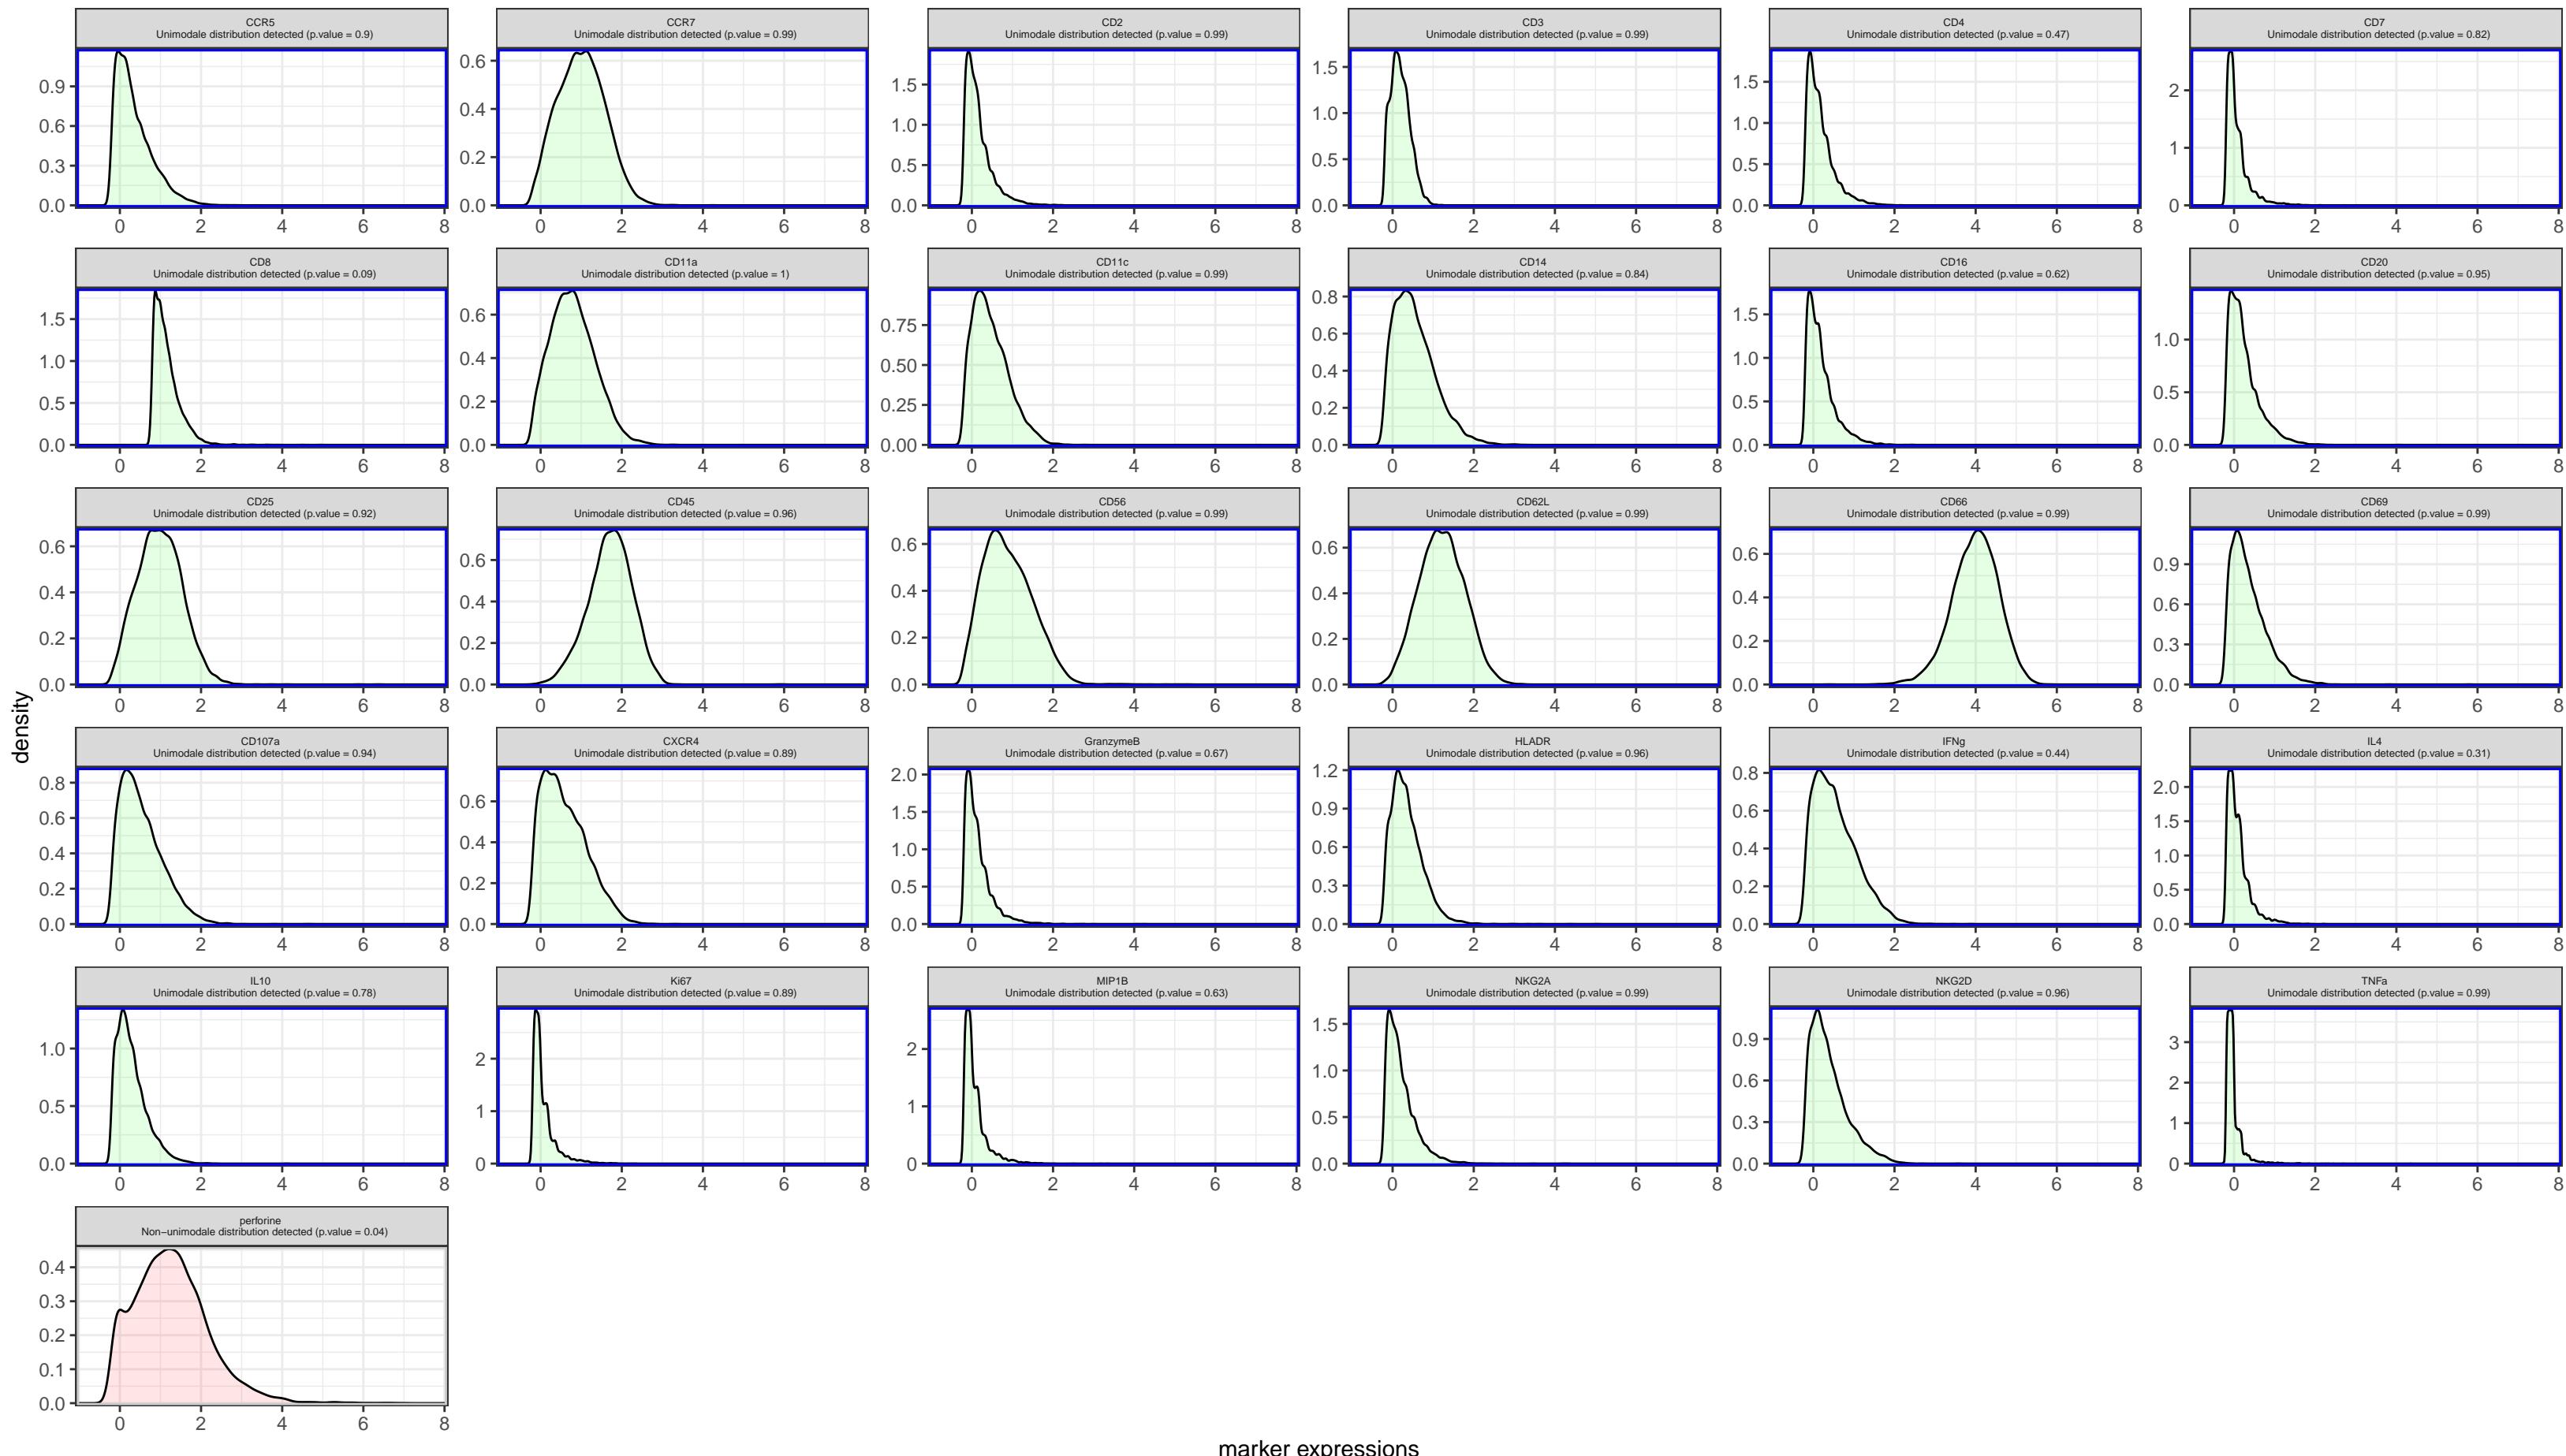

Densities of marker expressions for cluster : 83 (3 730 cells)

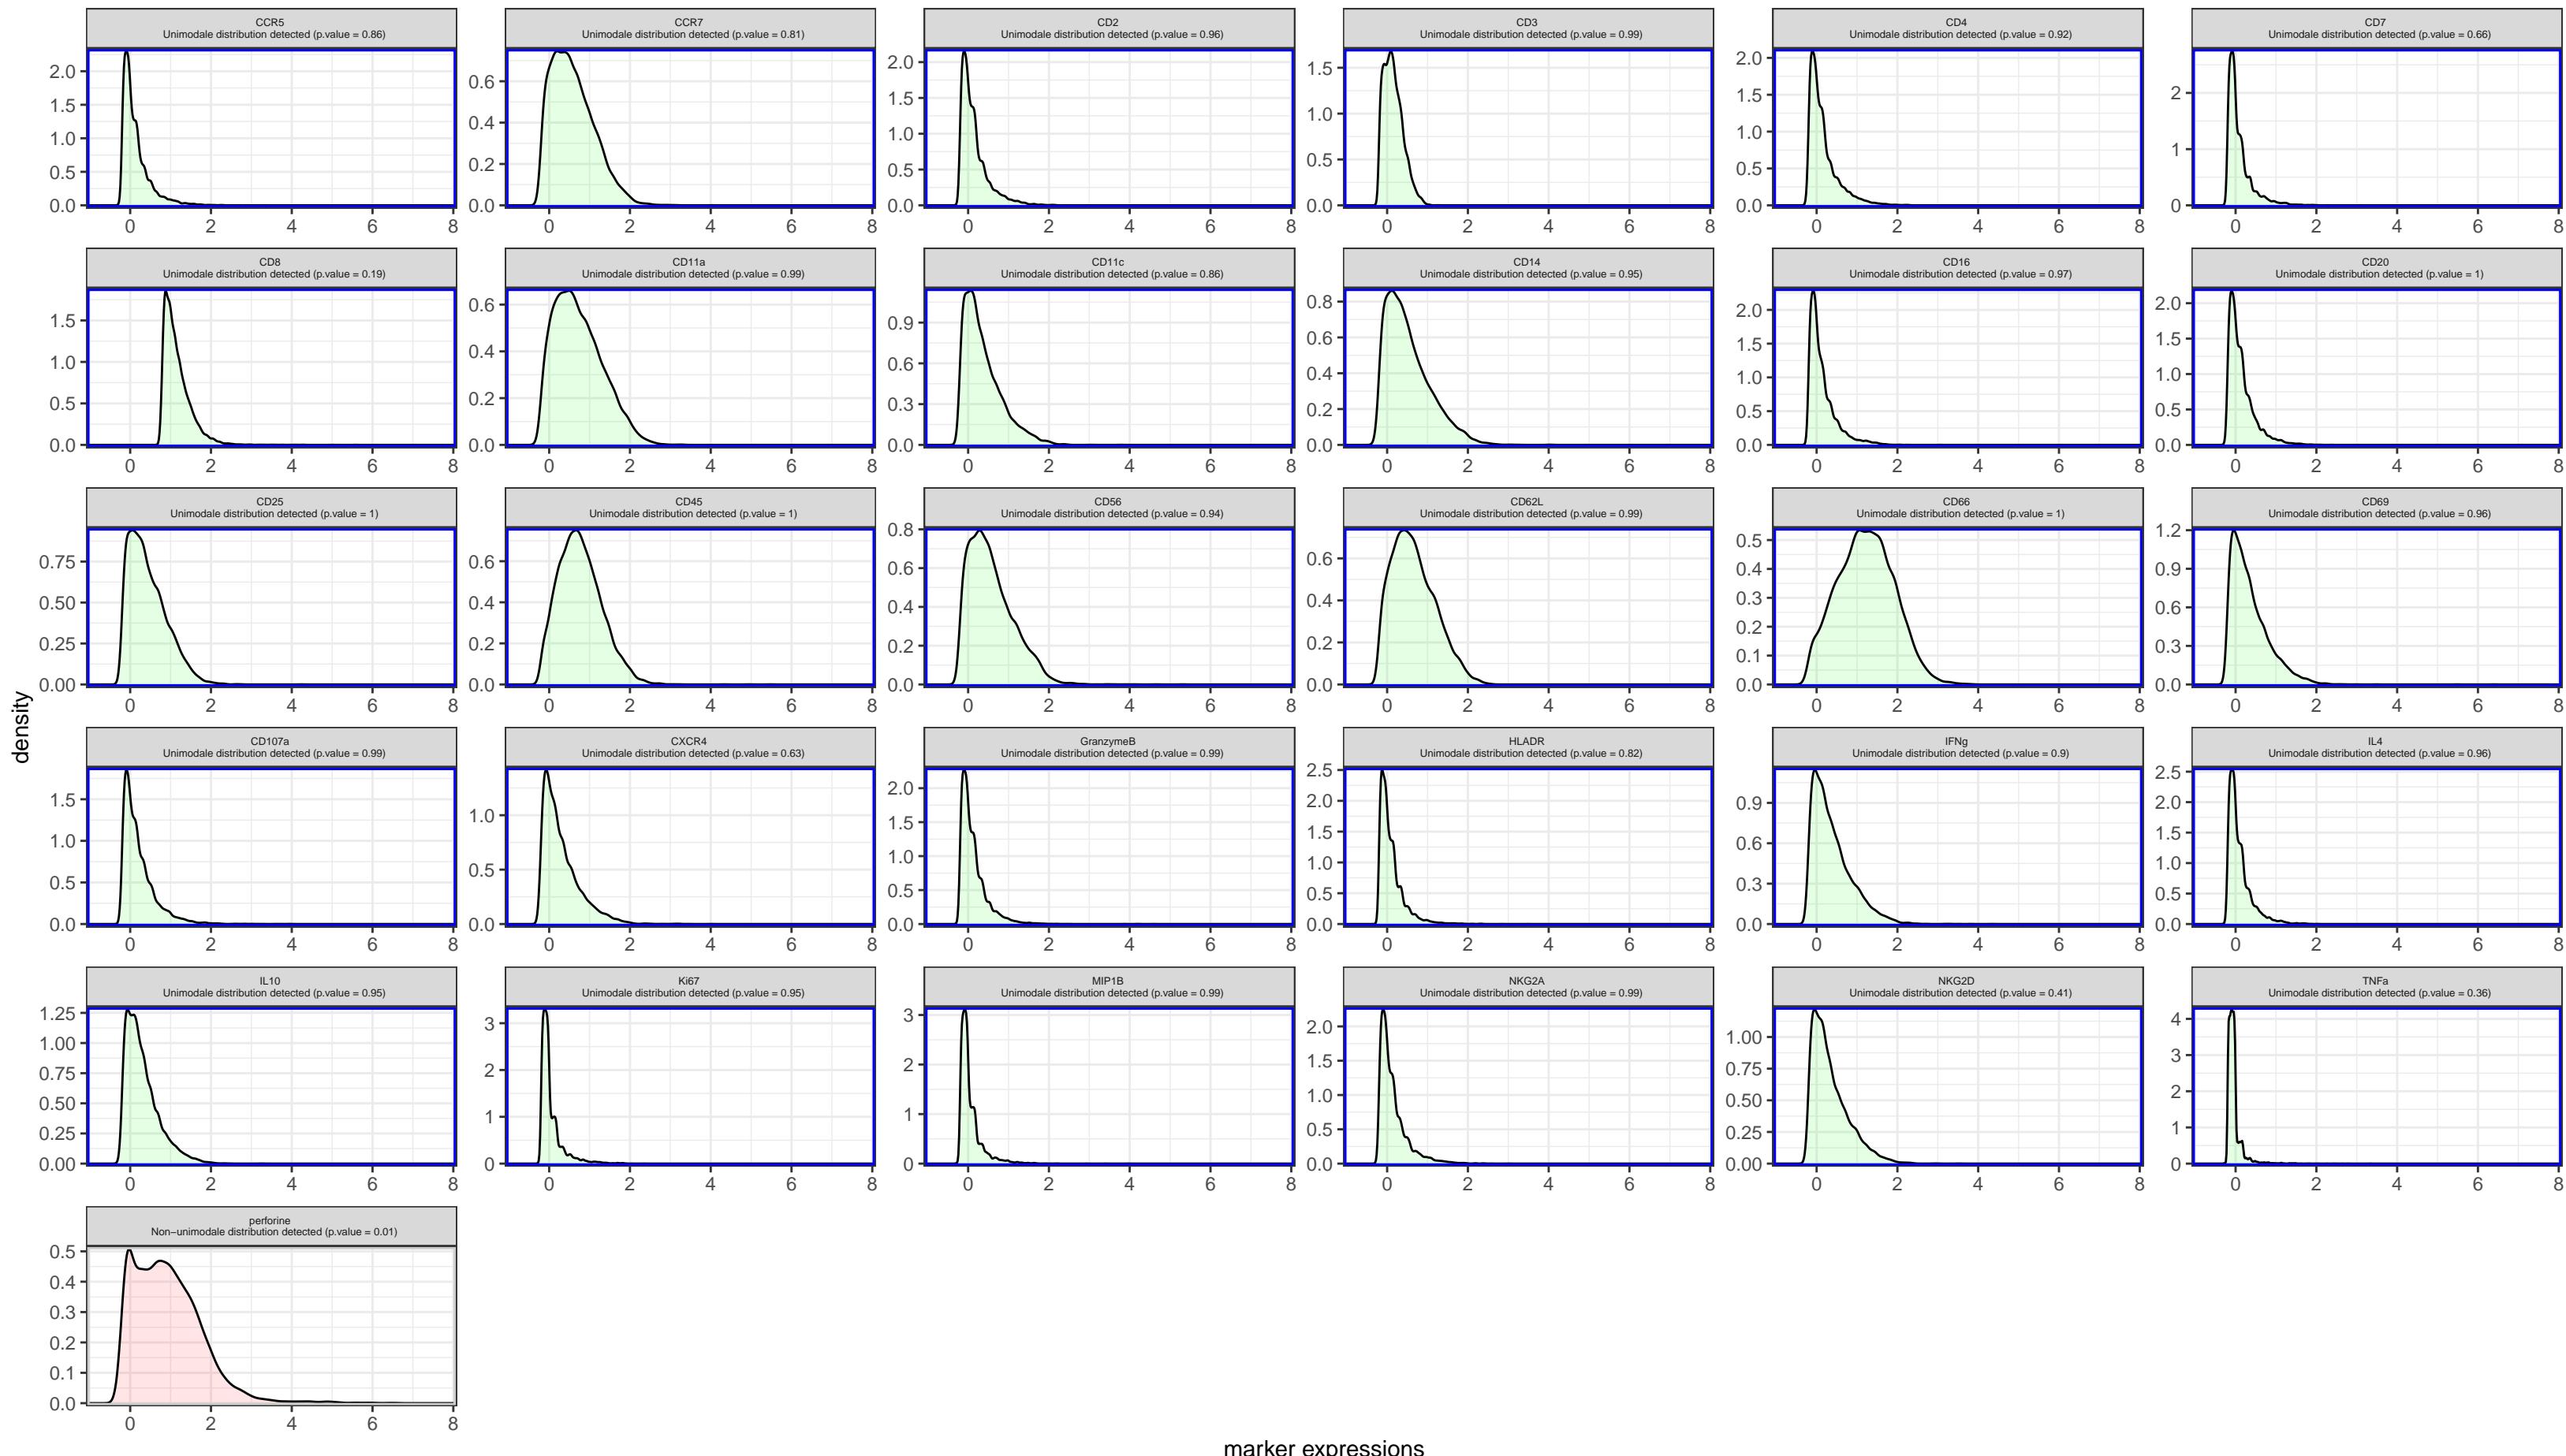

Densities of marker expressions for cluster : 84 (1 634 cells)

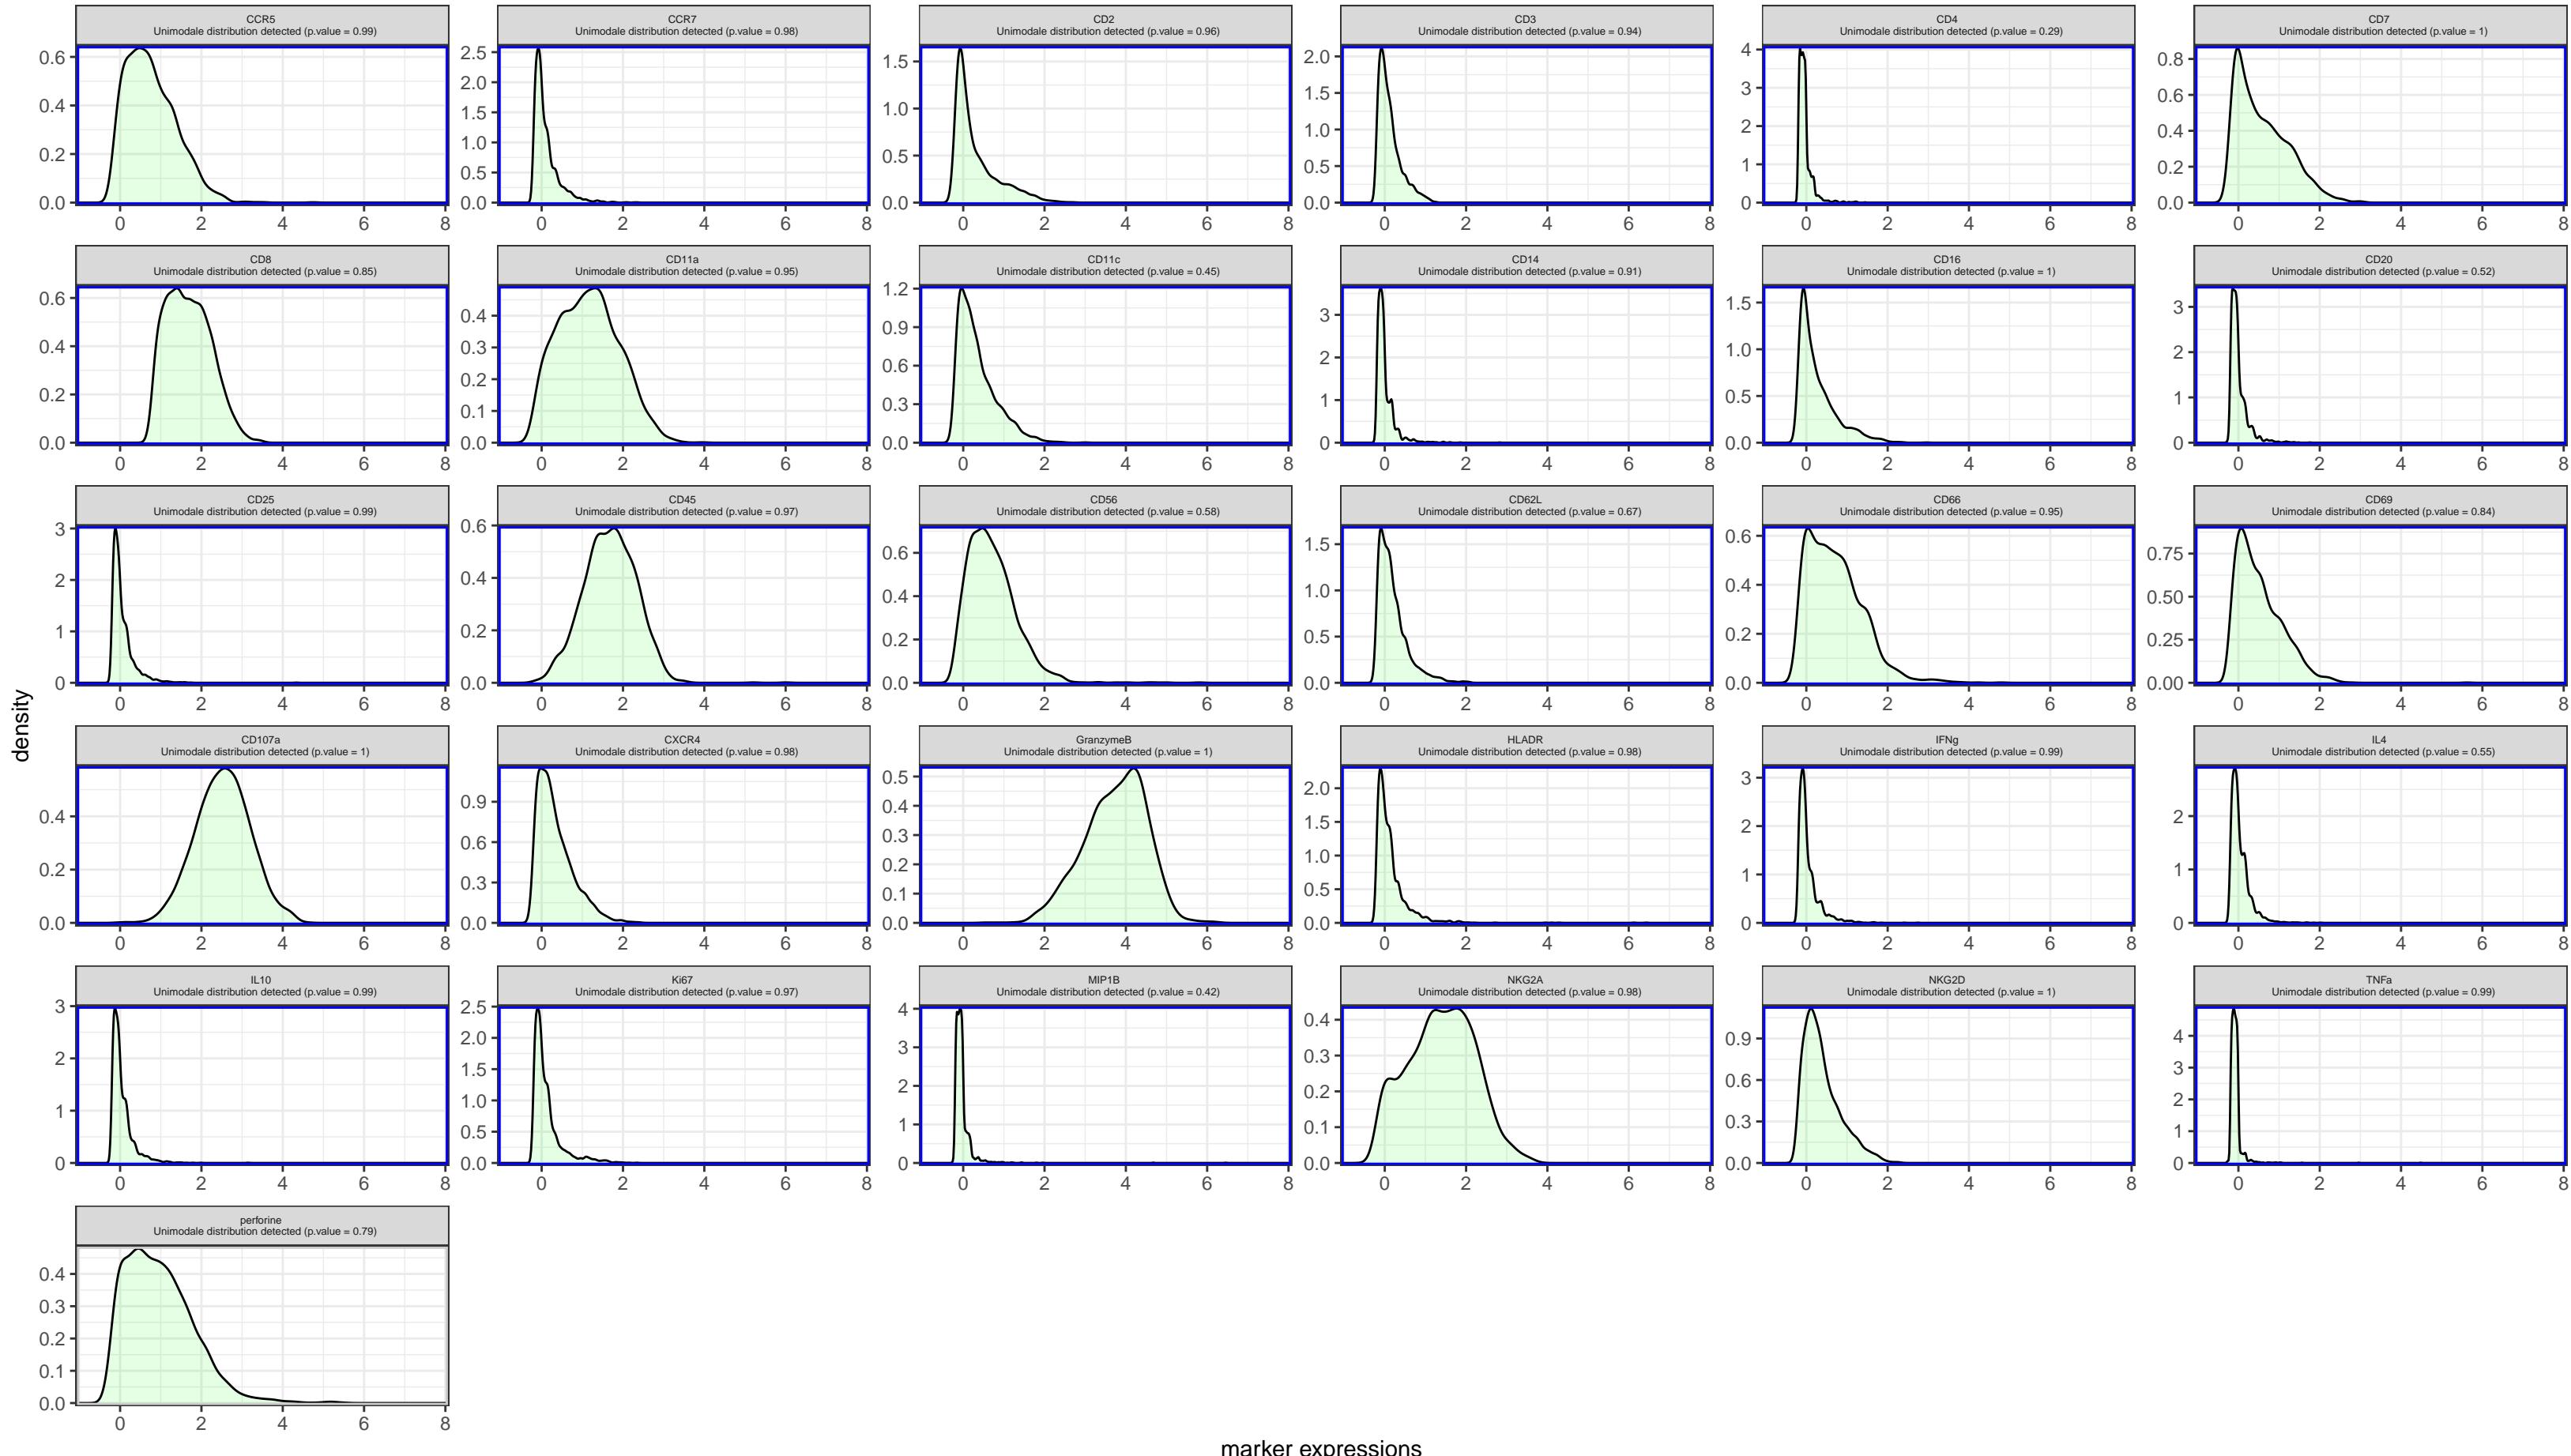

Densities of marker expressions for cluster : 85 (9 421 cells)

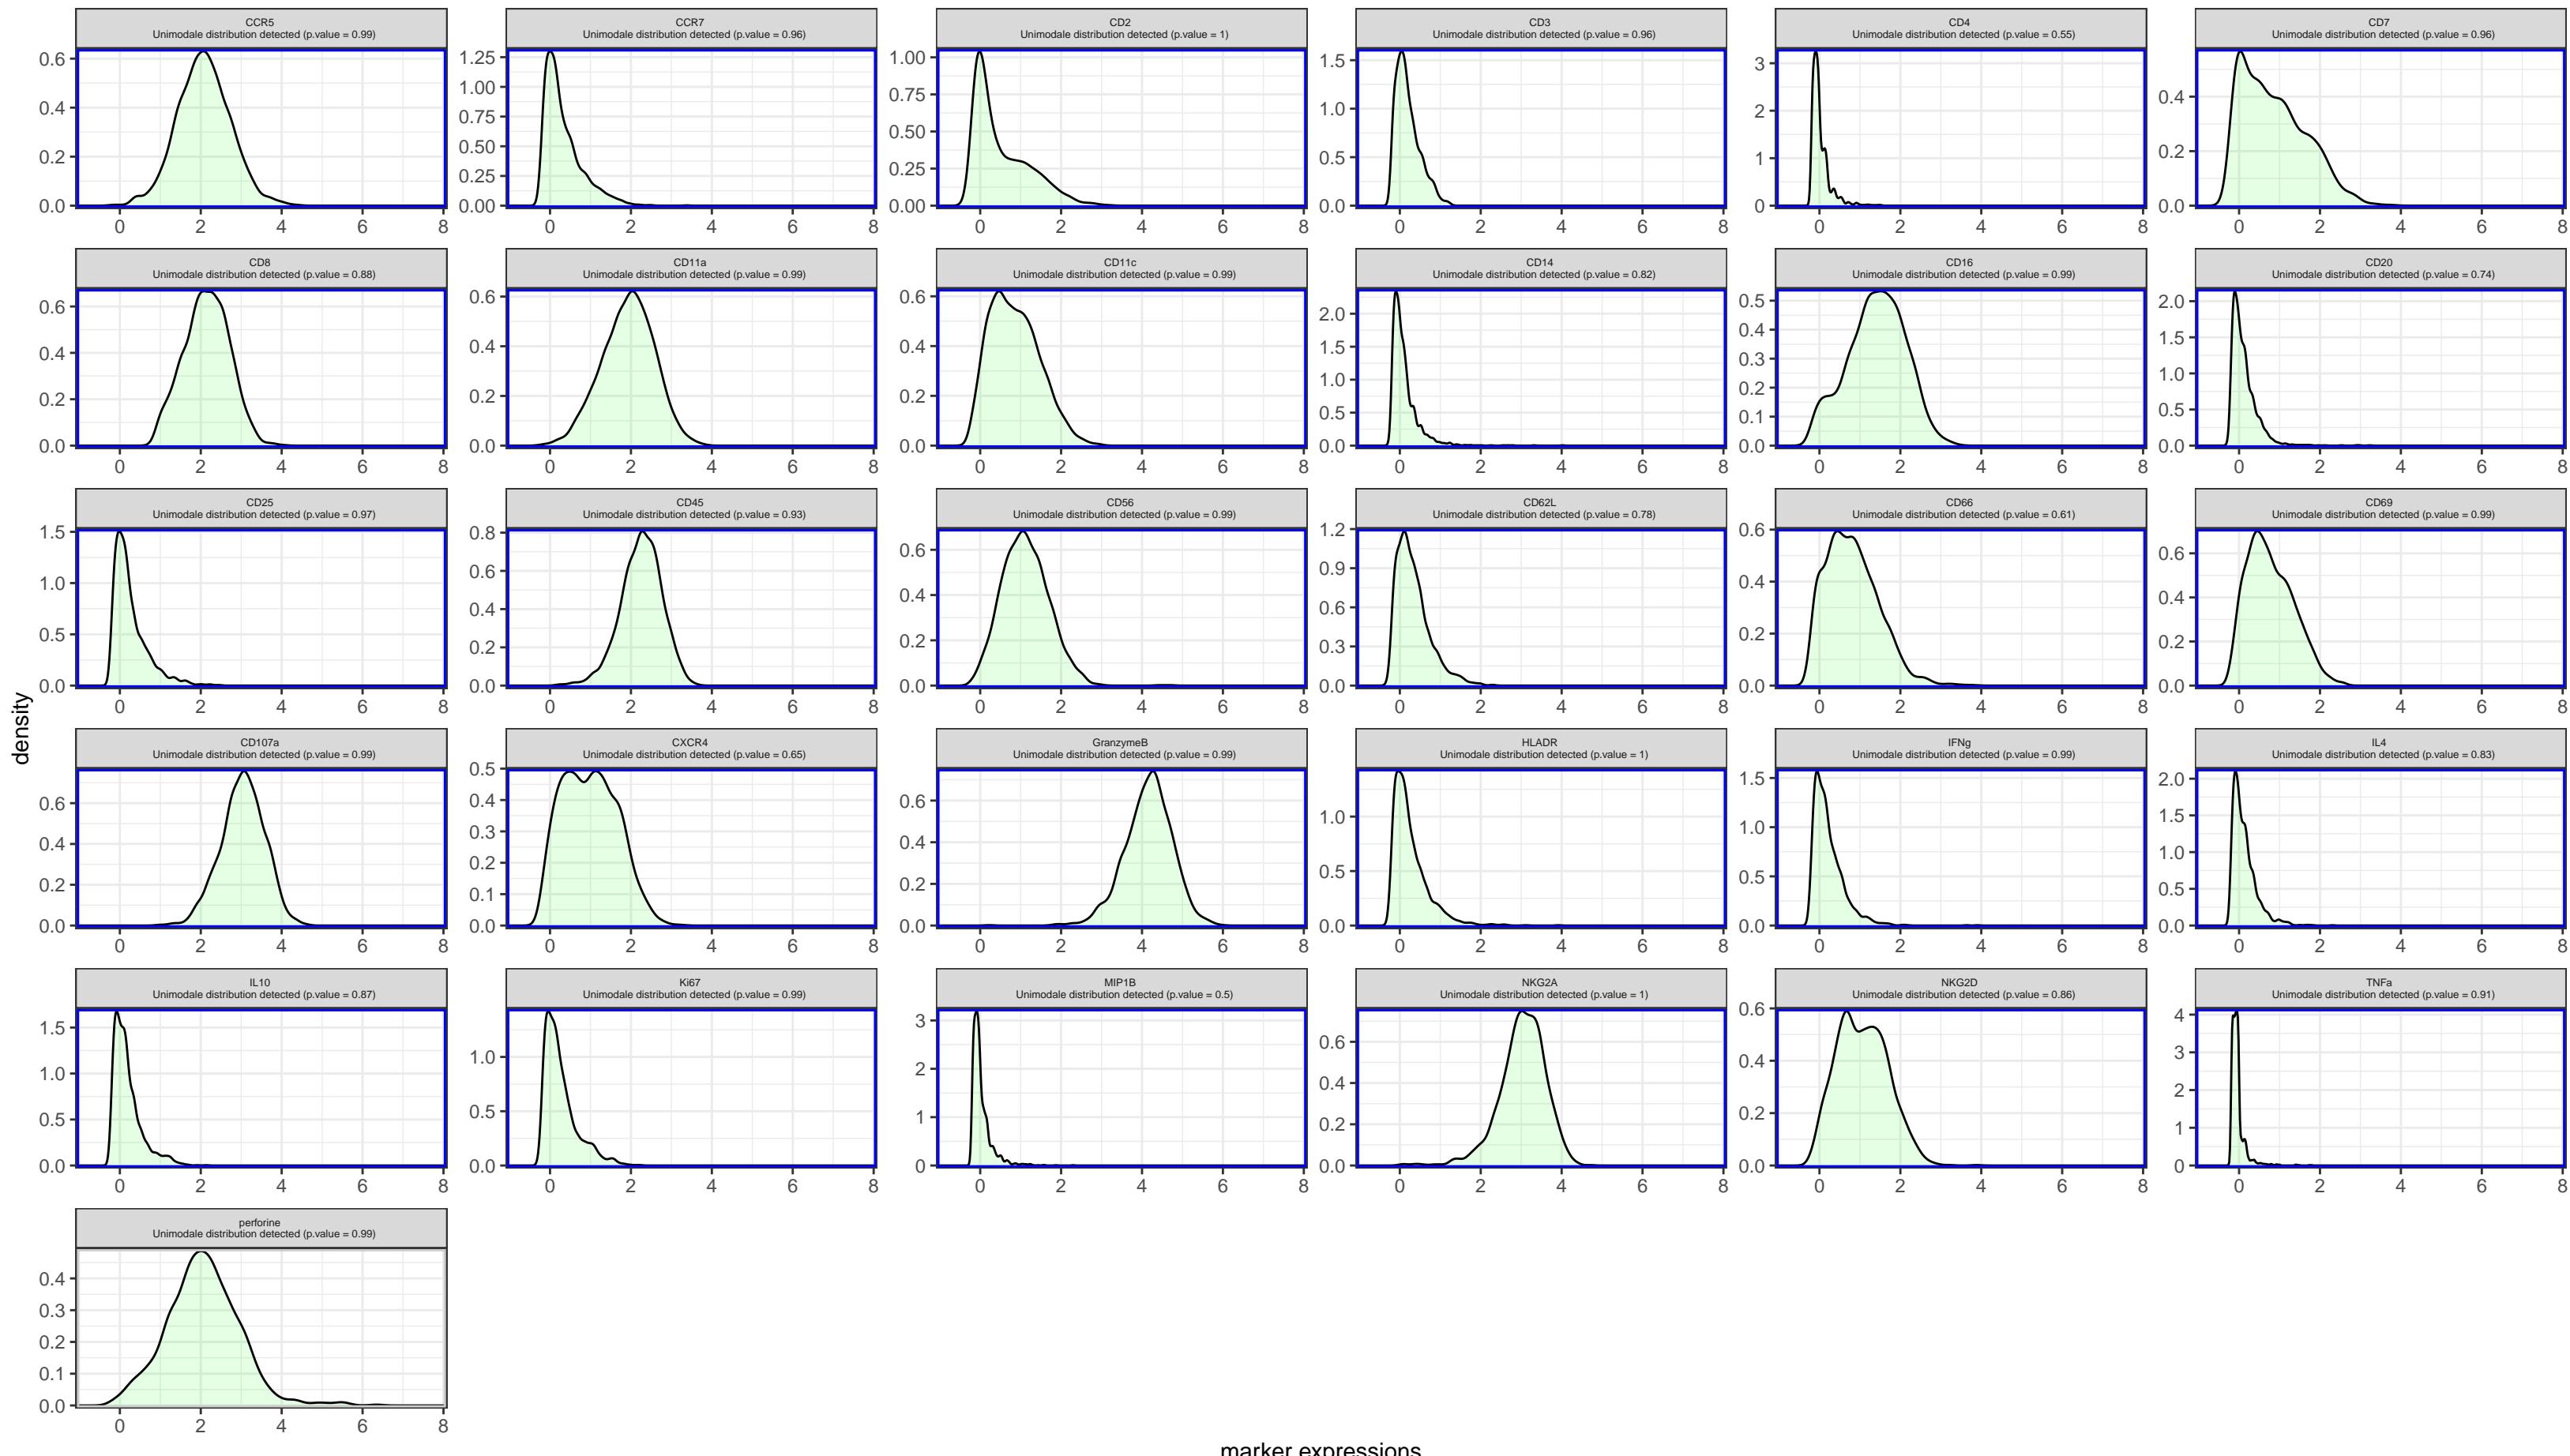

Densities of marker expressions for cluster : 86 (9 717 cells)

Densities of marker expressions for cluster : 87 (2 367 cells)

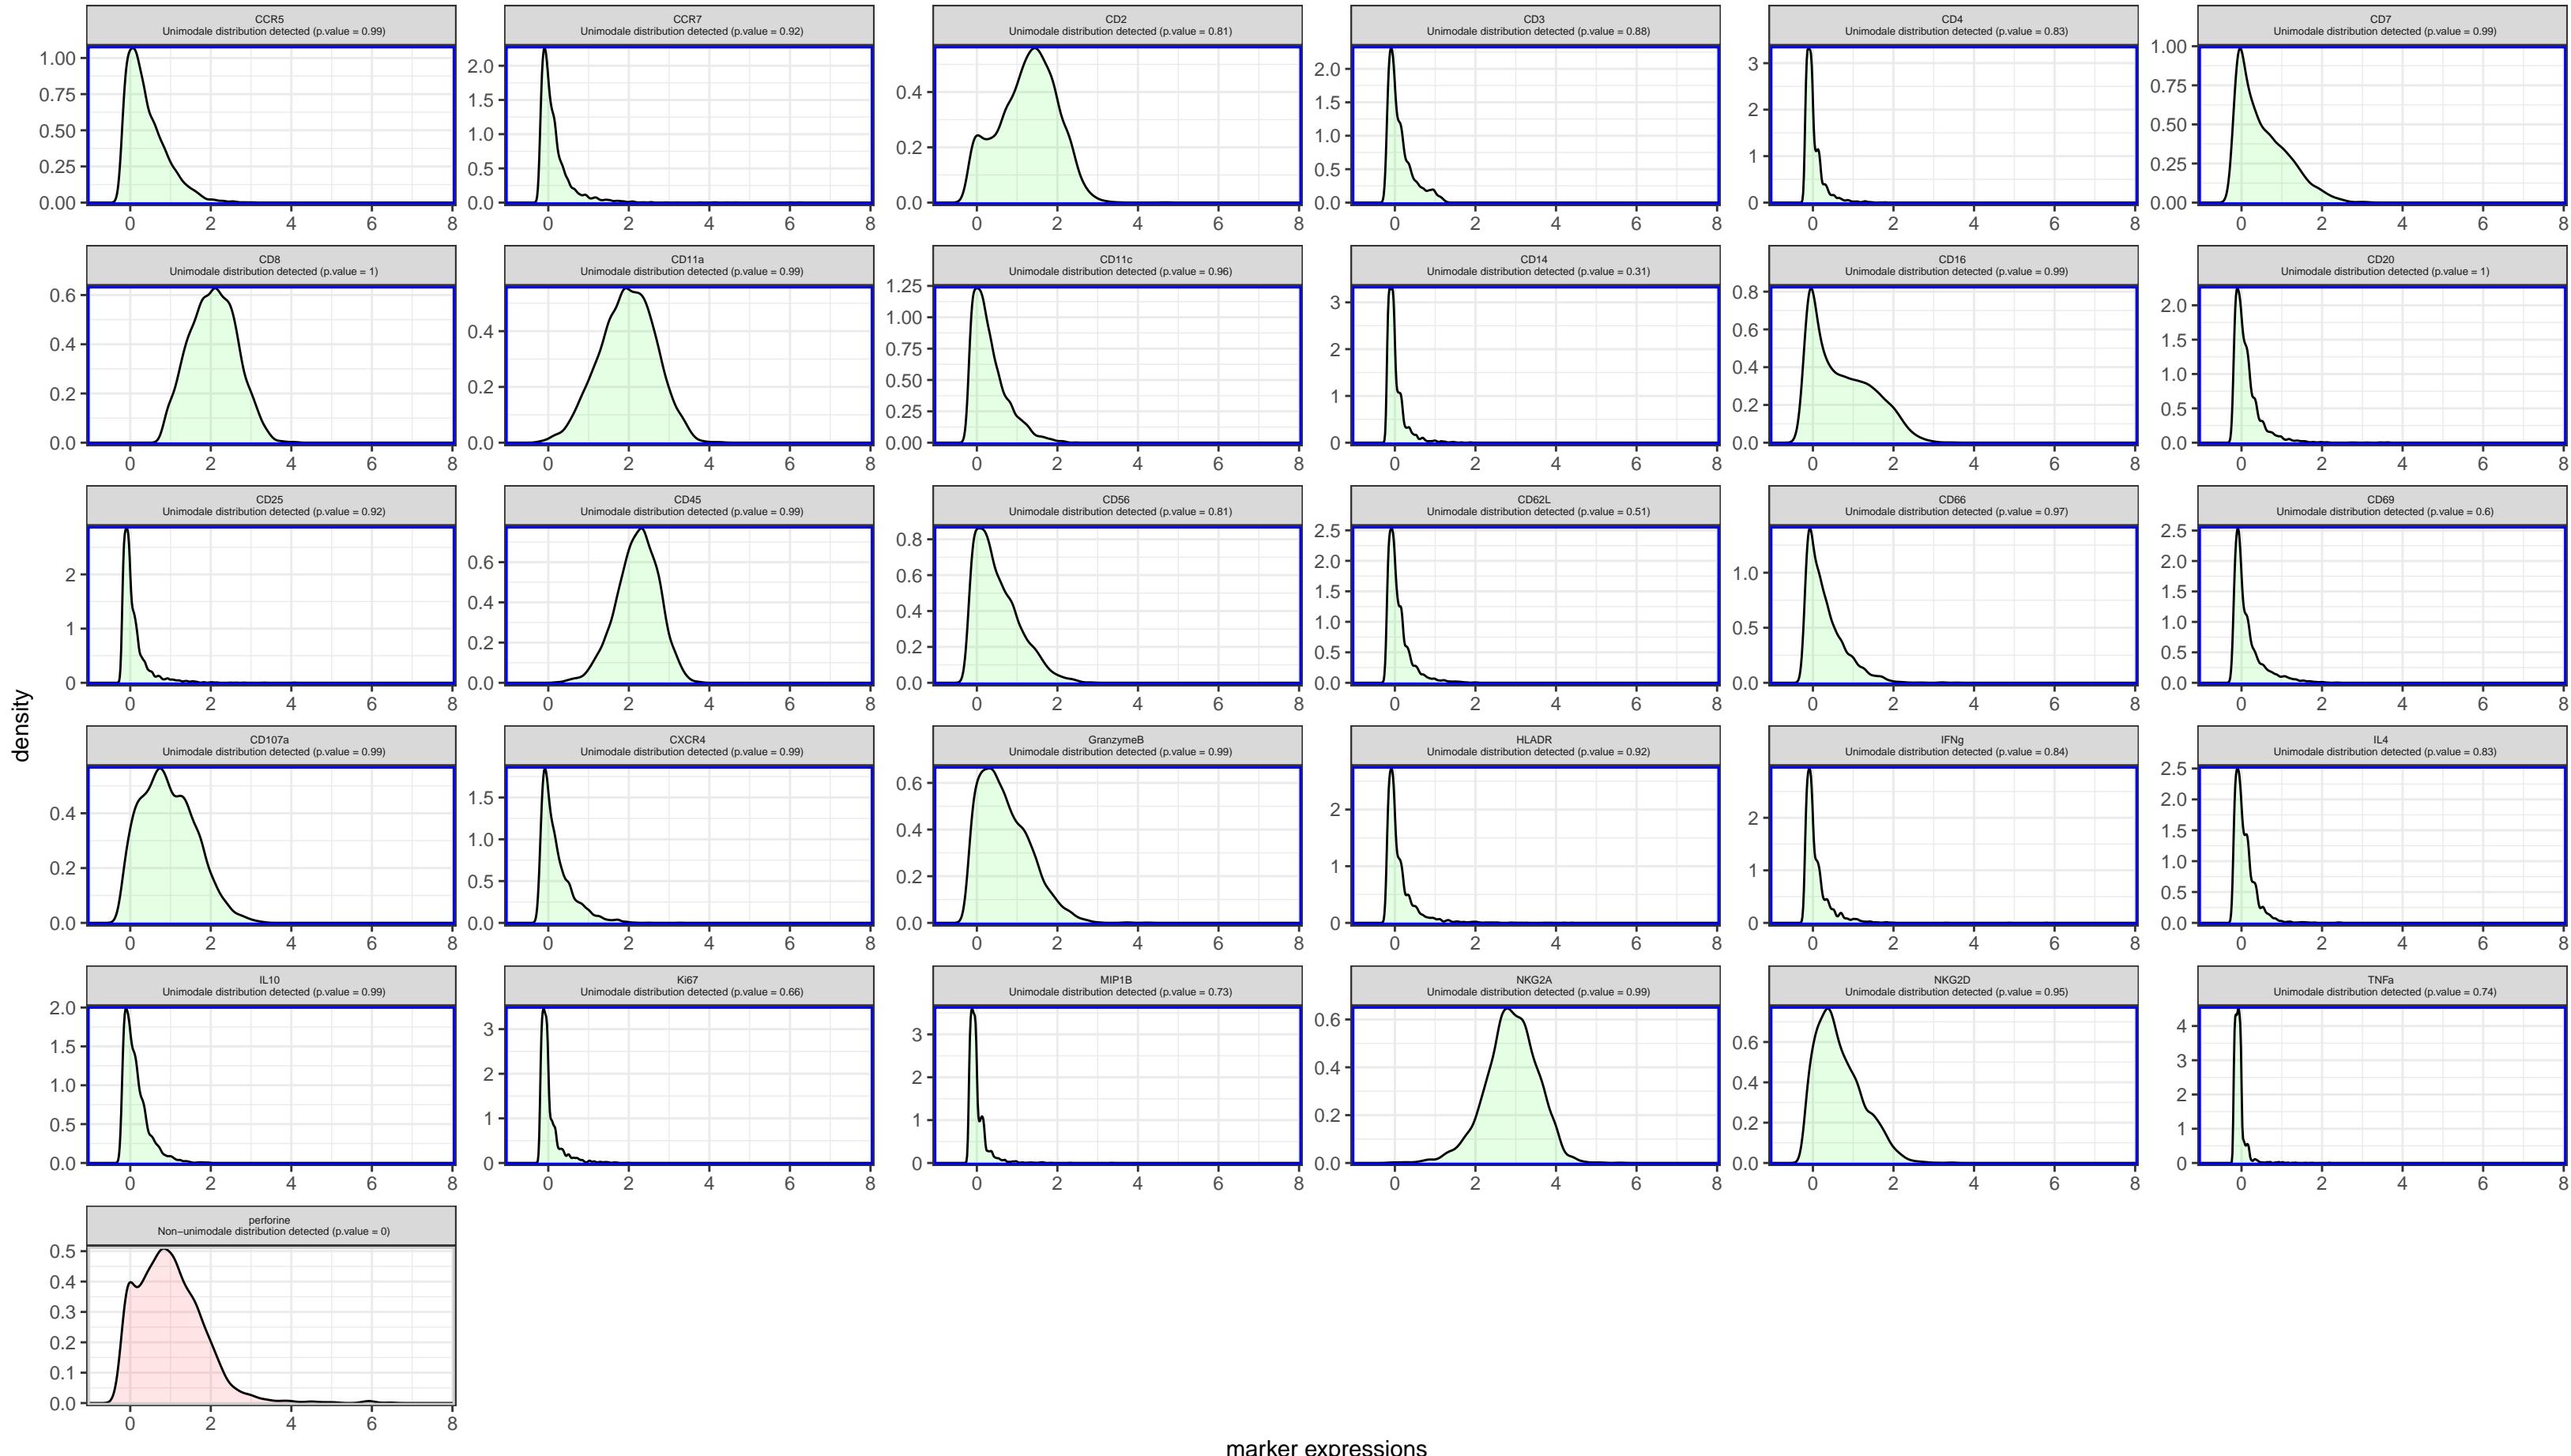

Densities of marker expressions for cluster : 88 (1 898 cells)

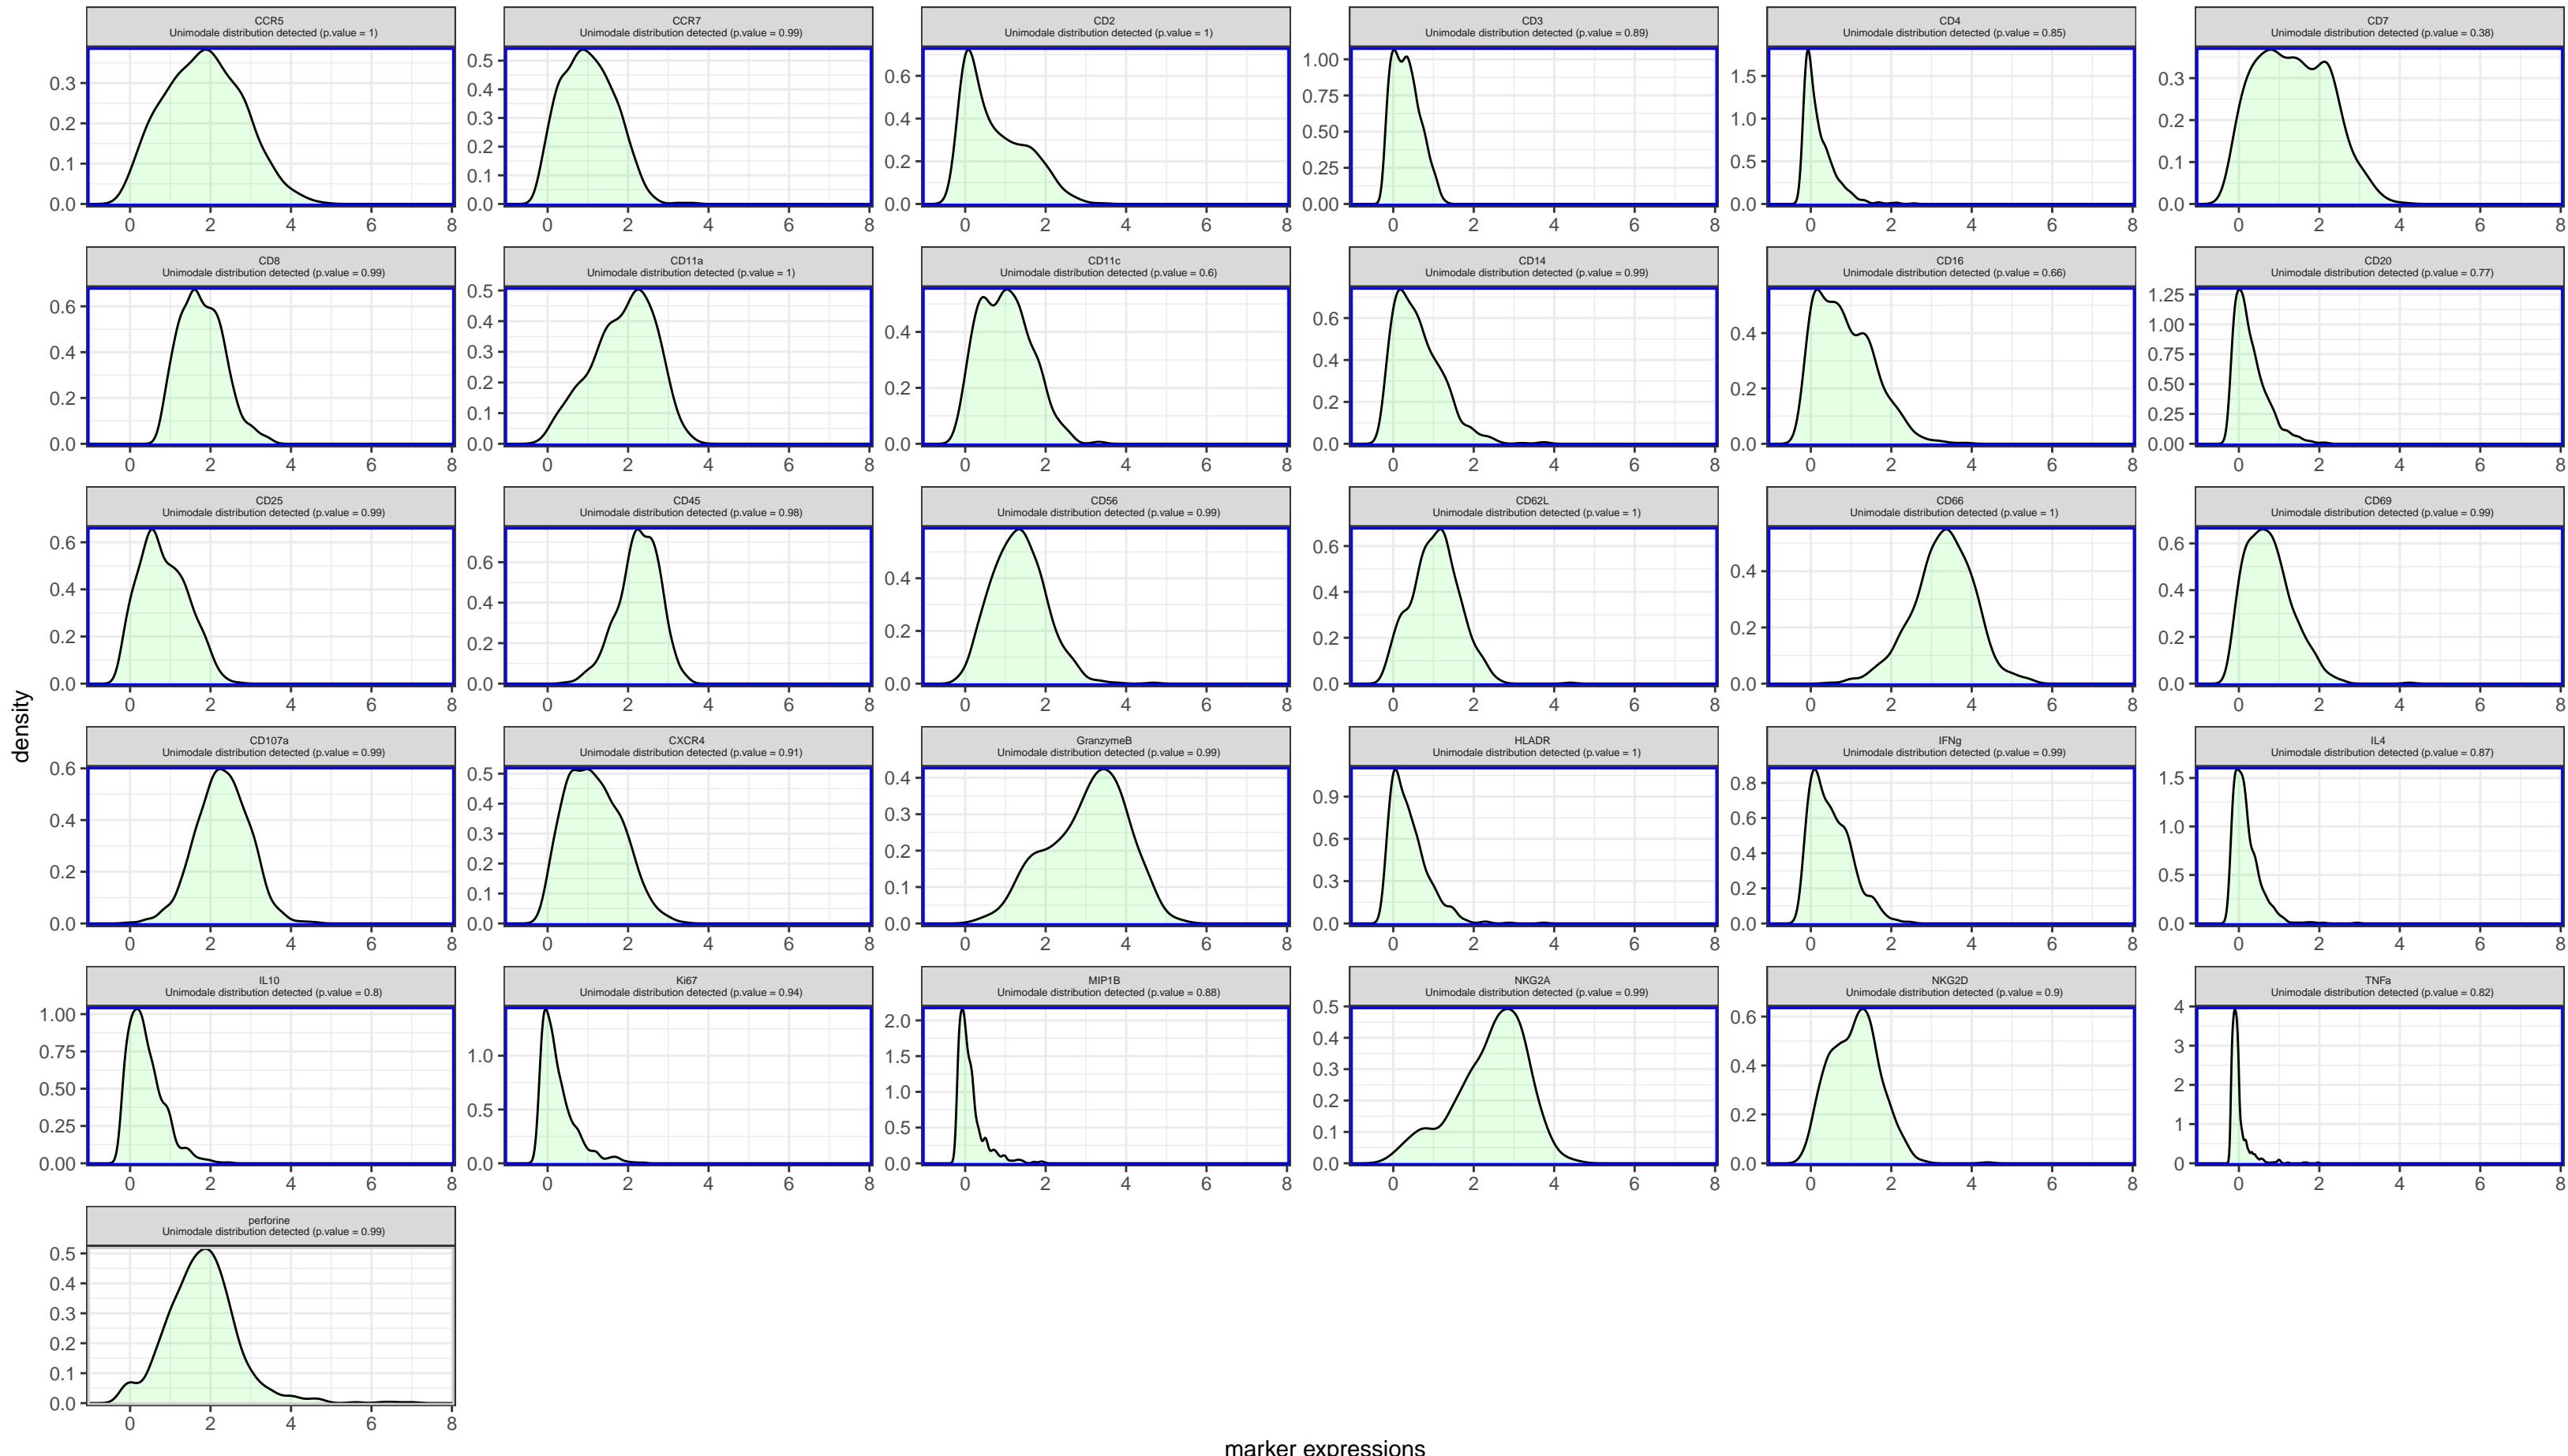

marker expressions

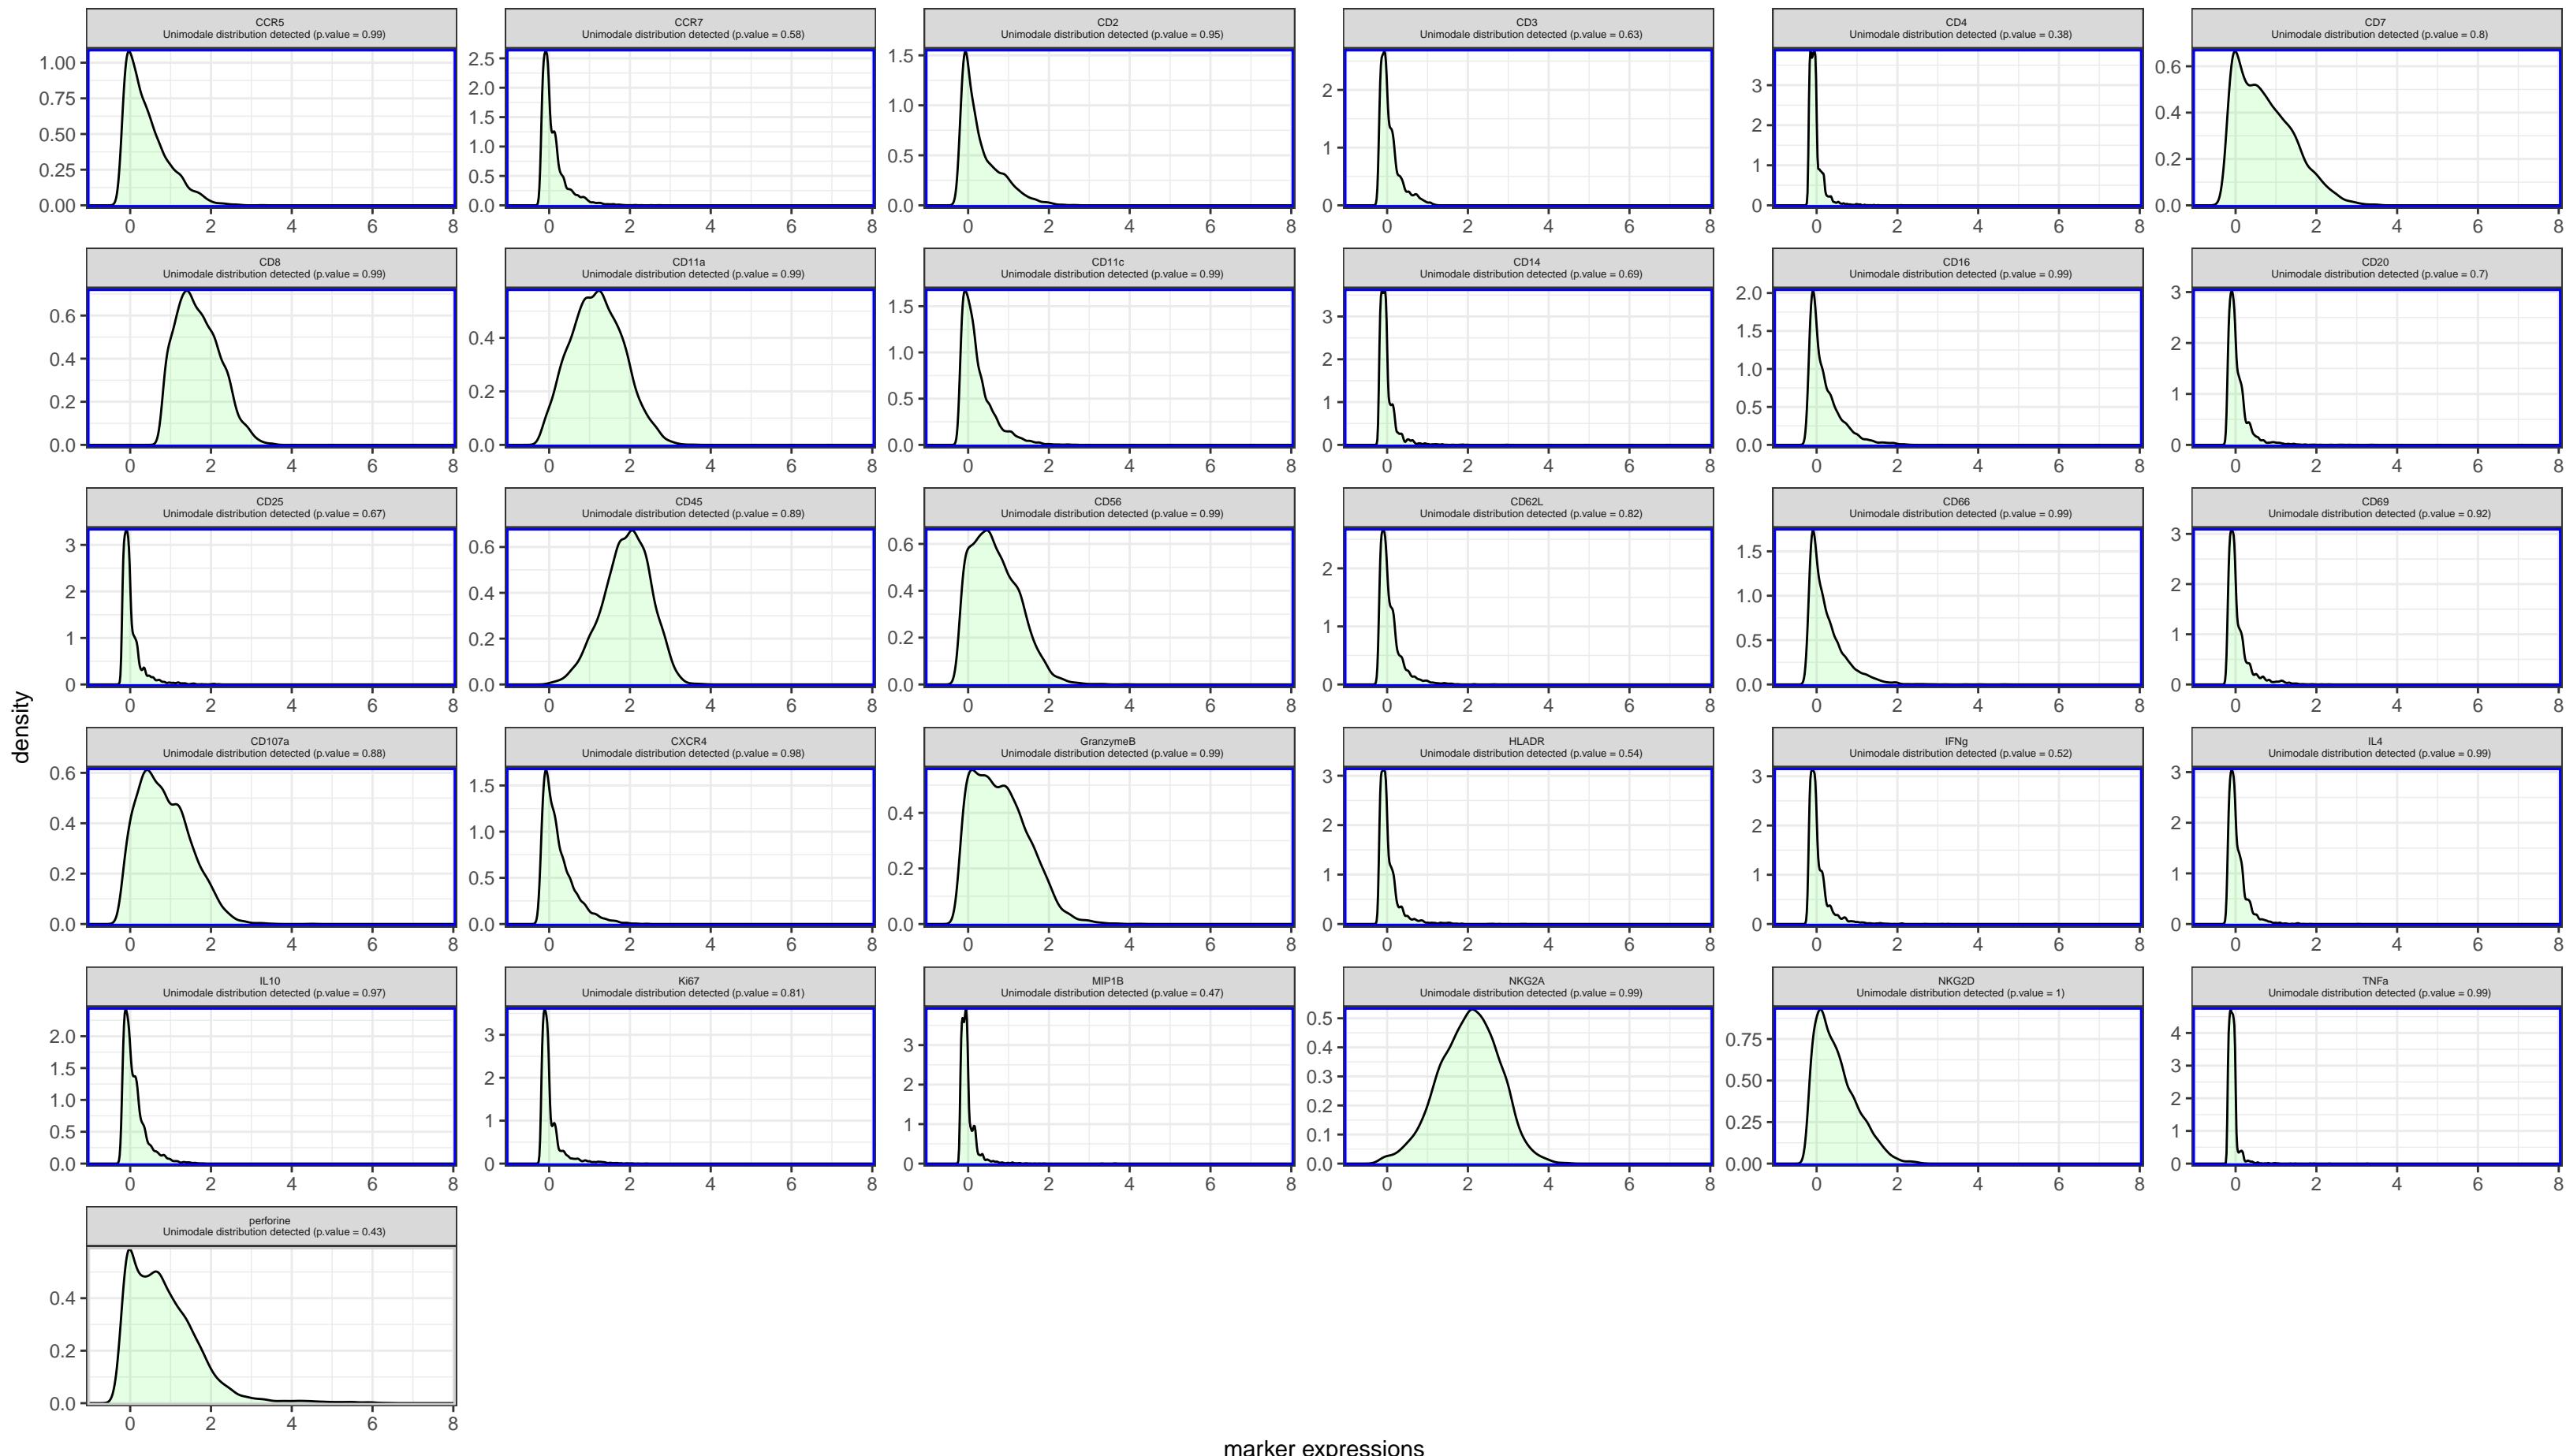

Densities of marker expressions for cluster : 89 (3 899 cells)

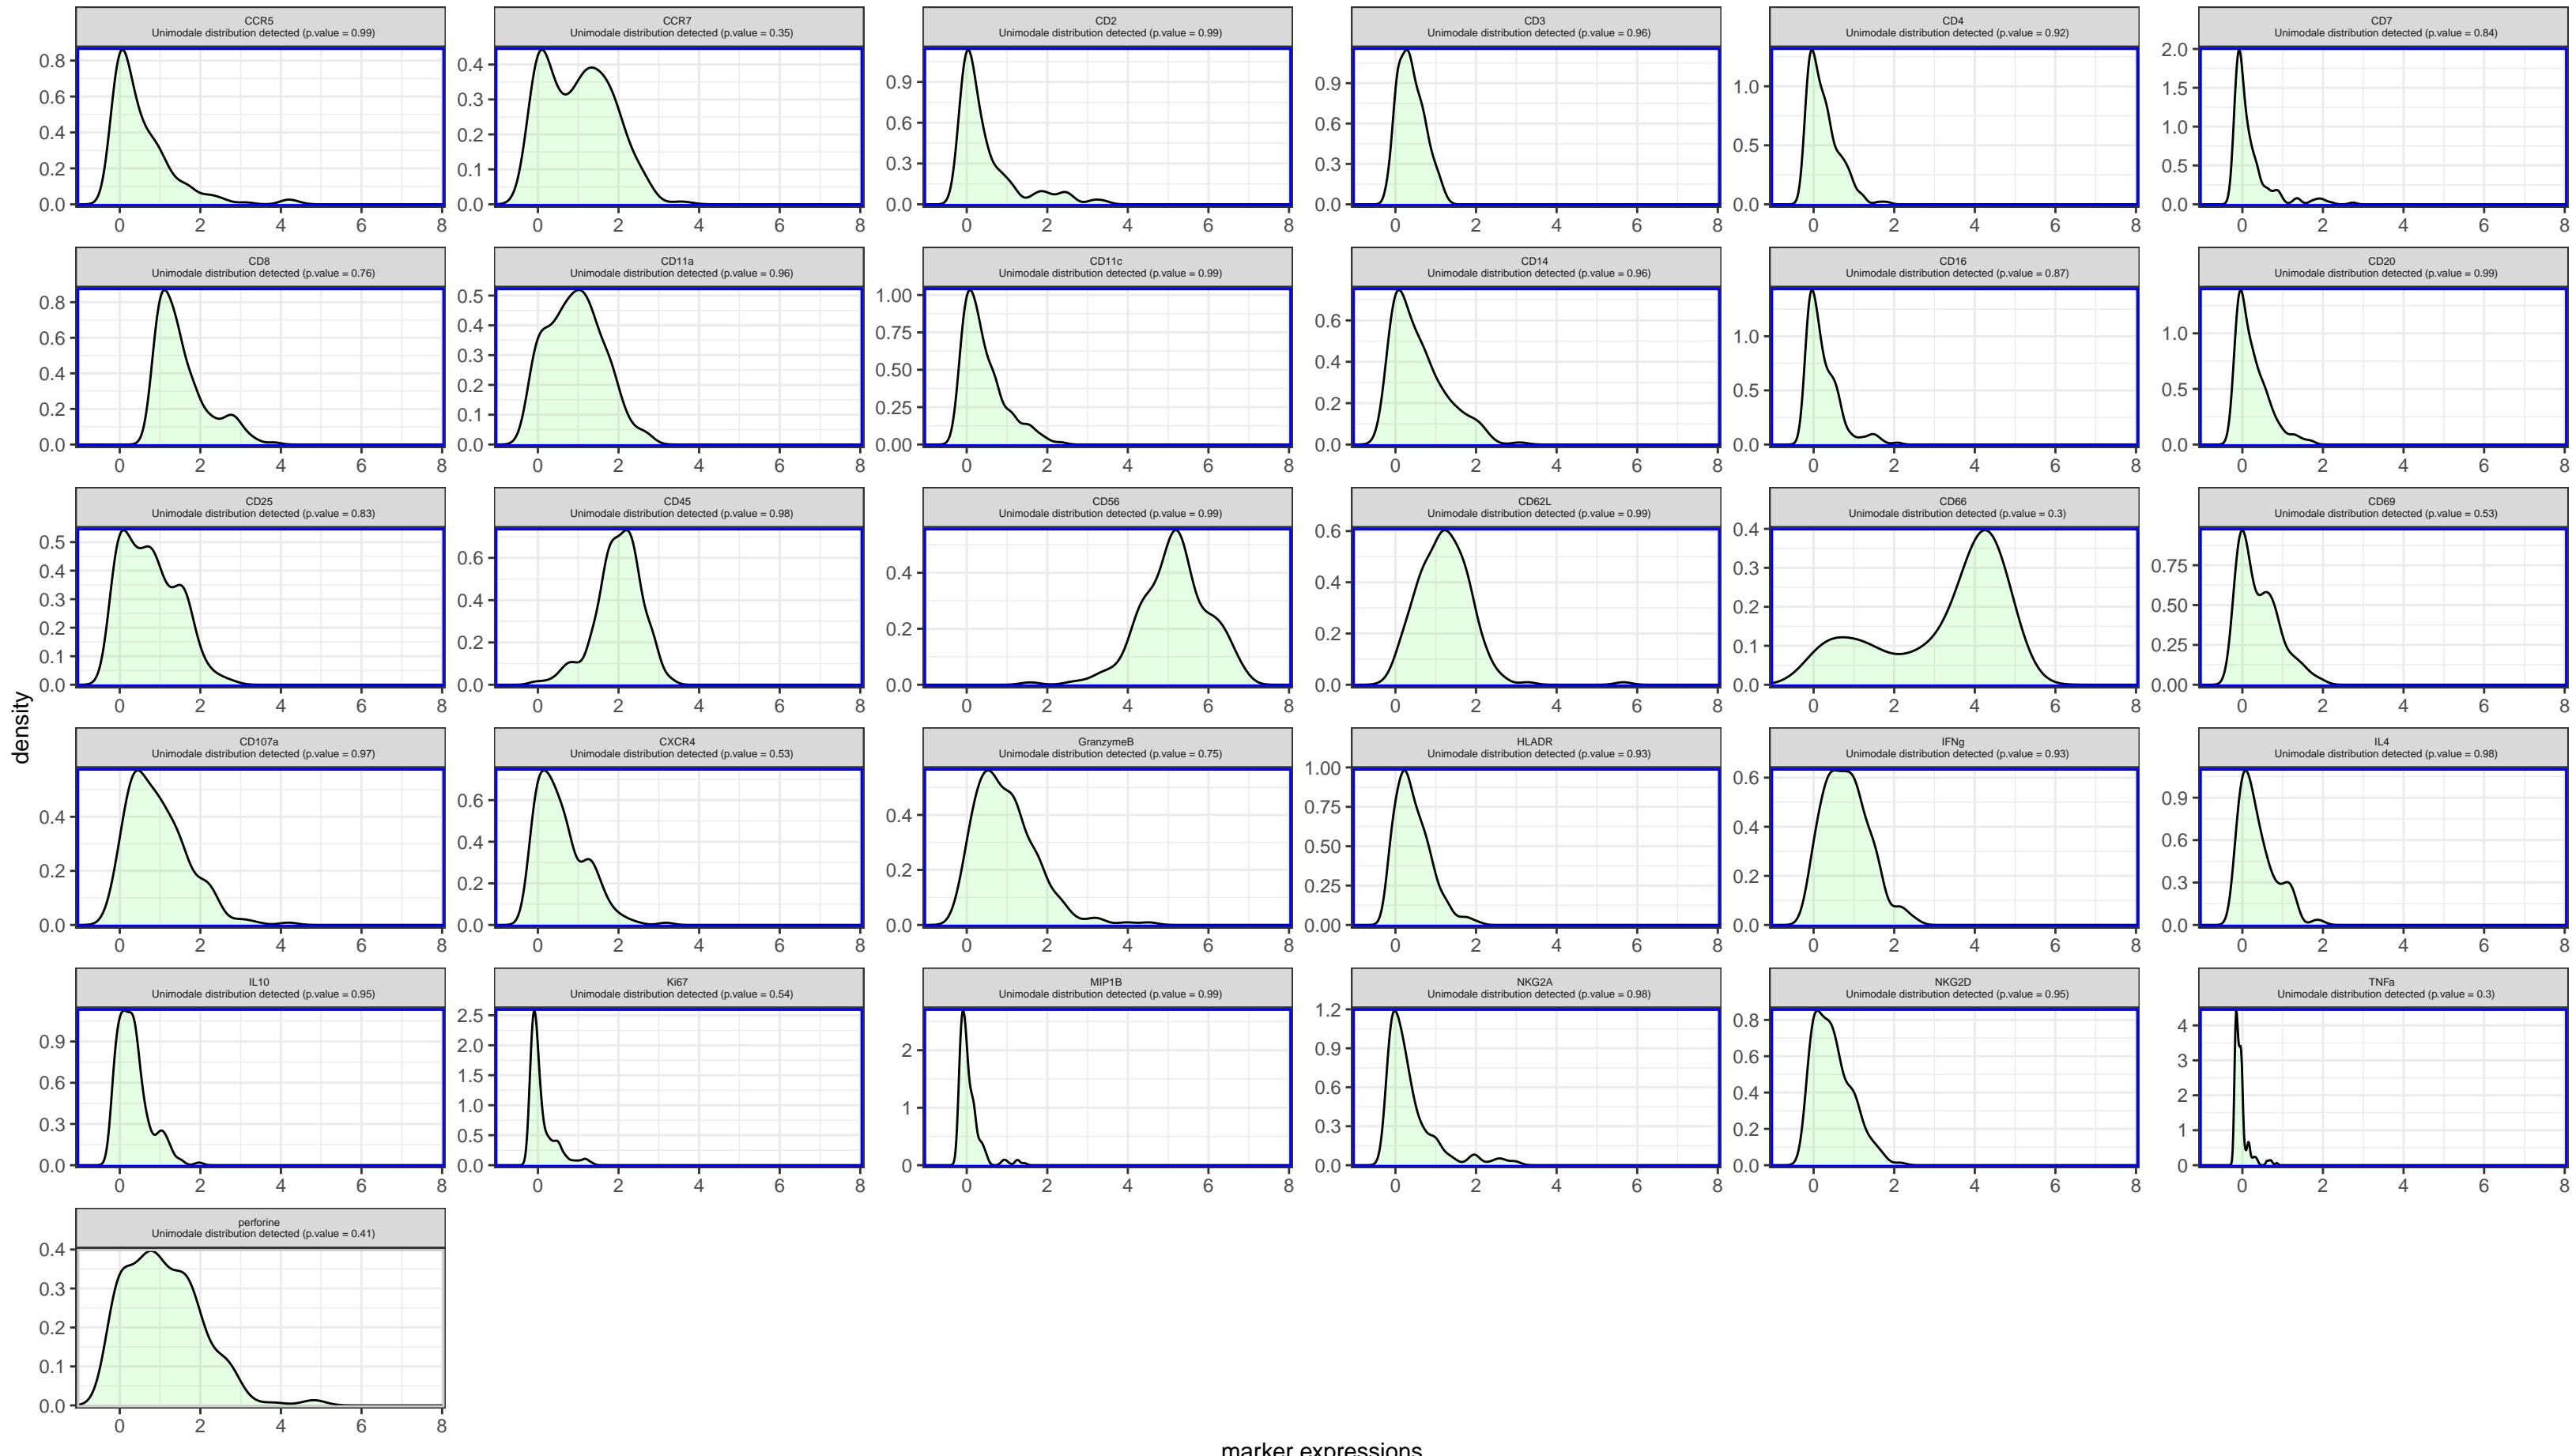

Densities of marker expressions for cluster : 90 (717 cells)

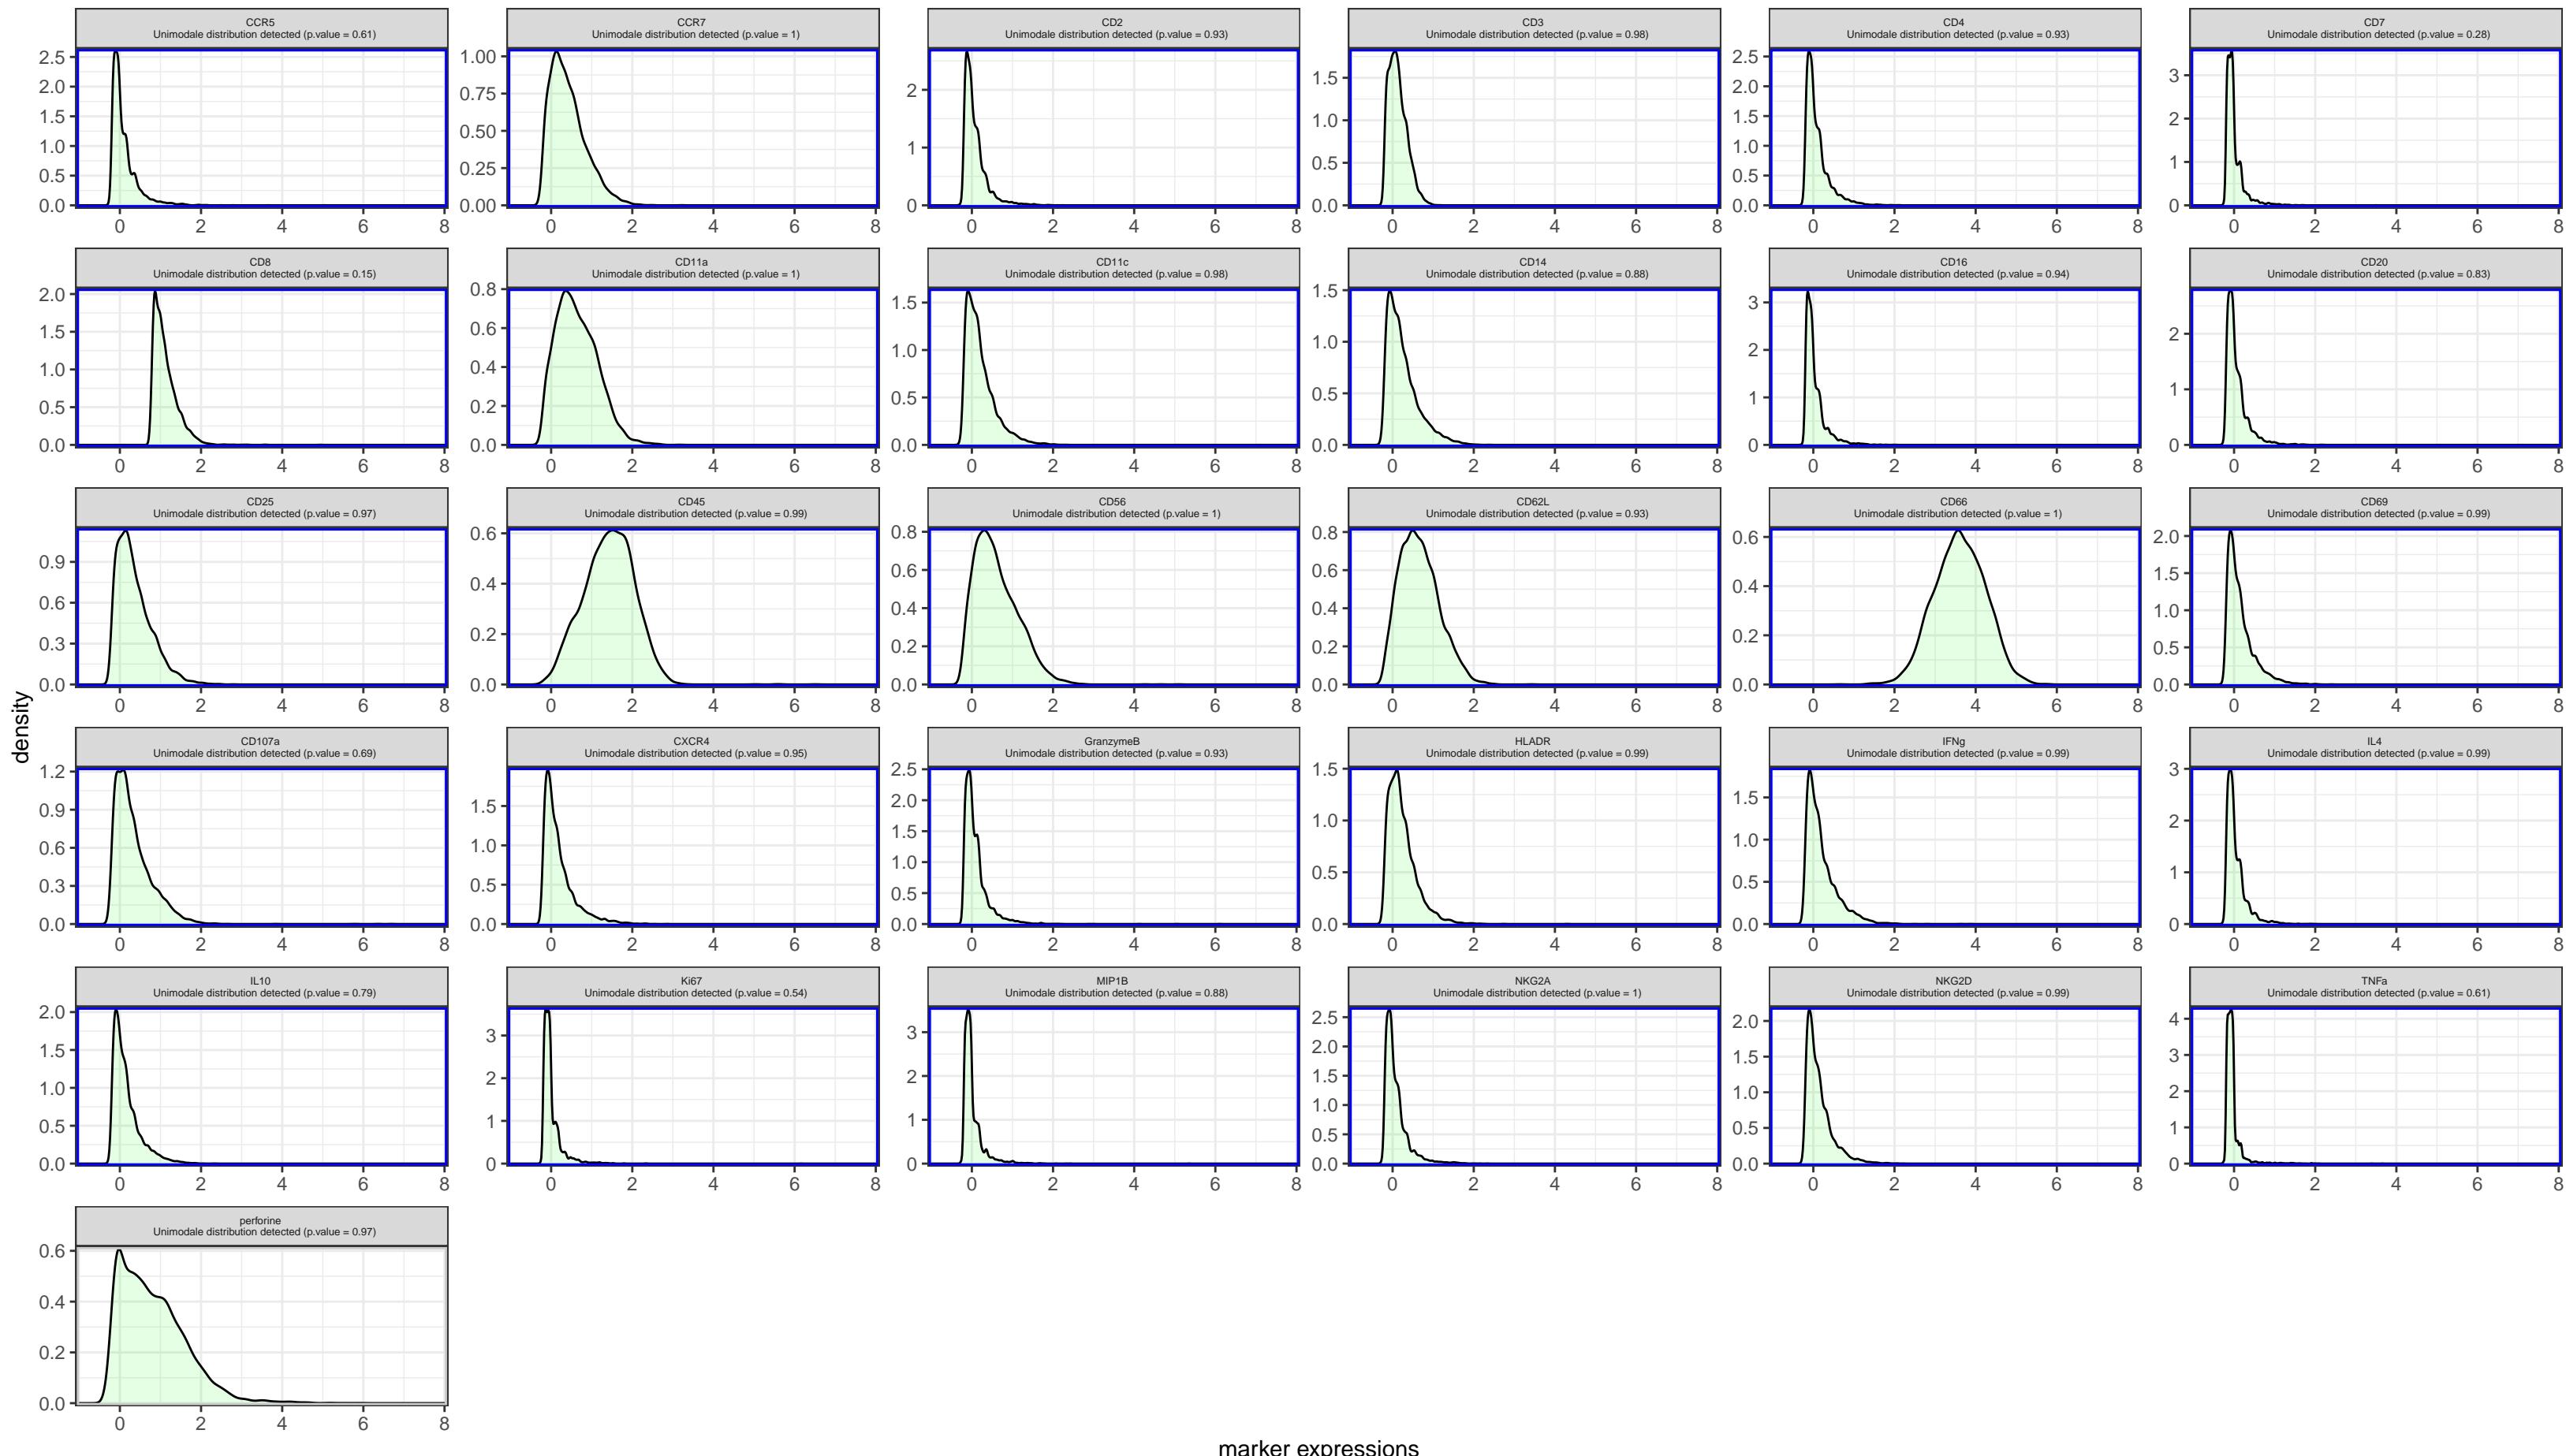

Densities of marker expressions for cluster : 91 (4 438 cells)

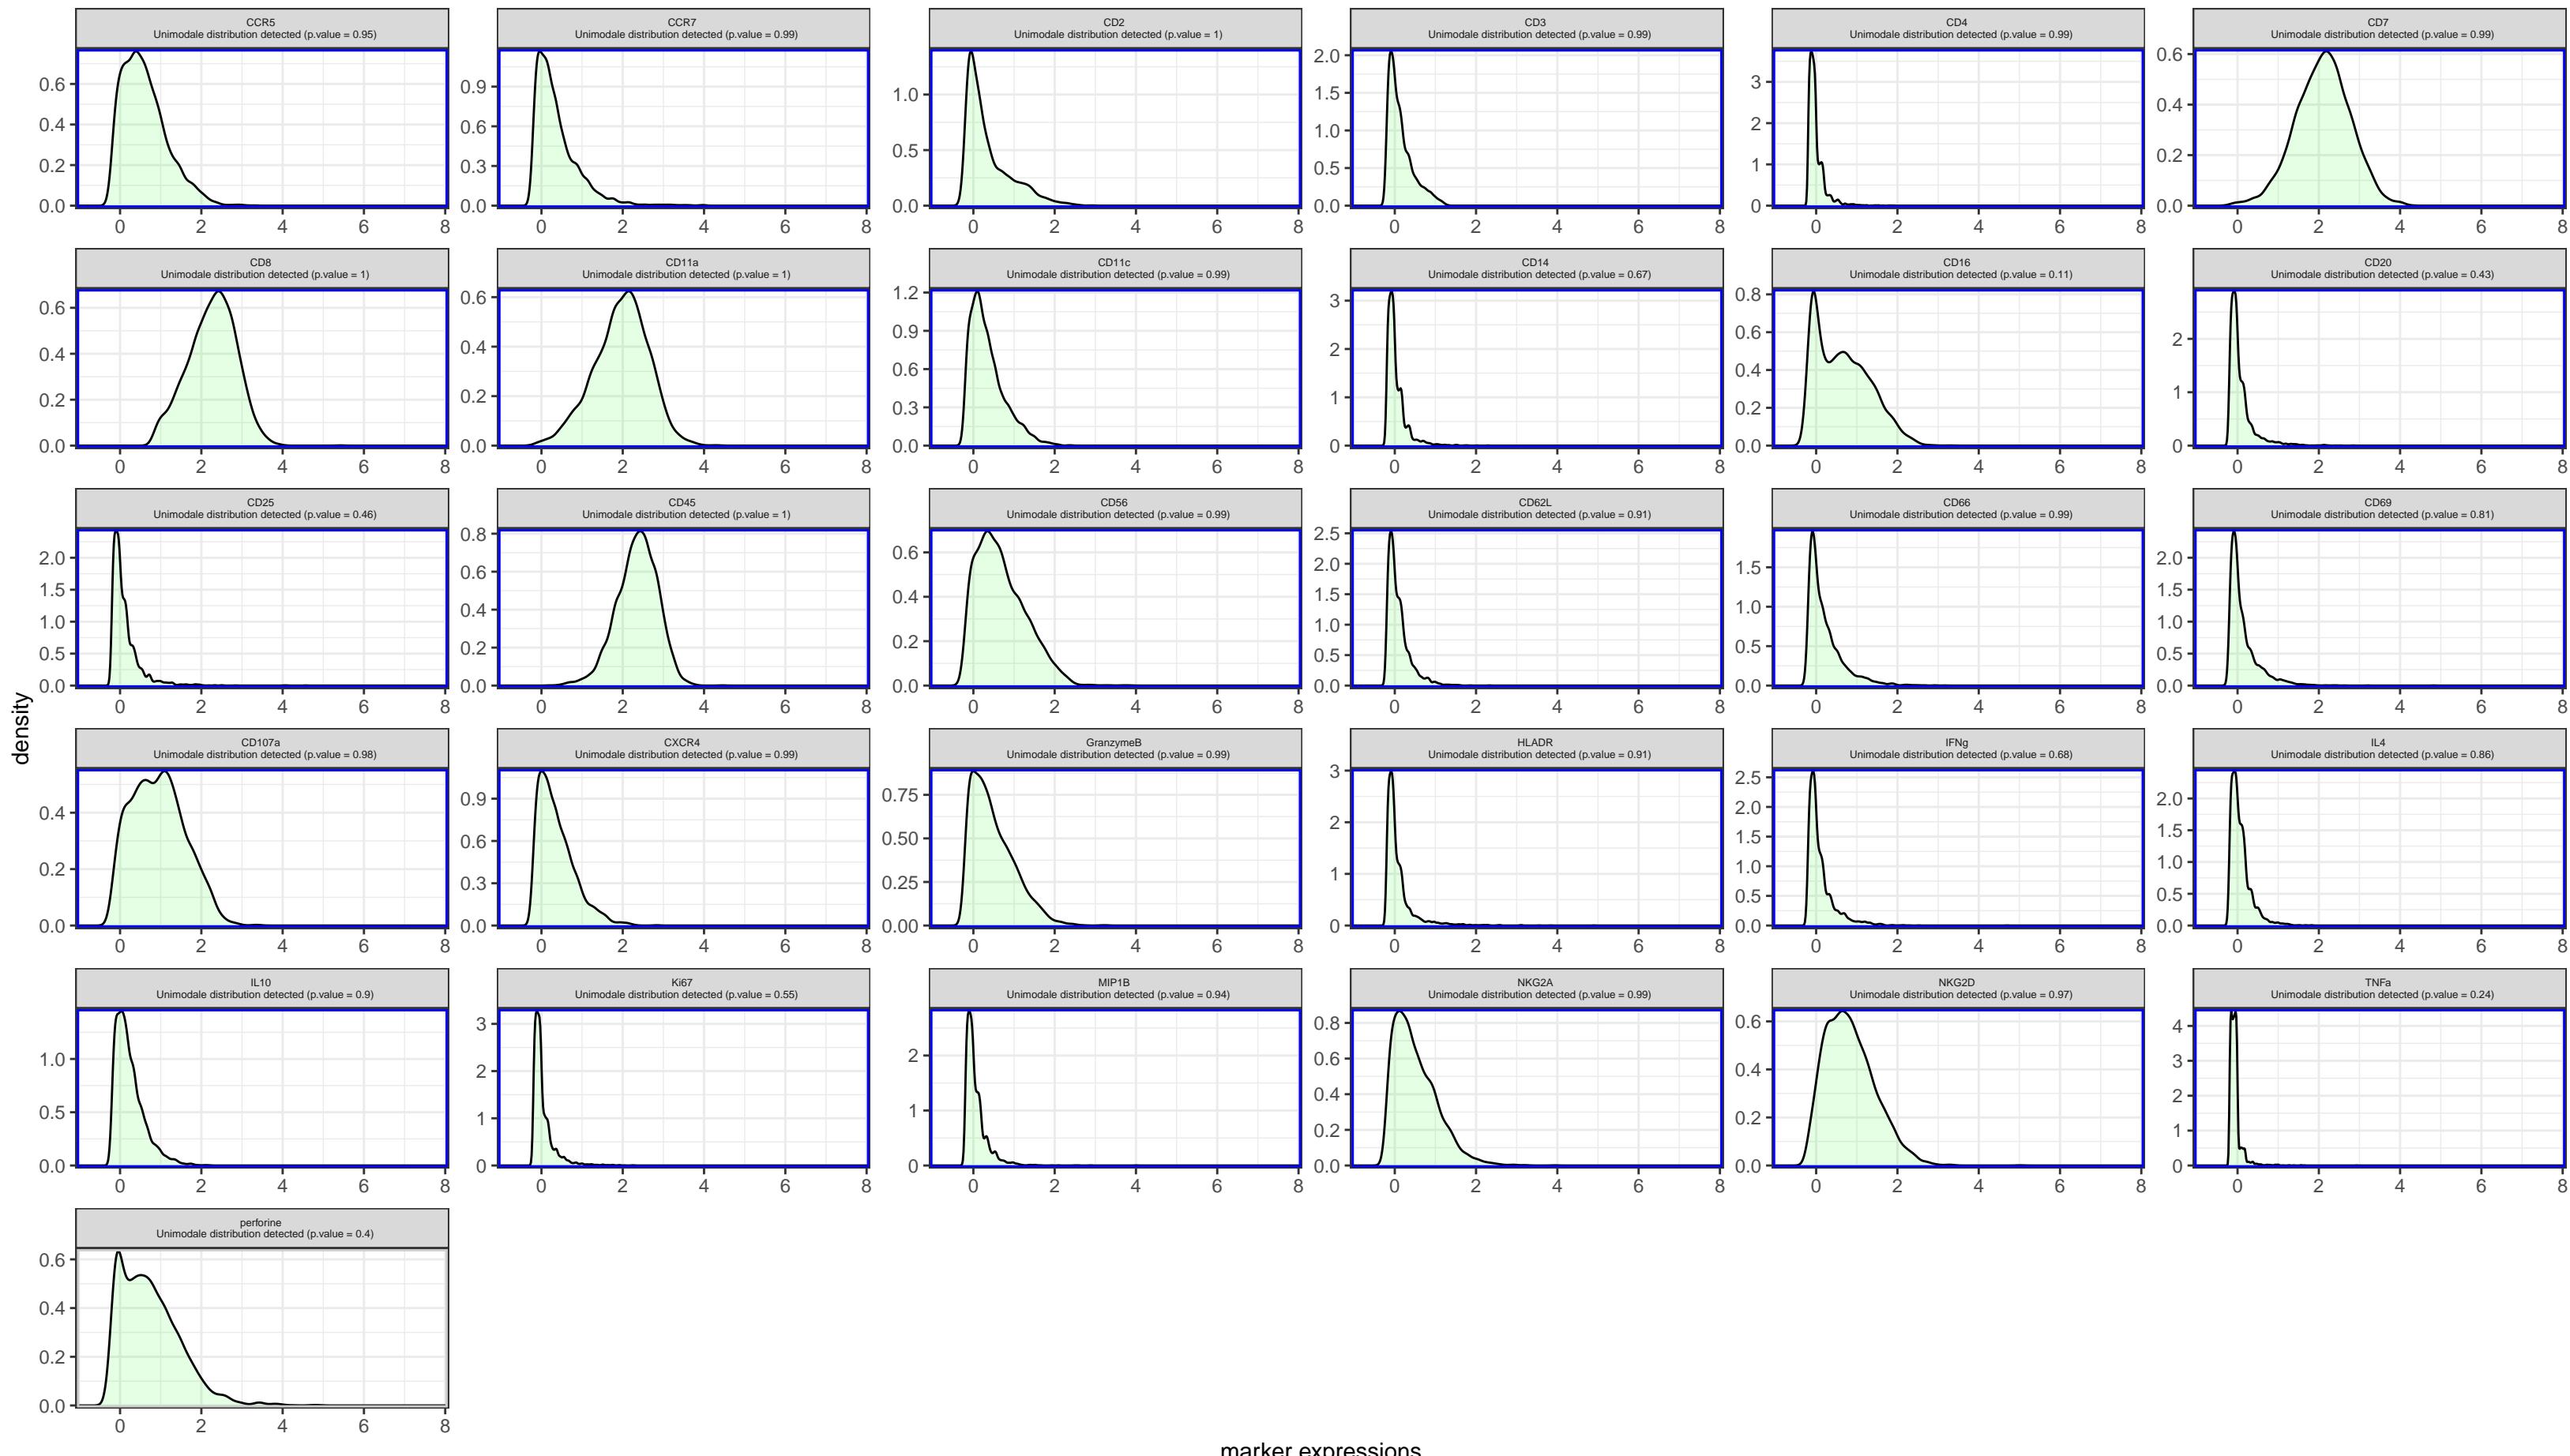

Densities of marker expressions for cluster : 92 (203 cells)

Densities of marker expressions for cluster : 93 (5 800 cells)

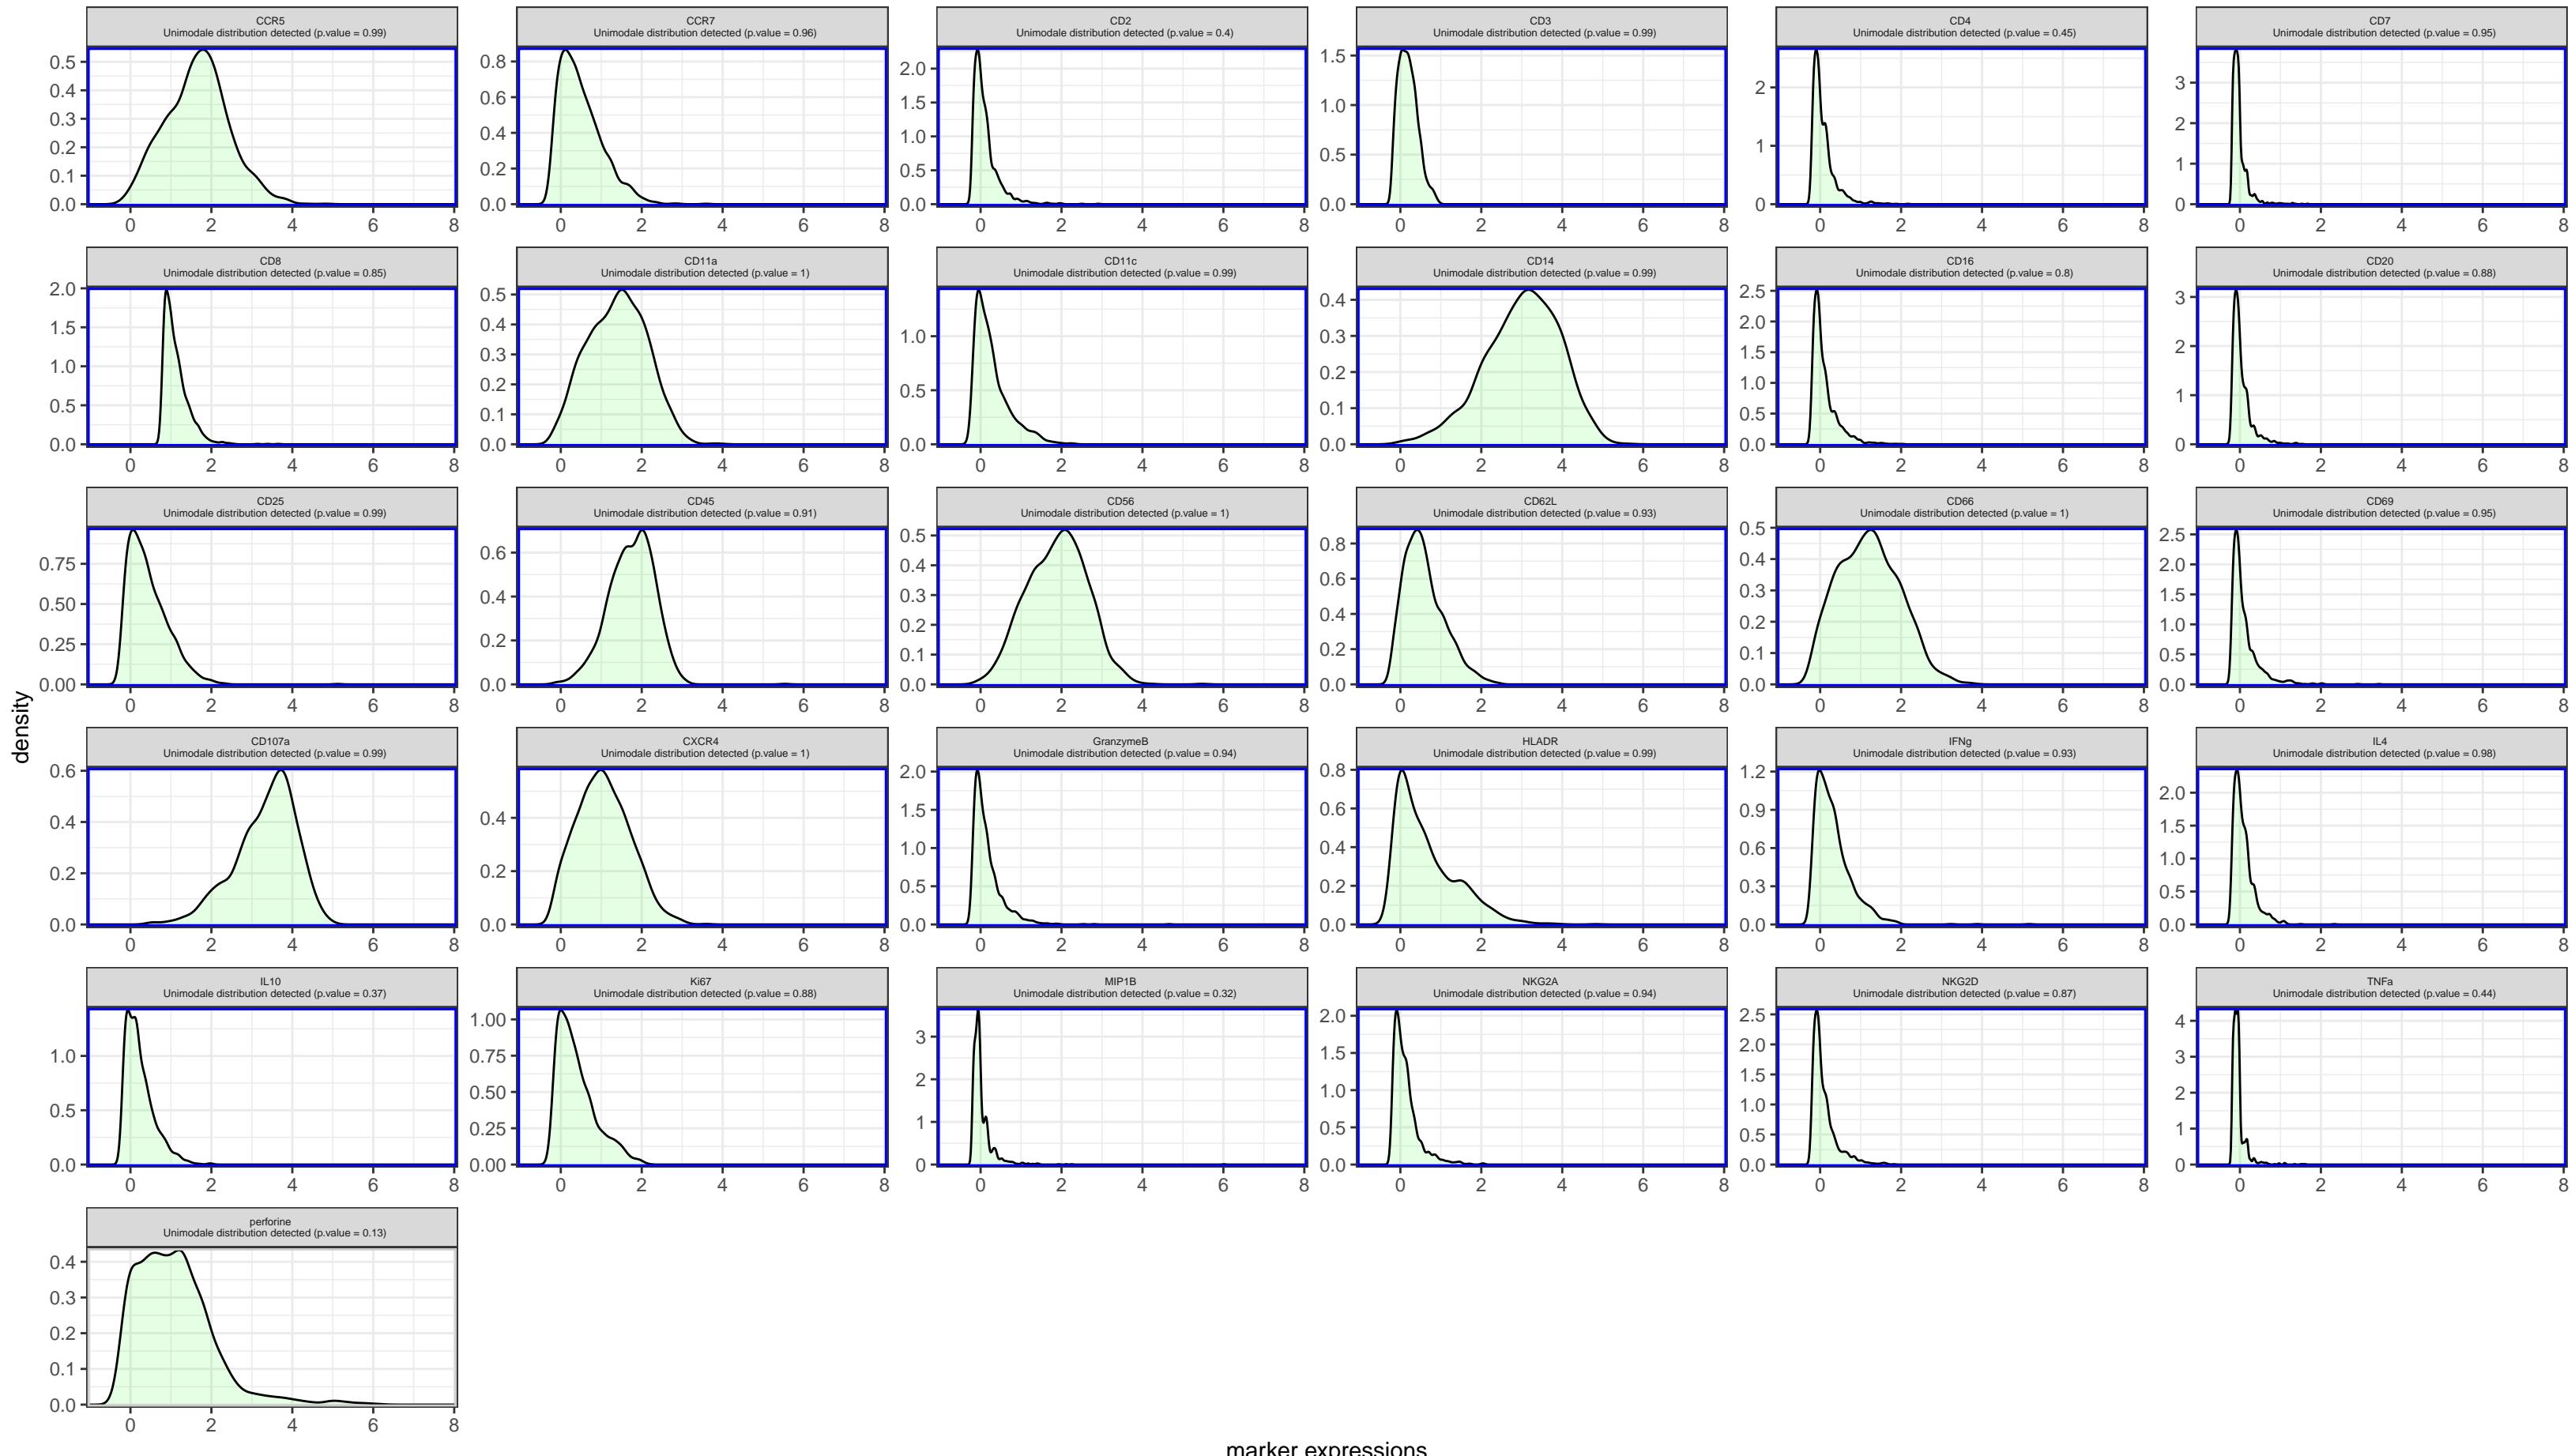

Densities of marker expressions for cluster : 94 (4 267 cells)

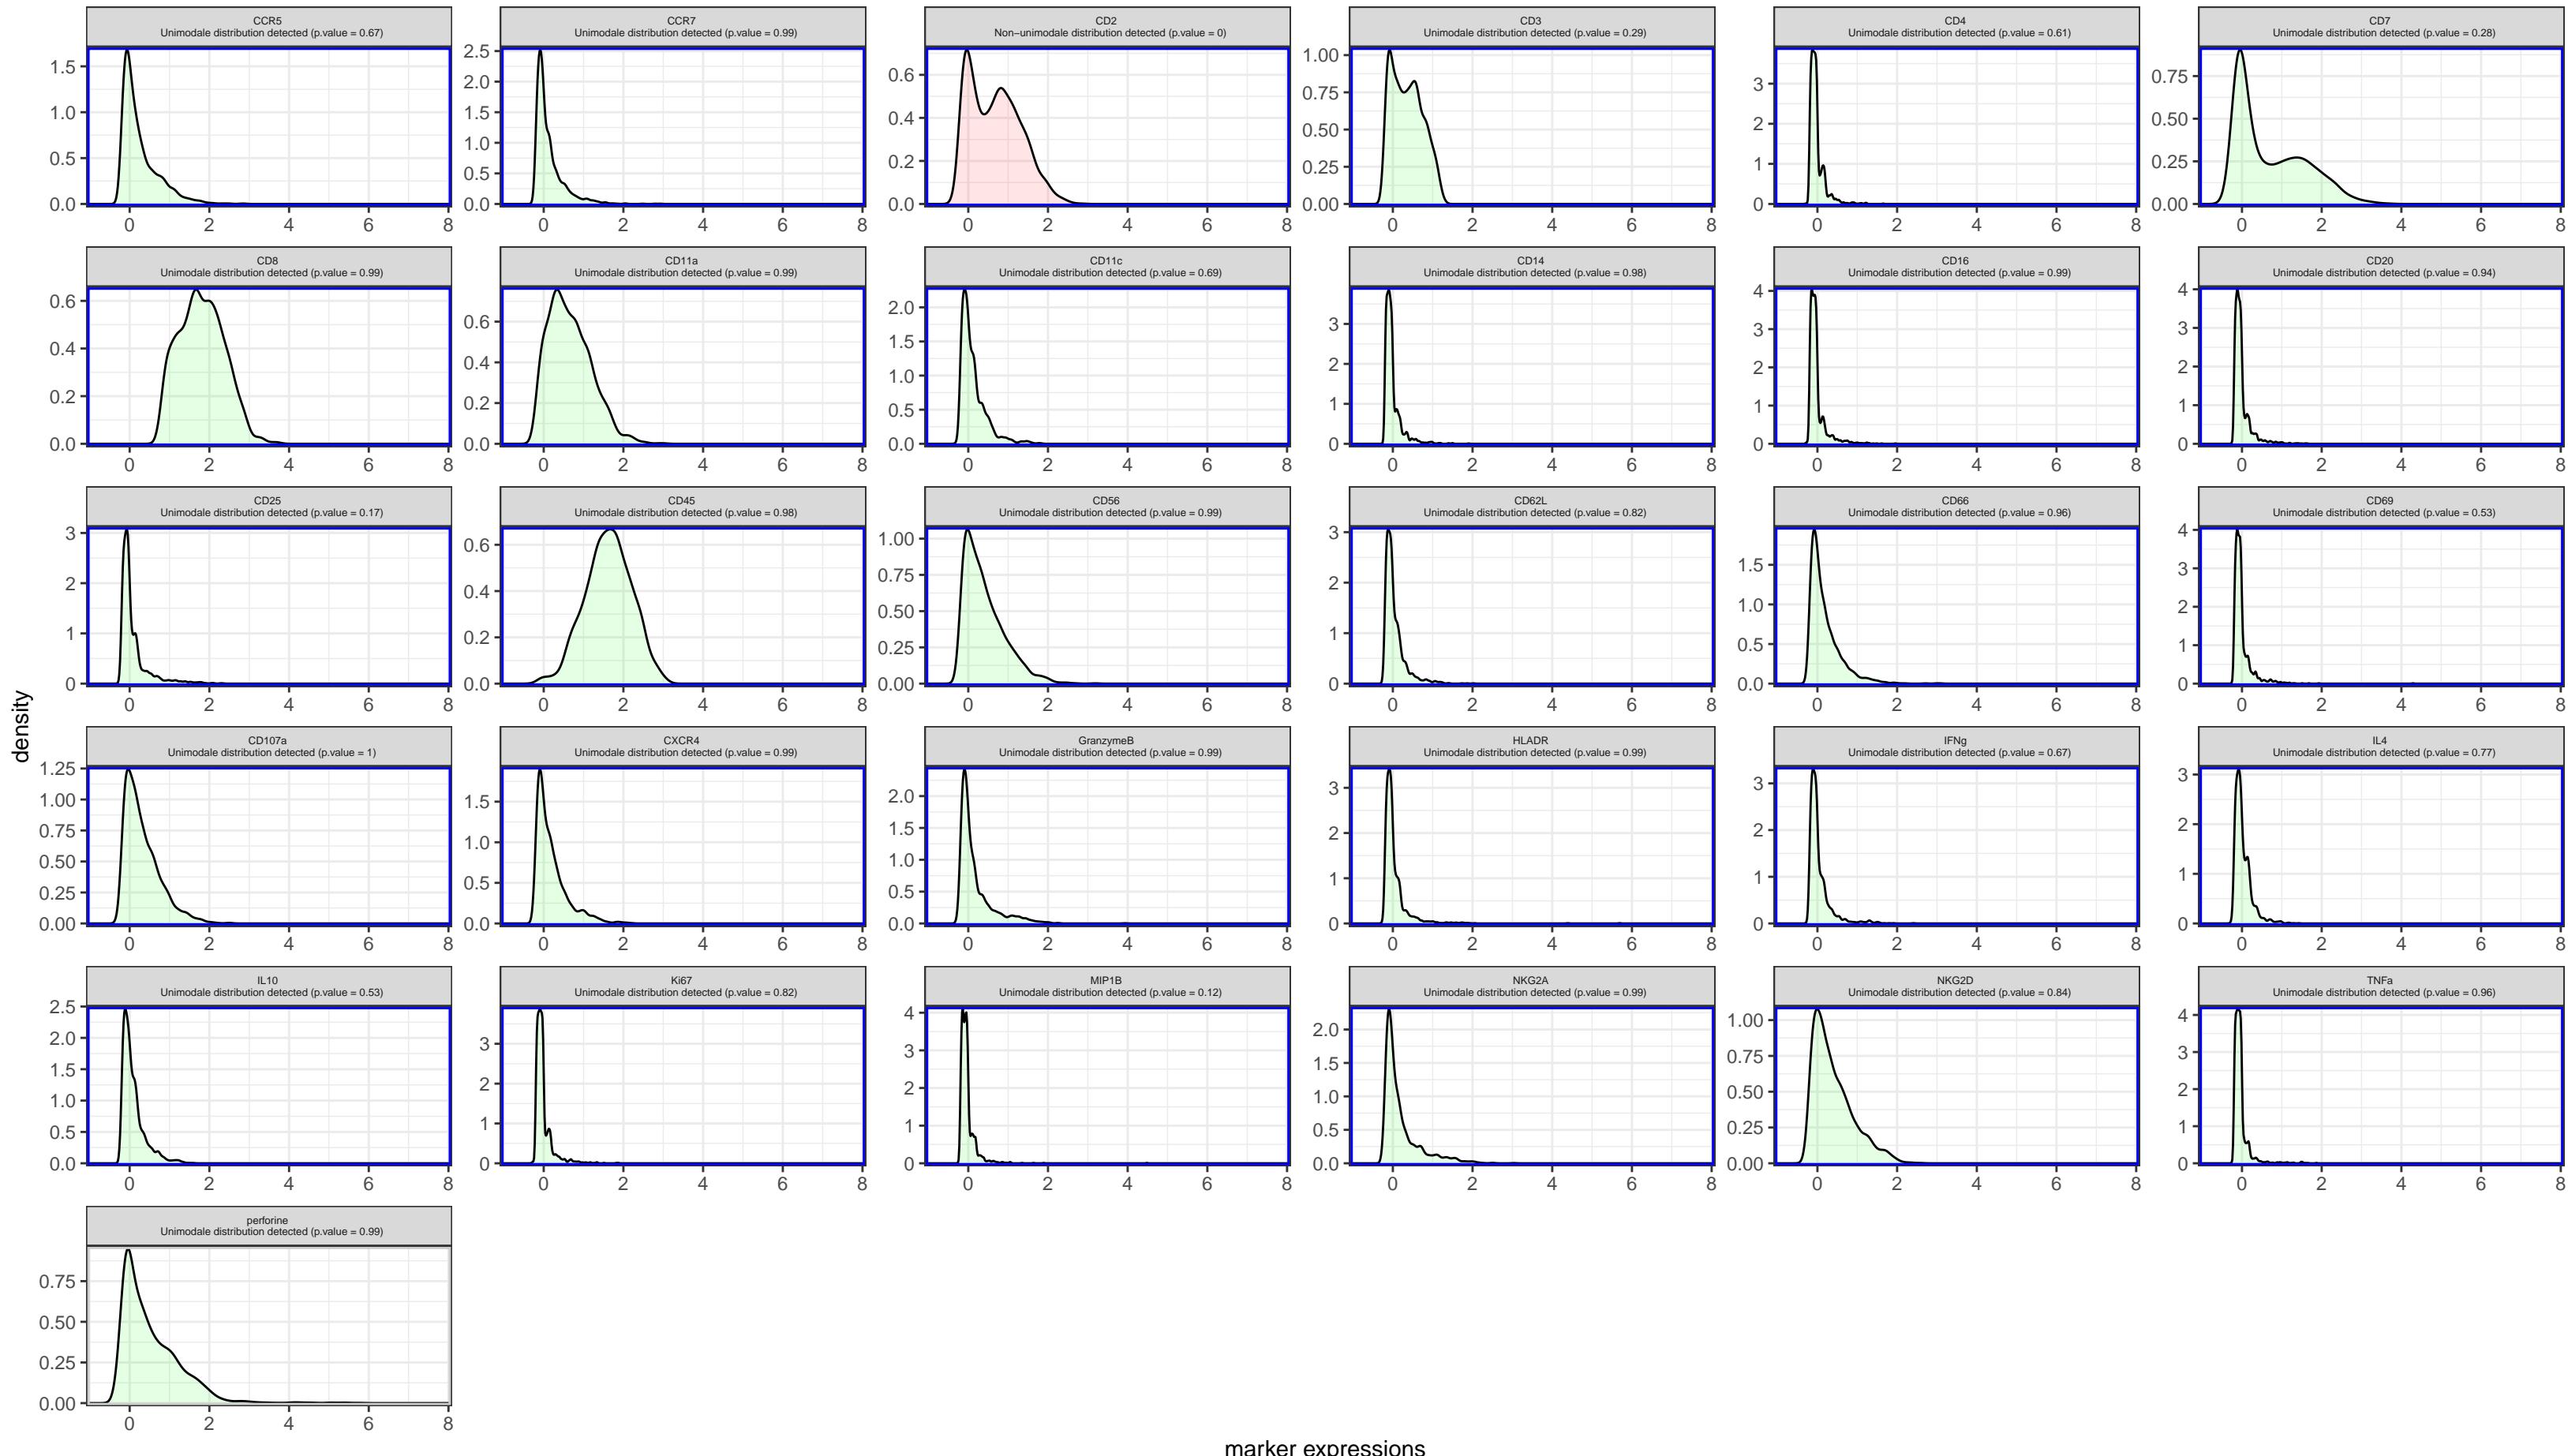

marker expressions

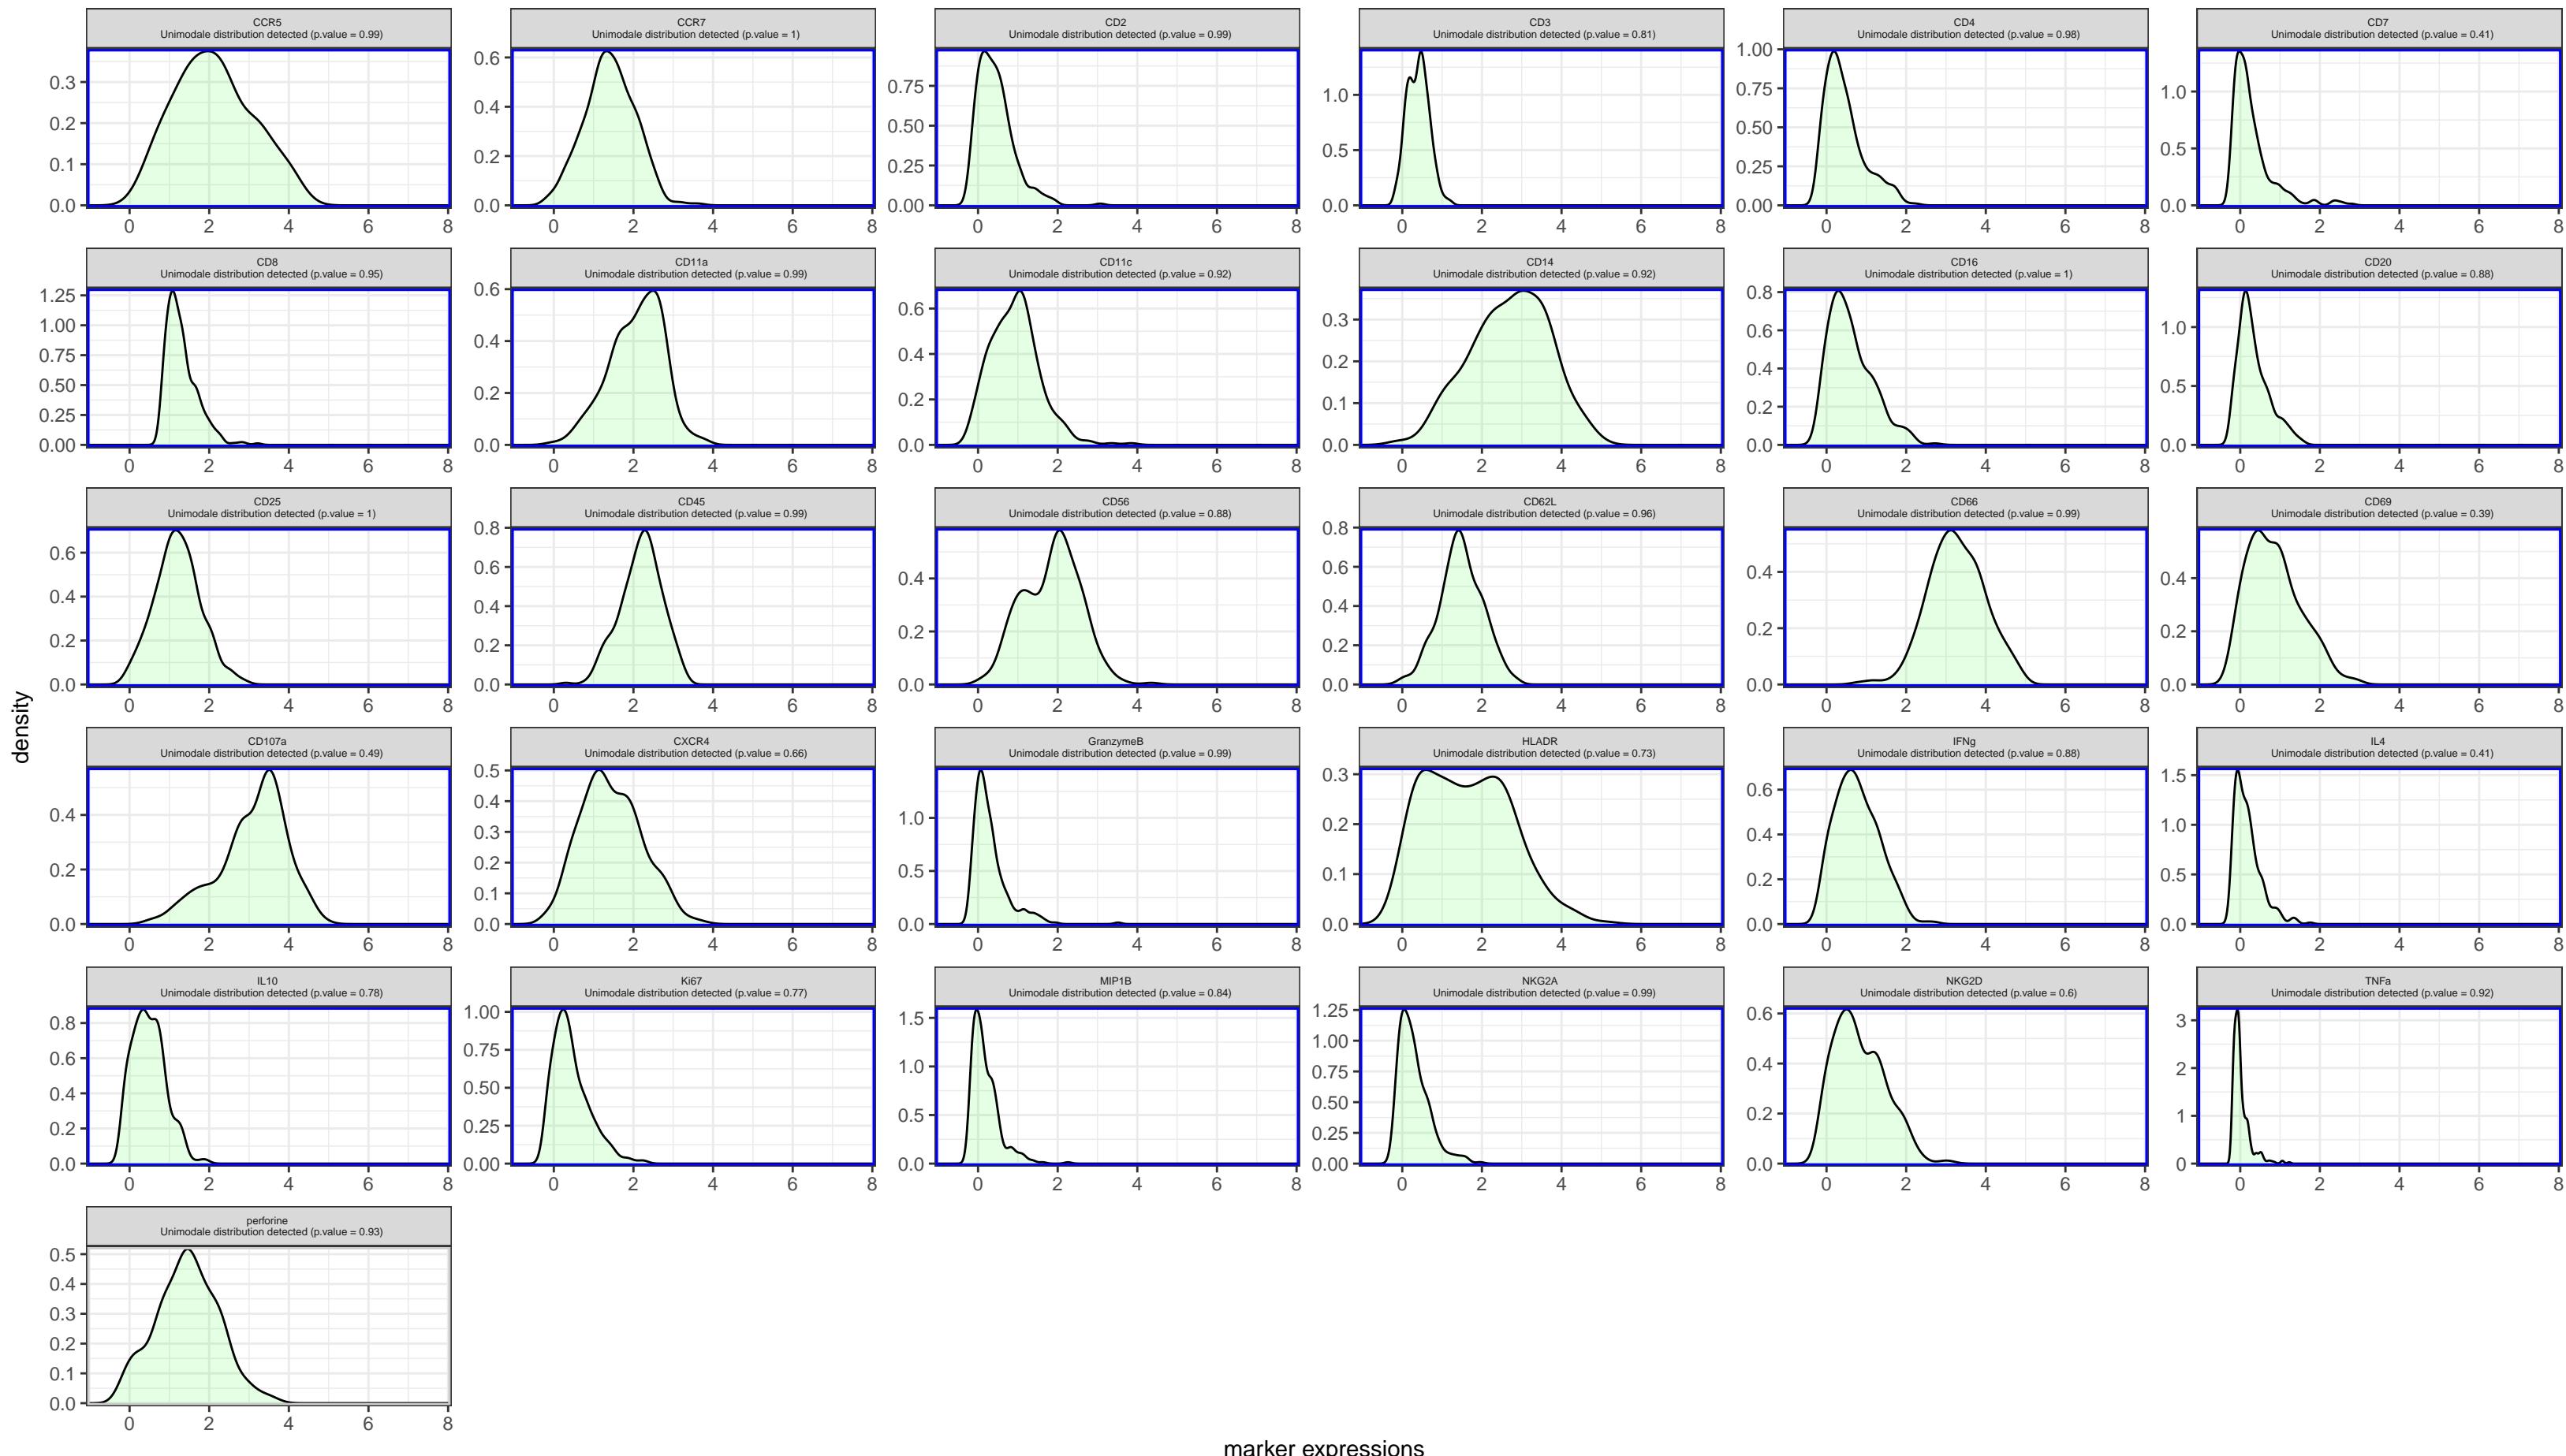

Densities of marker expressions for cluster : 95 (1 495 cells)

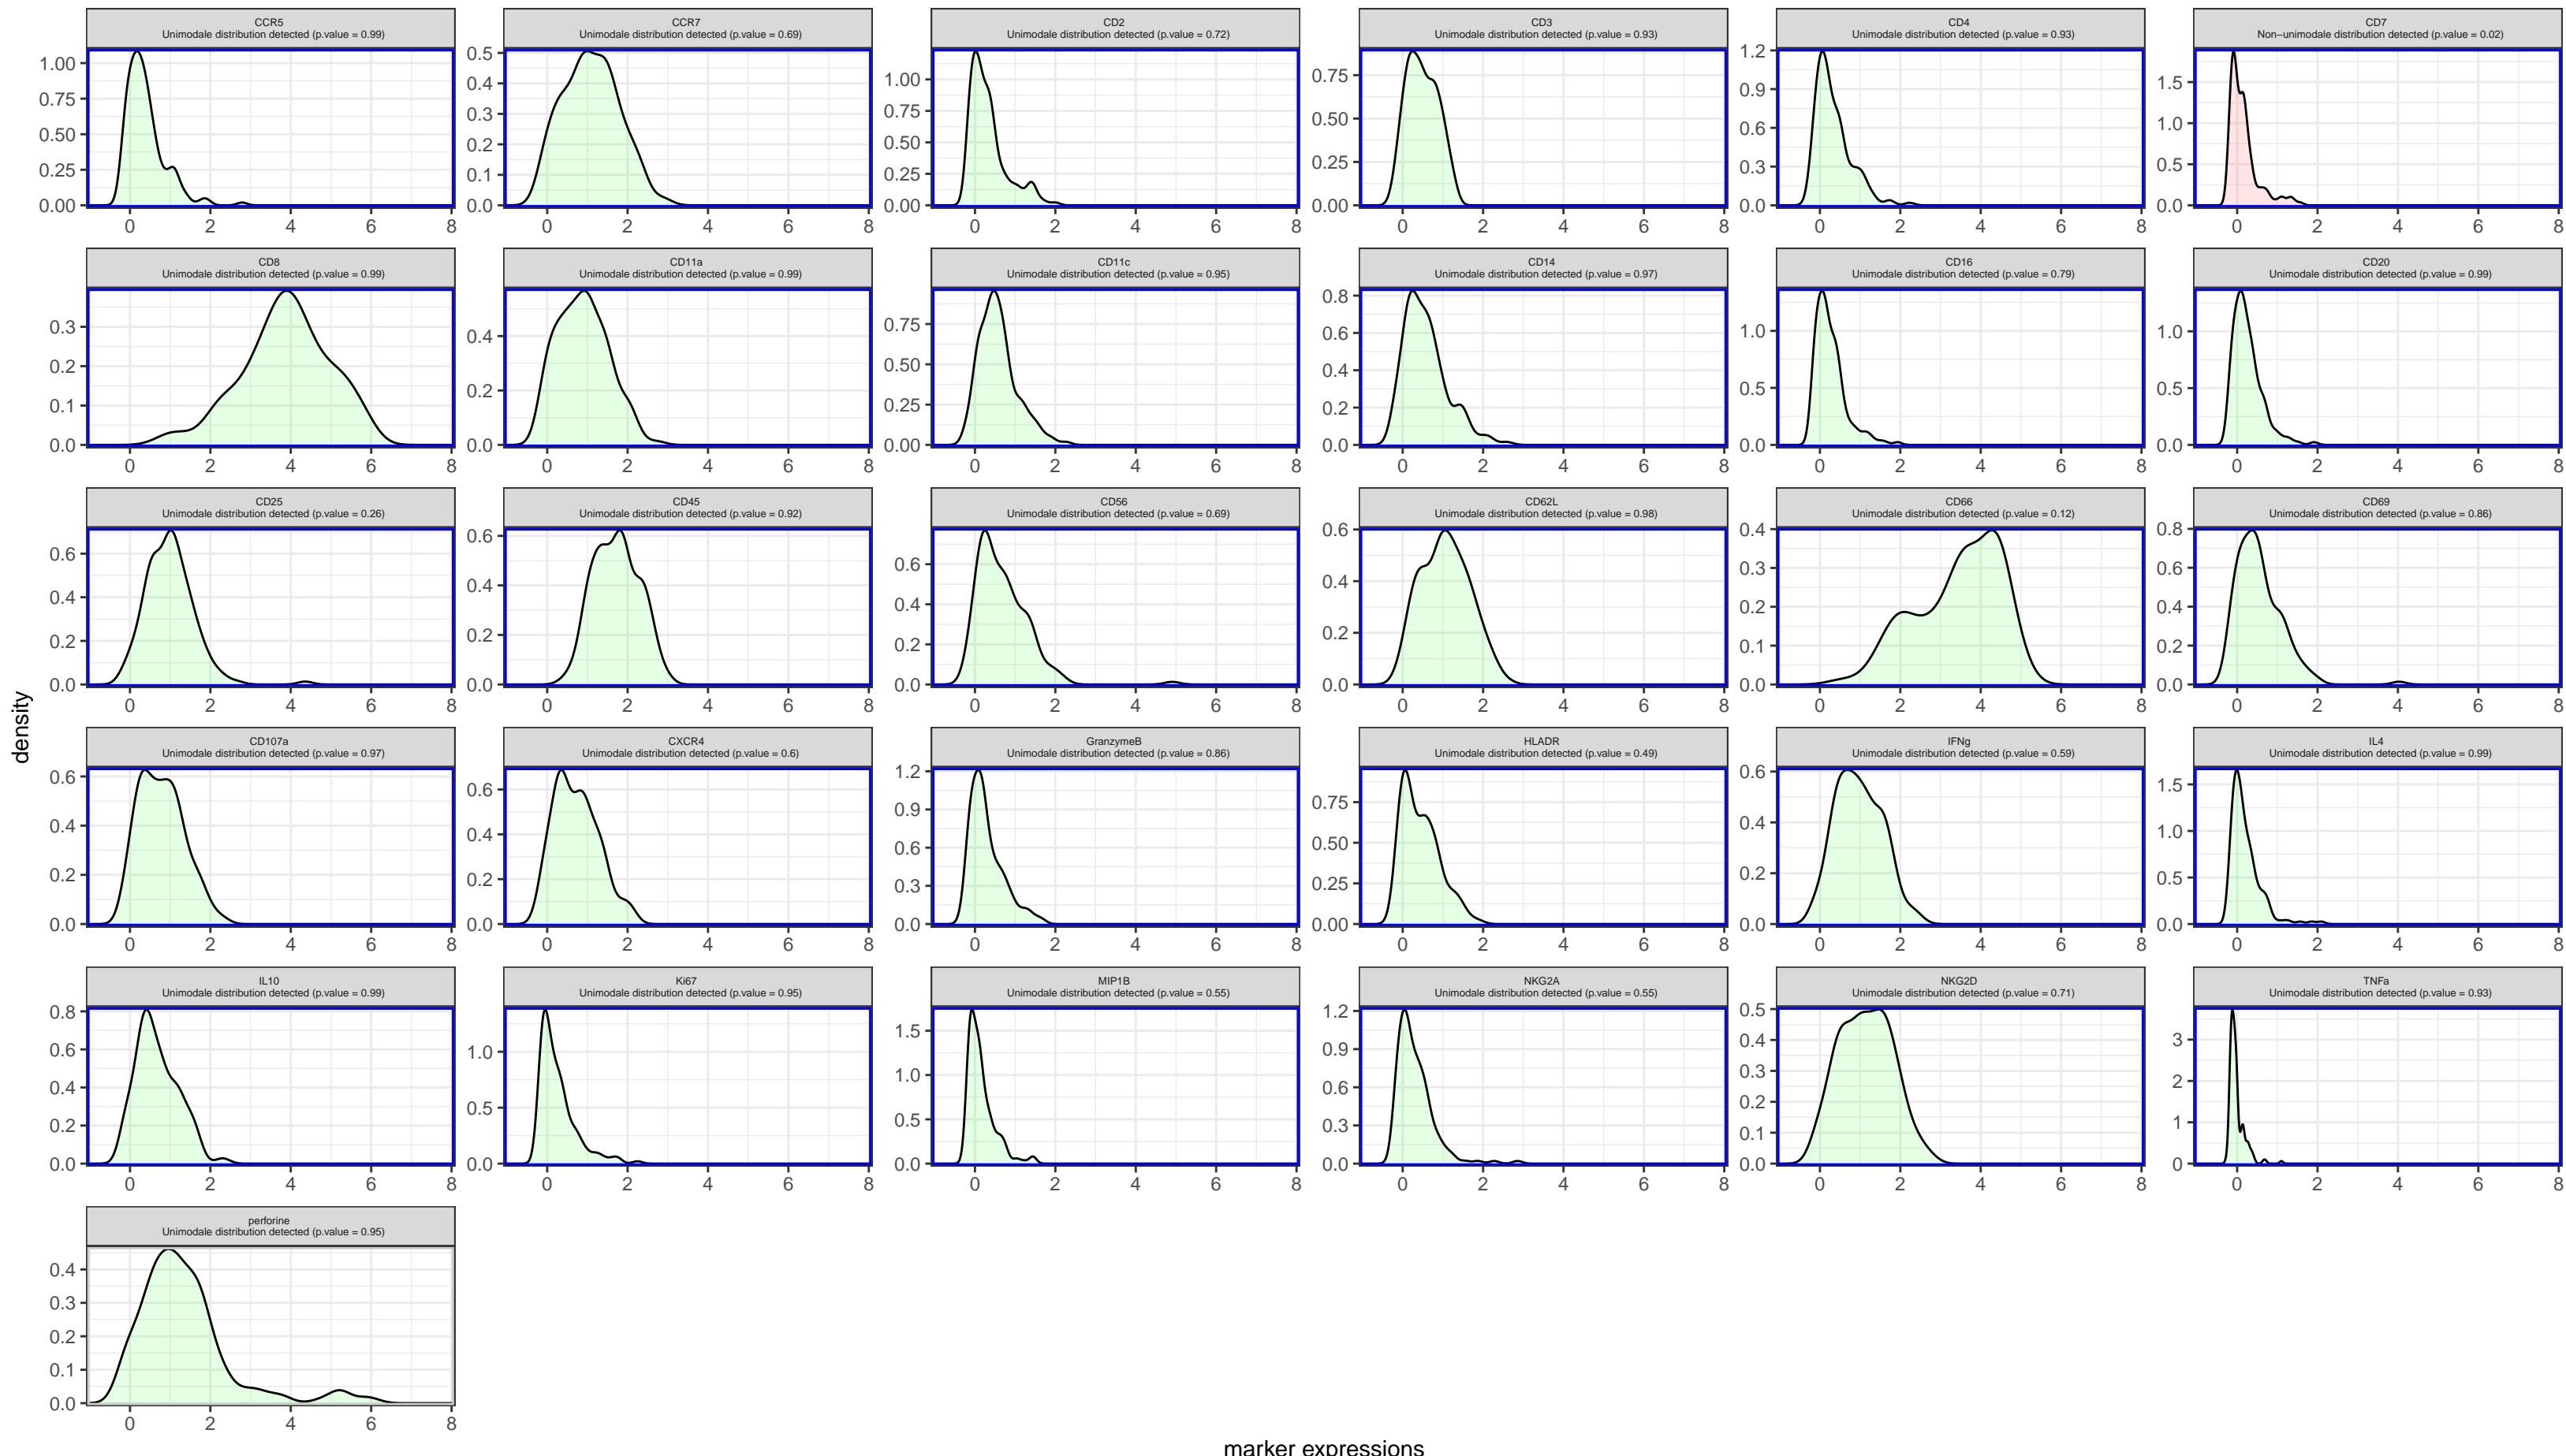

Densities of marker expressions for cluster : 96 (1 924 cells)

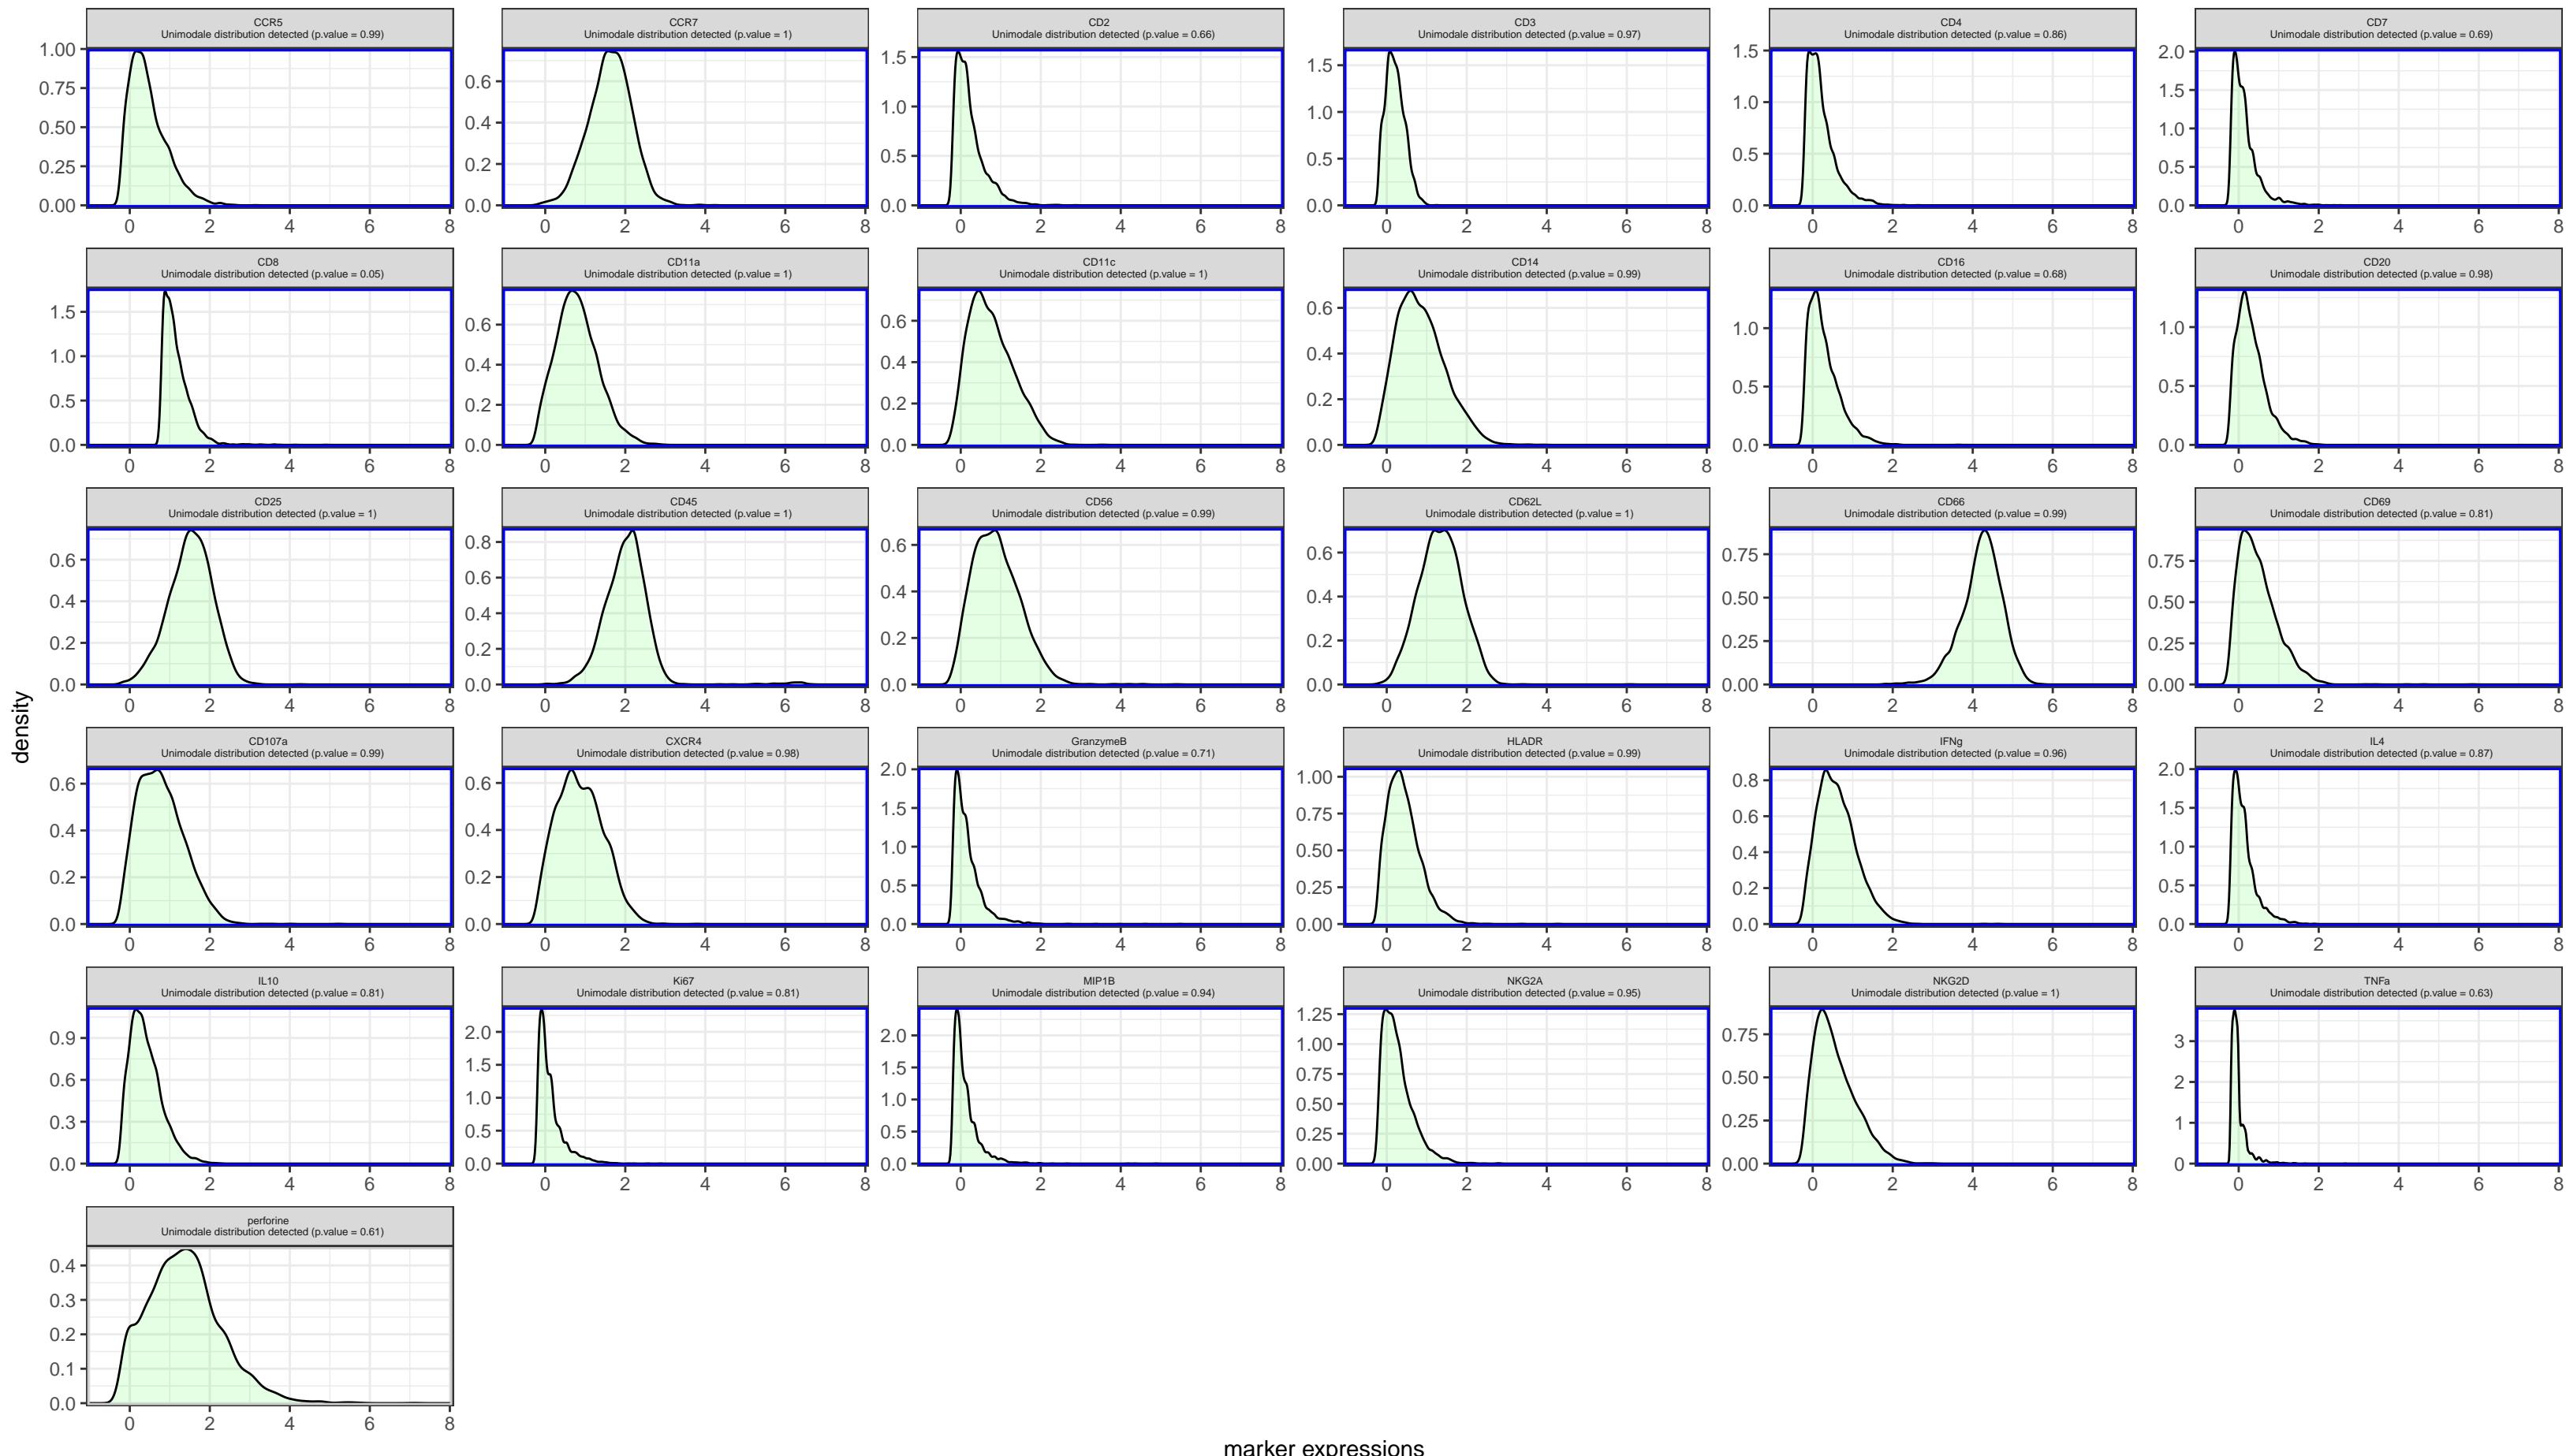

Densities of marker expressions for cluster : 97 (318 cells)

Densities of marker expressions for cluster : 98 (164 cells)

Densities of marker expressions for cluster : 99 (4 516 cells)

Densities of marker expressions for cluster : 100 (1 226 cells)
